NUMBER 2

WORLD'S GREATEST BOND SALE

COUNTY QUOTA \$597,300; CISCO QUOTA \$145,000; GOAL WILL NOT BE REACHED UNLESS ALL ASSIST

Eastland, Texas, September 9, 1943.

The Daily Press, Cisco, Texas.

Last night on a national hookup you heard the president of the United States open the drive for the fifteen billion dollar Third War Loan Drive—the biggest single undertaking of its kind in the history of the world.

While this undertaking is unprecedented in our national life, yet the funds requested and now immediately necessary are to be used to pay for much-needed war materials to be sent at once for use by our army of ten million or more, many of whom are fighting on a hundred far-flung fronts in the greatest war of all history and many of whom have already paid the first installment for our liberty and freedom and American way of life with their own precious lives.

So, while the task assigned us for September in a financial way is large, it is not to be compared with the sacrifices our sons have already made and will continue to make to preserve this nation.

Our boys on the fighting fronts are constantly in touch with what we are doing on the home front. If we want to make them feel that their sacrifices are really worth while and if we want to cheer them on to new victories, the best way to accomplish this is for Eastland county to subscribe her quota of \$597,300 at the earliest moment possible, bearing in mind that this quota MUST be subscribed during the remaining days of September.

While Eastland county is being held responsible for the entire quota, the executive committee of your Eastland county war finance committee thought it best to break the quota down and allot it in parts to the ten largest towns and communities in the county. After much deliberation and figuring, the following community quotas were arrived at:

Cisco	\$145,000	Carbon	6,500
Ranger	145,000	Olden	3,750
Eastland	145,000	Desdemona	3,250
Gorman	77,000	Pioneer	1,300
Rising Star	70,000	Scranton	500

Your executive committee was assured by committee men and representatives from these places that the allotted quotas could be reached and it is to be hoped that each community, lead by their local chairman and working committee, will move forward at once to secure these allotted quotas. The chairmen for these committees for these several towns are as follows:

Cisco, R. L. Ponsler; Eastland, V. T. Scaberry; Ranger, W. F. Creager; Rising Star, W. E. Tyler; Pioneer, Lawson Cash; Carbon, Dr. T. G. Jackson; Scranton, J. D. Pittman; Gorman, I. L. Underwood; Desdemona, C. S. Eldridge; Olden, Mrs. Stella Jarrett.

Each interested citizen should at once contact the chairman of your committee, as well as your banker and your postmaster, to discuss the seven different issues of bonds that are being offered so that each of you may select the security most suitable to your use.

The money you put into these bonds will go into supplies and materials at once to the fighting fronts; the bonds you secure will be much needed by you to finance your most urgent needs when the war is over and, by withdrawing from circulation the amount of money necessary to finance this fifteen billion dollar drive, you will not only prevent destructive inflation, but you will make it possible for us to purchase the necessities of life at fair and reasonable prices.

I am sure you will all be glad to know that the August quota of \$50,400 was oversubscribed by several thousand dollars. Total sales reported to date are \$55,853.60, as follows:

Ranger	\$16,033.75	Olden	421.50
Cisco	15,145.55	Nimrod	20.20
Eastland	11,500.00	Pioneer	15.10
Gorman	6,650.00	Desdemona	12.90
Rising Star	3,675.00	Olden	4.40
Carbon	2,392.50	Scranton	3.00

I take pleasure in announcing that Mrs. Paul M. Woods of Cisco has been selected by our state chairman, Hon. Nathan Adams, and your county executive committee, as chairman for the women of Eastland county in the War Finance Committees for the Third War Loan Drive and she will be visiting the several committees of the county and will work through them and urge the women of the county, as a whole, to co-operate, looking to a successful conclusion of the drive.

In this connection, let every community in the county realize that they have a free hand to handle their individual drives in the manner they think best suited to their people.

If there is any assistance that can be rendered any of you from the county chairman and Mrs. Woods, do not hesitate to command us. Mrs. Woods joins me in this communication to you.

Very kindly yours,
CYRUS B. FROST,

Eastland County Chairman War Finance Committee.

SEPTEMBER BOND SALES.

Through the courtesy of Alex Spears of the First National Bank and Luther H. McCrea, postmaster, the Daily Press will carry the daily bond sales of these two institutions during the September drive.

The figures given refer to the issue price—the price received by bank and postoffice at time of purchase—not maturity value.

Bank and postoffice sales at close of business September 8 were as follows:	
Bank	\$4,350.00
Postoffice	768.75
Total	\$5,118.75

HAYS TOLD ROTARY HOW TO BE SAFE

Following a very enjoyable meal Rotarians today plunged into the business session and then heard a program brought by J. E. Hays on safety in the home as well as at the office.

President Lonnie Shockley announced that last week was a 100 percent attendance meeting and urged that the five weeks of September be made as near perfect in attendance as possible. Before taking up his program, Rotarian Hays announced that the club would be divided and begin a perfect attendance drive.

Mr. Hays began his program by propounding a problem to Ernest Hittson, who holds the rancher classification. Since Mr. Hittson was unable to answer it, Rotarian Hays then asked that all pass to the dark room where a film on safety would be shown. The picture was very impressive, showing how many accidents, especially in the home, were the result of carelessness, which could have been avoided with a little care and planning.

An unusual feature of the meeting today was the fact that it was the first time in years that there was a complete absence of visitors, guests or anyone from any other club making up attendance.

The editor of the Ro-Ta-Tor, W. W. Fewell, was complimented for his article on "Watcha Doin' Bout It?"

Past President Ernest Hittson, club song leader, expressed the club's deep appreciation for the services of Miss Slicker, pianist during the past year.

SEPT. ASSISTANCE CHECKS BE \$4,110,646

AUSTIN, Sept. 9.—Old age assistance is being paid in September to 182,618 persons in Texas. This is a net reduction of 604 recipients from August rolls.

The \$3,757,877 being distributed averages \$20.58 per recipient. While 1,619 aged persons were added to the rolls during August, 961 were removed because of current ineligibility and 1,262 recipients died.

The blind rolls gained thirty-three recipients. A total of \$110,933 is being distributed to 4,543 blind persons in an average grant of \$24.43.

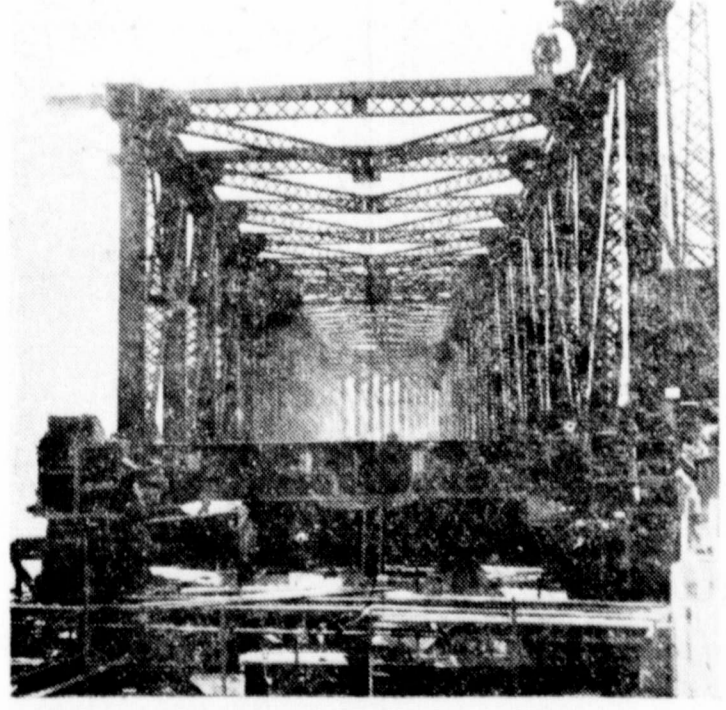

During August the aid to dependent children rolls sustained a net loss of 285 families, representing 702 children. A total of \$241,776 is being paid in September to 11,380 families representing 25,133 needy children. The grant averages \$21.25 per family.

WATCH OUT, JAPS—The game of soccer is rough enough, but when 50 bluejackets line up on each side—that's a riot! Here at the Great Lakes Naval Training Station these trainees find the game's a good way to train for Jap fighting.

PIN-UP BABES—Mr. Stork is busy these days at the Quantico, Va., Marine base, as shown by these squirming babies at the Family Hospital. The big bird delivers an average of 25 infants a month to fighters' wives living at the base.

FALLING DOWN—London Bridge is falling down at last—a part at least. Built 17 years ago, the main structure of the temporary Waterloo Bridge is being dismantled by 50 workmen. The old structure will yield more than 3,000 tons of steel to be turned into tanks and guns.

U. S. FIFTH ARMY IS NOW WAGING DECISIVE FIGHT FOR HISTORIC CITY OF NAPLES

NORTH AFRICA, Sept. 9.—American troops, leading in force on the European mainland for the first time since World War I swarmed ashore, with British units south of Naples early today, engaged German forces in a battle for Italy's biggest port and captured a number of prisoners.

Operations are "proceeding satisfactorily," Gen. Dwight D. Eisenhower, supreme Allied commander, announced.

A Swiss broadcast said the Allies have occupied two airbases in the Naples area. A Berlin dispatch in a Stockholm newspaper reported that an American invasion fleet of 200 ships disembarked troops at Naples while another invasion force sailed northward from North Africa.

Radio Berlin said German forces attacked the Allied invasion forces at several points in the Naples area and were inflicting heavy losses in a battle that still was progressing.

Covered by the big guns of the United States and British navies, the Allies pushed onto the beaches below Naples in assault boats, presumably hundreds strong, about 4 a. m. 19 p. m. Wednesday (CWT), a little more than nine hours after the Italian government under Marshal Pietro Badoglio surrendered unconditionally to the Allies.

"Our forces are in contact with German forces and prisoners have been taken," the commandant said. "The disembarkation at troops with their guns, vehicles, stores and equipment is proceeding according to plan."

The landing forces are under the command of Lieut. Gen. Mark Clark, recently commander of the U. S. Fifth Army, the commandant added, but it did not say whether the American troops engaged were the Fifth Army, Seventh Army or some new unit.

All ground forces in Italy, including both the new landing detachments and the British Eighth Army fighting its way up the toe of the Italian boot, were said to be under the command of Gen. Harold Alexander, chief of ground forces in the Mediterranean under the supreme command of Gen. Eisenhower.

The Eighth Army advanced its line another 25 miles up the Italian toe early yesterday with a landing in the enemy's rear at Vibo Valentia on the Gulf of Euboea, a second communique reported. Only light opposition, presumably from German rear guards, was encountered and prisoners were taken.

FT. WORTH, Sept. 9.—His honor, Mayor McCrary, would like to see the tin can tied to Dallas' tail. He wants to beat the neighbor city's record in tin can collection when garbage trucks roll through Fort Worth residential streets on Tin Can Day next Sunday.

Dallas collected 100 tons. "Let's make it 125 in Fort Worth," urged the mayor in his proclamation.

FEWER MEN NEEDED. AUGUSTA, Me., Sept. 9.—Maj. Lewis B. Hershey, selective service director, left today for Concord, N. H., on an inspection tour, after announcing that mobilization of the nation's manpower for the army would tend to decrease as result of Italy's surrender.

SWISS ARE TENSE. BERN, Sept. 9.—Diminutive Switzerland, in the heart of German-held Europe, rushed troop reinforcements to her frontiers today to await any eventuality as press reports here said tension between Germany and Italy was fast approaching a climax.

MOSCOW, Sept. 9.—Red Army forces which reconquered the Donets Basin, most important coal and industrial center of the Soviet Union, pursued German forces retreating from liberated Stalino today and 300 miles to the northwest were reported to have cut a vital rail line needed by Nazi forces defending Kiev, capital of the Ukraine.

A report elaborating Marshal Stalin's order of the day which yesterday announced the fall of Stalino and freeing of the Donets Basin from German occupation, said Russian troops seized large stores of booty in driving the Germans from the city.

Northwest of Stalino their advance had carried them to Grushino, 90 miles east of Dniepropetrovsk on the lower Dnieper river, and they had thrown the Germans from Krasnoarmeiskoe, 25 miles northwest of Stalino.

ADVOCATE — Admiral Thomas Leigh Gatch, USN, who has been named Judge Advocate General by Navy Secretary Knox, in Washington. Admiral Gatch has been commander of several task forces which struck the Japs heavy blows near the Solomon Islands.

NIPS OUT OF LUCK TRYING STOP ALLIES

SOUTHWEST PACIFIC, Sept. 9.—The Japanese were reported drawing all reinforcements from other theaters today in an attempt to stop the Allied advance toward the New Guinea coastal bases of Lae and Salamaua.

Although Gen. MacArthur's daily report said Allied troops moving on Lae from the east and west had met met strong enemy resistance, it described increased aerial activity which cost the Japanese nearly 25 planes.

In mounting other theaters of air forces, the enemy weakened its extended lines and laid open new sectors to Allied attack.

As ground forces tightened their grip on 20,000 enemy troops in the New Guinea sector, Liberators dropped 96 tons of bombs on Lae while Mitchens swept the Markham Valley to the west 17 times, searching out and destroying Japanese defense positions.

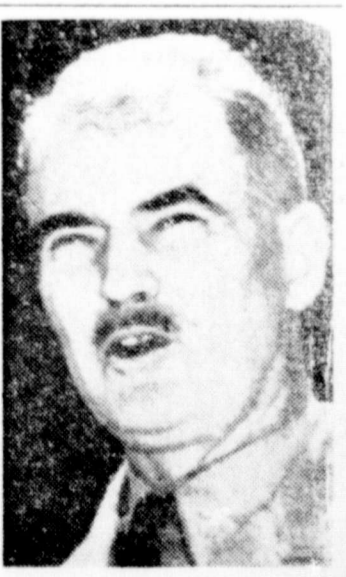

DAILY OUTPUT OF 2,266,176 BARRELS OIL

AUSTIN, Sept. 8.—Texas oil fields can produce another 322,000 barrels of oil daily above current allowed production with a total productive capacity for the state of 2,266,167 barrels daily.

This message was sent today to the office of economic stabilization by Railroad Commissioner Thompson in an appeal for an immediate oil price increase to stimulate new discoveries.

TEXAS COTTON. AUSTIN, Sept. 9.—Texas cotton prospects have been reduced 11.5 percent since Aug. 1, the U. S. department of agriculture reports. The indicated production this year is now 2,900,000 bales from an estimated 7,888,000 acres remaining for harvest. Ten-year average, 3,419,000 bales.

LIVESTOCK STEADY. FT. WORTH, Sept. 9.—Cattle and calves sold steady here today and top hogs brought \$14.60. Sheep prices were firm. Beef cows cashed mostly at \$8.50 to \$10.50, with a few topy grass cows bringing \$11 and above.

ADVOCATE — Admiral Thomas Leigh Gatch, USN, who has been named Judge Advocate General by Navy Secretary Knox, in Washington. Admiral Gatch has been commander of several task forces which struck the Japs heavy blows near the Solomon Islands.

U. T. HOUSE-MOTHER SINCE 1882 IS DEAD

AUSTIN, Sept. 9.—Death has come to Mrs. Alice Stovall, 85, who had been a university of Texas housemother since the first classes in 1882. She came to Austin sixty-five years ago, crossing the Colorado river by ferry. She is survived by a son.

Funeral services for Mrs. Stovall, who died Tuesday, were held here today.

Many students who became outstanding citizens of Texas lived at Mrs. Stovall's, affectionately known as George.

With 218 students enrolled in 1882, two were women and they found a mother's home at Mrs. Stovall's.

The late prominent campus figure, Dean T. U. Taylor, died at her home in early days. Arno Nowlins, new university dean of men, washed dishes for his board there. Mrs. Stovall was ever helpful to students working their way through school.

TIN CAN DRIVE SERIOUS TO TWIN CITIES

FT. WORTH, Sept. 9.—His honor, Mayor McCrary, would like to see the tin can tied to Dallas' tail. He wants to beat the neighbor city's record in tin can collection when garbage trucks roll through Fort Worth residential streets on Tin Can Day next Sunday.

Dallas collected 100 tons. "Let's make it 125 in Fort Worth," urged the mayor in his proclamation.

SWISS ARE TENSE. BERN, Sept. 9.—Diminutive Switzerland, in the heart of German-held Europe, rushed troop reinforcements to her frontiers today to await any eventuality as press reports here said tension between Germany and Italy was fast approaching a climax.

REDS SCORE AGAIN; CUT RAIL LINES

MOSCOW, Sept. 9.—Red Army forces which reconquered the Donets Basin, most important coal and industrial center of the Soviet Union, pursued German forces retreating from liberated Stalino today and 300 miles to the northwest were reported to have cut a vital rail line needed by Nazi forces defending Kiev, capital of the Ukraine.

A report elaborating Marshal Stalin's order of the day which yesterday announced the fall of Stalino and freeing of the Donets Basin from German occupation, said Russian troops seized large stores of booty in driving the Germans from the city.

ANNOUNCEMENT OF RECENT WEDDING.

Mrs. Lillie O. Smith of Cisco announces the marriage of her daughter, Miss Doris Mae Smith to Elton Steplian Exum of the navy and now in fleet service school at Norfolk, Va.

The wedding took place Saturday, September 4 at 3:30 p. m. at Norfolk, Va., in the home of Rev. Mr. Hardeastle, who performed the double ring ceremony.

The bride is a native Ciscoan and attended high school here through the 1942 term. The groom's parents reside in Dallas. He will complete his work at Norfolk November 4 and will be given a 15-day leave which they will spend with friends in Baltimore, Md.

ISENHOWER-SAUM RITES HELD TUESDAY NIGHT.

Mr. and Mrs. Wm. Isenhower announce the marriage of their daughter, Leola, to Master Sgt. Harold E. Saum of Camp Barkley, whose home is in Oberlin, Kansas.

The wedding was held in the home of the bride's parents, 1413 D avenue, at 8 o'clock Tuesday evening September 7, with Rev. Cooper Waters officiating in the presence of immediate relatives and a few close friends. The bride was attended by her sister, Miss Dorothy Neil Isenhower, and her brother Weldon Isenhower of Putnam, served as best man Mrs. O. O. Olson, Jr., furnished music for the occasion. She played "I Love You True" as Mary Jo Isenhower entered and lighted the candles, and changed to the strains of Lohengrin's bridal march as the party entered.

Immediately following the wedding a reception was held. Mrs. Weldon Isenhower of Putnam and Miss Reda Wray Clark served refreshments to the guests and Miss

Geneva Isenhower presided at the bride's guest book.

Mrs. Saum was reared in Cisco and graduated in 1936 from Cisco high school. She received her degree from Texas State College for women. She was junior field worker for the WPA at Cleburn, San Angelo and Eastland; she has recently been employed by the social security board.

Master Sgt. Saum received his degree from Kansas State College and was employed by the Standard Oil company at Lubbock when he entered the armed forces.

After a short wedding trip Mrs. Saum will return to Cisco and Sergeant Saum will return to his duties at Camp Barkley.

MRS. E. L. JACKSON CIRCLE HOSTESS.

Mrs. E. L. Jackson was hostess to circle three of First Baptist women's missionary union Tuesday afternoon in her home, 408 W. Nineteenth street. Mrs. A. B. Cooper opened the meeting with prayer by Mrs. C. A. Farquhar and minutes were read by Mrs. L.

B. Mayhew, secretary. Routine business was transacted after which the meeting was turned to the Bible lesson. The meeting was dissolved with prayer.

Refreshments were passed to Mrs. O. L. Mason, Mrs. C. A. Farquhar, Mrs. E. B. Mayhew, Mrs. Fred Grant, Mrs. A. B. Cooper, Mrs. Armstrong and the hostess, Mrs. Jackson.

HIGH SCHOOL GIRLS FINISH PROJECTS.

Twenty-seven high school girls under supervision of Mrs. O. O. Olson have completed projects on food production, conservation and preparation, sewing, remodeling of rooms, caring for sick and for small children. The girls worked in groups on layettes and surgical dressings for the Red Cross.

The following girls have completed 100 hours of work and will receive a half credit each: Betty Sue Armstrong, Bettie Flaherty, Mary Jean Flaherty, Bobbie Gambin, Martha Helen Brecheen, Geraldine Sheppard, Dorothy

Noon-Hour Jive Gives War Workers a Lift

Twelve-piece plant orchestra at The Baldwin Locomotive Works, Philadelphia, provides a half-hour of music daily during the lunch period, and many employes take advantage of the opportunity to indulge their rhythmic inclinations. Girl shop clerks and men from the Army tank assembly line are shown doing a jitterbug dance outside one of the plants. Musicians are all professionals now engaged in war work in Baltimore shops. Company officials say this "refresher" period sends workers back to their jobs with renewed enthusiasm, and thus benefits production.

ESTIMATED INCOME DECLARATION DATA

are obliged to file are single persons subject to withholding who earn over \$2,700; married people subject to withholding who earn over \$3,500; people with estimated income sufficient to require the filing of an income tax return including over \$100 from sources other than wages or salary subject to withholding; and people who were required to file an income tax return for 1941 and whose wages subject to withholding for 1941 are expected to be less than such wages for 1942.

People who are required to make a declaration but fail to do so will find 15 percent added to their tax. All persons should study the forms to determine whether or not they are liable for filing declarations. One-half of the estimated tax should be paid on September 15 and the remaining one-half on December 15, except in the case of farmers who must pay their entire tax on December 15 at the time they file their declarations. The penalty

3rd WAR LOAN DRIVE - FOR INVASION

Put a circle around the date—Thursday, September 9th. For that's the day the 3rd War Loan Drive starts. On that day, you will be asked to go the limit to back our valiant fighting men. You will be asked to do your share in the greatest invasion the world has ever seen. Answer your country's roll call! Your part is to back this invasion by investing in at least one EXTRA \$100 War Bond in September. That's in addition to your regular War Bond purchases. Invest more than \$100—a lot more—if you possibly can. The job is big. Everyone must do his full share if we are to put this drive over the top. War Bonds are the safest investment in the world. For your own sake, for your country's sake, put every spare dime and dollar in War Bonds during the 3rd War Loan Drive.
