NUMBER 5

NAZIS SAY 10,000 YANKS KILLED AT EBOLI

DICK BOLINGER WILL RETURN HERE LATER

Mr. and Mrs. Richard Bolinger of Waco, who have been visiting friends and transacting business in Cisco, departed for home today after subscribing to the Daily Press for a year—"that we may know what is going on in the old home town."

The Bolingers moved to Waco in 1930 and Mr. Bolinger, who is a son of the late Mr. and Mrs. Henry C. Bolinger, operates a cafe there. He was born at Valley Mills in 1881, but lived in Cisco since infancy until his removal to Waco. He conducted a bakery here and was also an employee of the Katy railroad for a number of years.

The visitors, both of whom are in good health, have not been weaned from their love for Cisco and stated they expected to return here within the next few weeks to again make this their home.

HUMBLE PIPE LINE EMPLOYEES

The Humble Oil & Refining company and the Humble Pipe Line company of Houston have worked out a plan whereby all of their employees, if they desire, may buy an extra \$100 bond during the national drive for additional funds to prosecute the war to a successful conclusion.

The Humble buys the bonds and the employee has three months in which to pay for them. Or, of course, he can pay cash for his bond.

Through this plan the Humble Pipe Line company of Cisco has purchased \$10,475 in Third War Loan bonds for its Eastland county employees, which will be credited to Cisco's quota of \$145,000. It should be said here that local pipe line employees have also bought, through local agencies, other bonds for the third drive.

The West Central Texas division of the pipe line company has 210 employees and to date they have bought third war loan bonds approximating \$30,000. This may be indicative of what may be expected of employees of other business concerns in this area.

As an evidence of the business-like methods of the Humble Pipe Line company and its local employees, attention is called to the fact that the local organization had completed purchase of the \$10,475 in bonds by 9:30 o'clock the morning the drive started—September 9.

WELFARE OFFICERS REELECTED

Cisco Public Welfare association met in regular monthly session this morning for the transaction of business and the election of new officers.

Rev. Leslie Seymour presided and 18 members were present, as follows: Edward Lee, Mrs. H. N. Lyle, Mrs. B. S. Huey, Rev. Cooper Waters, R. L. Ponsler, Rev. Leslie Seymour, Austin Flint, E. T. Personett, Sim Ledford, R. W. McCauley, P. R. Warwick, Mrs. Paul Poe, Mrs. R. W. Merket, Mrs. S. L. Cook, Mrs. Homer Slicker, Mrs. W. W. Fewell, Mrs. G. B. Langston and Mrs. S. H. Nance.

Treasurer's report showed a balance of \$26.11, with the budget allowance from Community Chest available when needed.

The executive-chairman, Mrs. B. S. Huey, reported the need of shoes (all sizes) for children and pants for boys from six years up. Mention was made that the USO drive, which comes up next month, will be separate and distinct from the Community Chest drive which comes along later. Eastland county's USO quota is about \$13,000, with \$2,500 tentatively assigned to Cisco.

The nominating committee—Mrs. W. W. Fewell, Mrs. W. W. Wallace and E. T. Personett—placed the following names before the body, all of whom were re-elected by unanimous vote: President, Leslie W. Seymour; vice president, R. L. Ponsler; treasurer, Austin Flint; recording secretary, Mrs. H. N. Lyle; executive secretary, Mrs. B. S. Huey.

O'DANIEL ON RADIO THURSDAY MORNING

R. H. Boon informs the Daily Press that Senator W. Lee O'Daniel will speak to America at 10:45 to 11 a. m., Thursday, over the Blue network and also over the Prairie Farmer station from 10:45 to 11:15 a. m. The full thirty-minute speech will be carried by the Prairie Farmer station from Chicago.

His information came from the Common Citizens' Radio Committee, Dallas, and was signed by Garfield Crawford, treasurer.

2 TRUCKLOADS TIN CANS SECURED MONDAY

This week is President's Week for Lions International, when members will honor their presidents by a perfect attendance at the weekly luncheon. Melvin Jones, founder of the organization and now holding the office of secretary-general, urges that all clubs observe the annual date on which this gesture is made.

Accordingly, all members of the Cisco club will endeavor to be present tomorrow and give the same honor to their president that is being accorded by other clubs to their leaders.

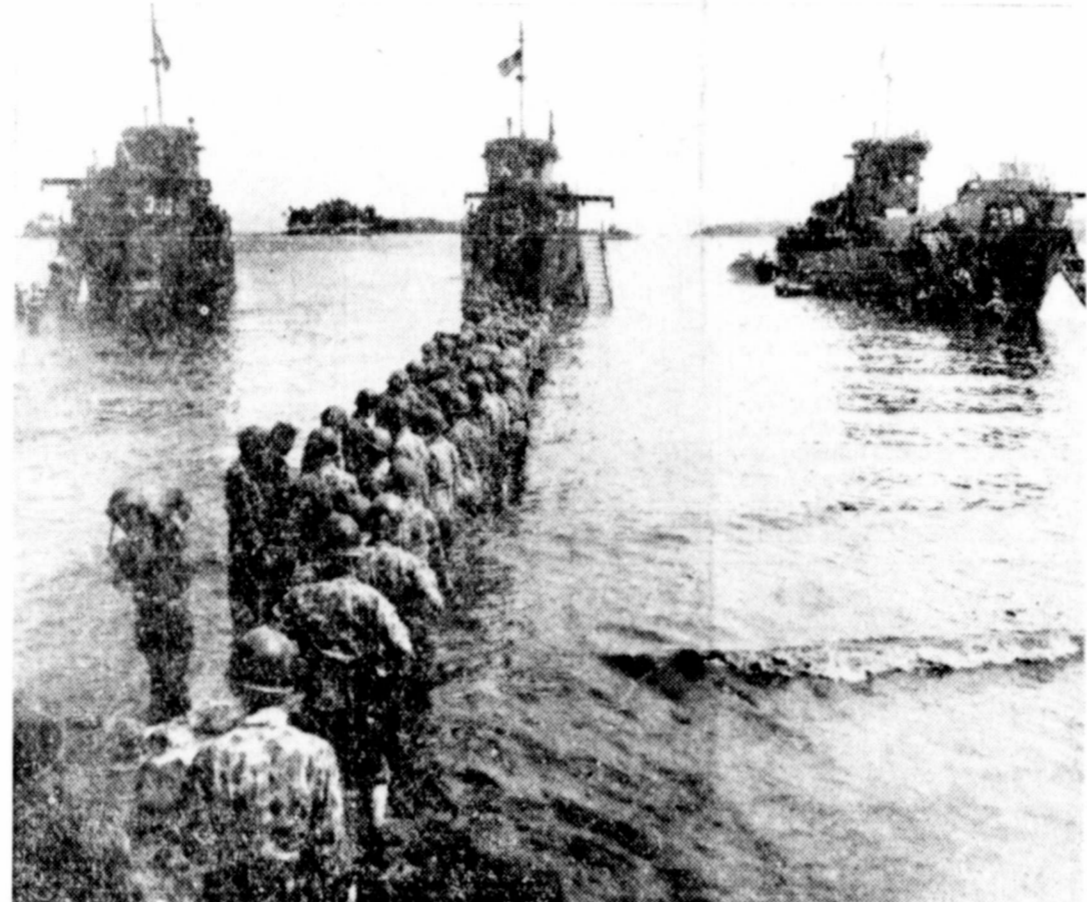

President R. W. McCauley of the local club calls attention to the work of a large group of Lions who met Monday afternoon and made a drive for tin cans that netted two big truck loads of the metal so badly needed by the government.

The drive will continue for the duration, President McCauley announces, and all citizens are urged to take their cans to the dump at the corner of D avenue and Tenth street.

Statistics show that about one pound of tin per person per month is the average over the nation, so Ciscoans are urged to see that the local drive does not fall below this average during any one month.

HOGS ADVANCE

FT. WORTH, Sept. 14.—Cattle and calves sold generally steady on the Fort Worth stock yards today. Butcher hogs were mostly 10c to 25c above Monday's average with the top of \$14.75 paid by all interests. Sows and pigs were unchanged. Slaughter ewes were fully steady but other classes of sheep and lambs were poorly tested.

AMMUNITION ASHORE—Probably one of most ancient forms of hurrying articles along is employed by U. S. Marines on Rendova Island, Solomons. Here they form a bucket brigade to pass ammunition from LCI boat to shore, after seizure of island. U. S. Navy Photo

THE PASS—One of main routes from Italy to Germany, through which fleeing Germans may go when Allies make it hot for them, is Brenner Pass. It is near Bolzano on northern border of Italy. Recently Allied bombers have made heavy attacks on the Pass, seeking to destroy main railway supply tracks between Germany and Italy.

POOL CONTINUES OPEN TWO DAYS A WEEK

The swimming pool at Lake Cisco has been closed for the summer, says Monroe Sweeney, manager, except Saturday afternoons and Sundays.

While the swimming season has closed entirely in many parts of the country, here in the Cisco Country end-of-the-week swimming will be prolonged for some time, owing to climatic advantages, an abundant supply of pure lake water and the unusually attractive pool.

TEXANS TALK OUT

WASHINGTON, Sept. 14.—Two Texas congressmen expressed themselves as follows today: Congressman Kleberg said he was sure his people would like to see a re-dedication on the part of responsible government heads to the maintenance of our form of government. Representative Kilday asserted that although Texans "feel the actual conduct of the war is excellent," they believe "the home front is badly bungled by bureaucrats primarily interested in remaking America."

MAJOR TRIUMPH

SOUTHWEST PACIFIC, Sept. 14.—Allied troops chased a disorganized Japanese force up the New Guinea coast today toward a death trap at Lae after capturing Salamaua in one of the major triumphs of Gen. MacArthur's Southwest Pacific offensive.

MORE PADRES—"Rob your parishes if you must, but send your clergy to the Army," pleads Brig. General William R. Arnold, chief of chaplains of U. S. Army. He asserts that men in danger are turning more than ever to thoughts of religion.

STREET FIGHTING REPORTED ITALY CAPITAL

LONDON, Sept. 14.—Bitter street fighting in Rome was reported by the Algiers radio today even as German propagandists were proclaiming the rebirth of Fascism under Benito Mussolini's personal command with a prediction that he would cancel Italy's capitulation, reorganize the Italian army and pronounce the end of the rule of the House of Savoy.

"Bitter opposition to the presence of the German forces in Italy is spreading all over the country," radio Algiers reported, in a broadcast recorded by the Associated Press. "In the Balkans, too, German troops have been challenged everywhere by Italian soldiers."

"Fierce fighting has occurred in Belgrade. Two thousand Italian soldiers are in the mountains of Montenegro, where they are fighting against the Germans. The Balkans are seething with unrest and fighting."

Soul mates are people who can feel at ease together and enjoy one another without saying anything for 10 minutes.

VANCE GIVES UP HOPE FOR J. E. LINAM

Late information received by Mr. and Mrs. Albert Linam from Col. Earl T. Vance of the Alexandria, La., army air base, ends hope of the parents that their son, Staff Sgt. J. E. Linam, might have escaped death when his plane collided with another army air plane over the Gulf of Mexico in the afternoon of September 10.

The last message from Colonel Vance, received Sunday, read as follows:

"With deepest regret I must now inform you that concentrated intensive search efforts by air corps and navy at the spot where airplanes were seen to crash into the Gulf had not found any bodies. No hope remains for recovering any. Your son, Staff Sgt. J. E. Linam is believed to have lost his life in the wartime service of his country. My heartfelt sympathy is extended to you in your great loss."

Staff Sgt. Linam was 23 years of age and was employed on the Eastland-Stephens county ranch of Charles J. Kleiner of Cisco before he entered the service. The father is foreman of the Kleiner ranch and other relatives include the mother and two daughters, Misses Louella and Flora May Linam.

SEPTEMBER BOND SALES

Third War Loan Bond sales in Cisco at the close of business Monday were as follows:

First National Bank	\$ 9,075.00
Cisco postoffice	393.75
Previous sales	\$ 9,468.75
	12,068.75
Total	\$21,537.50
GOAL:	\$145,000.

BRAMA ROPING CONTEST WAS LIVELY

With the 16 Brahma calves back in the fold after their break for liberty the previous Sunday, the roping contest sponsored by Jim Sauls was a perfect success Sunday afternoon and was enjoyed by a good crowd.

The first event was won by Leo Huff, who roped and tied his animal in 16 and 2-10th seconds; David Whitten, 17; C. T. Hill, 21. Other contestants, Buri Hittson, Dick Louis and J. C. Carr.

No. 2—Leo Huff, 13 seconds; Oran Warren, 15.4; C. T. Hill, 22; David Whitten, 26. Other contestants, R. L. Bland and J. C. Carr.

No. 3—Leo Huff, 13.4; C. T. Hill, 15.1; R. L. Bland, 16.1; Buri Hittson, 19.2; David Whitten, 30. Other entrants, Howard McGraw, Jack Strickland and Oran Warren.

No. 4—Leo Huff, 21; Buri Hittson, 21.4; David Whitten, 24. Other contestants, Jack Strickland, Howard McGraw, R. L. Bland and C. T. Hill.

No. 5—Jack Strickland, 11.4; C. T. Hill, 12; Leo Huff, 12.3; Buri Hittson, 14.1; Clay McGraw, 17.2; R. L. Bland, 19. Others, Howard McGraw and David Whitten.

No. 6—C. T. Hill, 13.4; Leo Huff, 16.4; Buri Hittson, 18.4.

EISENHOWER REPORT ADMITS ALLIES ARE HAVING TOUGH GOING; HAVE GIVEN GROUND

The first Allied setback in the Mediterranean campaign since Kasserine Pass in Tunisia became apparent today from official reports of the loss of part of the Italian beachhead below Naples in a wild, bloody battle against elements of three German divisions.

Berlin claimed, without any immediate substantiating evidence from dependable sources, that Allied ships had begun evacuating Lieut. Gen. Mark Clark's "beaten" Fifth Army from the Salerno Bay battleground south of Naples.

Gen. Dwight D. Eisenhower's headquarters and front dispatches confirmed that the American and British troops were having tough going and had been forced to yield some ground to savage counter-attacks by units of a German infantry and two armored divisions.

Nazi propagandists made extravagant claims of a decisive "victory" against the Fifth Army, which a Berlin spokesman said was in a "hopeless" position. Other broadcasts telling of a purported evacuation move said upward of 10,000 Americans were killed around Eboli, 18 miles southeast of Salerno.

The Allied communique conceded the weight of the German counter-blows in the first full dress engagement of the Allied invasion of the Continent.

The Nazi panzers with the support of artillery barrages and dive bombers wrested some territory from the Fifth Army, headquarters reported, adding that the Germans paid dearly for it.

A front report from United Press Correspondent Reynolds Packard said the Germans apparently had concentrated their heaviest blows on the middle of the 24-mile beachhead in an apparent effort to split it.

The Americans had anticipated the enemy thrust and parried its full force with a quick side-stepping movement, pumping rifle fire and artillery shells into the Germans as they drew back. American warships aided the ground troops by lobbing shells from Salerno Gulf into the enemy forces.

The Northwest African Air Forces had one of their biggest days since the landings last Thursday. The tactical and strategic forces, including wings based both in Sicily and North Africa, broke up attempt after attempt by enemy aircraft to break through and attack ground forces.

Bombers and fighters of the NWAFF also bombed and strafed the enemy's rear lines and communications.

The Berlin Radio, quoting an official DNB News Agency dispatch, said that the Allied evacuation began north of Cape Licosa, which lies at the southern end of the Salerno Gulf, 31 miles south of Salerno itself.

Troops reached the ships in disorderly retreat, the dispatch said. Shortly afterward, the Swiss Radio quoted Berlin sources as saying that a number of Allied transports carrying troops evacuated from Salerno Bay had "arrived" at Policastro, 35 miles southeast of Cape Licosa, but did not say whether a landing was attempted at Policastro.

German planes were credited in the communique with setting fire to a cruiser and scoring bomb hits on three medium transports.

Military observers in London, while declining comment on the German claim that the Allies had begun evacuating their Salerno Gulf bridgehead, said that the most delicate and critical stage of the invasion had been reached.

These sources said that it was obvious that the Allied bridgehead had not been sufficiently extended to bring the beaches out of range of German artillery, nor had the Allies had time to establish themselves in any great strength or to begin fighter operations on any considerable scale from captured airdromes.

CONGRESS IS OIL DEMANDS FACED WITH OF TEXAS ARE SUBSIDY EVIL A BIT HIGH

WASHINGTON, Sept. 14.—Congress returned to the capitol today and found on the doorstep the problem child—food subsidies—it had abandoned in July to go on vacation.

Chester Bowles, who came in as general manager of OPA while congress was away, had the baby dressed differently but he sang the lullaby congress heard before:

If food prices are to be controlled — and reduced to or near the levels of last Sept. 15, which congress wanted — some of the job must be done by subsidies or bonuses.

AUSTIN, Sept. 14.—Gathering for Wednesday's statewide hearing, oil men had but one question: Can Texas "sweet crude" fields produce another 30,000 to 65,000 barrels of oil daily, or are they already overtaxed?

The petroleum Administrator for War certified that to keep war machines going, Texas must turn out just a thousand barrels less than 2,000,000 barrels a day—an astounding amount when the fact is considered that a relatively few months ago the state was allowed less than 1,000,000 barrels a day.

THE CISCO DAILY PRESS

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.)

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside Cisco) in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas; outside the above-mentioned counties \$3.50; \$4.75 in U. S. outside of Texas.

Per year, in advance (Cisco) \$5.00 Per week, by carrier boy 12c

FOOD.

The American food supply as well as the war news, suggests victory. The Food Administration finds it necessary to set aside only 2 per cent instead of 30 per cent of butter production for military and lend-lease purposes. Next month it is estimated the whole butter supply will be available for civilians. There will be an adequate store by that time.

As for meat, a recent check-up showed 128,000,000 pounds of beef on hand, which is about normal and 57,000,000 more head of cattle sheep and lambs dressed in August than in July with fewer hogs slaughtered than usual, but a vast reserve ready for the sacrifice.

How many Americans really appreciate the richness and luxury of this country, in comparison with any other nation at war?

PRESIDENTS.

Gov. Bricker of Ohio, one of the most active presidential candidates, favors a constitutional amendment limiting the president to one six-year term, and a plank in the 1944 Republican platform pledging the nominee, if elected, to serve only four years.

The single six-year term has been discussed for many years. In 1912 the Democratic platform contained a plank identical with what Gov. Bricker wants. Nothing ever came of it, and the amendment did not stand in the way of President Wilson's re-election in 1916.

The voluntary limitation of a president to one term puts a good deal of a strain on human nature. Most presidents want popular approval, and seek re-election to get it. All our presidents, only Polk, Buchanan and Hayes failed to try for a second term.

Chronically enough, all our outstanding presidents have served more than four years. Those who were limited to one term by their own choice of the people's have not as a rule been the executives that the country remembers.

Four years is a short period for a president to accomplish much. Would six without strain of re-election be better? Would the plan work?

SLAVERY.

The fact of Hitler, Himmler and Company seems to be doing well as a business enterprise. Raymond Daniel, a New York Times correspondent, after careful inquiry reckons the foreign men and women forcibly included in the German war machine at 12,000,000. That is 24 times as many foreign workers as there were in Germany before the new regime.

All of these, added to the native industrial population, make a working force of 40,000,000. Add these to the German army, of whom they are virtually a part, and it is easy to see how Hitler and his ilk have figured on mastering the world. It would be done by a huge combination of domestic militarized labor with the potential workers in conquered lands as the "master race" took them over one after another. Even the heathen Assyrians and Babylonians never imagined a racket like this.

DANES.

It might be said truly that the high mark in national behavior so far in this war has been set by the stout little nation of Norsemen

whom a correspondent calls "tough, rebellious Danes." This is not said in derogation of the British, who have surely earned their right to love and flourish for at least another century or two. But the Danes, completely energized and apparently over-mastered beyond help and hope, have nevertheless stood firm at great cost in assertion of their rights, and even when forced to yield outwardly, have never for a moment yielded in their hearts and their dignity. Morally they have stood superior to their would-be conquerors. They walk erect and show the world their contempt for their enemies.

They, along with the other free-souled men of Europe and the wider world, will benefit from their heroism as long as free men walk the earth. In the famous words of the Roman poet Virgil, in great tribulation, "even these things will be pleasant to remember." For the present, their conduct when physically helpless has stiffened the whole Allied war.

TEN POINTS.

You cannot bring about prosperity by discouraging thrift.

You cannot strengthen the weak by weakening the strong.

You cannot help small men by tearing down big men.

You cannot help the poor by restricting the rich.

You cannot lift the wage-earner by pulling down the wage-payer.

You cannot keep out of trouble by spending more than your income.

You cannot further the brotherhood of man by inciting class hatred.

You cannot establish sound security on borrowed money.

You cannot build character and courage by taking away man's initiative and independence.

You cannot help men permanently by doing for them what they could and should do for themselves.

GILL TO BE SPEAKER AT OIL MEETING

FORT WORTH, Sept. 16.—John D. Gill, chairman of the committee on cost and price adjustment to the petroleum industry, war council, will be one of the principal speakers on the Twenty-fourth annual convention program of the Texas Mid-Continent Oil and Gas association which opens here on October 13, says George Sawtelle

CONNIE DAVIS Real Estate Rentals & Insurance AUTO INSURANCE A SPECIALTY A few choice homes left for sale. Phone 198

of Houston who is president of the association. Gill is a director of the Atlantic Refining company, Philadelphia, and is widely known as one of the oil industry's leading economists.

"We are fortunate in securing Mr. Gill's acceptance to appear on

JOHN D. GILL.

our Fort Worth convention program," said Sawtelle, "since his activities in connection with the oil industry's supply and price studies make him one of the industry's best informed men on that subject."

Sawtelle stated that the convention program is rapidly being completed and will include the most impressive array of nationally prominent speakers ever to appear on the Texas association pro-

gram. He added that Fort Worth hotel reservations indicate an unusually large attendance this year and urged Texas oil men to make their train and hotel reservations well in advance of the meeting dates, which are Wednesday and Thursday, October 13 and 14.

The Texas Mid-Continent association program committee has been advised that Eric Johnston, president of the U. S. chamber of commerce and scheduled to speak to oilmen at the luncheon meeting on October 13, is now in London and will return to the United States shortly. This will be Johnston's first appearance in Texas.

MERGER BUSY-BODIES GET A SET-BACK

NEW YORK, Sept. 14.—Bishop William T. Manning of the New York Episcopal diocese urges abandonment, at least for the present, of plans to merge members of the Protestant Episcopal church and members of the Northern Presbyterian church into a single church organization.

In a sermon, prepared for delivery in the Cathedral of St. John the Divine, Bishop Manning predicted Protestant Episcopalians would reject the set of basic prin-

ciples recently drawn by representatives of both religious groups as a possible plan of merger.

"If these basic principles were accepted," said the bishop, "the Episcopal church would no longer be the same church it has always been. They are not really a proposal for union between the Episcopal and Presbyterian churches. They are a proposal for the Episcopal church to accept essentially the Presbyterian form of the min-

istry, and so become a Presbyterian church."

He added: "Our true course, as a church, at this time, is to work side by side with the Presbyterian church, and with all other churches, and not to attempt to take measures for organic union for which none of the churches, and which none of the churches, are spiritually ready, and which if promulgated will produce not unity but disunity and disruption."

Bishop Manning said the basic

principles were written in language that would mean one thing to Episcopalians and a different thing to Presbyterians, and that the words bishop and priest are used in a careful study of the word "episcopacy" (bishops, presbyters) as in fact abandoned and obsolete.

He said the Episcopal Prayer-book contained three fourths of all the changes in the world at this time believed that the Three-

fold Order of Bishops and Deacons was changed and had continued to be on the proposed basic principles. "I have said this," he said, "because I believe that the Three-

When he returns to his town, everything except his old prayer-book has doubtless

EAST CISCO W. M. S. HAD R. S. PROGRAM.

The women's missionary society of East Cisco Baptist church met Monday afternoon in the church for a royal service program on "Witnessing." Mrs. Russell Dennis presided and opened the meeting with group singing, followed by prayer.

Mrs. Carlton Holder was leader of the program on "Christian Witnessing." Those taking parts were Mrs. V. H. Bosworth, who brought the devotional; Mrs. Johnnie Thetford, Mrs. E. E. Green, Mrs. Russell Dennis, Mrs. J. D. Hall and Mrs. Don Rupe. The meeting closed with prayer by Mrs. R. E. McCord.

Those present were Mrs. Sho-

bal Houston, Mrs. R. E. McCord, Mrs. Don Rupe, Mrs. Herman Barron, Mrs. Johnnie Thetford, Mrs. Carlton Holder, Mrs. E. E. Green, Mrs. J. D. Hall, Mrs. John Elmore and Mrs. Russell Dennis.

"ALL THE FAMILY" PICNIC FRIDAY.

An "all the family" picnic was held at Lake Cisco Friday evening by the First Christian church for members of the Sunday school, of which Miss Marie Winston is the beloved superintendent.

Those who wished to indulge in swimming and other sports afforded there went to the lake at 5:30. The picnic lunch was spread at 7:30 on the park tables.

Mr. and Mrs. F. T. Reames were hosts with a steak dinner in their home Thursday evening honoring

Prescription Filled Over 15 Million Times

Recommended to do just two things: relieve constipation and gas on the stomach. This successful prescription is now put up under the name of ADLERIKA. Get a bottle of Adlerika next time you stop at your druggist's and see for yourself how quickly gas is relieved and gentle but thorough bowel action follows. Good for old and young. Get Adlerika from your druggist today.

Carroll and Wayne Barnhill and J. Nelson Williams, who are spending their furloughs with their parents and friends in Cisco. Following the meal, pictures of the group were made and conversation entertained them until a late hour.

The guest list included Carroll and Wayne Barnhill, J. Nelson Williams, Misses Bada Wray Clark, Marie Holeman, Miss Eda-

Reames and the hosts, Mr. and Mrs. F. T. Reames.

Hitler is getting desperate. He is using the highest places to seduce who can be trusted to kill Germans as they butchered other civilians.

Always treat people right. It may serve some selfish purpose of yours later on.

One granny tale is right. Records show that the proportion of boy babies increases 15 per cent during war — though nobody knows why.

It is well to enjoy life before you have everything arranged just as you want it. You really never get everything arranged that way.

Back the attack... BUY WAR BONDS!

INVASION! . . . This is it! . . . Mighty America is poised! . . . Will you be able to say: "I personally put my full strength into the knock-out blow?"

THE Third War Loan is on. To carry the war home to our enemies, with killing tury, calls for an added 15 billion dollars, quickly.

Your government merely asks you to lend your money. With every dollar of wealth in this richest of all nations as security!

Mother, Father—you can't lose! But your boy—or your neighbor's boy—can! Your country, can! Unless you put every ounce of your inspired strength into this final punch!

Your boy, or your neighbor's boy, knows what the fruits of this devastating Allied invasion will be—the months, the dollars, the American lives it will save. And, across the miles, he is pleading—buy more and still more War Bonds—today!

BRING YOUR TIN CANS

TIN IS AN ESSENTIAL AGENT IN THE PROCESSING OF COPPER.

1,000 POUNDS OF SHREDDED TIN WILL RECOVER 1,500 POUNDS OF COPPER IN THE PROCESS.

Copper Is One of the Most Essential Metals in Our War Program.

SO, The Cisco Lions club, cooperating with a national salvage program, is sponsoring the collection of all tin cans in and around Cisco.

WHEN? The campaign opens today and continues for the duration of the war. Begin now to save your cans.

WHAT? All tin cans up to five quart size. Those larger than that cannot be used in the shredding machines. Rusty cans are out. Few or many, bring what cans you have as fast as they accumulate.

HOW? Mash together the open end, or better still mash the whole can flat.

WHERE? Bring the cans and dump them on the pile at the corner of D avenue and Tenth street. The Lions club has secured from the Cisco Lumber company space for the pile.

Keep Bringing Your Tin Cans.

This Space Paid For By

ROCKWELL BROS & CO.

"THANK GOODNESS! Here's one thing that hasn't changed!"

Reddy: You're exactly right, Lady! Every other citizen has been affected because of the war, but not electricity. It's on hand every moment to make life easier and more pleasant for you.

Lady: Did you say, "easier"?

Reddy: Yes, that's what I said. You see, Lady, we realize the importance and patriotic person you are, with your Red Cross Motor Corps, besides that very vital job out in the nation.

Lady: But it's the least I can do for the war effort.

Reddy: Of course, it is, and your electric company is now pledged itself to go right on serving you. Electric refrigerators, the food for your family safe and healthful; electric cooking, vacuum and other valuable food elements essential to good nutrition. Then there is your sweeper, iron, washer, and many other appliances, all at your finger tips to save your time and labor.

Lady: Well, that's a big job!

Reddy: You bet it is, but it's our contribution to the war effort. All it adds up to is friendly, dependable service at the West Texas Utilities Company.

Lady: And that sounds mighty good to me and my husband. It's more than you can say about most items, since the war.
