

Let's remember Pershing's warning --- that we'd have to do it again if we didn't finish it that time.

THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool.

CISCO—1,614 ft. above sea; Lake Cisco—three miles long, 87 ft. deep at Williamson barrow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas, electric and ice plants; War Industries Training School for Women.

VOLUME XXIV.

CISCO, TEXAS, FRIDAY, SEPTEMBER 17, 1943

NUMBER 8.

NAZIS BACKSTEP; ALLIED DRIVE PROCEEDS

MRS. JOHNSON DIED AT HOME HERE TODAY

Mrs. May Johnson, a resident of Cisco for many years, died at 10 o'clock this morning at her home, 1902 D avenue. She had been ill for sometime and death was not unexpected.

The funeral will be held at the Green funeral home at 10 o'clock Saturday morning, with burial in Oakwood cemetery. Rev. Leslie Seymour of the First Methodist church, of which she was a member, will officiate.

Mrs. Johnson was born in Pennsylvania, June 16, 1883, and survived by two sons and a granddaughter. The sons are W. Johnson, employe of the Hummer company, and Arthur Johnson, who is engaged in defense work in California. The latter departed for California two days ago after spending some time at the bedside of his mother. She was an active member of the Eastern Star as well as of her church and death is regretted by a large circle of friends.

Burial services will be J. R. Deen, A. A. Epper, J. W. Cousins, Roy Pittard, K. H. Pittard and W. Feasel.

LOBOES WILL PLAY ABILENE SATURDAY EVE

Cisco's Fighting Lobos will go to Abilene Saturday for a practice football game with the Abilene Eagles at 8 o'clock that night, says Coach Sweeney, coach.

It is Mr. Sweeney's hope that all the fans who can will make the trip, thus encouraging the boys to put up their best effort against the older, much more rugged. Once upon a time the suggestion would not have been necessary — the road to Abilene would have been crowded with well-stuffed cars of Lobo rooters — but war, rubber and gas have made a difficult problem for the players of football.

New uniforms have been issued to the Lobos and they are a fine looking bunch, though light and, in most cases, playing in fast company for the first time.

DR. CRAWFORD OF ARLINGTON VISITOR HERE

Dr. B. W. Crawford of Arlington is a guest in the home of his wife, E. P. Crawford, and will probably remain here for several weeks, hunting and fishing and enjoying family ties. A squirrel-hunting trek yesterday to the Leon river area south of Cisco proved zero, but the affable visitor expects to try again before he leaves for home. A fishing trip to Lake Cisco has been planned for tomorrow — if it doesn't rain.

Dr. Crawford, who came to Texas from Mississippi 51 years ago, was retired from the practice of medicine after active service of about 45 years. He is apparently in excellent health, though nearing his 77th birthday. He likes the climate of the Cisco Country and has a wide acquaintance in the Rising Star sector, where he practiced his profession for some 25 years before locating in Dallas county.

PILCHER BE HONORED.

Tech. Sgt. J. V. Pilcher of Cisco, training for aerial gunner at the army air field at Harlingen, Tex., will receive his wings this month, says a communication from that camp. A late picture of the Cisco young man accompanied the announcement and has been added to the Daily Press picture gallery.

N. AFRICA WAR ZONE HIGHLIGHTS

Excerpts from letters written by Victor Lawson to his parents, Mr. and Mrs. O. G. Lawson, are very interesting. The young man, an airplane mechanic and posted somewhere in the North African war zone, wrote as follows:

It has been quite a while since I have written, but there is always so much work to do and time goes by so fast I hardly realize it. I did take an afternoon off a few days ago for a ride to the beach. One of the fellows has a German Opel automobile. It is the Chevrolet that was made in Germany before the war. It had gray leather upholstery and the top let down. It was a real treat to go spinning along in the open air. We had it up since to 118 kilometers, which was about 73 miles an hour. It had a sweet running motor.

After going to the beach we drove back into the hills and found a clean little resort town. It had cool spring water and was it good after drinking this chlorinated stuff we have been getting. We got some very good food at a little hotel and we really did enjoy it. It was served at a table and not mixed up in a mess kit and we did not have to clean up after we finished. It was a real treat.

We do have it fairly nice here, with just a few inconveniences like me taking a bath the other day in a water trough. It was one of the best baths I ever had, too. Cool water right out of a well. We have had ice cream twice lately and are getting two or three times a week now.

About the worst thing we have here is grasshoppers. They are about the most persistent cursed thing you ever saw. You cannot scare one of them at all. They crawl all over you, your bunk, tent and everything else. Sticking jelly or anything sweet on your clothes is just like that much acid. They will eat a hole in the cloth the size of the spot. The other day I must have sat down in some jelly, as the next morning the whole seat of my overalls was eaten out.

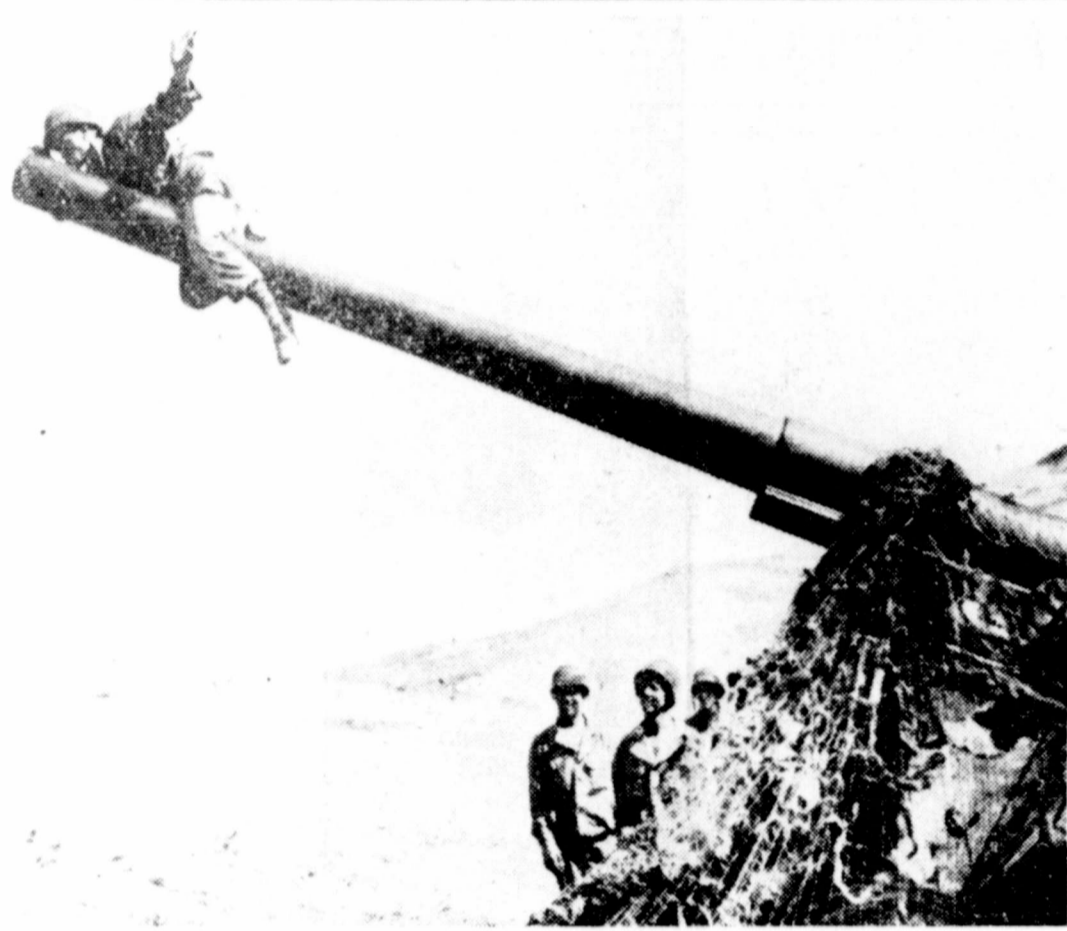

Where we are now we have all the grapes we can eat and they are cheap. Every once in a while we send a jeep out after a load.

We had a Bob Hope show stop here a few days ago. It was a full hour show and was very funny. Tell sister I will write her some of his stories. He had Frances Langford with him and she sang three numbers, one was "Night and Day." I am writing Melvin (his brother) in New Guinea about it. She was his favorite singing star and "Night and Day" was the song he would rather hear her sing.

I had a letter some time back from Dolly, Melvin's friend in Australia. She said their winter was starting in and it was getting "jolly" cold. You know they are on the other side of the equator and their seasons are the reverse of those in the states and over here. I wrote her that it was darned "jolly" hot over here.

I framed the picture of sister and her baby and for the glass I used a piece of plexiglass out of a Messerschmidt 109. I hope she does not feel insulted. I sent Franklyn Leach a ring I made out of a piece of tubing from a Junkers 88.

I had a letter from Eddie Dole, a while back. He said he gener a while back. He said he had left Guadalcanal but could not tell where he was. He said he was getting along very well. Love to all. VICTOR LAWSON.

BE GOOD, BABE!—Soldiers long away from friends or relatives often endow their inanimate companions with human traits. Here, Private Nick Cucinotti, of Philadelphia, shows his affection for the 155 mm. "Long Tom" rifle by climbing to its muzzle and pressing a kiss on it before it hurls a shell against the enemy in Sicily operations.

LOOKING AHEAD — Johnny Lambert, Jr., of Philadelphia, may come to this garb for good, if something isn't done about current diaper shortage. National Institute of Diaper Services will hold New York convention soon, when 200 diaper men will discuss triangular-pants problem.

JAPS RENEW DUNN PRODUCE AIR ATTACKS; MOVES TO LARLOSSES HEAVY GER QUARTERS

SOUTHWEST PACIFIC, Sept. 17.—An Allied aerial offensive in the South Pacific was revealed today in official reports of a New Guinea air battle in which 59 Japanese planes were destroyed or damaged and of attacks by 250 aircraft in a single day on enemy bases in the Solomons.

MacArthur's message disclosed the new burst of aerial warfare and announced the Japanese had recovered from earlier blows and re-built their New Guinea air strength to a level greater than ever.

In an hour-long battle Wednesday, Liberator bombers shot down at least 48 and probably 11 more of an intercepting force of 60 to 70 enemy fighters that tried to stop a bombing attack on Wewak in which 66 tons of explosives were dropped in 15 minutes.

Dunn's Produce company, John Dunn, proprietor, is moving from 105 E. Sixth street to E. Ninth street, where he will be enabled to give even better service to customers. There will be front, back and side entrances at the new quarters, with ample parking space.

Dunn's Produce and Hatchery, as the business is known, was organized here in January, 1940, and has been conducted successfully since that date. While giving his business close attention, Mr. Dunn has always found time to assist in civic matters that promised Cisco betterment and has also been a consistent newspaper advertiser.

He was born in Fort Worth and lived at DeLeon for a time, but refers to Merkel as his former home town.

TEXANS OF THIS AREA AT SALERNO

Believed to be in the heat of the conflict around Salerno, Italy, is the 36th division, which was activated at Brownwood in November 1940, and includes scores of men from Cross Plains and surrounding communities, writes Jack Scott in the Cross Plains Review. First mention that the 36th was a part of the American 5th army and locked in a death struggle with the Nazis, came from German radio broadcasts and was recorded in London by the British ministry of information.

Names of Cross Plains boys with the 36th division would form a long list. In fact, there are very few families in this section who have neither a member or a very close friend with the detachment.

When mobilized the 36th division included: Battery E and Headquarters Battery of the 131st Field Artillery, and Headquarters detachment, Third Battalion 142nd Infantry, all of Abilene; Company A, Brownwood; Company B, Coleman; Company C, Ballinger; Company E, Sweetwater; Company G, Snyder; Company K, Stamford; Company L, Breckenridge; Company I, Ranger and Company M, Wichita Falls, all of the 142nd Infantry regiment, and the 142nd anti-tank company, Santa Anna.

The 36th division was trained at Camp Bowie and in 1942 was transferred to Camp Blanding, Florida.

SEPTEMBER BOND SALES.

Third War Bond sales in Cisco yesterday:	
First National Bank—\$ 8,462.50	
Palace theater	125.00
	\$ 8,587.50
Previous sales	39,400.00
Total	\$47,987.50
CISCO GOAL:	\$145,000.

TRAINING SCHOOL TO CLOSE 21ST

Rotarians enjoyed a splendid meal followed by a varied program at their luncheon Thursday, while J. E. Hays, chairman of the attendance committee, announced perfect attendance for last week and this week. Membership has been divided into two contesting groups and every member is on his toes to see that he does not lose for his side.

President Lonnie Shockley followed some real peppy singing, led by Ernest Hittson, by introducing Dr. Gary L. Smith, who announced the Daughters of the American Revolution were emphasizing September 17 as the 156th anniversary of the adoption of the constitution of the United States. He led in the responsive reading of the American Creed.

R. L. Ponsler spoke optimistically of the bond drive which he is heading in Cisco, saying Cisco had never failed to do more than its allotment and that he had no fears that Ciscoans would fall in this supreme drive at this strategic time. He mentioned the women's part in the organization of Eastland county and said they are enthusiastically working along with the men.

Mayor Edward Lee then introduced J. R. D. Eddy, state supervisor of vocational education, who headed the move to establish Cisco's War Training School and after paying tribute to Cisco for its part in making the school possible, Mr. Eddy introduced others of his party who were here to inspect the school before its disbanding on September 21. Before introducing these men, Eddy said he hoped some other form of war work might replace the school and thus continue to utilize the splendid buildings Ciscoans have supplied.

Those of the party were Messrs. Earl M. Bowler, of Dallas, James C. Dewey of Austin, George A. Eltch, Austin; Jerry Hawkes and C. E. Rakestraw of Washington, D. C. The two latter named men spoke along the line of vocational training by means of actual manual activity, and complimented the work of the trainees. They expressed hope that the plant and the spirit of the work might be able to continue in some form of war work.

In announcing that the plant would close next week, Mr. Eddy said the Cisco plant was the last of its kind in the United States to close, but said that a call for reinforcements in training expenditures had come out of Washington and stated that he would do all he could to find some way to utilize the plant.

Other visitors were T. J. McCarty and O. D. Dillingham of Abilene, and H. S. Drumwright of Cisco.

NAZI WINTER LINE QUARTERS CRUMBLE

MOSCOW, Sept. 17.—Germany's proposed 1943-44 winter defense line was crumbling today at either end of an embattled 700-mile sector of the eastern front.

In the South, Russian forces applied a strangle hold to the enemy's bridgehead in the northwest Caucasus after seizing the Black Sea naval base of Novorossisk, the last sizeable Axis defense base opposite the Crimea.

MESSAGE FROM ONE YANK SAID: 'TELL THE HOME FOLKS WE ARE OVER HUMP AND ON OUR WAY'

NORTH AFRICA, Sept. 17.—The Allied 5th Army has crushed three more German counter-attacks, rolled the enemy back 11 miles from the Salerno beaches and made patrol contact with the British 8th Army swinging into the Salerno bridgehead from the south to join the drive on Naples, Rome and Northern Italy.

Fighting on the Salerno front south of Naples continued heavy but the offensive started yesterday by Lieut. Gen. Mark W. Clark's 5th Army surged slowly forward, inflicting heavy casualties on the Germans, capturing three tanks, taking prisoners and knocking out considerable Nazi armor to weaken enemy counter-thrusts.

"Our beach heads have been firmly established," today's report from Gen. Dwight Eisenhower said. But the American boys on the bloody beaches and in the hills near Salerno sent back another message emphasizing that they had beaten the best the Nazis could offer and were ready to go on.

"Tell the folks back home we are over the hump," one message from a soldier said. "Tell them we are on our way."

As the 5th Army, rising from the wreckage of its threatened bridgehead, pushed the Germans back through the town of Albanella, 10 miles inland, and continued pursuit of the enemy, patrols of the 8th Army made contact with Clark's patrols south of Agropoli.

At the same time, British advance elements (presumably from the 5th Corps) which dashed northward from the Tarento area, on the heel of the Italy boot, linked up with patrols from Gen. Montgomery's 8th Army, which came up the west coast from the toe of the boot. Thus there was actually a linking of three forces through patrol elements, which means that the Nazis must face attack along a front extending across the Italian boot instead of concentrating on the 5th Army's bridgehead.

The contact among the patrols was made in the vicinity of Vallo Della Lucania, 15 miles southeast of Agropoli, which is the southern end of the 26-mile Salerno Bay front but the speed of Montgomery's advance recently indicated that his main forces would soon be on the battle line.

The Germans obviously were preparing for attack from the south. They have been forced out of the area around Albanella and between the rivers Sele and Sele Grande, which left their southern flank weak to meet Montgomery's attack. If the Fifth Army, strongly reinforced is able to exploit this situation, the Germans may decide to swing their southern forces northward toward the hills to form a straight line front instead of the present arc which the Allies can attack both from the Salerno bridgehead and from the south.

The enemy, having lost heavily in men and prestige in failing to smash the Allied bridgehead, probably has already started or completed the main part of this operation and the line may be straightened out at any time.

The Nazis got much more than they expected when they made three counter-attacks yesterday, presumably to protect their withdrawal maneuver. One counter-thrust was in the Salerno area where British troops and American picked units repulsed the Germans and held their grip on the town, which was under fire from German 88 guns in the hills.

The other two came in the Montecorvino sector where the Allies' strong fire power turned back thrusts from high ground and apparently exhausted the enemy. The Allies gave no ground at Montecorvino, an important airfield which is about 10 miles southeast of Salerno on the central sector of the front.

The Fifth Army again was supported by a tremendous Allied aerial cover that hammered German troops, road junctions, barracks and transport throughout the Salerno-Naples area with every type of airplane, flying more than 2000 sorties for the third straight day. The three-day total of more than 6000 sorties was the greatest protracted aerial assault ever made in support of ground troops.

The Allied recovery was made after the German counter-offensive had forced the Americans back at one time to within three miles of the beaches on the central Salerno sector.

But today a new front about 225 miles long from the Bari sector to Salerno was being rapidly formed.

Reinforced by shiploads of fresh troops and untold quantities of tanks and guns, the Fifth Army switched to the offensive yesterday and smashed forward under a curtain of shells and bombs from supporting warships and planes.

noured across the 600-yard-wide Desna river—the German "eastern wall," according to the Soviet high command—in rapid exploitation of the capture of Novorod Seversky, 90 miles south-west of Bryansk.

were two of the anchor points on the line along which the Germans hoped to halt the Soviet summer offensive and their fall indicated that Nazi talk of withdrawals "according to plan" had become an empty phrase, Soviet reports said.

THE CISCO DAILY PRESS

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.)

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside Cisco) in Eastland, Stephens, Shackelford, Cullahan, Brown, and Comanche counties, Texas; outside the above-mentioned counties 13.50; 14.75 in 13 S. outside of Texas.

Per year, in advance (Cash) \$5.00
Per week, by carrier boy \$1.20

POLITICAL MEDICINE FOR AMERICA.

On June 1, 1943 Senator Robert F. Wagner of New York introduced a bill to amend the Federal Food, Drug, and Cosmetic Act.

The bill proposes to raise annually the taxation on certain foods, drugs, and cosmetics from \$100,000,000 to \$150,000,000.

The bill proposes to raise annually the taxation on certain foods, drugs, and cosmetics from \$100,000,000 to \$150,000,000.

MOLLY GREER CLASS HAD FINE PROGRAM

The Molly Greer class of the Church of the Nazarenes met Wednesday afternoon in the home of Mrs. Quint Hagan for program and social. A shower for program and social was also tendered a member of the class.

The program began with the poem, "Nobody Knows" read by the hostess and the devotional scripture was brought from the Book of Luke by Mrs. Hugo McCrary. Mrs. Alpha Elder sang a lullaby. The program concluded with the poem, "The Newcomer," read by Mrs. Quint Hagan. A number of games were played and gifts were presented to a member.

Mrs. L. H. Clegg offered a prayer of thanks before refreshments were passed to Mrs. Marcell Fletcher, Mrs. B. H. Boggs, Mrs. Alpha Elder, Mrs. Joe Coats, Mrs. R. H. Horn, Mrs. Dora Hains, Mrs. J. E. Hamilton, Mrs. Hugh McCrary, Mrs. I. H. Clegg, Mrs. A. L. Jensen, Mrs. Otto Bovins, Mrs. S. L. Cook, Mrs. Glenn Huddleston, Mrs. C. W. Wallace and daughter, Miss Mildred McCarter, Mrs. M. J. Sparks, Mrs. Wray Corley, Mrs. L. L. Smith, Mrs. J. J. Dobbins and Mrs. Hagan.

METHODIST CIRCLE IN JIMMIE ALLEN HOME

Mrs. Jimmie Allen was hostess to circle two of First Methodist women's society of Christian service Tuesday night. Two visitors, Mrs. H. A. Lewis, recently of San Antonio, and Mrs. R. S. Elliott, were welcomed.

Mrs. C. A. Shockey was in charge of the business meeting.

held preceding the program on "Prayer and Praise for Christian Leaders," of which Mrs. Phillip Pettit was leader. Mrs. T. J. Dean brought a devotional bearing on the subject and parts were discussed by Mrs. A. B. Byrd and Mrs. H. A. Lewis.

A social hour followed and the hostess passed refreshments of ice cream and angel food cake to Mrs. J. H. Latt-on, Mrs. A. B. Byrd, Mrs. C. A. Shockey, Mrs. H. A. Lewis, Mrs. R. S. Elliott, Mrs. O. W. Hampton, Mrs. Charles Flaherty, Mrs. D. P. King, Mrs. T. J. Dean, Mrs. Sam King and Mrs. Phillip Pettit.

PRESBYTERIAN AUXILIARY IN GENERAL MEETING

A splendid attendance was noted when First Presbyterian auxiliary met Tuesday afternoon in the church for an inspirational meeting. Mrs. E. P. Crawford was in charge.

Mrs. Gary L. Smith was leader of the afternoon program in which "The Christian Home" was discussed. The devotional was brought by Mrs. Sam R. McInnis and talks on "Hindrances to Family Religion" were made by Mrs. Alex Spears, Mrs. A. R. Purifoy and Mrs. Leith Morris. Mrs. Gary L. Smith spoke on "What is the Matter With Religion in the Home?" Mrs. E. P. Crawford brought a message from the moderator of the general assembly. Several members spoke on facts concerning religion in the home.

The meeting closed with prayers by Mrs. Homer Slicker, Mrs. A. E. Jamison, Mrs. Alex Spears, Mrs. Abbie Daniel and Mrs. Smith.

REUNION OF WILLIAMS FAMILY HELD SUNDAY

An all-day reunion of the Williams family was held last Sunday at Lake Cisco honoring J. Nelson Williams first class machinist's

mate on the USS Enterprise and son of Mr. and Mrs. Roy Lee Williams of Cisco.

A picnic lunch was spread at noon on the park tables near the water which was greatly enjoyed. Conversation was the entertaining feature during the afternoon.

Relatives present included Mr. and Mrs. Roy L. Williams and sons, J. Nelson and Bennie Williams, Mr. and Mrs. Lee Rogers, Mr. and Mrs. Ray Rogers of Breckenridge, Mrs. Aaron Brown of Scranton, Mr. and Mrs. Leo Williams of Milford, Mr. and Mrs. J. Pryor of Fort Worth, Mr. and Mrs. H. L. DeShazo and son H. L., Jr., Mr. and Mrs. Al Yeager of Abilene, Mrs. Roy Lee Williams, Jr., of Putnam.

NEW SHALLOW TEST.

RISING STAR, Sept. 17.—Guy Greynolds, who spudded a new shallow test on the Miss Annie Innis tract about two miles south of town Saturday, reported good progress. Tuesday and will soon be down to the pay, which is expected at about 1100 feet, if no difficulties are encountered. The new test is about 200 yards west of the deep test drilled west of the Innis residence some weeks ago.

FIRE LOSSES.

NEW YORK, Sept. 17.—August, with an estimated fire loss of \$29,193,000 was the seventh consecutive month to show an in-

crease over the corresponding month of 1942, the National Board of Fire Underwriters announced.

The increase was \$9,513,000 or 48 per cent over August, 1942, and 17 per cent over July, 1943.

A social reformer is a person who would stop every unfairness except the ones that benefit him.

NOTICE TO MOTORISTS

We Have PLENTY MECHANICS. We have been fortunate in securing the services of three new mechanics to add to our staff, which enables us to offer a more prompt and efficient mechanical service to our patrons.

The recent additions are Mr. Pete Clements, formerly with the Cisco War Training School; Mr. Walter Wright, formerly employed by Shobal Houston, and Mr. H. C. Ables, of Carbon. Old shop employes are Fred Hays, E. S. Townsend, Reed McKeen and Milton Cook. Mr. Alvin Wende, formerly with the U. S. Armed Forces, is parts room supervisor.

The fact that we still have the most needed parts, also aids in this service to you.

If your car is going to require some mechanical repair, or tuning for the winter, it would be well for you to have it done now while workmen and parts may be had. Every day you use the car that needs attention, serves to make the need for repair greater and the expense more.

BRING YOUR TIN CANS

TIN IS AN ESSENTIAL AGENT IN THE PROCESSING OF COPPER. 1,000 POUNDS OF SHREDDED TIN WILL RECOVER 1,500 POUNDS OF COPPER IN THE PROCESS.

Copper Is One of the Most Essential Metals in Our War Program.

SO, The Cisco Lions club, cooperating with a national salvage program, is sponsoring the collection of all tin cans in and around Cisco.

WHEN? The campaign is open and will continue for the duration of the war. Begin now to save your cans.

WHAT? All tin cans up to five quart size. Those larger than that cannot be used in the shredding machines. Rusty cans are out. Few or many, bring what cans you have as fast as they accumulate.

HOW? Mash together the open end, or better still mash the whole can flat.

WHERE? Bring the cans and dump them on the pile at the corner of D Avenue and Tenth street. The Lions club has secured from the Cisco Lumber company space for the pile.

Keep Bringing Your Tin Cans.

NORVELL & MILLER WHERE MOST PEOPLE TRADE

BRIEFLY TOLD

Miss Ruth Beach, who is attending a school of nursing in Fort Worth, spent Thursday at the Whitehaven home. Her parents, Mr. and Mrs. John Beach, of Brownwood, came to Cisco and accompanied her home for a few days last week.

Mr. K. S. Beckman spent Thursday night at the home of his daughter, Miss Mary Beckman, in Cisco.

New Greyhound Operating Manager

Mr. J. S. Mohr, new operating manager of Greyhound Lines, is shown in a portrait. He is a man with dark hair, wearing a suit and tie.

Mr. and Mrs. John L. Hagdon, her grandson, John L. Hagdon, Jr., who is stationed at the naval base in San Diego, Calif., also visited them and spent a few days at his home.

Mr. and Mrs. W. V. Garrison made a business trip to Dallas Thursday.

Miss J. S. Mohr returned home from a visit to her daughter, Miss Ray Miller, and Miss Maria Miller, in Mineral Wells.

William Ghormley, left today for Lafayette, La., where he will resume his studies at the naval reserve school, Southwestern Louisiana Institute, after visiting in the home of his parents, Dr. and Mrs. W. I. Ghormley.

Mrs. S. W. Altman visited relatives in Abilene this week and returned to Cisco Thursday.

T. H. Chamney, former Cisco resident and now living in Abilene, spent today in Cisco.

Mr. and Mrs. Glen D. Rose of 1507 D Avenue spent Thursday in Graham and Breckenridge.

Mrs. Victor Rene is visiting her mother, Mrs. Boutwell in Patnam this week.

Mr. and Mrs. L. B. Norvell and Mrs. Blanche Miller accompanied Elvin F. Norvell to Fort Worth yesterday where he left for Camp Abbott, Ore.

Mr. and Mrs. W. L. Green visited friends in Clyde Thursday night.

Mr. and Mrs. Jesse Lenz have returned to Fort Worth after visiting their parents, Mr. and Mrs. Walter Lenz and Mr. and Mrs. J. Daniel.

Mr. and Mrs. Herschell Bassett and children have returned to Eastland after visiting her mother, Mrs. D. D. Lewis.

Mrs. O. A. Nance was called to Mahan Thursday by a message announcing the serious illness of her father.

If the reformers can win equality for all races, maybe they can persuade the top crust of each race to accept the poor of their own race as equals.

MAN WHO SHOT TEDDY ROOSEVELT IS DEAD

WAUPUN, Wis., Sept. 17.—John Flammang Schrank, 67, who attempted to kill Theodore Roosevelt in Milwaukee in 1912, died at the Central state hospital here Wednesday night.

Schrank was found insane in November, 1912, when found in a hotel room here before he was charged of assault with intent to kill and murder. He was committed to the Wisconsin state hospital here.

He died after a long illness, which he had contracted in 1912, and before he died he had been in the hospital for two years.

"A Lunch Box Full Isn't Enough!"

—It might satisfy—but just any packed box of food won't give the strength that defense workers need and must have.

—It's those invisible little particles called "Vitamins" which have to be in that lunch box if I'm to have the "Fighting Food" that's necessary these days.

—Those precious food elements grow in fruits and vegetables; they put the goodness into meats; but they have to be protected.

—The food in my lunch box is cooked on electric range and stored with electric refrigeration before being combined tastefully and correctly into well-planned lunch.

—The electric industry, under business management, anticipated the needs of defense workers years ago—in advance of the present emergency. They went to work to build—in

order to supply the power for appliances which make possible the preparation and preservation of food—so necessary on both the fighting and home fronts.
