WE'RE ON THE MOVE

... WITH EVERYTHING IT TAKES!

THE great Panhandle-Plains and Pecos Valley area is really going places and we've got everything it takes when it comes to industry and agriculture. This area is the land of **NEW** opportunities. There are great possibilities here for all of us and our Company is doing its part by expanding its facilities to those who want and need our service—which is low cost, dependable electric power—a necessary adjunct to all industrial and agricultural progress—and better living in the home.

There is no better soil than in this territory for growing any number of important and profitable crops—including cotton, wheat, potatoes, alfalfa—and there's a ready market for everything you grow. . . . **OIL FIELDS** in this vast area are world-known. Everyone knows that our great peacetime industrial growth will demand more and more oil and natural gas. . . . **THE PANHANDLE-PLAINS** and Pecos Valley area is now producing vast supplies of dairy products, including millions of dollars in butter and cheese. . . . **YOU WILL** be amazed at the fine industrial opportunities in this area. Already we have scores of large and important industries in this area and from all indications, there will be many more industries attracted to this section of the country. . . . **EVERY YEAR** finds an increasing de-

mand from all parts of the nation for sorghums from this fertile area. Extensive tests have been made of our sorghums and experts tell us that they're the finest in the world. . . . **THE RANCHES** in the vast Panhandle-Plains and Pecos Valley area are turning out highest quality beef cattle . . . and good solid beef that's marketed all over the United States. This territory now produces far more than two million head of beef cattle annually. . . . **EVERYONE KNOWS** that the climate in the Panhandle-Plains and Pecos Valley is ideal. Cool, invigorating summer nights and our moderate winters keep us comfortable and healthy the year 'round . . . and the scenery is gorgeous. Yes, we really have something to talk about in the Panhandle-Plains and Pecos Valley—we're going places with everything it takes.

"EDUCATE THE PEOPLE"

The cry through the ages since the foundation of our government has been "Educate the People." It was the failure to heed this clarion call that caused illiteracy, selfishness, greed, and intolerance to bring about World War Number One and World War Number Two, and today in practically every land the white cross again restate and re-emphasize the fact that we in this God-Loving and God-Fearing Country of America have failed to heed this call. Be it remembered that the Nations of the World failed to heed this call and we in the United States have suffered from the failure to do so; that is to say, the lust and the selfishness of the Hitlers and Mussolinis who refused to "Educate the People" brought this war on and the crosses were occasioned by their selfish acts and lust for power.

One of the earliest laws enacted by the Plymouth colonies was that in every township where there were as many as twenty families that they should employ a school teacher. So down through the ages education has ever been the touch-stone of civilization. Nor is this doctrine confined to New England. "Educate the People" was the cry of William Penn in the colonies, "Educate the People" was the legacy of George

SCIENCE CLUB ORGANIZES

The 23 members of the Science Club of Dimmitt High School have just become affiliated with the Science Clubs of America, sponsored by Science Service, the institution for the popularization of science.

The local group is one of thousands belonging to the national body. Clubs in every state, foreign countries and possessions are affiliated and all carry out programs of study in science.

Mrs. Howe, sponsor of the club, expects that the assistance of Science Clubs of America will greatly increase the efficiency of the club and will offer more opportunities than they have had here before.

Mr. Blaine has expressed his approval of the Science Club by saying, "Anything that can be done to help train young scientists is a direct contribution to the preparations for peacetime."

Officers were elected at the last meeting, January 30, and included: President—Albert Sinclair, Vice-President—Lloyd Lust, Secretary—Glenna Morgan, Treasurer—Charlotte Cowan, Reporter—Joe Harrison, Librarian, Loy Stone, and Laboratory Assistant—Charles Frey.

LET'S GO EAT

"Hey, girlie, sling me a hot dog and a glass of milk." Maybe the Home Ec. girls didn't have much to do with the amount of food served, but the sales were so fast and furious that the hot dogs, milk and pop, pie and coffee and chicken salad sandwiches which they sold Friday at the tournament were all gone long before night.

Washington to the nation which he had served. "Educate the People" was the unceasing exaltation of Jefferson. "Educate the People" was the cry of Woodrow Wilson in his last days of service as the President of the United States.

Our lamented president, Franklin D. Roosevelt said, "Educate the people in the Four Freedoms." What more can be said than "Educate the People"?

SEZ SUE

During the past week we have been very busy, just snooping around. We have seen some new couples together and some old faithfuls.

Sunday, we saw more people together than we have in a long time.

At sing song Sunday night we saw, Royce and Margie, Cholly Green and Hoyt, Wanda and Jr., all in the same car with Joe and Jerry. Sunday night in Hereford we saw Norma and Bob Sheffy, Charlotte and Bob Mooney. Thomas was with La Nelle Oakes and Carl was with Bobby Witherspoon.

After the ball games Saturday night we saw Joyce and Donald Annen together, also Joe and Phyllis.

It seems that the Tulia boys had quite a time of it Saturday night. Norma Thompson and Elwood Ramsey, Billie Jo and David Frye, Vera Ann and Neil Frye were all at the games.

From Friona, Shine Laceywell, and Joe Fallwell were entertained by the Woolery sisters.

Margie and Tommy McGowan were enjoying each others company Saturday night also.

The first night of the tournament there were but few couples together as most of the teams went home, or had to go to bed early. A few seen were Ruby and Charles and Margie and Thomas.

At the dance Thursday night in Hereford, Johnneen and Jim Worell were together; with them were Norma and Jimmy Ray.

At the party Wednesday night we saw Gus and Carolyn, Jackie and Evelyn, Leah and Jack, Anne and Leon, Phyllis and Joe and Thomas and Joyce.

This surely has been a busy week for us, just one in a lifetime.

JILTY JUNIORS

Here is one of those handsome junior boys. It's none other than John Cryer.

John has gone to Dimmitt schools eleven years. He is 5 feet 2 inches tall, weighs 135 pounds, has blue eyes, blonde hair and DIMPLES.

GODFREY AND MOONEY ON ALL TOURNAMENT TEAM W.T. HIGH WINS TOURNAMENT

Bob Mooney, Dimmitt guard, was placed on the all tournament team of the Dimmitt Invitation Tournament which West Texas High of Canyon won by defeating Hart, Tulia, and Bovina with lopsided scores.

In the first round the Bobcats defeated the Happy Cowboys 34-24 in a thrilling contest. Thomas Harrison took high honors with 10 points. This game was played before probably the largest crowd of season.

Saturday morning, the Bobcats lost to Bovina 45-33. Building up a 12 point lead in the first half, Bovina coasted to an easy victory. Hawkins of Bovina took high point honors with 19 while Joe Harrison was high for Dimmitt with 9 points followed closely by Carl Jowell and Bo Jackson with 7 points each.

The all tournament team included Russell, W.T. High; Hooper, W.T. High; Hawkins, Bovina; Mooney Dimmitt; and Abbott, Canyon.

First round results were: Tulia 26 Vega 18, W.T. High 51, Hart 30, Canyon 50 Nazareth 13, Dimmitt 34 Happy 24, Bovina 31, Hereford 11, Canyon 36 Friona 26. Second rounds included Bovina 45 Dimmitt 33, W.T. High 42 Tulia 27, Bovina 22, Canyon 18.

The result of the final game was 38-9 with W.T. High winning over Bovina.

John has played football two years and basketball one year. His favorites are:

Food—Fried Chicken
 Subject—Commercial Law.

One of the cute junior girls is Virgie Eva Cooper. Virgie is 5 feet 4 inches tall, has dark brown hair and blue eyes. She has gone to Dimmitt schools eleven years.

Virgie is manager of the girls basketball team, and she was president of the Home Making club last year 1944-1945.

Her favorites are:
 Food—Chocolate Pie
 Subject—Home Making.

GIRLS GAMBS IN ANNUAL TOURNAMENT

The Dimmitt Bobbies met the Bovina girls, in the first girls game of the tournament Friday morning at 10:30. The Bobbies defeated Bovina 42-37. Argie Godfrey was high point forward for Dimmitt with 22 points.

The Hart and Vega girls played at 1:30 Friday afternoon. Hart was defeated 27-14 by Vega.

The Springlake and Friona girls played Friday night at 7:30. Friona defeated Springlake 28-16.

Nazareth, after drawing a bye in the first round, played Dimmitt Saturday morning at 10:30 in the second. The shot winning the game for Nazareth by one point was made in the last ten seconds of the game. The final score was 28-27.

The Friona and Vega girls played Saturday at 3:00. Friona defeated Vega 34-19.

The Friona girls played the Nazareth girls in the finals Saturday night at 7:00. Friona proved to be a superior team, however they were one of the stronger teams in the state last year. Friona defeated Nazareth 32-14.

The players making the all-tournament team were: forwards—Godfrey from Dimmitt, Taylor from Friona and Birkenfield from Nazareth; guards—Wilhelm from Nazareth, Roberson from Friona, and Morris from Vega.

From the standpoint of interest this has been the most successful tournament in the history of the Dimmitt schools.

MOVIE MARQUEE

"Thrill of a Romance" — Jerry and Lloyd W.
 "Gone with the Wind" — Carolyn Taylor and Gus.
 "Anchors Aweigh" — Glenna and Carol Wilson.
 "Along came Jones" — Sue Woolery and Robert Laceywell.
 "You Came Along" — Novelle

BOBCATS DEFEAT SPRINGLAKE

In one of the best games of the season, the Bobcats defeated a strong Springlake team in the local gym by a score of 49-31 on Tuesday night, January 29.

Although the Springlake team is the same one which wosed out the recent Olton tournament, Tuesday night's game demonstrated the fact that the Bobcats are hard to stop when they're playing their best ball.

Grand team work featured the Bobcats playing of this game, in which every member of the quinte starred.

High score honors were won by Joe Harrison with 16 points, while Bo Jackson was a close second with 14.

B STRING LOSES HEARTBREAKER

In a thrilling finish, the Springlake "B" string defeated a similiar team from Dimmitt 37-35 Tuesday night, January 29. With Springlake ahead at the half, the Dimmitt Bobcats tied up the count 33-33 at the end of the game. In the three minute period the Springlake team scored two field goals to Dimmitt's one to take the victory. Royce Dowell lead the scoring for Dimmitt with 13 points.

BOBBIES DEFEAT SPRINGLAKE

The Bobbies defeated a good Springlake team in the home gym by a score of 27-16, on Tuesday night, Jan. 29. Although the Springlake team played hard, the Bobbies held the lead all through the game.

Fine teamwork and Good Sportsmanship were shown by all the girls. Argie Godfrey was high point forward for the Bobbies.

and Johnny.
 "Those Endearing Young Charms" — Johnneen and Jim
 "A Guy Named Joe" — Billie J. and Joe Fallwel
 "It's a Pleasure" — Bobby W. and Marlene.

What's Back of My Gas Burners?

This is the last in a series of four advertisements published in the belief that you would like to know more about the natural gas business, which so vitally affects your daily lives.

**CHAPTER IV
 The Gas Reaches Your Home**

Our main high-pressure transmission line originates at our Turkey Creek Compressor Station 30 miles northeast of Amarillo and goes to Canyon, Plainview, Lubbock, Midland and Odessa and other intervening cities. At Canyon, a line connects from this main trunk to Farwell, near the New Mexico line, and thence to Lubbock, forming a big triangle and serving a number of cities. More branch lines from this triangle and from the main trunk serve other cities and towns—a total of 44 in all. The pipe line system contains about 855 miles of pipe.

At or near each city served is a Town Border Station, which consists of a small building housing metering and pressure-regulating equipment. Now that the gas has almost reached its destination, high-pressure is no longer needed, so the pressure is reduced to what we call "Intermediate Pressure," after which it enters the city distribution system which consists of a network of lines carrying gas to homes, stores, offices and businesses in your city. There are about 548 miles of pipe in our city plants. The Intermediate Pressure is sufficient to carry the gas to the small District Regulator Station nearest you. Here the pressure is further reduced for delivery through distributing mains and service lines to your meter at predetermined proper pressure for your use.

From the District Regulator Station the gas flows through a low-pressure line to your meter, where it becomes your property; thence through your yard and house piping to your familiar household servants, your range, your water heater, your refrigerator, and your home-heating equipment. Responding instantly to your every wish, it contributes greatly to carefree, healthful living, at a cost within the reach of all.

Our story until now has dealt with natural gas and some of the equipment used in bringing it to you. However, despite our large investment in physical property, our greatest asset is the group of loyal, hard-working, courteous employees who operate the properties 24 hours a day and 365 days a year, to render you a high type of service. Natural gas itself, without the services of these many men and women, would be worth little. Each and every employee has his own special type of work which is vital to the proper functioning of the group as a whole.

While you, our customer, are dependent on us for service, we are actually more dependent on you. Without you we could not exist. Therefore we are going to do everything we can to give you good service. The natural gas that we have to sell has been proven a perfect fuel: each and every employee will strive to render you a personal service of equally high quality.
