NAZIS QUIT POLTAVA, GATE TO UKRAINE HEART

PURCHASE OF BONDS LAGGING

CITIZENS OF EASTLAND CO.—Yesterday, September 23, the nation's largest bond drive passed the two-thirds mark of the Fifteen Billion Dollar Third War Loan fund. Citizens could be secured not later than Tuesday, September 28, at which time the event can be secured. Purchases made later than Wednesday, September 29, will not count.

At this time Eastland county is about two-thirds of its quota. It is understood that one of the county's largest business concerns has already reached a part of the county quota. However, there are a number of concerns who have not reached the two-thirds mark and unless every community citizen business institution in this county exerts itself to the fullest by the last day of this drive, the county will have failed to do its part. Citizens at home and in school and girls on one hundred and fifty.

Remember, regardless of what your community does, the county is responsible for the full quota of \$597,300.

Your county committee, when organized a cross section of the county, have been at this for nearly two years and you are now being credited for knowledge. You are able to purchase who have not yet purchased and who have not reached their fair portion of the county's quota in this drive.

Remember, you, as an individual, have your ability to purchase. Remember what you have purchased and your conscience tells you it is your duty to purchase. Your committees know that a number of the largest buyers have not yet purchased and your committees know that hundreds of thousands of the county's buyers have not yet purchased.

Your committees know, too, that those of you who do not have immediate funds necessary to purchase these purchases can go to the bank and secure the money. Remember, to make these purchases by merely placing up as much of the bonds that you have purchased.

Remember, to have these purchases and place the bonds up as much as you larger business men who will not affect one iota of your business you already have as part of your business.

Remember, do not believe that those who have not purchased intend to do their duty before this drive closes, but as your committees who have given two years of their time to this task, and in many instances at considerable expense, we do want you to know that we have confidence in you and that you have a conscience to that you must answer and that you have a citizen's relationship to your community that you want to fulfill to the limit, and to do this by the eleventh hour of one of the big drives to which this drive will be subjected, we are depending on you, whether big or small, to go at once and do your part in this great cause.

Your committees, your postmen, your bankers, your newsmen, the service clubs and the churches of this county have all worked hard and thousands of others have worked hard and purchased their fair amount of this quota, and in the closing days of this drive we have the most confidence that those who have not yet met the challenge will go forth to do it at once.

Very kindly yours,
CYRUS B. FROST,
Eastland County Chairman War Finance Committee.
MRS. PAUL WOODS,
Chairman Woman's Section.

PRAYER AMID THE TIME CLOCKS—Each day employees of Severance Tool Co., Chicago, put aside their pencils and tools and seek divine guidance in their war production tasks. Devotional service has long been sponsored by company and is established policy. Howard B. Grey, foreman, leads in prayer in scene above, as workers bow their heads.

CISCO BOND BUYERS VISUALIZE \$200,000 MARK! CAN WE CUT THE MUSTARD?

At the close of business Wednesday, Cisco had advanced its purchase of Third War Loan Bonds to \$156,272.50, which placed us nicely over the hump of the \$145,000 roughly estimated to be this city's share of the \$597,300 assigned to Eastland county.

However, word comes from Cyrus B. Frost, county chairman, that up to yesterday Eastland county had barely reached the two-thirds point of its quota.

Evidently, some sections of the county are not responding as generously as was expected, hence other areas must buy an additional extra bond to maintain our heretofore excellent standing with the treasury department and the boys at the front.

So, it has been suggested to the Daily Press, let's forget the previously estimated quota of \$145,000 and focus on \$200,000. Can we do it?

Sales reported at the close of business here yesterday were as follows:

First National Bank	\$ 2,750.00
Postoffice	187.50
Theater	150.00
	\$ 3,087.50
Previous sales	153,185.00
Total	\$156,272.50

Official closing date of the drive is next Tuesday, September 28.

RED CROSS LOBOES PLAY WORKERS HIT BIG SPRING FINE STRIDE FRIDAY NIGHT

Red Cross surgical dressings work at the rooms in the Reynolds building is progressing nicely, the ladies turning out 1,673 4x4 Wednesday, which is considered a tip-top accomplishment.

However, more volunteer workers can be accommodated to advantage, it is said.

Those lending a hand Wednesday included Mrs. Alex Spears, Mrs. O. G. Lawson, Mrs. E. J. Poe, Mrs. J. T. Anderson, Mrs. H. J. McArdle, Mrs. F. J. Borman, Mrs. Leine, Mrs. Sam Kimmell, Mrs. Will Poe, Mrs. Paul Poe, Mrs. Austin Flint, Mrs. W. C. Hogue, Mrs. Bob Latimer, Mrs. R. C. McCarter, Mrs. J. F. Waddell, Jr., Mrs. Joe Lovelady, Mrs. A. D. Anderson, Mrs. Ed Aycock, Mrs. Don McEachern, Mrs. Paul Woods, Mrs. Homer Slicker, Mrs. C. A. Williams, Mrs. Roy Fonville, Mrs. A. R. Puritoy, Mrs. R. L. Ponsler, Mrs. J. M. Latimer.

Cisco's Fighting Loboes, 25 strong and chaperoned by Coach Monroe Sweeney and Assistant Coach A. C. Midkiff, will depart at 10 o'clock tomorrow morning for Big Spring, where they will face the Big Spring football team, the Steers.

The trip will be made by auto and the game will be called promptly at 8 o'clock that night. The locals, though light in weight and with very little actual playing experience back of them, are improving rapidly and are expected to give a good account of themselves Friday night.

DROUTH SUFFERERS.
WASHINGTON, Sept. 23.—Special tests to help farmers in 22 drought-stricken counties—22 of them in Texas—maintain production of livestock and dairy products have been announced by the War Food Administration.

SIGNALS BY RADIO—Former All-America grid star Bob Westfall, 1941 captain of Michigan Wolverines, is in another championship line-up today. He's studying at Army Air Forces radio school at Scott Field, Ill., to be bomber radio operator.

HONOR FOR SOLDIER—Second Lieut. Harold M. Thomas, 21, of Montpelier, Ohio, proudly receives Purple Heart decoration from Major General Claire L. Chennault, at 14th Air Force headquarters in China. Lieut. Thomas was wounded in raid over Samah Bayan, Japanese strong point.

HELLO, MOSCOW!
WASHINGTON, Sept. 23.—Direct telephone service has been established between New York and Moscow. This became known today with the fixing of a tariff with the Federal Communications Commission by the American Telephone and Telegraph Co. The cost of a call between New York and Moscow is on the basis of \$21 for three minutes.

SOIL CONSERVATIONISTS AT CHILDERS HOME

Soil conservationists held a meeting in the lunch room of Childers near Cisco last night at which a number of interesting talks were made and a work program for that area mapped. Mr. Childers was made chairman of the program outlined for his community, in which training will be emphasized. Speakers included County Agent Lyman and Mr. Gregory.

Among those present were G. Hart, Mr. Moore, Mr. Lyman, Mr. Gregory, Bruce Eberhart, Ed Castleberry, Gus Hart, New Hart, Sam Green, Bill and Yea for Childers.

FORT WORTH IS NICE, BUT CISCO BETTER

Mr. and Mrs. E. F. Bender, former residents of Cisco, will return to their home in Fort Worth today after spending several days here with friends. Mr. Bender is employed in the hydraulic department of the Consolidated Aircraft Corporation.

The Benders made Cisco their home for more than 25 years, he located here and entering the garage and filling station business soon after being released from the army after World War I.

"Fort Worth is rather splendid at this time," the visitors stated, "and yet we like it here. But Cisco will always seem like home and we would prefer to live here."

6-POUND GIRL BORN AFTER MOTHER DIED

DALLAS, Sept. 23.—A baby girl was born more than three minutes after her mother, Mrs. Froula Miller, died of infantile paralysis, and doctors said the six-pound, ten-ounce, full-term infant showed no ill effects from the polio that was fatal to the mother.

Mrs. Miller died at 9:30 a. m. Tuesday and within a minute after her death a Caesarian operation was performed to deliver the child. The operation is the only one of its kind known to have been performed on a polio victim in this area.

While child deliveries after death of mothers are common, a disease as serious as the fatal type of polio usually will kill the child before the mother dies.

The fact that this case was an acute short-time development of infantile paralysis may explain the seeming good health of the child, the doctor explained.

Science has shown that any successful delivery following a mother's death must be performed within at least fifteen minutes afterward.

TEXAS OUT IN FRONT, AS USUAL

WASHINGTON, Sept. 23.—Texas youngsters invested more money in War Bonds and Stamps during the 1942-43 school year than those of any other state which has so far reported, it became known yesterday as the treasury's new "triple threat" school jeep campaign opened coincident with the Third War Loan Drive.

Teachers and pupils of the far-flung Lone Star state purchased or sold \$30,000,000 worth of War Bonds and Stamps, it was stated in a report made by the education section of the war finance division of the treasury.

REDS POUR INTO WHITE RUSSIA IN GOMEL SECTOR; POLE BORDER IS BUT 150 MI. AWAY

LONDON, Sept. 23.—The Moscow radio announced that Soviet troops are storming into White Russia in the Gomel sector, shortly after a German announcement that Nazi forces have abandoned Poltava gateway to the heart of the Ukraine.

The Moscow report, which called the newspaper Izvestia, official organ of the presidium of the supreme council, was recorded by Reuters.

Gomel, in the area where the new break-through was announced, is a rail center about midway between Kiev and Smolensk, within a bare five miles of the Dnieper river and within 150 miles of the old Polish border.

Entire Line Advances

MOSCOW, Sept. 23.—The jaunty Red warriors advanced at all points on the Soviet battlefield today, pounding at the gates of Kiev and approaching to Smolensk, chief Nazi garrisons yet intact on the Dnieper river line.

German evacuation of Poltava, vital railroad center southwest of Kharkov on the southern front in Russia, was reported by the Berlin radio.

Poltava is the gateway to the heart of the Ukraine. The city lies on the Vorskla river 80 miles southwest of Kharkov and dominates the whole Ukrainian network of railroads.

Capture of Poltava threatens all German armies still remaining in the Donets Basin. The city was captured by the Germans two years ago in their first powerful drive across Russia.

A city of nearly 90,000 population, Poltava is situated within the rich wheat lands of the Ukraine and long was famous as the center of the Soviet beet industry, dairy products and was important as a flour milling center.

A Moscow broadcast not yet confirmed by the high command reported that advance Soviet units had reached the Dnieper river itself south of Kiev. The industrial city of Dnepropetrovsk, site of a gigantic American-built dam destroyed by the Russians at the time of the Nazi invasion, was reported within artillery range.

A bitter battle raged less than a dozen miles from Kiev, capital of the Ukraine, after liberation of Leski, 13 miles to the east. Advances in the last 24 hours overran 180 localities.

Furious fighting was in progress to the north, where Russian seizure of Demidov, only 21 miles from the boundary of White Russia, posed a new and serious Soviet threat to Smolensk, 42 miles to the southwest.

The midnight report also announced capture of Anapa, on the Black Sea, last escape port for German forces holding the narrow Nazi bridgehead to the Western Caucasus.

The Soviet high command said more than 800 more communities were freed in Wednesday's fighting on the 900-mile Russian front.

The Germans sacrificed 2,000 men and huge stores of war materials in a desperate attempt to stem a many-pronged Russian onslaught toward Kiev. Church steeples of the city were in full view of one Russian spearhead at Leski. To the southeast, a Red army tank force burst into Pereslav, 32 miles from Kiev. Also captured were Oster, 32 miles northeast of the Nazi bastion, and the important railroad town of Zolotonosha, 75 miles to the southeast, where huge quantities of Nazi equipment were seized after a bitter engagement.

The Germans lost even more heavily northwest of Smolensk, where 8,000 Nazis were slain after the Germans mounted 12 counterattacks in a futile bid to prevent the fall of Demidov. The Soviets took 300 prisoners.

ONE MILLION YANKS

MADRID, Sept. 23.—The Vichy correspondent of the official Spanish News Agency today reported what was termed "confidential information" to the effect that the American army in North Africa now totals 1,000,000 men.

JAP RAIDERS

WASHINGTON, Sept. 23.—Shooting down two enemy bombers, American fighter planes drove off a Japanese bombing raid on Guadalcanal, the navy reported today. The enemy raiding group was composed of "12 or 16 enemy bombers."

MORE CANADIANS

AN EAST CANADIAN PORT, Sept. 23.—Safe arrival in Great Britain of a huge draft of Canadian reinforcements, including 300 Army Nursing Sisters, which left this port recently, was announced last night.

CRITICISM.

It is a well-known fact that the cost of living is increasing at a rapid rate. This is due to many factors, including the war effort, the shortage of raw materials, and the increase in government spending. The government should take steps to control prices and reduce the cost of living for the people.

the material they can get, and all these things will have to be paid for by hard-earned money, over many years. There should be thought along with high production.

I'M HERE... the enemy's just over the hill!

MAYBE I'm your boy - or the boy next door. You know, Mary's sweetheart, Joan's husband, Timmy's daddy. Your son, Father! Your boy, Mother! Anyway, I've got something to say to you. I've got to make you understand. This is it. This is zero. This is INVASION! I'm here, with a million other boys just like me. We're your INVASION forces. And we're going to stay. It wasn't easy getting here, and it is going to be a lot harder before we're through.

WE'RE GIVING ALL WE'VE GOT I said we were going to stay. I promise that, even if it means the thing - well, the thing we don't like to talk about. Because we're giving all we've got: Our minds, our strength, our blood. But you see, this isn't going to be enough. Not unless those planes we need snarl down out of the sky on the enemy just over there. Unless those tanks get here. Unless the supply ships get through. Unless there are enough bullets for this rifle.

YOU'RE ON THE INVASION FRONT NOW! It's that extra \$100 War Bond, all of them together, making up the \$15 billion worth they're asking you to buy in September, that will prove that you are on the INVASION front with him. Your part is at least one extra \$100 Bond during the Drive - at least \$100. Of course, that's in addition to your regular bond buying. A \$100 Bond is the rock bottom figure. Some of you will have to invest thousands to put this Drive across. Take it out of your pay check - or out of that nest egg you were saving for a rainy day. All you can spare is too little, all you've got is just going to be enough. Look at it this way: You won't be giving anything. You will be investing in VICTORY - and your future. Things like safety for your family and money after the war to buy a new home, or to educate your children. You're buying a stake in VICTORY - and that means America, yours and mine! I guess that's all I've got time to tell you now. The enemy is waiting, just over the hill. Don't keep us waiting for you!

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging headache, rheumatism, backache, indigestion, getting up at night, swelling, puffiness under the eyes, irritability and dizziness. Frequent or scanty urination with astringent and burning accompaniment shows there is something wrong with your kidneys or bladder.

Kidneys are so small that they are the same as howls, soak your feet in a tub of Epsom salt water for 15 minutes for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get These Pills.
