NUMBER 17

FIFTH ARMY NOW AT OUTSKIRTS OF NAPLES

HUMBLE COVERERS SW. CONFERENCE TILTS

Football fans will have a wide variety of broadcasts to select from this weekend as the Humble & Refining company broadcasts a full schedule of five games. Three of these games will be aired Saturday afternoon and two will be aired Saturday night. Starting at 2:30 p. m. the Texas University - Southwestern game will be heard over stations of the Texas Quality Network which includes KPHC, Houston; WOAI, the Antonio; WFAA, Ft. Worth; and KTBC, Austin. Kern ... a veteran of the Humble circuit will describe play-by-play with Hartford Weedon assisting with colorful pre-game and halftime activity.

The first conference game of the season will be broadcast from Little Rock, Arkansas, starting at 8 p. m. Charlie Jordan and Dave Ryan will bring a vivid word picture of the University of Arkansas - Texas Christian University game. This game will be heard over stations KGKO, Ft. Worth; Dallas; KTSA, San Antonio; and KXYZ, Houston.

At 2:30 p. m. the SMU-North Texas Agricultural college game will take the air from Owenby Stadium in Dallas. This game may be heard over stations of the Texas state network. Dave Ryan will be at the microphone for play-by-play description and Tony Bostick will assist with color and half-time comments.

The next game will come after lunch-time-out for dinner, as the Texas Aggies meet Texas Tech Aggies Stadium, San Antonio, tonight game. This game may be heard over stations of the Texas Quality Network, beginning at 8 p. m. Bill Michaels will give play-by-play description with Tony Bostick filling in with color comments.

Then at 8 p. m. Rice fans will get a description of the Rice - U.S. U. game from Tiger Stadium in Baton Rouge. These 2:00 o'clock stations will make some available to all who wish to hear it. Ves Box will give a vivid play-by-play report and Tony Jacobs will highlight incidents of the game.

Complete season Southwest Conference schedules in handy pocket form are still available at Humble stations and fans are invited to get their copies as long as they last.

COUNTY MAY REACH \$750,000

Eastland, Tex., Sept. 29, 1943. Cisco Daily Press.

At the close of business, Saturday, September 25, 1943, Eastland county passed its quota of \$597,300 for the Third War Loan Drive. Today, Wednesday, every town in the county has passed its quota except three of the smaller ones and they say they will have reached their goals by Saturday night, October 2.

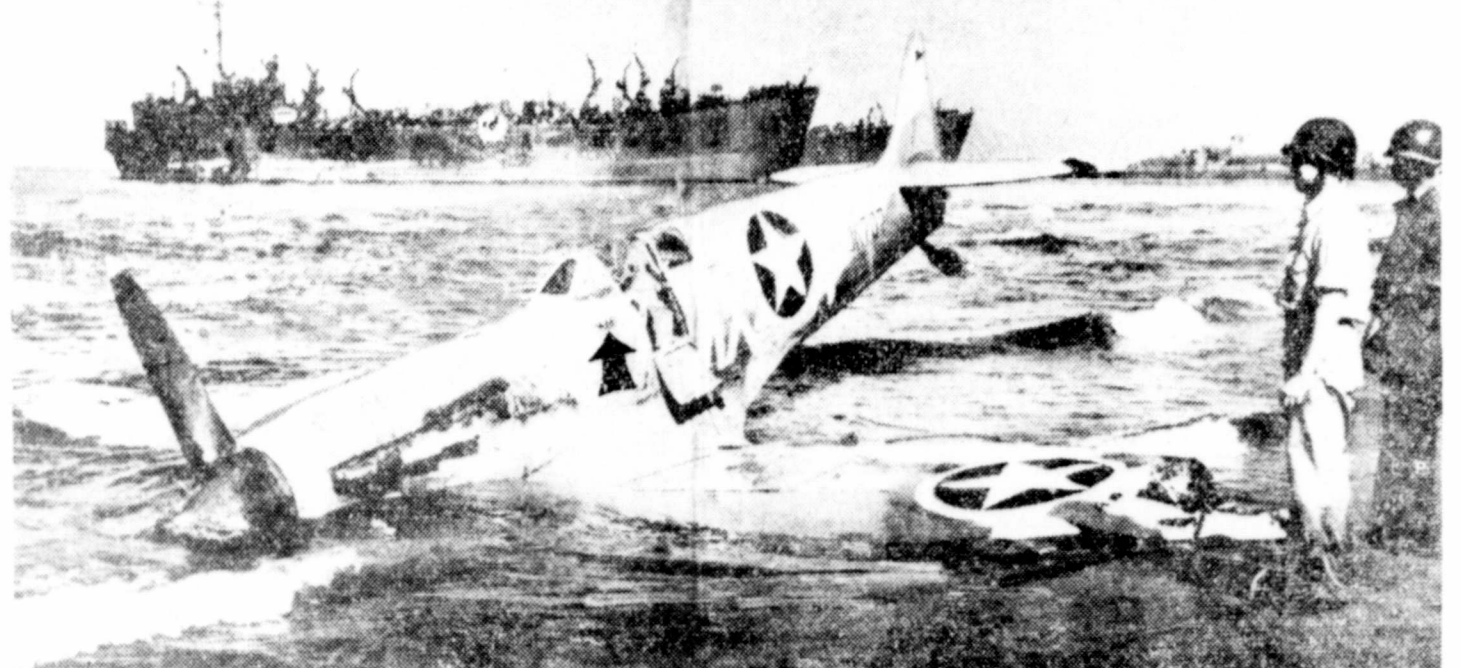

Unofficially, Cisco, Ranger and Eastland have passed their quotas from \$143,000 each to \$200,000 and it looks like they will all have reached their mark by the end of Saturday, October 2. Carbon, Rising Star, German and Pioneer have also passed their quotas and they are leading for new goals.

It may look as if the county will well at least \$750,000. This will exceed quota by 25 percent. This is a wonderful showing, the details of which will come forward next week when returns are all in.

Your county chairman has an out-of-county subscription of \$30,000 from a corporation that has been doing business in this county for more than half a century. This subscription is being allocated to the entire county and I will disclose the name of the corporation making this contribution at the close of the campaign Saturday, October 2.

At some of the banks, more bonds are being bought on this Wednesday than at any other time. Let's keep the good work up until Saturday night and, in a small way, be doing here what our boys are doing on 100 hard-fighting fronts.

Very kindly yours,
 CYRUS B. FROST,
 Eastland County Chairman.

IT PAID IN KIND—Spitfire fighter, bearing the insignie of U. S. Army Air Forces, was forced down to a crash landing on beach at Paestrum, Italy, during bitter fighting there. But it had made Axis pay dearly. Arrow indicates three swastikas painted on cockpit, denoting that three Axis planes had been its prey. Landing craft and transports in background.

GERMANS SAY THEY HAVE RETIRED FROM CITY AFTER DESTROYING PORT FACILITIES

U. S. LOSSES NOW PLACED AT ABOUT 85,000

LONDON, Sept. 30.—The American 5th Army has reached a point only two and one-half miles from Naples and German troops have nearly completed evacuation of the city, the Swiss radio reported today.

A Berlin dispatch to a Stockholm paper said German forces had evacuated Naples after destroying all harbor installations.

WASHINGTON, Sept. 30.—American Army casualties in the way to date total about 85,000, including 19,682 killed, Secretary of War Stimson said today.

The total Stimson told a press conference included the period from Dec. 7, 1941, through casualties at Salerno, and up to and including Sept. 15.

The casualties at Salerno, where the Allied beachhead was established in Italy and now is expanding, totaled 5,300 killed, wounded and missing.

BOND DRIVE ENDS SATURDAY NIGHT; CISCO TOTAL \$195,091; \$4,909 MORE NEEDED

Wednesday's Third War Loan Bond sales in Cisco were \$9,112.50.

Those figures, added to previous sales of \$185,978.50, brought the Cisco total to \$195,091—just \$4,909 short of \$200,000 or \$50,091 MORE than the goal of \$145,000 tentatively assigned this city.

The county quota of \$597,300 was passed Saturday and Judge Cyrus Frost, county chairman, says Wednesday's tabulation revealed that every town in Eastland county except three of the smaller ones had reached their quotas, with the cities of Cisco, Eastland and Ranger moving steadily forward to their self-assigned goals of \$200,000 each.

Wednesday bond sales in Cisco:

First National Bank	\$ 7,100.00
Palace Theater	1,112.50
Postoffice	900.00
	\$ 9,112.50
Previous sales	185,978.50
Total	\$195,091.00

CISCO HAD A PUBLIC DEBT GOOD RAIN IS NOW OVER LAST NIGHT 161 BILLION

Cisco had a nice rain last night, although it was not general over this area. The gauge at city hall registered 1.10 inches.

The Dan Horn community reports a good rain and Eastland received half an inch. The town of Putnam recorded 1.66 inches, with a good rain south of Putnam. Moran received only a sprinkle and Baird was passed up by the rain man.

WASHINGTON, Sept. 30.—The government's first quarter of the 1944 fiscal year ends today with war expenditures for the period well over \$20,000,000,000, and the public debt now standing at more than \$161,000,000,000.

War spending for the same quarter of last year was only a little more than \$14,000,000,000, and the public debt at the end of September, 1942, was a little over \$90,000,000,000.

At the present rate of spending, the national debt will soar over the \$200,000,000,000 mark this year — well over \$1500 for every man, woman and child in the United States.

ACE OF ACES—That's way you refer to Lt. Ken A. Walsh of Brooklyn, N. Y., credited with downing 20 Jap planes, in Pacific area. Marine flier's total "kill" is recorded by Jap flags on propeller blades. He's shown at a Pacific base. He has been shot down twice.

HIS TURN NOW—Bernard Leshner, left, Philadelphia Coast Guard gunner's mate of Jewish extraction, guards two wounded Nazi prisoners aboard a U. S. transport, off beach at Salerno, Italy. They were in 16th Panzer division.

PEP MEETING WILL BE HELD AT CITY HALL

Owing to the muddy field at Chesley Football Park and the prospects of more rain, Lobo football pep leaders announce that the bonfire and rally, scheduled for tonight at the park, has been called off.

Instead, the pep meeting will be held in front of city hall, weather permitting. Otherwise, the rally will be held in city hall auditorium. The rally hour is 7 o'clock, but all interested in the parade are asked to gather at city hall by 6:45.

Monroe Sweeney, coach, thinks there is no good reason why the Lobos should not show up well against the Stephenville heavyweights Friday night — if they show the proper fighting spirit. The rally will help instill that spirit, it is hoped.

DEFERMENT OF DRILLERS IN HANDS BOARD

AUSTIN, Sept. 30.—Deferment of oil drillers from military service is a matter for local boards to determine, Railroad Commission Chairman Jester was informed in answer to an inquiry he addressed to the national Selective Service office.

Jester disclosed the text of a letter from Lt. Col. Geoffrey J. O'Flynn of the selective service office which reads as follows:

"In the local board is vested discretion to determine the selective service status of any registrant, subject to appeal."

BLOODY FIGHT RAGES AT GOMEL, RAIL KEY

MOSCOW, Sept. 30.—Red Army troops stormed the approaches to Gommel, key White Russian railroad junction, today as their comrades to the south struck out from the east bank of the Dnieper and seized an island midstream under almost point-blank fire from Kiev.

Gommel already was invested from the south and east, and the capture of Zetka, only nine miles to the northeast, on the opposite bank of the Sozh river, raised a direct flanking threat.

The army organ Red Star reported that the Germans were rushing reinforcements from other sectors in a frantic effort to check the Russians, who swept up more than 170 towns and villages in their advance yesterday.

Capture of Gommel would unhinge the whole German defense system in Southeastern White Russia. The northern and central defenses already were threatened by a Russian drive through the Smolensk gate toward Vitebsk, Orsha and Mogilyev.

CHAPLAIN — Lieut. Hiro Higuchi, Hawaiian Jap, is second Japanese to receive chaplain commission in U. S. army. Higuchi, typically Japanese in appearance, trains at Harvard and represents a Congregational church.

EGG PRICES CHANGE OFTEN SAYS BOARD

Eastland county war price and rationing board is receiving constant changes on schedule and retail price of different grades of eggs, and those desiring information concerning these prices may contact the board at the county seat.

The board has also been advised that effective September 27 DOPA renewed the expiration date for shoe stamp 18, announcing November 1 as opening validity date for airplane stamp 1 in war ration book 3 for shoes. No expiration date has been specified for the stamps.

MOTHER OF LEE BURKETT DIED EARLY TODAY

Mrs. Annie Burkett, 81, died at the home of a daughter in Sweetwater early this morning.

Funeral services will be held Friday afternoon at 2 o'clock at the Church of Christ in Eastland, with burial in the Eastland cemetery.

Deceased was the mother of Lee Burkett who lives on F avenue, Cisco, and who is an employee of the T. & P. railroad. She formerly resided in Eastland and was a most estimable woman.

LOVE AT FIRST SIGHT LEAVES MAN IN FLIGHT

DALLAS, Sept. 30.—Love at first sight is not always reciprocal. At least that's what a Dallas man figured today as he looked back on a reception for his bride-to-be which turned into a farewell party.

The bridegroom said he met and fell in love with the tall, red-haired girl a week ago, became engaged and paid off some of her debts. At the reception, she lifted him from his billfold and left without saying goodbye, he said.

BRECHEN, 17 JOINED NAVY AT LUBBOCK

Billie Brechen, 17, son of Mr. and Mrs. W. D. Brechen, was accepted for naval service at Lubbock yesterday and left today for training camp at San Diego, Calif. He was born in Cisco, attended local schools and until recently was employed by Consolidated Aircraft Corporation, Ft. Worth.

Mr. and Mrs. Brechen now have three sons in the service. James H. Brechen, 35, is a tail gunner in the air service and is stationed in Missouri; Joel M. Brechen, 30, is connected with the quartermaster's corps at Berkeley, Calif.

MEXICO WILL START PAYING HER OIL DEBT

WASHINGTON, Sept. 30.—Mexico was scheduled to pay the United States \$3,796,391.04 today, the first payment of an additional total of \$20,137,700.84 in settlement of claims growing out of the expropriation of American petroleum properties in Mexico in 1938.

The state department announced that Mexico agreed to make the payments starting today. The balance will be paid in four equal annual installments of \$4,085,327.45 each.

LAW STUDES SCARCE

AUSTIN, Sept. 30.—"Rock bottom" has been reached by the University of Texas law school—at least that's what Dean C. T. McCormick is hoping. Enrollment this term is 40, with eight of that number being women students. This is a decline from a pre-war peak of more than 700.

WASHINGTON, Sept. 30.—Sen. Sheridan Downey (Democrat, California) asserted in the senate today that Germany could be bombed out of the war "in four months."

DETACHMENT.

These miraculous Nazis are also masters of language with an admirable gift for saying things in a way that nobody ever thought of before. Look at the brilliant message for instance that was used offensively after a recent performance at the Casino Club.

Be any ordinary citizen of an overseas would have said that Herr Hitler's speech had taken a low taking. Certainly they seemed to be stopped short by the fact that the speaker had taken residence in an apartment they had understood. They were clearly observed to blink and sweat and in the excitement of the moment as fast as they could they could carry with them, leaving the crowd to their parents.

But what did the common man say about the "speech"? It probably announced that the speaker had "detached" themselves from the enemy in accordance with him and them on a shorter line of resistance.

Apparently that is the best of will be from now on. The creature hangs to mind as a whole in which the speaker of a wrestling bout loaded of three ton weights on top of it.

SIMPLIFY.

There is a universal cry for the house ways and means committee at Washington starts the long-deferred and very important job of simplifying federal tax-making procedure. This job needs to be done not only for the benefit of the taxpayer, but for the benefit of the government. For they are the fellows who get into a mess at tax collection time and make trouble for everybody connected with the operation. And they say many more prevalent than the experts seem to think.

It may be incredible to people with mathematical minds, but it is a fact that in this country, apparently intelligent and capable men, when they are faced with a problem of simplifying a complicated tax system.

James Watson, chief of the tax department of the United States Treasury, said in a recent speech that the tax system is so complicated that it is almost impossible to understand. He said that the tax system is so complicated that it is almost impossible to understand.

and cake were enjoyed by those present.

Carl Richardson visited his sister Mrs. A. N. McBeth the latter part of last week.

Miss Vena McBeth spent the weekend with her parents Mr. and Mrs. McBeth.

Ima Belle Westerman, Cleo Westerman and George A. Brown, Jr., of Cisco were among those

present at the social Friday evening.

J. E. Stansell and Oliver Harrison were in the Okra community Tuesday.

Burford Cozart left last week for East Texas, where he is now employed.

David McCorkle, who has been visiting his parents, Mr. and Mrs. W. L. McCorkle, has gone to

Washington, D. C. where he is to be in school for a few months before returning to active duty at sea.

Mrs. Harel Bigbee, Martha Allen and Truett Myrick visited in the home of Mr. and Mrs. Albert Simpson Saturday.

ALL OUT FOR UNCLE—Frank Beech, 69, called from retirement to operate lathe at Porter locomotive plant in Pittsburgh, uses all his wages each week to buy War Bonds. He lives on royalties from water-softening device he patented. He has two sons in Army, one in war work.

BACKACHE, LEG PAINS MAY BE DANGER SIGN
Of Tired Kidneys

If backache and leg pains are making you nervous, you may be waiting for the day when you will have to take a more radical course. The old-fashioned, safe way of taking excess acid and poisonous waste out of the blood, they help most people pass about 4 poisons daily.

If the millions of kidney tubes and filters that work with poisonous waste matter pass in the blood, these poisons may start nagging backache, rheumatic pains, leg pains, loss of appetite, swelling of the ankles, swelling, puffing about the eyes, headache and dizziness. For relief, get a bottle of this simple, safe, natural medicine with an active ingredient that works with your kidneys and bladder. It is called "Backache Relief" for Dr. Dean's Pills. They give you relief and will help the millions of kidney tubes flush out poisonous waste from the blood. Get Dean's Pills.

Let's Get It Over With

When one thinks of all the suffering, bloodshed, loss of property and time, one is made to wonder how long the civilized nations of the earth will have to suffer before it is over and governments are restored to their citizens, and the liberties they have a right to enjoy are given to them.

We have put our hands to the plow; we cannot turn back; we must finish the task we have set for ourselves. Let's get it over with and return to peacetime pursuits.

JOHN STEINBECK

CABLES FROM LONDON

"I HAVE SEEN the soldiers come down from the ships and stand in long lines on the docks, their 'B' bags on their backs and their rifles slung over their shoulders.

"I have seen the supplies come in by the hundred shiploads, locomotives and tanks and trucks—acres of boxed food and great mounds of hams, shiploads of bombs stacked in from keel to hatch and all materials that we need at home—steel for bridges and buildings, food for our own people, material enough to make all America well fed and well housed and well clothed.

"I have seen the men climb into the Fortress in the early morning and fly away waving with elaborate nonchalance and I have seen the gap in the mess when they did not come back and the empty bunk, the blankets thrown aside as they threw them, and the framed photographs on the steel lockers.

"The men have gone up the gangway again to go into action and they jump from landing barges to a beach, strewn with the bodies of their own people, and they claw their way like animals into a hostile coast.

"I have seen the hospitals with the mangled men, the legless and blind, the fingerless hands and the burned faces—all the destruction that steel and fire can do to a man's body and mind. In God's name, what is it for except to get this horrible thing over with as quickly and as thoroughly as possible? And if this is true, it should not be a matter of 'Who will lend his money?' but 'Who dares not to?'"

Why Electricians Are Needed in Seabees

This photo, taken on a Pacific island, shows why the Seabees need electricians. A novice can't learn to operate one of these generators overnight—and the Navy hasn't the time to give all the men necessary to do the job the fundamental training. Seabees are the Construction Battalions of the Navy. They build roads, airplane runways, water works, sewage systems and just about everything necessary at a modern advance fighting base. The Army needs men for similar work in the Army Engineers. For full information about the Seabees, see any Navy Recruiting Station.

Founded 1918

WENTY-FIVE years is not old. Many firms boast histories embellished and hallowed by generations. Compared with these, we're a lusty, vigorous youngster.

That is, in YEARS. But, compared in terms of accomplishment, our first quarter century is impressive. It is indeed SIGNIFICANT. For in 25 years we've emerged from small, modest beginnings to become the Southwest's Largest Independent Coffee Roaster. All Texas can rightfully rejoice with us. To the loyal legion of Admiration customers who shared then as they share now the early enthusiasms, we renew our pledged assurance of every service and consideration. And to our hundreds of employees, grown from a handful, who gave so gallantly of their faith, young courage, and friendship—we express our most grateful appreciation.
