CISCO, TEXAS, FRIDAY, OCTOBER 15, 1943

NUMBER 28

GERMANS FEAR TRAP AND QUIT CRIMEA LINES

ROTARY SAW NOT ENOUGH OIL PICTURES WORKERS TO AT LUNCHEON MAKE QUOTAS

Numbers of visitors attended Rotary luncheon Thursday and were introduced by their hosts. Those with members enjoyed a program brought by O. J. Russell in the nature of a motion picture, entitled, "Trouble Lurks Below." Sponsoring and showing the picture were Bill Hogue, chief gauger of the Cisco division of the Humble company and Dave Franklin, personnel agent of regional industrial activities, with the Cisco division.

Other visitors were E. H. R. Sabens of Tyler, guest of J. J. Callaway, W. P. Gunn, division superintendent of the Humble line and Miss Helen Crawford, who was the guest of her father, E. P. Crawford.

President Lonnie Shockley called for announcements and Burl Williams rose to say that the Lions club had appointed a committee to arrange for the closing of stores next Friday afternoon during the Lobos' first home game, which is with Weatherford, suggesting that Rotarians work with the Lions in making the arrangements. President Shockley appointed J. W. Slaughter and J. E. Hays to serve on the committee. J. E. Hays announced that the closing contest with the Lions would be held next Tuesday night at 7:15 o'clock. He urged that team members do some hard practice before that time.

J. J. Callaway called attention to the fact that rationing of food would take place next Thursday, Friday and Saturday, under supervision of the public schools. Mr. Russell then introduced his program. Explanations of the various scenes of the picture were synchronized together, giving a long history of oil development in this country, showing the great use of a well at Corpus Christi which burned for a whole year before means were found to extinguish it.

There have been many formidable obstructions to be overcome and removed, the picture brought out before the mighty abundance of oil could be set flowing to power the world in the great struggle which consumes millions of barrels each day in war activities. The club showed its appreciation of the program by hearty cheers and Mr. Hogue and Mr. Franklin offered to show other pictures in synthetic rubber manufacture if members desired.

JAWS OBSERVE SUNDAY. HOUSTON, Oct. 15.—Custom is important in comparison to the real functions of the church, which is bringing opportunity for religious worship to all," Dr. Henry Barnston said in announcing that the largest Jewish congregations in Houston would observe for the duration the Christian Sunday rather than the Jewish Sabbath on Saturday to facilitate soldier attendance.

RETURNS—Mary Pickford, famous as "America's Sweetheart," is facing cameras for first time in ten years, at Universal Studios, Hollywood. She is making a patriotic short movie that will be distributed soon. Here she is as she reads a script.

Red Cross surgical dressings workers completed 1,720 2x2s Wednesday and 1,326 yesterday. Considering the comparatively few women who reported for work these two afternoons, the accomplishment was excellent.

Nevertheless, the new quota has been received and the old one is yet to be finished, which seems to be very clear evidence that Cisco ladies are not responding to Red Cross needs in sufficient numbers to meet the city's war responsibilities.

Twenty-four women participated Wednesday, while 21 were present yesterday. Refreshments of coffee, sandwiches and cookies were served on both occasions.

The workers for the two days included Mrs. Ed Aycock, Mrs. Harriet Evans, Mrs. B. F. Dunn, Mrs. A. J. McArdle, Mrs. Don McEachern, Mrs. R. C. McCarter, Mrs. W. J. Poe, Mrs. J. J. Tableman, Mrs. Alex Spears, Mrs. Paul Poe, Mrs. J. A. Jensen, Mrs. Austin Flint, Mrs. D. E. Waters, Mrs. Bob Latimer, Mrs. W. H. LaRomer, Mrs. G. R. Nance, Mrs. Homer Slesker, Mrs. A. E. Jamison, Mrs. F. J. Borman, Mrs. W. L. Lancaster, Mrs. W. W. Wallace, Mrs. W. B. Dunn, Mrs. George P. Fee, Mrs. Guy Ward, Mrs. F. E. Thomas, Mrs. A. R. Purfoy, Mrs. Harold McGowan, Mrs. W. C. McDaniel, Mrs. A. D. Anderson, Mrs. Roy Fenville and Mrs. Sam Kimnell.

SCRANTON ORGANIZES BOYS FOUR-H CLUB

Floyd Lynch, county agent, organized a boys' 4-H club at Scranton this week. Members include Billy V. Hewitt, Johnny Mills, Wayne Cozart, Paul Ray, Gene Hicks, Lawrence Ingram, Lewis Hail, Dale Boland, Johnny Price, Lloyd Saures, Earl Jordan, Jesse Mills, Bobby Gattis, Billy Warren, Wayne McCorkle, Bobby Blackwell, John E. Trimble, Stewart Speegle, Charley Elam, John Henry, Earl Ray.

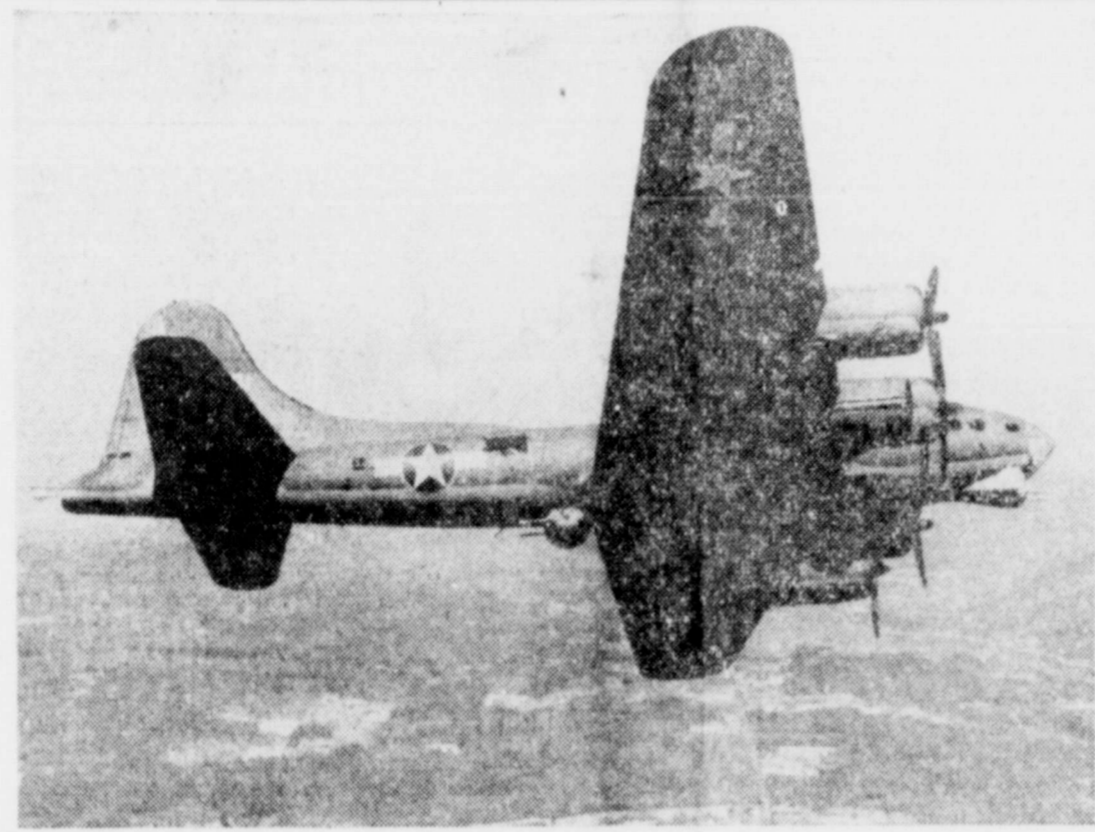

Officers are Jesse Mills, president; Bobby Gattis, vice president; Billy V. Hewitt, secretary; club reporter, Billy Fred Warren.

HUMBLE TO REPORT THREE GOOD GAMES

This week-end, for the first time since the football season opened, Southwest Conference members will play strictly "in their own back yard." The six teams pair off in three exciting conference games, which will be broadcast, as usual, by the Humble Oil and Refining Company.

At 2:30 the first game goes on the air with Harfield Weedin describing the preliminaries to the Texas University-Arkansas game. At kick-off Bill Michaels will take over the play-by-play account. Station KGKO, Dallas - Fort Worth, and many others will carry the game.

Texas A. & M.-T. C. U. game starts at 2:50 with Kern Tips at the microphone for his usual graphic description of the game and Dave Russell relieving in the color and statistical department. The game will be heard over stations KPRC, Houston; WOAI, San Antonio; WFAA, Fort Worth-Dallas; and WTAW, College Station. At 2:50 also, stations KTRH, Houston and KRLD, Dallas start airing the game between Rice Institute and S. M. U. Yes Box and Buddy Bostick will be the announcers.

EIGHTH GENERATION—Here's the newest and youngest of the B-17 Flying Fortress family. It's new Boeing B-17G. Note new powered "chin turret" armed with two 50-caliber machine guns to answer Nazis' favorite frontal attack.

JAPS FORMERLY OWNED IT—Los Angeles aircraft workers get first look at a Jap Zero plane that was shot down over Guadalcanal. Enemy plane will be sent on tour of nation under auspices of Naval Air Auxiliary from Los Angeles.

THEY UNDERSTAND—American soldier at left and British Tommy at right do not understand German, but Nazi prisoners captured in early fighting at Salerno, Italy, understand what those guns mean. Prisoners appear tractable, however, and they and the guards seem to be enjoying a joke, perhaps at the cameraman's expense.

HEREFORD EXHIBIT NOV. 15 BE GREAT ONE

DALLAS, Oct. 15.—As the final entry date, Oct. 18, draws near, it appears that a minimum of at least 400 of the country's finest Hereford cattle will be entered in the National Hereford Show here Nov. 15-20, Secretary T. G. Patterson of the Texas Hereford association, which is sponsoring the big show, said. There will be seven herds from Oklahoma, five from Colorado,

FORMER VELMA MORRISON HAS SILVER WINGS

Mrs. Velma M. Saunders, formerly Miss Velma Morrison and daughter of Mr. and Mrs. Leon L. Morrison, 505 W. Ninth street, Cisco, has graduated from the Women's Airforce Service Pilot training school at Sweetwater and received her silver wings.

The Sweetwater public relations office furnishes the Daily Press with the following facts concerning Mrs. Saunders: "Velma M. Saunders, 33, wife of George B. Saunders of 1623 W. Washington, Brownsville, and daughter of Mr. and Mrs. Leon L. Morrison of 505 W. Ninth street, Cisco.

"Mrs. Saunders is a former student of Randolph College, the University of Texas, Michigan State College and the University of Colorado. She began flying at Brownsville and has logged some 41 hours of private flying time. A daughter, Elizabeth Saunders, three, is living with Mrs. Saunders' parents in Cisco."

NANCE PRESIDED AT WAR FUND LUNCH

S. H. Nance, local chairman of the National War Fund committee, which will begin a drive Monday for Cisco's quota of \$2,500, presided at a meeting of selected workers at luncheon today.

About 50 people were present and listened to an interesting talk on the purposes of the drive by Mrs. Davis of Sweetwater, district field supervisor of the movement.

Complete data, with a list of the names of those who will push the local campaign here next week, will appear in the Daily Press of Sunday morning.

Eastland and Ranger have been at work on their quotas for several days and are said to be making good progress.

CLYDE LOVE-LADY IS AT RUSTON, LA.

RUSTON, La., Oct. 15.—In training here at Louisiana Polytechnic Institute for future duty as Marine officers are more than 200 young men, including Private Clyde Harrison Lovelady, Jr., son of Mr. and Mrs. Clyde Lovelady, route 4, Cisco, Texas.

Private Lovelady attended Cross Plains high school, where he participated in various sports. At John Tarleton agricultural college, Stephenville, Texas, he was a member of the football team and had one year's training in R. O. T. C., attaining the rank of corporal. These young men are being groomed as officers in the Marine V-12 college training program. They take regular college courses, with emphasis on sciences which help them in military life. Wearing Marine uniforms, the men live in barracks, eat in mess halls, receive the \$50 pay of a private, and are under the command of Marine officers. A strenuous physical conditioning program is a part of their curriculum.

YANKS RUN WILD.

PAIGNTON, Devon, England, Oct. 15.—Fourteen United States soldiers faced court-martial today when they were charged with mutiny at American Camp Cornwall. The charge grew out of a riot in the town square during which two military policemen were wounded.

AXIS DEFENSES OF SOUTHERN UKRAINE NEAR COLLAPSE FOLLOWING FALL OF ZAPOROZHE

U. S. AIR LOSS WAS REAL BLOW

LONDON, Oct. 15.—The United States suffered its biggest single aerial loss of the war—60 Flying Fortresses costing \$18,000,000 and carrying 600 men—yesterday in a raid that crippled and perhaps destroyed plants producing half of all the bearings required by the German war machine, it was revealed today.

The giant four-engine bombers encountered the greatest fighter opposition yet seen in the European theater, an official statement said, and, with the aid of fighters which escorted them part of the 900-mile flight, shot down at least 194 and perhaps 149 enemy aircraft. Only two of the escorting Thunderbolt fighters were lost.

Returning crewmen reported that the targets, three roller bearing plants at Schweinfurt in central Germany, were left wreathed in smoke and flames, but only later reconnaissance photographs can prove whether the results justified the cost to the Allies in men and machines.

DALLAS UNIONS CRAVE POLITICAL STRENGTH

DALLAS, Oct. 15.—Defeating state officeholders is more important than collective bargaining, union leaders in Dallas were agreed today.

Representatives of AFL, CIO and independent labor organizations mapped plans for their first concerted effort to take a share in Dallas county elections. They formed the Dallas County United Legislative committee, with the avowed purpose of getting at least 15,000 union voters to the polls.

This block of votes, said Fred Wilson, committee chairman, could hold the balance of power in the county.

MEXICO SETTLES ALL US. OIL CLAIMS

NEW YORK, Oct. 15.—The Mexican government has relinquished all tax and labor claims against American petroleum companies stemming from Mexico's expropriation of foreign oil lands in 1938, thereby settling at long last and in full the "oil question" with the United States. This action means that the American companies will now be paid in full, plus interest, the approximately \$24,000,000 indemnity set by an evaluation commission of the two governments on April 17, 1942.

VEGETABLES CHEAPER.

WASHINGTON, Oct. 15.—The Office of Price Administration, announcing a range of retail price ceilings for 13 fresh vegetables, has acted to reduce the cost of these food items as much as 30 and 50 per cent.

Moscow, Oct. 15.—German occupation forces were reported preparing today to withdraw from the Crimea to avoid entrapment by Russian troops closing in swiftly from captured Zaporozhe against the only land exit from the Black Sea peninsula.

Front reports said the German defenses of the entire southern Ukraine were on the verge of collapse after the fall of Zaporozhe, industrial stronghold on the Dnieper Bend.

Gen. Rodion Y. Malinovsky's army was reported pouring through the breach in the Zaporozhe-Melitopol-Crimea line in a race down the Dnieper toward the Perekop Isthmus, the capture of which would isolate the Crimea by land.

Melitopol itself was aflame as the Russians battled through the streets, as was Gorzel, at the opposite end of the Dnieper River defenses. Between them the Russians were beating down fierce German counterblows before Kiev and tightening their grip on the Ukrainian capital.

The massive battle of the lower Dnieper rapidly neared a decision as the Russians hurriedly mopped up at Melitopol, in order to join Malinovsky's men in the push down the corridor between the Dnieper and the Sea of Azov.

The railroad through Melitopol was cut, leaving the Germans a precarious wartime railroad from the Perekop Isthmus to Kherson, as their own escape route from the Crimea.

Soviet armed forces also were hammering the Eastern Crimea across the Kerchenski Straits, and by air were pounding the last rail line out of the peninsula, obliging the Germans to hasten their abandonment of the Crimea.

The Soviet Black Sea fleet now had the use of the Novorossiisk and Anapa harbors, giving it mastery of the central Black Sea, which was believed sufficient to frustrate any German attempts at a Crimean Dunkirk.

Front reports said Zaporozhe was a "veritable wilderness" of wreckage when the Russians moved in. The newspaper Izvestia said that in two years of war such "monstrous devastation" had not been encountered.

ALLIES MOVE FORWARD IN TREK TO ROME

ALLIED HEADQUARTERS, Oct. 15.—The Fifth Army, aided by a leap-frog landing behind enemy lines set the Germans back two to five miles from the Volturno river line all the way from the west coast to the Apennine Mountains.

American storm troops struck from bridgeheads above Capua, 17 miles inland from the sea, and seized dominating heights to the northeast, protecting the Allied flank and enabling Allied engineers to throw pontoon bridges across the turbulent Volturno.

Across these bridges and over ferryboats poured a ceaseless stream of tanks, tank-destroyers, guns, shells and other supplies to buttress the Fifth Army's attack that was moving relentlessly northward toward Rome, now less than 95 miles away.

WILDCAT STRIKE.

KEARNY, N. J., Oct. 15.—A wildcat strike at the Federal Shipbuilding and Dry Dock Company hit the nation's vital armament program today by paralyzing work on construction of fighting ships for the navy. Eight thousand quit in protest of the dismissal of five fellow union men.

CLASSIFIED

RATES: Four cents a word for three insertions. Minimum, 40 cents. Card of Thanks, 10 cents per line.

A Good Job, Well Done---

Those of us who have lived in Eastland County for a long time are not surprised at anything that may happen. When the September bond quota was announced, the size of the figure and the magnitude of the undertaking, made us dizzy. But intelligent leadership and perfect co-operation from the ranks did a great job. There will be future quotas, and with the same kind of leadership and loyalty by us who follow, we cannot fail.

Lamofilm

For added protection, all Admiration Lamofilm packages are wrapped and sealed with cellophane. This helps prevent moisture from seeping in between the inner-liner and outer paper bag.

FREE ORIADUT

Admiral's Lamofilm Coffee

3 PLY PACKAGE Sealed with Rubber!

Admiral's Lamofilm package is no hastily contrived wartime substitute. It's a special coffee container, scientifically designed to preserve the freshness—and therefore the aroma and flavor—of freshly-ground coffee. The inner-liner of the package is made of two sheets of grease and moisture proof paper, bonded together by a patented, rubberized cohesive. Hold a piece of the liner briefly over a match and you'll see. The lithographed paper bag which holds the liner gives added protection, strength—and a third "ply". Thus Admiration comes in three-bags-in-one. But that's not all. These are wrapped and heat sealed in moisture proof cellophane—still another protection. When you open your package of Admiration and you gather in that first, wonderful whiff of aroma—you'll understand what a really revolutionary development the Lamofilm package is. Buy it and save the difference.

Mrs. Franklin Crofts and infant son, Franklin Palmer Crofts II, who have been in Graham sanitarium, were moved to the home of her parents, Mr. and Mrs. Cecil Halbert, Sr., Thursday, where they will spend a few weeks before going to their ranch home.

Mrs. Hugh Taylor of Elizabethton, Tenn., will arrive tonight for a short visit with Mrs. J. E. Crawford and other Cisco friends. Mrs. Taylor will be remembered by many Ciscoans as the former Miss Mollie Vance, daughter of the late Dr. and Mrs. C. S. Vance.

Rev. and Mrs. Cooper Waters, Mrs. C. P. Cole, Mrs. Leon McPherson, Mrs. R. R. Jones and Mrs. Paul Poe attended the Baptist district convention at Leuders camp grounds, near Leuders, today.

Corp. and Mrs. Al Strasser of Abilene were guests of her parents, Mr. and Mrs. E. J. Poe today while enroute to Savannah, Ga. where he will be stationed at Hunter Flying Field.

Pvt. John Penn returned to his post at Camp Walters Thursday after a three-day visit at his home

in Cisco. Private Penn is stationed at the headquarters company reception center, there.

Mr. and Mrs. Sam Yeager of Pueblo community spent Tuesday afternoon in Cisco with their daughter, Mrs. S. E. Hiltson.

Dr. and Mrs. Gary L. Smith accompanied their grandson Gary Todd Smith to Sweetwater Wednesday for a brief visit with their daughter and husband, Mr. and Mrs. Sam A. Baugh.

Mrs. Sun M. Shelton and daughter Miss Myrtle Glenn Shelton of Abilene and their guests, Miss Betty Lee Paschall of San Antonio and Mrs. Harrison of Dallas, visited Mrs. Ida Shelton Thursday evening.

Mrs. Wm. Isenower was expected home today from Denton where she has been visiting her daughter Miss Dorothy Isenower, student at Texas State College for Women.

Mr. and Mrs. Hugh Boyd have returned from a visit with Mrs. Boyd's sister at Gainsville.

Mrs. C. M. Pogue and Mrs. Claude Arnett and son Bob of

Eden have returned home after spending the weekend in the home of Mr. and Mrs. E. C. McClelland.

Miss Marie Winston, teacher in Abilene high school, was expected to arrive today for a weekend visit with her parents, Mr. and Mrs. W. R. Winston.

Mrs. Dorothy Elliott, student of Hardin-Simmons University, will spend the weekend in Cisco with her sister, Mrs. Ralph S. Glenn.

Herman Reimer returned this week from a business trip to his old home near Marble Falls, Tex.

Glenn D. Rose transacted business in Dallas Thursday.

Miss Lois Killough of Moran is the guest of Mrs. Ben C. Metcalf.

Mrs. J. W. Weldon has returned to Leuders after a visit with her husband's mother, Mrs. Mae Weldon and Mrs. Ben C. Metcalf.

Mrs. Sleet Fambro returned this afternoon from a visit with Mr. and Mrs. T. C. Fambro at Breckinridge.

NEW RESIDENTS.

Mr. and Mrs. J. G. Dunlap are new Cisco residents and are now located in the home they recently

purchased at 909 W. Ninth street. Mr. Dunlap is a retired farmer and sold his Fisher county farm, near Sweetwater, some months ago. Mr. Dunlap is an old friend of the late Judge L. H. McCrea.

STOP JEWISH PAPER.

WASHINGTON, Oct. 15—President Roosevelt sharply rebuked

Argentina today for suspending publication of Jewish newspapers, terming this action in line with characteristics of Nazi doctrines. It was the second time within recent weeks that this government has reproved the only American

nation still maintaining diplomatic relations with the Axis.

Kaiser's ship-building achievement is unique. Think of putting over anything that big without the help of Kate Smith.

Pose is the quality that makes him seem at ease with a group of ladies when he is conscious of needing a shave.

Selfish people are those who always take the best everything just before you grab it.

TRAGEDIES

of War
Just Beginning
For Us.

The tragedies of war . . . soldiers being killed in large numbers . . . are just now beginning to be felt in America and in local communities, as messages come saying John and Bill have been lost in action.

As our troops invade new territory, disputed by the enemy, more and more such messages will be brought. This critical time is the test of our faith and our patriotism. If we can stand this crucial test, victory will be ours. Greater sacrifices are ahead. We must make them.

REPAIR SHOP NEEDS REPAIRS—Nazis couldn't take these guns with them when they fled Torre Annunziata, Italy, because Allied shells and bombs had just about wrecked them. Scene is in a German armament repair shop, where guns were being overhauled. radio picture flashed to U. S. by OWI radio service.

"A LUNCH-BOX FULL Isn't Enough!"
for a **DEFENSE WORKER**

» » It might satisfy—but just any hastily packed box of food won't give the strength that defense workers need and *must* have!

» » It's those invisible little particles called "Vitamins" which have to be in that lunch box if I'm to have the "Fighting Food" that's necessary these days.

» » Those precious food elements grow in fresh fruits and vegetables; they put the goodness into meats; but they have to be protected.

» » The food in my lunch box is cooked on an electric range and stored with electric refrigeration before be-

ing combined tastefully and correctly into well-planned lunches.

» » The electric industry, under business management, anticipated the needs of defense workers years ago—in advance of the present emergency. They went to work to build—in order to supply the power for appliances which make possible the preparation and preservation of food—so necessary on both the fighting and home fronts.
