

THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool.

CISCO—1,614 ft. above sea; Lake Cisco—three miles long, 87 ft. deep at Williamstown hollow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas, electric and ice plants.

VOLUME XXIV.

CISCO, TEXAS, TUESDAY, OCTOBER 19, 1943.

NUMBER 30

VOLTURNO AREA IS SAFE IN THE ALLIED BAG

CITIZENS ASKED TO CONTACT WAR WORKERS

From several sources the Daily Press learns that the War Chest Fund drive in Cisco is moving along very nicely. One team captain has reported that citizens assigned to that team have responded almost 100 percent.

Probably the greatest trouble encountered is that of calling at homes in the residential area and finding no one present. Those who contemplate patriotic contributions to the fund should bear in mind that second trips are very costly and trying on committee men and women. These workers also have their daily home and office tasks to perform and it would be nice indeed if other citizens would bear that fact in mind and make an effort to contact the solicitors.

Funds can be left with S. H. Nason, Cisco chairman, Norman Hudson, treasurer, or at any business house.

E. M. Howard, county chairman, reports fair progress throughout the county, with Eastland, Ranger and other cities nearing their goal lines. Gorman, it said, is already over the top.

17 4-H GIRLS CLUBS ARE REORGANIZED

Seventeen girls' 4-H clubs have been reorganized in Eastland county with a total membership of 466. The new clubs will consist of 17 4-H victory army, the new members being classified as privates and other members beyond the rank attained last year. Miss Childress states. Demonstration this year will be based on the victory demonstrators' plan. Clubs and presidents are: Sharon Valley high, Glynn Castiblanco, Carbon grade, Betty Jo Lynn, Alameda, Mary Gene Ferris, Dandemona, Jessie Lee Houder, Hodges, Oak, Maxine Limbaker, Young, Maxine Sharp, Olen, Betty Baker, Gorman grade, Shariene Lantrom; Gorman high, Maudell Taylor; Phoenix, Joyce Tyler; Cisco grammar, Jo Ann Scott; Cisco west, Dixie Hansen; Morton Valley grade, Joan Boyd; Cisco west, Dixie Hansen; Rising Star, Betty Sue Weatherman; Carbon high, Dorothy Daniel.

ATTENDED RANDOLPH

Mrs. Richie L. Davis of Dallas has received word that her husband, Captain Davis, a chaplain, was wounded in action in Italy on September 18. His parents, Mr. and Mrs. H. Davis, are residents of Brookridge, and he will be remembered in Cisco as having attended Randolph College during 1935.

WEDDED—Attractive Mrs. Colin P. Kelly, Jr., widow of the nation's first air hero of this war, was united in marriage recently to Dr. J. Watson Pedlow, Philadelphia chemical engineer. She has a child of three years and has been making her home with a brother in Los Angeles.

FOOD BOOK 4 BE ISSUED THIS WEEK

Sept. R. N. Clark told the Daily Press this afternoon that Ration Books No. 4 will be issued at the Cisco high school Thursday, Friday and Saturday of this week.

Hours are from 8 o'clock in the morning of each day until 6 o'clock in the afternoon.

However, no books will be issued Friday afternoon, because of the football game at Chesley Field.

Mr. Clark wants to make it very clear that those desiring the No. 4 Book must bring all of their No. 3 books; that these must be signed and filled out fully above the signature.

It is desired that citizens living north of Tenth street come Thursday, and those south of Tenth street on Friday, if possible.

People from rural districts may come at their convenience.

The books will be issued by public school teachers; half of the teachers will work mornings and the others afternoons.

The schools of the city will be closed Thursday and Friday.

SOUTHWESTERN LIFE NEW BUSINESS SOARS

At a meeting of the board of directors of Southwestern Life Insurance company in Dallas this week, C. F. O'Donnell, president, reported that although a large number of company agents are engaged in military service, new business written during the first nine months of this year was almost 25 per cent greater than new business written during the first nine months of 1942. The increase in insurance in force during the nine months of 1943 was more than \$20,000,000, which is the largest increase in insurance in force during any comparable period since 1929.

The company now has more than \$442,000,000 insurance in force.

During 1943 the company has paid in death claims on persons engaged in military and naval service \$201,282, and in addition has outstanding \$105,000 insurance on lives of persons reported missing in action; but the civilian mortality due to safer living habits and limitation on the speed at which automobiles may be driven, has been so favorable that the over-all mortality of the company during 1943 is far below the 1942 mortality record and compares very favorably with the over-all mortality record of the company for any comparable period during the last ten years.

TEXAS TURKEY CROP IS LARGE ONE

COLLEGE STATION, Oct. 19.—The Texas turkey crop will be a whopper this year and plans for Thanksgiving and Christmas dinners may include the normal quota of drumsticks and white quail, according to George P. McMeat, according to George P. McMeat, poultryman for Texas A. & M. College, who predicts the production of 3,750,000 birds.

This means plenty of turkey meat for both soldiers and civilians for both soldiers and civilians. The present market for grade A young turkeys is 30 to 32 cents, with 24 to 25 cents for grade C.

IN THEIR FOXHOLES—American paratroopers come out of their foxholes near Chiunzi Pass, Italy, to soak up some sunshine. They helped hold vital gateway to plains of Naples despite furious Nazi shellfire, as Allies advanced.

FRIDAY GAME WILL BE EXCITING ONE

Homer Tompkins, Bob Davis and Joe Philpott, Lobo foot ball dependables, are ailing, says Coach Monroe Sweeney, but are expected to be in the lineup Friday, when Weatherford comes to Cisco. The game will be called promptly at 3 o'clock at Chesley Field.

Cisco, says Mr. Sweeney, will be the under dog in this contest according to the relative scores of the two teams in the following games: Stephenville beat Weatherford, 8 to 6 and defeated Cisco, 33 to 7. Weatherford defeated Mineral Wells, 28 to 6, whereas Cisco beat Mineral Wells 31 to 7.

However, good workouts by the Lobos Monday and today, indicate that the Fighting Lobos, with their backs to the wall, are determined to avenge their defeat of last year at Weatherford.

A good turnout of citizens Friday afternoon will give the Lobos additional incentive to win, said Mr. Sweeney.

OIL MEN ENTITLED TO PRICE HIKE

AUSTIN, Oct. 18.—Declaring that there is no necessity for a political campaign in Texas at this time, Governor Stevenson Monday refused to make any comment on the recent statement by Gerald Mann, attorney general, indicating that Mann would run for governor if for anything and criticizing the governor as being out of line with the Washington administration.

Stevenson declared that while in Amarillo he had made no statement whatever to the effect he would seek a second elective term.

"A friend of mine in Amarillo discussed an editorial in a Houston paper urging me to announce," he said, "and stated he expected to run a similar editorial. All I said was 'That's all right.' When I addressed a meeting of oil men in Fort Worth last week, I praised the co-operation state officials have been giving me, including the attorney general."

The governor will address the Independent Petroleum Association in Fort Worth Oct. 27, and indicated Monday he probably will have some statistics to show that discovered oil reserves are plentiful.

"While I believe the reserves are adequate I believe the oil men are entitled to an increased price due to higher cost of production, increased taxation, etc.," he said. "Yet some of the oil men disagree on the reserve problem."

Stevenson said he had not been officially advised regarding the visit of Vice President Wallace in Dallas Wednesday and therefore has made no plans to see him.

NIGHT CLUBBERS — Navy Lieut. (sg) Rudy Vallee and Benay Venuta, who are radio teammates, dine out at Stork Club, New York. In private life, Benay is Mrs. Armand Deutch, whose husband is also an officer in Uncle Sam's Navy.

MUCH IN LITTLE—Gunnery Sgt. Jason Little of Taylorsville, N. C., displays his 23 medals. Ten are for pistol shooting; 18 for rifle marksmanship, earned during service in Cuba, Haiti, Nicaragua, China and Hawaii. In Marine Corps since 1925, he's now in South Pacific.

TEXAS WOMEN TO FLY FAST B-26 BOMBERS

DODGE CITY ARMY AIR FIELD, Kan., Oct. 19.—The first contingent of Texas tanned women pilots, wearing the silver wings of the 318th army air forces flying training detachments, today

arrived at the air field here to train to fly the B-26 Marauder, world's fastest and hardest hitting medium bomber.

The women, ranging from the wife of an army air forces major to a coed left college last April to turn aviatrix, are civilians with a special civil service rating which enables them to receive a strenuous nine-week course here similar to the instruction given army air forces pilots here.

Included in the group is Mrs. Velma Morrison Saunders, formerly of Cisco, Texas.

HULL, 72, ATE ROLLED OATS; WENT TO WORK

MOSCOW, Oct. 19.—Secretary of State Hull, highest United States official ever to visit Moscow, entered quickly today into the war's first three-man conference, meeting with his British and Russian counterparts, Anthony Eden and Vyacheslav Molotov, only a few hours after concluding his 14,000-mile journey to the Russian capital.

As the foreign secretaries settled down to the first day's business, the Soviet press turned the spotlight on the long awaited get-together, at which the Russians consider a "second front" in Western Europe an important topic.

Despite their long, hard trip, Hull and Eden were eager to begin the discussions. Both the American and British foreign officials expect the conference to lay the groundwork for future conversations among United Nations leaders.

Muscovites stood in long lines to purchase newspapers, all of which carried pictures of Hull, Eden and Molotov at the airport clear across the bottom of the front pages.

Mr. Hull, 72, who made his first airplane trip to get here, arose early and ate his favorite breakfast of American rolled oats. They were hard to find, but the Tennessee found them.

98 MORE JAP SHIPS VICTIM OF U. S. SUBS

WASHINGTON, Oct. 19.—Secretary of the Navy Knox said that American submarines have blasted 98 more Jap ships to the bottom of the Pacific, making a total of 319 enemy combat and merchant ships sunk since Pearl Harbor.

In addition to today's announcement of 98 Jap ships destroyed, Knox revealed that 4 more have probably been sunk and 45 additional damaged.

COASTAL GAS STOCKS ARE AWAY DOWN

HOUSTON, Oct. 19.—Stocks of all grades of gasoline held by independent refiners on the Gulf Coast continued to decrease during the last half of September, the Gulf Coast Refiners association says.

Total gasoline storage held by the 12 member companies decreased 165,000 barrels, cutting storage to 45 per cent of normal.

Stocks of all petroleum products on hand Oct. 1 totaled 2,500,000 barrels, a decrease of 150,000 barrels during the last half of September. This represented a stock position 50 per cent of normal for gasoline, kerosene, various burning oils and various grades of diesel oils.

TO INSPECT WILDCAT.

TALLAHASSEE, Fla., Oct. 19.—State Geologist Herman Gunter said today that he may inspect next week a wildcat at Sunniland in South Florida's Everglades from which a Humble Oil and Refining company geologist reported recovering "salt water with a bonafide showing of very heavy dark oil."

EXCHANGE PRISONERS.

GOTEBORG, Sweden Oct. 19.—The first exchange of prisoners of war between the Allies and Germany was being made at this Swedish port today as 4340 sick and wounded Allied soldiers, including 17 Americans, prepared to board ship for home.

LAST NAZI TOEHOLD ON NORTH BANK STAMPED OUT; AIRFIELDS IN ROME SECTOR UNDER FIRE

ALGIERS, Oct. 19.—Allied armies completed conquest of the German defense line on the Volturno river yesterday, stamping out the last enemy toehold on the north bank, in general advances along the 100-mile fighting front which overran 23 towns and villages.

American troops advanced on the right flank of the Fifth Army along the upper reaches of the Volturno in the most significant gains of the day which laid open the Appian Way to Rome.

British units comprising the coastal wing of Lieut. Gen. Mark W. Clark's army cleared the entire northern bank of the Volturno river from Capua to the sea.

The day's victories put the final seal on the bloody struggle for the river line athwart the coastal route to the Italian capital, on which the Germans tried in vain to make a stand.

As the battle of the Volturno ended, the British Eighth army beat off a number of German counter-attacks in heavy fighting and bucked ahead an average of three miles along the southern part of its front. The gains, synchronized with those of the Fifth Army, accentuated the long range flanking threat to Rome, already technically by-passed far to the east.

German resistance to the advancing American units beyond the upper Volturno definitely dropped off. Instead of the bloody hand-to-hand fighting in which the Nazis opposed the first attempts to smash the Volturno line, they now were back to their old trick of depending on artillery and heavy machine guns to delay their harriers.

American divisions struck northward in the region of the Volturno's upper reaches. Beyond Amoroso and Calazzo they captured Faichio, Avegnano, Gioia, Liberi and Pontelatone, the main strong points anchoring the German positions, together with several lesser communities.

Mitchell medium bombers with an escort of Lightnings swept across the Adriatic sea from Italian bases and raided Yugoslavia for the first time. They bombed railroad yards at Skoplje in southern Yugoslavia and caught enemy so flat-footed that he was unable to put up a single fighter or a single burst of anti-aircraft fire.

In Italy, Allied light bombers, fighter-bombers and fighters attacked airfields in the Rome area and farther north and enemy troop concentrations and communications at a number of points behind the German lines.

AIRMEN BLAST PAID \$5,000 - GERMAN CITIES 000 FOR CATASTROPHICALLY EFFECTIVELY TLE ONE DAY

LONDON, Oct. 19.—The RAF attacked Germany in a great strength Monday night, directing the main blow against Hannover, while Mosquito bombers blasted targets in Berlin and Western Germany, it was announced today.

Seventeen bombers were lost during the operations, the full results of which were obscured by clouds which partially covered the targets, the air ministry said.

Hannover, a city with a normal peacetime population of about 300,000, is the site of the great Continental Gummiswerke, where much of Germany's finished rubber products are manufactured. To reach the city British raiders had to fly a round trip of about 780 miles—provided they traveled in a direct line to and from the target.

BURIED AT ROMNEY.

Funeral services were held Monday at Romney for Mrs. F. M. Webb, 82, who died Sunday morning at the home of her daughter, Mrs. Alma Blackwell, in Stamford. Survivors include three sons, Bernard and Terry Webb, Ft. Worth, and J. B. Webb, Rising Star; also six daughters. One daughter, Mrs. Phronie Grubbs, lives at Eastland.

LINE MAY COLLAPSE.

MOSCOW, Oct. 19.—The critical German Dnieper line was threatened with collapse today when Russian forces battered their way through new breaches at either end of the Nazis' defense positions.

SWEETEST — Here's why Jacqueline Ward, 16, Miami Beach high school student, has been voted the "girl with the sweetest smile in South Florida." Chamber of Commerce gave her the title.

THE CISCO DAILY PRESS

Per week, by carrier boy 12c

RIGHTFUL OWNERS.

One by one the United Nations are winning the islands which make up the so-called Dodecanese in the Eastern Mediterranean. This group, originally Greek, was seized by Italy after her war with Turkey in 1912, and held as an Italian outpost. They dreamed of invasion of Asia Minor, and of conquest of part at least of Turkey. Recently the Dodecanese have been held by the Germans, who are now being gradually expelled. Now is the time in the group which is now the scene of a bitterly fought war.

However else Italy may fare in the future peace treaty, she must expect to lose those islands. She has no claim on them of any description. They are Greek, pure and simple, and should return to Greece. That will right a wrong of more than 30 years standing.

HARPIES.

Female harpies—in around military camps are going too far. There is the Arizona woman, for instance, who built up a business of marrying soldiers. She seems to have made a record in the ancient feminine game of "marrying for money." Her game was too good to be true. She was too good to be true. She was too good to be true. She was too good to be true.

Really, the Amazons of old Greek legend were a better lot. They were of some use in the world—fighting women who married to war against male armies, and often killed them. Even they had their faults, however, as judged by masculine standards. They, too, married rather freely, and when they got tired of their husbands, they just killed them and married on. They would always pick up another husband.

Maybe the Arizona girl had been reading about them. If so, she will have found it true and applicable to her. She is now in jail for 10 months. It may be a lesson for her—and for some others.

TEN YEARS.

Ten years ago the country was struck by the light, then coming to end, to repeat the pre-war boom, and by the depression, then entering upon its 10th year.

Now for every 1000 people there are 1000 unemployed. Our economic problems are more serious than ever. We need a program, not a program, but a program.

Except that we suddenly stepped in with the war, today's conditions seem equally without an answer. Yet it may well be that the dawn is just now, in the midst of some other perspective, we should look back on these days and wonder why they ever seemed so long.

Wouldn't it seem a little queer to an American of the last century that Americans of today would keep warm only by appealing to a man who is neither a prophet nor an elected public official, to let the miners mine more coal?

DOING WITHOUT.

As the war settles down into what seems like a last, long, grim slugging match, and Americans begin to pass the ammunition, Washington gives warning of still more curtailment of unnecessary living. There will be less gasoline for civilians, and the gas itself will be poorer quality, giving less mileage.

By this time the public is learning to "take it," so that every new shock in the form of privation, or loss of luxuries, tends to be

CHARGES IM- POSITION ON NEWSPAPERS

CIGARETS MAY BE RATIONED SOON IS FEAR

WASHINGTON, Oct. 18.—Senator Reynolds of North Carolina said today that cigarette rationing "is just around the corner" due to increased shipments of tobacco through lend-lease operations and a short tobacco crop at home.

"Everything points right now to the possibility that major brands of cigarettes will be rationed," the tobacco-state senator declared.

NIGHT COUGHS

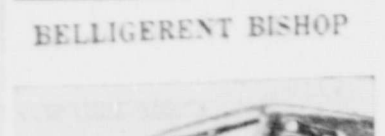

due to colds, croup, and whooping cough. Rub on VICKS VAPORUB APPROVED BY 2 GENERATIONS.

Cousin Henry is so polite and attentive to his wife that it looks as if he is expecting her to tip him.

Another mystery a few millions can prove to wax camp towns and war factory towns without levitation.

Dankhead, sponsor of a bill authorizing the treasury to place between \$25,000,000 and \$30,000,000 of paid war bond advertising annually in newspapers, criticized treasury opposition to the measure as it came before the senate banking committee.

BELLIGERENT BISHOP

716 "BATTLESHIP" BISHOP

SOUTH PACIFIC — Despite the non-combatant status of the clergy, Lt. LaMar Faught, of Urbana, O., former Ohio Wesleyan university athlete, affectionately christened the twin-engine transport plane he pilots over Jap-infested waters the "BattleShip Bishop."

Reason: Sportswriters for years have dubbed his alma mater's teams the "BattleShip Bishops" because this college is tops among the 130 educational institutions of The Methodist Church in supplying the denomination with bishops. Fourteen alumni and five former presidents and professors, elevated to this office are represented in this militant monkier.

CAN YOU IDENTIFY THE MEN UNDER THESE HATS?

Each of the men pictured below appears in the type of hat the public has become accustomed to seeing him wear. Here's another hint. These photos were all taken at the Pan American air base, which indicates that they travel a great deal.

A Good Job, Well Done---

Those of us who have lived in Eastland County for a long time are not surprised at anything that may happen. When the September bond quota was announced, the size of the figure and the magnitude of the undertaking, made us dizzy. But intelligent leadership and perfect co-operation from the ranks did a great job. There will be future quotas, and with the same kind of leadership and loyalty by us who follow, we cannot fail.

Earl Bender & Company, Inc.

LEGION AUXILIARY MET IN HUT. The American Legion auxiliary met Monday evening at Legion Hut for regular monthly meeting. Mrs. Paul Poe, president, opened the meeting and presided at the business period. Mrs. Poe gave an interesting report of the district meeting which was held at Ranger Sunday.

The auxiliary voted to give \$5 to a family near Scranton, who lost their home by fire recently; it was also voted to donate the sum of \$250 to the War Chest Fund. Report was made that preparation is under way for the poppy sale to be held soon. A piano duet was played by Mrs. Paul Poe and daughter, Mary Jeanette.

Those present were Mrs. D. J. Gorman, Mrs. H. N. Lyle, Mrs. E. T. Personett, Mrs. Paul Poe, Mary Jeanette Poe, Mrs. Charles Robert, Mrs. Laila Smart and Mrs. J. J. Tablienan.

Women's missionary society of East Cisco Baptist church met Monday afternoon at the church for mission study. The meeting opened with group singing of "Take My Life and Let it Be," followed with prayer by Mrs. John

Elmore. Mrs. Herman Barron taught the mission book, "Telling You How." The meeting closed with prayer by Mrs. Shobal Houston.

Those present were Mrs. Russell Dennis, Mrs. John Elmore, Mrs. E. E. Green, Mrs. G. R. Hightower, Mrs. Shobal Houston, Mrs. Carlton Holder, Mrs. Kelly Kinard and Mrs. Don Rupe.

TEXAS AWAY OVER. DALLAS, Oct. 19.—Texans officially are credited with \$519,942,695 of war bonds bought in the Third War Loan Drive. Nathan Adams, chairman of the state organization, proudly said that Texas not only exceeded its \$420,000,000 goal by 24 percent but also exceeded its goal for sales to individuals by 30 percent.

Our rich old aunt sent us a check this week, but it was not appreciated. She didn't send any coupons along with it.

Cousin Emma had to let her maid go. The maid got so she drank as much liquor as Emma does.

Christopher Brady of Peabody, Mass., is learning to be as accurate in firing against enemy planes as he was in passing a football. Corp. Brady, taking his master gunner's course here, played with Boston College in the Orange Bowl game last year.

TWINS THROUGH LIFE—They have looked alike for 80 years—Myrtle Bosley Snyder (left) and Mattie Snyder, identical twins, who celebrated their birthday on October 3 at their home in Chicago, Ill. They married brothers, both of whom are dead.

TYPE CASTING—Larry Robinson is the identical counterpart of the character he portrays—12-year-old John Dano, Jr.—in "A Woman of America," heard Monday through Friday over an NBC network.

Patricia Lochridge, well-known as a writer for radio, newspapers and national magazines, has just been appointed by the Woman's Home Companion as its Washington correspondent. Miss Lochridge resigned a year ago as assistant director of special events at Columbia Broadcasting System to accompany Elmer Davis to Washington where she served as Coordinator of Media in the Foreign Service Division of OWI. At OWI she was principally responsible for sifting and debunking enemy propaganda.

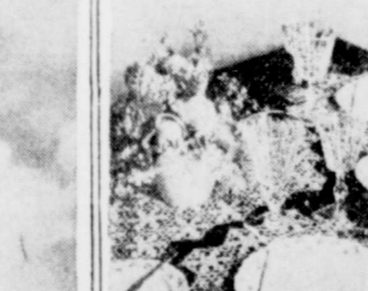

FROM FARM TO STAGE IN A FEW HOURS—Handsome Donald Burr, who is appearing in the current Broadway production, "Reverie," leaves the theater about midnight, gets back to a friend's farm after a two-hour subway, train and auto ride. Up at six, he works all day, comes in on the train—sleeping most of the way—and is ready for his makeup.

SOME FAWN—Farragut, Idaho—A fawn that comes out of the woods every day to be fed at the U. S. Naval Training Station here takes its meal while Armand Poirier of Detroit, Mich., ship's cook second class, holds the nipples bottle.

Place mats are becoming more popular every year with smart hostesses. Some of the loveliest ones are of hand-made crochet. This beautiful one gives the effect of Irish crochet—lovely against the dark wood. Matching medallions trim the napkins.

MODERN MOTHER TO BE—She wears the smartest maternity fashion, a jumper dress for comfort and style. This New York creation is smoky blue crepe with burgundy braid trim. With many blouses it may be worn for all occasions. The extra fullness is adjusted at the sides by means of snaps and the apron effect is sympathetic to the figure.

SWIMS "UP-GREEN"—Hollywood, Calif.—Esther Williams, former National swimming champion who is well on her way to stellar awards on the screen is typical of producers' growing interest in the girl of sparkling, wholesome beauty. She will appear soon with Red Skelton in the watercade film, "Mr. Co-Ed."

FOR COCKTAIL DATE—American Beauty blot feathers, crown dipping over one eye and blots sweeping behind her makes this an alluring hat for that cocktail date. Hat a feature of fashion show at Waldorf-Astoria, New York. Millinery Stabilization Commission.

It's a Family Affair

Yes, SOUTHWESTERN LIFE INSURANCE is a family affair...an institution in which a family of more than 160,000 Texans are regularly placing their surplus funds, assuring that their future will have an income when cash is needed most.

In purchasing Twenty-Year Family Income, many of them are guaranteeing that their loved ones will have a debt-free home, and a check for family needs every month...Some are using SOUTHWESTERN Ordinary Life to assure their children of a college education...Others are arranging for their families to carry on their businesses through the wisdom of SOUTHWESTERN Business Life Insurance...And some are looking forward to the day when they retire with their families, on checks that will come to them each month from a SOUTHWESTERN LIFE Retirement Savings Plan.

You, too, may make your financial future a happy family affair by placing your surplus funds in the hands of SOUTHWESTERN LIFE. Let us tell you more about it today.
