NUMBER 43

U. S. ARMY TAKES OVER JAPANESE CAMP

MATERIAL FOR SEVENTH RED CROSS QUOTA

Material for the seventh Red Cross surgical dressings quota assigned to Cisco has arrived and is waiting to be made, it is stated. It is hoped additional Cisco women can find a way to help in this work and complete it in time for a rest period during the Christmas holidays.

The work rooms, open from 1 until 5 o'clock each Wednesday and Thursday afternoons, is located in the Reynolds building and the quarters are sufficiently ample to accommodate a large force.

Twenty-seven women participated Wednesday and 24 on Thursday of this week. Surgical dressings to the number of 1,892 were completed Wednesday and 1,548 Thursday afternoon.

Wednesday workers: Mrs. Don McEachern, Mrs. J. A. Jensen, Mrs. Sam Kimmell, Mrs. F. J. Borman, Mrs. H. J. McArdie, Mrs. J. J. Tableman, Mrs. W. C. Hogue, Mrs. O. J. Russell, Mrs. W. W. Moore, Mrs. Ed Aycock, Mrs. Paul Poe, Mrs. A. D. Anderson, Mrs. G. R. Nance, Mrs. G. B. Langston, Mrs. G. P. Rainbolt, Mrs. O. G. Lawson, Mrs. Alex Spears, Mrs. R. L. Ponsler, Mrs. A. E. Jamison, W. D. Hazel, W. F. Watson, Mrs. Homer Slicker, Mrs. I. Johnson, Mrs. H. E. McGowan, Mrs. W. C. McDaniel, Mrs. Edward Lee, Mrs. Paul M. Woods.

Thursday: Mrs. W. J. Poe, Mrs. Les Jenkins, Mrs. W. C. McDaniel, Mrs. Homer Slicker, Mrs. George D. Fee, Mrs. G. R. Nance, Mrs. Bob Latimer, Mrs. H. E. McGowan, Mrs. F. J. Borman, Mrs. Fonville, Mrs. W. F. Watson, Mrs. W. W. Wallace, Mrs. George P. Fee, Mrs. R. L. Ponsler, Mrs. A. D. Anderson, Mrs. J. E. Caffrey, Mrs. O. G. Lawson, Mrs. Edward Lee, Mrs. H. J. McArdie, Mrs. Don McEachern, Mrs. J. A. Jensen, Mrs. J. J. Tableman, Mrs. O. J. Russell, Mrs. Alex Spears.

CARBARY ARRIVES SAFELY IN ENGLAND

Corp. Clarence A. Carbary, 35, son of Mr. and Mrs. H. A. Carbary, who is serving with the army air corps as a propeller technician, has arrived in England according to a letter received by the parents.

The young man was born in Michigan, but came to Cisco with his parents in 1920 and obtained his schooling here. He has been in the service about a year. His wife, Mrs. Oma Lee Carbary, makes her home with her parents, Mr. and Mrs. J. H. Spoon, Cisco. The corporal writes that rationing is very strict in England and that heavy rains have been falling there since his arrival.

Tech. Sgt. Norman A. Carbary, 32, a brother, is also with the army air corps and is stationed at the Waco airfield. He is what is termed a link trainer and has been in the service upwards of four years.

TEXAS' NET CASH NOV. 1 \$16,539,294

AUSTIN, Nov. 5.—Texas had \$46,430,434 in its 115 accounts on Nov. 1 and owed \$29,891,159 in unpaid warrants to bring its net status to \$16,539,294, says a statement by State Treasurer James. The indebtedness is mostly the \$23,877,562 deficit in the general fund.

Coincidentally, the state paid \$2 per capita on its \$25 school apportionment to 1,493,765 enumerated scholastics. This brings the total paid to \$8 and L. A. Woods said a \$3 payment will be made in December. The \$8 represents a total of \$11,960,120 and \$25-394,005 to be paid by Aug. 31, 1944.

CISCO GETS IMPORTANT CONVENTION

Howard H. Goss, field supervisor for the Texas soil conservation board, who resides at Temple, was here today and arranged for the state convention of district supervisors to be held here on December 14 and 15.

The meeting will be held at Laguna hotel and more than 100 supervisors are expected to be present, some of whom will arrive December 13, Mr. Goss stated. Among the guests will be several important men from the United States department of agriculture.

Meeting with Mr. Goss to formulate plans for the Cisco meeting were Mayor Edward Lee, P. R. Warwick of the chamber of commerce and Carter Belew, manager of Hotel Laguna.

The board operates under a Texas law adopted by the legislature in 1939. There are 100 official soil conservation districts in Texas, covering about 67 percent of the state.

Mr. Goss is well known in Cisco, having been principal of the west ward school in 1931-5, and also taught in the high school. He was married while in Cisco, his wife also being a teacher in the local schools at that time. The principal reason for the convention being held in Cisco is the lack of hotel accommodations in the larger cities, Mr. Goss stated.

SIXTH REPUBLICAN GOV. IS NOW ASSURED

LOUISVILLE, Ky., Nov. 5.—Virtually complete but unofficial reports on Tuesday's general election shows that Republicans were elected governor, lieutenant governor and to most of the other state offices in a sweeping upset.

Simeon S. Willis defeated J. Lyter Donaldson to become Kentucky's sixth Republican governor next month and the first of his party to win the office since Flem D. Sampson was elected in 1927.

Reports from all but nine voting precincts gave Willis, former appellate court judge, a margin of 8,067 over Donaldson, lawyer-banker and former state highway commissioner.

HOUSTON SYNTHETIC RUBBER PLANT TO OPEN

HOUSTON, Nov. 5.—Representative businessmen and civic leaders from throughout Texas will see synthetic rubber actually made on November 17 as another unit in the state's fast-growing synthetic rubber industry — the 60,000-ton polymerization plant near Houston — is placed formally in operation.

Financed by the defense plant corporation as part of the nation's war program, the plant will be operated by the Goodyear Tire & Rubber company of Akron, O., one of the nation's largest synthetic rubber producers. Goodyear also supervised the plant's construction.

Several hundred Goodyear tire dealers from Texas and Oklahoma districts will also inspect the plant at the opening-day ceremonies. Headed by Vice President R. S. Wilson, a large group of Goodyear officials from Akron will be present.

LUSTY EVACUEES—Lustily singing a song of their homeland, these Polish boys march snappily at a school in England. They were evacuated from Poland after the Polish-Russian agreement in 1941 and are receiving preliminary military training as well as a general education. They are attached to an RAF apprentice wing.

CISCO BLANKED EASTLAND HIGH SCHOOL

Before a crowd of about 700 people, Cisco high school football team defeated Eastland high yesterday by the score of 13-0, at Eastland.

Harrelson and Tompkins secured touchdowns and one touchdown acquired by Cisco was called back.

Cisco's band and pep squad were on hand in full force and the general attendance from Cisco was fair.

GEORGE HULL LIKES THE ENGLISH PEOPLE

Corp. George B. Hull, son of Mrs. Carrie Hull of route four, writes his mother of his safe arrival in England. He likes the country and the people, and says he has lots of fun trying to understand the British monetary system.

The Texan was impressed with the good looking farms and fat stock in that country and thinks the people very likable and hard workers. His trip across the big pond was thoroughly pleasant, he said.

WRONG IDEA OF WELFARE WORK EXISTS

AUSTIN, Nov. 5.—Misunderstanding of the word pension applied to state financial aid to aged persons complicates administration, John H. Winters, new executive director of public welfare in Texas, told the concluding session of a Texas Welfare association convention.

"We want you people who are in welfare work to interpret this program to the public," said Winters. "A pension is something a person gets as a right, such as a payment to a war veteran. Ours is an assistance program. If a person does not need help, it is illegal for us to aid him. If he does need help, it is our duty to aid him to the extent of our ability."

CAPTAIN COLE IS DEAD.

Writing to Mr. and Mrs. K. N. Greer from Oklahoma, Mrs. Rosell Daniel today announced the death of her brother-in-law, Capt. Ernest S. Cole, who died in a hospital in French Morocco, October 27. Captain Cole had visited in Cisco frequently and was well known to a number of Ciscoans, including the Greers.

US., BRITAIN, CHINA IN ACCORD

WASHINGTON, Nov. 5.—President Roosevelt announced today that the United States, Great Britain and China have agreed on joint operations on the continent of Asia against Japan.

The agreements among the three powers were made at a meeting of representatives of the three governments at Chungking. President Roosevelt, in a grimly confident mood, told a news conference that the Chungking agreement means bad news for Japan.

The Chief Executive, in giving the first news of the Chungking conference, disclosed that complete agreement on joint operations for a continental campaign in the Far East against Japan had been reached.

The conference brought together Generalissimo Chiang Kai-Shek, the Chinese fighting leader; Lt. Gen. Joseph Stillwell, Maj. Gen. Claire Chennault and Lt. Gen. Brent Somervell for the United States; Lord Louis Mountbatten, commander-in-chief of combined Allied operations in India, for Great Britain.

11 MILLION NAZI CASUALTIES CLAIMED

MOSCOW, Nov. 5.—The Russians held virtually every foot of land east of the Dnieper today from its mouth below Kherson and along its 650-mile course through the heart of the Ukraine north to Gomei as the prize of their summer campaign, which they said bled the Germans of 2,700,000 casualties.

Marshal Stalin's resume of four violent months of combat listed 900,000 Germans killed, 98,000 captured and 1,702,000 wounded, thus hoisting German casualties claimed by Russia to an astronomical 11,000,000, of which the Russians said 5,000,000 lay dead.

Swift sweeps over the southern Ukraine brought the Cossacks to the river banks opposite Kherson.

METHODISTS TO NAME PASTORS LATE TODAY

FT. WORTH, Nov. 5.—Central Texas Methodist Conference will adjourn late today after announcement of 233 pastoral appointments by Bishop Ivan Lee Holt and the selection of the site of the next conference in November, 1944.

Cisco, Cleburne and Fort Worth were mentioned as possible choices as the final session began.

Recess was planned after a brief business session in the morning until 2 p. m. to allow Bishop Holt and his 10 cabinet members time to complete the appointment of pastors.

TABER RENEGES.

WASHINGTON, Nov. 5.—Administration leaders failed today to convince Rep. John Taber (Republican, New York) that OWI needs additional funds for foreign propaganda. So the request for an extra \$5,000,000 will be fought out next Thursday on the house floor on a divided committee report.

100 WHITES WERE PRISONERS 4 HOURS; BUDDHIST PRIEST HINTS AT FURTHER TROUBLE

TULE LAKE, Calif., Nov. 5.—U. S. troops, armed with tanks, machine guns and bayonets, forcibly took over the troublesome Tule Lake Japanese Segregation Center today, and unofficial reports said about 20 casualties were inflicted among the Japanese internees.

Col. Verne Austin said steel-helmeted Army troops moved in last night after the situation became "explosive" at the center, where internees held National War Relocation Director Dillon Meyer and 100 white persons virtual prisoners for four hours during a demonstration Monday.

The soldiers rounded up 500 of the most recalcitrant Japanese and held them at the camp administration building for questioning. The camp is a segregation center for 15,000 "disloyal" Japanese from nine other West Coast relocation camps.

"They were getting near our ammunition depot last night when we caught them," one soldier said.

No official statement could be obtained on the nature of the Japanese casualties or how they were received.

Many of the Japanese under guard wore the uniform of the camp's internal police, indicating that the trouble-makers comprised the more influential element at the center.

The disheveled prisoners sat with their hands over their heads while their leaders underwent a two-hour questioning. First reports did not reveal how long the prisoners were held.

WRA authorities at San Francisco said that a Japanese Buddhist priest, who led Monday's demonstration, told camp officials that "we cannot take responsibility for what may happen here."

He intimated, they said, that the internees did not intend to yield in what appeared to be a planned campaign of provocation.

ALLIES SHORT-HOGS TOP CAPACITY; 25,000 TO ROME DAILY

ALGIERS, Nov. 5.—Moving with hard, swift punches deeper into Central Italy over the collapsed Maresco-Trigno River defense line, Allied 5th and 8th Armies advanced in all sectors today.

The fall of Venafro, one of the two inland highway centers which held the line together, was believed imminent.

The BBC correspondent in Algiers said American troops "are fighting in the outskirts of Venafro."

The 5th Army followed up the 8th Army's capture of Isernia, the other highway in the demolished line, by smashing through German positions to reach the vicinity of the Garigliano river, 80 miles south of Rome. Its low banks along the Tyrrhenian had been flooded by the Germans to delay the pursuit.

CHICAGO, Nov. 5.—With host arrivals topping the capacity of the Chicago stock yards, packers were forced today to carry over more than 25,000 head which they were unable to slaughter.

The congestion in pork packing plants throughout the country because of the manpower shortage threatened to create an acute bottleneck in hogs.

Prices dropped to the lowest levels in more than three months, bringing some "government weights" down to \$14 a hundred pounds, only 25 cents above the floor price which the government has promised to support for good and choice 200 to 270 pound hogs.

Despite the congestion, packers bought all hogs offered. None of the holdover hogs were owned by farmers.

FIGHTING DOGS—Two chihuahuas of Jane Deering, ballerina-ingenuette of "Early to Bed," were too small to fight for Uncle Sam. So they bought commissions in Dogs for Defense, New York, and now are saying good-by to Mike, owned by Coast Guardsmen Mortin Rubin, who joins K-9 Corps.

NASSAU FOLKS—Government policeman, proud of his uniform, stands guard outside the Supreme Court in Nassau, Bahamas, where Count de Marigny is on trial for alleged slaying of his father-in-law. Native woman balancing basket walks past.

LORD TAKES OVER—Lord Louis Mountbatten, right, who commands Allied troops preparing for Burma campaign, arrives in Delhi, India. He is greeted by Major Gen. George E. Stratemeyer of U. S. Army. Brig. Gen. B. J. Ferris, rear.

SALES TAX FAIR.

Every thoughtful citizen knows the importance of maintaining the solvency of our country and the industries that furnish jobs and payrolls which create prosperity. But he also knows that the necessity for taxing income until it hurts should not mean taxation to the point of destruction.

There is no difference between tax destruction of earnings that enable an industry to operate, and destruction of seed reserves which are needed to produce new food. There is a point beyond which it is dangerous to go in either the taxation of earnings or the reduction of grain supplies.

At last governmental economies to offset new tax demands seem unavoidable in order that the tax-earning ability of the nation, and therefore its solvency, may be preserved. This is the problem that now faces congress, and it will take wise and non-partisan statesmanship to handle our country's financial problems from now on if the earning ability of the nation for postwar readjustments and job-making activities is to be preserved.

If Washington desires to tap swollen war earnings and retard the inflationary trend, let a sales tax be adopted rather than a general increase in income taxes, which leaves largely untouched four-fifths of the national income. The hard-pressed taxpayer and small salaried man can control to some extent the sales tax through their purchases, while those squandering war wages would contribute a part of their excess purchasing power in taxes to the government.

RECOGNITION AT LAST.

War has one virtue. It reawakens a people's sense of values. For example, in peace-time everyone takes the local newspaper pretty much for granted. Its value to the community and to the ideals of freedom which the editor symbolizes with every opinion he expresses, is almost wholly lost to sight.

In ordinary times the editor is painfully reminded of the arbitrary value placed on his services. Advertising is hard to obtain. When it is obtained it is strictly on a basis of getting so many customers for so-and-so's gadget. Any advertising manager who bought space in newspapers with the partial objective of encouraging a free press and free enterprise would, a few years ago, have been looked upon as light-headed by his colleagues.

But today circumstances have changed. The nation is at war. It is at war to restore freedom to other nations and to perpetuate it in this country. Our people have had abundant opportunity to contemplate the horror of nations where freedom is dead.

Our business men, all of us, have observed that in those nations disappearance of personal liberty was accompanied by the disappearance of the virulent free thinking and free speaking editor. After the disappearance of the editor came the iron hand of dictatorship. It is not surprising that we begin to look upon the editor and the free press he represents as something to be preserved at all costs in this country.

Industry realizes at last that without our free press there could be no free enterprise. Industry realizes now that if it wants to do business at the same old stand after the war, it will have to first help preserve a system of government that will let private enterprise live. War has awakened industry to the value of the editor. Its representatives have discovered that the American press renders a service far beyond selling a few yards of Blank Company's cheesecloth. They are finding out that this latter service—the keeping alive of freedom—cannot be measured in dollars and cents, or bought by the inch.

IT'S A DATE -- DECEMBER 10.

If you were operating a railroad, an express company, or the post office, you would be looking ahead with apprehension to the flood of Christmas packages which will be seeking transportation shortly. You would know that one human failing is to leave Christmas shopping and Christmas shipping until the last minute.

Make "December 10" a deadline for shipping Christmas packages to be delivered in the United States, says L. O. Head, president of the Railway Express agency. Millions of special holiday address labels carrying the words, "Do not open until Christmas," will be available to the public without charge at all railway express offices.

Packing, wrapping and addressing should be done more carefully than ever before to withstand the stress of record-breaking shipments, and delivery problems. Let's all help!

Famous Singer Enjoys Her Coffee

MISS GLADYS SWARHOUT, well-known star of screen, opera and radio, enjoys her coffee on board the 20th Century Limited. With plenty of coffee now available for everyone, the New York Central System has reinstated the coffee pot service on its dining cars. Those who must travel in wartime can now at least have the pleasure of a second cup of coffee with their meal. This note of cheer is much appreciated in times like these.

The particular dessert shown in the above picture is a specialty of the 20th Century Limited. It is Caramel Custard and is said to be a favorite with the travelling public. Perhaps you would like to try serving it in your own home. If so, here is the recipe:

Caramel Custard
1/2 cup butter or margarine
2 cups brown sugar
4 eggs, whites and yolks beaten separately
1 quart of hot scalded milk
1/2 cup powdered sugar
Grated orange or lemon peel

Place butter and sugar in pot over fairly high flame. Stir continuously. When nice shade of tan, remove and allow to slightly cool. While still warm place a little of the caramel in each of six buttered custard cups. Fill each with custard.

Custard Recipe
Whip egg yolks, milk and powdered sugar. Add egg whites and grated peel. Cook on top of the stove until mixture starts to thicken. Pour into cups and place in pan of water and bake in moderate oven until well set. Yield: 6 portions.

GREAT FARM PRODUCTION EFFORT HELPS WIN VICTORIES

Farmers of the Cisco area are to be praised for their efforts during 1943 to produce more than their own needs so that there would be plenty to keep our own armies and allies constantly at the job of winning victories for Liberty.

MATURE LOVE — Rift now is reported in wedding plans of Victor Mature, former screen star, and Anne Shirley. They're shown celebrating recent announcement of their intent to marry at swanky Hollywood night club. Groom-to-be is now chief boatswain's mate in Coast Guard.

AGAINST WILKIE. NEW YORK, Nov. 5.—Former Republican National Committee Chairman John D. M. Hamilton is swinging around the country today promoting a stop-Wilkie movement and seeking an alternate candidate whom the GOP might nominate for president next year.

Mother says all men are alike, but she doesn't really think this. She knows father is far more inconsiderate than the others.

I WORK FOR YOU

I own my business, but my earnings depend upon the service I give—so, sure I work for you.

I'm just a hometown merchant, helping the homefolks as best I can, under wartime conditions, to keep our wartime transportation rolling.

I believe in the quality Magnolia Products I sell, at the sign of the Flying Red Horse.

What You Buy With WAR BONDS Finding Secrets

During World War I, divers did much in our battle against the U-boats, by locating destroyed subs and taking from them secret German codes and other vital information. We are using thousands for the same purpose in this war. Many War Bonds must be bought to pay for diving outfits as they cost up to \$2,900.

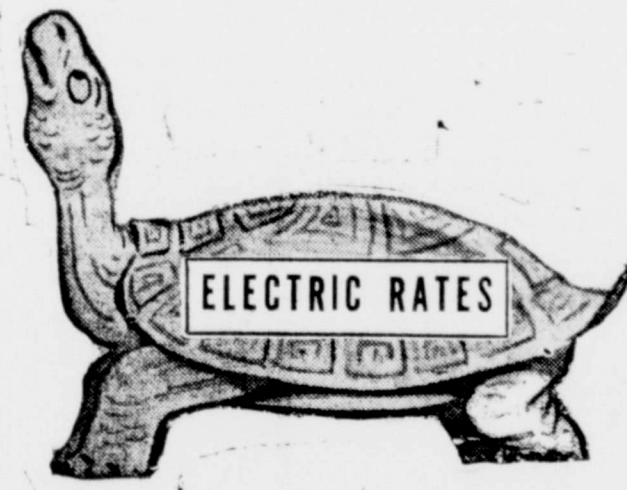

There is no secret to the War Bond campaign. The more War Bonds you buy the more you will save, and the more all of us save the better are our chances of victory in the battle for Freedom and against inflation.

LIVING EXPENSES

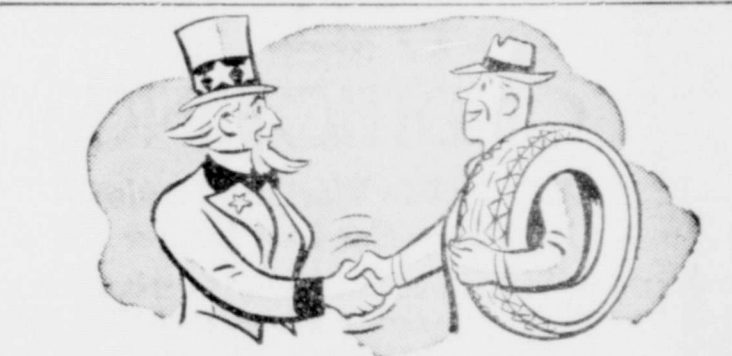

"Why Are You So Low?"

ELECTRIC RATES

TORTOISE: No need to look so surprised, my friend, Mr. Giraffe, Even though the difference in our sizes is quite surprising. GIRAFFE: Surprising is hardly the word, Mr. Tortoise, why it's alarming how many times higher I am, yet you remain so low. Tell me, when do you expect to grow tall? TORTOISE: That's just it—I don't! You see, Mr. Giraffe, far from going up, electric prices have been coming down—steadily! In the past three years, while the cost of living has climbed about 22 per cent, the average price of household electricity has dropped about nine per cent. GIRAFFE: It's remarkable! TORTOISE: You bet it is—why, for example, an average family

is getting just about twice as much electricity for their money today as they did 15 years ago. GIRAFFE: And is that good news to a budget?! TORTOISE: Meanwhile, the public has enjoyed the use of lots more electric appliances. GIRAFFE: But tell me, Mr. Tortoise, how is it possible for electricity to remain so cheap? TORTOISE: Because experienced business management has made it so. Your electric company has been on this job for years—and those years of experience count! They all add up to friendly, dependable service—at low cost even in wartime!
