FALL OF KIEV OPENS THE WAY TO POLAND

GALLUP POLL PUTS U. S. IN SORRY LIGHT

By GEORGE GALLUP, Director American Institute of Public Opinion.
PRINCETON, N. J., Nov. 6.—It may come as a shock to those who have been speaking up in recent months for free enterprise that only about three in every ten Americans have a clear idea of what the term means.

Knowledge of the term among the rank and file was measured by the institute in a nation-wide poll in which field reporters put the following question to an accurate sample of the total voting population:

"Will you tell me in your own words what you understand by the term free enterprise?"

Answers to this question leave no doubt that if proponents of free enterprise hope to enlist widespread public support under this banner they have first to do some work in educating the public on the meaning of the term itself.

Some, it is true, can give the kind of definition which would please the most rabid supporters of free enterprise. For example: "Industry run by the people themselves and not by the government," or "Business run with a minimum of government interference," or "Enterprise without government restriction," or "The right of a man to make a living for his family with less government regulation."

But far and away the great majority are either without any idea or with an erroneous one. Some, for example, confuse free enterprise with free trade between countries; others confuse it with free speech; still others, with freedom of the press.

It will probably be disturbing to those fighting on behalf of free enterprise to learn that at least some of those questioned gave such definitions of the term as these: "It means ability of industry to exploit labor without government interference. . . . Human effort in any field with the right to take advantage of labor or the public. . . . Freedom to exploit other people who know less than you do."

A printer in New York, apparently a little bewildered, said, "I just don't understand it. Why don't they tax it?" Another man replied confidently, "Sure I know what it means. It's something they give away."

A truck driver, who lives in Holdenville, Okla., said, "It means a hell of a lot to me. I don't believe in this stuff of telling a man what he can and can't do." A New York City drug clerk replied to the question, "Lady, I heard about it all my life, but I never seen it and it never did anything for me, free or otherwise." A soldier said: "Free enterprise is what the Republicans haven't got under Roosevelt."

On the statistical side of the picture, the institute survey also reveals these facts: Only one out of every four women can give a correct definition of free enterprise. Only about one out of six among unskilled laboring groups knows what the term means. Only one out of every four Democrats has a clear idea about its meaning; only three out of ten Republicans can define the term. Best able to define the term, from a percentage point of view, are professional and business people, including teachers, small shopkeepers, etc. About half among these can give a satisfactory definition.

BOMB EXPERT KILLED.

LONDON, Nov. 6.—"Bomb-sight Bertha," 23-year-old English girl expert on RAF bomb sights, was killed recently on a test flight. Wearing parachute harness over blue slacks, a blouse and sweater, the small, vivacious girl was a familiar sight to RAF personnel. She trained many of them as bombaimers. Her real name was Dorothy Robson. She was a graduate of Leeds University.

TANKS RIDE TO BATTLE—Army tanks now enter battle with full fuel containers and with cool motors, through use of new device called tank recovery vehicles. Vehicles weighing more than 40 tons carry tanks or other armored pieces into battle or withdraw disabled ones for repairs. Each vehicle is armed to protect itself from enemy ground and air attack and can operate for four days entirely on its own.

ENDURING PEACE IS THE GOAL

The United Council of Church Women of America will observe November 11 as World Community Day and the theme at all meetings throughout the country will be "The Price of an Enduring Peace."

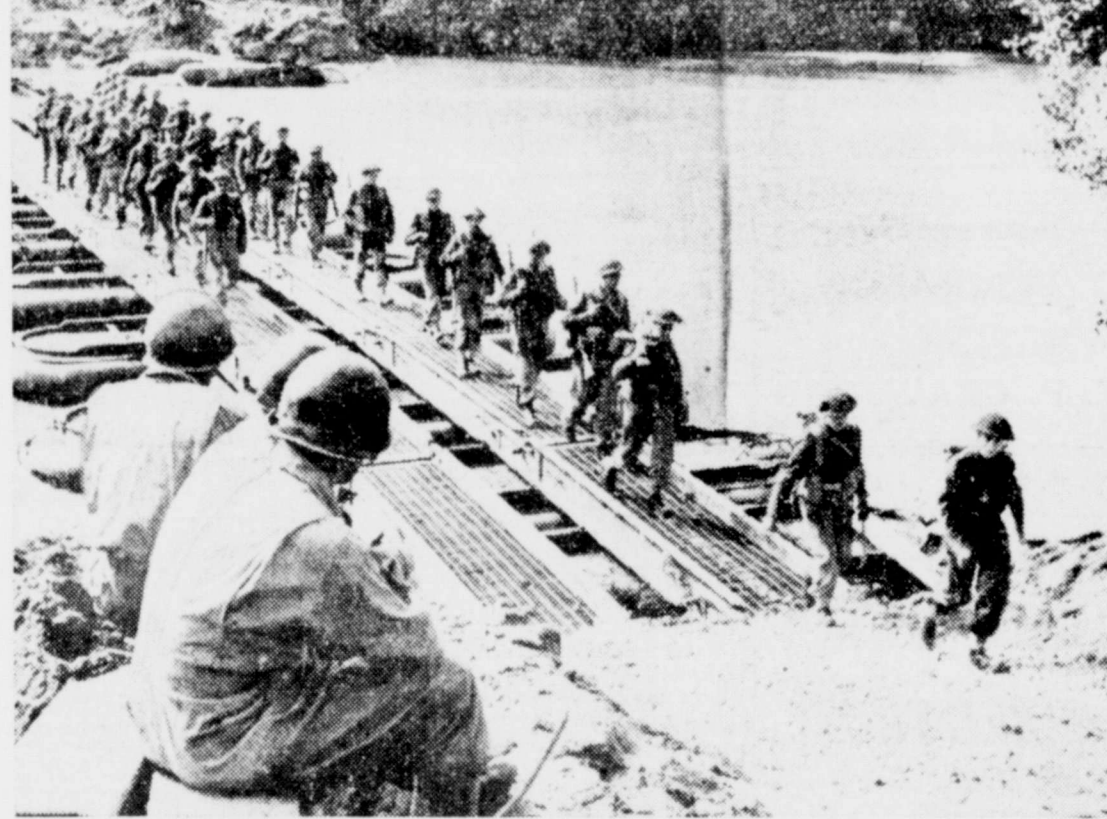

The general purpose of the meetings, in Cisco and elsewhere, is stated as follows: "For all church women to unite in a day's study of their responsibility for a just and lasting peace in a new world order and to continue programs of study and action in every church in every community."

An enthusiastic Cisco woman made this statement Saturday concerning the organization: "Through our church societies we have formed one of the greatest organized groups of women in the world; by celebrating Armistice Day with a study of the way to attain our goal, these millions of women in the many thousand communities of our land will be participating in the effort of the church to bring the influence of all Christian forces to bear upon the building of a world order based on Christian principles." The Cisco council, of which Mrs. John Shertzer is president, announces that Cisco women of all denominations will meet at First Methodist church Thursday from 9:30 to 1 o'clock and devote that time to a program prepared by the national council.

MR. and MRS. JOE CLEMENTS RETURN HOME

Mr. and Mrs. Joe Clements have returned to Cisco from Dalhart, where he has been engaged in construction work for the government and on next Wednesday will occupy their home at 1600 D avenue. They have been absent from Cisco for about two years.

Mr. Clements located in Cisco in 1889, is a native of Texas and came here from Bastrop county. He was a member of the city commission from 1930 until 1934 and, including that service, was in the employ of the city for a period of ten years and five months. He is a carpenter by trade and will seek work in that capacity.

BRITISH TRY YANK BRIDGE—Three U. S. Army Engineers watch British troops cross pontoon bridge which Americans have just completed across Voltorno River, in Italy. Bridge was installed despite heavy fire by Germans, who tried in vain to hold position there and force Allies to withdraw. Germans themselves had to quit.

CLEGG BEGINS THIRD YEAR HERE TODAY

Rev. L. H. Clegg, pastor of the Church of the Nazarene, today begins his third year as pastor of the local church. Mr. Clegg has been in the ministry since 1928 and came here from Borger. He was at Fort Worth three years before going to Borger.

"Our church has made very good progress the past year considering the shifting population," the minister stated. "The building has been enlarged and we now have ample room for the several rapidly growing departments of church work and everything is paid for. It is also very gratifying to me to know that I am serving one of the finest, most loyal congregations it has ever been my privilege to serve."

WANT FOOTBALL NEWS.

LONDON, Nov. 6.—Even in England there are usually hundreds of telephone calls for American football scores and the Stars and Stripes, official Army newspaper, has been forced to say "uncle." The newspaper has been so swamped by calls in the past few weeks that it announced that hereafter no scores would be given over the telephone. Soldiers will just have to wait until Monday's paper comes out.

Poverty isn't so uneasy at night as wealth. When a poor man hears a noise in the house at night, he knows it is another mouse.

JUNIOR COLLEGE STARTS NEW COURSE

Cisco Junior College's newly inaugurated class in homemaking will hold its first session in the high school building at 7:30 o'clock Monday night, says Mrs. Jimmie Alen, the instructor.

The course will consist of instruction in making slip coverings, upholstery and general

sewing. Interior decorating will also be taught.

Mrs. Alen, who holds a degree in home economics and took graduate work at North Texas State Teachers' college the past summer, will be glad to furnish prospective students with any information desired.

GERMAN CLAIMS

LONDON, Nov. 6.—German submarines operating in the North and Central Atlantic have sunk five Allied vessels totaling 29,500 tons, four escorting destroyers and one corvette, a Berlin broadcast said.

3 CISCO MINISTERS RETURNED

Ciscoans as a whole and members of the Methodist faith in particular were well pleased with the action of Bishop Ivan Holt in returning three ministers to their charges here following the close of the 78th annual conference of Central Texas Methodists at Fort Worth, Friday.

Rev. Leslie W. Seymour, pastor of Cisco First Methodist church, now begins his fourth year here; Rev. Seba Kirkpatrick, pastor of the Twelfth-st. church, his third year and Rev. W. H. Cole his second year as district superintendent. In addition to being capable members of the Methodist ministry, the three men are also esteemed locally for their consistent interest and work in civic affairs generally.

The next conference will be held in Fort Worth. The vote to determine the next meeting place was approximately 150 for Fort Worth and upwards of 100 for Cisco. Mr. Seymour placed Cisco in nomination.

Bishop Holt, who presided at the 78th conference, has now completed his tenure as bishop in this area, it is stated, and will very likely be assigned elsewhere next spring. He is very popular with Texas Methodists and is considered one of the outstanding leaders in church work.

Other Cisco district assignments are as follows:

Bluff Dale circuit, E. P. Swindell (supply); Breckenridge, R. J. LaPrade; Bunyan circuit, John J. Norris (supply); Burkett, L. M. Lawhon; Caddo, F. O. Garner; Carbon, T. G. Story; Cross Plains, H. C. Bowman; De Leon, J. A. Siscoff; De Leon circuit, H. J. Sanders; Desdemona, W. C. Ferguson; Dublin, O. O. Odum; Eastland, J. Daniel Barron; Gorman, Roy Johnson; Huckaby circuit, J. W. Tickner (supply); Olden, C. A. Warden (supply); Pioneer, L. B. Broughton; Putnam, Lee Roy Baker (supply); Ranger, A. B. English; Rising Star, C. V. Butler; Scranton, to be supplied; district missionary secretary, L. W. Seymour; district director evangelism, J. A. Siscoff.

TICKNER WILL PASTOR CHURCH AT HUCKABY

Rev. J. W. Tickner, an employee of the Radford Wholesale Grocery Co. here for 25 years, but pastor of the Methodist church at Bluffdale the past year, was in Cisco Saturday on his way home from the Methodist conference at Fort Worth. Mrs. Tickner accompanied him.

The former Ciscoan has been transferred to the Methodist pastorate at Huckaby, Erath county, and will take up his duties there at an early date. Son of the late W. J. Tickner, he was born in Cisco and has many friends here.

SLAV GUERRILLAS BUSY.

LONDON, Nov. 6.—Yugo-Slav guerrillas have launched an offensive to drive the Germans from the long Peloponnesus off the Dalmatian coast, a communique of the Yugo-Slav liberation army announced.

MOSQUITO BOMBERS.

LONDON, Nov. 6.—Swarms of British Mosquito bombers pounded western Germany last night to add to the devastation wrought by 3500 to 4000 Anglo-American planes across Axis Europe with 6000 tons of explosives during the previous 60 hours in the heaviest air assault in history.

RUMANIA TREMBLES AS LIKELIHOOD DEVELOPS RUSSIANS WILL CAMP ON DNEISTER SOON

Ancient Kiev, Russia's third city and capital of the Ukraine, has fallen to the Red Army, the Nazis acknowledged today, collapsing the German defense line along the middle Dnieper and opening the way to Poland.

Berlin admitted the loss of Kiev, city of 850,000 perched on the high west bank of the middle Dnieper, and Premier Josef Stalin announced the capture of the city in victory pronouncements celebrating the 25th anniversary of the Red revolution.

The loss of Kiev posed Adolf Hitler's greatest politico-military crisis of the war. His battered army group now faces the possibility of a gigantic Soviet encirclement and catastrophe, and Rumania became shakier as the likelihood developed that the Russians would be established on the Dniester this winter.

Berlin said the German garrison, estimated at some 200,000 men, pulled out of Kiev yesterday to escape encirclement. Russian forces who had invested the city were storming in from three sides, Moscow said, and most of the westward transport lines had been cut.

Soviet flying columns that had whipped around the western outskirts of Kiev from the north cut the railroad running southwest to Fastov and struck toward the Dnieper in an effort to trap as much as possible of the German garrison of 14 divisions before it can withdraw over the two inadequate roads to the south still in Axis hands.

The fall of Kiev knocks out the main German defense prop on the west bank of the Dnieper and lays open the Ukraine to a Soviet drive that may carry halfway across pre-war Poland to the Bug river.

The Nazi command threw fresh forces of tanks and infantry into the battle in a frantic but apparently hopeless attempt to stem the Russian avalanche. All counter-attacks were repulsed.

The destruction of 38 enemy tanks and dozens of guns testified to the fury of the fighting.

On the central front, the Russians captured several additional towns south and southwest of Nevel in their advance toward the Latvian border. Some 1000 Germans were killed, including the entire garrison of the defense base of Yermoshino.

SOUTH PACIFIC WLB APPROVED FIC SEA BAT-MINE AGREEMENT, 11 TO 1

SOUTHWEST PACIFIC, Nov. 6.—Fifty-three Japanese heavy and light cruisers, destroyers, transports and freighters—new stakes in the deadly game raging to a decision in the Solomon—are moving on Rabaul from Truk to within range of massed hundreds of American bombers.

Already the first bombs have hit one of the five southbound convoys in what shapes up as likely to be the most violent action since a 22-ship enemy convoy was destroyed by Allied planes last March in the Bismark Sea off New Guinea.

Headquarters reported Saturday the spotting of the enemy fleet units by sky patrols.

POPPY SALE SATURDAY WAS BIG SUCCESS

Saturday's poppy sale conducted by the women of American Legion auxiliary was a fine success said Mrs. James Haynie, chairman of the sales committee, approximately \$120 having been checked in shortly before 5 o'clock.

Of the 1,000 poppies consigned to Cisco, less than 100 remained on hand at that hour and several saleswomen were still on the job. Sales last year totaled about \$100.

Those who offered the tokens Saturday included Mrs. Paul Poe, Mrs. W. R. Huestis, Mrs. D. J. Gorman, Mrs. Charles Roberts, Mrs. Irene Hallmark, Mrs. James Haynie, Mrs. J. J. Tableman, Misses Mayne Estes, Patsy Nance, Mary J. Poe, Fern Huestis, Betty J. Gorman, Mayonne Lomax and Gene Grantham.

WASHINGTON, Nov. 6.—The return of peace to the coal fields—for the present at least—hinged today on the acceptance by John L. Lewis of reservations made by the War Labor Board in approving his wage contract with Coal Administrator Harold L. Ickes.

The WLB approved the agreement by an 11 to 1 vote late last night after two full days of deliberation. The lone dissenting vote was cast by Public Member Wayne L. Morse who objected to a contract negotiated "under duress of a strike."

The principal reservation required a revision in the provision for piece rate workers to prevent them from getting more than the general raise.

CAPITOL POLITICS.

WASHINGTON, Nov. 6.—Drive-for-action movement by new Republican committee in House is aimed at defeating Administration's food subsidy and roll-back program. Secondly, it is slap at Minority Leader Joe Martin's "tread lightly" policy. Advocates of more vigorous opposition to administration program threaten to force daily session and curtailed holiday recess in bringing showdown on controversial measures.

QUARREL—THEN STRIKE.

DETROIT, Nov. 6.—The third strike in two days hit the Rouge plant of the Ford Motor company when 5,000 employees became idle as a result of a dispute between the foreman and a worker. A total of 3,750 day shift workers were out in the production foundry, where the disagreement originated.

ALL WORKING TOGETHER.

Universal rejoicing among the United Nations greeted the announcement of the agreements reached at Moscow. China's appearance as a fourth signatory was a surprise, but a pleasant one; and Friday's whole-hearted endorsement of the Moscow compact by the United States senate put America on record as in full accord with the views of Secretary of State Cordell Hull, our representative at that meeting. The strong senate resolution, authored by Senator Tom Connally of Texas and passed by a vote of 85 to 5, should convince the Axis nations that this government is determined to go all the way in its promise to destroy the spirit of Hitlerism and establish wholesome, permanent peace.

Unconditional surrender was backed up at Moscow as a policy. United action after the war for the organization and maintenance of peace and security was also agreed on. One of the points which will do most to quiet fears is No. 6—that "after the termination of hostilities they will not employ their military forces within the territories of other states except for the purposes envisaged in this declaration and after joint consultation." This means that no one will invade another nation's territory except for just and known purposes.

No mention was made of postwar disposition of the Baltic states, but that can come later. It is evident that Russia will be less worried about them if a settlement is made with Germany by which she feels safe without them. She doesn't want them used as footholds for invasion of her own territory again.

Many other details remain to be worked out. But the results of the conference were so much better than most observers had dared to hope, that the gains so far made in mutual understanding among the Allies can be considered a major victory.

INTOLERANCE.

Dr. Samuel Eliot, former president of the American Unitarian association and minister of a famous Boston church, emerges from retirement to plead for an end of stupid intolerance and prejudice in this country. "The fate of the uprooted and plundered Jews who survive in Europe," he says, "is a matter of deep and immediate concern to every sensitive mind and heart." He is especially interested in joint action for the rescue and rehabilitation of Jewish children in Palestine.

Such movements should be supported more generously than they are, not merely as charity regardless of race, but also in recognition of Jewish gifts to the modern world. Although small in numbers, they have made large contributions to civilization. Wealthy Jews have been, as a rule, not only charitable to their own race but generous to other races. Their broad philanthropy in this country has been especially notable. It is well to remember such facts at a time when the Hebrews are suffering so bitterly in so many lands.

THE BOIL.

It is necessary to be clear about Germany and the world. It is there and will be there—a great numerous nation, which cannot be brushed off nor changed in mind and spirit in a few days or years of education from outside.

"Germany has been a boil on the neck of Europe for over a hundred years!" exclaimed a Cisco man the other day. "I wish they could break it into the original components which made it up before the Franco-Prussian war."

But that wish, like many others equally justified, is not realistic. It would be a backward step to dismember Germany. As a whole it made this war, and as a whole its post-war situation must be faced.

A boil may need to be lanced to get the bad stuff out. The skin around it must be kept clean lest it spread. If it is pushed back, poison will merely break out at other points—may even get into the bloodstream and kill the whole body.

There must be clean, swift, unsentimental surgery—but after it the region must be allowed to heal. The causes must not again be allowed to arise. Only thus can Europe—and the world—be free from poison, and become whole again.

YWA MEETING IN SHEPARD HOME.

Miss Cathryn Shepard was hostess to the young women's auxiliary of First Baptist church Tuesday night. Minutes of previous meeting were read by Miss Sylvia Hazel. A new member, Vivian Gene Grantham, was welcomed. Report of the hallowe'en party was made and Mrs. Leon McPherson told of an article she had read of how eager the boys with the armed forces are to get letters. The article was written by a marine and Mrs. McPherson asked members of the auxiliary to take the address and write the young man.

It was voted to ask Mrs. Cooper Waters to give a report of a mission book which the auxiliary should study before the Lottie Moon week of prayer in December.

The program, "Right At Your Door, Christian America," followed.

The meeting adjourned to meet November 9, in the home of Joann Baker, 704 W. Eighth street.

Refreshments were passed to Misses Betty Jean Guthrie, Billie Jean Hall, Louise Norris, Veda Faye Ramsower, Sylvia Hazel, Dorothy Grantz, Dorothy Nell Pugh, Vivian Gene Grantham, Joann Baker, Dorothy Jackson, Doris Thomas, Bonnie Jean Wilson, Cathryn Shepard, Mrs. Leon McPherson and Mrs. Shepard.

MRS. STEPHENSON CLUB HOSTESS.

The Thursday Forty-two club was entertained at regular meeting Thursday in the home of Mrs. G. M. Stephenson. The house was festive with decorations of cut flowers in autumn hues and potted plants. Mrs. D. Ball won high score for members in the games of the afternoon and Mrs. J. C. Irwin won high for guests.

Refreshments were passed at the close of the games to the following members and guests: Mrs. D. Ball, Mrs. T. J. Dean, Mrs. Franklin Leach, Mrs. W. H. LaRoque, Mrs. J. E. Crawford, Mrs. Sam Baugh, Mrs. J. C. Irwin, Mrs. E. L. Pugh, Mrs. J. R. Wright, Mrs. E. McCracken, Mrs. W. W. Moore, Mrs. Joseph L. Kreps and the hostess, Mrs. G. M. Stephenson.

H. W. SCHMIDT'S DINNER PARTY HOSTS.

Mr. and Mrs. H. W. Schmidt entertained employees of the Mott stores with a dinner party Tuesday night in their home on Front street. Decorations were of cut flowers and the table was centered with a bowl of the blossoms.

Following the meal the group was entertained with games of finance, monopoly and bingo until a late hour.

Guests present were Misses Edna Hageman, Margie Crawford, Ella Jo Cone, Billie Beth Bacon, Ann Taylor, Mrs. Opal Taylor and Mrs. Laura Greenhaw.

EIFERT-WENDE WEDDING MONDAY.

Miss Lissette Eifert, daughter of Wm. Eifert of the Lutheran community became the bride of Sgt. Herbert E. Wende, son of Mr. and Mrs. Charlie Wende, in a ceremony which took place at 7:30 p. m., Monday, November 1, at Christ Lutheran church. The Rev. E. Steyer officiated and read the rites before an altar of greenery and white chrysanthemums, flank-

ed by tall lighted white tapers. Miss Dora Wende, sister of the bridegroom played the nuptial music. Miss Alice Ruth Eifert, niece of the bride, was maid of honor and Miss Lubena Wende, sister of the groom, was bridesmaid. Willie Wende attended his brother as best man and Ben Weiser served as usher.

Following the wedding 160 guests were entertained at a reception in the Wm. Eifert home.

Out of town guests were Mr. and Mrs. John Bonthe and sons of Abilene; Rev. Paul Eifert and daughter, Alice Ruth of Warda; Mrs. E. H. Eifert and daughter, Mildred of Winchester; Mr. and Mrs. Carl Stephen and family of Plainview; Mr. and Mrs. Alvin Stephen of Merkel.

Mrs. Wende graduated from Cisco high school and later taught in the Port Arthur public school for three years. Mr. Wende was a prosperous young farmer in the Lutheran community until he entered the army. He is now stationed at Camp Gruber, Okla., where the young couple will make their residence for the present.

CHILD STUDY CLUB MEETING FRIDAY.

Congratulations, Farmers of AMERICA

We extend hearty congratulations to the farmers of the Cisco area and all America as well for their great effort in producing the abundant harvest of this year that backs the soldiers in foreign fields in their work of pushing back the enemies of liberty who are trying to wreck civilization and all that it stands for in the world. Without an abundant yield of foods our soldiers would be sadly crippled in their fight across the seas where all their food must come from the fertile fields of American farms.

Farmers join hands with the military effort by seeing to it that plenty of food goes by constant convoys to keep our soldiers in perfect health as the best fed army in the world.

Eastland county farmers are doing their part.

Sincerest congratulations are deserving. Continue to produce food for freedom.

FALL OF KIEV OPENS THE WAY TO POLAND

GALLUP POLL PUTS U. S. IN SORRY LIGHT

By GEORGE GALLUP, Director American Institute of Public Opinion.
PRINCETON, N. J., Nov. 6.—It may come as a shock to those who have been speaking out in recent months for free enterprise that only about three in every ten Americans have a clear idea of what the term means.

Knowledge of the term among the rank and file was measured by the institute in a nation-wide poll in which field reporters put the following question to an accurate sample of the total voting population:

"Will you tell me in your own words what you understand by the term free enterprise?"

Answers to this question leave no doubt that if proponents of free enterprise hope to enlist widespread public support under this banner they have first to do some work in educating the public on the meaning of the term itself.

Some, it is true, can give the kind of definition which would please the most rabid supporters of free enterprise. For example: "Industry run by the people themselves and not by the government," or "Business run with a minimum of government interference," or "Enterprise without government restriction," or "The right of a man to make a living for his family with less government regulation."

But far and away the great majority are either without any idea or with an erroneous one. Some, for example, confuse free enterprise with free trade between countries; others confuse it with free speech, still others, with freedom of the press.

It will probably be disturbing to those fighting on behalf of free enterprise to learn that at least some of those questioned gave such definitions of the term as these: "It means ability of industry to exploit labor without government interference. . . . Human effort in any field with the right to take advantage of labor or the public. . . . Freedom to exploit other people who know less than you do."

A printer in New York, apparently a little bewildered, said, "I just don't understand it. Why don't they tax it?" Another man replied confidently, "Sure I know what it means. It's something they give away."

A truck driver, who lives in Holdenville, Okla., said, "It means a hell of a lot to me. I don't believe in this stuff of telling a man what he can and can't do." A New York City drug clerk replied to the question, "Lady, I heard about it all my life, but I never seen it and I never did anything for me, free or otherwise." A soldier said: "Free enterprise is what the Republicans haven't got under Roosevelt."

On the statistical side of the picture, the institute survey also reveals these facts: Only one out of every four women can give a correct definition of free enterprise. Only about one out of six among unskilled laboring groups knows what the term means. Only one out of every four Democrats has a clear idea about its meaning; only three out of ten Republicans can define the term. Best able to define the term, from a percentage point of view, are professional and business people, including teachers, small shopkeepers, etc. About half among these can give a satisfactory definition.

BOMB EXPERT KILLED.

LONDON, Nov. 6. — "Bomb-sight Bertha," 23-year-old English girl expert on RAF bomb sights, was killed recently on a test flight. Wearing parachute harness over blue slacks, a blouse and sweater, the small, vivacious girl was a familiar sight to RAF personnel. She trained many of them as bombaimers. Her real name was Dorothy Robson. She was a graduate of Leeds University.

TANKS RIDE TO BATTLE—Army tanks now enter battle with full fuel containers and with cool motors, through use of new device called tank recovery vehicles. Vehicles weighing more than 40 tons carry tanks or other armored pieces into battle or withdraw disabled ones for repairs. Each vehicle is armed to protect itself from enemy ground and air attack and can operate for four days entirely on its own.

ENDURING PEACE IS THE GOAL

The United Council of Church Women of America will observe November 11 as World Community Day and the theme at all meetings throughout the country will be "The Price of an Enduring Peace."

The general purpose of the meetings, in Cisco and elsewhere, is stated as follows: "For all church women to unite in a day's study of their responsibility for a just and lasting peace in a new world order and to continue programs of study and action in every church in every community."

An enthusiastic Cisco woman made this statement Saturday concerning the organization: "Through our church societies we have formed one of the greatest organized groups of women in the world; by celebrating Armistice Day with a study of the way to attain our goal, these millions of women in the many thousand communities of our land will be participating in the effort of the church to bring the influence of all Christian forces to bear upon the building of a world order based on Christian principles."

The Cisco council, of which Mrs. John Shertzer is president, announces that Cisco women of all denominations will meet at First Methodist church Thursday from 9:30 to 1 o'clock and devote that time to a program prepared by the national council.

MR. and MRS. JOE CLEMENTS RETURN HOME

Mr. and Mrs. Joe Clements have returned to Cisco from Dalhart, where he has been engaged in construction work for the government and on next Wednesday will occupy their home at 1600 D avenue. They have been absent from Cisco for about two years.

Mr. Clements located in Cisco in 1889, is a native of Texas and came here from Bastrop county. He was a member of the city commission from 1930 until 1934 and, including that service, was in the employ of the city for a period of ten years and five months. He is a carpenter by trade and will seek work in that capacity.

BRITISH TRY YANK BRIDGE—Three U. S. Army Engineers watch British troops cross pontoon bridge which Americans have just completed across Voltorno River, in Italy. Bridge was installed despite heavy fire by Germans, who tried in vain to hold position there and force Allies to withdraw. Germans themselves had to quit.

CLEGG BEGINS THIRD YEAR HERE TODAY

Rev. L. H. Clegg, pastor of the Church of the Nazarene, today begins his third year as pastor of the local church. Mr. Clegg has been in the ministry since 1928 and came here from Borger. He was at Fort Worth three years before going to Borger.

"Our church has made very good progress the past year considering the shifting population," the minister stated. "The building has been enlarged and we now have ample room for the several rapidly growing departments of church work and everything is paid for. It is also very gratifying to me to know that I am serving one of the finest, most loyal congregations it has ever been my privilege to serve."

WANT FOOTBALL NEWS.

LONDON, Nov. 6. — Even in England there are usually hundreds of telephone calls for American football scores and the Stars and Stripes, official Army newspaper, has been forced to say "uncle." The newspaper has been so swamped by calls in the past few weeks that it announced that hereafter no scores would be given over the telephone. Soldiers will just have to wait until Monday's paper comes out.

JUNIOR COLLEGE STARTS NEW COURSE

Cisco Junior College's newly inaugurated class in homemaking will hold its first session in the high school building at 7:30 o'clock Monday night, says Mrs. Jimmie Allen, the instructor.

The course will consist of instruction in making slip coverings, upholstery and general

sewing. Interior decorating will also be taught.

Mrs. Allen, who holds a degree in home economics and took graduate work at North Texas State Teachers' college the past summer, will be glad to furnish prospective students with any information desired.

GERMAN CLAIMS.

LONDON, Nov. 6. — German submarines operating in the North and Central Atlantic have sunk five Allied vessels totaling 29,500 tons, four escorting destroyers and one corvette, a Berlin broadcast said.

3 CISCO MINISTERS RETURNED

Ciscoans as a whole and members of the Methodist faith in particular were well pleased with the action of Bishop Ivan Holt in returning three ministers to their charges here following the close of the 78th annual conference of Central Texas Methodists at Fort Worth, Friday.

Rev. Leslie W. Seymour, pastor of Cisco First Methodist church, now begins his fourth year here; Rev. Seba Kirkpatrick, pastor of the Twelfth-st. church, his third year and Rev. W. H. Cole his second year as district superintendent. In addition to being capable members of the Methodist ministry, the three men are also esteemed locally for their consistent interest and work in civic affairs generally.

The next conference will be held in Fort Worth. The vote to determine the next meeting place was approximately 150 for Fort Worth and upwards of 100 for Cisco. Mr. Seymour placed Cisco in nomination.

Bishop Holt, who presided at the 78th conference, has now completed his tenure as bishop in this area. It is stated, and will very likely be assigned elsewhere next spring. He is very popular with Texas Methodists and is considered one of the outstanding leaders in church work.

Other Cisco district assignments are as follows:

TICKNER WILL PASTOR CHURCH AT HUCKABY

Rev. J. W. Tickner, an employe of the Radford Wholesale Grocery Co. here for 25 years, but pastor of the Methodist church at Bluffdale the past year, was in Cisco Saturday on his way home from the Methodist conference at Fort Worth. Mrs. Tickner accompanied him.

The former Ciscoan has been transferred to the Methodist pastorate at Huckaby, Erath county, and will take up his duties there at an early date. Son of the late W. J. Tickner, he was born in Cisco and has many friends here.

SLAV GUERRILLAS BUSY.

LONDON, Nov. 6.—Yugo-Slav guerrillas have launched an offensive to drive the Germans from the long Pejesac Peninsula off the Dalmatian coast, a communique of the Yugo-Slav liberation army announced.

MOSQUITO BOMBERS.

LONDON, Nov. 6.—Swarms of British Mosquito bombers pounded western Germany last night to add to the devastation wrought by 3500 to 4000 Anglo-American planes across Axis Europe with 6000 tons of explosives during the previous 60 hours in the heaviest air assault in history.

RUMANIA TREMBLES AS LIKELIHOOD DEVELOPS RUSSIANS WILL CAMP ON DNEISTER SOON

Ancient Kiev, Russia's third city and capital of the Ukraine, has fallen to the Red Army, the Nazis acknowledged today, collapsing the German defense line along the middle Dnieper and opening the way to Poland.

Berlin admitted the loss of Kiev, city of 850,000 perched on the high west bank of the middle Dnieper, and Premier Josef Stalin announced the capture of the city in victory pronouncements celebrating the 26th anniversary of the Red revolution.

The loss of Kiev posed Adolf Hitler's greatest politico-military crisis of the war. His battered army group now faces the possibility of a gigantic Soviet encirclement and catastrophe, and Rumania became shakier as the likelihood developed that the Russians would be established on the Dniester this winter.

Berlin said the German garrison, estimated at some 200,000 men, pulled out of Kiev yesterday to escape encirclement. Russian forces who had invested the city were storming in from three sides, Moscow said, and most of the westward transport lines had been cut.

Soviet flying columns that had whipped around the western outskirts of Kiev from the north cut the railroad running southwest to Fastov and struck toward the Dnieper in an effort to trap as much as possible of the German garrison of 14 divisions before it can withdraw over the two inadequate roads to the south still in Axis hands.

The fall of Kiev knocks out the main German defense prop on the west bank of the Dnieper and lays open the Ukraine to a Soviet drive that may carry halfway across pre-war Poland to the Bug river.

The Nazi command threw fresh forces of tanks and infantry into the battle in a frantic but apparently hopeless attempt to stem the Russian avalanche. All counter-attacks were repulsed.

The destruction of 38 enemy tanks and dozens of guns testified to the fury of the fighting.

On the central front, the Russians captured several additional towns south and southwest of Nevel in their advance toward the Latvian border. Some 1000 Germans were killed, including the entire garrison of the defense base of Vermoshino.

SOUTH PACIFIC WLB APPROVED FIC SEA BAT-MINE AGREEMENT, 11 TO 1

SOUTHWEST PACIFIC, Nov. 6.—Fifty-three Japanese heavy and light cruisers, destroyers, transports and freighters — new stakes in the deadly game raging to a decision in the Solomons — are moving on Rabaul from Truk to within range of massed hundreds of American bombers.

Already the first bombs have hit one of the five southbound convoys in what shapes up as likely to be the most violent action since a 22-ship enemy convoy was destroyed by Allied planes last March in the Bismark Sea off New Guinea.

Headquarters reported Saturday the spotting of the enemy fleet units by sky patrols.

POPPY SALE SATURDAY WAS BIG SUCCESS

Saturday's poppy sale conducted by the women of a American Legion auxiliary was a fine success said Mrs. James Haynie, chairman of the sales committee, approximately \$120 having been checked in shortly before 5 o'clock.

Of the 1,000 poppies consigned to Cisco, less than 100 remained on hand at that hour and several saleswomen were still on the job. Sales last year totaled about \$100.

Those who offered the tokens Saturday included Mrs. Paul Poe, Mrs. W. R. Huestis, Mrs. D. J. Gorman, Mrs. Charles Roberts, Mrs. Irene Hallmark, Mrs. James Haynie, Mrs. J. J. Tableman, Misses Mayme Estes, Patsy Nance, Mary J. Poe, Fern Huestis, Betty J. Gorman, Mayonne Lomax and Gene Grantham.

WASHINGTON, Nov. 6.—The return of peace to the coal fields — for the present at least — hinged today on the acceptance by John L. Lewis of reservations made by the War Labor Board in approving his wage contract with Coal Administrator Harold L. Ickes.

The WLB approved the agreement by an 11 to 1 vote late last night after two full days of deliberation. The lone dissenting vote was cast by Public Member Wayne L. Morse who objected to a contract negotiated "under duress of a strike."

The principal reservation required a revision in the provision for piece rate workers to prevent them from getting more than the general raise.

CAPITOL POLITICS.

WASHINGTON, Nov. 6.—Drive-for-action movement by new Republican committee in House is aimed at defeating Administration's food subsidy and roll-back program. Secondly, it is slap at Minority Leader Joe Martin's "tread lightly" policy. Advocates of more vigorous opposition to administration program threaten to force daily session and curtailed holiday recess in bringing showdown on controversial measures.

QUARREL—THEN STRIKE.

DETROIT, Nov. 6.—The third strike in two days hit the Rouge plant of the Ford Motor company when 5,000 employes became idle as a result of a dispute between the foreman and a worker. A total of 3,750 day shift workers were out in the production foundry, where the disagreement originated.
