NUMBER 61

FIERCE KIEV BATTLE MAY BE DECISIVE ONE

CHURCH LEADER HERE TO MORROW NIGHT

Rev. L. H. Clegg, pastor of the local Church of the Nazarene, announces a special meeting at that church Thursday night, at which Dr. James William Montgomery of Fort Wayne, Ind., will be the principal speaker.

The visitor, says Mr. Clegg, can well be termed a founder of churches and a maker of pastors. During twenty years as a district superintendent of the Church of the Nazarene, Dr. Montgomery has organized 118 churches and, in the past 12 years, has placed 98 pastors in their first full-time charges. He was superintendent of the northern Indiana district from the time it was organized with 32 churches in 1926, until

J. W. MONTGOMERY.

increased congregations forced a division in 1942, when the area had 115 churches. He was then named superintendent of the Fort Wayne district, with oversight of 61 congregations. The minister served four years as superintendent of the Kentucky district before he was transferred to Indiana.

In what is believed to be the largest home mission campaign ever launched in a single denominational district in one year, Dr. Montgomery organized 24 new congregations in the northern Indiana district during the conference year ending August 22, 1941. The majority of the many beginning pastors he has placed were new graduates from Nazarene Colleges and Bible training schools.

The Fort Wayne minister was educated in Tupelo, Miss.; Cincinnati, Ohio; Asbury College in Wilmore, Kentucky; Pike's Peak Bible Seminary in Colorado and Central Nazarene College in Texas. He has A. B. and Th. M. degrees.

MASONS HEAR CONNALLY.

WACO, Dec. 1.—The one hundred eighth annual communication of the Grand Lodge of Texas, Free and Accepted Masons, opened here today with Senator Tom Connally on the program as principal speaker.

AMERICAN NOW—Screen actor Walter Pidgeon takes oath of citizenship in Los Angeles court. Oath was administered to actor by Deputy Clerk George Ruperich. Pidgeon, born in Canada, will receive final papers on Dec. 17.

PARENTS, VISITORS NIGHT

An out of the ordinary entertainment will be held at Cisco high school auditorium tomorrow night at 7:30 o'clock, with a program that will provide for parents and visitors meeting the classes of their children.

During a seven-minute period instructors will give a brief outline of the various courses, showing the cultural and practical advantages of the subjects and also permitting teachers and parents to meet for better acquaintance, thus providing for better understanding of the work during those class periods.

Following the carrying out of the recitation schedules, a moving picture will be shown. "A Letter from Bataan," after which the home economics department will furnish refreshment plates for all.

Supt. R. N. Cluck, Principal O. L. Stamey and faculty members feel that this program will give a better understanding of the broad and highly applicable course of study the boys and girls of high school are receiving.

At the same time, it will provide an opportunity for patrons of the high school to meet each other and also for the people of Cisco to meet patrons from the rural districts who are sending their children to Cisco high school.

Mr. Cluck especially urges that parents and friends of the children attend this get-together meeting and thus insure their children the greatest possible aid by their mutual acquaintance with the teachers, and to see for themselves just how the students are being taught the cultural and practical courses offered in the high school.

"It matters not whether parents have ever attended a high school or not, they will be given an insight into the subject matter and methods used to prepare boys and girls for better citizenship and a more useful life should they decide to continue their special training begun in the local school," Mr. Cluck stated.

25 YEARS AGO.

WASHINGTON, Dec. 1.—With the Stars and Stripes flying high and with bands playing stirring martial music, the American Army of Occupation crossed the Sauer and Moselle rivers into defeated Germany 25 years ago today. It was just 20 days after the armistice had been signed. The crossing, made on a front of 56 miles, reached the city of Treves on Dec. 1 and continued until the troops reached Coblenz on Dec. 16.

FOR U. S.—Picture released by U. S. Navy Department shows harbor at Tarawa in Gilbert Islands, where U. S. Marines consolidated their position preparatory to capturing the atoll for Uncle Sam.

CISCOAN HAS BEEN IN AIR 1,100 HOURS

AAF FLYING DETACHMENT, OKLAHOMA CITY, Okla., Dec. 1.—A bookkeeper from Cisco is helping the Army Air Forces train pilots for duties on the battlefronts.

Jack D. Lauderdale, son of J. D. Lauderdale of Cisco, is a civilian pilot instructor at the Oklahoma City Army Air Forces primary school. The 22-year-old flier, who has approximately 1,100 air hours to his credit, has been training cadets for several months. He spends his instruction hours flying with cadets in 175-horsepower training planes, teaching the future airmen skill and technique. Each of his students receives 65 hours of training in the air.

Lauderdale was bookkeeper for Hickok & Reynolds at Cisco before beginning his flying assignment.

The Army Air Forces Training Command supervises the training of thousands of aviation cadets by expert civilian fliers at contract flying schools, with the AAF Central Flying Training Command at Randolph Field, Texas, forming the hub for the mammoth program.

Hundreds of civilian fliers receive standardized army aerial instruction at Randolph Field as instructors. Their students at primary schools are cadets who have completed five-month courses at college training detachments.

WHEAT SUBSIDIES 9 MILLION A MONTH

WASHINGTON, Dec. 1.—Farm organization spokesmen denounced food price subsidies yesterday as a disguised, inflationary and unjustified wage increase for labor, and as a brake on the farm production they are designed to encourage.

The farm leaders, Edward A. O'Neal, president of the American Farm Bureau Federation, and Albert S. Goss, master of the National Grange, presented their demands before the senate banking committee.

Almost coincidental with their testimony, the broadest consumer price program yet adopted was implemented with the announcement that the Defense Supplies Corporation will begin today payment of miller subsidies on wheat to hold down the price of bread. The cost is estimated at \$9,000,000 a month, but may be more.

CONNALLY ON AIR.

FT. WORTH, Dec. 1.—Senator Tom Connally will speak at 9:30 p. m., Thursday over WBAP on "Public Issues." He is in Texas now and will speak from the Fort Worth studio before returning to Washington.

WITH SWEET NOTES—J. H. (Jimmie) Davis of Shreveport, La., campaigns for governor of Louisiana with cowboy band and his own voice. He's former movie actor, composer of "You Are My Sunshine," and teacher of history and social sciences

PAGEANT PEOPLE — Pumpkin gets her face powdered by Autumn Leaf, at fall holiday pageant of Children's Aid Society, New York. Pumpkin is Jeannette Della Volla, left, and Leaf is Lillian Stendig. Both little girls are four years old.

NEW DEALERS OBJECTED TO SQUARE DEAL

WASHINGTON, Dec. 1.—Aided by eight Democrats senate Republicans yesterday drove into the servicemen's voting bill a requirement that the president must draw on nominations by the two

KY. ELECTION GIVES GOP ANOTHER THRILL

WASHINGTON, Dec. 1.—Citing fourth congressional district by-election returns from border-state Kentucky, Republican leaders today proclaimed the nation's voters ready to repudiate the Roosevelt administration in next year's presidential election.

Kentucky's normally Democratic fourth district yesterday gave an astonishing margin of 12,598 votes to Chester O. Carrier, Republican candidate for the congressional seat vacated by death of Rep. Edward W. Creal, Democrat. Creal won in 1942 by a margin of 4856 votes.

Yesterday's returns jolted the administration rather severely. They have stirred Republicans to enthusiasm unknown since 1928 when Hoover-and-Curtis was a phrase of political magic.

Republicans are convinced now that they will win next year—even if President Roosevelt runs again. They are getting ready for the bitterest contest for their presidential nomination since 1920, the year of Warren Gamaliel Harding and the famous smoke-filled room.

Carrier defeated J. D. Talbot, Democrat, by an official count of 29,832 to 17,234 votes. The fourth district consists of diversified farming counties in which also are located large distilling interests. Kentucky already had jettisoned the Roosevelt administration last Nov. 2 when Republicans elected their first governor since the Hoover era.

TEXAS HAS 11 LARGE CITIES, ALL GROWING

HOUSTON, Dec. 1.—The chamber of commerce yesterday estimated the population of 11 Texas metropolitan areas, based on utility connections and ration book registrations, as follows:

Houston 588,175, Dallas 440,888, San Antonio 412,905, Fort Worth 254,000, Beaumont-Port Arthur 175,097, El Paso 137,589, Corpus Christi 120,965, Austin 112,036, Waco 110,189, Galveston 97,310, Amarillo 57,754.

HIGH COST OF GOVERNMENT IS REAL MENACE

DENVER, Dec. 1.—Wendell L. Wilkie warned yesterday that inflation, unless checked, would lead to "the overthrow of American society" after the war.

"After the war," Wilkie told a luncheon meeting of Colorado Young Republicans, "the annual cost of government will be about 50 billion dollars. The highest national income we have had was 80 billions.

"Therefore, unless the costs of government are cut, our standard of living will be reduced."

TEXAS STAMP TAXES OVER TWO MILLION

AUSTIN, Dec. 1.—The liquor shortage notwithstanding, the state collected \$737,963 for liquor tax stamps this month, an increase of \$271,445 over the same month last year.

State Treasurer James says sales tax of all tax stamps totaled \$2,135,092 for the month, an increase of \$487,000 over November, 1942.

Liquor, cigaret and beer stamp sales increased. Wine and prescription stamp sales declined.

PUSHING THROUGH MINE FIELDS AND BARBED WIRE, AMERICAN TROOPS ADVANCE IN W. ITALY

MOSCOW, Dec. 1.—A showdown battle for the Kiev bulge, turntable of the whole campaign in Russia, roared toward a climax today with the Red army pouring reinforcements into its effort to offset the loss of Korosten, strategic Ukrainian railroad junction.

Military quarters said the Soviet lines still were intact everywhere around the rim of the salient looping westward from Kiev and that the massed German forces had been unable to penetrate the Russian flank anywhere.

The loss of Korosten, rail hub 94 miles northwest of Kiev, in a Soviet withdrawal along a 43-mile front, however, was described as a serious blow. It gave the Germans a second dent in the salient, along with that at Zhitomir, and enabled them to maneuver more freely in the Ukraine.

A Swiss broadcast said the Russians had recaptured part of Korosten. The Berlin communique reported increased Soviet pressure against German positions northwest of Gomel. The British radio said the Germans had begun burning villages on the Leningrad front in possible preparation for a withdrawal.

The limited Nazi success in the northwest Ukraine, achieved at heavy cost in men and machines, had shown no effect on the Russian drive through lower White Russia.

Focused on Zhitomir, the concentric push by Gen. Konstantine Rokossovsky carried the battle for that key railroad junction into its final stage. The town already was under Soviet artillery fire.

The Germans were making a desperate stand north and southeast of Gomel, counter-attacking in considerable strength at some points.

From Algiers comes the news that American troops have gained up to two miles in western Italy, it was announced today, as the British, operating under a record aerial cover, drove through the shattered Adriatic wing of the German winter line on the fourth day of their Rome-bound offensive.

In a sudden push apparently co-ordinated with the British Eighth Army's attack, Lieut. Gen. Mark W. Clark's Fifth Army forces drove through mine fields and the first barbed wire barriers met in Italy west of Montaquila in the spiny Apennines.

BIG THREE TWO CISCOANS ON WAY TO IN HOSPITAL MEET STALIN AT TEMPLE

American and other Allied short-wave radio stations said today that President Roosevelt, Prime Minister Churchill and Generalissimo Chiang Kai-Shek were enroute to meet Premier Stalin following a lengthy-three-power conference at Cairo.

Though American broadcasts said that the four-power meeting place was "unknown," the Free Belgian Radio at Leopoldville said the four heads of state would confer in Iran.

KANSAS CITY BREAKS LIVESTOCK RECORD

KANSAS CITY, Dec. 1.—Receipts of 2,177,562 sheep and lambs at the Kansas City Stockyards in the first 11 months this year established a new all-time record for this market.

The total this month at 196,438 head was the largest for any November since 1910 and only a little below the November high record in that year.

Kansas City cattle receipts for the 11 months totaled 1,969,350 head. This was more than received at any other market this year.

AFTER DEEP OIL.

BRECKENRIDGE, Dec. 1.—Two drilling tests and plans of the Shell Oil company to move 12 families here shortly after the first of the month for work near here and Albany indicate an increased search for deep oil in Stephens and nearby counties.

Among the Texas wounded at McCloskey General Hospital, Temple, are Capt. John St. John and Pfc. C. W. Blackburn of Cisco. Both are recovering from wounds received in Italy and Sicily.

Captain St. John is the son of Mr. and Mrs. W. F. St. John of Dallas. His wife is making her home with her mother, Mrs. C. C. Rosenquest, Eastland, for the duration.

Private Blackburn is a son of Mr. and Mrs. Joe W. Blackburn of the Scranton community.

ENVOY — Edwin C. Wilson, former U. S. Ambassador to Panama and Uruguay, named first American Ambassador to French National Committee. He previously was appointed to the Allied Mediterranean Council, which was later shelved at Moscow conference.

GOVERNMENT ECONOMY.

A leading exponent of the public-debt-without-limit philosophy reiterates that, "If the national debt is all internal, as ours is, the nation can hardly go bankrupt."

This philosophy will require more and more explaining as time goes on. People whose earnings and savings are reeling under the double impact of taxes and inflation, are going to ask some questions that will be hard to answer. Not being accomplished economists, they will inquire why, if the size of the debt is unimportant, should they be asked to pay heavier taxes as the debt increases? And why, if it is merely a matter of owing the debt to ourselves, should the tax collector be merciless in collecting to the last penny?

The "owe ourselves" theorists have always claimed that as the debt grew, the affairs of the country could be so arranged that the debt would actually be beneficial. They call it a managed economy. Today we have a huge and growing debt plus a managed economy more complete than the believers in harmless debt ever dared hope for. We also have confiscatory taxation, uncontrolled strikes, rising prices, and shortages of everything from shoe laces to locomotives. The people are nearly convinced that the managed economy is a flop, and they are beginning to wonder just how harmless is debt. At any rate, they are demanding that government economize wherever possible; that is something tangible which they can understand.

The people in their collective wisdom may save the nation.

A BIG MOMENT.

Big news is hatching somewhere, and it is betraying no secret to observe that it involves the direct attention of President Roosevelt, Winston Churchill and Marshall Stalin, and probably also of Chiang Kai-shek. If those heads of the four great Allies now fighting for world freedom are really in personal conference, it is one of the biggest moments in world history. Never before, perhaps, has there been a war council of such scope and importance.

Such a powwow might last continuously until the collapse of the Nazi war. At the present rate of progress in the Allied assault on Germany, with its proud capital, Berlin, in rapid process of destruction and Hitler a bombed fugitive, the climax seems near.

WINGED SHIPS.

Remembering the time, only a little while ago, when the United States had only half a dozen airplane carriers, it is reassuring to learn from the Navy that there are now about 40 of them, with more on the way.

It may be safely assumed that these carriers are mainly for use in the Pacific. Their value in "island-hopping" and communication, as well as fighting, throughout the area of the Japanese war, is obvious. The speed with which the carriers are now being produced emphasizes the immense value of carrier-based planes for scouting and fighting, over the vast reaches of the western sea. And when it comes to direct assault on the Japanese home land, there will doubtless be fighting planes emerging from American carriers like swarms of swallows.

PATTON BYPRODUCTS.

As the nine days wonder of the Patton incident dies down and the war goes on, a few byproducts are observed. First, of course, is the extreme improbability that for the rest of this war either Gen. Patton or any other officer will so lose his self-control. Next is the gameness of the man whose nerves had for a short space given way. He got the few days' necessary rest and went directly back to his duties.

There remains also the fact that only in a democracy could such a stir be so aroused. Neither in Germany nor in Japan nor in some other countries can be imagined such consideration for the personal dignity of the individual enlisted soldier. It is the greatness of such governments as ours that we care so much about such things.

MANPOWER SHORTAGE.

What a blessing
That love is blind
When you take a look
At what's left behind!
—PHYLLIS STACK.

NAVY RECRUITERS BE HERE DECEMBER 8

A land-going navy recruiting cruiser will drop anchor in Cisco at 1 p. m., Wednesday, December 8, at the corner of D avenue and

Seventh street, remaining until 3 p. m., when it will get under way for Albany, capital of Shackelford county. The announcement was made by Ray Lokey, chief petty officer, during a visit to the Daily Press office. Mr. Lokey is a newspaper man in peace times and an Oklahoman.

The navy recruiters will accept applications for enlistment in the new ship repair unit, or for general service. Women between 20 and 49 years may secure information regarding enlistment in the Waves. Accepted male applicants in all branches will be furnished transportation to nearest navy recruiting station for completion of enlistment. Wave applicants will

be sent to Dallas for completion of enlistment.

Men enlisted for ship repair units will fix damaged fighting ships at advanced naval bases, or follow in wake of attacking task forces, in fully equipped repair ships, to repair all but major damage on the spot and get ship and crew back into the fight. Qualifications for enlistment are similar to Seabee requirements. Carpenters, electricians, riggers, welders — mechanics of all kinds — are needed. Most of those accepted qualify for petty officer ratings with base pay ranging from \$78 to \$126 per month, plus 20 per cent when serving overseas. Family allowances are same as for other branches of military service.

Age limits are from 18 to 50 1/2 years.

Men between 17 and 18 and those between 38 and 50 1/2 years may enlist for general service with petty officer ratings. Draft age men may enlist only for ship repair units.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expectorate laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

TAKE UR FUT OFF THE HOZ

DR. C. E. PAUL
Cisco's Chiropractor.

Do you know what General Arnold said?

The other day, Gen. Arnold lifted us right out of our seats cheering.

He said: "One day last month over 1600 planes were in the air going from the United States overseas to some war theater."

Of course, that was just one particular day, and a big one. But even so, that's good. In fact, that's swell!

Then Gen. Arnold went on:

He told how the Army Air Force and the RAF saved our men at Salerno. And how, in doing it, we had to scrape the bottom of the barrel. How we had to use every plane in North Africa—how we had to gather planes from every training center, depot and modification center to do the trick.

He said the Italian invasion "would have

been easier with more planes—and could not have been done with less."

He talked about the American raids on Germany. On one, 24 big Fortresses didn't come home. On another, 35. On another, 27. On another, 21. And since he talked, 60 bombers—and their gallant crews—went down in a single raid. No one can attempt to evaluate their loss in dollars or the loss to the enemy in destruction of war materials needed by him to carry on the war. But planes cost dollars to produce—millions of dollars.

Then he pointed again to the obvious fact that the Italian fight "is a small engagement compared to the gigantic expedition which one day, and we hope not too many months hence, will be set against continental Europe."

In short, if a fact was ever made crystal-clear, Gen. Arnold made this one: *What we're doing now is good—BUT STILL NOT NEARLY ENOUGH!*

And that goes for our building, for our fighting—and for the War Bond buying that makes the building and fighting possible.

Coming soon is a day when, with one mighty effort, we're going to smash into Hitler's Europe and bury Germany under an overwhelming mass of men, equipment—and all the materials that money can buy.

And to do it we've got to boost our War Bond buying. We've got to buy more Bonds and more Bonds and more Bonds right up to the final minute when the Nazi and Jap flags go down into the dust—for good!

COUNCIL OF CHURCH WOMEN MET TUESDAY.

First Presbyterian auxiliary was hostess in the church Tuesday afternoon to the Council of Church Women of Cisco for the regular fifth Tuesday meeting. Visitors were greeted by members of the church and directed to seats in the auditorium while Mrs. S. E. Hittson played a program of organ music.

Mrs. E. P. Crawford, president of the Presbyterian auxiliary, welcomed the assembly and requested that all join in singing "Blest Be the Tie That Binds." Prayer was offered by Dr. Gary L. Smith.

The meeting was turned to Mrs. John Shertzer, council president, who conducted a short business session. It was stated that a secretary was needed, the one recently elected being unable to serve. Mrs. P. R. Warwick was appointed secretary for the meeting and Mrs. M. F. Underwood was elected secretary for the year. The president said the council should have a new objective and the body went on record as favoring more interest and work in enlisting attendance of young people at Sunday school and church services.

Mrs. Crawford then introduced Mrs. Nat Rollins of Abilene, guest speaker of the afternoon, who gave an interesting talk on "Wings." She was given the closest attention throughout her remarks and closed with the statement that the way to win the

world to a higher plane of living was through ministry of the Wings of Faith, Hope and Love.

Following the address Mrs. A. E. Jamison and Mrs. John E. Walter sang "Under His Wings" with Mrs. Hittson at the organ.

Mrs. Shertzer, on behalf of the council, thanked the Presbyterian auxiliary for the excellent program and Mrs. E. P. Crawford invited the assembly to go to the dining room of the church for a social hour.

The guests were greeted there by Mrs. W. W. Wallace, Mrs. J. E. Caffrey and Mrs. Alex Spears and were directed to the long, lace-covered table where Mrs. C. H. Fee and Mrs. Gary L. Smith presided at a silver tea service at each table end.

Refreshment plates were passed by Miss Ruby McDurmon, Mrs. W. F. Watson and others to approximately 70 women.

RUTH CLASS SOCIAL IN CLARK HOME.

The Ruth class of First Baptist Sunday school met with Mrs. Charles Clark Monday night, with Mrs. Cooper Waters, Mrs. F. B. Clappitt and Mrs. T. E. Lisenbee as co-hostesses. A business session was held and it was decided to have a Christmas party and tree. Routine business preceded the social hour.

Refreshments were passed to Mrs. Haywood Cabaness, Mrs. Charles Clark, Mrs. Clifton Barron, Mrs. Watson Cooper, Mrs. Marvin Ivie, Mrs. Troy Stewart, Mrs. Howell Sledge and above mentioned hostesses.

QUILTING LUNCHEON IN DENNIS HOME.

Women's missionary society of East Cisco Baptist church met Monday for an all-day quilting in the home of Mrs. Russell Den-

nis. A covered-dish luncheon was served at noon. Mrs. J. D. Hall gave the invocation.

Following the meal a splendid foreign mission program from Royal Service Magazine was directed by Mrs. Don Rupe. The program began with group singing of "Tell me the Story of Jesus." Those taking program parts were Mrs. Doyle Gilmore, Mrs. Carlton Holder, Mrs. O. A. Nance and Mrs. John Elmore. The meeting closed with prayer.

Members present were Mrs. Herman Bagron, Mrs. V. H. Bosworth, Mrs. John Elmore, Mrs. R. O. Fenley, Mrs. Doyle Gilmore, Mrs. C. R. Hightower, Mrs. Carl-

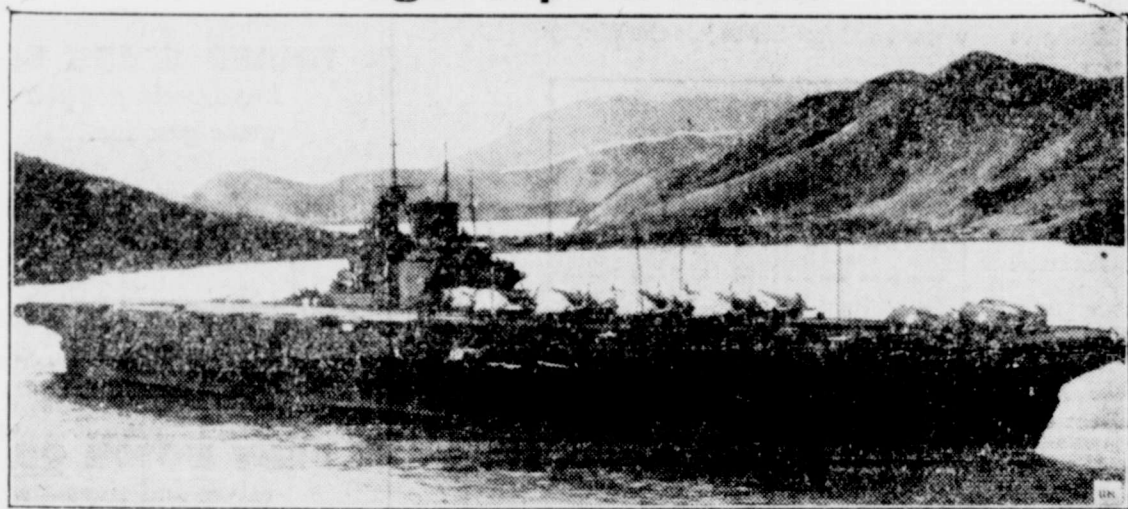

State's 4-H Farm Safety Champion

JAMES NEAL HUTCHINS, 19, of Estelline, has been named by the state club office as

Texas' most outstanding 4-H Club member in safety work during 1943, for which he receives a \$100 War Savings Bond from the Mennen Company. The youth's achievements in the current national 4-H farm safety activity include: Making repairs to remove short circuits in wiring and appliances; picking up nails, tacks, wire, and broken glass in yard around home; burning trash around farm; making correct repairs on broken or poorly repaired farm machinery; repairing broken steps, and poorly hung gate; using flashlight instead of matches around house and barn; and storing gasoline away from fire hazards. This is the first year of the activity, which is designed to help reduce the annual losses of 18,000 farm people killed through accidents, and \$225,000,000 worth of rural property destroyed or damaged by fire.

Fought Japs in Pacific

WITH A SQUADRON OF AMERICAN PLANES on board, one of the British Navy's newest aircraft carriers—the "Victorious"—is shown in this Official U. S. Navy Photo at a South Pacific base. For several months, this great "floating airfield" served in a task force of the U. S. Pacific Fleet. British and American naval planes flew on and off each others' carriers with an efficiency that hodes ill for the Japanese when more of Britain's Navy joins the American, Australian and New Zealand warships in the Pacific.

INVASION AHEAD—These fighting Marines on landing craft are headed straight for Bougainville. In background, right, a shroud of smoke hangs over Torokina beach where U. S. dive bombers blasted Jap installations so Marines could land.

ROAD TO ROME—Welding picks and shovels, and working with feverish speed, Italian soldiers hasten Allies' march on Rome. They're hacking out new road over one-time railroad near front-line sector, a few miles north of Dragon.

ton Holder, Mrs. J. D. Hall, Mrs. C. R. Hightower, Mrs. O. A. Nance, Mrs. Don Rupe, Mrs. Lee Thetford, Mrs. Willie Thetford and the hostess.

Food coupons are issued in proportion to supply, so each can get

his share. What becomes of the extra stuff when farmers don't use their coupons?

A man isn't shamed when women see his wife boss him, but he hates to have another man see it.

Women of CISCO

A Message from Your Governor

Texas' daughters, following the examples of their fathers, husbands, and brothers, have always been in the forefront of every wartime endeavor. The WAC Recruiting Drive furnishes an opportunity for eligible women to serve well and with high honor in the Women's Army Corps, and by this service show themselves worthy of a valorous tradition which has always prevailed in Texas.

George W. Stevenson
GOVERNOR OF TEXAS

MORE WACS are needed at once for 155 types of Army jobs—such as dispatching planes, making maps, checking supplies, assisting in hospital laboratories. Every eligible Texas woman is needed. You are needed—and without delay!

Are you an American citizen—over 20 and under 50 years of age? Are you without dependents, without children under 14? Then join the WAC at once!

Right now a new WAC company is being formed—of women from Texas. Find out about joining this special group. Go to your nearest U.S. Army Recruiting Station. Or mail the coupon below. Do it today!

(If you are ineligible for the WAC because of age or family responsibilities, take over the job of an eligible woman and free her to join the WAC.)

Apply at nearest
