NUMBER 130

## COUNTY BOUGHT \$734,752 OF 4TH WAR BONDS

### TOPPED \$559,000 QUOTA BY \$175,752; MORE THAN HALF OF TOTAL SERIES E BONDS

To the Citizens of Eastland County:

Through the columns of this valuable and patriotic newspaper we wish to announce to you that Eastland county has oversubscribed her Fourth War Loan quota by \$175,752.09. Our quota was \$559,000 and the total sales reported to date are \$734,752.09. We do not have full returns yet on the employer-employee deductions and put into Series E Bonds out of the county. When we have received this figure the oversubscription will approximate \$200,000.

You will recall that our overall quota was \$559,000 and of this we were to purchase \$272,000 Series E Bonds. At this time the totals show that we have purchased \$313,249.90. Therefore, of our overall quota we purchased more than one-half of the same in Series E Bonds. In other words, we have better than a 50 percent record of our whole quota in the purchase of Series E Bonds. This far exceeds the percentage of the other counties in the state and of the other states in the nation. However, we are glad to report that the nation purchased its overall quota, the state of Texas purchased its overall quota and you have the splendid record of Eastland county in the above figures.

Many corporations which have their state headquarters out of Eastland county made allocations to this county and to different towns in the county which assisted us materially in reaching our overall quota. We will give you their names as follows:

Texas & Pacific Railroad company, Stephenville Production Corp., Brazos River Conservation & Reclamation Dist., Perry Bros., Inc., Texas Public Utilities Corp., T-P Coal & Oil company, Texas Electric Service company, O. D. Dillingham & company, Texas Consolidated Theaters, Inc., Higginbotham-Bartlett Co., Southwestern Bell Telephone Co., Humble Oil and Refining Co., Burton-Lingo Lumber Co., Ft. Worth Poultry & Egg Co., Goodyear Tire & Rubber company, West Texas Utilities company, Rockwell Bros. & Co., J. M. Radford Gro. Co., Montgomery Ward & company, J. C. Penney Co., Higginbotham Bros. & company, Southwest Natural Gas company, Hickok Oil Corp. and Lone Star Gas Co.

We want to thank all the newspapers, churches, schools, civic clubs, the official committees in the several towns of the county and each and every citizen who participated or in any way assisted in making this wonderful showing possible. We could not have obtained such splendid results unless the county as a whole had co-operated and put forth every effort possible to reach the results obtained in the drive. We can, therefore, all rejoice together that Eastland county's participation in the Fourth War Loan Drive has now been registered, was a great success and now takes its place along with the other drives in the history of Eastland county.

The total sales are broken down to communities of the county as follows:

Eastland	\$176,388.14	Rising Star	\$80,623.00
Cisco	175,023.50	Carbon	7,106.25
Ranger	146,151.75	Olden	5,225.00
Gorman	86,343.85	Desdemona	2,712.85

The postmasters of Sceranton, Pioneer, Okra, Dothan and Nimrod reported sales of stamps which are included in the above totals, but the bonds purchased by the citizens in these communities were purchased through the larger post offices or banks of the county and, hence, these communities are not receiving direct credit for such purchases. However, we are aware that they did purchase their fair portion of the bonds sold.

Texas & Pacific Railroad company purchased \$50,000.00 and the Brazos River Conservation & Reclamation Dist. \$5,000, with the request that each of these purchases be allocated to the county as a whole and not broken down to any of the towns in the county. Your chairman has carried out these instructions.

For the month of March the county has been assigned a quota of \$51,400 and this is to be made up solely from the sale of Series E, F and G Bonds. While we all rejoice in the wonderful success of the Fourth War Loan Drive, we must not let this obscure or prevent us from doing our duty toward the March quota of \$51,400. We have not missed a single monthly quota during World War No. 2 and I am sure that we will buy our March quota as we have all quotas in the past.

Mrs. Paul M. Woods, county chairman for the women, and community chairmen R. L. Ponsler, Cisco; W. F. Creager, Ranger; Ira Underwood, Gorman; W. E. Tyler, Rising Star; Dr. T. G. Jackson, Carbon; Mrs. Stella Jarrett, Olden; C. S. Eldridge, Desdemona; Lawson Cash, Pioneer; J. D. Pittman, Sceranton; V. T. Seaberry, Eastland, and their respective committees, and your county chairman, the undersigned, again extend our thanks and appreciation to the citizenship of this county for the success of the Fourth War Loan Drive.

Very kindly yours,  
CYRUS B. FROST,  
Eastland County Chairman.

## GLOVE FACTORY MAKES FIRST PAIR

The first pair of gloves ever made by The Boss Manufacturing company in Texas was turned out at the Cisco factory on Tuesday, March 7.

The above statement was made by Dean E. Haralson, company representative and now in charge of local operations, this morning. The gloves were mailed to Mr. Waller, vice president of the company, and will be placed in the archives of the company.

Continuing, Mr. Haralson said: "This is the beginning of the operations we have been looking forward to for the past 60 days; and while it can hardly be considered that the plant is in operation, all the progress possible is being accomplished.

"Delay has been occasioned by failure to receive table tops for the machines. Just when they will arrive is still a question. However, through a rather makeshift arrangement, a few improvised tables have been fashioned, which will at least make possible a small training program.

"The company expresses complete satisfaction with the many favorable factors which will contribute to successful operation in Cisco and regrets that conditions beyond its control do not permit immediate employment of all the very fine people who have intimated their desire to work."

The American flag is now flying over the local plant and Mr. Haralson said the Lone Star colors will be right beneath the national emblem as soon as the Texas emblem can be secured.

## ESSL AVERAGE 197, BRITAIN NEXT WITH 177

Cisco Lumber Co. romped on Smitty's Conoco in three straight games at the bowling alleys last night, while at the same time The Man's Store was administering a similar drubbing to West Texas Utilities. Franz Essl, Jr., acquired the high average for the evening with a total of 197 pins and Billy Britain came next with 177.

Friday night Collins Hardware and Thomas Funeral Home will scrutinize each other and Cisco Gas Corp. will battle it out with the rejuvenated Palace Theater aggregation.

Monday night in detail:  
Cisco Lumber & Supply—  
Melvin Proctor 163-133-155  
Bill Britain 163-195-173  
Oscar Stutenroth 143-148-114  
James Reaves 130-114-150  
Smitty's Conoco Gas—  
Lou Bevil 138-165-117  
Guy Morris 115-148-131  
Rex Moore 118-136-114  
Smitty Huestis 117-126-203  
The Man's Store—  
Bill Shank 190-144-171  
Mifford Johnson 164-144-165  
Chas. Clark 211-151-167  
Franz Ellis, Jr. 170-232-190  
West Texas Utilities—  
Chas. J. Kleiner 142-131-174  
C. J. Collins 146-156-173  
C. C. Cutting 169-134-122  
Burl Williams 150-132-150

## NAZIS DETERMINED.

NAPLES, March 8. — Savage night fighting has broken out in the battered streets and buildings of Cassino. It was disclosed today, as reports from the Anzio beachhead indicated that the German high command has begun moving up troops and armor for a fourth major offensive.

BOMB CASUALTY—Yanks dig out comrade buried in debris of building hit by bomb during Nazi air attack in Cerasuolo sector on the Italian front.

NEW HOSPITAL FOR WOUNDED—First contingent of patients, 90 wounded men from the Pacific theater, arrive at new five million dollar Birmingham General Army Hospital, Van Nuys, Cal. Covering 115 acres, hospital has 100 buildings and capacity of 1725 beds.

## TEXAS FILES THREE ANTI-TRUST SUITS

Grover Sellers, attorney general of Texas has filed an anti-trust suit in the 119th district court at Ballinger against Fairbanks-Morse and Company of Illinois, with offices in Dallas; the Universal Electric Construction company of Alabama, with offices in Houston, and the H. B. Gieb company, a Texas corporation, headquartered in Dallas.

The attorney general asks for penalties in the maximum amount of \$5,700,000, and for a permanent injunction cancelling the permit of the defendants to do business in Texas. The penalties asked by the state are based on the statutory penalties of from \$50 to \$1,500 a day from September 1, 1940, to the present.

The attorney general in his petition, alleges that these three companies conspired "to furnish equipment and sell Fairbanks-Morse diesel engines and equipment to various municipalities in the state of Texas, to the exclusion of all other brands and makes of engines and equipment; and further, to control the municipal elections and to determine the plans and specifications and the bidding of such construction in the cities of Jasper, Angleton, Seneca, and the city of Winters. Each of the above municipalities and cities being located and situated in the State of Texas. Thereby eliminating all competition in the state of equipment and in the construction of municipal power plants in the cities herein named."

ROAD TO RECOVERY—Under guidance of Lt. Gladys Swayze nurse in an occupational ward of an American hospital in England, Pte. Huey Stidman knits his way back to muscular coordination.

## CISCO IS SHY \$2,000 RED CROSS QUOTA

With a quota of \$4,500, Cisco has to date contributed but \$2,408 to the Red Cross war fund. The above figures were secured this morning from Mrs. George P. Fee, city chairman, who urged that citizens missed by the solicitors call telephone 410 or else take their contributions to the booth at First National Bank.

The Junior Red Cross has been very active in aiding the drive. Mrs. Fee said, as has the negro team composed of Mrs. Melissa Mims, Jessie M. Collins and Mrs. Hattie Blair.

There is no thought of closing the campaign until the city's quota has been secured, hence all those interested in keeping unbroken Cisco's fine Red Cross record are expected to assist the solicitors in every manner possible.

## CISCO BOY IS A LONG WAY FROM HOME

J. V. Heyser, son of Mr. and Mrs. Virgil Heyser, wrote his parents on February 27 that he had arrived safely in North Africa. The Cisco boy sailed from New York on January 26.

Heyser, who is with the army engineering corps, said it was plenty cold in North Africa, but that he and his fellows were all right. He asked that a number of articles be sent to him, among them being a pocket knife.

The Ciscoan is 22 years of age, stands six feet four inches in his socks and weighs 198 pounds—a simon pure Texas product.

## NEPHEW H. L. HARMON DIED FROM BURNS

Teddy Thomson, 6-year-old son of Mr. and Mrs. Houston Thompson of Dallas, lost his life when the home of his parents was destroyed by fire. This information was received here by Shobal Houston.

The father was badly burned in a futile effort to save the child, but Mrs. Thomson and their 4-year-old daughter escaped without injury. Mrs. Thomson is a sister of H. L. Harmon of Cisco, now engaged in defense work in San Antonio.

## TO SEEK HIGH POST.

SAN ANTONIO, March 8.—Miss Ethel Foster of Sterling City, state president of the Federation of Women's clubs, told more than 200 women attending the two-day convention of the Fifth District here that the federation would have a candidate for the national federation this year for the first time in 25 years. She said Mrs. Volney W. Taylor of Brownsville, who is a candidate for treasurer of the national board, will be the first Texas woman for election to the national body since Mrs. Percy V. Pennybacker was elected treasurer. She said the election will be held April 24-28 at the St. Louis meeting.

## SQUEEZE PLAY AT RABAUL

NEW GUINEA, March 8.—American troops, supported by the 5th U. S. Air Force, had the Japs on the run today in three vital South Pacific areas and formed a powerful squeeze play against Rabaul.

Swift advances on Los Negros Island in the Admiralty chain brought that key atoll under American control, while a new surprise landing on New Britain's north coast placed U. S. veterans only 160 miles southwest of Rabaul.

Still other U. S. troops drove along New Britain's south coast 24 miles from Arawe to menace the Jap base at Gasmata, 70 miles away, and form the lower jaw of a jungle pincers movement on the bomb-gutted base at Rabaul, lying on New Britain's northeast tip.

These striking gains brought ever closer the ultimate doom of 72,000 Jap troops trapped in the Bismarck Archipelago and the Solomons.

Pushing north, south and west from Momote airfield on Los Negros—now ready for use, MacArthur announced—the dismounted cavalry units brought all the island under control in a week after their landing.

An additional 479 Jap bodies were found by U. S. troops as they pressed ahead to secure the beach on the west coast of Seceader (see eagle) Harbor, north of Momote, and Porlaka, west of the airfield.

Driving to the south, the Americans captured Japanese 4.7-inch naval guns in concrete emplacements, which had been used against U. S. naval forces. Searchlight equipment also was taken.

The new landing on New Britain was carried out Monday when Marines established a beachhead on Whaumeu Peninsula, near Cape Gloucester.

The Leathernecks swiftly snatched Japanese opposition and began to consolidate their newly-won positions.

On the south coast of New Britain American ground patrols moved eastward from Arawe airfield to take Amoring, 24 miles away.

## BATTLE ABOVE BERLIN.

LONDON, March 8.—The Berlin Radio said powerful American bomber formations swept in over Germany today and were locked in a furious air battle with Nazi fighters over the northwest sector of the Reich.

## REDS INVINCIBLE.

MOSCOW, March 8.—The Germans rallied their battered armies on the approaches to Rumania for a series of desperate counter-attacks today, but the steamroller Russian offensive overwhelmed them, and sent the enemy reeling back toward the fortress of Lwow and the Carpathians.

## WOMEN MUSCLING IN.

ST. LOUIS, March 8.—The manpower shortage is even affecting crime. A woman held up and robbed a grocery store here Tuesday.

## DANIELS ON SPOT.

WASHINGTON, March 8.—A new battle between Jonathan Daniels, administrative assistant to President Roosevelt, and the Senate REA Investigating Subcommittee, is threatened. Daniels, who patched up his differences temporarily by testifying that he sought resignation of Rural Electrification Administrator Harry Slattery, flatly refused to produce his files bearing on the REA situation.

# THE CISCO DAILY PRESS

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937).

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside Cisco) in Eastland, Stephens, Shackelford and Callahan counties, Texas; outside above-mentioned counties \$3.50; \$5.00 in U. S. outside of Texas.

Per year, in advance (Cisco) \$5.00  
Per week, by carrier boy 12c

## ANTI-NAZI GERMAN.

Theodor Wolff, liberal German, is dead. Strangely enough, he did not die in a concentration camp. He merely died in a hospital as a result of his experiences in such a camp.

As editor for 26 years, he made the "Berliner Tageblatt" one of the most influential newspapers in Europe. Under the Kaiser he fought against the unjust ballot law which gave the Prussian Junkers far more than their share of votes. Under the republic he was the chief figure in the Democratic party which, if successful, might have carried Germany safely through post-war days without recourse to Nazism. Naturally he lost his place as editor with the coming of Hitler, but even as a plain citizen he seemed so dangerous to the Nazis that he was imprisoned.

Wolff's death is a reminder that there have been liberal Germans of influence. Has Hitler yet managed to kill them all? Probably not.

## BLACK MARKET GAS.

A startling report on black market gasoline is made by Chester Bowles, head of OPA. So many forged and stolen gasoline coupons are in circulation, he says, that, if they were destroyed, every A book holder could have his ration increased by 25 per cent and could drive 45 more miles a month.

Under prohibition, bootlegging was approved by many otherwise law-abiding citizens as a protest against what they considered an unwise and unjust law. Does anyone have this opinion of gasoline restriction? Many Americans apparently need to reexamine their consciences. Many others, it is fair to say, have voluntarily returned unused coupons in order that the fighting forces might have their gas.

## ADMIRALTY ISLANDS.

The landing and steady inland advance on the Admiralty Islands adds them to the growing list of place names of which Americans never heard before the war, but which will be familiar ever afterward.

Like most of those coral dots in the Pacific which have been wrested one by one from the Japanese, they have practically no history. Discovered by the Dutch in 1616, named in 1767 after the British Admiralty, they were acquired by Germany in 1885, and after the last war fell to Australia, under the mandate. Before 1942 these were the only dates in their history. The present war is the greatest thing that ever happened to them.

The Admiralty Islands, mountainous and defended by reefs, do not improve on acquaintance. The best thing that can be said of their cannibal inhabitants is that the Japanese are more cruel.

## PLANS FOR NEW HOMES.

More of the money invested in War Bonds is earmarked for new houses than for any other purpose, says the Northwestern National Life Insurance Company. And a series of lectures on building, financing, equipping of houses was so fully attended in one city that it had to be repeated.

People want to know how to build. They are learning that the services of a trained architect are never wasted—that, in fact, they save the money paid for them, often twice over, in getting things right the first time.

People are learning, too, that proper equipment pays for itself. Women have learned that about washing machines and vacuum cleaners. Ironers have a large and appreciative group of users. Dishwashers were slower to come into favor, but they are rolling up approval from satisfied users in these days of help shortage. The dishwasher that has a disposal unit grinds up the family garbage by a touch of the button. Nothing stays around to attract mice, rats, cockroaches or any of the other greedy small people that make such nuisances and dangers of themselves.

There's one catch in the bond-plans, though. The home-planners mostly assume that they will cash their bonds before they are due. If they can finance without that necessity, they will be better off. Ten years from now the bonds will be worth more. They will go farther then on the house or the children's education.

## Looking Ahead

By GEORGE S. BENSON  
President Harding College  
Searcy, Arkansas

### Peace Without Panic.

Business depression is not the price of peace. If peace could be bought with agreements to undergo severe financial reverses and give up many things we have now, the American people would accept the terms bravely, almost unanimously. Peace would be

worth it but peace can not be bought that way.

If war should end tomorrow, practically everybody in the United States would meet a sudden setback in money matters. However, the best economic minds in this country believe such a calamity can be avoided, that hard times after this war are not necessary. Among them are Bernard M. Baruch, John M. Hancock and others whose profound knowledge of economics is nowhere disputed.

### Demonstrated Wisdom.

The recently published Baruch report, of which Mr. Hancock is co-author and in which many dis-

tinguished students of business had a hand, is too big and important to cover a one column discussion. It sets up provisions absolutely necessary to post-war prosperity, essential to the life of Democracy and Private Enterprise. It proposes things this column has upheld as principles for two years.

At present America has prosperity. Factories of this country have never been busier than now; jobs were never easier to get; workers were never better paid. Many people are living well, dressing well, setting good tables. Workers always manage to live somehow but now, when they live well, rural people prosper. Farmers get good prices for as much as they can grow because factories are busy.

### Recent Scare Copy.

This scares many people: Two-thirds of what American factories are making these days, 66 2-3% measured by dollar volume (call it 30 billion dollars a year) consists of war goods—stuff nobody needs in time of peace. It is a staggering figure. But why be guessing how many jobs peace will destroy if, as the report implies, peace can create an equal number of jobs or more?

### Hope and Assurance.

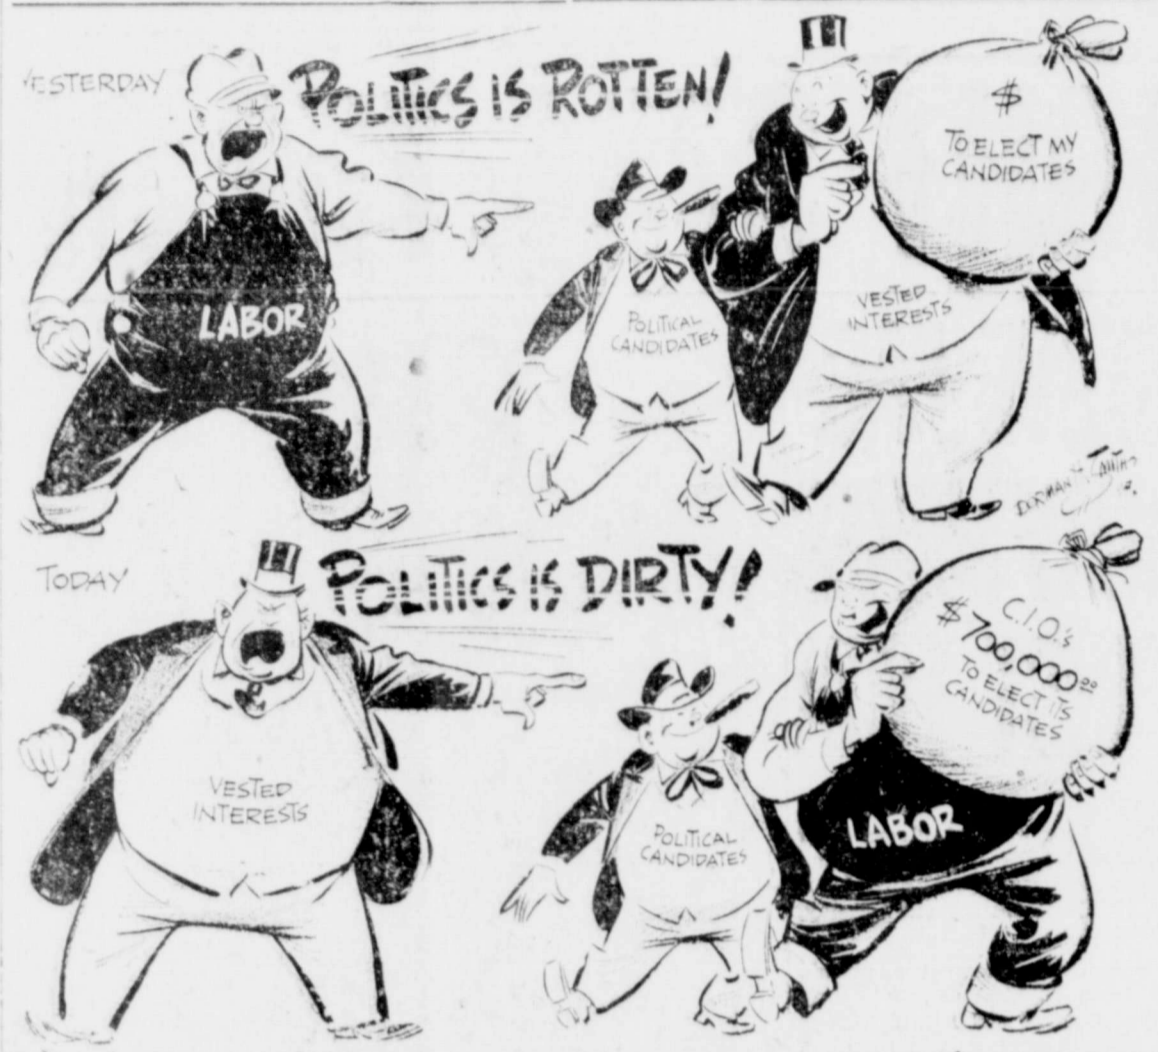

All manufacturers of war goods

will be anxious to switch quickly into peace-time pursuits, if possible. Government can help (a) by terminating war contracts promptly and paying plant owners for most of their war work before finishing all the tedious details of final settlement. (b) By moving government-owned machinery from privately-owned

plants, clearing decks for peace-time production and (c) by cash loans.

Moral support can come from Washington also. (a) By getting entirely out of business, government can encourage private competition most effectively. (b) By systematic disposal of excess war materials, government can save

many markets from ruin. (c) By fixing a ceiling on taxes, government can keep many businesses going that otherwise would die. Sound economy, hard work and good sense will save Democracy and guarantee prosperity. Coming chapters of Looking Ahead will discuss some of these provisions, one at a time.

OUT OUR WAY.

By J. R. Williams.

'Aw, Save It!'

If you've failed to save kitchen fats, that's why Doro of Maridor's pan is so sad. He won the best-of-breed honors at Westminster Kennel Club show in New York in the English Setter class—but he'd trade all those honors for a full can of waste fat.

PRESBYTERIAN CIRCLES MEET.

All Presbyterian circles met in the church Tuesday in a joint session and as guests of circle two, of which Mrs. Alex Spears is chairman. Mrs. A. E. Jansson, program chairman, presented Mrs. W. W. Wallace as devotional leader of the afternoon. Others participating were Mrs. Sam McInnis, Mrs. Hall and Mrs. Leith Morris. Following the devotional period each circle repaired to separate rooms for regular meetings.

Mrs. J. E. Caffrey, chairman, was in charge when circle one met in regular session and opened the meeting with prayer by Mrs. P. R. Warwick. The circle assumed as a project for the quarter the boys of the school next Friday morning. Members are asked to bring donations to the home of Mrs. Willie Bogun Dunn at 363 West Eighth street. If any member wishes to donate articles and is unable to bring them please call Mrs. J. E. Caffrey, telephone 541, or Mrs. Dunn, telephone 446.

Seven members, two new members and two visitors were present.

MRS. NORTHRUP HONOREE AT LUNCHEON.

Honoring Mrs. H. R. Northrup of Vancouver, Canada, Mrs. W. E. Spencer entertained with a four-

course luncheon at Laguna hotel today. A lovely arrangement of mixed garden flowers centered the dining table, emphasizing a spring theme. A social hour was enjoyed following luncheon.

The guest list included Mrs. H. R. Northrup, Mrs. F. D. Wright, Miss Mary Jane Butts, Mrs. Fred H. McMahon (Houston), Mrs. Jack Frost (Eastland), Mrs. Bill Mitcham, Mrs. Ray Miller, Mrs. J. E. Spencer, Mrs. Alex Spears, Mrs. R. W. Mancill, Mrs. Jos. L. Kreps, Mrs. R. A. Bearman.

METHODIST WSCS IN BUSINESS MEETING.

First Methodist WSCS met at the church Tuesday morning in work period and enjoyed an impromptu luncheon.

Following luncheon the monthly business meeting was held with Mrs. John Shertzer, president in charge. The meeting opened with selected scripture read alternately and all joined at the close in repeating the Lord's prayer. Routine business was transacted in which reports of circle chairmen and various committee chairmen were given. Mrs. B. E. Monehart was elected delegate to the annual WSCS meeting which will meet at Eastland March 21-23.

The meeting closed with prayer. Those present were Mrs. John Shertzer, Mrs. C. E. Hickman, Mrs. T. J. Dean, Mrs. J. J. Porter, Mrs. R. W. Merrett, Mrs. Philip Pettit, Mrs. Charles Flaherty, Mrs. A. R. Westfall, Mrs. B. E. Monehart, Mrs. Wm. Joyner, Mrs. Leslie W. Seymour, Mrs. J. W. Slaughter, Mrs. Mollie Hickman, Mrs. D. P. King, Mrs. M. D. Paschall, Mrs. Joe Wilson, Mrs. C. E. Paul, Mrs. Fred Scott, Mrs. S. H. Nance and a guest, Mrs. W. Poe of Winters.

Public notice of this order shall be given for a period of not less than twenty days next preceding the date of said election by publication in each issue of a newspaper published in the City of Cisco.

Signed and approved by the Mayor, and attested by the City Secretary, this 8th day of February, A. D. 1944.

EDWARD LEE, Mayor of the City of Cisco.

Attest: GEO. W. DOWNIE, City Secretary.

ARTIE J. CRAWFORD HONORED WITH PARTY.

Mrs. J. R. Crawford complimented her daughter, Artie Jeanette Crawford, with a party on her eleventh birthday, Thursday, March 2, at the family residence, on west Seventh street. The children played games of various

LEGAL NOTICE.

A RESOLUTION ORDERING AN ELECTION TO BE HELD IN THE CITY OF CISCO, ON THE 4th DAY OF APRIL, 1944, FOR THE PURPOSE OF ELECTING THREE COMMISSIONERS FOR THE CITY OF CISCO.

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF CISCO:

That an election shall be held on the first Tuesday in April, 1944, same being the 4th day of April, 1944, at which election the qualified voters of the City of Cisco shall elect three commissioners, each to hold office for a term of two years;

That said election shall be held at the City Hall of the City of Cisco between the hours of 8:00 o'clock a. m. and 7:00 o'clock p. m. to be conducted according to the Ordinances and Charter of the City of Cisco, and in compliance with the election laws of the State of Texas.

Public notice of this order shall be given for a period of not less than twenty days next preceding the date of said election by publication in each issue of a newspaper published in the City of Cisco.

Signed and approved by the Mayor, and attested by the City Secretary, this 8th day of February, A. D. 1944.

EDWARD LEE, Mayor of the City of Cisco.

Attest: GEO. W. DOWNIE, City Secretary.

Travelers' Aids ... Compliments of the Texas and Pacific! Before planning to travel, ask yourself this question: Is this trip necessary? All available seats and berths are needed by our armed forces and those engaged in essential industry. And, while we welcome essential travel, we do urge all others to travel sparingly. ...but if you must travel...you can help if you will: Plan every trip and buy round trip tickets as far in advance as possible. Cancel your reservations promptly, if it becomes necessary to change your plans. Accept cheerfully the accommodations that are available. Travel light, taking only one piece of luggage on the train. Please check all luggage except the bag you carry with you a day before you start your trip. And see that every piece of baggage is labeled with your name and complete address. Labels available at baggage room. Wait your turn in the dining car patiently. When you alight—DON'T FORGET YOUR BELONGINGS! THE TEXAS AND PACIFIC RY. For Victory — Buy War Bonds

### BRIEFLY TOLD

Corp. Reuben Thomasson and wife are here from Imperial Valley, Calif., for a visit in the home of his parents, Mr. and Mrs. J. W. Thomasson. Corporal Thomasson, who attended school in Cisco when a boy, has been in the air service for about two years. He married a California girl after entering the army and this is her first visit to Cisco.

Roy Gant of Austin spent the weekend in the home of Mr. and Mrs. E. S. Townsend.

Mrs. Mary Abbott of Cisco and Mr. and Mrs. A. E. LeClaire of

Eastland attended the funeral and burial of their niece, Mrs. Moore Covey at Lueders Sunday. Others attending were Mrs. O. G. Smith of Eastland and Mrs. Neil Moore of Cisco.

Word received by Mrs. C. L. Bisbee said her husband, Pvt. C. L. Bisbee, has landed safely in North Africa.

Mrs. Joe Holleran returned to San Antonio today after spending the past week with her mother, Mrs. Mary Abbott.

Mrs. Walter L. Boyd joined her

sisters, Mrs. John Wilson and Mrs. D. C. Brazzell of Albany on a visit with relatives in Carbon last Sunday.

Mrs. Barton Philipott and daughter Mary and her mother, Mrs. T. E. Moore attended the funeral and burial of Mrs. Moore's brother-in-law, J. E. Sutherland of Sulphur, Okla., Sunday which was held at the family burying ground near Dallas.

Mrs. I. T. Johnson of Cross Plains visited in the home of Mr. and Mrs. M. L. Perdue over the weekend.

Mrs. A. R. Purifoy was called to Anson Tuesday by the death of her sister, Mrs. Roy L. Baker.

Mr. Purifoy went to Anson this afternoon to attend the funeral and burial.

Mr. and Mrs. C. R. Fryar of Stephenville visited their daughter and husband, Mr. and Mrs. A. J. Sanders here Tuesday.

Rev. and Mrs. F. A. Hollis who live east of Cisco attended the workers conference of Cisco Baptist association which met Tuesday in Breckenridge.

Mrs. Don Rupe, Mrs. V. H. Bosworth, Mrs. E. E. Green, Mrs. J. O. Warren, Willie Thelford and Rev. and Mrs. H. D. Blair attended workers conference of Cisco Baptist association at Breckenridge Tuesday.

Mrs. J. A. Freeman of Merkel is visiting her sister and brother-in-law, Mr. and Mrs. A. M. Freeman, this week.

Miss Mary Elizabeth Wright, accompanied by her uncle, G. C. Edleman and his daughter, Mrs. Herschel Weatherby of Fort

Worth, visited in the home of Miss Wright's parents, Rev. and Mrs. J. R. Wright, the past weekend.

Word from Tech-Sgt. Julian Flaherty, son of Mrs. Charles Flaherty, says he is well and on the job in New Guinea. He is homesick, he wrote, and could eat with relish a sandwich from his home town.

Milton Houston, 6-year-old son

of Mr. and Mrs. Shobal Houston, broke his right arm Tuesday evening when he fell from a bicycle. The injured member was immediately set by Dr. E. L. Graham and the youngster is getting along all right.

Mrs. J. R. Heath has returned to her home in Oregon after a visit here with her uncle and aunt, Mr. and Mrs. M. L. Perdue. Mrs. Heath is the former Miss

Lola Mae Perdue. Her husband, Pvt. J. R. Heath, is attached to the Marine corps.

Mr. and Mrs. Marvin Frazier and daughter Janis of Brownwood are visiting Mrs. Frazier's

mother, Mrs. Charles Frazier

and family. I. D. Strawn, employed Brown Shipbuilding company Houston, spent several days at his home in Cisco this week.

### Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel green laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must use the way it quickly allays the cough or you are to have your money back.

## MAYBE... future cars with Glareless Lighting

## BUT... OIL-PLATING YOUR ENGINE is like outdoing the future—today

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy Winter oil drained. But get more than an oil change; adopt the major advancement of motor oil that OIL-PLATES—by getting Conoco N<sup>th</sup> oil for your indispensable oil change this Spring. Conoco N<sup>th</sup> motor oil adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in patented

Conoco N<sup>th</sup> motor oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! Simply change to Your Mileage Merchant's Conoco N<sup>th</sup> oil for Spring. Continental Oil Company

## How to take care of your Gas Range

1. Do not put wet dishes directly on the enamel. (This enamel is glass.) Protect top with asbestos mats.
2. Wipe off spilled foods at once, with dry cloth. Later when range is cool, clean with damp cloth.
3. To clean top burners of aluminum or enamel, use mild soapsuds; rinse and dry. (Do not boil in soda solution.)
4. To clean broiler grill, let cool before washing with soapsuds; use fine steel wool. (Remove grill and pan from the range as soon as food is taken off.)

Whenever possible, use only a moderate heat for broiling, and you will find the broiler easier to clean. (Many foods broil well with a moderate heat.)

5. The oven-lining will last longer if you roast meats at low temperatures (250° to 325°). It makes better-tasting meat besides, and also cuts down grease-splatter on oven-walls.
6. To clean up spill overs on oven floor, let cool, and then use a fine steel wool.
7. Don't load the oven-door with heavy roasts as you put them in or take them out. It might warp the door.
