Stage All Set
For First GOP
County Primary

This is the big week. We Nelsons traditionally gang up with half a dozen radios, fasten our eager, sweaty ears to the speakers, and listen to the returns an election night. We take our politics seriously. If our man or party loses, the place is like a funeral, but if we're on the winning side we're as happy as a kid with a bucket of ice cream and an empty stomach.

The Democratic Party primary Saturday, however, is sort of a red-letter day. It's the first time one of our clan ever ventured forth into the rough and tumble world of political campaigning.

Win, lose, or draw, B. M. St. is having more fun than a pup treeing his first cat. He's had a rough time with an ultra-conservative audience or two but his cordial reception by moderates and brass collar democrats over the district has been very gratifying.

I'm beginning to see how professional politicians can get hooked on campaigning. All the thrills, disappointments, tensions, anticipations, and competitions that go into a campaign make it a tremendously fascinating experience, worth dying even if you lose, priceless if you win.

A strange aspect of this campaign is the ultra-conservative-liberal haggle. A candidate for the state legislature is often asked whether or not he favors squashing the UN, electing Supreme Court Justices, foreign aid and so forth. Naturally, the office he seeks does not have jurisdiction over these questions.

Many candidates, seeking offices from the governorship on down, are eagerly pledging for conservative votes. The idea is that the winner will be the man who can outconservative everyone else. Consequently scores of candidates are seeking to appease voters over the state on this issue because they think this is the most passionate urge of the people at the moment.

A man can be so conservative that he won't even buy shoes for his wife and kids for all we care, but it doesn't speak well for a man to pick up this crudel, fit his conscience to it, and carry it for his banner simply to get votes.

It would be pleasant again for voters to choose the man they think would do the best job of governing, administration, and making and carrying out laws. There are not many questions that come up which can honestly be equated in terms of liberal and conservative philosophies.

For instance, if more calls were an absolute necessity in the state prison situation would not call for conservative veto of the idea, or perhaps a liberal's desire to build a complete new prison. The moderate idea of doing what is necessary at the least expense—like in normal business operations—would be the answer. A candidate should do what is necessary and not that which is unnecessary. A candidate should be chosen for his ability, then, to ascertain whether something is necessary or not. He should not try to be a conservative stumbling block to progress, nor should he run off in a dozen directions proposing unnecessary legislation and unnecessary spending.

Some small towns have had troubles arising from invasions from the far right. Sometime it could be almost funny if it weren't so tragically ridiculous. Take this article from the Midlothian (Texas) Mirror for instance:

"Editor Penn Jones of the Midlothian Mirror had a fight with the principal of Midlothian High School last week.

Jones, a major in the army reserves, had gone to the school to inquire if a speaker could come to answer a John Birch-type lecture given to the high school students earlier in the week.

The speaker had told the students: 1. Roosevelt is responsible for communism being alive today. 2. Truman is a cold-blooded murderer because of the Korean conflict. 3. The United Nations is the greatest fool of the communists in the world today. 4. The Constitution of the United States needs to be drastically revised.

The request was first made to Supt. L. A. Mills, who replied that the matter was under the principal's department. Principal Roy Irvin was called into the room, and the request was made to him. Irvin said it couldn't be done.

Editor Jones indicated his surprise and a comment which he was unaware that the two were "super patriots," a term which the Birch speaker had used to describe himself.

Jones also observed that neither the principal nor the superintendent had ever gotten mad enough in the past to fight for their country. The principal told Jones that a rebuttal speaker could not be brought to the school and that he, Jones, "don't even have the right to come in and ask."

Jones' reply was, "The hell I don't!" The principal, somewhat disturbed, then called Jones an SOB and started striking him. Pinned after three minutes, Jones affirmed Irvin on top of a radiator

Castro County Democrats will get their chance Saturday to vote on a duke's mixture of gubernatorial candidates ranging from ultra-conservative ex-general Edwin Walker to liberal Don Yarborough. There are all shades—but mostly conservative—in between.

Probably the most liberal of the conservatives is incumbent Price Daniel, who, while he has made little progress during his three terms in office, he has kept the state free of major scandal in political offices, which, in Texas, is something to brag about.

Political deposters at present figure Daniel is a cinch to get into the runoff, but there is some doubt as to whether he will be running against Yarborough or John Connally, whose seemingly endless resources have blanketed the state with a record amount of campaign material.

Another strong contender will be Marshall Formby of Hale County, who could possibly be a dark horse. He's not generally considered a top contender because he lacks the incumbency of Daniel, the money of Connally's political machine, or the liberal Democratic following of Don Yarborough.

Will Wilson is another dark horse who will pick up some conservative votes, but is not considered too potential due to his poor showing in the previous race and his lack of affiliation with any major Texas political group within the party.

Will Wilson is another dark horse who will pick up some conservative votes, but is not considered too potential due to his poor showing in the previous race and his lack of affiliation with any major Texas political group within the party.

The race for Lieutenant Governor has not stirred up much comment over the state, despite the power of the office. In this area James A. Turman of Fannin County and Preston Smith of Lubbock County have had the most active support. Also in the race are Robert Baker of Harris County, Crawford Martin of Hill County, and Jarrod Secrest of Bell County.

Since he is running for governor, Will Wilson is not in the race for Attorney General. In this race are Waggoner Carr of Lubbock County, Tom James of Dallas County, Bob Looney of Travis County, W. T. McDonald of Brazos County, Les Procter of Travis County, and Tom Reavley of Travis County.

Candidates for the other state offices can be found in the sample ballot for the Democratic Primary elsewhere in this issue of the News. In the 91st Legislative District, three men are running for the post which covers Deaf Smith, Parmer, Castro, Lamb and Bailey counties. They are Bill Clayton of Springlake; W. T. (Bill) Miller of Muleshoe; and B. M. Nelson of Dimmitt.

For District Judge are James A. Joy and Joe L. Cox, both of Hale County.

No county offices are contested. Seeking re-election unopposed are County Judge Raymond Wilson, County Clerk, Zonell Maples; County Treasurer Faye E. Holland and County Surveyor John Alldridge.

County Democratic chairman candidate is Ray Bearden, who is currently filling the unexpired term of B.M. Nelson by appointment.

Running for Castro County Commissioner, precinct 2, are incumbent Noble Armstrong and Raymond L. Hance and Clyde R. Davis.

In the race for Commissioner, Precinct 4, are Jerry Wilhelm and John C. Stork.

Bruce L. Woodell is running for Justice of the Peace.

There are also three referendum propositions on both Republican and Democratic primary ballots. They are (for or against) the Legislature to submit a constitutional amendment to legalize parimutuel wagering on horse races; (for or against) the Legislature to enact a law legalizing parimutuel wagering on horse races with the State and track sharing fourteen percent of the parimutuel pool the home county receiving two percent of the total pool, and all other counties receiving one-half of the net state share on the basis of population. No racing on Sunday and (for or against) the Legislature to submit a constitutional amendment to abolish the poll tax as a prerequisite for voting.

Voting in the Democratic primary will be as follows:

- Place
1. County Clerk's Office
2. Tax Collector's Office
3. County Agent's Office
4. Commissioner's Court Room
5. Leo Dolmeyer Home
6. Hart American Legion
7. Bethel Community Center
8. Jumbo Community Center
9. Pitman Grain Co. Office
10. Sunnyside Community Center
11. Big Square Community Center
12. Joe Birkenfield home
13. Arney Community Center
14. Easter Community Center
15. Easter Community Building

and against the wall. Jones again asked the superintendent if a federal judge who was available could come and answer the John Birch speaker. The superintendent again passed the buck to the principal.

The superintendent expressed a desire that the story of the fight not be published.

Shop Rite Buys Bob's Super Market; Reopens Under Piggly Wiggly Name

Shop Rite Foods, with headquarters in Albuquerque, N.M., have announced the purchase of Bob's Super market of Tullia and Bob's Market of Dimmitt from Robert "Bob" E. Goodwin.

The new owners began operation of the store this week. The store has been renamed Piggly Wiggly, following arrangements made through the Piggly Wiggly organization with Ben Hill, owner of a grocery store here formerly operated under that name. Hill's store is now known as Ben's Food.

Shop Rite Foods, which lists total assets of more than \$12 million, is now a 61-store chain doing business in West Texas and New Mexico. The Dimmitt store is a building of ten thousand feet with parking for 100 cars. The amount of the transaction was not announced.

According to F.A. Sewell, Amarillo division manager of the firm, "No changes of personnel or of the building are anticipated at this time, with the exception that Shop Rite Food will send a new manager to each location and that the

stores will be under the Amarillo Division."

Manager of the new Piggly Wiggly will be Frank Webb, who comes to Dimmitt from Amarillo, where he was assistant manager of Piggly Wiggly No. 9. Mr. and Mrs. Webb and their daughter, Freida, 15, live at 604 NW 8th. He is a native of Roaring Springs and has also lived at Matador and Flovada. During World War II he saw service in the Far East with the Army. They are members of the Baptist Church. Mr. and Mrs. Webb have two married daughters four grandsons and a granddaughter.

Redemption Center to be Located Here

A new Buccaneer redemption center will be established soon in Harman's Department store, it was announced this week by the Buccaneer Stamp Company of the Panhandle.

The Buccaneer Stamp is the official premium stamp of the Panhandle Affiliated Grocers. The stamp is issued through stores in four states, Arkansas, Texas, Oklahoma, and New Mexico.

This is the only stamp redemption center in Dimmitt. Local stores handling the stamps will be Ben's Food, Bill Baker's Food, and Harman's. Redemption centers for Buccaneer Stamps are also located in Plainview, Tulsa, Amarillo, Pampa, Perryton, Turkey, Guyman, Oklahoma, Boise City, Oklahoma, and Clovis and Portales, N. M.

The Buccaneer catalogue lists over a thousand name brand items, including Westinghouse, Universal, Sunbeam, Samsonite, etc.

The grand opening date will be announced soon. Buccaneer stamp officials have expressed the hope that the local center would be open within three weeks.

P.T.A. Installs 1962-63 Officers

A last meeting of the Parent Teachers Association for this school year was held May 1 in the South Grade School Cafeteria. The meeting date was changed from the second Tuesday in May to the first to avoid conflicts with the school schedule.

Miss Grisham's fourth grade class played musical selections on their tonette instruments, accompanied on the piano by Miss Grisham.

Installed as newly elected officers for the 1962-1963 school year were: Mrs. Kenneth Shropshire, president; Mrs. Joe Cowen, first vice-pres and program chairman; Mrs. Edd McLeroy, second vice-president and membership chairman; Mrs. James Proffitt, third vice-president, yearbook and publicity chairman; Mrs. Russell Moran treasurer; Mrs. Buster Tidwell, secretary; Mrs. Milton Richardson, historian. Mr. Edd McLeroy was the installing officer.

New ideas for P.T.A. programs to improve attendance and add interest to different age levels are being worked on by the program committee. Mrs. Joe Cowen, program chairman will have representatives from each school to assist her. They are: Mrs. Ralph Smith, high school; Mrs. J. D. Covington Jr., high; and Mrs. Wanda Van Valkenburg, elementary school.

Committee chairmen selected for the coming year are: Mrs. Clyde Damon, Health Committee; Mrs. Stanley Schaeffer, Safety Committee; Mrs. Steve Taylor, Pre-school Committee; Mrs. J. O. Seale, Legislation Committee; Mrs. Jack Miller, Hospitality Committee.

FISHING TRIP
Mr. and Mrs. Al Tittle and son Tom and Mr. and Mrs. E. J. Masengale are home from a vacation trip to a San Angelo lake. They did some fishing, boating, and skiing.

HOUSTON TRIP
Mrs. Iris Touchstone visited last week with her daughter, Mrs. Don Franklin and family in Houston. Another daughter, Mrs. Maxine Childers and son Truett of Childers were here for a few days visit.

Five Youths to Vie in State 4-H Contests

Nineteen Castro County 4-H Club members participated in the District 4-H Contests which were held at Canyon Saturday, with the exception of the Livestock Judging Team Contest which were held previously.

Five club members will be eligible to attend 4-H Club Round Up June 5-7 at College Station. These teams are the Livestock Judging Team and Tractor Operators contest winner, Bobby McLain is the tractor driver and the Livestock Team members are Aaron Hutto, Dennis Cleaver, Donald Smithson and Dan Petty.

In Public Speaking, Lou Ann Witkowski placed third and will be an alternate to attend 4-H Club Round Up.

Junior members placing first in their division were Mickey Simpson and Gerald Witkowski with their Safety Demonstration; Byron Hutto in Soil and Water Conservation Demonstration; Ediana and Sammie Ann Vinson in Dairy Foods Demonstration; Jane Witkowski and Patty Simpson with their Vegetable Preparation Demonstration; Charles Kuntz in the Junior Tractor Operators contests.

Carolyn and Betsy Simpson placed third with their demonstration on Vegetable Production and Marketing.

Junior members are not eligible to attend Round Up.

Charles Hottel, County Agent, and all the club members did an outstanding job and took their share of the honors. Club Leaders who accompanied the group were Mr. and Mrs. Bill Simpson, Rodney Smith, M.L. Simpson, Mrs. Bob Sheffey, Mrs. S.R. Hutto, Mrs. Donald Adams, Mrs. Leo Witkowski, Mrs. Edgar Vinson and Mrs. Frank Robbins.

Demo Precinct Conventions to Be Held May 5

Democratic party precinct conventions will be held over the county Saturday at 1:30 p.m. in each election precinct.

The precinct conventions will be followed later by the county convention and still later by the state convention.

Precinct conventions will be at the following places. In the order they are listed are the precinct numbers, precinct chairmen, and place to be held:

- 1. E. B. Reinhardt, Library Room Court House
2. L. G. Manning, Community Room, Southwest Corner, Courthouse
3. E. B. Wright, Community Room Northwest Corner, Courthouse
4. Jim Elder, Sheriff's office.
5. Lee Dobmeier, Front porch, home of precinct chairman Nazareth
6. Dean Sanders, Hart American Legion Hall, west end.
7. B. E. Sinclair, Bethel Community Building, northeast room
8. Joe Boozer, Jumbo Community Building, West Room

12. Joe Birkenfield, front porch, home of precinct chairman
13. Clyde Hancock, Community Center Arney
14. Tom Draper, Frio Baptist Church Building.
15. Mrs. Fred Walton, Easter Community Building.

HOLIDAY GUESTS
Holiday visitors in the home of Mr. and Mrs. Ester Noble were their children Mr. and Mrs. Rex Williams and family of Mesquite; E. B. Noble and family of Dimmitt and Mr. and Mrs. Bob Myers and boys of Dimmitt. Other Dimmitt guests were Mrs. W. T. Gollehon, Mrs. Mattie Turner and Mrs. Edna Cooper.

VISIT IN FLOYDADA
Mr. and Mrs. Ester Noble were recent visitors recently in the home of friends, Mr. and Mrs. W. J. Thompson in Floydada.

Bethel Community Wins First in Regional Judging Contest Thursday

Bethel residents won for themselves a first prize of \$100 in the regional community improvement contest series after judging Thursday.

Some twenty-nine guests and two judges toured the community, beginning at 4 p.m. and when this was concluded at 6:30, verbal reports were presented the group by committee chairmen. They were Doris Lust, Health and Safety; Fred Bruegel, Jr., Community Achievements; Shirley Underwood, Education, Citizenship and Recreation and James Welch, agricultural.

George Sides gave a brief summary of the year's work and Carolyn Sides presented the history of the Bethel Community.

Bethel was the only Castro County community to enter the contests this year.

Judges were Miss Edith Wilson, District I Home Demonstration Agent of Canyon, and Nolan Chandler of KGNC Amarillo. A covered dish supper was served at 7:30. About 120 persons attended the supper and business meeting following.

Officers of the community organization are: Elbert Smith, president; James Welch, first vice-president; Tommy Stanton, second vice-president; and Frances Smith, secretary and treasurer.

Other winners were the Fairview community, second place; Ashtola community, in Donnelly County, third place; and Chamberlain in Donnelly County, fourth place.

Band Returns From Trip to San Antonio

Some 112 weary band members and their 51 accompanying adults arrived back home in Dimmitt late Sunday afternoon after a half-week filled with traveling, excitement and sightseeing.

They had been to the Battle of Flowers in San Antonio, as one of five bands in the state invited to participate. It was, according to reports of people returning, a triumphant trip.

There were impartial reports of an outstanding performance by the Dimmitt band by at least one newspaper. The San Antonio Light had this to say:

Ar outstanding performance of both musical ability and the most intricate precision drilling was turned in by the Dimmitt Bobcat Band, which raised \$4,000 back home in West Texas to give the group its two-day visit to Fiesta.

The 105-piece show-stealing band comes from a school of but 250 students and yet, during the past ten years has won 43 first place trophies, eight sweepstakes awards and has been named an outstanding band in numerous competitions, including the Battle of Flowers in 1960.

So well behaved were the Bobcat Band members on their last trip to San Antonio that the hotel where they are again staying is giving a party for them.

School Choirs to Present Choral Programs Sunday

Members of the junior high and high school choirs will present a program of choral music Sunday afternoon at 2:30 in the high school auditorium under the direction of Roy Lowe, choir director.

The choirs will perform independently as well as jointly.

There will be selections of nearly every type, with the program leaning slightly toward the light side. Folk songs, rhythmic spirituals, and popular songs will make up the bulk of the program.

No admission will be charged.

Stage All Set For First GOP County Primary

The first Republican primary to ever be held in Castro County has been set for Saturday.

Fred Bruegel Sr., Castro County Republican Chairman, Monday urged each Republican and Independent voter in Castro County to vote in the Republican Primary on Saturday, May 5.

"It is incumbent upon all Republicans and all Independents who believe in a two-party system in Texas to vote in the Republican primary and demonstrate to the state and to the Nation that Texas is a two-party state," Mr. Bruegel said.

"A vote in the Republican primary will constitute a voice of protest against the present trend toward more centralized government."

Republican primary polling places will be in Rawlings Hotel, James C. Rawlings, election judge; Nazareth School, James J. Schwalder, judge; and Dimmitt High School, Jimmie Singer, judge.

Any Republican in the county wishing to hold a Republican primary nearer their home is urged to contact Mr. Bruegel before 7 o'clock Friday night, May 4.

Republican executive headquarters will be at Rawlings Hotel Saturday and precinct conventions will be held at 2:30 at the polling places.

A sample Republican primary ballot can be found elsewhere in this issue. Three individuals have announced their candidacy as write in candidates on the ballot. They are T. E. Kenerly of Harris County for Attorney General; Allen Lucy of Taylor County, for state treasurer; and Mrs. Hargrove Smith, Harris County, for State Comptroller of Public Accounts.

Homes Needed For Next Year's Foreign Students

The Dimmitt Chapter of the American Field Service must secure immediately two families to provide a home for exchange students next year.

A query was received this week by chapter president Dr. James Wohlgemuth from the New York office, which also informed him that the national organization was waiting upon notification of the Dimmitt families selected.

Under the program, a foreign student who passes strict tests and qualifications may live for one school year in this country with some family that has offered to keep him or her. At the end of this time, the foreign student is given a tour of the United States before being provided transportation home. Ordinarily the cost of his transportation and incurred expenses are borne by the community in which the student comes to live. Presently there are two foreign students in Dimmitt, Gary Huntington of Australia, who is staying with Mr. and Mrs. Carl Easterwood and Moteo Terami of Japan, who lives with Rev. and Mrs. Hugh Blaylock.

Anyone interested in providing a home for a foreign student should contact Dr. Wohlgemuth immediately. The requirements of the family are: 1. Both parents must presently be over 40 years of age; 2. They must now have or have had a teenager in their home. The only financial obligation of the family is that they furnish room and board for the student. This will be the third year of the program coming up. The first year Miss Pia Nasman of Grandkulle, Finland stayed with the G. I. Clingingsmith family.

Mr. Glen Godfrey and children are visiting her relatives, the Simons in Albuquerque this week.

HOLIDAY GUESTS
Mr. and Mrs. Jack Hodges and children of Amarillo, Mr. and Mrs. Gary Compton and Kent Hance of Lubbock, and Mr. and Mrs. Frank Smith of Spade visited during the Easter holidays with Mr. and Mrs. Raymond Hance.
SEMINOLE TRIP
Mr. and Mrs. Ester Noble, Mrs. Edna Cooper and Mr. Elmer (Doc) Noble went to Seminole Sunday to see their brother, Edgar Noble and wife.

Pete Wright (left) outgoing Jaycee president, turns the job over to Bob DuLaney.

Bob DuLaney Installed as New President of Dimmitt Jaycees

About 100 persons were at the annual Junior Chamber of Commerce Banquet in Dimmitt Saturday night to hear a speech by immediate past state president Lewis Timberlake of Stanford.

Theme of Mr. Timberlake's speech was that a man's worth to mankind is measured in the accomplishments he makes.

A highlight of the evening was when the 1961-62 president, Pete Wright turned the gavel over to the new president, Bob DuLaney. (Dewayne Brown was announced earlier as elected to this position, but he recently accepted a grain elevator position in Hart.)

Installed as officers were Bob DuLaney, president; Bill Barnett, Raymond Crum, second vice-pres; Chuck Munselle, secretary; Larry Allen, treasurer; and Ewing Mathis, director, inter-club relations. Local directors are Fred Bruegel Jr., Bob Cranford, Rayphard Smithson, and Jim Cleavinger.

Jaycee-Ette officers installed were Sue Barnett, president; Bonnie DuLaney, vice-president; Joanne Robertson, secretary; Nickie Culpepper, treasurer; and Marjorie Mathis, state director.

In winding up their year this week, the Jaycees listed total income of \$8,028.40 and expenses of \$7,602.99. Beginning Thursday they will also change their noon eating place from the Rebekah Lodge to the Steak House Cafe.

Farm Has Many Jobs

The average Texas farm or ranch operator wears many hats. He is a member of the world's most efficient agricultural production team and the manager of sizable investments in resources and capital. He must, points out Tom Prater, A & M extension farm management specialist, keep up with the latest technological developments, new methods for controlling insects, plant and livestock diseases, new fertilization practices and management techniques which are constantly coming from research sources.

One miscalculation can mean the difference between profit and loss. His average annual net income is \$3,630, \$307 above the national average.

Oat Seed Available Soon

Seed of Alamo-X, a new oat variety developed by the Texas Agricultural Experiment Station, will be available for fall plantings. Foundation seed were released to certified seed growers in 1961 for multiplication and supplies are expected to be fairly adequate for this fall's seedings.

Profits Depend On Resources

Farm or ranch profits depend upon how well the producer uses his available resources says Cecil Parker, extension farm management specialist. Maximum utilization of resources requires careful study and analysis, and thus a complete inventory of each resource.

Use Care with Mowers

With warmer weather, the job of keeping lawns neatly trimmed and mowed will become a regular chore. Power tools are readily available for doing jobs and power mowers are regular equipment around most homes. The Texas Farm and Ranch Safety Council offers this word of advice about their use—“Improperly used mowers can run up the cost of lawn mowing by being accident hazards. They can even become lethal weapons when used on lawns or weed patches not checked before mowing for objects which might be hurled by the mower into the operator or persons nearby. Be careful,” warns the Council.

News from the
Castro County
A S C
OFFICE

A recent change in regulations provides that strips of 4 normal rows in a skip row planting pattern may be designated as diverted feed grain acreage on participating farms.

A normal row must be the same row width that is used for the interplanted crop and can not be less than 36 inches wide. For example, if land in a skip row pattern is designated as diverted acreage, patterns could be as follows:

Four 40 inch rows of crop and four 40 inch rows of fallow will be classified as one-half crop and one-half diverted acres, or Four 40 inch rows fallow and two 40 inch rows crop will be classified as one-third crop and two-thirds diverted acreage.

Cotton may be planted in the following skip row patterns and the following deductions will apply:

Four normal rows cotton and four normal rows fallow will be one-half cotton.

Two normal rows cotton and one normal row fallow will be two-thirds cotton.

Two normal rows cotton and two normal rows fallow will be one-half cotton.

Two normal rows cotton and four normal rows fallow will be one-third cotton.

Four normal rows cotton and two normal rows fallow will be two-thirds cotton.

Areas that will qualify as deductions from fields of cotton or grain sorghum are:

1. Deductions may be made for areas around the perimeter of the field if the deduction is one row in width and contain at least five hundredths (.05) acre.

2. Deductions may be made within the field if the deduction is one row in width and contains one-tenth (.1) acre.

In determining the width of any area to be deducted the measurement will be made one-half row from the last row of cotton.

Present day hospital care represents a unique combining of science and personal attention, Frank Latimer, administrator of Castro County Hospital, said today on the opening of National Hospital Week.

"Scientific advances have been translated into life-saving equipment, medications, and medical techniques," he said, "but they are passed on to the patient only because physicians, nurses and other medical personnel are present to use them."

Each patient has special needs that can be met only by individual attention. While the scientific and technical advances contribute to a patient's recovery, they must be prescribed and provided individually to meet the patient's exact need, Latimer said.

To fulfill this goal, community hospitals have more than two employees for every patient. Each year, one in eight persons is hospitalized, and each of these persons benefits from the advances of medical science and from the attention of the hospital staff.

Castro County Hospital is joining other hospitals throughout the country in observing National Hospital Week, May 6-12. This year's theme, "Your Hospital—Uniting Science and Patient Care," points out that each person who enters a hospital will benefit from the latest scientific advances and the most careful human attention to his individual needs.

Mr. Latimer listed the following facts about hospitals and hospital patients in the United States.

United States hospitals cared for more than 25 million patients in 1960—the greatest number in any year of hospital history.

An average of more than 1,402,000 persons are patients in hospitals on any given day.

One in every eight persons will become a hospital patient this year.

One-fifth of all hospital admissions are for obstetrical care. The average stay for obstetrical care nowadays is 4.6 days.

The average stay in a hospital for an appendectomy is four days. Twenty years ago the average was 14 days.

The average length of stay in non-federal short-term general hospitals is 7.6 days. In 1934, it was 14 days.

More than 3.8 million babies were born in hospitals in 1960. This is 90.3 per cent of all births in the United States.

It costs non-federal voluntary short-term hospitals an average of \$33.23 to care for one patient for one day. Patients pay an average of \$31.51 toward this cost, or \$1.72 less than it costs the hospital to care for them.

The average daily cost per patient in voluntary short-term hospitals has increased from \$10.04 in 1946 to \$33.23 in 1960.

Employees' salaries are the hospitals' largest single expense, and comprise two-thirds of its total expenditures. In industry, salaries comprise one-third of total costs.

One in every 45 employed persons works in a hospital, a total of 1,580,000 people.

Some of the largest hospitals have up to 200 job classifications, many with several employees in each.

The total number of personnel employed by hospitals has risen more than 83 per cent since 1946. This reflects the growing number of services provided by hospitals.

Voluntary short-term hospitals have an average of 232 employees per 100 patients. Over half of these employees are directly concerned with the professional care of patients.

More than 2 million persons serve as volunteer workers in hospitals. The total assets of hospitals is \$17.7 billion, an all time high.

Medical costs have increased 108 per cent in the past 20 years. In the same period, the cost of public transportation has increased 139 per cent, food 195 per cent, and shoes 169 per cent.

Out of today's consumer dollar, 6 cents goes for health, while 27 cents goes for housing, 22 cents for food, 10 cents for clothing, 12 cents for travel, 6 cents for recreation, and the remaining portion for miscellaneous commodities.

The average infant born in this country today can expect to live almost half again as long as one born in 1900. A baby born in 1900 had a life expectancy of 47.3 years; one born today has an expectancy of 69.7 years.

Specialists Shows Aspects of Farm Profit Picture

Many Texas farmers and ranchers are asking how they can make more profit. Cecil Parker, extension farm management specialist, points out that before a profit can be made, something must be produced. This production requires land, labor, capital and management.

Since any one producer has a fixed supply of one or more of these resources, the amount he can produce over a short period of time is limited. Over a longer period, however, the supply of resources may be increased, thus increasing potential crop and livestock production.

Profits now and in the future depend on how well the producers use his available resources, says Parker. Maximum utilization of resources requires careful study and analysis, and thus a complete inventory of each resource.

An inventory of all the land you control is a good place to start, says Parker. A knowledge of the various types, capabilities and acreages of each is necessary in planning cropping systems. Make and keep a yearly plan for each field, showing rotations, crops grown, fertilizer used, cultural practices and yields. This plan will be very valuable.

It is also important to study your labor requirements for the year's operation. Know the capabilities of both family and hired labor. Once labor is committed to the farming operation for a year the cost will remain the same whether it is used to the best advantage or not.

Make an inventory of available money to carry out the year's operation and consider the need for capital investments, suggests Parker. It is important to study carefully your capital needs and plan how to use available capital to the best advantage.

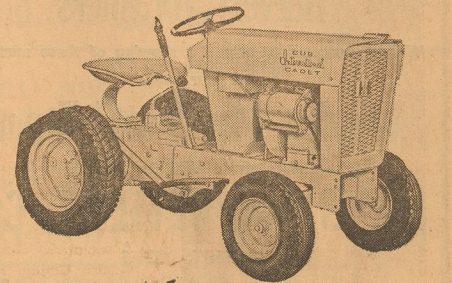

What is the condition of your machinery and equipment? Are your building facilities adequate? Inventory all these items and evaluate them for optimum use, advises the specialist.

Contact your local county agent for ideas on the use of your resources for maximum profits from your farming operations. The trouble taken to complete this analysis will pay dividends, concludes Parker.

"BATTLE STATIONS!"

by Frank Ford
candidate for
State Representative

Many of you have been wondering why the Republican candidate for State Representative has not been beating more bushes. Well, I have been catching up with my farming, trying to stay calm about the birth of a fine new son, and listening to what my three opponents in the Demo primary have to say. I even went fishing one day, snagged three plugs in the underwater brush, and didn't catch a thing. As any fisherman knows though, even this is fun.

Now I reckon it's time to unfurl my battle flag and get down to politickin'. You folks who paid your \$1.75 are going to get your money's worth this year. I like farming and I'm not in this race because I want to get on the public payroll. It is because there are a lot of things that have been needing saying the last few years, and the old system of standing staunchly on a non-controversial platform just won't be sufficient in these times. It's too dull as well as too dangerous.

Every person in Texas has the right to have the issues which affect our future decided in the open, in honest, fair debate. It is for this reason that I have entered this race, and on the Republican ticket. The status quo does not suit me. Our affairs have been controlled too long by a power-hungry organization in this state which is neither conservative nor liberal but merely interested in perpetuating and increasing its financial and political power. I refer to the LBJ machine. This is not idle talk. I've been there and seen it at work. When an issue came up for debate in our Legislature which affected this organization, the phone lines from Washington got hot, pressure was exerted from dozens of sources, and whether it was a bill to allow LBJ to run for two offices at once, and whether it was a bill to protect some special interest, it usually seemed to pass.

Whether one is of liberal or conservative persuasions, the fault and danger of this system should be apparent. Crafty, greedy expedience, coupled with a willingness to use coercive measures when necessary, is in direct contrast to the dedicated men and women who made great sacrifices in order to establish a free nation - and it will be the death of freedom unless those responsible are separated from the power over our lives which they seek.

Mr. LBJ has predicted that his group will strengthen its hold on Congress and the Legislature. If it does, it will be unfortunate for all of us. What we need desperately, I think, is a balance of power between the parties over which we can exert proper control, both at state and national levels. Then honest men will have a better chance to reach good conclusions in a fair and open manner.

I am a conservative by conviction, and have been for over ten years. My motivation is the same as that of many liberals but we differ in the fact that I feel the cure of the Bureaucrat is often worse than the illness. We do still have illnesses in our society, and they must be met with consideration and concern, not used as a means of obtaining political power.

It will be my pleasure to meet with any group in the district to talk things over, and I shall also be looking forward to some public debates with the winner of the Democrat Primary. Let's get things out in the open.

Miss Regina Gerber, Ronnie Hoelting Marry in Holy Family Church May 2

Miss Regina Bernice Gerber and Ronnie Andrew Hoelting, both of Nazareth, were married in Holy Catholic Church of Nazareth on Tuesday, May 2. Monsignor Peter Morsch read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Tony Gerber of Nazareth and the groom is the son of Mr. and Mrs. F. G. Hoelting also of Nazareth.

Mrs. Leonard Gerber played traditional organ music and accompanied Mrs. Edmund Gerber and Mrs. Robert Kielem who sang appropriate selections.

Given in marriage by her father, the bride was attired in a floor length gown of bridal white, Chantilly lace tulle over matching taffeta designed with a fitted bodice of lace, and a salerina neckline edged in iridescent sequins. The sleeves were long and snugly fitted ending in points over the wrists. A very full skirt featured a plain lace front accented by deep rows of tulle and scalloped lace in back terminating in a chapel sweep. A tiera of seed pearls held her elbow length veil of illusion. For a bouquet she carried white mums.

Miss Dorothy Gerber, sister to the bride, was maid of honor. Bridesmaids were Miss Dianna Hoelting, sister to the groom, and Miss Charlotte Schmuakeker, cousin of the groom. They wore dresses of Crystalline over taffeta styled with round necklines, cap sleeves and bell shaped skirts. Their small picture hats were of white pleated net with small crystalline bows. Each attendant carried one yellow mum.

Attending the groom as bestmen were Jerome and Norbert Gerber, brothers of the bride. Tom Brockman and Edwin Huseman, both of Nazareth were ushers.

A reception immediately following the ceremony was held in the Nazareth Community Hall.

After a wedding trip to Colorado, Mr. and Mrs. Hoelting will be at home in Nazareth, where they will be engaged in farming. Mrs. Hoelting was formerly employed in the ASC office in Dimmitt and both she and Mr. Hoelting are graduates of Nazareth High School.

NEW JAYCEE OFFICERS installed Saturday night were (left to right, next to stage) Ewing Mathis, director of inter-club relations; Larry Allen, treasurer; Bill Barnett, first vice-president; Bob DuLaney, president; Chuck Munselle, secretary; Raymond Crum, second vice-president; and directors Fred Bruegel Jr., and Jim Cleavinger.

New Oats Seed Available Soon

Seed of Alamo-X, a new variety of oats developed by the Texas Agricultural Experiment Station, will be available for fall planting. The new variety is being distributed to replace Alamo because of its greater resistance to Helminthosporium blights and certain races of crown rust. It is also more tolerant of low temperatures. Observations made during the se-

vere January 1962 temperatures shows that Alamo-X is considerably superior to Alamo in cold tolerance. Averaging data for four locations in Texas, Alamo-X survived 92 percent compared with 54 percent for Alamo, 72 for New Nor-Tex and 94 for Mustang. This hardiness will permit fall seeding of Alamo-X as far north as North Central Texas.

Although rather limited performance data are available, it appears that Alamo-X produces yields equal to those of Alamo. Where conditions favorable to blight are present, Alamo-X should prove con-

siderably superior for winter pasture or grain production. Alamo-X is similar to Alamo in general plant characters, growth habit and seed characters. The seed differ in that they have a moderately heavy black awn. Maturity, plant height and general appearance are similar. The new variety has a strong straw and stands well for combine harvesting under favorable conditions.

For more information on this new oat variety write to the Agricultural Information Office, College Station, Texas, and request a copy of L-563.

Milady Garden Club

The most important factor to consider in planting annuals is buying good seed or good plants from a reliable source. Mrs. J. O. Seale told the Milady Garden Club Tuesday afternoon. She also said you should have your flower beds ready for planting before transplanting or sowing new seed. A loamy soil is also needed and when planting annuals you should consider the space they will require when the plant is full grown. Most annuals can be placed 6 to 8" inches apart to mature properly and be cultivated well. Some of the heartiest annuals for this area are zinnias, petunias, asters and marigolds.

Following the business meeting and program refreshments of coffee and cookies were served to the 17 members present, from a table decorated with beautiful spring flowers. The hostesses this month were Betty Dennis, Ruth Jackson and May Hargrove.

W. T. (BILL) MILLEN

Candidate for

State Representative

91st District

BASIC PLATFORM

I believe in the God given rights of the worth and dignity of the individual. I believe that the power to govern and to spend public funds is a sacred trust and that every effort should be made to keep governing authority as close to home as possible. I am and shall always be opposed to any efforts aimed at more centralization of government at the state or national level. I favor honesty, integrity and fiscal responsibility in county, State and National Government; therefore, if elected I will take a long hard look at any new taxes or increase in existing taxes.

I believe our natural growth will continue to increase revenues in proportion to our needs. If we continue to increase taxes, we will create an unhealthy tax climate for business and bring a halt to the migration of new business into Texas.

I will keep an ever constant eye on those who would raid the public money for giant welfare and giveaway programs, thus causing a welfare State and Nation, I refuse to barter incentive for a dole.

I believe that a nation that values its privileges more than its principles will surely fall; That we must uphold our constitution against all those that would tear it down. If elected I shall represent two groups, the 91st District and Texas.

QUALIFICATIONS

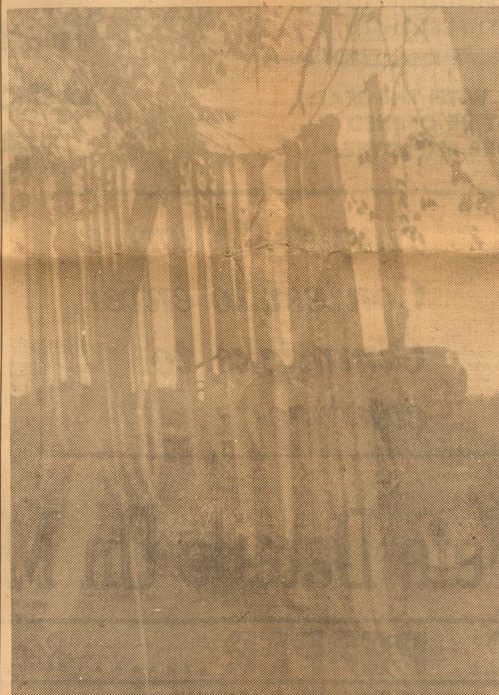

27 years successful farmer in Bailey County.

Willing to Serve — Years of active work in Methodist Church and other community affairs such as Bailey County Farm Bureau, Plains Water Conservation District, Plains Cotton Growers, West Texas Agricultural Employers Group, Plains Irrigation Gas Users, Muleshoe Sugar Beet Growers, the Cotton Producers Institute,

the Grain Sorghum Producers Association, the Chamber of Commerce, the Muleshoe School Board, the Hi Plains Research Foundation at Halfway, the Christian Rural Overseas Program, Western Texas Farm Labor Association. I also belong to the Odd Fellow Lodge and the Woodmen of the World.

LEGISLATIVE OBJECTIVES

1. Correction of the irregularities in the new sales tax law. How? 1 percent straight across.
2. Secure Economy in Government. How? Oppose any new taxes or increase in existing taxes, abolish the ad valorem tax, or return to counties.
3. Work for a fair deal for the farmer Irrigation Natural Gas Users (In which they would have the same privilege as the towns and villages).
4. A small loan regulation bill.
5. Prohibition of obscene movies as well as obscene books in our school libraries.
6. Stronger lobbyist regulation.
7. Continued improvement in our public schools and colleges.
8. Adequate legislation to attract industry and tourists to Texas.
9. Defend the recent tax placed on gas pipeline companies.
10. Modify the Auto Insurance Merit Rating Plan to make it more equitable.

LOTS OF SNAKES—George Jones of Kirkland, a brother of Elzie Teague of Dimmitt, poured a gallon of gasoline into a hole recently and flushed out 40 rattlesnakes near Kirkland. Thirty-six of them are shown here. They were all collected in the one hole, apparently hibernating, and it was a simple matter to kill them as they dazedly came out of the hole. The gasoline fumes cause the snakes to leave their lair.

Spring Daze & Holiday

"Well, now that spring has finally sprung" and all the grass and trees are turning green once again, I suppose that many people might be over heard quibbling a comical little rhyme which goes something like this;

"Spring has sprung,
The grass has riz,
Wonder where them Flowers is?"

Of course, green grass, trees, and blooming flowers aren't the only signs of spring; love is also in bloom in the spring of each year and seems to linger on through the summer. Spring is also a time for "spring fever" and pairing off.

Many people enjoyed the spring holidays and the effects of spring in San Antonio on the trip with the band. This is where many people "paired off".

To begin with, Dwight C., Kelton C., and Ina M. followed their sweethearts to San Antonio. Steve W. also came along to see the sights in San Antonio with Ariene R. There were several other people who also came to San Antonio to be with the band.

From what I have been told, bus No. 1 must have been affected by spring, because nearly half of the people on that bus were "paired off." Some of them were Cuck Y. and Sharon T., Wayne M. and Donna B., Gary M. and Carlanne C., Mike G. and Sheri W., Jim R. and Gayle E., and Kent G. and Mary G.

While most people on the buses were trying to sleep, there were a few on each bus who just didn't think that sleep was necessary. Beth and Janice kept bus no. 1 awake for quite awhile. I think they must have been pestering a couple of people sitting near them.

Bus No. 2 had pretty much the same problem with a few people such as Jacky Nichols. It seems he kept talking, laughing, and singing out loud and no one around could get any sleep. Everyone on bus No. 3 was pretty lively until all their energy just simply ran down.

Ask Moteo if it was very difficult for her to take pictures while leaning out of the hotel window. I think she dropped a window screen onto an object of some kind which was on the street below. Moteo, is this correct?

"Now I don't want to run the risk of offending anyone, but I can't help feeling like the band carried some of the monkeys away from the zoo quite unintentionally. Actually they weren't real monkeys, just people who tried to play tricks on others, but the tricks backfired.

One funny incident happened while they were standing on the corner in front of a jewelry store waiting for someone else, they were gazing in the window at all of the pretty things on display. Just as one of the two pointed out a pretty ring (you know what kind) a man walked out of the store and tried to get them to come in and buy the ring; but they were so startled that they just ran as fast as they could in the opposite direction.

Friday night nearly everyone attended a very nice, well-sponsored dance in the Granada Hotel Ballroom. However, they did not dance much because the stagehand that was playing for the dance put on a very good show for everyone's entertainment.

OFF THEY GO!!!

"Monday morning, Tom Garza and Mrs. Robinson headed into the "wild blue yonder," destination, Seattle, Washington. They left Amarillo on a Braniff and changed at Denver, Colorado to an American Airline jet.

Proud teacher and pupil are on their way to the World's Fair at Seattle, where Tom's project will compete against hundreds of others.

We are all very proud of both of our representatives. It is quite an honor, and is deserved by both teacher and pupil.

I am sure the entire community is united in wishing Tom and Mrs. Robinson Good Luck!!!

CAMPUS CHAT-

Black cats, thunder, lightning and wind. I love these but then, what fortune teller wouldn't. I am looking in my crystal ball, it's very foggy, oh that's just the exhaust fumes from your T.N.M. and O. buses as they pull away from D.H.S. Today is Wednesday. What no school? I guess not. All I see is Kaye W. and Dennis R. They are going to Hereford. I'll change channels. I saw a lot of Dimmitt people. Kelton C. Dwight C., and Ina M. Steve W., and several others, not to mention all the Bobcat Band members and Boosters. Oh, a banquet I see several couples, Gary H. and Moteo T., the foreign exchange students are very cute together. Nancy H. and Michael C. Suzie D. and Craig F., Sharon T. and Chuck Y., Mike G. and Sheri W. and just seeds of others like Dieki D. and Greta N., Georgene B. and Mike B. Madalin S. and Arnold J.cker. Donna and Wayne. Thursday I did a lot of flipping. Back to Dimmitt I came. I saw the F.H.A. They too were dragging off from D.H.S. to Dallas. I hear Mrs. Hottel is going to go hire out as a taxi cab driver in Dallas.

Well, back to Dimmitt. Nothing, or so I'll change to San Antonio. The band was marching. It seems that they really stole the show. Back to the hotel. I wait, what is this, Michael and Jimmy K. why are you being booted out of that show? Oh, I see, GIRLS. GIRLS, 20 LOVELY DANCING GIRLS. So you're not 18 as of yet. Bouncing around on my crystal ball channels I really flipped. I got way over in Phoenix, Arizona. I saw Gerald S. and Jane B. Oh, these traveling people.

I switched back to Dallas, Driscilla, what are you eating in dessert these days? I wonder why record shop is a dirty word around the F.H.A. Girls that went to Dallas. Back to S.A. I see a parade. The band is marching and sweating. I might add, Soon, (did I say soon?) the parade was over two hours later and the band hurried back to get ready for the dance, Rully C. and Tom B., Kathy G. and unknown good looking boy, Del, and Gary, Donna and Wayne Beth and Lowell, Smith and Avis, and many, many more kids were there having a swell time.

Back to Dallas. I see room service again, boy, those Dimmitt girls about wore that blond headed blue eyed Bell Boy out. Shame on you, girls.

Back to Dimmitt. It's a dead Saturday night, but I did manage to see Jerry C. and Jan B. Johnny B. and Vilot S. These were just about the only couples I saw, in Dimmitt. I saw another parade and a lot of couples there, but there were so many people I couldn't tell who was who. Thank goodness, Moteo was out of the hotel when the screen came tumbling down.

Sunday Dimmitt was beginning to fill up. Gerald got home just barely in time to get Suzie from the school. I saw Deborah and Eldon, Kaye and Denny together at the show. I also saw Miss Williams. I couldn't tell who she was with. I saw Donny's car coming in from out West. This week has worn out my channel selector so I'm going to call a repair man and hope it's fixed for next week. So long, be good, you can never tell when the old witch is watching U.

Dimmitt Represented In History

Dimmitt American History and World History students participated in the Panhandle History Contest on the campus of West Texas State College at Canyon, April 26.

The outstanding students in American History who represented Dimmitt were Ronnie McAfee, Roy Battles, and Jimmie Dicuuffa. Representing the World History classes were Linda McColum, Clint Summers, and Richard Connell. Mrs. Harold McColum and Sandra went with the group to Canyon.

After the registration, Dr. Cornette of West Texas State spoke to the history students in a general meeting. The students then had one hour for their objective test and thirty minutes for the formal essay, during which time the sponsors and other adults present were given a tea.

When the tests were completed the students went to the W.T. cafeteria where lunch was served. The presentation of awards was next on the agenda.

Tascosa High School of Amarillo and Pampa High School took the honors in both American History and World History. The only school which placed other than a 4-A school was Happy.

We are proud of the fine representation the students from Dimmitt gave.

One Tired Shadow-

Last Monday, while I was trying to find my mistress, a cute little turned up nose caught my eye and I forgot all about her.

This nose led me through school Monday and home where its owner lived. We watched its owner finish up her sewing and packing. This little nose is going on a trip.

Tuesday we were all excited about the trip to San Antonio so we didn't get to do much studying. We went home after school and finished packing. We went to the band hall to load up. Then the final hour was here. I slipped on the bus when Mr. Smith wasn't looking so I got to go along too. I didn't get to see much because I slept off and on all the way down there.

Wednesday I opened my sleep-filled eyes to see San Antonio. We were there at last. We unpacked and then went with Gayle B. to eat breakfast. We were so fascinated with San Antonio that we went walking around after breakfast.

Wednesday afternoon we went to practice so we could do our best Thursday. We went to a banquet that night, too.

Thursday we spent the morning practicing. Then to top off the day, we went to the zoo and to the Sunken Gardens. We had so many butterflies in our stomach that day that we had a hard time enjoying our tour. This was the night that we had to show just what we could do. The contest was held in the Alamo Stadium.

Friday we rested up but we were talking all the time so our jaws didn't get much rest. Friday evening we were in the parade and afterwards went to a dance at the Granada.

Saturday we walked around that morning and spent the afternoon packing for the trip back. After we finished we had some time left so we went to the amusement park and watched the night parade.

We started home early Sunday morning, so tired and sleepy that we missed most of the scenery. When we got home we ate supper and went to bed early so we could catch up on our sleep.

I was so tired and sleepy that I didn't hear the alarm Monday morning. My cute little nose got up and went to school. If you see Lou Ann Hays tell her that her shadow is still in bed.

Dimmitt Hits Dallas

Early - very early - Thursday morning, a sleepy but excited group of F.H.A.'ers, composed of Mrs. Hottel, Carole Norris, Kathryn King, Kathy Hückabay, Danelle Crowley, and Driscilla Dehtan, left Dimmitt, Dallas-bound for the F.H.A. State Convention. Upon arriving and checking in at the Statler-Hilton Hotel, the group decided to go shopping. Several of the quickly, their money, in a nearby record shop. Mrs. Hottel and Carole went shoe shopping all over Dallas, and as typical women shoppers, bought the first pair they had tried on.

After Kathryn and Carole Practiced with the other girls who were to receive their State Degrees, the eager group ate at the Ports 'O' Call. They all thought the atmosphere was fascinating, but no one seemed to care too much for the foreign foods. Very tired and much broke, the group returned to the hotel for a little sleep.

The next morning bright and early found the eager group on their way to the Friday morning session of the convention. However, they encountered a small difficulty before leaving the hotel. It seems that the car was in a traffic jam at the parking lot and they would have some time to wait. One and a half hours later, the group caught first sight of the car. Needless to say, they were late for the meeting, but they did enjoy what part of it they were there for.

The speaker, Dr. Jauncey, delivered a challenging message, "Values Point the Way for F.H.A."

The group then ate at Youngblood's before returning to the afternoon session. During this session the State Degrees were presented an impressive candlelight ceremony. There were 294 to receive their degrees with Carole and Kathryn.

Also in this session, a flag ceremony involving all the flags of the United States was presented. A talk entitled "What's Right with F.H.A." was given by the State F.H.A. President, Rita Chapa. The State Chorus presented four numbers.

After a light supper the now exhausted group attended the Fun Show. Each area had a skit. A Miss F.H.A. Pageant was held and a Miss F.H.A. was crowned. Several foreign exchange students, including one from Australia, talked about their countries.

Saturday morning the business session of the convention was held. The new state officers were presented and several amendments were added to the Constitution. Driscilla Dehtan was the voting delegate from Dimmitt.

After lunch the girls shed their skirts and donned their shorts and headed for Six Flags Over Texas. A very enjoyable afternoon was spent running around, eating, riding the astrolift, missile 8 chaser, canoes, stagecoach, and other rides, sliding down trees, looking at the boys (especially Confederate soldiers), and exploring dark caves. It seems that Driscilla and Kathy got lost somewhere along the way, and some time was spent in trying to locate them. Then nine o'clock, closing time came, and the group left reluctantly, each promising to return as soon as possible.

Back at the hotel, the girls decided to prepare for the trip home by packing early. That is, most of the girls, Kathryn and Danelle just had to see about the noise on the second floor, so they "crashed" a party. It took a little rearranging of the lobby furniture and a lot of nerve, but they reported a very good time.

Early Sunday morning found the girls Dimmitt-bound. A stop was made in Jaksboro to attend church, and once again the trip was resumed. After an eventful trip of getting on the wrong highway, losing the map, and running out of gas, the F.H.A.'ers returned home tired and broke, but full of ideas and memories.

BAND BANQUET

This year the Bobcat Band was most fortunate to hold their Band Banquet in San Antonio, while participating in the Battle of Flowers Festival.

The banquet was held in the Ballroom of the Gunter Hotel, and even though many miles from home, everyone looked lovely.

Among those 201 attending were parents who enjoy backing the band.

The presentation of the Sousa Award for the outstanding band member went to Chuck Youts, Ruby Clingsmith, and Sheri Walker were the other nominees. The band favorites, Sheri Walker and Kent Gable, were recognized.

The guest speaker, Mr. Bob Giesler, of San Antonio was introduced and everyone settled down for a long, dry speech. But to everyone's delight, he gave a very humorous, short speech.

Michael Calvert presented "Smith" a gift certificate as a token of appreciation from the band. In conclusion to a lovely banquet, Mr. Giesler invited all who wished to attend to a street dance in front of the Alamo.

Senior Girl of the Week

December 30, 1943, was the day that Ella Kathryn chose to bless her parents, Mr. and Mrs. W. F. King. The location she chose was Las Vegas, Nevada. Today brown-haired, brown-eyed Kathryn stands 5' 8".

If you saw "Breakfast at Tiffany's" you probably saw our Senior enjoying it very much, especially when "Moon River," her favorite song, was played. Jeff Chandler and Audrey Hepburn are tops in the acting field. Connie Francis and Pat Boone are her favorite singers. Collecting and listening to records are her hobbies. Gone With the Wind occupies first position on her list of books. Kathryn's favorite car is the Continental. Blue is her favorite color, and she especially likes to eat shrimp cocktail. Kathryn's pastime is spending money, especially for records.

Her pet peeve is people who claim to dislike stuck-up people but who refuse to speak or smile at anyone.

During her years in high school, Kathryn has been in F.H.A. and served as the treasurer. She also received her F.H.A. State Degree this year. She has been a member of F.T.A. for four years. For four years she has been a member of the choir and served as secretary treasurer this year. She was also a member of the All-Regional Choir. Kathryn has also been in the Pep Club for four years and was elected vice-president.

Kathryn's ambition is to go to Abilene Christian College and major in home economics. Good luck, "Casey."

Wacky Words

What would you say or do if someone came up to you and said that you were an asinus ad lryam
Sharon C. - Thank you ever so much.
LaNelle C. - I always have been.
Mike G. - Tell them to go to thunder.
Judith B. - I know it and it sure is fun.

"Corny Corner"

Years ago in the Hawaiian Islands, the Chinese had this custom: When a friend or relative died, they would bury him, then place a nine-course dinner on his grave to feed his spirit.

On one occasion, an American went to a cemetery to place flowers on the grave of a pal. While doing so, he spotted a Chinese mourner at a grave nearby setting out the usual nine-course meal for the spirit of a departed friend.

The American, thinking this a rather wasteful and ridiculous custom, mockingly queried, "When do you think your friend will come up and eat his food?"

The Chinaman smiled, "Same time, your friend come up to smell flowers!"

I try to do everything to make my wife happy. She complained about the housework, so I bought her an electric iron, and electric dishwasher, an electric dryer. Then she complained there were so many gadgets around the house that she had no room to sit down, so what could I do? I bought her an electric chair!

Limelight Lassie-

The curtain is coming up! Yes, there she is! The spotlight is on her! She is 5' 2", a blonde, and has green eyes. Who is she? Why she is Susan Hopson!

For those in the audience who have not heard of this lassie, we will give you a brief biography. Susan was born in Hereford, Texas on July 15, 1947. She is now residing in Dimmitt, and at present, attends Dimmitt High, as a freshman.

Susan's favorites are:
Color: Red
Car: Chevy Impala
Food: Mexican Food
Movie: Giant
Actor: Paul Newman
Actress: Susan Hayward
Singer: Elvis Presley
Song: Memories of Maria
Susan's pet peeve is people who use other people for things.

She relaxes from school by playing the piano and talking to friends.
Susan puts her time to good use in other ways. She is a member of the F.T.A., F.H.A., Pep Club, and was the freshman candidate for Best Dressed Cowgirl.

Susan plans to relax and have fun this summer.
There she is ladies and gentlemen, the girl in the limelight, Susan Hopson!

ORCHIDS & ONIONS

1. To people who do not have mashed banana fights on buses.
2. To people who do not throw roommates in the bath tub.
3. To people who do not violate Rule Six.
4. To City Marshall Jones for escorting the band in Sunday.
5. To Wanda H. for not being tickle despite temptations.
6. To Moteo for taking the teasing about flying screens etc., with a smile.
7. To Senior girls who are not twitterated.
8. To people who are on time.
9. To LaDawn for going with a Frenchman.
10. To Garry Huntington for being chief-protector of maidens in distress.
11. To Chuck Youts for earning the John Phillip Sousa Award.

Thought for the Week-

"A pat on the back will often do more good than one a little lower down."

A few words of encouragement, praise, or advice given at the right time will often help a person more than condemning, blaming, or punishing him. If you see a man down, give him a hand. Not only will you be helping him, but you'll do yourself good by receiving that feeling of satisfaction that comes in serving others.

To the Band:
I wish to take this method of thanking the finest group of people in the world for your kindness as reflected in your gift. I shall always cherish this gift, and pray God's richest blessing upon each of you.
Your friend, Cason Smith

- Sports Spectacular -

The Basketball girls volleyball tournament starts this Thursday. Everyone be sure to come watch it.

Tuffy Cowell ran last week in the Red Raider Relays, winning fourth in all divisions. He ran the 880 in one minute fifty-nine and five-tenths seconds. He will run this Friday night in Austin, Texas where he will be competing in the state finals.

The first-period boys P.E. class is in fine shape. It seems the other day Coach Cleveland told them to run a cross country race. They were to run out to the new school site via the lake road then back to town by the highway. A few of the smarter boys (or boys who thought they were smarter) caught a ride back to town on a farm pickup. What they didn't know was that Coach was at the top of the hill watching them through binoculars. It seems to me they had to run it again.

"I'd rather for the Russians to beat us!" This is the quotation being heard around the old school house ever since the physical fitness tests began. Coach Covington stated that right now the tests are running at a fifty-fifty average.

"That's Our Band"

"An outstanding performance of both musical ability and the most intricate precision drilling was turned in by the Dimmitt Bobcat Band."

The 105 piece show stealing band comes from a school of only 250 students and yet..."

These words were printed in the April 27 issue of the San Antonio Light giving an account of the Bobcat Band's performance at Alamo Stadium in San Antonio. After they were paid the highest compliment a band can receive. The band was given a standing ovation by the majority of the performing bands.

This was one of the activities of the band during the active fiesta week known as "the Battle of Flowers" April 24 to 29.

They also participated in the 5-mile fiesta parade after which one could witness many different reactions. There were those who were over exhaustion and complete misery. Others were so glad it was over they seemed to get a second wind. Their heads hurt a little less and those blisters weren't nearly so sensitive. You could also see a few sober, sentimental, almost sad faces. Those usually belonged to seniors who just realized that was the last time they would march as a member of the finest marching band in the state.

The annual Bobcat Band Banquet was held Wednesday April 25 in the ballroom of the Gunter Hotel. Guest Speaker for the occasion, although he insisted was not a speaker was Mr. Bobby Giesler, president of the Texas Bandmasters Association. He is director of bands at Burbank High School in San Antonio, and has a very fine band of his own. All the band members enjoyed meeting him as well as his wife and thoroughly absorbed his speech.

"Smith" lovingly referred to as the "horse" was presented a \$60 gift certificate to Jaska's from the band so he is doing right well. As a matter of fact he is doing a great job. He is greatly respected and admired by every member of the Bobcat Band. Just as we lovingly refer to him as the "horse", he just as fondly addresses his band members as "peons" so we all get along very well.

Thursday April 26 they all decided to attempt to get along for a while and go to the park. So immediately after a drill session at Edison High School and a 15 minute lay over while waiting for Butch Cates, they set out for the Sunken Chinese Gardens. Lot of pictures were taken and there were no casualties reported.

Next they pointed the Greyhounds toward Breckenridge Park and the Zoo. They had lunch at the park before heading back to the Gunter.

Friday night a dance was sponsored by Saint Mary's University in the ballroom of the Granada Hotel. All the visiting bands participating in the fiesta activities. Oh, what a week, but heat, humidity, blisters and all they are ready to go again.

Yep, that's our Band!!

The Church of the Living God

(by W. E. Heath)

Romans 8:16,17. The spirit itself beareth witness with our spirit, That we are the children of God, and if children then heirs, Heirs of God, and joint heirs with Christ. Gal. 4:7. Wherefore thou art no more a servant but a son, and if a son. Then an heir of God through Christ. Deut. 5:11. Thou shalt not take the name of the Lord thy God in vain, For the Lord will not hold him guiltless, That take his name in vain Eph. 3:14, 15. For this cause I bow my knees unto the father of our Lord Jesus Christ, of whom the whole family in heaven and earth is named St. John 7:16,17,18. Jesus answered them and said. My doctrine is not mine, But his that sent me. If any man will do his will, He shall know of the doctrine whether it be of God, or whether I speak of myself. I Tim. 3:15. But if I tarry long that thou mayest know how thou oughtest to behave thyself in the house of God Which is the Church of the living God, The pillar and ground of the truth.

EASTER NEWS

By Mrs. Sam Scarborough
The Easter Club met Thursday April 26, at 2:30 p.m. in the home of Mrs. John Burnett. Mrs. Violet Barton gave the program on Flag Etiquette. Those present were Mrs. Ruby Stone, Violet Barton, Ethel Farmer, Becky Maxwell, Mildred Garrison, and the Hostess Mrs. Burnett. The next meeting will be in the home of Mrs. W. A. Epperson, on May 10th at 2:30 p.m. Dr. Edwards will give the program on conditions at the labor Camp at Hereford. Everyone is invited to come hear this program.

Mrs. W. W. Welch of Levelland. Mr. and Mrs. Melvin Barton and girls were in Albuquerque, New Mexico for a few days recreation of rest and relaxation.

Joe Sand, son of Mr. and Mrs. C. N. Sand, left last week for San Diego, he is in the Navy and is taking his basic training in California.

Ronnie Hall son of Mr. and Mrs. Leo Hall spent his Easter Holidays nursing the measles.

Gary Burnett spent Thursday night with Donald Scarborough.

Visiting in the home of Mr. and Mrs. William Moss last week were Mr. and Mrs. Loyd Becker and Steve, Mr. and Mrs. Larry McQueen and Sandy all of Memphis, Miss. Jane Mitchell a student at W. T. IN Canyon. The above were dinner guests Sunday in the home of Mr. and Mrs. Henry Solom of Hereford.

Mr. and Mrs. Sam Scarrough and Carolyn, Mr. and Mrs. Joe Scar-

borough went fishing last week at Lake Stanford.

Mr. and Mrs. Shirley Garrison visited with his mother, Mrs. S. H. Garrison of Lubbock, and their son, Mr. and Mrs. Harvy Garrison. They are students at Texas Tech.

Don Menchew, Gary Moss, Glenda Minchew and Ann Scarborough were among members of the Dimmitt Bobcat Band to attend the Battle of Flowers Festival at San Antonio, Texas while there they participated in the American Heritage Performance at the Alamo Stadium and a 4 1/2 mile long parade. Every one reported a very nice time, and is looking forward to another trip.

HELPFUL HINTS

If you want paint brushes soft and pliable, place the brushes in an old can, cover the bristles with vinegar and boil them for fifteen minutes. You have brushes ready for use again.

To keep insects away from freshly painted porch chairs mix a little citronella with the paint.

Paint screens with aluminum paint and no one can see in, but you can see out.

To remove the odor of paint, cut an onion and place it in the room, or set a bowl of vinegar in the room or fill a thin paper bag with a pound or two of charcoal and leave it in the room, closing the doors and windows tight.

Food Stamp Plan Cause More Sales

Retail food sales increased 8 percent in sample stores used to test the effect of the Food Stamp Program, the U.S. Department of Agriculture has reported.

The program was launched last spring on a trial basis in 8 pilot areas in Michigan, Illinois, Kentucky, Minnesota, Montana, Pennsylvania, New Mexico and West Virginia. Its purposes were to improve the diets of needy families and utilize more of the nation's abundant food resources.

Observations were made by the USDA's Economic Research Service in the 8 areas before and after stamps were put into use. Sales of both meat and produce increased with the use of the stamps in the same proportion as total sales. Some variation among the areas as to the amount of increase in sales of various food items was noted.

The size of store was not a decisive factor in the effect of stamps. The program had little effect on advertising and merchandising practices of retailers, the USDA study showed.

Other research studies such as effects on food use and changes in diets are underway.

DKG's Sponsored Public Relations Buffet Supper

The Delta Xi Chapter of the Delta Kappa Gamma Society recently held a Public Relations Buffet Supper in the cafeteria of the Dimmitt South Grade School. Special guests of these women teachers from the three counties, Parmer, Deaf Smith and Castro were their husbands, administrators, school board members, members of their Future Teachers Associations, Foreign Exchange Students, Pioneer and retired teachers. One hundred seventeen members and guests enjoyed the Buffet supper, with the Dimmitt members as hostesses and Para Render acting as chairman.

After the introductions of guests, Miss Hazel Merritt, program chairman, presented Dimmitt's Foreign Students; Motoe Terami of Japan, and Gary Huntingford of Australia. With Miss Merritt acting as moderator, an interesting and informative discussion followed when comparisons were made among the systems of education in the United States, Japan, and Australia. The program closed with Koma Ratcliff presenting both Foreign Exchange Students a gift from the chapter.

The last Delta Xi meeting of the school year will be a brunch, May 5, at 9:30 a.m. in the Homemaking Cottage at Farwell. The chapter's birthday is to be celebrated and new officers are to be installed.

RETURN FROM VISIT

Mrs. J. G. Caruth has returned from a months visit with her sister at Mobeetie. She also visited with her nephews from Wheeler and from Florida and California and with her friend Mrs. L. E. Clay in Shamrock.

Dear Customers,

My name is Ben Hill and I have so named my Supermarket - BEN'S FOOD. I have been a long time resident and supporter of Castro County and in the future will continue to do the same.

Due to your tremendous support over the years, we have always operated our Food Store to the best of our ability. We believe that you supported our Store not because of its name or the color of our Stamp but because we brought you the finest merchandise at lowest prices in Castro County. Our pledge to you is to continue to do the same in the future.

Today, we have adopted our Warehouse-Panhandle Affiliated Grocers - official program and one of the fastest growing in the entire Southwest - Buccaneer Stamps. For the first time in Dimmitt's history you will have a local stamp redemption center.

We personally guarantee your satisfaction on this change over.

Cotton Classing Service Again Available

Growers who wish to have their cotton classed by the U.S. Department of Agriculture under provisions of the Smith-Doxey Act should apply for these services as soon as their cotton is planted, says Fred Elliott, A&M extension cotton specialist.

The Smith-Doxey Act provides for one free classification for each eligible bale of cotton. Samples must be submitted by a bonded sampler or by a public warehouse which issues negotiable receipts, explains Elliott.

Each cotton improvement group, except those in southern Texas, must file an application with the cotton classing office serving its territory not later than August 1. Those in counties south of a line from Dimmitt to Karnes to Matagorda must file an application by June 1.

Prompt application filing is necessary because time is needed for each group to arrange for submitting samples by an approved sampling agent to the proper classing office, says Elliott. At least 15 days are required to process applications and deliver sampling supplies.

Application forms for these services may be obtained from county agents, cotton classing offices of the Cotton Division of the AMS, or from the area office in Dallas.

TO CALIFORNIA BASE

KASHERS ASSIGNED
Sgt. A. D. Kasher returned to Dimmitt last week after serving 13 months in Korea. His wife Jean and son Anthony made their home in Dimmitt at 209 S.W. 6th during this time. While living in Dimmitt she was employed at Dickey's Cafe. They are to make their home at Travis Air Force Base, California during the next several months. Mrs. Kasher is a daughter of Mr. and Mrs. P.M. Adams, of this city.

TAYLOR-HARRISON AGENCY

About Your HEALTH

A quality public service feature from the Texas State Department of Health.

Last year 11,343 Texans died from the effects of malignant neoplasms, the statistical designation for all forms of cancer. For many years now, cancer has been the second ranking cause of death in Texas—and in the rest of the United States.

The only disease that ranks ahead of cancer, is heart disease and its associated vascular conditions.

Latest evaluations on the effectiveness of cancer treatment indicated that one out of every three persons discovered with the disease is cured.

But, using the conservative estimates which characterize the medical profession, half of all cancer victims could be saved if the disease were discovered early enough.

Cancer can attack almost any part of the human body. Experts in the cancer research field say that for nearly every different body tissue there is probably a separate type of cancer cell.

The leading body sites of death-dealing cancer, listed in order, are digestive organs and the peritoneum, respiratory system (male), breast (female), genital organs (male), genital organs (female), urinary organs, leukemia, and the buccal cavity (mouth) and pharynx in the male.

Men fall victim to the disease more often than women. Explanations of why this situation is true range from men smoking more to men visiting doctors less often than

women.

How effective is modern diagnosis? As a case in point—an explanation of the famous "Pap" test for uterine cancer is conclusive evidence of its value.

The "Pap" test is simple, inexpensive, painless, and absolutely reliable. It involves the physician taking a uterine smear which is carefully analyzed by a pathologist. Uterine cancer could be almost completely eliminated if adult women have a "Pap" test at least once a year during a thorough physical examination.

There's no doubt about it, a year physical examination could save thousands of lives every year.

John Gardner Serves On USS Enterprise

John D. Gardner, seaman, USN, son of Mr. and Mrs. J.C. Gardner of Dimmitt, Tex., is serving aboard the nuclear-powered attack aircraft carrier USS Enterprise, observed by President John F. Kennedy during a two-day visit on April 13 and 14 to the Atlantic Fleet in Norfolk, Va.

The President, accompanied by Vice President Lyndon B. Johnson, members of the Washington diplomatic corps and U.S. Congressmen, arrived in Norfolk the afternoon of April 13.

After a brief cruise in the fleet ballistic missile submarine USS Thomas A. Edison, the Presidential party boarded the tactical command ship USS Northampton to observe night air operations by the attack aircraft carrier USS Enterprise and USS Forrestal.

The next morning, the President received full honors in a review of the Second Fleet, and, following an anti-submarine warfare exercise and an aerial firepower demonstration by the Enterprise and Forrestal, his party observed amphibious assault landings using both landing craft and helicopters at Onslow Beach, N. C.

The Presidential party returned to Washington late Saturday afternoon.

New Director Named for High Plains Station

Dr. Earl H. Collister was promoted to Director of the High Plains Research Foundation by the Executive Committee of the Board of Trustees at a special meeting in Plainview Saturday, April 21st. Dr. Collister will assume the new position on May 1st when Dr. T. C. Longnecker's resignation as Director and Chief Soil Scientist takes effect. Dr. Longnecker is entering private business at Idabel, Okla. home. He was elected a member of the Board of Trustees of the Foundation.

Dr. Collister has been Assistant Director and Chief Agronomist at the Foundation since November 1959. He came to the High Plains Research Foundation from the Texas Research Foundation having been on that staff for ten years. His position at Renner was Chairman of the Plant Science Department in charge of all crops research and plant breeding on the 1,100 acre research center.

The Executive Committee authorized a new position of Assistant Agronomist to relieve Dr. Collister of some of the details of plant breeding and crop research. The new Director was also authorized to receive applications for position of Soil Scientist at the Foundation.

An open house honoring the donors of the new building and greenhouse was set for a date in July when all laboratory equipment, greenhouse facilities and landscaping could be completed.

The Sixth Annual Field Day was set for the afternoon of Friday, September 14th. The Third Annual Flame Cultivation Research tours were set for Friday p.m., August 10th.

Raymond Moulton On Frigate USS King

Raymond O. Moulton, seaman, USN, son of Mr. and Mrs. E. P. Moulton of Dimmitt, Texas, is serving aboard the guided missile frigate USS King, home-ported at San Diego, Calif.

A unit of Destroyer Squadron 15, the King is flagship for Cruiser-Destroyer Flotilla Three.

The frigate is a new class of Navy ship designed to provide fast carrier task forces with anti-air defense, radar picket and anti-submarine capabilities. It is equipped with the latest developments in air search and fire control in addition to sonar to detect any enemy craft.

greenhouse facilities and landscaping could be completed.

The Sixth Annual Field Day was set for the afternoon of Friday, September 14th. The Third Annual Flame Cultivation Research tours were set for Friday p.m., August 10th.

During March County Suffered Eleven Rural Traffic Mishaps

The Highway Patrol investigated 11 rural accidents in Castro county during the month of March according to Sergeant W. E. Wells Patrol Supervisor of this area. These wrecks accounted for one person killed, four persons injured

and an estimated property damage of \$3,545.00.

The rural traffic accident summary for Castro County from January through March of 1962 shows a total of 14 crashes. As a result of these crashes there was one person killed and 8 persons injured. The estimated property damage amounted to \$8,205.00.

With the coming of April, motorists will be getting back out on the highway to enjoy the invigorating atmosphere and colorful country side. The patrol supervisor pointed out that this will cause highway travel to be multiplying by leaps and bounds. He urges motorists, pedestrians and all street and highway users to know and obey traffic laws, regulations, or-

dinances and their application, and pledge their continuous vigorous support of these laws, so that accidents may be prevented and safety universally promoted.

to the citizens of hart community
 Dear Friends,
 As you probably know this is the second year of operation of Hart United Fund.

One of the advantages of the United Fund is the convenience to the workers usually involved in various worthy fund drives, such as Cancer Fund, Heart Fund, Boy Scouts etc., as well as the convenience of those who contribute. This is the only authorized drive to be made in this community this year.

The money will be used by the same causes that were authorized last year. Our goal will be the same as last year, which was \$2,300. Although we attained only about 75 per cent of our goal, we are confident of reaching the full amount this year, and this can be attained with your cooperation. For your convenience, we are enclosing a list of the causes which are included in the drive.

Christ Versus Denominations
 (By Harold F. Savely)

No apostle or early Christian was ever in any denomination, which originated centuries afterwards. Yet every saved one was in Christ's only church (Acts 2:47). We today can be just what they were. This concludes the church of Christ to be no denomination, no part thereof, none a part of it, nor any parts with them interchangeable.

One may believe every truth and go to heaven, never joining any denomination. Truth will not make one to be such, but something other than truth will—falsehoods. One may believe God, Christ, the Holy Spirit, the Bible concerning sin, salvation, etc., as a Christian only, member of Christ's church. He may obey every command of God and enter heaven, never being a denominational member. Obeying God will not make one such, but obeying additions will—the commands of Satan. One may obey God in hearing, believing, repenting, confessing, baptism, worship, work, etc., exclusively Christian.

To come from a denomination one is required to give up no single truth, nor command of God. Belief and obedience is outside of denominationalism, seeing such does not put one into them. Every spiritual blessing is in Christ (Eph. 1:3), none in any denomination. Contrawise, they attempt to nullify the Saviour's prayer (Jno. 17) and make void His apostolic commands (1 Cor. 1:10-31). All such false systems shall be rooted up (Matt. 15:13).

Visit Northside Church of Christ, where a hearty welcome awaits you. Study your Bible. It does make a difference.

CHEVROLET Now...beautiful buying days during Chevy's GOLDEN SALES JUBILEE!

Spring's a-wasting! So why wait any longer to satisfy that new-car urge of yours? Especially when your Chevrolet dealer has such beautiful buys busting out all over the place. Like in fourteen Jet-smooth Chevrolets. Or eleven new-size Chevy II models. Or a whole crew of frisky Corvairs. So come on in and pick and choose to your heart's content at your Chevrolet dealer's One-Stop Shopping Center.

NEW IMPALA SPORT COUPE
 It couldn't look more like a convertible unless it were one!... A steel top molded into the crisp contours of a convertible. Chalk it up to Body by Fisher finesse. Here's luxury and riding comfort that add up to everything you expect in an expensive car—except the expense.

NEW CHEVY II NOVA STATION WAGON
 Space and spice in a new kind of saver. And it's just one of three new Chevy II wagons. Very parkable. Very packable, too. Has a load floor that's over 9 ft. long with second seat and tailgate down.

NEW CORVAIR MONZA CLUB COUPE
 The trim sportster that started the bucket seat brigade. Here's rear engine scampers wedged to the road with tenacious traction and quicksilver reflexes. And this one's as easy to own as it is to drive.

NEW BEL AIR 4-DOOR SEDAN
 This popular priced Jet-smoothie rides like a family room on wheels. Got a mammoth cave of a trunk, too, with bumper-level loading and a handy deep well for bulky items. Plus a choice of six or V8 skeddadle.

NEW IMPALA 6-PASSENGER STATION WAGON
 Chevrolet wagoning at its most elegant. With up to a whopping 97.5 cu. ft. of cargo space—including a compartment in the floor where you can stow golf clubs and other valuables out of sight.

See the new Chevrolet, Chevy II and Corvaire at your local authorized Chevrolet dealer's
