### CISCO FIGHTER MAN'S STORE HAS MIGHTY FIRST, CISCO FINE RECORD GAS SECOND

Sgt. Robert R. Turner, 22, son of R. R. Turner, who formerly worked for the Humble company here, and grandson of R. W. (Bob) Turner, employed by the city at Lake Cisco for several years before his death, has arrived at his home in Mission, Tex., after having been honorably discharged because of wounds received in the South Pacific.

The Cisco-born young man wears the Purple Heart medal and was presented with a presidential unit citation for his good work at San Point, Viru and Bairoka. During his military career he received certificates showing his qualifications as automatic rifleman, 60 mm mortarman, 30 caliber machine gunner and Japanese weapon expert.

Sergeant Turner, a graduate of Schroener Institute, Kerrville, left Cisco about seven years ago.

### CISCO FIREMEN WERE FIRST IN HOOK-UP RACE

The district convention of Texas volunteer firemen, held at Merzel Thursday, was well attended and a successful affair generally considering car and gas shortages.

Cisco won first place in the first hook-up race and was third in the second hook-up contest.

Colorado City was chosen as the meeting point for the next convention, to be held in October.

Cisco firemen present were E. S. Townsend, Jay Garrett, Charles Huntington, H. O. Anderson, George Watson, Arlin Agnew, J. T. Waddell and Jack Norman.

### FOR ATTORNEY GENERAL

State Senator Jesse E. Martin, former District Attorney of Fort Worth, has stated definitely that he will be a candidate for Attorney General in the coming July Primary. He expects to conduct a vigorous and active campaign.

### MAN'S STORE FIRST, CISCO GAS SECOND

The 42-game series of the Men's Bowling League was concluded at the local alleys Friday night and now the leggers are looking forward with pleasure to the pre-arranged banquet of Thursday night, when numerous prizes, including a most unique loving cup, will be presented to the winners and various members of the teams.

It is known that The Man's Store team won a majority of the games, with the team representing Cisco Gas Corporation winning second honors, but exact percentages of the winners and of all teams competing will be announced at the banquet.

The affair will be held in the basement of First Christian church and cost of banquet and prizes will be paid for from a fund accumulated through weekly assessments of members. All players, including those who substituted from time to time, are expected to be present. The toastmaster has not been chosen as yet.

During the evening and in preparation for a summer series of games, the bowlers will be regrouped and new rules and regulations adopted. Under the new rules, it is said, the league will not be so generous with handicaps.

### PATRIOTIC WOMEN PUT IN MANY HOURS

Cisco chapter of the surgical dressings unit, American Red Cross, has built up a record of achievement in essential war work of which all participants and the city in general may well be proud.

The local work rooms in the Reynolds building opened January 4, 1943, and from that date until April 1, 1944, 173 different women worked a total of 10,237

hours and produced the following dressings: 10,700 8 x 10, 35,739 4 x 4s, 77,603 2 x 2s, 3,804 4 x 8s, 761 12 x 12s, 113 8 x 36s, 350 stitched dressings—a grand total of 129,070 dressings. Ladies at the work rooms Thursday afternoon included Mrs. I. L. Gattis, Mrs. A. L. Gattis, and Mrs. J. H. Shrader, Scranton; Mesdames H. J. McArdle, L. A. Harrison, R. C. McCarter, W. J. Poe, Bob Latimer, E. H. Hester, J. A. Jensen, J. E. Hart, O. G. Lawson, Harold McGovern, Ed Ayeoek, O. J. Russell, J. J. Tableman, G. R. Nance, J. T. Anderson, W. P. Quinn, Les Jenkins, W. B. Dunn, Austin Flint, F. E. Shepard, W. C. McDaniel, J. E. Caffrey.

### UNEXPECTED IS EXPECTED OF WILKIE

WASHINGTON, April 8.—Treat everything you hear about war, particularly about invasion, with reserve from now on. Washington seethes with rumors. War Department starts some of them, by way of smoke screen. As Churchill put it, "If we can't have complete secrecy, let's have plenty of vapor."

Wilkie's future: Whatever else happens you can be sure he won't do any of these things: Run on a ticket with FDR. Start a third party. Blitz the Republican convention and get nominated after all. Beyond that, don't do any betting. He's a specialist in the unexpected and may keep the GOP guessing until election day nears.

Though southern senators are busy preparing amendments to carry on their filibuster against the anti-poll tax bill (it comes up right after the Easter recess) some feel sure that change will be voted this time and the bill passed despite their efforts. Their reason: Desire of northern Republicans, many of whom refused to vote closure last year, to lure voters back into the GOP. Republican ambition in this respect wasn't helped by recent dissent of Justice Owen J. Roberts in Texas voting case.

Among leading critics of the Supreme Court are other judges in the federal judiciary. Some who are acquainted with members of the highest tribunal have come here to tell them that net result of constant bickering has been to lower respect for the judiciary everywhere.

House Veterans' committee is likely to scale down proposed \$25 a week unemployment compensation carried in "G. I. bill of rights." Some members feel \$25, with payments limited to 82 weeks during two-year period, would dissuade some veterans from diligently hunting work. Otherwise committee will approve bill substantially as it passed the senate by a 50-0 vote. Committee begins consideration of amendment April 17. Proposed \$500,000,000 program of veterans' hospital construction, carried in "G. I. bill," won't reach that figure. Veterans' Administration plans to convert cantonments into hospitals, limit construction of new buildings.

### MAIL MEDDLING IS DENOUNCED BY THE FBI

WASHINGTON, April 8.—Members of the Senate Post Office committee in Washington today backed ranking Republican Committee Member Clyde M. Reed of Kansas in his determination to find out who made the mail of Miss Vivien Kellems, 46-year-old Connecticut manufacturer, available to a congressman and a columnist.

Reed told a news conference yesterday he had been assured by the Department of Justice that Miss Kellems had not been engaged in seditious activities and demanded an immediate inquiry into the source of the "leak." He said the Justice Department told him Miss Kellems' letters to Count Frederick Karl von Zedlitz, German steel agent in Argentina, were "rushed but not seditious," and asserted that it is not within the province of any "keyhole peepers" to make such correspondence public.

### EASTER ABROAD.

LONDON, April 8.—American armed forces will worship Sunday in a series of sunrise Easter services—from front lines of Italy's battleground to London's Hyde Park. The largest dawn service probably will be the one in Hyde Park. The Bishop of London will deliver the sermon. A 100-voice Negro soldier choir will sing at services in a British port city and an English choral society will travel to a huge US air base Easter evening to sing Handel's "Messiah."

### UNSUBSTANTIATED CLAIM MAY BE INTENDED OFFSET GREAT NAVAL LOSSES IN CAROLINES

The greatest American naval victory of the war—the destruction or damage of 46 Japanese ships and 214 planes in the western Carolines—was followed by a Japanese claim that their troops had captured Kohima, big Allied supply center in India, near the Burma border.

The U. S. naval victory, which took a powerful task force within 550 miles of the Philippines, was augmented by an announcement that planes and warships from Gen. Douglas MacArthur's command added to the toll of enemy shipping by sinking a Japanese tanker, a coastal vessel and 12 barges and setting afire a 7000-ton cargo vessel in attacks ranging from the northern Solomons to the Dutch East Indies.

The Japanese said they occupied Kohima, 60 miles north of Imphal, capital of India's Manipur state, in a Domei wireless dispatch for American consumption. Kohima is only 25 miles east of the Assam-Bengal railway, main Allied supply line for Lt. Gen. Joseph W. Stilwell's Chinese and American forces fighting in Burma.

Another Domei dispatch said 15 B-24 bombers and six P-40 fighters had raided northern Hainan Island off the South China coast Thursday, and admitted some damage was "sustained by the Japanese forces and ground installations." The Japanese did not, as they usually do, claim to have shot down any of the American raiders.

The big naval and air attack on the western Carolines was carried out without damage to a single American ship, although 25 American planes were lost, but only 18 airmen.

The U. S. force, the most powerful ever assembled in the Pacific, sank 25 Japanese ships, including three warships, and damaged 21 others including a battleship in the operations, nearly 1200 miles west of Truk. One hundred and sixty Japanese planes were destroyed and 54 damaged.

The new blows brought the total number of Japanese ships sunk since the start of the war to 1358, with 86 probably sunk and 1163 damaged.

MOSCOW.—General Malinovsky moved many troops and hundreds of tanks and guns into position on the outskirts of Odessa today for the final storming of the largest Soviet city still in German hands.

(The London Star carried a banner headline reporting that the Germans were "quitting Odessa." The paper quoted Radio Vichy as saying that German rear guards in the port were fighting delaying actions to cover the withdrawal of their main forces.)

The siege of Odessa was about to begin. Its main outer defenses had been smashed and the stage was set for a thrust into the city itself and the destruction of its virtually trapped garrison.

Red air force bombers swept ceaselessly over Odessa, dropping their cargoes of explosives in a thunderous prelude to the liberation of the city and patrolling the sea approaches to prevent any attempt at a Dunkirk evacuation.

Other elements of the 3rd Ukrainian Army, completing the third Soviet encirclement of a sizeable German force in less than two weeks, began to grind up the remnants of five to six German divisions trapped in a 10-square-mile pocket near Razdelnaya, 35 miles northwest of Odessa.

Another 4000 Germans were killed in the encircled Skala pocket northwest of Cernauti at the other end of the Ukrainian front, boosting the four-day toll to 16,000. Five Junkers 52 transport planes, which the Germans have been using in an attempt to evacuate key personnel, along with 17 guns were captured.

BARI, ITALY.—Highways leading from Budapest were crowded Saturday with persons fleeing the Hungarian capital in a sorrowful pre-Easter "parade" initiated by the U. S. 15th Air Force's bombing of the strategic rail hub in support of the Red Army's advance.

Axis-controlled radio stations heard at this Italian listening post asserted the evacuation, begun on Good Friday, was proceeding in orderly fashion. Neutral sources indicated the people were using every possible type of conveyance in their rush to leave the city.

The British Broadcasting Corporation in an attempt to capitalize on confusion in Hungary, beamed a broadcast to state police asking it to assist persons attempting to cross the borders and join the Russians or the Yugo-Slav Partisans of Marshal Tito. "If necessary, use your weapons," the broadcast said.

ONE OF THE BOYS—Aerial gunner with famous Jolly Rogers heavy bomber unit, operating in New Guinea sector, 46-year-old Staff Sgt. Irvin Chapman of Lu Verne, Iowa, is veteran of first World War in which he received nine citations. He enlisted in second big show in 1942.

Easter PRAYER OF HOPE

To our Easter prayers we have added a new prayer of hope — that our victory will soon be attained and peace will again prevail. And those who do not live to see that peace, we entrust to the truth of His resurrection.

Our Boys Find Hope in EASTER PRAYER

Let us at home also find hope in prayer this season. And it will be well to keep uppermost in our minds the story of His resurrection. For though we may have lost a loved one on a far-off battlefield; though we may never again see him on earth, true faith in Christ's coming and return will give us courage to face all of this life — and after — with courage and steadfastness.

EASTER PRAYERS

MULTITUDINOUS are the words of prayer which will reach heavenward this Easter. Each of us will say a prayer apart — for the safety of a loved one in battle — for the return of a son, or brother, or husband now in an enemy's prison camp — for the healing of a wounded dear one. Yet together, we shall say one prayer for lasting peace following the United Nations' complete Victory. And we shall find our greatest faith — particularly those of us whom the war has already bereft — in recalling His resurrection, for whom this day is reborn each year!
