Men's Bowling League Banquet; Award Prizes and Have Good Time At Close 42-Game Series

The Cisco Bowling league, the first bowling organization ever formed in Cisco for play on standardized alleys, and which recently completed a series of 42 games, banqueted in the basement of First Christian church Tuesday night.

Like the pastime of bowling, the banquet was an invigorating affair and was thoroughly enjoyed by the fully crowded red-blooded legions.

The Man's Store, having won 30 games, was declared series champion, with 12 second honors going to Cisco Gas Corporation, which won 25 games. Nick Miller, sponsor of the winning team, was presented with a cute loving cup and his team received a \$25 cash award. A checkers set went to the cellar team, Palace Theater, and Smitty's Conoco's received dominoes. Lou Mendenhall was awarded a box of tidilyenka for the best golf score, 118.

During the 14-week schedule, weekly prizes totaling \$112 were paid to the various teams, in addition to the \$25 paid the winning team.

Final audit showed a balance in the treasury of \$31.35 and it was unanimously voted that \$18.80 of this fund should be paid to the Red Cross and the balance of \$12.55 turned over to Cisco Community Chest.

O. L. Stamey conducted amusing entertainment for the group in the form of a "Truth or Consequences" program, which was topped off by the display of interesting films through the courtesy of J. E. Hays.

The fine success of the first bowling tournament is said to be due to the enthusiasm of all the bowlers, but Dr. C. E. Paul is especially commended for his constant service and interest.

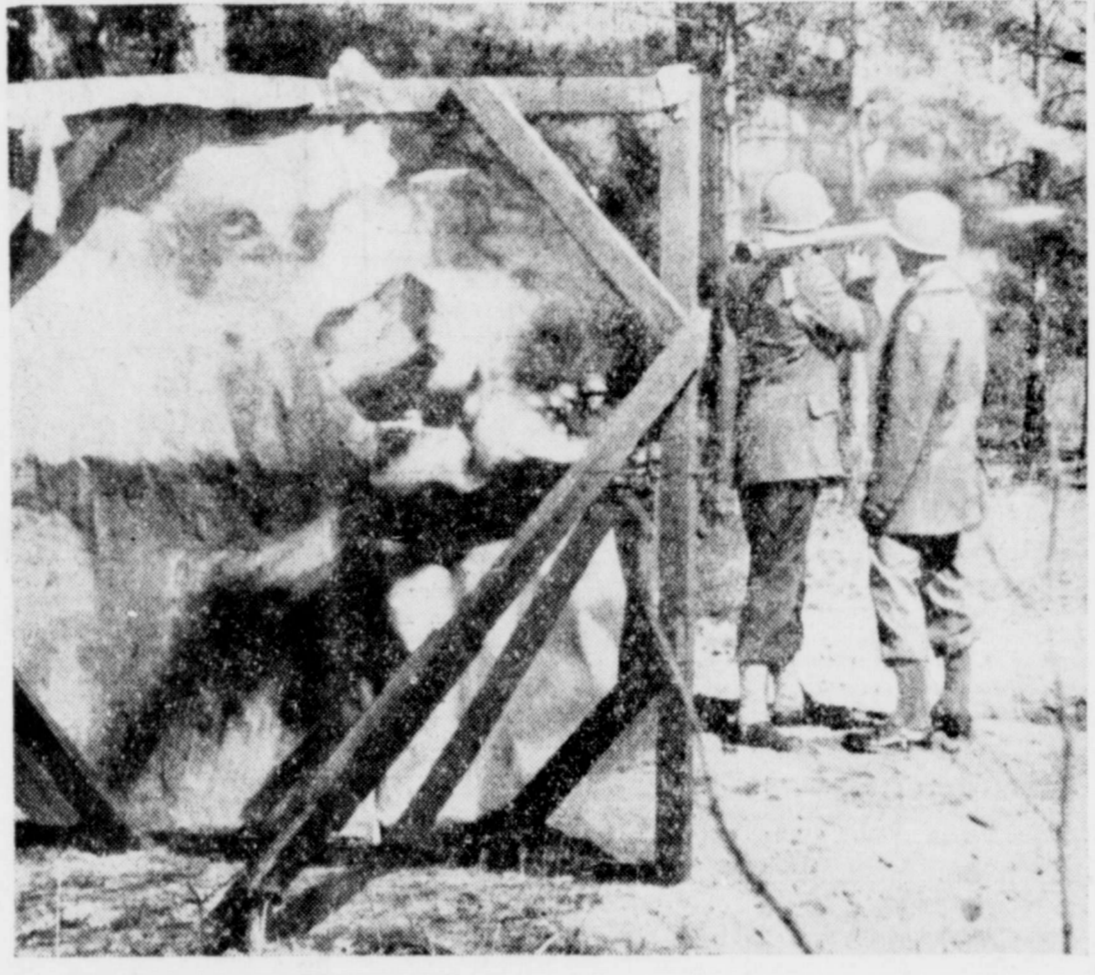

The next series — players to be re-grouped — will start early in September, it is said, with 14 teams to be played before Christmas and a like number thereafter.

F. M. HUTTON DIST. JUDGE FATHER OF GUS JONES SPOKE HUTTON, DIES AT LUNCHEON

F. Marion Hutton, 84, father of Gus Hutton of Cisco and a former resident of Eastland county, died at 8 o'clock last night at his home in Hastings, Okla. Funeral will be held at the Methodist church in Hastings tomorrow, with burial there.

Mr. Hutton was a native of Mississippi, but located at Belle Plaines, Callahan county, when he was 16 years of age. Later he lived near Rising Star for several years. He left Eastland county about 35 years ago. Deceased was a Mason, an Odd Fellow and served as superintendent of the Methodist Sunday school at Hastings for 18 years.

Survivors include five sons and three daughters, as follows: Tom Hutton, Tucson, Ariz.; Bill Hutton, Boulder City, Nev.; Gus Hutton, Cisco, who left this morning to attend the funeral; Frances and P. Hutton, Hastings, Okla.; Mrs. Maggie Johnson, Mrs. Rena Blackburn, Hastings, Okla.; Mrs. Rebecca Harper, San Antonio.

43-MILE ADVANCE IN 24 HOURS IS SAID TO BE THE GREATEST EVER ACHIEVED BY RUSS ARMY

NEW DELHI, April 13.—Counter-attacking Allied troops have driven the Japanese from a strong position in the hills southwest of Imphal after a bitter, hand-to-hand battle.

Simultaneously, it was revealed that an American infantry column, striking suddenly through the Kumon Mountains in North-Central Burma, had driven to within 20 miles of the main Japanese base at Myitkyina, imperiling the entire enemy position on that front.

(A Japanese Domei News Agency broadcast recorded by the United Press in New York said heavy fighting has been in progress below Imphal for more than 36 hours and claimed that "Indo-Japanese" units had broken through a corner of the British defenses to reach the Imphal plain, almost within sight of the town.)

The Allied report indicated that the main Japanese invasion forces striking across the Burma frontier from the south had reached the edge of the Imphal plain and that the long-expected battle of Imphal had begun.

On the North-Central Burma front, the communique reported that Brig. Gen. Frank Merrill's American Marauders had fought their way into the Kumon Mountain village of Nhkum, 15 miles north of the Mandalay-Myitkyina railroad and only 20 miles northwest of Myitkyina.

Merrill's veteran jungle fighters were last reported fighting alongside Chinese troops in the Mogaung Valley, 30 miles west of their present position.

SCRUB DOWN—Enjoying one last salt-water fling before leaving quarters at Venice, Cal., for the road, Titania, Joe and Moe, pachyderm trio of Arthur Brothers Circus, get final scrub from circus girls Betty Acavado, Mary Thorne, Virginia Browne and Ginger Rolland.

MOSCOW.—Front dispatches said today that Soviet armies closing a trap on 100,000 to 150,000 fleeing Axis troops in the Crimea were "reaching" the outskirts of both Simferopol, the capital, and the south coast port of Feodosiya in a pincers drive toward the big Sevastopol naval base.

Soviet tanks rolled over the approaches to the two cities as the Red air force and the Black Sea fleet clamped down a complete air and sea blockade of the Crimea, presumably bottling up the largest Axis force since 300,000 troops were killed or captured at Stalingrad.

Commanding officers and staffs abandoned many German and Romanian units in headlong flight toward Sevastopol after resistance collapsed in the Ishun hills to the north and on the Kerch peninsula to the east.

Following the example of their leaders, Axis troops abandoned their equipment and boarded trucks for a frantic race south and west, but a front dispatch said Soviet attack planes overtook and halted them with bombs and machine-gun bullets.

Russian tanks were credited with capturing several German and Romanian commanders who were fleeing southward from the Ishun hills by automobile. A Romanian division, forced to flee on foot, dispersed in the Crimean plains.

A 43-mile advance in a little more than 24 hours—believed the greatest ever achieved by a Soviet army—brought elements of Gen. Feodor I. Tolbukhin's 4th Ukrainian force within 11 miles of Simferopol and 43 miles northeast of Sevastopol at the southwestern corner of the Crimea, yesterday.

PEARL HARBOR.—American bombers, demonstrating the growing Allied power in the Pacific, swept Japanese air and naval bases along a 400-mile front from northern Japan to New Guinea in a two-day offensive that carried to within 1100 miles of Tokyo, it was revealed today.

Attacking from three sides of the Pacific, U. S. airmen struck the enemy from the Kurile Islands at the northern end of the Japanese Empire, to the Carolines and the Marshalls in the Central Pacific, to New Guinea and New Britain in the Southwest.

In consecutive attacks Monday and Tuesday, Liberator bombers from Aleutian bases hit Matsumoto Island, 1069 miles north of Tokyo, twice for the third raid in a month; Onnekotan Island, 100 miles south of Japan's big naval base at Paramushiro, and Shumushu Island between Paramushiro and the Kamchatka Peninsula of Siberia.

Liberators from forces under both Adm. Chester W. Nimitz and Gen. Douglas MacArthur combined in attack on the Carolines.

JOHN WALTER 78, DIED AT 3:30 THIS AM.

John E. Walter, 78, who had operated a home bakery here for about eight years, died at 3:30 o'clock this morning at his home on west Fourteenth street. He had been ill for several months.

Funeral will be held at 4 o'clock Saturday afternoon at First Presbyterian church, conducted by the pastor, Rev. O. L. Savage. Burial in Oakwood cemetery. The body will remain at Thomas Funeral Home until time for the funeral.

Mr. Walter was born in New York state, May 15, 1866, and came here from Cleveland, O. Survivors include the wife and several nieces, one of whom, Mrs. R. C. Hayes of Ohio, has been here with her uncle for some time.

Pallbearers will be W. E. Dean, Ben Krauskopf, Frank R. Leneb, Ernest Hiltson, Joe Clements and W. F. Watson.

Judge Jones began his talk by saying it was good to recall fundamental principles of government and of church cardinal points of belief, and so it was likewise important to recall the principles of service upon which Lionism was founded.

The speaker called to mind that the first international convention was held at Dallas in 1917, and added that the growth that brought the membership to 14 countries of the world, with a total membership of about 200,000 in the 4,400 clubs which had a combined program of 66,500 activities in the service of their fellowmen, had been phenomenal. Since the letters L-I-Q-N-S stand for Liberty, Intelligence, Our Nation's Safety, these things must be kept intact if we are to survive the calamities that are trying to overwhelm us as a civilized nation.

The Lions code of ethics will make one a better citizen if he will only read it and practice its precepts, the speaker added.

The peace for which we are fighting, Judge Jones said, will be fought with many problems, and we Lions who remain at home must keep the home fires burning while our younger men are fighting to obtain for us that peace table. He then told of the good Samaritan who was a fore-runner of the Lionism, ending with the words, "That is Lionism."

Incidentally Judge Jones is a deputy district governor for his region, and is a candidate for district governor of this district.

SANITARY LAWS ARE VIOLATED BY CISCOANS COCKY LAWYER TULLA JERSEY TELLS TEXANS TOP PRODUCER TO BEWARE OF 32 COWS

HOUSTON, April 13.—Thurgood Marshall of New York City, special counsel of the National Association for the Advancement of Negro people, declares that "if citizens try to keep Negroes from primary polls we are going to take them to federal court and add:

"A recent meeting of the city council it was decided to institute a cleanup campaign and to ask Cisco women who have previously fostered this movement to again take the lead, the commission offering to assist in every way possible.

"Cleanliness requires sustained effort and cannot be accomplished by fits and starts of cleaning. In fact, it is attained only when each individual makes it his business to keep his premises clean, as required by law.

"As city health officer I was instructed to call attention to Ordinance 24, which is often violated in having livestock, horses, cattle or other animals within the corporate limits shall keep lots, stalls or barns clean and sanitary. The penalty for violation is a fine.

"There are instances of stock being staked so as to be able to reach sidewalks and streets, thereby becoming dangerous to both pedestrians and drivers.

"The city insists on this ordinance being complied with."

PLAINVIEW, April 13.—Ideal Financial Beauty, a Jersey cow owned by Chester Eliff, Tulla, won the production contest of the seventeenth annual Panhandle-Plains Dairy Show in competition with 32 other cows. She produced 47.4 pounds of milk, 2,348 pounds of butter fat and a butterfat content of 4.94 per cent, according to Wayne Thomas Perryton, contest superintendent.

Second prize winner was another Jersey, owned by Orland Jersey Farm, Tulla, Welcome Volunteer Sable, that produced 46.2 pounds of milk, and 2,236 pounds of butterfat. Third and fourth place winners were Combination Princess Blue, owned by B. F. Craig, Tulla, with a record of 44.6 pounds of milk and 2,196 pounds of butterfat, and Welcome Volunteer Fawnette, owned by Allen Orr, Tulla, that produced 34.2 pounds of milk and 1,918 pounds of butterfat.

RISING STAR SOLDIER.
The war department announces that Pfc. Sam J. Clark, son of Mrs. Fannie F. Clark of Rising Star, and serving in the Southwest Pacific, has been wounded in action.

OIL PRESSURE RISES.
AUSTIN, April 13.—Completion of a 98-well survey of the East Texas field showed an average bottomhole pressure of 1,008.5 pounds per square inch, an increase of 5.03 pounds over March 1. Railroad Commissioner Thompson says. Thompson said the field produced 11,600,000 barrels of oil in March.

DIES AT EIGHTY-FIVE.
GRAHAM, April 13.—George W. Hinson, 85, a native of Mississippi and father of Dillard Hinson, mayor of Graham, is dead. He was stricken while celebrating his 80th wedding anniversary.

POULTRY HIKE EXPECTED.
It is thought the OPA within a few days will announce an average increase of about two cents a pound in ceiling prices for live and dressed poultry sold the remainder of April and during May and June.

FATHER OF WATERS.
MEMPHIS, Tenn., April 13.—The Mississippi river poured from its banks at Grafton, Mo., today to flood an area extending 200 miles southward to Cairo, Ill., as hundreds of families were forced from their homes by rising waters of the White and Wabash rivers in Indiana.

RANGE CONDITIONS BETTER.
AUSTIN, April 13.—The condition of Texas ranges improved six points during March to 86 per cent of normal on April 1, the best for that date since 1941 and six points above the 20-year average for April 1.

BANK PROFITS UP.
WASHINGTON, April 12.—National banks last year had net profits of \$350,457,000 before dividends, an increase of 44 per cent or \$107,114,000 over 1942. Preston Delano, comptroller of the currency reports.

WILLKIE'S WORK.

Wendell Willkie has probably been surprised by the warmth of the public comments on his withdrawal from the presidential race. His action seemed to release a great deal of pent-up good will toward the man and his record. There is a unique largeness, warmth and a sincerity about him, and he has friends everywhere. He gives a steady impression, to most people, of a man without guile. If he has any particular fault in public life, it may be over-enthusiasm—and that is no sin. He has great driving power and is also very human. It is an unusual combination.

A man of his ability and outlook, in a time like this, should be in the public service in some important capacity. In England he would be taken into the cabinet. In America he can probably serve his country no less effectively as a free lance. Freed from the limitations of political campaigning, and from any public office that might hamper speech or action, he might be more useful to the nation than he has been in the past. Liberals in both parties might well suggest that he appoint himself to carry on as an independent critic of public affairs.

FAMINES FOLLOW WARS.

The Department of Agriculture's tabulation on what farmers intend to plant in 1944, indicate that the so-called guaranteed support prices failed to coax them into seeding more oil crops such as soy beans, peanuts, flaxseed or dietary standbys such as peas, beans and potatoes. Flax plantings for linseed oil are down sharply. Apparently increased acreage will go into feed grains because of shortages of livestock feed last year.

"Failure of farmers to go along on some of the War Food's programs," says Business Week, "is due to fear that there will be too few hands and new machines. Dairy product needs cannot be met; milk output for months has consistently been behind year-ago levels."

Farming has long been the professional "fixer's" plaything. Let us hope that it is not thrown too far off center by the theories of the parlor convicts.

GETTING RESULTS.

One man who went into government war service and isn't afraid to tell the public his department got results, is William M. Jeffers, president of the Union Pacific Railroad, and former director of the synthetic rubber program.

In a recent statement, Mr. Jeffers said synthetic rubber is now about on schedule, absolutely essential civilian needs are being met, by early autumn more rubber should be going into tires; we can produce enough synthetic rubber for any needs, and will be in the position in the future to dictate to producers of natural rubber what the price shall be.

This is good news for Americans who have become used to a prediction of "shortage" the moment bureaucratic planners take control of any of our basic industries. But that is the bureaucrats' way—they want to keep the people under their thumbs. Jeffers is not a bureaucrat—he is a plain American business man who is used to getting results. He says: "We don't want the government in business. We want business in government."

And that is the only spirit that will get this nation tires or any other commodity that the people have always enjoyed and which built up the American standard of living.

ON CHARITY TAX ROLL.

The Bonneville Power Administrator has recently announced a rate reduction to public agencies "dependent" on the Federal agency for their supplies of power. On the same day, an "independent" private utility showed payment of \$13,099,155 in taxes for 1943—or 23 per cent of its gross income.

If the private company were tax exempt like Bonneville, it would probably outstrip the Federal project on rate reductions because of much greater economy in management. Reduced rates that the comparatively few customers of a Federal power plant enjoy, are made possible by increased taxes on the general public.

Tax exemption puts Federal power projects in the same tax classification as charitable institutions.

Looking Ahead

By GEORGE S. BENSON
President Harding College

Gratified Stock.
Pride of race is something America has never developed to a high degree because it is populated with so many different races. Just the same, Americans have every right to pride in fine herit-

age. Edmund E. Lincoln recently put it in a few words. He said "America has been developed by the most courageous, industrious and honorable peoples of the earth. We have built up from the best of the best foreign countries."
Some people have come to the United States who did no good. Mr. Lincoln does not dispute that. He makes it plain, however, that all of America's early settlers and most of the immigrants who came later, so different outwardly, were a lot alike inside; and in

important ways. They were brave, honest, hardworking, God-fearing folk. All they lacked was to get used to one another, and that has largely been done.

Look at Results.

Products of hard work and honesty, so valuable to individuals, give strength to nations accordingly. Half the people in America own the homes in which they live. That's national stability. More than one person out of five in this country has a savings account in the bank. One American in 14 owns shares in some corporation and 66 million (more than half of us) have insurance. None of these things could be said truthfully of any other country on earth.

And how do we do it around. Our entire 135 million population could have sat down at once quite comfortably on the upholstered seats of nearly 30 million passenger automobiles that were licensed in the United States in 1941. Where everybody who works can make progress; where those who are really capable can achieve wealth and influence; and where doing things is gradually developing a tradition that makes all Americans feel the fusion of an American race.

Our Own Standards.

In America we are short on hereditary but we are long on bathos. Free to live our lives in any honorable manner, and quick to learn from each other, the families of America are growing more alike in habits and in aims. Meanwhile living standards rise and American culture advances far beyond that of old-world races. They are stamped by meaningless restraints and crippled by unprofitable disputes about the matters that seem quite secure anywhere else.

"For several specific reasons," Mr. Lincoln says, "it does not seem probable that the United States will finally succumb to subversive influences which have been exerting themselves from abroad." Seeking religious liberty, economic rights and political freedom, the pioneers of America fled Europe because even then they could see, at least dimly, calamities that later came upon it. They quit all European classes and became individuals.

Keep Our Culture.

other lands, I am glad I am an American and I would never advocate ignoring the rest of the world. But no isolationist could be farther than I from transplanting foreign problems in America. As we are situated now, we can assist people everywhere and it is our duty. But the surest way to make America useless at home and abroad is to pollute our free air with philosophies that the founders of this free country so specifically excluded.

Nothing could be more deadly to the American way of life, no plague more completely blighting to democracy as we understand it in the United States than a dominantly strong centralized government. It is completely foreign to American ideals. Permitted to run its course unrestrained it will choke out our freedom, our property, and finally our ambition.

LONG BRANCH

Mr. and Mrs. Jack Gage and granddaughter, Patzy Gage, attended Easter services at Cisco.

Mrs. Worth Ford and Mrs. Eugenia Ford drove to Cisco to services at the Church of Christ Sunday morning.

CISCOANS ATTEND ABILENE BANQUET.

A banquet with program following was held at the Hilton hotel, Abilene Wednesday evening by American Legion auxiliary. Approximately 250 people were in attendance. Honor guests of the occasion were Mrs. Walter G. Cravens of Charlotte, N. C., National Vice President; Mrs. I. H. Bartz of Brenham; Mrs. W. J. Danforth of Fort Worth; Mrs. Frank Bell of San Angelo and Mrs. Irene Ehlert of Brenham, Tex., who are past presidents of Texas. Mrs. Ina Cotten Jennings was master of ceremonies and short talks were made by Texas honor guests. Abilene musicians were presented in several numbers.

Mrs. Walter C. Cravens, special guest speaker, gave a most interesting address, "This World of Ours" in which she gave a short review of the Past; she next took a look into the Future and closed with a splendid discussion of Today.

Those attending from Cisco were Mrs. H. N. Lyle, Mrs. Irene Hallmark, Mrs. Paul Poe, Mrs. Monroe Sweeney, Misses Mayne and Letha Estes.

CADET BLANCHARD WEBS MISS ANDERSON.

Miss Norene Ethelda Anderson, daughter of Mr. and Mrs. Andy Anderson of San Angelo and granddaughter of Mrs. L. B. Norvell of Cisco, became the bride of Aviation Cadet William L. Blanchard, son of Mrs. W. S.

Blanchard of Medfield, Mass., in a ceremony held Sunday afternoon at the post chapel of San Angela army air field. The double ring ceremony was performed by Chaplain Peter E. Culom.

The bride wore a becoming suit of aqua blue with white and brown accessories; her corsage was of white carnations. Miss Julia Ann Davis, maid of honor, wore a tan suit, black accessories and corsage of blue corn flowers.

Cadet Donald D. Makeley of St. Mary, Ohio, served the groom as best man. Mrs. Blanchard attended Cisco and San Angelo high schools; Cadet Blanchard is a graduate of Medfield, Mass., high school. The couple left Saturday night for Massachusetts on a fifteen day leave for a visit with relatives, following which he will return to school.

Only relatives and a few close friends were present at the wedding.

Those attending from Cisco were the bride's grandmother, Mrs. L. B. Norvell; her aunts, Mrs. Blanche Miller, Mrs. Chester Norvell and daughter, Sandra Grey Norvell; and Mrs. Blair Clark of Grand Prairie.

MRS. FRED HAYES HOSTESS TO CIRCLE.

Circle two of First Methodist WSCS met Tuesday afternoon in the home of Mrs. Fred Hayes. Mrs. M. D. Paschall brought the devotional, "Ascending Songs of China"; Mrs. C. A. Shokey told an interesting story concerning social evangelistic work in China.

A short business session followed during which eleven visits to the sick, four trays of food and two bouquets were reported as having been taken to sick people. Light refreshments were served to Mrs. C. A. Shokey, Mrs. M. D. Paschall, Mrs. A. F. Gorr, Mrs. A. V. McCarty and Mrs. Hayes.

BOOK REVIEW AT CIRCLE MEETING.

Mrs. Alice Johnston was hostess to Business women's circle five of First Methodist women's society of christian service Wednesday evening, in her home.

Mrs. Jimmie Allen, program leader, presented Rev. Leslie W. Seymour, who gave a review of the book, "One World," by Wendell Wilkie. The review is said to have been very interesting.

Refreshments were passed to Mr. Seymour, Miss Ruby Ray Swift, Mrs. Jimmie Allen, Mrs.

A. B. Byrd, Mrs. E. L. Harless and Mrs. Wayne Pitt and Mrs. Johnston.

Sixth Grade 4H Boys club met Tuesday afternoon at Grammar school in regular meeting. The

meeting was called to order by Tommy Bacon. Floyd Lynch, county agent, was present and brought a lesson on "Dairy Cattle," at which he told how to judge dairy cattle. He passed instruction booklets of Dairying and also some on "How to Grow a Garden."
