PAUL ZIMMERMAN SAYS-

Hello, Neighbor

It appears to us we have been hornswaggled (you spell it)-in other words, received the blunt end of a dirty Irish trick. To those of you who are not members of the Lions Club, it was like this: Your Editor was made the goat. Ray Cowsert, other new members, seems to have been an outwitter. We depended on main strength and awkwardness. We had the awkwardness, but not the strength to be made the goat at the meeting. However, we offer an unstated reward to the man, woman or child who will tell us "who stole The Editor's coin."

You who enjoy a good play by an unusual group of high school youngsters are urged to attend the senior play - "Young Doctor Young"-tomorrow night beginning at 8:00 o'clock. The high school students have been working hard on this play, which was recently postponed due to inclement weather The play goes on tomorrow night.

My, my! Neighbor-we have heard many compliments on the patriotic pagent put on the other night by the grade school students. One party stated that he had seen many pagents put on the past few years, but this one was the best one he had even seen, * * *

The Boy Scouts of America-in Dimmitt away up here in Castro County-are undertaking a civic and patriotic role. They are sponsoring Clean-Up Days in Dimmitt They have secured the proclamation of the Mayor, the support of the City Council, and the cooperation of city secretary J. W. Skipworth. They want the cooperation of all citizens of Dimmitt. Let it be said here and now that the Boy Scouts do not accept tips. They want to help you by reminding you that the deadline date is April 23, and urge you to have all rubbish sacked or boxed and placed near the street so that city trucks can quickly and easily remove and clean up the city's trash. It will not be amiss, however, to donate to the Boy Scout organization for the proposed clubhouse they want to build in Dimmitt! * * *

Castro County farmers are becoming more and more aware of the advantages offered by the So'l Conservation Service, as well as the county agent, home demonstration agent, and the AAA office. Ask the implement deal ra in this county. They keep up with the modern methods of farming. and they know the men successful enough to buy improved implements.

The News wants to invite any and all persons to bring news personals, marriage announce ments, party and club activities to the office for publication. We want to print your name, Neighbor. There is nothing to be selfronscious about. We are all people and neighbors-interested in one another. We like to read in the paper about the doing, coming and going of our friends and neighbors. The News will solicit as -with your cooperation.

No. 26 of a Series

ARE YOU SEEING ONLY PART OF THE PICTURE?

The great majority of beer retail establishments are clean wholesome places.

Yet it is the once-in-a-while exception-the anti-social, law-violating tavern that everybody notices.

Such undesirable retailers give beer a bad name it doesn't deserve. Furthermore, by arousing public indignation. retailing abuses endanger your right to enjoy good beer, the beverage of moderation. They also endanger the benefits that beer has brought to Texas-31,165 persons employed since re-legal-

ization, an annual payroll of \$22,076,182 and \$2,273,968.64 taxes paid last year.

While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell it under wholesome conditions, nevertheless the brewing industry wants anti-social retailing eliminated entirely

You can help us by (1) patronizing only the legal and reputable places where beer is sold and (2) by reporting any law violation you may observe to the duly constituted "wenforcement authorities.
