NUMBER 165

JAP GUINEA ATTACK SMASHED

C. W. YOUNG CANDIDATE FOR DIST. CLERK

C. W. (Charlie) Young, Jr., who resides on east Sadosa street, Eastland, herewith announces his candidacy for the office of district clerk of Eastland county, subject to the will of the voters at the Democratic primaries of Saturday, July 22. The candidate and his family have been residents of Eastland for a number of years and have always taken an active part in the church and civic life of their home town. The following statement was submitted to the Daily Press for publication.

Mr. Young is well qualified and elected will perform the duties of the office he seeks with honesty, carefulness and efficiency. He attended both Clarendon and Stamford colleges, taught school four years and for a number of years was employed in office work and accounting. Later, he worked for several years in the oil fields of Eastland and nearby counties. More recently, since the United States became a nation at war, he has been regularly employed by war construction contractors.

Both Mr. and Mrs. Young are native Texans, Mr. Young having spent his early childhood in Eastland. After many years in other parts of the state, he brought his family back to Eastland county fourteen years ago. Mr. Young

C. W. YOUNG, JR.

admits that when buying and establishing their permanent residence in Eastland there was a deep sentimental angle, a sort of "return to the old home town" feeling. He is, indeed, a family man—and his is a Christian home. Since their names were entered on the Sunday school cradle rolls, the Youngs have been active church members and it has aided much in the rearing of a family of six children.

As friends, as neighbors and as contributors to every organization which tends to benefit their home town or promotes the betterment and welfare of mankind, the Youngs are willing and tireless. As a family they have given their best to the war effort. Charles H., their oldest son, has served four years in the U. S. army. Jimmie (Shuford) to his intimate friends has been in the South Pacific two years with the Marines. Mrs. W. J. Moylan (Aleta Young) was employed at Camp Barkeley before her marriage. Incidentally her son Billie Joe is the Youngs' only grandchild. Mary Young has been with the Quartermaster's depot in Fort Worth for two years. Betty Joe and Patsy Ruth are both in Eastland high school.

Mr. Young says he will make every effort to see and talk with all the voters in the county. However, being somewhat handicapped by gasoline and tire restrictions, this may not be possible. So, in making this statement of qualifications, he adds he will greatly appreciate your friendly support during his campaign and at the voting box.

Mr. Young stated: "For this timely consideration by my friends and by those I hope to meet and

BOSS GLOVE CO.'S FIRST SHIPMENT

The first order of work gloves made in The Boss company's Cisco plant was shipped Monday of this week.

The order calling for 24,000 pairs of Boss Wallopers was shipped to Henderson, Nev., where they will provide hand protection for as many war workers, who are engaged in the production of magnesium, that important metal which is rated as first in importance to the production of light-weight metals so essential to aerial warfare.

In line with the established policy of The Boss company, the gloves were shipped to the account of one of their long established distributors who, like the typical Americans they represent, are tendering their allotment to those in the war industries, rather than retaining them for civilian consumption.

Officially classed as a war essential, Cisco is and may well be proud of its new industry, in that its product, which protects the hands, is necessarily extremely vital to many essential defense industries.

N. R. Cutler, Cisco manager of The Boss Plant, says he is favorably impressed with the progress being made by his steadily growing force of employees and is convinced that the time is not far distant when the Cisco plant—the first in Texas—will set up a production record that will force older plants in other states to quicken their stride in order to maintain volume equality.

CLASS OF 607.
DALLAS, April 26.—The 86th reunion of Dallas Scottish Rite bodies ended here Tuesday night with a class of 607 receiving the 32d degree.

APRIL BOND SALES.

For the first time since Pearl Harbor, Eastland county's quota of \$51,400 for the month of April is less than one-half raised.

Unless every town in this county and every citizen, does his part between now and Saturday night, we are going to fail this quota.

At this very moment, our Allies and our own Army, Navy, Air Corps and Marines are bringing together every ounce of power available for the great invasion of Europe. Our armed forces are getting ready at any moment to begin the greatest battle the world has ever known.

We are hoping and praying that they will not fail. In fact, we know they will not fail us. Here on the front line they will offer everything.

While they are doing this, can we at home fail in such a small matter as getting Eastland county's quota? No, I know we will not!

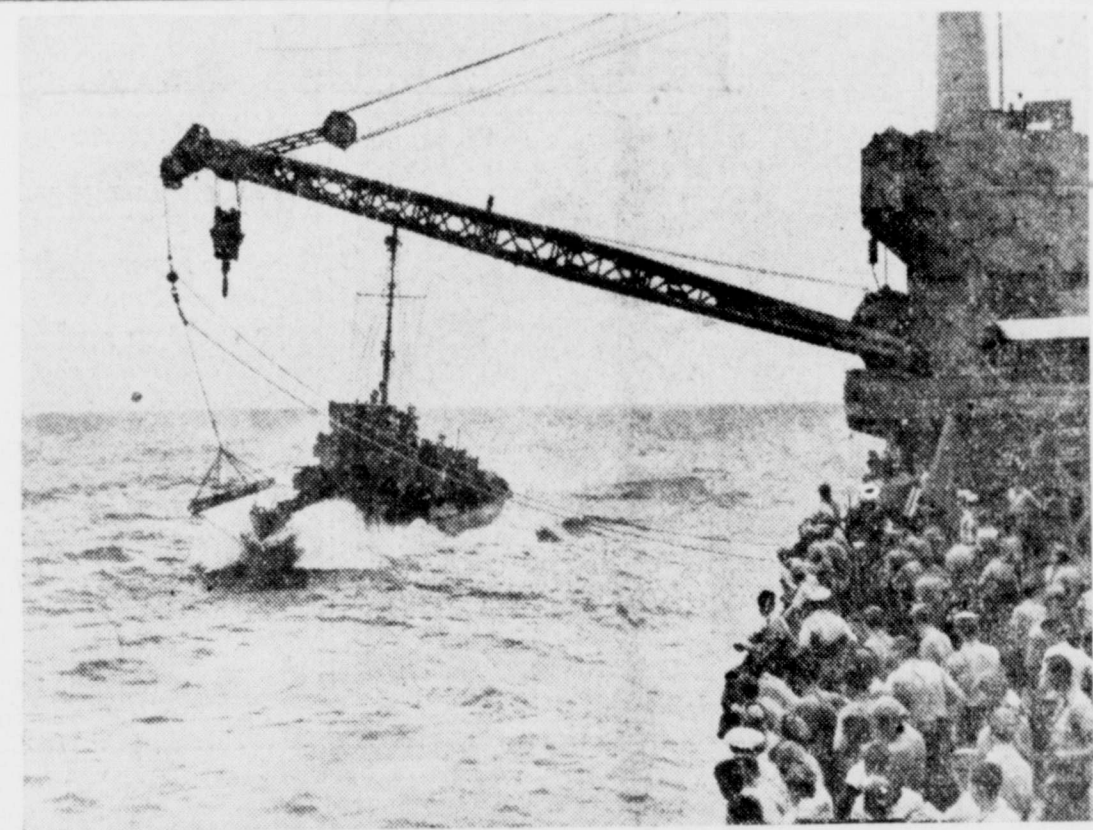

Please go to your bank or postoffice today and buy your part of this quota. Very kindly yours,

CYRUS B. FROST,
Eastland County Chairman.

call friends, I shall pledge myself to give my very best in the performance of duties required by the office entrusted to my care."

NAZIS SHELL HOSPITAL.—Luckily, but through no fault of German artillery observers, no one was killed when Nazis shelled Anzio evacuation hospital. Red Crosses plainly marking all tents were no deterrent to the enemy, T/5 Jack Horn (left) and Pvt. Tom Botley, both of Chicago, hold up blanket ripped to shreds by shrapnel. Four shells also hit the post exchange.

EMERGENCY AT SEA.—All eyes on seaplane tender watch anxiously as patient heading for emergency appendectomy dangles in crane, until destroyer escort can maneuver into position to pick him up for transfer to base hospital. (U. S. Navy Photo.)

CO. 4-H BOYS FARED WELL AT COMANCHE

Eastland county 4-H club boys won the West Cross Timbers Dairy Judging contest at Comanche last week. The team was composed of Ralph Wheat, Morris Miller and Billy Henderson, all of Morton Valley club. W. T. Eaton of Ranger, Clayton Henderson and Paul Tankersley of Morton Valley were team alternates. Prize for first place winning team was a double duty vaccination set.

Second place also went to Eastland county, the team being composed of Bobby Harrison, Pete Shamberger and Bobby Moore, FFA members of Morton Valley. They were coached by Sam White, FFA teacher. Their prize was also a vaccination set.

Kenneth Reynolds, 4-H Morton Valley boy, was high point junior in judging events for open judging.

Aside from the judging events, Eastland countians won their share of the blue ribbons on outstanding animals exhibited. H. L. Midkiff of Breckenridge, whose herd of fine registered cattle are in Eastland county, defended the coveted championship of grand

champion cow. The cattle were of the best quality, with such herds as John Tarleton college exhibiting.

Bobby Harrison of Morton Valley exhibited his 4-H heifer which he won in the cow, sow and hen contest and took second place. Bobby Moore of Morton Valley won third place with a bred heifer, Jesse and Bobby Walker, Cisco FFA boys, exhibited red ribbon heifers. Jack Myrick and Travis Kirklind of Cisco were also exhibitors.

CISCOAN FINDS AUSTRALIA HOT AND VERY WET

SOMEWHERE IN AUSTRALIA.—Pvt. Vernon Norris, Cisco, now soldiering with an infantry outfit in the Southwest Pacific, reports that the Fuzzies Wuzzies down there are as much at home in the water as a troupe of Alaskan seals.

The son of Mr. and Mrs. J. E. Norris of Cisco, he spends many off duty hours watching the natives swim and dive in a fast-running mountain stream that goes through the Yank camp. He says the Fuzzies dive in at the base of a 16-foot waterfall and

swim downstream underwater for incredible distances. The strangest part about all this to Yankis is the fact that these native swimmers hardly use their arms at all, carrying them at their sides as they swim. Their power seems to come from a strong, scissor-like leg stroke.

Private Norris is camped in a jungle clearing and lives in a six-man tent. On all sides are the sights and sounds of the jungle and of course there's always the tropical weather. He says it's usually terribly hot or raining during the day.

In addition to Vernon, there are two other Norris brothers serving overseas. Marvin is with a quartermaster outfit in Africa and J. Frank is in the Southwest Pacific with the Marines.

Pvt. Vernon Norris has been in the army two years and overseas most of that time.

SECOND REQUIEM MASS.
BOSTON, April 26.—The second of four solemn masses of requiem was held today at the Cathedral of Holy Cross for William Cardinal O'Connell, dean of the Roman Catholic hierarchy in the United States. A third mass will be held tomorrow.

FOUND.—Child's coat in Lake Park. Owner may have same by identifying coat and paying for this ad. Ray Judia, Lake Cisco Tourist Club. 167

MORE MUNICIPAL BONDS BE RETIRED

Outstanding bonds of the city of Cisco in the approximate amount of \$15,000 will be purchased by the city at an early date and retired. This purchase, when concluded, will bring the total of city bonds retired in the past two years to right at \$50,000.

This tentative action was taken at a meeting of the city commission last night, following tenders of bonds at 74.90, or \$25.10 below face value.

Information from several large bond houses indicates that the value of local outstanding city bonds is increasing due to the fact that all city obligations are being met promptly.

Mayor Edward Lee and all commissioners except A. D. Anderson were present, Mr. Anderson being out of the city. H. S. Drumwright and Charles J. Kleiner, recently re-elected to the commission, took the oath of office and were regularly installed. Mr. Anderson, also re-elected, will be sworn in later. George Boyd, mayor pro tem, was retained in that position.

All three newly elected commissioners were reappointed by Mayor Lee to their former positions as department heads—Charles J. Kleiner as finance commissioner, A. D. Anderson as street commissioner, H. S. Drumwright as sanitary commissioner and in charge of Lake Cisco and tourist cabins.

Commissioner Drumwright, by vote, was designated manager of Cisco municipal airport.

24 TEACHERS WILL DONATE THEIR BLOOD

R. N. Cluck, superintendent of Cisco public schools, announced today that the local schools and Cisco Junior College will be closed all day tomorrow, that some 24 of the teachers may go to Eastland and participate in the Red Cross blood donation program.

Mr. Cluck, also chairman of the transportation committee for the trip of some 200 Ciscoans to Eastland, again reminds that those who have conveyances of their own may lend a nice hand by driving by the Service Men's club and picking up those who may be waiting there.

School buses will make hourly trips to Eastland tomorrow, leaving the Service Men's club promptly on the half hour, beginning at 9:30 a. m.

HORSE AND HORSE.
WASHINGTON, April 26.—Roosevelt fourth-term Democrats bowed over their first tangible opposition in the Massachusetts presidential primary Tuesday, while Pennsylvania Republicans indicated through written votes that Governor Dewey of New York is their overwhelming choice for the GOP nomination.

MAY SEIZE PLANT.
WASHINGTON, April 26.—The government was expected today to take quick action, possibly through plant seizure, to compel Montgomery Ward & Co., Chicago, to end its long defiance of a War Labor Board order. The disputed order directed the company to extend a contract with the union, but the company contends that the union no longer represents a majority of its workers. The union has called off the strike.

YANK JUNGLE TROOPS ARE NOW WITHIN A FEW MILES OF HOLLANDIA'S MAIN AIR FIELD

American ground forces were advancing on Hollandia's main airfield on Dutch New Guinea today and capture of the airfield was believed imminent as the Allies stepped up their Pacific offensive to gain a new potential base in the Marshalls and intensify the aerial blows on the important enemy positions in the Central Pacific.

U. S. jungle troops, which pushed from the beachhead at Tanahmerah Bay, drove to within four and a half miles of Hollandia airstrip after taking a heavy toll of Japanese in smashing the first enemy counter-attack in Dutch New Guinea.

Another American force was thrusting westward from Humboldt Bay along a 23-mile road in a valley behind the towering Cyclops Mountain Range in a drive on the Hollandia airfields.

Other U. S. forces had cleared the Aitape area, in British New Guinea, 125 miles below Hollandia and drove the remaining Japanese in the jungle hills.

While the ground fighting neared a climax around Hollandia, bombers from the Fifth Air Force attacked isolated enemy bases to the southeast, hitting the Wewak area, 85 miles below Aitape, with 184 tons of explosives, and Hansa Bay, 100 miles south of Wewak, with 122 tons.

About 100 Japanese were killed and a few prisoners taken at Aitape, a spokesman said.

In routing the enemy from the area, the troops seized additional enemy equipment, including three American-made caterpillar tractors, one American jeep and several anti-aircraft and machine guns which immediately were set up to defend the airfields.

In the Central Pacific, U. S. forces occupied Juelang Atoll, westernmost of the Marshalls Islands and only 630 miles west of Truk Atoll, which was attacked Sunday for the 30th time since South and Central Pacific aerial forces joined on March 29 in assaults on the Carolines.

LONDON.—The German High Command reported today that the Red army had opened a big offensive on a broad front in the lower Dneestr valley, apparently signaling the end of the lull on the eastern battle line.

A Berlin communique reporting the first major action on the Russian front since the Soviets clamped a siege arc against Sevastopol eight days ago acknowledged "local penetrations" by Soviet spearheads, but claimed they were "checked or eliminated."

It was the first Nazi report of a large scale Russian attack since the conclusion of the short-lived Crimean campaign except for the reduction of Sevastopol.

The Nazi report indicated that Gen. Malinovsky's Third Army of the Ukraine had regrouped and launched a new action after its swift drive which cleared the southern Ukraine of the German invaders, and now was pressing on into Bessarabia to join Marshal Ivan S. Konev's Second Army in the drive into Romania.

Berlin also reported Russian counter-attacks between the Carpathians and upper Dneestr, indicating that the Red army had regained the initiative in the lower corner of pre-war Poland after breaking up German attacks aimed at disrupting Marshal Gregory Zhukov's preparations for a new drive.

NAPLES.—Allied troops "continued to improve" their positions on the Anzio beachhead Tuesday and heavy bombers blasted an aircraft factory at Truin, headquarters announced today.

Other heavy bombers attacked a bridge at Parma in north central Italy and railyards at Ferrara, the bulletin said.

Thirteen Allied heavy bombers and three other planes were listed as missing from more than 1,400 sorties Tuesday against the destruction of 14 enemy aircraft.

The raids included the pounding of communications north of the battlefield.

LIQUOR STATIONS.
AUSTIN, April 26.—Establishment of new border liquor tax collection stations at Eagle Pass, Del Rio and Brownsville is proving more profitable than anticipated, the Liquor Control Board reports. Basing its estimates on taxes collected since the three stations were set up through a deficiency appropriation by Governor Stevenson, the board hopes to make a profit of \$38,370 for the remainder of the fiscal year, or \$81,800 for the calendar year.

DEMOCRATS TO BOLT.
COLUMBUS, Texas, April 26.—Thirty-five Democrats in preliminary caucus here unanimously have adopted a resolution that the Democratic party in Texas should not take part in the National Democratic convention at Chicago in July. Sam K. Seymour, Jr., Colorado county Democratic committee chairman, reports. He asserted this resolution and others adopted at the caucus, over which he presided, would be pressed at precinct, county and state conventions.

THE CISCO DAILY PRESS

Per week, by carrier boy 12c

CONTINENTAL PARTNERS.

The Latin-American nations are still, and may always be, removed in language, spirit and outlook from our own country. But with our next-door neighbor Canada, the case is very different. Anne O'Hare McCormick, brilliant editorial commentator of the New York Times, in a visit to the Dominion, makes some interesting observations.

She finds Canada now in many ways closer to the United States, and "in a state of visible and self-conscious transition." This is without any special effort of our own people and government to bring it about. Thus for the first time in 55 years of the Pan-American Union, Canada has observed Pan-American Day with public receptions in important cities, in honor of Latin-American consuls. Canadian ambassadors have recently been appointed to South American republics, thus bringing the Canadians more closely into contact with Latin neighbors.

At the same time that Canada is spreading out diplomatically, she is bearing a notable part in the European war, alongside of the British and Americans. The people, says Mrs. McCormick, have quit thinking so much about the comparative smallness of their population (about 12,000,000) and more about the greatness of their country and its vast resources. They want more people, preferably of their own kind, to fill up the land. They appreciate, more than ever before, friendship and cooperation with the American people. They now seem to consider us partners in a great continental enterprise.

NEW SKILLS.

The National Metal Trades Association has been urging its men to remember that many employees now in the fighting forces will return with new skills. It urges industry to begin now to study its present and future personnel problems. It says the metal trades industries have expanded, since 1939, to three times the size of the operations of that year. The postwar planning must start at once, to save trouble at the war's end.

An army librarian writes along this line. The boys discharged for medical reasons, who are now "walking convalescents" coming into her library, have changed in the type of books they want to read and study from those of the period before they went overseas. Many of them wanted to study then, to improve what time they had, but the interest is deeper now and the books asked for are of higher technological caliber. The men have acquired new skills and new interests. They want to further both the skills and interests by deeper reading.

This is an important development. The men who return are older, maturer, with greater development of technical abilities, and with far more eagerness to advance their powers.

METHODISTS MEETING IN KANSAS CITY

KANSAS CITY, Mo., April 26.—Extended equality for Negroes, what stand the church should take on the war and equal rights for women preachers are three subjects most likely to cause controversy in the Methodist Quadrennial General Conference which opened here this morning. Racial equality is no new issue for the general conference, whose 672 delegates come from nearly

all parts of the world to write spiritual laws to guide 8,000,000 Methodists.

This is the 100th anniversary of a famous divorce, for it was in 1844 that the south and north church split on slavery.

Not until five years ago, at the uniting conference in Kansas City, were these two branches able to get together again. The Methodist Protestants also came in, to make it a three-way union.

Methodists have six jurisdictions, laid out geographically, southeastern, northeastern, etc., with one exception. The central jurisdiction, with 330,000 members, is for Negroes.

It isn't likely that the central jurisdiction will be abolished, or

even molested, since it was the compromise worked out between the north and the south when they reunited. "To change now," one minister said, "would be considered by southerners as a breach of faith."

In many of the churches of the north Negroes and whites have worshipped together for years.

This will be the church's first chance to take a stand on war since Pearl Harbor. At the 1940 meeting the general conference decided that each individual could do as he pleased but that the church itself "will not officially endorse, support, or participate in war."

The national conference of Methodist Youth Fellowship, with

age limits of 12 to 23, has asked that the conference reaffirm its 1940 stand. They say that they are willing to fight the war as in-

dividuals but the church should continue to be primarily interested in peace.

It's the war which high lights

equal rights for women preachers; the church has its manpower problems, too.

Chief objections to taking women, who now serve as licensed, supply and local preachers, into an annual conference with full rights are:

Many churches still won't have a woman pastor; if a woman is taken in with full rights, the church will have to look after her until her retirement, and an attractive, powerful woman speaker of 30 may not be an asset at 50.

Marriage, too, presents peculiar problems since there's a difference between being a pastor's wife and a pastor's husband.

LUNCHEON AND STUDY HELD BY AUXILIARY.

Presbyterian auxiliary met at the church Tuesday for covered dish luncheon honoring Mrs. A. C. Pratt, chairman of district one of the Fort Worth presbytery and Mrs. T. M. Willis of Abilene. Other guests present were Mr. and Mrs. W. J. Murray of Abilene.

The dining room was decorated with snap dragons, narcissus and blue bonnets and the long-dining table, covered with linen, held a floral centerpiece of pink primroses. Luncheon was served at 1 o'clock and invocation was offered by Rev. O. L. Savage. Mrs. E. P. Crawford, president of the local auxiliary, introduced the visitors and presented Mrs. A. C. Pratt, who conducted the afternoon training class, outlining duties of officers of the auxiliary and various cause chairmen. Mrs. Abbie C. Daniel brought the devotional preceding the training period.

Mrs. T. M. Willis of Abilene gave a splendid talk on parliamentary law and usage at the close of the study. The meeting closed with prayer by Mrs. C. H. Fee.

Approximately 50 members of the local auxiliary attended the

class of instruction and enjoyed the fellowship of the day.

TWO CITATIONS OF MERIT PRESENTED.

Members of the American Legion and its auxiliary met at Legion Hut Monday evening for a basket picnic and business meeting. The picnic was held on the lawn adjacent to the hut, following which a joint meeting was held by the two groups.

MRS. SAM KIMMELL GROUP HOSTESS.

Group one of First Christian church council met Tuesday in the home of Mrs. Sam Kimmell. Mrs. Rex Moore presided and

opened the meeting with prayer by Mrs. C. H. West.

Mrs. Jim Latimer brought the devotional and also brought the missionary lesson from World Call magazine. Mrs. Moore had charge of the business session following.

Refreshments were passed to Mrs. West, Mrs. Moore, Mrs. H. H. Tompkins, Mrs. Latimer, Mrs. G. W. Troxell, Mrs. George Atkins, Miss Jo Gray and Mrs. Kimmell.

BUSINESS MEETING HELD AT CHURCH.

First Baptist women's missionary union met at the church Tuesday in a general business meeting with Mrs. Paul Poe, president, in charge. The meeting opened with group singing led by Mrs. Poe, with Mrs. W. Frank Walker at the piano. Prayer by Mrs. E. J. Poe followed. Mrs. O. L. Mason of group three brought a splendid devotional, discussing "The Overflowing Cup," with scripture basis from Psalm 23.

During the business period Mrs. Cooper Waters thanked her committee for help and cooperation at the senior banquet. Mrs. L. A. Harrison read minutes of pre-

vious meeting which were approved. Report was made by committee and circle chairmen.

Mrs. E. J. Poe gave the treasurer's report. The meeting closed with special prayer for men and women in uniform.

Present were Mrs. Paul Poe, Mrs. L. A. Harrison, Mrs. W. Frank Walker, Mrs. A. B. Cooper, Mrs. O. G. Lawson, Mrs. C. A. Williams, Mrs. W. D. Hazel, Mrs. Algie Skiles, Mrs. Cooper Waters, Mrs. E. J. Poe, Mrs. F. E. Shepard, Mrs. Leon McPherson, Mrs. Barton, Mrs. F. D. Wright, Mrs. O. L. Mason, Mrs. M. F. Underwood and Mrs. Kate Richardson.

A Lift For Lenten Menus

HERE'S just the dessert to finish off that mid-Lenten dinner. Slices of Wartime Spice Cake and cups of full-flavored coffee as shown in the above picture will satisfy the family's longing for something really good to eat without dipping into your store of ration coupons. There's nothing like a satisfying dessert and rich, delicious coffee to top off a meal during Lent or any other time.

Have you been longing for a good piece of cake that didn't use up all the shortening and eggs in the house? Then this recipe is just what you need. It takes no eggs at all and uses unrationed suet as shortening. The unexpected and subtle flavor of coffee, which is used as part of the liquid in the recipe, accounts for the unusual flavor. Any other point in its favor: this cake keeps indefinitely in a tightly-covered tin box. Here is the recipe for Wartime Spice Cake. Of course, it's tested.

Wartime Spice Cake
1 cup strong hot coffee
1/2 cup flour, sifted
1/2 cup suet
1/2 cup brown sugar
1/2 cup ground nutmeg
1/2 cup ground cinnamon
1/2 cup ground cloves
1/2 cup ground allspice
1/2 cup ground ginger
1/2 cup ground cardamom
1/2 cup ground mace
1/2 cup ground nutmeg
1/2 cup ground cinnamon
1/2 cup ground cloves
1/2 cup ground allspice
1/2 cup ground ginger
1/2 cup ground cardamom
1/2 cup ground mace

Save Coffee Flavor

Making coffee which is not good is wasting it, for part of its value and flavor is lost. To make delicious coffee, use a porcelain enameled pot. Enamelled ware assures fine flavor because it is so easy to keep sweet and clean—one of the first essentials in making good coffee. Use only soap and plenty of hot water, rinsing thoroughly, to restore enameled ware to sparkling cleanliness.

NO DELINQUENCY HERE—Port Washington, N. Y., teen-agers have their own answer to juvenile delinquency problem. Under auspices of town's war council they are making activities center, doing painting, plastering, landscaping and furnishing themselves. Photo shows Edith Southwood, Marilyn Sherman and Harry De Meo painting club house.

GOODYEAR TIRES WE HAVE THE TIRES

GOODYEAR TIRES ARE STILL THE BEST TIRES MADE!

Facing facts, you need tires. Facing facts, we've got them. Not the husky, mile-eating Goodyears we had before the war, but the best tires made today. They're good looking. (just like the pre-war Goodyear DeLuxe) and with good-going over paved roads, at Victory speeds, they'll go a long way. So, bring your certificates to Goodyear and get the most miles for your money under existing conditions.

BUY WAR BONDS

Sometimes exploration work is carried on under the most difficult conditions. Here a "shot" is being made in the swamp-land of Coastal Louisiana.

"Shooting" ON THE HOMEFRONT

LIKE the fabled shot at Concord, our homefront shooting today is "heard 'round the world." But the "shot" is not a bullet from a gun, rather it is the dynamite of the geophysicist searching and finding new hidden pools of oil—the Allies' potent weapon of war.

In answer to war demands for more and more petroleum the Humble Company extended its geological exploration work 10% in 1943 over 1942. Continued expansion is currently underway.

This resulted in the discovery of a number of new fields and extensions of old fields. Most notable: the Scott and Hopper Field, Brooks County, Southwest Texas; most spectacular: Gulf Coast Realties No. 1, first oil well in Florida which opens a new province of exploration hundreds of miles from the nearest producing field.

In all, 107 new fields were developed by all private companies during 1943 in the area in which Humble operates. This expansion was made possible by a strong competitive system of free enterprise, a system that makes America strong, enables it to deliver war goods in adequate quantities and on time.

"Gas service is one item on our household budget which hasn't advanced in price"

LONE STAR GAS RATES REMAIN LOW IN A PERIOD OF ADVANCING PRICES

Cutting down here and eliminating there to make the household budget come out even, in these days of high prices, is no fun for the busy housewife. Her great home servant, Lone Star Natural Gas Service, causes her no worry, for it costs no more today than at beginning of war. This spring, operating through an automatic water heater, it will provide her with all the hot water she needs to speed along house cleaning at a cost figured in pennies. Save with gas.
