JAPS ARE TAKING A BEATING

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing.

LAKE CISCO FISHING BEGINS MONDAY

Ray Judia, warden at Lake Cisco, is all set for the opening of the fishing season May 1 at this popular fresh water resort. The great lake is well stocked with bass, crappie and channel cat and it is not thought the heavy rains of Saturday will interfere with good fishing by Monday morning, opening date. Fishermen are advised to familiarize themselves with rules governing fishing and boating at Lake Cisco, there having been a number of changes in the regulations since last season. The city ordinance provides for a fine of from \$5 to \$100 for violations of rules and the warden has been instructed to hew to the line. Season permits cost \$1.50, are not transferable and must be bought at city hall; 25 cents is the charge for a 24-hour permit. Artificial lure permits must be purchased from the state. As heretofore, service men may fish free of city charge upon establishing their armed forces status.

HARRY McKIBBEN FUNERAL AT 4 TODAY

Harry McKibben, veteran oil well driller and at one time a partner of the late Pete Hoffman in the oil business, died in a Ranger hospital Friday night. The funeral will be held at 4 o'clock this afternoon at the Killingsworth funeral parlor in Ranger, conducted by Rev. A. B. English, pastor of the First Methodist church of that city. Burial in Evergreen cemetery, Ranger. Mr. McKibben had many friends in Cisco, where he had lived for the past seven years, having been taken to the Ranger hospital when his condition became alarming two weeks ago. He was born May 4, 1876, and came to Eastland county during the oil boom days. He resided at Ranger for some 18 years before coming to Cisco. Survivors include the wife, one son, Earl McKibben, who lives in Battle Creek, Mich., and three daughters, as follows: Mrs. J. A. McGee, Denver City, Tex.; Mrs. Everett Smith, Ft. Worth; Mrs. Jim Patterson, McKee's Rock, Pa. There is also one sister, Mrs. Allen Irvin of Ft. Worth, and nine grandchildren.

FOOD CRISIS NEXT WINTER LIKELY

WASHINGTON, April 29.—Food outlook for next winter causes quiet worry here. Planting season this spring has been worse than last year's; adverse conditions far more widespread. Last year's delay in planting crops due to excessive rain, floods, was offset by phenomenally good weather later in most sections. This year, with planting even farther behind, recovery will depend on similar breaks later. Meanwhile, plentiful supplies of potatoes, eggs, cut in point values of many foods, gives public false feeling that the food crisis is past. An international pact under which Britain and the U. S. would agree voluntarily to conserve oil resources (voluntary international rationing of production, perhaps), is expected to result from Anglo-American conversations among oil experts, now in progress here. It was because of the importance of these discussions that Petroleum Administrator Ickes asked Senate's oil investigating committee to delay open hearings on the proposed Saudi Arabian pipe line; committee agreed. When Anglo-American experts reach conclusions these will be submitted to committees for each country. American committee is headed by Secretary Hull, with Ickes as vice chairman. Observers think Ickes may be able to use his proposed trans-Arabian pipe line as a diplomatic club to win important concessions from the British in these discussions. If so, he'd be unwilling to tell all in a public hearing either about his pipe line plans or about British influence in the Middle East. Rate of exodus is increasing among business men drafted by OPA to replace professional staffs ordered ousted by Congress. Latest resignation is that of Bruce Church, chief of fresh fruits and vegetables section, who has returned to California to resume lettuce raising. War food Administration, too, is having trouble holding industry men.

YELLOW DEVILS AT BAY ON FIVE FRONTS; INDIA INVASION REPORT IS UNFOUNDED

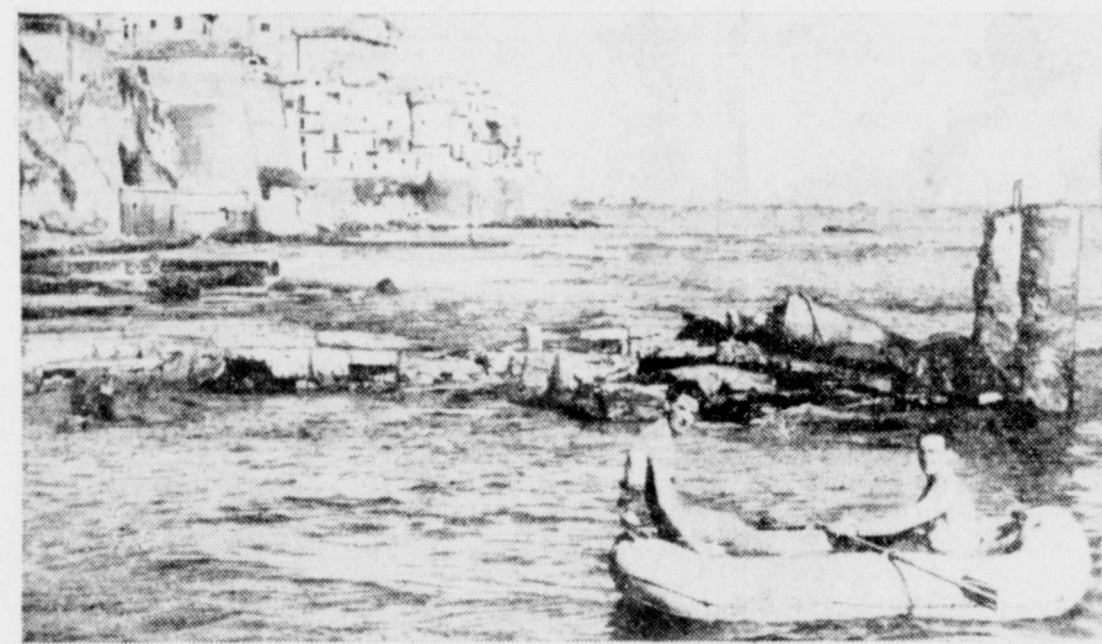

Allied reports from all quarters pictured the Japanese Saturday as taking a beating on the five fronts rimming their inflated empire. The enemy's invasion of India was being chopped to pieces. His offensive in North China was losing its steam. Lieutenant General Stilwell maintained his steady advance in Burma and in the Southwest and Central Pacific zones it was all take and no give for the Japanese. Around Kohima, the Indian city guarding the Assam-Bengal railway supplying Stilwell's troops, Allied forces were reported liquidating enemy strongpoints. Southeast Asia headquarters also said that British and Indian troops were advancing southeast of Kohima, while a superior Allied air arm struck hard in support of ground operations. The general success of the British counter-offensive seemed about to wipe out Japanese hopes of seizing Kohima before the heavy rains come in three weeks. In response to Associated Press inquiries, Southeast Asia headquarters said there was no justification for American uneasiness concerning the invasion of India. It said the Ledo road was going forward and the Allied strategic schedule was not being delayed. In China enemy troops were thrown out of Hulao Pass with heavy casualties, Chungking reported, and the threat to Loyang in northern Honan was thereby reduced. Two other Nipponese columns were forced to halt and retreat, the Chinese high command announced, and generally the situation was better. Like captured Chenghsien to the east, Loyang is a point on a rail-highway line leading to Chungking, the war-time capital. General Stilwell's forces took two more villages, putting his Chinese within eight or 10 miles of Kamaing, Mogaung valley enemy base. United States bombers and fighters set large fires in Myitkyina, key to reopening the Burma Road, which is Stilwell's major objective.

ELDRIDGE ENTERS COUNTY JUDGE RACE

C. S. (Clabe) Eldridge, superintendent of the Desdemona schools, who has taught in Eastland county for the past 33 years, has announced his candidacy for the office of county judge. Mr. Eldridge is married, has two children and came to Eastland county in 1903. He served 14 months overseas in World War I and has a wide acquaintance over the county. The candidate will issue a general statement later, he said, but added that he expected to see just as many of the voters personally as is possible under war conditions.

GOOD RAINS ARE REPORTED OVER COUNTY

A fine rain fell in Cisco and surrounding territory Saturday morning and according to Clarence Tume of the city fire department the precipitation within the city totaled one and three-tenths inches. In some sections of the county it was greater than that. Carl Wenge, who lives six miles south of Cisco, said the rain totaled an inch and one-half at his place; Oscar Penn, four miles southwest of the city, noted the same figures and K. H. Pittard, who owns a farm 15 miles northwest of Cisco, also reported an excellent rainfall. Good rains fell in the Scranton, Nimrod and Dotlan areas and both Eastland and Ranger report rains of approximately one and a half inches.

TO ARGUE CIO CASE

AUSTIN, April 29.—Asst. Atty. Gen. Fagan Dickerson of San Antonio left here today for Washington to argue the R. J. Thomas case before the U. S. Supreme Court Monday. Thomas, national head of the Automobile Workers (CIO) Union, has appealed to the Supreme Court from a contempt order in Texas in connection with a violation of the section of the State Labor Act that requires labor union organizers to take out a state permit.

JEFF D. RAY TO BE HERE NEXT SUNDAY

Dr. Jeff D. Ray of Ft. Worth, member of the editorial staff of the Star-Telegram and professor of homiletics at Southwestern Baptist Theological Seminary, will speak from the pulpit of Cisco First Baptist church at 11 o'clock next Sunday morning. This announcement was made by Rev. Cooper Waters, pastor of the First Baptist church, who added: "Dr. Ray possesses a keen philosophy of life and is noted as a sane thinker. His field of teaching is that of preparation and delivery of sermons and he is well qualified to teach young preachers. His visit to Cisco is looked forward to with great interest by members of the church. All visitors will be welcomed at the 11 o'clock hour next Sunday morning."

FD AND THE ENTIRE NATION MOURN KNOX

WASHINGTON, April 29.—President Roosevelt, somewhere in the Southland, breaking his long silence from his rest retreat, today led his fellow Americans in regrets for the death of Frank Knox, brilliant, hardworking secretary of the navy, to whom Mr. Roosevelt gave major credit for building the U. S. navy into the mightiest seagoing power the world has ever seen. It was not indicated whether the chief executive would be able to return to the capital city in time to attend the last rites for his able 70-year-old cabinet officer, who expired Friday afternoon from a heart attack.

MORE POWER TO DIES IN CIO BATTLE!

BEAUMONT, April 29.—The CIO Committee for Political Action will be subpoenaed, with all its financial records, to appear before the House Dies Committee, it was said today. The Beaumont Enterprise quoted Rep. Martin Dies (Democrat,

Texas) as declaring that the labor group had set up a \$2,000,000 fund to "purge" certain congressmen. Dies said he believed that he, himself, was at the top of the list. He charged that the CIO had earmarked \$250,000 of the fund to be spent in an attempt to defeat him in the Second Texas District. Sidney Hillman, notorious CIO chairman, and the entire CIO Political Committee membership will be summoned to appear before the Dies committee to account for money expenditures.

PROTEST FOURTH TERM.

DALLAS, April 29.—Members of the Democratic Women of Dallas county today held the resignation of two members who withdrew after the organization passed a resolution endorsing President Roosevelt for a fourth term. Mrs. Pauline Hall resigned as vice president and Mrs. F. R. Carlton as a member of the board. Mrs. Carlton said she is a member of the state Democratic executive committee and that the committee favors an unopposed delegation from Texas.

INVASION CRESCENDO GREATER EACH HOUR

STOCKHOLM, April 29.—The Helsinki newspaper Sanomat announced Saturday without disclosing the source of its information that the Allied invasion of Europe is already under way, according to a dispatch to the Stockholm Aftonbladet. "Landings probably are in progress at several places now," the Helsinki newspaper said it had "learned." Berlin dispatches to Stockholm

SOLDIERS TO HANG.

LONDON, April 29.—Two American Army privates, both Negroes, were sentenced by a U. S. Army courtmartial Saturday to be hanged for the rape of a 16-year-old English girl April 4 near the base in England where they were stationed. The soldiers had pleaded innocent. No date was set for the execution pending an appeal. One is from Alabama, the other from Florida.

Miss Ella Andrus led in singing the national anthem, the Battle Hymn of the Republic and the Texas state song, closing with My Country 'Tis of Thee. Judge Garrett spoke on native sons of Texas who are employed in war work in Washington.

The Charles Crawford chapter, says Mrs. Philip Pettit, is wholeheartedly back of the government in the war effort, many chapter members have donated blood and many served at Eastland Thursday in conjunction with the Red Cross mobile unit. "This patriotic organization," Mrs. Pettit added, "though few in numbers, is serving state and nation loyally and faithfully." BRIEFLY TOLD

An unusually large number of out-of-town relatives and friends attended the funeral and burial Friday of Mrs. A. A. Williams, who died Wednesday at her home in Cisco after residence here of some 25 years. The funeral was held at First Baptist church, with Rev. Cooper Waters officiating, music being directed by W. Frank Walker. Burial was in Oakwood cemetery. Among the large throng of relatives were approximately 50 grandchildren, nieces and nephews of deceased.

Due to gas rationing, extra trucks cannot be furnished to pick up trash and rubbish during the clean-up campaign; but citizens are requested to put trash in the alleys with garbage and it will be picked up by city trucks. The Cisco Garden club, of which Mrs. Theresa Weddington is president, is sponsoring the clean-up campaign. Other members of the committee are Mrs. A. J. Olson and Mrs. D. E. Waters.

Mrs. Wallace Ramsey, of Carlsbad, N. M., former Ciscoan, who was called to Cisco by the death of her mother, Mrs. A. A. Williams stated that she now has three sons in the service of the government. The boys, practically reared in Cisco, are Troy, with the air forces in England; Arlace, with the navy in England and Charles with the Marine corps at Camp Pendleton, Calif. Mrs. F. F. Bressa and small daughter, of Mineral Wells, the former Miss Opal Ramsey, joined her mother in Cisco and attended the obsequies of her grandmother, Mrs. Williams.

There are many unanswered questions in the minds of thinking people today, some of them so profound and so far-reaching

that they strike at the very foundations of our civilization. More and more people are turning to the sanctuary of the church; not because there they expect to find the answers, but because there they can dedicate themselves to the best they know and to God who stands as a symbol of all good, known and unknown. Today the 11 o'clock service will be especially for the boys and girls of our community. The sermon will be directed to them and the pastor will make an announcement of a gift for them from a Cisco flyer now stationed in England. Sunday school meets at 9:45. Evening worship at 8 o'clock. Stewards meeting Monday night at 8. LESLIE SEYMOUR, Minister.
