# 4TH TERMERS BOLT AT AUSTIN

## L. R. PEARSON ENTERS LEGISLATIVE RACE

Judge L. R. Pearson, a practicing attorney at Ranger, and well known throughout the county as a good citizen and business man, today authorized the Daily Press to announce his candidacy for legislative representative from Eastland and Callahan counties. His official statement follows:

It has been suggested that I might be of service in the legislature. I have, therefore, concluded to offer my candidacy for representative of the 107 district comprising Eastland and Callahan counties.

I am not a politician — professional or otherwise. I have never sought public office before. I never received a state or federal dollar in my life, other than the amount I was paid as a soldier in World War I.

L. R. PEARSON.

I shall favor:

1. No new state taxes for the duration.
2. Strict economy in all matters of state, not directly connected with the war effort.
3. Post-war planning now to enable business and industry to provide employment for our returning soldiers.
4. Eliminating the deficit in the general fund and keeping the state on a cash basis — without a bond issue.
5. Proper support of our public schools and institutions of higher learning.
6. Sensible state regulation of the oil business rather than federal control.
7. A short session of the legislature.

Oil is one of our most important crops. Every farmer, ranchman, land owner, business and professional man in the district, whether realized or not, is directly or indirectly in the oil business. Oil is Texas' biggest tax payer. A substantial portion of the area of Eastland and Callahan counties is potential oil land, capable of producing oil or gas in paying quantities, but unreasonable legislation, regulations and restrictions in connection with drilling operations, price controls and other matters pertaining to the oil industry have seriously handicapped reasonable and fair development of this important natural resource. I feel that my active practice as an attorney, over a period of more than twenty-five years, representing farmers, ranchmen, land owners and independent oil operators, and my experience as a small producer, qualify me to render some service to the citizenship of the district in removing some of these unreasonable restrictions. I will exert every effort to prevent the Federal government from getting its hands on the oil business.

I have no political or business ties. The best interest of the District and State will be my sole aim. If elected, I will endeavor to make the people of the District a real Representative.

## DEATH CALLS ARTHUR CONE, GOOD CITIZEN

Robert Arthur Cone, 55, highly esteemed Cisco man and retired dairyman, died at about 8:30 o'clock last night at his home two miles north of the city. He had been ill for some time and his death was not unexpected.

The funeral will be held Wednesday afternoon at 3 o'clock, at the Pentecostal church, with Mrs. Fronie Blackwell, pastor, officiating. Burial will be in Oakwood cemetery, with Cisco Masonic lodge conducting the ceremonies and Thomas funeral home in charge of the remains. Pallbearers will be Tom Cotten, Ralph Butler and Herman, Sill, Grady and Boone Boggs.

Mr. Cone was born in Cisco, May 6, 1888, the son of Robert and Nancy Jopling Cone, early settlers. He was married to Miss Ethel Tipton, September 20, 1912, and had always made his home here.

Immediate survivors include the widow, one son and four daughters. The son, Robert Cone, is with the navy and stationed in the southwest Pacific. The daughters are Dot Cone, Long Beach, Calif.; Mrs. Earl Cotten, Stamford; Mrs. Derward Morris, Hutchinson, Kan.; and Ella Joe Cone, at home. There are also three grandchildren and three sisters, the latter being Mrs. Kelly Hutton, Mrs. Joe Wallace and Mrs. Arthur Ivie, all of Cisco.

## LAKE AND POOL SURPRISE JERSEY VISITORS

Opening of Lake Cisco swimming pool Sunday was participated in by a large number of Cisco folk, together with a goodly number of soldiers from Abilene and Brownwood.

Several of the visiting service men were from New Jersey and there were also a number of New Yorkers in the crowd.

The easterners were very frank in stating that they were surprised at the size of the giant swimming pool, as well as the magnitude and depth of Lake Cisco.

One soldier from New Jersey said he had been stationed at Abilene for several months, but had no idea there was as much water in Texas as he found in Cisco.

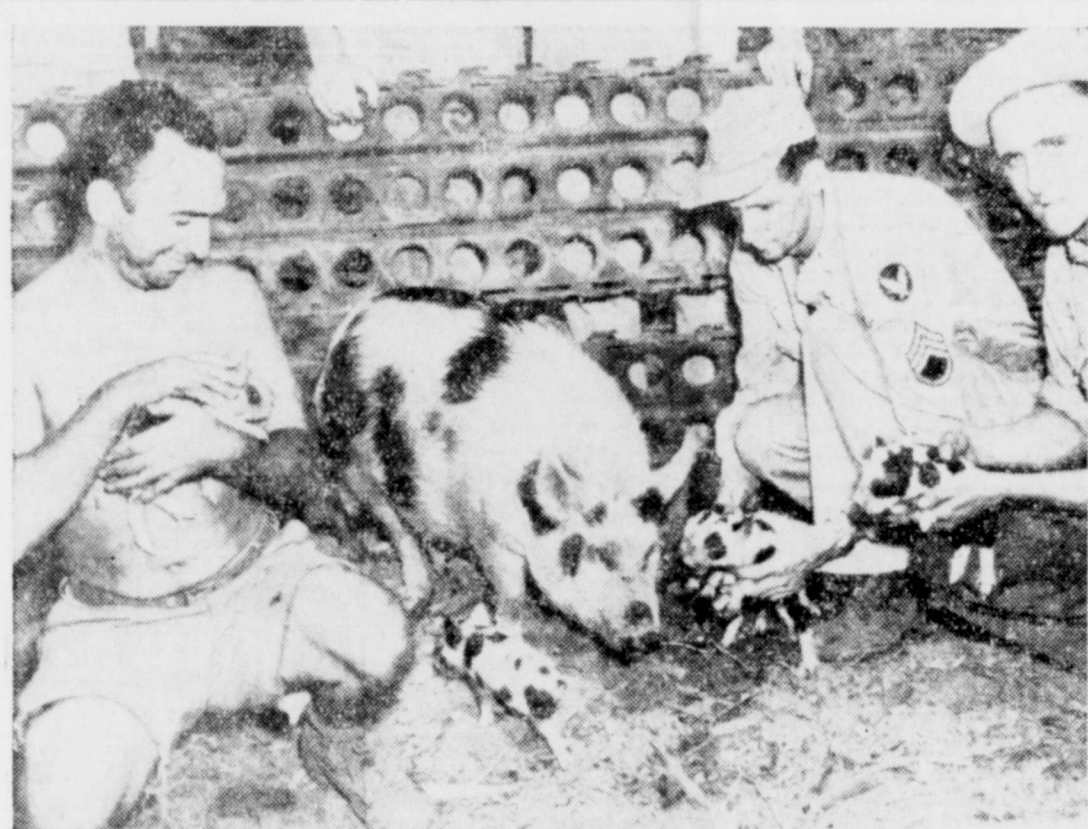

Olney high school seniors, 43 in number, spent Monday at the lake and swimming pool, and late yesterday a large group of students from Abilene Christian college arrived here for a three-day vacation at the Cisco resort.

## CADET GARRETT GRADUATES AT GA. ACADEMY

GAINESVILLE, Ga., May 22.—Riverside military academy, the nation's largest military prep school, closed its thirty-sixth annual commencement exercises here Saturday with graduation of 150 cadets, most of whom will soon enter the nation's armed forces.

A feature of the program was the graduation address delivered by Major Gen. Frederick E. Uhl, commanding general of the fourth service command. This was followed by announcement of honors and conferring of diplomas by Gen. Sandy Beaver, president of Riverside.

Among those honored or graduated during these final exercises was Cadet Jack K. Garrett, son of Major and Mrs. H. R. Garrett of Cisco, Texas, and Gainesville, Ga., who received the post graduate certificate.

## 5TH AND 8TH ARMIES OPEN FIERCE ATTACK

LONDON, May 23.—The German DNB News Agency reported today that German troops had evacuated Pico, middle hinge of the Nazi defenses on the main Italian front.

Another German communique said that Fifth Army forces on the Anzio beachhead below Rome have launched a powerful offensive, presumably in an effort to cut the enemy's Appian Way escape route and link up with the main Allied armies 23 miles to the southeast.

The beachhead forces went over to the aerial support all around their 30-mile perimeter this morning, the German communique reported, and "fighting is in full swing here."

The report of the beachhead offensive came only 12 hours after a spokesman at Allied headquarters in Italy disclosed that the Germans had withdrawn strong forces, including the 26th Panzer Division, from the beachhead area to bolster their crumbling defenses to the south.

At the northeast corner of the beachhead, Allied forces were within a few miles of Cisterna, important junction on both the Appian Way and the coastal railroad from Terracina to Rome.

NAPLES.—The Eighth Army, in a battering-ram advance supported by tanks, has smashed "well into" one whole section of the surviving northern end of the Adolf Hitler Line, front reports said today.

U. S. units of the Fifth army, stalled temporarily in their drive along the coast toward Terracina by a strongly-reinforced counter-attack, fanned out through rugged terrain to the north and seized a village and six mountain peaks, one of them only 23 miles from the Anzio beachhead and 51 miles from Rome.

The Americans also broke through to the southern mouth of a tunnel running 4 1/2 miles under a mountain range to the Pontine Marshes northwest of Terracina. One hundred prisoners were captured in the tunnel.

## TEXAS REPUBLICANS SAY THIS IS IT

HOUSTON, May 23.—With assurances from their most powerful leader that this is their year at the ballot box, Texas Republicans met today for their state convention.

Ralph Currie, Dallas attorney, was keynoteer. Oswald Heck, speaker of the New York State Assembly and representative of Gov. Thomas E. Dewey, shared the speaker's spotlight with Gov. John Bricker of Ohio.

With no dissension apparent in the ranks, the Republican leadership yesterday smoothed the way for the convention by unanimously electing a new slate of executive committee officers.

John W. Philip, Dallas, was named chairman to succeed the late Hugh Exum of Amarillo. R. B. Creager, Brownsville, most powerful Republican force in Texas, assured the executive committee that farmers, labor and capital are swinging to us and the Republican party is going to win this year despite the popularity of President Roosevelt among the more ignorant classes of our citizenship.

Bricker, in an address before some 1500 party stalwarts and sympathetic outsiders, last night pushed out at the CIO political action committee, which he charged, is prepared to spend "between five and ten million dollars" to re-elect the present Democratic administration.

## THOSE FAVORING REELECTION OF MR. ROOSEVELT LEFT HALL WHEN MOODY WAS NAMED CHAIRMAN

(By United Press)

AUSTIN, May 23.—Texas Democrats who favor a fourth term for President Roosevelt this afternoon bolted from the regular Texas Democratic state convention at Austin.

The bolt came at the climax of a stormy and fireworks-filled session.

A group of delegates favoring the president for re-election deserted convention hall and, loudly singing "The Eyes of Texas," marched to the house of representatives at the opposite end of the state capitol.

The group left the regular meeting after the faction seeking an uninstructed delegation to the national Democratic convention had elected former Governor Dan Moody for permanent chairman of the convention over former Governor James V. Allred. Moody is against a fourth term and an instructed delegation.

Allred, who lost the vote, favors Mr. Roosevelt for a fourth term.

The bolt was led by Mrs. Alfred Taylor of Austin. Remaining delegates hooted those who left.

Representative Lyndon Johnson of the tenth Texas district went to the House of Representatives, where the rival convention started.

When asked if he was joining the bolters, Johnson said: "I came over to see what it is all about."

Former under secretary of the interior A. J. Writz of Austin and Mayor Tom Miller of Austin went with the bolters.

Former Gov. Dan Moody, cheered loudly, was brought to the platform of the original convention.

After a paraphrase of President Wilson's 14 points, Moody paid tribute to the Americans overseas and said: "Texans to a man, whatever their political views, back them to the limit."

The original convention recessed until 3:30 p. m., with congressional caucuses called to name representatives on the various committees.

As delegates filed out for the recess, many asked "Who are the bolters, now?"

Rival caucuses last night of the "pro-Roosevelt" and "uninstructed" factions drew about the same attendance and enthusiasm.

The pro-Roosevelt group heard the president lauded and endorsed Sam Rayburn of Bonham, Texas, for vice-president.

The "uninstructed" group accepted the advice of John Crocker of Houston to put their efforts on three things—return to two-thirds party rule, party control of its membership and a curb on bureaucrats.

Another appeal was made to Governor Stevenson to try to bring the factions together, at least on convention organization.

Both "Roosevelt" and "No Fourth Term" badges are in evidence. A huge electric sign—"Win the War With Roosevelt"—is strung across Congress avenue at the foot of the state capitol grounds.

Texas will have 48 votes in the national Democratic convention at Chicago. Today's gathering will name 54 delegates and 54 alternates to cast the 48 votes.

## VETERAN OF SCOUT COURT SEA BATTLE OF HONOR AT VISITS HERE TONIGHT

Howard Lee Woodruff, 23, son of Mrs. Earl Sims, 608 east Twelfth street, Cisco, arrived in Cisco last night after a 40-day trip from his station in the South Pacific. The young man, boat-svain's mate of the second class, spent 26 months abroad.

Woodruff was born and reared at Weatherford but enlisted at Houston. He was on the Cruiser Minneapolis and participated in the battle of Tassafaronga, November 30, 1942, when that ship was torpedoed. The Minneapolis finally made port, was quickly repaired and again took up the trail of the enemy. In all his rounds abroad, Woodruff has never been wounded.

A Boy Scout Court of Honor will be conducted at First Presbyterian church at 8 o'clock tonight for the two Cisco troops, 49 and 101. District Executive Quirls of Brownwood will preside. Troop 49 has about 50 active scout members and Troop 101 about 45, it is stated. The public is cordially invited to this evening's exercises, and it is especially urged that all parents of scouts be present.

VALLEY WARMS UP. WESLACO, May 23.—A maximum temperature of 102 degrees, highest of the year, was recorded Monday by the Rio Grande Valley experiment substation, located between Mercedes and Weslaco.

MRS. RUPE HOSTESS TO EAST CISCO WMS.

The women's missionary society of East Cisco Baptist church met Monday afternoon in the home of Mrs. Don Rupe. Mrs. E. E. Green, president, opened the meeting with prayer by Mrs. Evan Holmes. The devotional was brought by Mrs. Holmes and was followed by group singing of the hymn, "The Way of the Cross Leads Home." Mrs. Don Rupe read the poem, "Veterans of the Cross," in keeping with the program topic, "Old Ministers' Relief." Mrs. Willie Thetford discussed "A Light That Shines" and Mrs. J. E. Whisenant gave "Finger Facts for 1944." The hymn, "How Firm a Foundation," was sung by the group and the program closed with prayer for aged preachers by Mrs. J. E. Shirley. During the business session conducted by Mrs. E. E. Green, Mrs. V. H. Bosworth gave the treasurer's report; minutes of previous meeting were read by Mrs. Horace Head and reports were made by several committee chairmen. The meeting closed with prayer by a guest, Mrs. A. C. Hardin.

Refreshments were passed to Mrs. Evan Holmes, Mrs. Carlton Holder, Mrs. Gay Abbott, Mrs. J. D. Hall, Mrs. John Purcell, Mrs. John Elmore, Mrs. J. E. Whisenant, Mrs. A. W. EASTLAND CO. BARELY MADE APRIL QUOTA

Cisco Daily Press: I have just now obtained sufficient information to state that Eastland county barely subscribed her quota of \$51,400 for the month of April. The reporting agencies in Eastland county show sales of \$50,126.80. When you add to this the average employer-employee deductions of about \$7,000 that are not reported directly to your county office, but are reported to the state war finance committee at Dallas, we will be oversubscribing about the amount indicated. Sales for the month of April broken down are as follows:

Table with 2 columns: County Name, Amount. Includes Cisco (\$16,878.75), Eastland (\$14,284.25), Ranger (\$10,747.25), Gorman (\$4,374.40), Rising Star (\$2,680.25), Carbon (\$973.75), Olden (\$127.00), Desdemona (\$23.25), Okra (\$18.80), Scranton (\$11.60), Nimrod (\$3.20), Pioneer (\$2.30), Dothan (\$2.00).

Our quota for May is \$51,400

and on Friday your county chairman made a trip over the county with R. L. Ponsler, chairman for the city of Cisco, and at that time we found that only one-half of the quota for May had been subscribed.

I am sure at this crucial hour we do not intend to allow a single quota to go unsubscribed and it is to be hoped each citizen who intends to purchase, and has not done so, will go at once to his bank or post office and subscribe his part of the May quota.

We are getting ready for the greatest battle the world has ever known. This will be fought from the air, the land, the water surface and under the water. Our soldiers, together with our Allies, will assume the greatest responsibility and the most trying dangers possible to imagine. We know that they are going forward to this task with a song on their lips and a prayer in their hearts. What a task! What a sacrifice! What an immortal glory!

In the light of this situation, can we here at home fail to do such a small thing as to buy the bonds that are necessary to back our boys in this crucial moment! No, they will not fail us and we will not fail them! Very kindly yours, CYRUS B. FROST, Eastland County Chairman.

## CISCO BUYS LOTS CIGARETS FOR SOLDIERS

Since last May Cisco citizens, through John William Butts Post, American Legion, have shipped 168,000 cigarettes to soldiers overseas and the Legion now has money in hand for the shipment of 20,000 more, said Rex Moore yesterday. Moore and Leon McPherson devote considerable time to this wholesome war effort.

There seems to be an unusually large number of cigaret smokers in Cisco and what is known as

the Cisco Country — judging from local sales — and it is said one may usually find the brand of his choice at local stores. Of late, however, or since the great overseas demand for American-made cigarets, some of the more popular brands, like Lucky Strike, for instance, are not always available.

In speaking of the Legion's shipments abroad, Mr. Moore complimented the American Tobacco Co., makers of Lucky Strikes, on its fine cooperation with the Legion.

All local overseas shipments of cigarets bear the name and address of the Cisco Legion and many letters have been received here from soldier recipients expressing appreciation for Cisco's thoughtfulness.
