STEADY MARCH TOWARD ROME

WARREN-SLICKER WEDDING AT 5 O'CLOCK

The public relations office of the army air field at La Junta, Col., informs the Daily Press that Lewis Coy Warren, son of Mr. and Mrs. L. A. Warren, has been awarded the silver wings of a pilot at that advanced two-engine school.

Warren graduated as a second lieutenant after completing the final phase of flight training as an aviation cadet in the AT-24 airplane, a slightly modified version of the famed Mitchell B-25 medium bomber. A photo of the young man accompanied the letter received by the Press from the public relations office.

Lieutenant Warren, who graduated from Cisco high school and attended the University of Texas, has arrived in Cisco and will be united in marriage to Miss Alice Slicker, daughter of Mr. and Mrs. Homer Slicker, at 5 o'clock this afternoon. The ceremony will be performed at First Presbyterian church, with the pastor, O. L. Savage, officiating. Following the wedding the young people will depart for a short honeymoon trip, after which Lieutenant Warren will report to headquarters at La Junta for assignment to specialized operational training.

BURKETT ASKS REELECTION TO LEGISLATURE

The Daily Press is authorized to announce Omar Burkett as a candidate for re-election to the office of floratorial representative. Mr. Burkett's statement is as follows: To the Citizens of Eastland and Callahan Counties:

I am grateful to the people of the district for the privilege of serving you as your representative and sincerely thank each and everyone for their part taken to elect me as one of your lawmakers.

I trust that I have not disappointed you and that my accomplishment of worth-while things meets with the approval of a large majority of the citizens. First announcing for state representative, I pledged my best efforts to the passage of legislation that would be most beneficial to all the people, both local and statewide. I pledged you that I would stand for the most rigid economy possible in appropriating money to the various boards, bureaus and commissions and to lessen, if possible, the burden of the taxpayer by effecting economies wherever possible. This I have done at every opportunity. I give as follows several of the most important things advocated by me, all of which are a reality and most of them directly beneficial to the district: (1) Liberalization of the old age assistance law with ample funds provided. (2) Funds provided to take care of the needy blind and dependent and neglected children. (3) Money provided for teacher's retirement fund. (4) School transportation fund and school bus drivers paid promptly with wage increase. (5) Scholastic apportionment increased and paid promptly. (6) State aid provided for all municipal junior colleges for the past two bienniums which made it possible for Cisco and Ranger to operate their respective junior colleges without financial loss to their district. (7) County road bond assumption by the state which has meant a saving to the two counties of the district of more than \$1,200,000 during my tenure. (8) Law permitting delinquent tax adjustments by the commissioners' courts. (9) Workable soil conservation law. (10) Three-member state land board. (11) Increase in

MAY BOND SALES WOEFULLY LOW

Eastland county's May war bond quota of \$51,400 is far behind according to information from Cyrus B. Frost, county chairman, and the end of the month is close at hand. In other words, the purchase of war bonds within the next few days must be very brisk if default in a most solemn duty is to be avoided. The slow-down seems to be general over the county, Mr. Frost said.

R. L. Ponsler, Cisco chairman, says that only half of Cisco's quota of \$15,000 is in hand and he urges citizens to act immediately if the home town desires to remain on the right side of the patriotic ledger.

Two reasons are given for bond-buying apathy locally and over the county — approaching income tax payments and the further fact that June 12 is the date for the start of the biggest war bond drive of all, when Eastland county will be expected to buy bonds in the amount of \$700,000. Cisco's quota of the \$700,000 assignment is \$190,000.

It's a lot of money, that's certain; and yet it must be remembered that money is more plentiful than ever before, that world wars must be financed if they are to be won and, finally, that United States war bonds are the safest investment one can make.

RED CROSS FIELD MAN HERE MONDAY

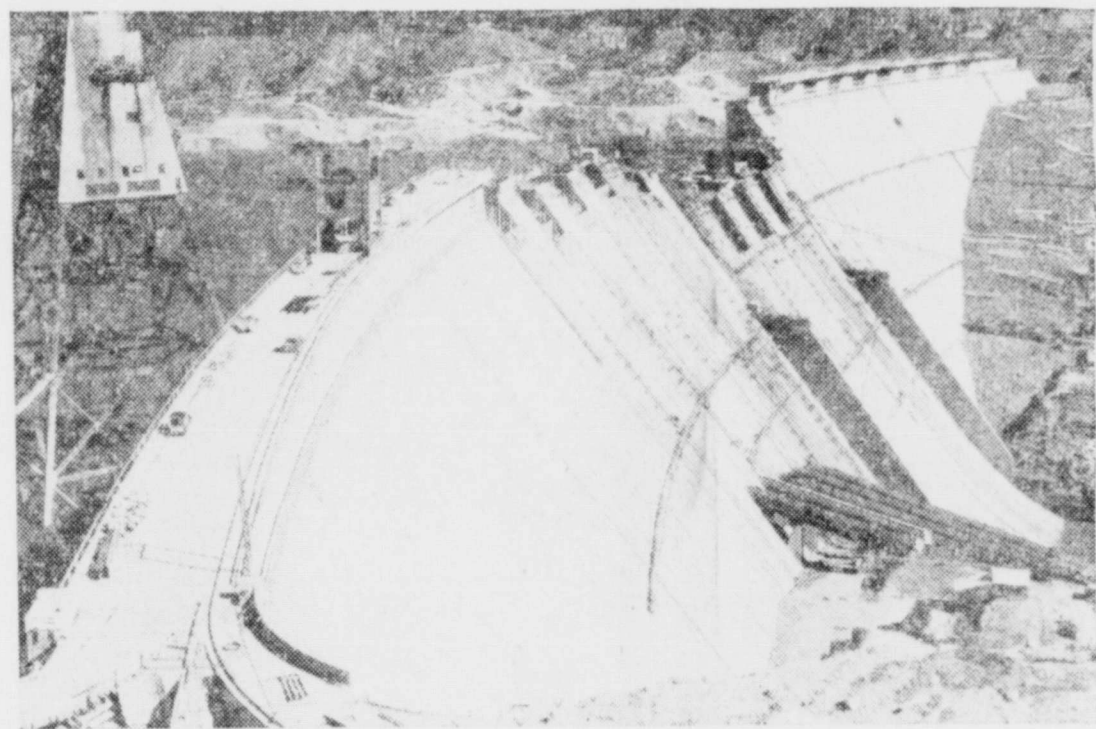

Edward Lee, Red Cross chairman for Cisco, announces that W. T. Wagner, national Red Cross field representative, will be at Cisco chamber of commerce at 1:45 Monday afternoon for a conference with local Red Cross officials and all others interested in Red Cross work.

Mrs. Joseph Perkins, Eastland county chairman, who has just returned from a meeting with headquarters officials in St. Louis, will also be present.

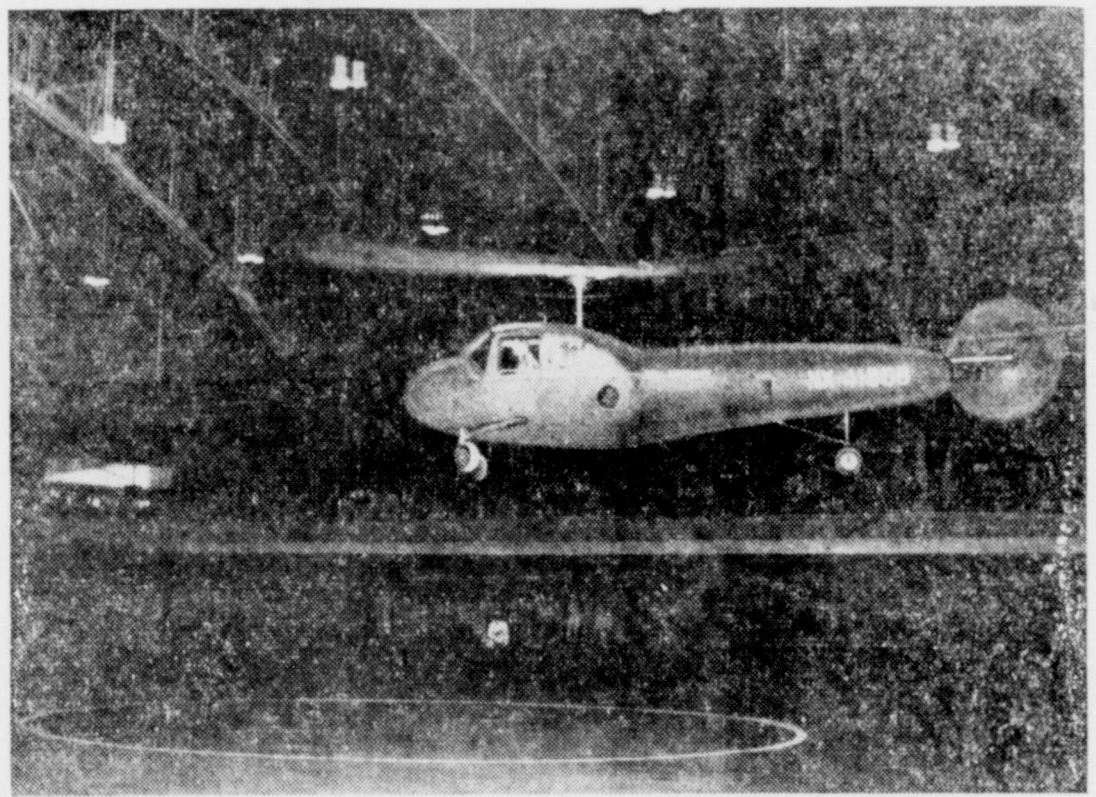

Mr. Lee stated that Mr. Wagner would be able to furnish all Red Cross information that might be desired by officials or the public, including the proper procedure for parents desiring to contact prisoners of war.

EDITOR—Roy M. Takeno, 30, managing editor of Rocky Shimpo, largest bi-lingual Japanese newspaper in U. S., published in Denver. His post was disclosed recently by War Relocation Board. He's from Fresno, Cal.

MIGHTY SHASTA—Crescent-shaped Shasta Dam, on Sacramento River in California, near completion by Bureau of Reclamation. In foreground, at right, above, are penstocks leading to power house. Waterfall will be three times height of Niagara.

INDOOR SPORT—Officers, members and cadets of Civil Air Patrol watch test pilot Floyd W. Carlson fly through the air with the greatest ease in first indoor demonstration of the helicopter in the United States. Held in Buffalo, N.Y., armory, flight was staged to show stability, precision control of ship and its ability to take off and land in limited area.

JR. COLLEGE AND CISCO HI SCHOOL

Beginning with the special Junior College service at the First Methodist church at 11 o'clock today, the week will be filled with school activities culminating in the granting of diplomas to about 50 seniors at high school auditorium Friday night.

The baccalaureate service for high school graduates will be held at high school auditorium tonight at 8 o'clock with Rev. L. W. Seymour bringing the message. The procession will be played by Barbara Grist and the invocation will be given by O. L. Savage, pastor of First Presbyterian church. The scripture reading will be by Rev. James R. Wright and the benediction by Rev. Seba Kirkpatrick.

The grammar school graduation will be held at high school auditorium Thursday night, with O. L. Savage as the speaker.

At the graduation exercises Friday night, diplomas will be presented by L. A. Warren, president of the school board, with a Self-Activity program by the seniors.

SURGICAL DRESSINGS WORK

Fifteen Cisco women and three women from Scranton completed 698 2x2s and 569 4x8s at the Red Cross surgical dressings work rooms Thursday afternoon, as follows: Mesdames J. H. Shrader, J.

B. Brown, Leo Clinton, Scranton; H. J. McArdle, L. A. Harrison, E. H. Hester, J. A. Jensen, Ed Aycock, Bob Latimer, R. C. McCarter, J. T. Anderson, G. R. Nance, O. G. Lawson, Don McEachern, C. B. Shaw, Willie B. Dunn, J. J. Tableman, Harriet Evans.

POLITICIANS ARE FILLED WITH DOUBT

WASHINGTON, May 27.—While most people assume Roosevelt and Dewey will be candidates, some politicians are beginning to doubt it. This may be an extension of pre-invasion jitters, but here's the way this small talk goes: There's been too much publicity from the White House about the state of FDR's health. Continued examinations, checkups, reports, do nothing to improve confidence that he is well and vigorous. Old-time politicians know that one of the first rules, when a president is sick, is to use every means to keep the public from learning it. Some figure all this election-year talk may be the groundwork for a graceful Roosevelt retirement.

And GOP politicians are taking a second look at Dewey now they're over their Willie jitters. One seasoned Republican veteran is laying bets he won't be nominated. Bricker leaders, still trying to build up interest in their candidate, make the point that if Dewey gets the nomination too easily he'll be so independent it'll be tough to deal with him. Some of the state GOP bosses have some feeling.

Who would it be then? Public-opinion polls show no close runners-up in popular favor. Democrats probably would make frantic effort to draft Gen. Marshall, who is not interested. Taft seems more likely. Republican dark horse. All of which is the latest gossip about the candidates.

New Dealers lose sleep worrying about bizarre anti-fourth-term move in South which might cost them Southern electoral-college votes, even if heavy popular vote is cast for them. Already South Carolina and Texas have taken steps to deprive Roosevelt of electoral votes. South Carolina convention announced it would not name presidential electors until it saw whether Democratic nominees and platform suited it. Texas named electors but provided that if national convention refused to seat its unconstructed delegates, and refused other specified measures, then electors might vote for some other Democrat for president. It has been routine for electors to vote for candidates getting popular majority in their states, but Constitution does not bind them to do so. In a tight race, switch by a few from Roosevelt to some other Democrat might throw election into house of representative.

PREACHER WANTS FIGHT

FT. WORTH, May 27.—Resentful over the policies of the marriage license bureau, Rev. W. B. Jordan attempted twice to make County Clerk Faulk fight, and finally was disarmed by a deputy constable after he had chased Faulk from the building with an ice pick. As a result of the affair, Faulk declared that he was going to ask commissioners court to bar the "marrying parson" from the courthouse, and Rev. Mr. Jordan declared he was going to "whip Faulk every day unless those clerks leave me alone." The preacher alleged that Faulk's marriage license clerk, Mrs. Sarah Koontz, had told many couples that he "wasn't fit to marry them."

CANNING SUGAR

FT. WORTH, May 27.—Ration boards may issue the season's full 20-pounds-per-person allotment of home canning sugar after July 1 to applicants who have received no previous allotment this year.

NAZI RADIO SAYS GERMANS ARE TO ABANDON CAPITAL FOR NEW DEFENSE LINE NORTH OF CITY

NAPLES, May 27.—Thrusting close to the Via Casilina, last German escape route from the main front, 5th Army reconnaissance elements were reported Saturday in the vicinity of Artena, about two and a half miles from Valmontone, strong point in the center of the Nazi defense line below Rome.

Valmontone is 21 miles southeast of Rome. Thirty-six miles to the southeast of this spearpoint flung out of the Anzio beachhead, Germans on the main front were defeated in heavy tank fighting and fell back, leaving masses of equipment, including tanks, behind them.

General Clark's troops in the Artena area had advanced about 12 1/2 miles north of the former beachhead perimeter after the Allies beat back sharp enemy counter-attacks, in which 15 huge Tiger tanks participated.

An official report said the enemy appeared to be pulling back heavy artillery from the Cisterna-Valmontone road.

Surging up the Liri Valley, the 8th Army defeated the Germans in a furious tank battle west of the Melfa river, knocking out 12 tanks.

Then Canadian and British forces pushed to within two miles of Arce, near the confluence of the Liri and Sacco rivers, and to within two or three miles of Ceprano, important road junction on the Cassino-Rome highway.

These vital road junctions control communications at the head of the Liri Valley where the Via Casilina begins its long, straight stretch through a wide valley to Rome.

Nazis threw in reinforcements at several danger points, and used more armor and mobile forces against the 8th Army's Liri Valley thrust than at any previous time in the Italian campaign.

Field Marshal Kesselring rushed a hurriedly-assembled battle group of the 334th German Infantry Division from the Adriatic sector into the line against the 5th Army forces, including the French, who are advancing northward toward Ceprano.

But these reinforcements were beaten back and the Allies captured both San Giovanni and Pastena, both heavily defended strong points.

(The Nazi-controlled Vichy Radio said the Germans would abandon Rome without a fight to take up a new defense line north of the city.)

LONDON.—An armada of up to 1,000 American Liberators and Flying Fortresses smashed railroad targets at four German towns and aircraft plants in two French cities Saturday in a powerful renewal of the Allied preinvasion aerial battering of Hitler's Europe.

The German centers of Karlsruhe, Mannheim, Ludwigshafen and Saarbrücken, and aircraft plants at the French cities of Metz and Strasbourg were pounded by the giant forces.

The American headquarters announcement said the heavy bombers were out in "very strong force"—750 to 1,000 in number.

LONDON.—The Russians reported Saturday an air attack on German troopships in the Barents Sea north of Norway. It was the first time in months large scale German troop movements had been noted in Arctic waters.

The midnight war bulletin from Moscow said two transports and a destroyer were sunk and three other ships damaged. Whether the ships were carrying new German forces to Norway or withdrawing some was not specified.

MISS GRAHAM WINS FELLOWSHIP AWARD

Dr. and Mrs. E. L. Graham have word that their daughter, Miss Gloria Graham, violin student at Juilliard's Graduate School of Music, New York City, has been awarded her second fellowship at that noted institution. To gain this second honor, the talented Cisco girl, who entered the school last October, was called upon to play before seven of the world masters, passing the test with flying colors.

free tuition for the young woman's second year at Juilliard's, together with tickets to hear Metropolitan Opera Co. artists and free use of various musical instruments. The Juilliard school term ended May 12 and since that time Miss Graham has been taking private lessons from Louis Persinger, master musical instructor. She expects to return to Cisco in July for a visit with parents and friends before Juilliard's reopening.

CHUNGKING, May 27.—Chinese are in pursuit of retreating Japanese who escaped with severe losses from a trap at Tatung-tzu, "the highest battlefield in the world," on the Salween front, the Chinese high command announced Saturday.

OUR HEROES.

This is the time when we celebrate heroic valor, heroic endurance, heroic death. It is the period in which we celebrate the gift of our heroes to the immortality of their nation.

There are more heroes this year. Hardly a street in any American town but can boast of at least one lad who has given his life, or suffered wounds, for his native land and what it stands for.

These young men die for their friends, for their families, for the freedom of all humanity. They die not only that America may live, but that its ideals may become reality to all the nations of the earth.

To them, our heroes, as individuals, we can make no individual return. But we can do them the honor to serve our homes, our families, our nation better next year than in any year before. We can do them the honor to be kind and tolerant, honest and industrious, straightforward and friendly in all our relations with men. We can be better men and women in our own lives, better citizens in our national relations, than we have ever been before. In a word, we can start now to try to live as our heroes would want us to live.

The effort to be worthy of our dead makes the finest of all living memorials.

One hundred automobiles and 400 or 500 people of Cisco and community are the real goal of friends of R. Q. Lee, candidate for congress from the 17th district, when he speaks at De Leon Monday afternoon. The motorcade will assemble at the Cisco city hall at noon and leave in a group. A. D. Anderson of the Blease Motor Co., is in charge of the party. Automobile owners who will have space for extra passengers are requested to telephone Anderson at 244 or 245. Persons desirous of going but who are without autos also should get in touch with Anderson. The suggestion that Cisco business houses be asked to close Monday afternoon was not approved by Mr. Lee and the idea was dropped. He said that while he appreciated the motive in the suggestion, it was asking too much of the business men. However, it is expected that virtually every business firm will have one or more representatives in the delegation to De Leon.

A drive was begun in Cisco Friday by friends of the Boy Scout organization toward raising funds to help in the building of a camp

of much interest and it is predicted the auxiliary will grow as has the legion. Mrs. J. H. Moyer was elected president; Mrs. C. E. Yates, vice president; Mrs. H. A. Bible, secretary, and Mrs. Henry Benham, treasurer. The executive committee elected is Mrs. Joe H. Shackelford, Mrs. A. E. Willis and Mrs. Carl Wilson.

the 7,000 pound load limit so as to conform to like tonnage allowed in other states. A great help to the stockman, farmer, wholesaler, business man, oil field operation and military movements. (12) Passage of public health measures. (13) Economies effected that made it possible this session to reduce our state tax rate 25 cents on the \$100 valuation and still placed the general fund lower than it has been for many years and further aiding the state to go on a cash basis in January 1945. (14) Ample provision to take care of all insane, orphan children, correctional schools for both boys and girls and others entitled to institutional care by the state. In 1939 there were 794 insane in the jails and on waiting list over the state. May

1, 1943, there were none and at present there are more than 350 vacancies in the several state hospitals for insane.

Since I have been your representative, neither county of the district has ever had one single person awaiting commitment, many being removed directly from their homes for hospital treatment; this service alone has meant several thousand dollars saving to the two counties, to say nothing of not confining those unfortunate in jail while waiting com-

mitment for treatment. (15) Since the law enforcement fund levied on gross production of oil leaves a large sum unexpended at the end of each biennium, I favor the reduction of this levy, thus saving the unexpended sum for the strip-per-well owner and others engaged in the oil business.

In conclusion, I wish to thank you again for your support in the past and if you think I have honestly and conscientiously worked for your interest as you know a representative should, I solicit

your vote and support in re-electing me. Seniority counts much in a legislative body and as I now have enough legislative service to my credit to place me among that group of members serving the longest, I would like to serve you again for the following reasons: (1) To do my best to provide additional funds for our Junior colleges to aid them in offering courses in the trades and industries for post-war work. (2) Finish putting the state on a cash basis which is now in the mak-

ing. (3) Legislation that will permit our armed forces to vote without poll tax payment. (4) To make post-war plans NOW to take care of the unemployed after the war is over. During my service I have never cast one vote for wasteful spend-

ing. I shall continue to stand firm for rigid economy and oppose any and all new tax levies, as I know first-hand ample revenue is already provided to adequately take care of all necessary state expense. Very truly yours, OMAR BURKETT.

"... Lest We Forget ..."

There's been a lot said about Memorial Day. Maybe it's all been said, all there is to say, and there's nothing more. Nothing more.

Ah, but there is something more. Not in words, perhaps, not even in deeds; but something vital that we feel and know in our hearts; something that our fathers and sons and husbands and brothers died for, so that we might have something to live for.

Indeed, their very memory is something we cherish. May God Almighty grant that to their ranks no more may be added, but that we may enjoy in solemn gratitude the blessings for which they fought.
