

B-29 SUPERS HIT TOKIO TODAY

FORMER CISCO MAN DIES IN SAN ANTONIO

Nick Nicklas and Sam Dragonis of the Savoy Cafe, who bought that property from Frank and Leo Petrusas in 1922, have received notice of the death of Frank Petrusas at his home in San Antonio. The Petrusas brothers were highly esteemed here and the death of the elder brother is regretted by many friends. He was president and general manager of the Southwestern Jacket Co. at the time of his death. Leo Petrusas is in the restaurant business at Corpus Christi.

A San Antonio paper had the following to say of deceased: "A native of Sparta, Greece, Frank Petrusas came to this country when he was 14 years of age. He came to San Antonio about 22 years ago and established the Southwestern Jacket Mfg Co. He was past president of the Greek orthodox church and past-president of Hellenic-American fraternity, Order of Ahepa, and a highly respected citizen and good business man."

MANY GUESTS AT ROTARY LUNCH TODAY

A large number of out-of-town Rotarians and other visitors were guests at Rotary luncheon today, some making up attendance and others on account of a meeting in Cisco of agriculture teachers of this district, the latter being the guests of M. D. Fox.

President Shockley announced the Rotary district assembly at Graham next Thursday and urged that as many as possible attend from Cisco. J. E. Hays stated that only two members were absent this week.

Program Chairman J. W. Slaughter announced that A. E. McNeely had charge of the program and McNeely introduced W. H. LaRoque as the speaker.

The speaker talked of post-war planning and peace terms which will occupy the minds of luncheon clubs and political gatherings, saying it was no small problem for which as yet no one had brought forth the answer. He stated that this question would have many complications, since Russia and England would have to sit in and agree to whatever we might suggest.

"But whatever the solution, America will find it," the speaker declared, "because we have always risen to the occasion when the emergency came, he added.

The Knights of Pythias order in 1933 was the answer to the need for a gospel of friendship during and following the civil war, and the Rotary club in its message of magnified service is the answer for the need of that kind of brotherhood and business ethics.

Just now, he said, the minds of luncheon clubs can be no better employed than in the work of directing the thinking of the people of the community in which they exist. They are, and should be, taking the lead in planning for problems of post-war solution.

Secretary Pete Nance displayed a letter from Rotary International, congratulating the local club on its service men's depot activity, adding that a picture and writeup would soon appear in that magazine.

Visitors were H. T. Cooper, Lubbock; L. A. Smith, Abilene; Dr. Mal Rumph, Fort Worth; R. H. Campbell, Hamlin; Doyle Grace, Breckenridge; Chester Colingsworth; M. D. Fox, Cisco; W. C. Hadley, Rule.

PHYSICAL EXAM FOR MEN OF 25

Eastland county's Selective Service Board informs the Daily Press that local boards have received instructions from national Selective Service headquarters that all Class II-C registrants (classified as farmers), who are under 26 years of age will be forwarded for pre-induction physical examination — as well as other registrants under 26.

Classification of these registrants will remain II-C until after they have their physical examination at the induction station and those available for service will be reclassified.

Eastland County Local Board will order II-C registrants along with I-A registrants for their examination until all farm boys under 26 years of age have had their examination.

These, the board says, will be scattered out over a period of two or three months, but all registrants in this age group will be called, sooner or later, for the examination.

LIVESTOCKERS MEET IN CISCO, JUNE 20

There will be an important livestock meeting at Cisco city hall at 8:30 o'clock Tuesday night, June 20, says Floyd Lynch, county agent, to which the public is invited.

There will be talks by several livestock men of the county on matters of general interest and Dr. H. G. Johnson of A. and M. college will discuss parasite control, including screw worms, lice, ticks and cattle grubs.

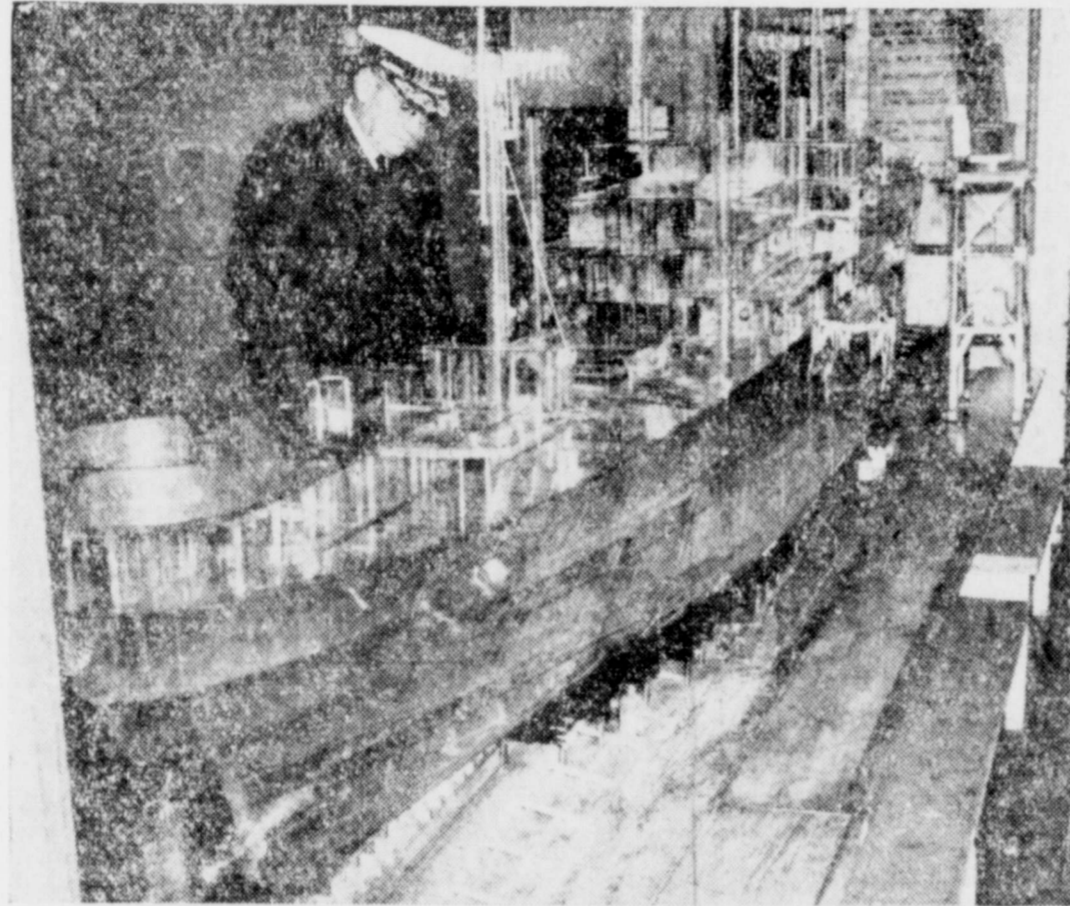

NEW RECORD FOR TEXAS CRUDE OIL

HOUSTON, June 15. — Texas crude oil production set a new record for the week ended June 10, the weekly statistical report of the American Petroleum Institute announces. Texas' oil output averaged 2,636,400 barrels daily, an increase of 23,350 daily over the previous week, which at that time was the peak for the state's crude output. East Texas was the only oil area in the state to register decline.

However, the increase by Texas fields did not prevent national oil production from slipping from its record-breaking rate, with the result that total oil output was down 250 barrels daily to average 4,522,500. Illinois and Kansas output showed the principal declines.

RED CROSS WORK

Twenty-six ladies completed 1,832 surgical dressings at the Red Cross work rooms Wednesday afternoon, as follows: Mesdames Sutton Crofts, A. D. Anderson, G. P. Rainbolt, H. J. McArthur, L. A. Harrison, Don McEachern, Jack Anderson, Ed Aycock, A. E. Jamison, Bob Latimer, O. G. Lawson, E. H. Hester, J. T. Anderson, J. A. Jensen, Roy Fonder, James Moore, W. J. Poe, W. Wallace, W. W. Moore, J. E. Baker, T. O. Thomas, J. E. Caffrey, C. A. Williams, Les Jenkins, W. C. McDaniel, J. J. Tableman.

SPEEDS PRODUCTION—This three-dimensional, 16-foot plastic model Victory ship is used in production planning at an East Coast shipyard. Here, Admiral Vickery, vice-chairman of U. S. Maritime Commission, inspects removable sections which correspond to pre-assembled units of full size ship.

GARDEN IS GROWING—Nazi prisoners of war at Fort Sheridan, Ill., raise their own vegetables on a four-acre tract of land. They have separate camp including auto repair garage and facilities for cabinet making, painting, electrical repairs and general labor.

MARVIN OSBURN AND MRS. McCANLIES WED

Marvin B. Osburn and Mrs. Millie McCannies were united in marriage at 8:30 o'clock last night at the home of the groom on Sixth street. Rev. C. S. Moad officiated and the couple left immediately for Dallas, where they will attend the Bakers' convention now in progress there. They expect to be absent about 10 days.

Mr. Osburn is the owner of Osburn's bakery and has been a resident of Cisco for about 12 years. Mrs. Osburn is the daughter of Jake Courtney, long-time resident of Cisco.

SECOND TEXAN MADE BISHOP BY METHODISTS

TULSA, June 15. — Dr. Paul Martin, pastor of First Methodist church at Wichita Falls since 1938, was elected to the episcopacy Wednesday by the South Central Jurisdictional conference of the Methodist church.

His election gave double honors to Texas and the North Texas conference, since both bishops elected at this session are from the same conference. The eight-state jurisdictional body Tuesday elected Dr. William Angie Smith of Dallas.

IT'S GOING TO BE OKAY—Policeman Robert Gaupp listens to a sad, sad story from this little man. First lost child case of the season for the Chicago patrolman, it was settled without much difficulty.

CADET FLOURNOY REPORTED AS MISSING

James M. Flournoy, son of Mr. and Mrs. James Flournoy of Cisco, who has been taking advanced fighter pilot training at Moore Field, near Mission, Tex., for the past two months, is reported missing and it is feared he has been killed.

The following telegram addressed to the 20-year-old boy's parents was received in Cisco at 10:55 this morning from Colonel Jamison, commanding officer at Moore Field:

"Regret to report that your son, James M. Flournoy, Jr., is reported missing after take-off at 9:20 p. m. June 14, on routine training flight. Extensive search is being conducted and you will be informed as to results."

Cadet Flournoy was born in Cisco and is a graduate of Cisco high school. After entering the service more than a year ago, the government sent the young man to a teachers' college at Arkadelphia, Ark. His classification and pre-flight training was received at San Antonio, his primary at Muskogee, Okla., and basic at Coffeyville, Kas.

The missing flier was one of Cisco's most popular young men.

OPA MEETING FOR BUSINESS MEN OF COUNTY

Eastland County War Price and Rationing Board No. 5668 has been advised by Fort Worth OPA office that price and rationing specialists will be in Eastland next Tuesday, June 20, to hold industry meetings with the following:

All service trades (laundries, dry cleaners, repair establishments), consumer durable goods, all truck dealers, all dealers in wearing apparel, grocery stores (wholesale and retail), feed and produce establishments.

The official notice continues: "Mr. Wilson and Mr. Anderson will talk to merchants interested in services and consumer durable goods; Mr. Kennedy will speak to those interested in textiles, such as women's and children's clothing and department store items; Mr. Lewis will address retail and wholesale grocery merchants and also merchants selling feed and produce."

Meetings will be at 10 a. m., in county court room of the courthouse.

The local board says: "These men have specialized knowledge in their various lines and will be able to answer questions. We believe it will be beneficial to you and you are cordially invited to be present."

BIBLE SCHOOL PUPILS ENROLL AT 5 SATURDAY

The union daily vacation Bible school, to be participated in by Methodist, Presbyterian and Christian churches, will start with enrollment of pupils Saturday afternoon, from 5 to 6 o'clock, at First Christian church.

Those attending are asked to bring sandwiches for a picnic supper when enrollment has been completed.

Children in the beginners, primary and junior departments are asked to enroll.

Class work will begin Monday afternoon, 4 to 6 o'clock.

More teachers are needed for the school and any who will volunteer for the work are requested to be present at the Saturday-afternoon meeting.

AS JAPAN REPORTED AMERICAN LANDINGS IN MARIANAS, ALLIES MADE GAINS IN FRANCE

America's new B-29 bombers, the super-fortresses, have raided Japan. That is the biggest piece of news in a day of big news, says United Press.

It came as Japan reported American landings in the Marianas islands, and as the Allied forces hammered out new gains on the French-Cherbourg peninsula.

Rep. Joe Starnes of Alabama stated in the national house this afternoon that the super-fortresses in their attack on Japan today "successfully bombed Tokio in a very heavy raid."

The new raid on Japan was announced by the war department in a brief statement, minus details.

Later, the war department revealed that the super-fortresses hit Japan from somewhere in the Chinese theater.

The war department revealed also for the first time the existence of the 20th air force, a new organization which will have jurisdiction over all super-fortress activities.

Chief of Staff General Marshall says that since the power of the super bombers is so great, the 20th air force will not be confined to a single theater. The organization will remain under control of the joint chiefs of staff, with General Arnold, army air forces chief, directing B-29 activities throughout the world. This is the first time the huge supers are known to have been in action.

Japanese reports said today that American amphibious troops from a mighty naval task force were storming the Marianas Islands, last major barrier on the mid-Pacific road to the Philippines, while Allied communiques revealed that other offensives blows had hit the enemy hard at dozens of key points from Burma to the northern Kuriles.

LONDON, June 15.—American airborne forces swept six miles west of Carentan to within seven miles of the enemy's last railway and highway from Cherbourg today as the Germans hurled fresh divisions into a mounting battle southwest of Caen that may decide the immediate fate of Normandy.

Gen. Dwight D. Eisenhower reported in his 19th communique of the invasion that the Allies were "carrying the fight to the enemy" on all parts of the front, while the German High Command acknowledged that American, British and Canadian forces were "now trying to widen their bridgehead toward all sides."

"The battle in Normandy is moving toward its climax," the German communique said.

The Germans alone had thrown 500 to 600 tanks up to the last night into the furious struggle raging between Caen and St. Lo in the center of the 105-mile perimeter of the Allied beachhead and Richard D. McMillan, United Press Correspondent, reported from the front that new enemy infantry and Panzer divisions had been sent into battle from all parts of France today.

Allied patrols entered Tilly-Sur-Seulles, 12 miles west of Caen, this morning and found it a "ghost town," McMillan said, but he did not disclose whether the Allies had occupied it in force. The Germans recaptured Villers-Bocage, seven miles south of Tilly-Sur-Seulles, but the Allies still held Caumont, seven miles west of Villers-Bocage.

Tilly had been smashed by a mighty "Monty-barrage" of hundreds of big guns arrayed hub to hub in a great armored square of tanks, a new tactic of Gen. Sir Bernard L. Montgomery, Allied field commander, and named for him.

Thousands of Allied planes and a heavy naval bombardment from big warships nearly 20 miles away also were supporting the ground forces in the climactic battle.

MOSCOW.—Soviet warships of the Baltic fleet steamed in close to the Karelian Isthmus shore today and poured broadsides into Finnish strong points in support of three Red Army columns battling their way northward within less than 37 miles of Viipuri.

Concrete pillboxes and artillery emplacements were pulverized by the naval bombardment and by an artillery barrage laid down by Soviet guns arrayed wheel to wheel in some sectors, front dispatches reported.

The maze of defenses built by the Finns on the Karelian Isthmus in the nearly three years since they thrust to the approaches to Leningrad in the summer of 1941 slowed the pace of the Soviet advance to between two and five miles a day, however.

THE CISCO DAILY PRESS

Published daily except Sunday and Monday at Cisco, Eastland county, Texas, by The Press Publishing Corporation, incorporated under the laws of Texas. Entered as Second Class Matter December 11, 1924, at the post office at Cisco, Texas, under Act of March 3, 1879. Round-up, November, 1937.

Subscription Rates: \$2 per year (six months \$1.50) by mail (outside Texas). Single copies, 5 cents. (Outside Texas, \$2.00 in U. S. outside of Texas.)

Days and Hours: Civilians can learn a good deal from military men besides fighting. Take this D-Day and H-hour business, explained as merely meaning the day and hour for undertaking military operations. Attention says the letters are used instead of the calendar date for the sake of security.

Comradeship: There are times and places when the familiar love of a man for a maid may be stronger than the love of a man for a buddy. Generations of men have sung with appreciation the German poet Homer's and little song, "I had a Comrade" which doesn't lack much of anything in the eyes of a man for a buddy.

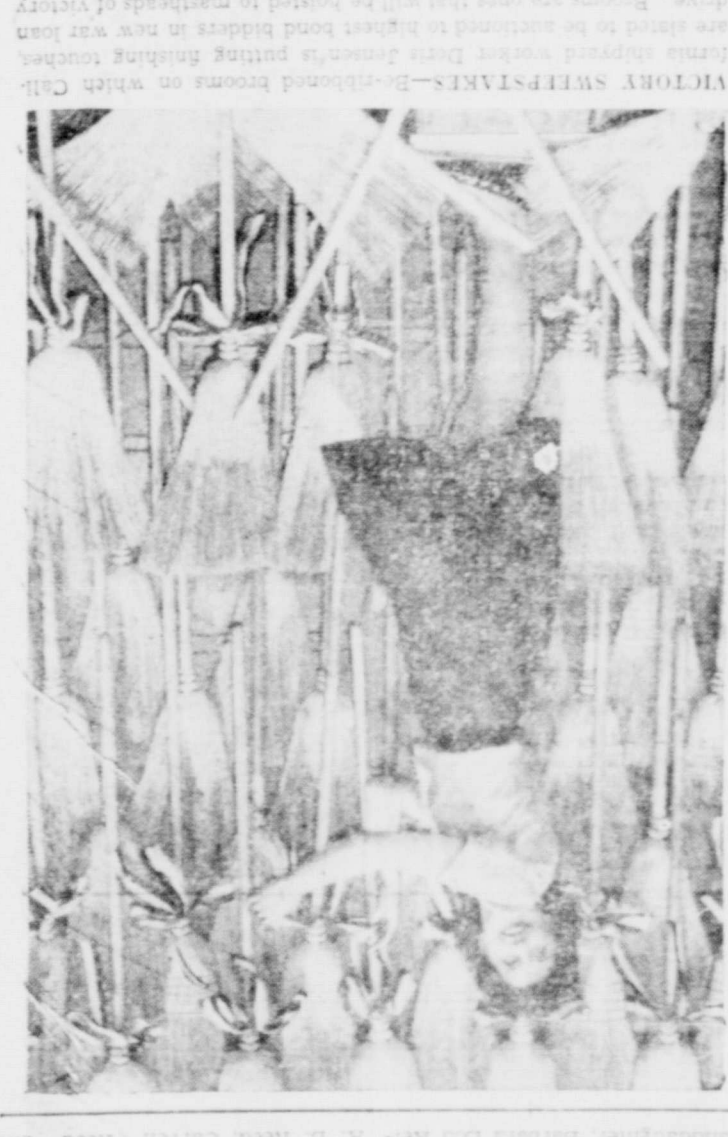

Allied Advantages: It has been reassuring to learn that the Allied airplane losses are only a little over 1 per cent. Also to remember that the Allies, in general, have the best planes. And since this is so largely an Air War all of the aerial factors are more important.

The Alban Hills: The Yanks in Europe at almost every step, tread on historic ground. They have been fighting through the Alban hills, on Rome's outskirts. These go back far in the life of the Eternal City. There lay Alba Longa, Rome's first rival, soon to be swallowed up.

Public Opinion: Some years ago, contemplating the situation in Asia, the Daily Press, the Lord volunteered an opinion. The higher you climb the ladder of Faith, the more the angels you will find perched there trying to dislodge you. W. I. GORHAMLEY.

by Mrs. M. A. Magill. A business session followed at which Mrs. J. T. Fields presided. Minutes of previous meeting were read and approved and the treasurer's report was heard. Thirty-five visitors to sick people and twenty-nine bouquets were reported. It was voted to meet at 4 o'clock during July and August.

The devotional period opened with a hymn, "Take Time To Be Holy," led by Mrs. Fred Hayes with Mary Frances Whisenant at the piano. All joined in the Lord's prayer which preceded the scripture reading of 91st Psalm by Mrs. C. A. Shockey. An article, "Sarah, the Unadorned," was read; Mrs. J. T. Fields gave an interesting talk on post war program in India; Mrs. Hayes brought highlights from the Methodist news bulletin. Mary Frances Whisenant was presented in a

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with straining and burning sometimes shows there's something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 49 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

For Our Children: The Rich Heritage of All Our Flag Represents

June 14 Was Flag Day

We can honor that flag and teach its glorious significance to our children by backing up our nation in every way possible.

Our soldiers are fighting day and night on the invasion front and thousands will never come back home in as good condition as they left. Some will be minus a leg, an arm, an eye or disfigured in some other way. Perhaps they will be disabled for life.

Now what is that worth to you. How much would you give to have sight restored if you were blind? All the money in the world would not tempt you to suffer some of those things that may come to your son.

The more money and equipment Uncle Sam has to give them, the more likely they are to escape them. Think of that when you buy war bonds.
