CHICAGO STADIUM, June 27 .- The full resolutions ommittee of the Republican national convention has approved a foreign policy plank. It is the plank which last night drew sharp criticism from Wendell Willkie-one-time Republican standard bearer, and it is the same plank which has been the main stumbling block in the path to complete

The platform is subject to a vote of the full convention, and that vote may be taken late this afternoon.

Briefly, the foreign policy plank approved this morning would put the party on record in favor of post-war participation in a cooperative organization among sovereign nations. But it would ban participation in a world state.

Willkie, from his New York office, accused the plank relatives of the unfortunate young writers of using phony phrases, and he warned that a Reman were present at the last rites publican president elected under the platform could with integrity announce that the United States would not enter ers were J. Times Are Changing Fast---

. . and so are governments, religions, economic principles and even human nature, whether we like it or not. Likewise, revolutionary changes have taken place in the field of land titles. In the old days most titles were simple and good, but today the records are voluminous and the changing times have clouded many titles. So don't buy real estate without knowing something

The biggest job that electricity does is to give you better living. For the remarkably small cost to you, you benefit in a great number of ways. Let's look over the situation. In every room a flick of a switch brings bright, instant light. Much of your housework is done by electricity. Cooking and refrigeration-the very best to be had-are electric. Three-fourths of your life is directly affected and helped by electricity-for only a few cents a day!
