LOBOES BEGIN TRAINING ON SEPTEMBER 1

Coach Linden Binion of the Cisco Loboes, home from the twelfth annual coaching school at Wichita Falls, announces that football practice will begin September 1 and that with proper local support he expects to win most of the season's games. The Loboes are young, small and inexperienced, but he expects to weld them into a fighting unit of which the immortal Fighting Loboes of yesterday will be proud. But local support must do their part, too, by attending the games and showing the players they are interested in them.

Instructors at the school were Jeff Cravath, University of Southern California; Bobbie Dadd, Georgia Tech.; Blair Cherry, University of Texas; Del Morgan, Texas Tech.; Jewell Wallace, San Angelo high school; Stanley Thomas, Sunset high school, Dallas.

"The school was a great success," Coach Binion reports, and was climaxed by a game Friday night between the North Texas All Stars and the South Texas All Stars, of which the Southern was the winner. Cisco boys who witnessed the game were Elbert Tipton, Homer Tompkins, Harold Hill, Stanley Williams, Mac Harrison, Billy Brittain, Mittford Johnson, Melvin Noble and Zearl Smith.

The Loboes will begin practice September 1 and will have two workouts daily until the opening of school. This will be very beneficial because their first game is September 14, with Polytechnic of Fort Worth, which is probably the strongest team of that district. "I don't expect to win all my games," Binion admits, "but I do expect to win the most of them. Most of my boys are young, small and inexperienced, but they are a good group of boys and are eager and determined to play football. If all the fans in town will turn out for the games and show the boys that they are behind them, then we will have a better spirit and it will give our boys a greater will to win."

Boys expected to be on the Loboes roster include Mac Harrison, Homer Tompkins, Elbert Tipton, Mittford Johnson, Dan Collins, Stanley Williams, Harold Hill, Raymond Penn, Jerry Farley, Melvin Noble, Rex Ramsower, Jim Sudd, Gerald Smith, Wesley Isenbrow, Glenn Poyner, Karl Armstrong, Bill Dula, Alvin King, Ted Fields, Zearl Smith, Jack Farragach, Melvin Proctor, Marion Paschall, Joey Baum, Joe Philpott, Jack King, Flounroy Cleveland and Edwin Jackson.

500 MISSIONS FOR CISCO FLIER GROUP

AT A 12TH AAF B-25 BASE—First Sgt. Melvin R. Johnston, 23, son of Mrs. Dinnie L. Johnston, Route two, Cisco, Tex., is now in his 21st month of overseas service with a Twelfth Air Force B-25 Mitchell medium bomber group, which recently flew its 500th bombing mission, a record in the Mediterranean theater.

Sergeant Johnston enlisted in the service October 1, 1940. He has been squadron "top kick" during the entire period of his overseas service.

He has been awarded the American Defense ribbon, the Good Conduct Medal and the European-Middle East-African theater ribbon with three stars for his participation in the Tunisian, Sicilian and Italian campaigns.

In the United States, he attended clerical school at Langley Field, Va. As a civilian, he was employed by the American and Pacific Tea Co., Cisco, Tex. He is a graduate of Cisco high school.

BUSINESS CONCERNS PATRIOTIC

Eastland, Texas, Cisco Daily Press: Yesterday we furnished you an overall report on the result obtained in putting over the Fifth War Loan Drive in Eastland county for June and July, and we gave more or less a detailed report concerning the Series E quota assigned to Eastland county for the drive.

Now we would like to let the Eastland county public know the names of the different corporations, partnerships and other business concerns, most of which had their state and/or national headquarters outside of Eastland county, but some of which did have their headquarters in Eastland county. It would be unfair to state that they made possible the subscription not only of our overall quota, but also the enormous over-subscription—of our overall quota. A list of these concerns follows:

- Rockwell Bros.
- Lone Star Gas Co.
- Southwestern Bell Telephone Company.
- Continental Oil Co.
- Texas Coca Cola Bottling Co.
- Humble Pipe Line Co.
- Community Public Service Co.
- Interstate Theaters.
- Burton-Lingo Co.
- Montgomery Ward & Co.
- T. P. Coal & Oil Co.
- Brazos River Conservation & Reclamation Dist.
- Higginbotham Bros. & Co.
- Southwestern Greyhound Lines, Inc.
- Texas Consolidated Theaters.
- States Oil Corporation.
- Stephenville Production Credit Assn.
- Ollie D. Dillingham Co.
- Hickok Oil Co.
- Scott Stores.
- J. C. Penney Co.
- Texas Electric Service Co.
- West Texas Utilities Co.
- Burr's Store.
- Perry Bros. Inc.
- Kewanee Oil Co.
- Texas Public Utilities Corporation.
- Texas & Pacific Railway Co.
- Goodyear Tire & Rubber Co.
- J. M. Radford Grocery Co.
- Consumers Peanut Company.

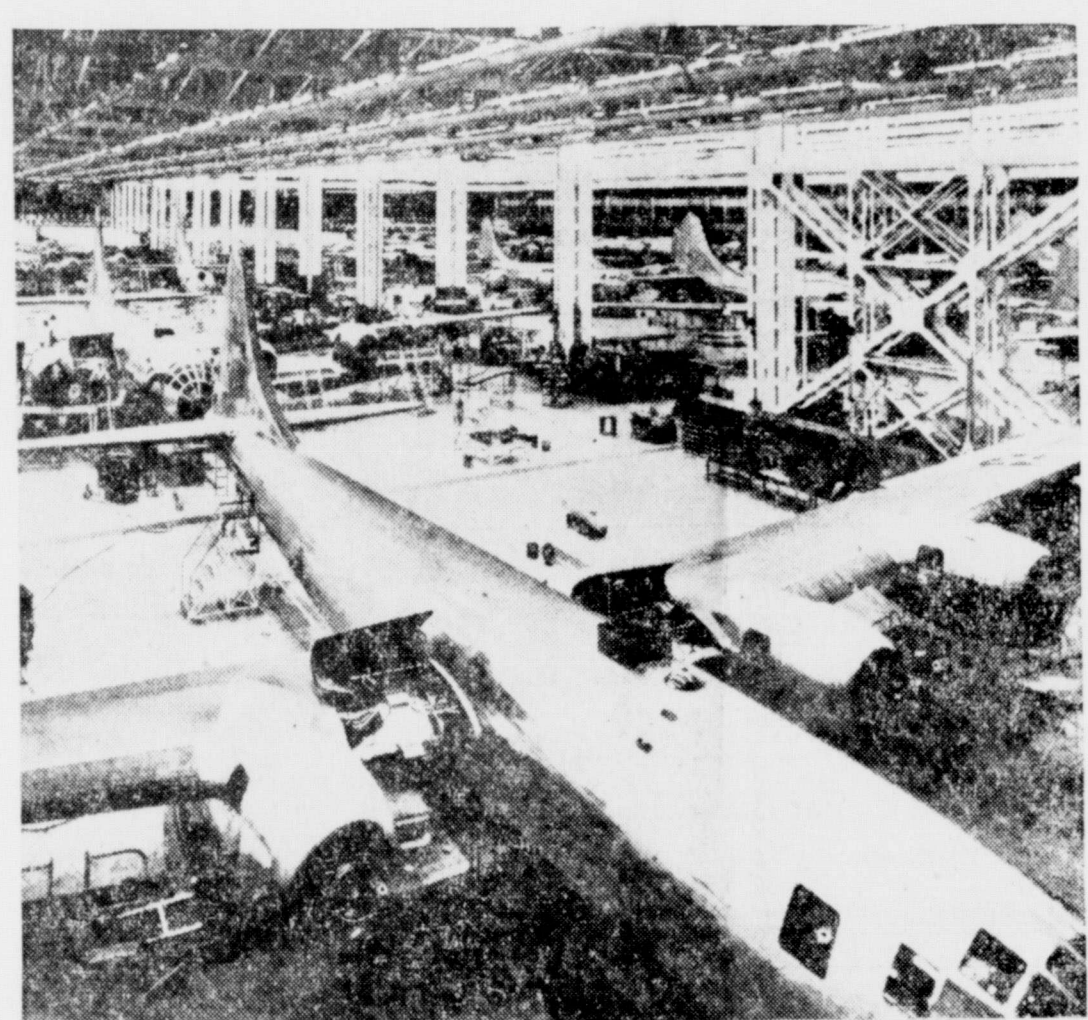

We want to assure each and all of the above named concerns that they deeply appreciate the interest they took in the Fifth War Loan in this county and assure them that we realize, without their aid, it would not have been possible for our county to have fully subscribed and over-subscribed its Fifth War Loan quota as it did.

Again we thank the papers of Eastland county for their constant news items, editorials and other articles that kept before the people the week by week progress of the drive and its great importance as an evidence of our continuing to back the attack of our boys and girls in the Armed Service. Very truly yours,

CYRUS B. FROST,
Eastland County Chairman.

LIONS TO START PAPER DRIVE

Lions ate a meal of sandwiches today in the roof garden of Laguna hotel on account of the closing indefinitely of the coffee shop.

President C. J. Turner gave highlights of the International convention at Chicago during the first days of August.

At the business session following the program it was voted to eat at the Mobley hotel next week at 1 o'clock instead of at 12:10 as has been the custom.

Lions decided to sponsor a scrap paper drive, beginning their first pick-up on August 24, at which time housewives are asked to have paper assorted and tied in convenient size bundles and placed at curbs where trucks can pick it up.

It was emphasized that all magazines, slick paper and books are to be placed in a bundle, with newspapers in another, and discarded in still another bundle. These must not be mixed. No will be picked up that is and Charles Sandler of Lumber & Supply Co. but if there are those who have strings, he will come to get them if they will come to him.

Lions have undertaken a project for two reasons only. One is to aid campaign for more which is now being in all parts of the second reason are funds to hospital-who needs it greatly. The boy's future education upon this aid.

Boys who patronize will be doing a part and a humane act of same time.

MOST OF VON KLUGE'S ARMOR FORCE ESCAPED FROM NORMANDY TRAP, BUT MANY PERISHED

AEF HEADQUARTERS, Aug. 16.—Field Marshal Von Kluge has pulled most of his armor from the dwindling Normandy front, field dispatches said today, and stepped up the tempo of his rush under a gauntlet of fire through his Falaise escape gap, narrowed to eight miles.

(The German high command communique declared Americans had struck eastward within some 40 miles of Paris, advancing 60 miles from the Alencon area to the Chartres-Dreux sector. It reported bitter fighting along the 20-mile stretch between these two cities.

(There was no Allied news on such an eastward drive by General Patton's 3rd Army, which seized Alencon in its advance up from Le Mans into Argentan, forming the lower jaw of the pincers closing on Falaise. Dreux and Chartres are 40 and 43 miles from Paris).

A British staff officer in the field acknowledged that Von Kluge had extricated most of his armor from the Normandy pocket. But hundreds of vehicles darting eastward were under heavy air and artillery bombardment. Resistance inside the pocket was crumbling into suicide stands.

The approaching cleanup here gave the Allies a firm hold on the western half of the Seine-Loire quadrangle which extends inland to Paris.

Allied ground troops hammering all around the perimeter of the German 7th Army's salient have halved the size of the area in the past 24 hours. Allied planes wrecked hundreds of German vehicles in the Nazis' swift but generally ordered retreat to the east.

It was not known how many Germans were still in the trap. The latest estimate, and it was many hours old, was 50,000. The salient, excluding minor irregularities along the edges, was approximately 20 miles long and no more than eight miles deep. One explanation contained in a front dispatch for the failure of the Allies to close the Falaise-Argentan escape gap was that the two armies driving toward each other had to use extreme care to avoid coming under each other's artillery fire.

BERN.—Frontier reports to La Suisse de Geneva said today the Allies had occupied Cannes and Nice and that French partisans, co-operating with 1,000 Allied parachute troops, were about to take Marseille, from which the Germans were moving southeastward toward Toulon. East of Nice, French advance guards were said to have passed the principality of Monaco on their way to the Italian frontier at Ventimiglia.

A dispatch from the Italian border said the Germans had ordered immediate evacuation of residents along the Ligurian coastline from Ventimiglia to the naval base of La Spezia, 110 miles to the east across the Gulf of Genoa, in the expectation of new Allied landings. A report from Chiasso to La Suisse said Fascists believed southern France and northern Italy would soon be united in a single front and that Field Marshal Kesselring's Gothic Line defenses eventually would be attacked from the rear.

MOSCOW.—The Red Army appeared Wednesday to be making its real, all-out bid for Warsaw against bitter resistance in the Praga district just across the broad and swift Vistula from the besieged Polish capital. Another menace to the German defense system increased below East Prussia, where Soviet troops were driving through a 15-mile defense belt toward the German rail center of Lyck in the East Prussian Masurian Lake region.

CITIZENS TO VISIT RATLIFF STOCK FARM

Chamber of commerce directors held their semi-monthly meeting last night, with Secretary P. R. Warwick and eight of the directors present, as follows: J. D. Lauderdale, Nick Miller, E. P. Crawford, N. C. Huston, A. E. McNeely, R. L. Ponsler, J. J. Callaway and A. B. O'Flaherty.

The previously discussed plan of raising additional finances for the organization through the sale of associate memberships was again discussed and plans laid to secure such memberships early in September.

E. P. Crawford told of a recent visit to the Ratliff stock farm and dairy near Cisco. He suggested that a committee made up of chamber of commerce directors, Rotarians and Lions should visit

the farm in a body. It was decided that the joint committee arrange with Mr. Ratliff for a visit to the farm in the afternoon of Friday, August 25.

The body instructed President Lauderdale to communicate with former mayor G. P. Mitcham, now at Boulder, Colo., for his health, and also with City Commissioner Charles J. Kleiner, at Mayo Bros' clinic, Rochester, Minn., and express the best wishes of the board and its hope that both would soon be restored to good health.

Following adjournment, R. L. Ponsler invited the members to join him in a watermelon cutting at Cisco ice plant, where he had a large melon stored. Upon arrival at the plant, Jesse Proctor, plant manager, added a 78-pound melon to the one contributed by Mr. Ponsler—and the race was on! N. C. Huston claimed and was awarded the prize for starting first and eating the longest. His closest competitors probably were E. P. Crawford and Nick Miller, though others thought J. J. Callaway was fully as good as Crawford or Miller. The melons, by the way, were perfectly delicious.

LAVON HUDDLESTON WRITES FROM PACIFIC

Pfc. Lavon Huddleston, 19, son of Mr. and Mrs. Glenn Huddleston, writes a nice letter from the Pacific area, the following being excerpts therefrom: Dear Folks: It has been over three weeks since I have had a letter. I am well and doing okeh. Have met several Cisco boys here, among them being Phil McCamley, Ralph and Donald Flaherty, Norris Swartz and a boy named Moss. Clyde Alsop and I came over on the boat together, but have not seen him lately. By the way, as I was boarding a truck to leave camp back in San Diego, I saw Franz Essl pass with a group of sailors. Oh, how I wanted to talk to him, but couldn't. Mother and Daddy, be sure and take care of yourselves and don't work too hard. And please look after my dog Twinkles. Fairy Lynn, take good care of yourself and strive to make a success of all you undertake. I received the box of cookies you sent me while at Camp Pendleton. They were in good condition when

they reached me over here. No one can beat your fudge or mother's candy. Send some more. How are you, Reese? I'm wondering how my little brother is getting along. Hope you keep up your band work; music is one of the most educating hobbies you could have. Reese, give some thought to the career you intend to follow. I found out after I got into the service that it pays to choose a career early. Was glad of the training I received at A. & G. Motor Co. It was a lot of help to me in the Marine mechanic school. I'm counting on you making good in this senior year of high school. Tell everybody howdy for me. Love, LAVON.

SOLDIER PHOTOS SAFE. The article in yesterday's Press relative to the pictures of local soldiers on display at the Men's Service club was altogether misleading. The building now occupied by the club must be vacated soon, hence the photos must be removed. However, another location will be secured and the pictures will then be displayed as heretofore. In the meantime, the ladies in charge of the display will take good care of all pictures entrusted to them. Therefore there is no reason for worry on the part of the owners, says Mrs. J. E. Caffrey.

TOM COTTEN AND FAMILY VISIT CISCO

Tom B. Cotten, 31, of Wickett, Tex., son of the late W. B. Cotten, who conducted a poultry farm on the Lake road before his death in 1939, is here with his wife and two children to visit Mrs. Cotten's father, John Tomlinson, 1000 west Eleventh street. She was formerly Miss Mildred Tomlinson. Mr. Cotten is with the Cabot gasoline plant at Wickett. His mother, Mrs. W. B. Cotten, lives at Stamford with another son, L. E. Cotten. Tom Cotten called at the Daily Press office this morning and had his name placed on the subscription list, that they may keep in closer touch with the people of the old home town.

He expressed the opinion that Cisco "looks good" and said he was on his way to Lake Cisco for an inspection of the great dam and water course. When he left Cisco Williamson Dam was about half completed, while now there is more than 80 feet of water just above the dam.

LIONS TO START PAPER DRIVE

Lions ate a meal of sandwiches today in the roof garden of Laguna hotel on account of the closing indefinitely of the coffee shop.

President C. J. Turner gave highlights of the International convention at Chicago during the first days of August.

It was emphasized that all magazines, slick paper and books are to be placed in a bundle, with newspapers in another, and cardboard in still another bundle. These must not be mixed. No paper will be picked up that is not tied and Charley Sandler of the Cisco Lumber & Supply Co. stated that if there are those who do not have strings, he will give them strings if they will come to his store.

The Lions have undertaken this project for two reasons particularly. One is to aid in the campaign for more paper which is now being waged in all parts of the country. The second reason is to secure funds to hospitalize a boy who needs it greatly and whose mother cannot meet the obligation. The boy's health and future education depends upon this aid.

Thus Ciscoans who patronize this campaign will be doing a patriotic thing and a humane act of mercy at the same time.

Mr. Turner gave a very interesting talk of his trip and told of the many educational talks that were given by a select body of speakers and entertainers. Lion Turner mentioned that this convention broke all previous records for attendance by both men and women. Many were turned away at each breakfast and banquet on account of numbers. Local members were impressed with the mighty growth and activities of the international organization.

MELON PARTY FOR MRS. HICKMAN.

Honoring Mrs. C. E. Hickman who with her family expects to move soon to Wichita Falls where Mr. Hickman is employed, the women of First Methodist church had a melon party and fun program on the church lawn last night.

As a going-away gift a handsome crystal sandwich plate was presented to the honoree at the close of the program.

A surprise for the women came just as they had the melons cut and ready to be served when men of the church, who had been very pointedly omitted in the invitation, marched onto the yard singing "Let me Call You Sweetheart," and helped themselves to generous slices of the refreshment to the consternation of the ladies.

Present for the occasion besides the honoree were Mrs. John Shertzer, president of the host society, Mrs. R. W. Merket, Mrs. G. P. Rainbolt, Mrs. W. M. Joyner, Mrs. M. D. Paschall, Mrs. Paul Woods, Mrs. W. J. Harlan, Mrs. Sam Steele, Mrs. A. V. McCarty, Mrs. C. A. Shockey, Mrs. Fred Hayes, Mrs. Tom Stark, Mrs. Chas. Flaherty, Mrs. A. D. Anderson, Mrs. J. T. Anderson, Mrs. W. J. Foxworth, Mrs. W. E. Ricks, Mrs. Sam King, Mrs. D. P. King, Mrs. W. S. Latch, Mrs. Wm. Childers, Mrs. Bill Latch, Mrs. W. L. Boyd, Mrs. Filton Largent, Mrs. S. H. Nance, Mrs. J. J. Porter, Mrs. Leslie Seymour, Mrs. A. R.

Westfall, Mrs. Ed Huestis, Mrs. Smith Huestis, Mrs. M. B. Magill, Mrs. Ed Aycock, Mrs. W. H. Cole, Mrs. Ted Bacon, Mrs. Joe Loye, Mrs. Alice Johnston, Mrs. S. H. McCannles, Miss Ella Andree, Mrs. Joe Wilson, Mrs. T. J. Dean, Mrs. Harry Schaefer, Misses Dorothy Huestis, Neida Smith, Wanda Joyner, Betty Sue McCannles, Lillian Ross Seymour, Dorothy Helen Pugh, Lucille Ricks, Midget King and Patsy King.

Among the uninvited guests were Messrs. W. J. Foxworth, A. D. Anderson, R. W. Merket, A. R. Westfall, S. H. McCannles, A. D. Anderson, Jr., Leslie Seymour, W. H. Cole, Ed Huestis, W. R. Huestis, Tom Stark, J. W. Slaughter, W. Z. Latch, Fred Hayes, Jr., Billie Joyner and Bennie Steele.

BAPTIST CIRCLE HAD INTERESTING MEETING. Circle four of First Baptist women's missionary union met in the Howard home on Rising Star highway Tuesday afternoon with Mrs. Kate Richardson as hostess.

MRS. J. F. BENEDICT HOSTESS TO GROUP. Mrs. J. F. Benedict was hostess Tuesday afternoon when group four of First Christian church met in her Humbleton home for regular meeting. In the absence of Mrs. Rex W. Moore, chairman, Mrs. W. J. Armstrong presided. The devotional on "Leadership" was brought by Mrs. Benedict. Scripture reading from the Book of John, chapter one, verses 34-44 was used as a basis for her talk. Mrs. Robert Veale brought the afternoon lesson on the "Origin of the Indian," which was much enjoyed. A short business session was held during which business of the group was transacted.

Refreshments of ice cream and cookies were passed to Mrs. W. J. Armstrong, Mrs. Claire Swartz, Dena Kay Swartz, Mrs. Robert Veale, Mrs. Martin and Mrs. Benedict.

AUXILIARY MET AT CHURCH TUESDAY.

Presbyterian auxiliary met at the church Tuesday afternoon in a body for Bible study. The meeting was opened with prayer by Mrs. P. R. Warwick, following which the meeting was turned to Mrs. S. E. Hittson, who brought an interesting Bible lesson from Second Corinthians.

A splendid report of the training school at Kerrville was made by Mrs. P. R. Warwick. Members went to their separate rooms at the close of the afternoon study for circle meetings. Twenty-two members were present.

COFFEE HONORED MRS. DOROTHY LATCH.

Misses Gloria Graham, Rose Ann Woods, Marilyn Shertzer and Lillian Spears were hostesses with a coffee this morning at 10 o'clock, honoring Mrs. Dorothy Childers Latch. The affair was held in the Woods home at 906 west Fourteenth street. The house was gay with decorations of cut flowers and a pink and white color scheme was emphasized.

Guests were served in the dining room from the table covered with lace cloth, with appointments of silver and crystal. Mrs. W. J. Harlan, grandmother of Miss Woods, poured.

The guest list included Mrs. Bill Childers, Misses Helen Childers, Peggy Jean Gallagher, Byrna Mar-

THE LIGHT THAT BURNED LATE

Yep... folks noticed the light shining inside the station 'way after closing time and they knew Mac was working late again.

Mac is like most Humble Service Station men today. He's trying to do the work of three or four men. His help has gone to war and so have most of the things he used to sell. But as long as there's essential driving to be done Mac's staying on the job to do his part.

He starts earlier and works later. He fights the "black market" and urges all his customers to stick to the rationing program in its entirety. He shows them how sensible care saves repair; and when help is short you'll see him wrestling tires himself or helping with the grease job.

His day is long and busy and he often has to stay late to finish up. So when you see the light in the Humble Station shining after hours you'll know Mac has had another busy day, working on the home front.

HUMBLE OIL & REFINING COMPANY

Serving your essential war time needs today to hasten your motoring pleasures of tomorrow.

Tetra-ethyl lead, when added to gasoline, raises the octane number of the gasoline and reduces or eliminates motor "ping." But tetra-ethyl lead has recently become a critical war material. So critical that the Petroleum Administration for War has directed all refiners of premium grade fuels to limit their production of such gasoline to exactly the amount produced during the six months prior to June 1944. This reduces drastically the amount of premium gasoline available to civilians since the armed forces must receive their requirements first.

Also in the interest of conserving war-critical tetra-ethyl lead, P. A. W. has directed that less of it be used in the manufacture of all Regular gasoline. Consequently the octane number of this product has been reduced from 72 to 70. So, if your Humble Station is temporarily out of Esso Extra, or if Humble Regular does not perform in your car like it did in the past, please remember that tetra-ethyl lead is really at war... just another of those small sacrifices all of us at home are asked to make in the interest of an earlier Victory.
