# AMERICANS ARE IN NAZILAND

## COL. ALFORD 200 PINTS OF IN HOLLAND; BLOOD EXPECT- SAFE, SOUND ED TOMORROW

Mrs. Gaston Alford has been notified through the Red Cross that her husband Lieut. Col. Alford is safe in Holland. The message said he was well.

Colonel Alford has been missing since February 4 when his plane was shot down over Germany while leading a wing formation on a bombing mission. The message was the first Mrs. Alford had received since she was notified he was missing.

Alford has been with the air forces four and a half years and during that time has seen foreign duty twice. The first time was in 1941 when his group helped establish a base in Newfoundland, and later he was based in Africa and England.

The flier is a son of Mr. and Mrs. Carl Alford of Brownwood and Mrs. Alford is the former Zona Miller, daughter of Mr. and Mrs. Baby Miller. Colonel and Mrs. Alford have one child, Davy, three years of age.

When the people of Cisco arrive at First Methodist church in Eastland tomorrow to give blood to the Red Cross plasma bank they will find waiting to receive and assist them a corps of Cisco ladies who will be serving as assistants to the official staff in charge of the center.

Serving as nurses and aides will be Mrs. Edward Lee, Mrs. D. Ball, Miss Elizabeth Coleman, Miss Jewell Poe, Mrs. Fannie Kimmel, Mrs. A. E. Jamison, Mrs. J. D. Lauderdale, Mrs. Ed Aycock, Mrs. J. J. Porter, Mrs. H. H. Davis, Mrs. George Christie, and Mrs. Edgar Muller.

Greeters and hostesses will be Mrs. Homer Slicker, Mrs. Lee Clark, Mrs. John Elkins, Mrs. W. C. McDaniel, Mrs. Philip Pettit, Mrs. T. C. Williams, Mrs. W. W. Wallace, Mrs. Alec Spears, Mrs. C. H. West, Mrs. J. E. Caffrey, and Mrs. Yancey McCrea. These, with Mrs. Frank Harrell and Mrs. Frank Pierce, have served also as the registration committee.

Assisting in the canteen service will be Mrs. Paul Poe, Mrs. Otis Lomax, Mrs. Chas. Roberts, Misses Mamie and Letha Estes, Mrs. J. J. Tableman, Mrs. L. H. McCrea, Sr., Mrs. J. F. Benedict and Mrs. H. N. Lyle.

All who are going to Eastland in their own cars are urged to go by the West Texas Utilities office and pick up others who may not have conveyances.

Any who have failed to register and who want to give a pint of blood should communicate with Rev. Leslie Seymour or Mrs. Homer Slicker tonight or Wednesday morning, so they may be assigned to places left open by the few who have had to cancel their assignment. It is expected that Cisco people will give a minimum of 200 pints of blood tomorrow.

A total of some 191 pints of blood were received yesterday, people of the Gorman area being the principal contributors.

## SEN. O'DANIEL TO TALK OVER RADIO TONIGHT

Hon. W. Lee O'Daniel, United States senator from Texas, will speak tonight at 8:30 over a statewide network, Texas Quality, on "How Can Texas Get a Square Deal in the National Election?"

Important facts regarding the activities of political groups, the poll tax situation and other matters of concern to Texas voters are expected to be revealed in the senator's speech, which has been recorded in Washington and will be re-broadcast over WBAP-WFAA, Ft. Worth-Dallas; WOAI, San Antonio; KPRC, Houston, and WKPT, Wichita Falls.

## UAW AND FEPC NO-DISCRIMINATION PACT

WASHINGTON, Sept. 5.—The President's committee on Fair Employment Practices and the War Policy Division of the United Automobile, Aircraft and Agricultural Implement Workers (CIO) have signed a working agreement to speed the "elimination of un-American discrimination."

The agreement announced by FEPC Chairman Malcolm Ross and R. J. Thomas, UAW-CIO president, is the first negotiated between the committee and any union.

Under the agreement, the union will co-operate in the settlement of complaints of discrimination involving any UAW-CIO officer of a plant in which the union has a local.

### RETURN TO CISCO.

Cecil Adams has returned to Cisco and has opened a welding shop at the place formerly occupied by Moyer welding shop on F avenue. He recently was employed by the Empire oil field machine shop at Odessa, and was with the Hickok Oil company formerly Mr. and Mrs. Adams and their three children have recaptured their home at 907 west Fourth street.

### DRURY WOUNDED.

The names of 1,812 U. S. soldiers wounded in action were announced yesterday by the war department. Among the 106 Texans listed in the report was Pvt. Cloyce E. Drury, whose wife, Mrs. Venita Drury, lives on route one, Cisco. Drury was serving in the European area.

## WINTER BOWLING LEAGUE BE REORGANIZED

There will be a meeting of men bowlers at 8 o'clock Wednesday night on the roof garden of Laguna Hotel, and it is urged that all men interested in the reorganization of Cisco's winter bowling league be present. Dr. C. E. Paul will preside.

The local bowling alleys, air-conditioned and always spic and span and orderly, have definitely proved their value as a civic asset and the management is to be congratulated for the fine success they have attained in creating a local entertainment center which also contributes to the health and vigor of both men and women of the community.

Tomorrow night's meeting should and probably will be well attended. Continuation of an enthusiastic, well supported winter bowling league is well worth while.

### DYNAMITE VICTIM BETTER.

The condition of Roy Thacker, son of Petty Officer and Mrs. C. A. Thacker, 1107 F avenue, who was seriously injured Friday by the explosion of a dynamite cap, was some better today, though the little fellow is by no means out of danger. His father has arrived here from Camp Endicott, where he is serving with the navy.

### HARD RAIN TODAY.

A hard, driving rain, accompanied by lightning and thunder, fell in Cisco this afternoon. It started shortly before 3 o'clock and continued until 4:15. Estimated precipitation was approximately one inch.

## Navy's Destructive Five-Inchers

HUGE DUAL-PURPOSE five-inch Naval guns are shown in the final assembly area of the Fisher Body Pontiac Division with skilled craftsmen applying finishing touches. This General Motors unit is producing the mount for the versatile weapon, one of the most popular in the Navy, in volume proportions. Weighing 40,000 pounds completely assembled, the mount requires the largest machinery ever installed by the plant. Complete inspection of a single mount takes approximately three weeks and the high quality of workmanship needed to build them permits only specially trained men to be assigned to the job.

THEY'LL FLY HIGH—Forward cabin under construction at Renton, Wash., is one of outstanding features of B-29 Superfortress now playing havoc with Japs. Cabin maintains near-normal air pressure for high-altitude. Hole near top is entrance to bomb bay.

## SOLDIER SCULPTOR BRINGS CHEER TO WOUNDED VETERANS

TEACHES CLAY MODELING TO HOSPITAL PATIENTS—Pvt. Christian Wartho, well known sculptor, infantry veteran of the last war and now attached to the Medical Corps of the Army, furnishes a system of relaxation for wounded men in Newton D. Baker General Hospital, Martinsburg, W. Va. To a large class composed of convalescents he gives regular instruction in clay modeling. He says many of his students have shown unusual talent and their condition is improved by "taking their minds off themselves." Left, Pvt. Wartho; right, Icelandic girl modeled in Martinsburg class. He is a member of the National Sculpture Society and the American Veterans' Society of Artists.

## CISCO TO CELEBRATE NAZI DEFEAT

Cisco will celebrate a sudden ending of the war in Europe—which is expected any day now—with religious services in the various churches and by closing the doors of most of its business houses for the day under plans adopted by the members of the Retail Merchants association and the Cisco Ministerial association.

Closing of the stores, however, will depend upon the time confirmation of Germany's surrender is received. In any event the drug stores and cafes will not close, since these businesses are considered essential to the public service under such conditions.

According to the decision reached by the retail merchants, the following plan will be followed:

If the news is received during the business day, stores will close for the remainder of that day. If the message is received at night the stores will not open the following morning. If it is received on Saturday night, there will be no closing the following Monday, since Sunday will be considered the holiday. If, however, the message comes through in the small hours of Monday morning, the stores will close that day.

The Ministerial association determined upon separate services at churches in order to promote as general an attendance upon the church programs as possible. Each church will determine its own program. The ministers feel that announcement of victory should be a signal for profound thanksgiving and a time of dedication to holy ideals in keeping with the sacrifices of the thousands of young men who have made possible the unconditional surrender of the enemy in Europe.

At the meeting of the ministers Monday morning officers of the association for the new year were also elected, as follows: Rev. Cooper Waters, president; Rev. L. H. Clegg, vice president; Rev. O. L. Savage, secretary-treasurer.

## JAPS ALWAYS TREACHEROUS SAYS SOLDIER

TEMPLE, Sept. 5.—Japs on Los Negros Island in the Pacific sang Pistol-Packin' Mamma, Deep in the Heart of Texas, and believed they were fighting in Texas, Pfc. Frank A. Hubnik of Harlingen, now a patient at McCloskey hospital, said.

Hubnik, a member of the First Cavalry division, said the enemy screamed: "You may get California, but we will keep Texas." He stated that twenty-one Japs and others captured thought they had been fighting in Texas.

Hubnik's bazooka fire knocked out three artillery pieces, three machine gun nests, thirteen shacks and killed twenty-eight Japs.

Hubnik said extreme care had to be exercised in taking Jap prisoners. He stated that Japs would approach meekly, and then when they got close to their captors, would suddenly explode grenades held in their armpits by raising their arms.

"After losing men by that and similar Jap stunts," said Hubnik, "we made those Japs strip stark naked before we allowed them to come near us."

## BRITISH PUSH INTO NETHERLANDS BELOW ANTWERP; YANKS DAMAGE FORTY-ONE JAP SHIPS

SUPREME HEADQUARTERS, AEF, Sept. 5. — British armored forces pushed into the Netherlands 30 miles beyond captured Antwerp today, and reports said American troops to the southeast invaded Luxemburg and reached or crossed the German border on a broad front.

Official censorship blanketed the progress of the American 1st and 3rd Army columns striking for the German frontier in southern Belgium and in the Luxembourg-Alsace Lorraine sectors farther to the south.

U. S. 1st Army columns on the British right flank were reported, however, within 25 miles of the Nazi border beyond Liege, 60 miles southeast of Antwerp. The British occupied Breda, seven miles inside Holland.

The German defenses of the Low Countries appeared to have collapsed under the slashing thrusts of the British tanks and motorized infantrymen, advancing through feeble opposition and liberating town after town as fast as their supply trains could follow. An estimated 100,000 Germans were pinned against the Channel coast in their rear.

Most of Belgium was in the hands of the British and their American 1st Army comrades driving eastward through the Meuse Valley, and the speed of the Allied offensive indicated that the battle of the Netherlands would be over as swiftly as in 1940 when the German hordes conquered the country in five days.

SAN FRANCISCO. — American sea and air forces destroyed or damaged 41 Japanese ships and 107 planes in sweeping raids that included a four-day bombardment of the Bonin and Volcano Islands, four new air attacks on the Philippines and a bombardment of the former American base at Wake, it was disclosed today.

Forces of Admiral Chester W. Nimitz and Gen. Douglas MacArthur collaborated in the raids which ranged from the northern Kurile Islands to the Dutch East Indies in the Southwest Pacific.

Twenty-one of the ships and 85 of the planes were bagged in a concentrated four-day assault on the Bonins and the Volcanos by Army Liberators, carrier-based planes, cruisers and destroyers.

Nimitz's communique said surface ships escaped damage although five carrier planes were lost with four crewmen missing.

Wake Island, long by-passed in Nimitz's drive toward the Japanese homeland, was attacked by cruisers, destroyers and carrier planes without loss Sunday.

Allied bombers from MacArthur's command struck from the Philippines to the Dutch East Indies over the weekend, destroying or damaging 20 Japanese vessels and 22 planes. Four separate attacks were made on Mindanao, southernmost of the Philippine Islands.

MOSCOW. — Powerful Red Army forces drove to within 22 miles of East Prussia's southern offensive frontier today in a fullscale offensive that breached the heavily-fortified Narew River line and threatened to split the entire Nazi front covering both Warsaw and the easternmost province of Germany.

At the southern end of the long eastern front, Soviet troops stormed and captured Brasov, gateway to the Transylvania plains leading northward to Hungary, and struck west and southwest of Bucharest to within 124 miles of Yugoslavia.

Col. Gen. George Zakharov's 2nd White Russian Army opened the new offensive against East Prussia along a 35-mile front southwest of Lomzha and drove a deep wedge into the German lines.

Attacking behind a thunderous artillery barrage, infantrymen fought through a maze of mine-fields and forced a crossing of the Narew in the Ostroleka area, 21 miles southwest of Lomzha and 61 miles north-northeast of Warsaw.

ROME. — French troops sweeping up the Saone Valley against ineffective Nazi resistance have reached the outskirts of Macon, a wine center 63 miles north of captured Lyon, as the pursuit of Germans fleeing southern France continues.

A new batch of 2,400 prisoners taken by the French in their capture of Villefranche boosted the total since the landings on the Mediterranean beachheads to more than 65,000.

#### THE GOOD RACE.

There seems to be a new note in athletics, as Gil Dodds, famous track runner with a world record, declares to a big audience of church-goers: "My desire is to glorify God on the track."

He says it is largely because of his religious faith that he has succeeded as well in this field. And he boldly asserts his belief that God is pleased as much by the service of a good athlete as by that of a doctor, a lawyer, or even a preacher. He says a good mental and spiritual attitude is as important in athletics as anywhere else.

Some people will think it is irreverent to say, as he does, that "the greatest coach either on or off the track is Jesus Christ." It may take a little time to get used to an athletic approach to religion. But perhaps St. Paul himself would approve when he puts it in these words: "For me, the greatest coach on or off the track is Jesus Christ. Christ in the heart gives the only happiness that will endure. The only way to run the race of life is to run it with Him."

#### LITTLE KNOWN NATION.

Gen. Eisenhower's warning to the people of Luxemburg and Alsace-Lorraine, that the war was soon to be in their front yards, reveals to a good many Americans that there is such a country as Luxemburg.

Living in a little triangle of only 1,000 square miles, south of Belgium and between Germany and France, Luxemburg has been an independent grand duchy since the Middle Ages. At one time it formed an economic union with Belgium. The inhabitants speak a dialect of German.

In the last war Luxemburg was able to stay neutral. This time her small size naturally let the Nazis conquer her. It made one more prize, albeit a tiny one, with which to dazzle the German people. The grand duchess escaped to London, and will doubtless return when the Nazi tide recedes. There is talk, however, of securing a safer position by uniting with Belgium or France.

Small independent states like Luxemburg add salt to the European dish. It is to be hoped, after the war, most if not all of them will be able to keep their independence.

**SHE FLIES THROUGH THE AIR** with the greatest of ease and the daring young girl on the flying trapeze is guaranteed to please soldier audience. Youthful aerialist is Joanne Siegrist from Hendersonville, N. C. Here she goes through practice paces for Ringling Bros. opening at Soldiers' Field, Chicago.

**YOUNG GUNMEN**—Young Britisher Tommy Maloney (center) receives instruction on gun care at Foster Parents' Plan for War Children project in England. Tommy is cared for by Mrs. Roosevelt.

**TOUGHIE**—This husky English bulldog, Yankee Rebel, depicts standing of group he represents. He is mascot of American airman operating in France and is pet of fighters in U. S. 9th Air Force.

Released by U. S. War Department, Bureau of Public Relations  
**LEANING TOWER UNHARMED**—Above the battle-scarred Italian city of Pisa, the famous Leaning Tower, in the center background, stands untouched by attacking planes. Wreckage of railway yards, target of Allied raids, are shown in the foreground of the photograph made by the U. S. Signal Corps.

Released by U. S. War Department, Bureau of Public Relations  
**VISIT FROM WACS**—An American soldier, wounded in the Normandy invasion, receives a visit from two WACS at a general hospital in England. Left to right, Cpl. Norman Beckett, Galesburg, Ill., talks of things "back in the States" with Pfc. Claire J. Anderson, Tenaha, Wis., and T- Sgt. Ella Eirman, Pittsburgh, Pa.

**HE WAS CAUTIOUS**—Hearing unusual noise in motor, driver John J. Carey of Spring Valley, N. Y., emptied bus of 45 passengers. He started vehicle again, gears locked, bus rolled backward, crashed into lamp post and caught fire. Broken shaft caused accident.

THERE is no greater testimonial to the wisdom of those men who framed our nation's constitution than the spirit with which all of us at home and overseas have fought on toward Victory. That Constitution was aimed at securing government for, by and of the people. In its treasured, simple phrases is embraced the right to and the means of enjoying that quality of freedom which is the universal aspiration of all men and women. Now that final Victory is so imminent, we need no stronger urge to fulfill it by continuing to buy War Bonds, than a re-reading of our Constitution will inspire. Don't delay; affix your signature to another War Bond purchase this Constitution Day.

'REPAIRS HAVE COST NEXT TO NOTHING IN 4 YEARS...'

'Sure glad I've got a FORD!'

Ford advertisement featuring a man in a suit and hat, a Ford car, and text: 'OUR FORD ALWAYS STARTS AND RUNS! I've owned Fords since '33. They're fighters that never quit. That's what I like. I bought some of the best heavyweights in the 1930's.' 'OUT HERE WEATHER GETS TOUGH. When you're raising stock and grain you often have to get to town and back fast. A Ford has the power and pep for any road and weather.' 'REPAIRS HAVE COST ME VERY LITTLE. My 1940 Ford is mighty easy on gas and tires, and it's kept its smart looks and good finish in spite of constant hard use in all kinds of weather.'

says CHARLES RETZLAFF, Stock and Grain Farmer Leonard, North Dakota. From every state come friendly letters telling of the good service Ford owners are getting from their cars. They tell what millions of other Ford owners know to be true—that their cars are powerful, economical and dependable—that they are comfortable and easy to drive—and that their fine performance, backed by Ford Dealers' Protective Service, endures for years.

NEWS NOTES—Ford plants employ more than 5,000 men in cleaning crews. They wear out 5,000 mops and 3,000 brooms a month, and use \$6 tons of soap and 15,000 gallons of paint keeping Ford plants clean. More than 30,000,000 Ford, Mercury and Lincoln cars—and Ford Trucks—have been built.

West Texas Utilities Company advertisement: AN ALL ELECTRIC HOME. That life partner fighting in some remote spot on the globe will return one day to again share a home with you... and what a home it will be... all-electric from doorbell to nightlight! Can't you see his eyes shine at the thought of having so many electrical conveniences in his home? It takes a man who'd almost forgotten the meaning of the words comfort and convenience, to really appreciate the electric wonders in store for the home of the future. Amazingly efficient air-conditioning or attic ventilation... improved electric refrigeration and deep-freeze units... soft, non-glare lighting... crystal-clear radio reception... these are only a few of the wonders that await the winners of the peace—and the loyal homemakers whose productive waiting and purposeful bond buying make them possible. The home of your dreams for you and your family is just around the corner, in an America set free from the horrors of war. West Texas Utilities Company
