NUMBER 4

YANKS, NAZIS IN FINISH FIGHT

Chamber of Commerce Planning Year of Activity

With members of the city commission and a number of business men as guests, directors of the Cisco chamber of commerce Tuesday night held their first meeting since the employment of B. A. Butler as full-time secretary of the organization.

The meeting, while attending to one or two matters of business, devoted the greater part of its time to a discussion of salient points of an over-all program of work which Butler said would shortly be laid before the board for action. Particular emphasis will be laid upon development of air transportation, highway improvement, market conditions and living conditions as fundamental to commercial, industrial and civic growth, he said. The new secretary's comprehensive, business-like talk was well received by all.

It was also suggested that the board organize its program in such a way that emphasis will be placed on committee activity. Under such a plan the groundwork for all important activities of the chamber will be laid in meetings of committees charged with responsibility for the projects. The committee working on a particular project will then report its findings and recommendations to the board for action.

This plan, it was pointed out, will relieve the regular meetings of the board of much detail and lengthy discussion, thus expediting the meetings and in general promoting a more efficient functioning.

The chamber voted endorsement of the program for V-day celebration which the Retail Merchants association and Cisco Ministerial association developed to be held when and if Germany capitulates. Rev. Leslie Seymour, representing the ministers, explained the religious features of the program.

The board designated Haywood Cabaness as its representative at a meeting of the National Aeronautical association called at Fort Worth, September 14 and 15, to organize a Fort Worth chapter. Prospects for airport development were also discussed by Mr. Cabaness.

L. A. Warren, member of the board, presented a suggestion for securing for Cisco small industries which may now be dissatisfied with conditions in crowded defense centers.

Mayor Edward Lee, City Commissioner A. D. Anderson and others of the visitors were called upon for remarks by President J. D. Lauderdale. Present:

Directors — President Lauderdale, W. J. Armstrong, R. N. Cluck, E. P. Crawford, J. R. Deen, N. C. Huston, A. E. McNeely, A. B. O'Flaherty, R. L. Ponsler, J. B. Pratt and L. A. Warren. Visitors — Mayor Lee, Commissioner Anderson, Haywood Cabaness, Steve Nance, Mr. Seymour, F. B. Altman, M. D. Fox, Charles S. Sandler, A. E. Cutler, E. G. Darron, W. W. Fewell, W. J. Slaughter, Austin Flint and Homer Ferguson.

CLUB WOMEN COMING.

Miss Ethel Foster of Sterling City, president Texas Federation of Women's clubs, and Mrs. C. D. Bruce of Santa Anna, Sixth district president, will begin a five-day tour of the Sixth district on Monday, September 18, and visit most of the towns not included in last fall's tours. The two women will address a meeting in Cisco at 8:30 p. m., September 20, according to information furnished the Daily Press by Mrs. Bannowsky, publicity chairman.

FOR SALE — Maytag washer and Burpee sealer, both in good condition. Mrs. Olin Elliott, sixteen miles north of Cisco.

SUCCESSOR TO SCHMIDT WILL BE CHOSEN

Cisco Lions enjoyed a good but muscleless meal at Mobley Hotel Wednesday. Since there was no piano, the musical program scheduled by W. E. Dean, chairman, could not be given and the luncheon hour was turned into a business session. A special table with selected food was set for Lions who were to donate blood to the Red Cross plasma bank.

The departure from Cisco of Harry Schmidt, first vice president, left that office vacant and President Turner named Jack Anderson, Norman Huston and E. J. Pross a nominating committee to pick a successor to Mr. Schmidt.

Austin Flint was asked to report on the Teenage Canteen situation, the organization having to vacate their former meeting place. Mr. Flint told of plans for a new home at an early date.

George W. Downie, secretary, was instructed to finish details of selling Lion equipment to the school board for lighting the football field.

TEXAS SINGERS AT RANGER, SEPT. 16

Texas State Singers' association will hold its twelfth annual session at Ranger, September 16-17. The meeting was announced by Rev. Ernest Rippeote of Stephenville, chairman, and S. E. Clark of Abilene, secretary.

Ranger is said to be preparing to entertain this meeting in royal manner, having the support of churches, chamber of commerce and all civic and business clubs. The meeting is an annual affair and attended by singers from all over the state, as well as from adjoining states.

Singing groups already pledged to attend include the famous Stamps Quartet of Dallas. The two-day meeting will feature gospel singing in chorus, special numbers in quartet, duets and solos. The public is invited.

TRUMAN EVANS WRITES.

Truman Calhoun Evans, 20, valued mechanical department employee of the Daily Press for the past three years, who recently joined the armed forces, writes from Fort Sam Houston. Mr. Evans wanted to get into the navy, but was assigned to the army light artillery. Evans mentioned that several other Cisco boys are in his company.

SCOUT COURT OF HONOR.

A court of honor will be held at First Baptist church tonight for Boy Scouts. O. L. Stamey will preside and several boys from troops 49 and 101 will be advanced in rank. G. N. Quirl, district executive, will be present and show pictures of Camp Billy Gibbons and the boys who visited the camp there recently. Dr. Charles Barnes and Ernest Hittson are the local scoutmasters.

WATER TANKS FULL.

The rain that began in Cisco late Tuesday and continued until yesterday afternoon, brought the local precipitation of the past ten days to almost seven inches. Tanks are now full in practically every section of the Cisco Country and everybody is happy except peanut growers, who complained yesterday of a little too much rainfall.

Robot Bomb Victim Dug Out Alive

A FEW MINUTES AFTER a robot bomb had exploded in this row of houses "somewhere in southern England," civil defense workers—including women—were on the spot to save lives, quench fires, clear wreckage, restore any essential services damaged. This was the result of only one of the 5340 robot bombs launched by the Germans up to August 2. The woman was dug out of the wreckage and is shown being carried to an ambulance over the remains of her home.

New 'Hellcat' Tank Destroyer in Action

FIRST PICTURES of the M-18, a high speed, heavy fire-power tank destroyer have been released by military authorities following the battle baptism of this new super weapon. Capable of speeds of 55 miles an hour, it mounts a high velocity 76 MM cannon which can knock out enemy tanks point blank at several thousand yards. Designed and manufactured by the Buick Motor Division in cooperation with the Army Ordnance, it has been in secret production for more than a year and is now in effective action against tough enemy resistance points in the European and Pacific battle areas. It's called a "Hellcat".

Infantry Rides in French Advance

MOUNTED ON GIANT CHURCHILL TANKS, British infantry are shown in this picture taking part in the advance of American, Canadian and British forces in France.

MATERIAL FOR GOOD FOOTBALL TEAM IS HERE

A short business session to elect a new member, a talk by Football Coach Linden Binson and silent pictures of scenes at Camp Billy Gibbon for Boy Scouts, shown by G. N. Quirl, Comanche Trail scout executive, were features for the double-barrel program brought by J. J. Collins at Rotary luncheon today. Quirl's assistant, Guy T. Smith of Zephyr, was also present.

B. A. Butler, new secretary of chamber of commerce, was elected to membership, after which Rotarian Collins introduced Coach Binson.

The speaker thanked the Rotary club for their cooperation in making possible a lighted football field, now in process of construction, an idea launched into football prospects and some reasons why more boys did not come out for football, which he said was pitiful for a town the size of Cisco, especially when one considers the football spirit and traditions of Big Dam Lebo days.

The coach said he had seen lots of big boys who should make good football records, who when asked why they did not play, said their mothers were afraid they would get hurt. The coach quoted statistics on football injuries and fatalities at this point in his talk, saying that in all Texas there was only one fatality last year, while in the United States one person is killed every three minutes from automobile causes. Until this spirit of fear is eradicated, Cisco will suffer from lack of athletic responses in this line, he feared.

In speaking of the field, Binson said that clover bars on the field was one bad feature, but that he was taking steps to eradicate them for next year, and in reply to a question by Rev. O. L. Savage, said nothing could be done to relieve it this year. Some of the equipment is bad and needs attention, but all in all, he said we are in pretty fair shape.

One of the serious drawbacks to getting boys from the country for the team is that they must quit after-school practice when their buses leave. This makes practice impossible.

Cisco's first game will be with the Fort Worth Polly team, at Fort Worth, next Thursday. The first home game will be with Stephenville, at Cisco, October 6, at which time the lights are expected to be in service.

JIM CROWISM MUST CEASE, NEGROES TOLD

DALLAS, Sept. 7.—Negro soldiers are "fighting loyally and superbly for democracy abroad, but are being denied it at home," Dr. J. L. Horace told the opening session of the sixty-fourth annual session of the National Baptist Convention, Inc., Wednesday, Fair Park Auditorium, with a seating capacity of more than 4,000, was jammed to capacity.

"I told the secretary of war face to face what I say to you," Dr. Horace, pastor of Monumental Baptist Church of Chicago, said, "that Jim Crow walls must come down; that Negro soldiers in the uniform of Uncle Sam are treated generally worse in being subjected to discriminatory and humiliating segregation than are Nazi prisoners whom they are assigned to guard.

"This is true in matters of travel and equal accommodations on army posts. This racism I discovered from a personal tour of inspection of ten army camps.

Negro Baptists from every state in the union were included in the 13,000 delegates which had registered by Wednesday night. Peak of registrations was due today.

PATTON'S MEN AND GERMANS LOCK IN CLOSE-RANGE TRENCH WARFARE IN MOSELLE VALLEY

SUPREME HEADQUARTERS AEF, Sept. 7.—A showdown battle of the Moselle River Line blazed along a 30-mile front between Metz and Nancy today when American shock troops charged the steel and concrete fortifications guarding the approaches to Germany and the vaunted Siegfried Line.

UP Correspondent Richards reported from Patton's Third Army front that American and German forces were locked in violent fighting of the close-range trench warfare type through a broad reach of the Moselle Valley.

To the northwest, the U. S. First Army was smashing forward from four bridgeheads on a 40-mile stretch of the east bank of the Meuse in what comprised the northern arm of a massive pincers push against the Nazi west wall.

Further west, British armored forces running roughshod over feeble German opposition, captured Gent (Ghent), Courtrai and the French border town of Armentiers, the home of the Mademoiselle dear to the heart of the doughboys of 1918. One Anglo-American force was reported unofficially to be within 9 1/2 miles of Rotterdam.

Richards' dispatch from the Third Army front in north-eastern France disclosed that the stiffening German resistance had turned suddenly into a full-dress stand against Patton's forces pushing stubbornly toward the Reich.

"It is evident," Richards said, "that for the next 48 hours at least the blitz type of warfare has been supplanted by grim, close-range infantry attacks, supported by mortars, 105's and Long Tom 155's."

Berlin said heavy fighting was raging along a front of more than 200 miles from the Belgian North Sea coast to the Lorraine Gap, and the Allied march admittedly had slowed at a number of points, particularly in the American 1st and 3rd Army sectors.

Front dispatches said, however, that Lt. Gen. George S. Patton's 3rd Army was across the Moselle in force and advanced elements had taken hills from which they could look down into Germany.

LONDON.—Powerful Russian forces are swarming across the Danube River into Yugoslavia and striking westward for Belgrade to link up with Marshal Josip Tito's Partisan armies and forge a great trap around some 250,000 to 375,000 Germans in the Balkans.

At the same time, Soviet tanks and riflemen widened their wedge in Nazi lines north of Warsaw in a double-edged threat to both the Polish capital and the German homeland province of East Prussia.

A German Transocean News Agency broadcast said the Red Army established a bridgehead on the west bank of the Narew river.

Word of the climactic Red Army invasion of Yugoslavia came from Tito's Partisan radio, which reported that the Soviets forced a crossing of the Danube yesterday and pushed on to Kladovo, opposite Turnu-Severin and barely 100 miles west of Belgrade.

SAN FRANCISCO.—Emperor Hirohito and his premier, Gen. Koiso—the highest authorities in Japan—told the Japanese Diet that the country faced a grave crisis and had reached "the decisive stage of the war."

The emperor's acknowledgement of the situation was contained in an imperial rescript to the 85th extraordinary session of the Diet, while Koiso personally addressed the body to warn of the possibility of an American invasion of the homeland in which he said, the life or death of the nation would be at stake.

Hirohito's rescript and Koiso's address were broadcast by Tokyo radio and recorded here by United Press.

BRECKENRIDGE MEETING. Among the Ciscons who will attend the annual meeting of Cisco Baptist association at Breckenridge are Rev. Cooper Waters, Rev. M. L. Agnew, Rev. and Mrs. Even Holmes, Judge and Mrs. J. R. Burnett, W. P. Caldwell, Rev. W. R. Ivie, Mrs. Paul Poe, Mrs. W. D. Hazel, Mrs. H. B. Hensley and Mrs. E. J. Poe. The meeting will begin today and continue through Friday night.

WILL RECEIVE HIS WINGS.

Rev. and Mrs. J. R. Wright left yesterday for Georgia to attend the graduation exercises of their son, Cadet James R. Wright, from Val Dosta air school. They were accompanied by Miss Jeanette Myrick, whose engagement to Cadet Wright was recently announced.

Mrs. J. O. Wooten and children are home from a visit of three weeks with her husband, an air navigator in the army air forces, September 4. Among the graduates was Flight Officer Ira Wooten has been with Consolidated T. Taylor, son of Mr. and Mrs. ed for the past nineteen months.

IRA TAYLOR GRADUATES.

Word to the Daily Press from Selman Field, Monroe, La., is that representatives of 44 states received wings and commissions as air navigators in the army air forces, September 4. Among the graduates was Flight Officer Ira Wooten has been with Consolidated T. Taylor, son of Mr. and Mrs. ed for the past nineteen months.

BRIEFLY TOLD

Mr. and Mrs. A. J. Pippin, accompanied by their daughter Mrs. Lloyd Sables and granddaughter Frances Sables, made a business trip to Abilene Tuesday.

Mr. and Mrs. Earl Edwards and daughter Helen Rye Edwards have returned from Dallas.

Mr. and Mrs. Wood T. Clark and daughter Edith of Howell, N. M., arrived Tuesday for a visit with Mrs. R. E. Corder and family.

Mr. and Mrs. Frank Aycock of Eastland are moving to Cisco this week and will be located in their cottage on west third street.

Mrs. Lella Stuart is ill at her home, 204 west fifth street.

Mrs. Roy Burnam has returned from San Antonio where she visited her husband Pvt. Roy Burnam over the weekend. Private Burnam is being transferred to Wyoming near Cheyenne.

Mr. and Mrs. R. D. Jones and son Glenn Jones of Bastrop, who spent the past few days here left today for a visit at DeLeon before returning home.

Mr. and Mrs. F. F. Robertson and daughter Miss Marion Lee Robertson of Abilene spent Sunday with Mrs. Robertson's parents Mr. and Mrs. S. W. Altman.

Mrs. Albert Laska has returned to her home at Crockett after spending the past month in Cisco with relatives and friends.

Mr. and Mrs. Buford Carroll and baby of Sacramento spent Monday in the home of his parents Mr. and Mrs. O. S. Carroll.

Miss Gloria McGee of Coahoma, who has been a guest of her uncle and aunt Mr. and Mrs. Leo McPherson the past week returned home Tuesday.

Mr. and Mrs. M. H. Sargent and daughters Dolores, Mrs. Virgil Holcomb, Mrs. Troy Steward and her daughter Sherry spent the weekend in Carlton where they visited Mrs. Sargent's parents, Mr. and Mrs. B. E. Fulbright. They also visited with her brother Pvt. Clayton Fulbright and wife who were there from Courtland, Ala.

Cecil Kinard of Palatka is a guest of relatives in Cisco.

Mrs. John W. Worsham and son John W. and baby daughter Linda Lee Worsham, arrived from Waco the first of the week for a visit with her mother, Mrs. Randolph Lee Clark. Following their visit here they plan to join Dr. Worsham who is attached to the medical staff of the army at Sacramento, Calif.

Miss Beatrice Grace Shirley, manager of Western Union Telegraph Company at Palatka, arrived the first of the week to visit her grandparents, Mr. and Mrs. N. S. Kinard.

Mr. and Mrs. J. W. Bath of Abilene will be guests at their grandson Billy Howell at the Boy Scouts Court of Honor tonight.

Mrs. Wyn Prange of Los Angeles arrived Wednesday for an extended visit with her deceased husband's parents Mr. and Mrs. W. J. Prange and family.

Victor Childers son of Mr. and Mrs. Bill Childers, who enlisted in the navy August 30, is now stationed at the naval training center at San Diego, Calif.

Mr. and Mrs. Herman Harrison and daughters Misses Doris Jean, Melba Ray and Lavonne of Nizard community went to Littlefield Saturday for a weekend visit with Mrs. Harrison's sister and brother-in-law, Mr. and Mrs. Doss Maner and her brother, L. D. Stanford. They were accompanied home by her mother Mrs. L. D. Stanford, Sr., who had been visiting with her children there.

A. C. Donica of Dallas spent the past weekend in Cisco with his brother and wife Mr. and Mrs. Harry Donica.

The Eastland county singing class will meet Sunday afternoon at 2 o'clock at the Church of God in Eastland. All singers and those interested in singing are invited, says A. E. LeClaire, president.

Mrs. Pearl Ghormley, secretary of the Daily Texan staff at Austin, has returned to Cisco and is at present visiting in the home of her mother, Mrs. Ora Foreman and her aunt Mrs. Lulu Paschall.

Miss Helen Childers has returned to Southern Methodist University to resume her work as student after having spent a vacation in the ranch home of her parents Mr. and Mrs. Bill Childers, near Coon.

Mr. and Mrs. J. D. Pankton and son Ronny of Levelland are visiting Mrs. Pankton's stepmother Mrs. R. E. Corder and family.

Mr. and Mrs. Frank Johnson and children Douglas and Doice of Fort Worth came in Wednesday for a few days' stay.

Mrs. Martha Jo Hull is a new office employe of the J. C. Penney Company.

Mrs. J. T. Fields and Mrs. Sam Draganis are spending a few days in Fort Worth.

Mr. and Mrs. John Weath of Dallas spent the past weekend in the home of Mr. and Mrs. A. A. Hansen.

Mrs. W. W. Fewell, Sr., of Abilene visited her son W. W. Fewell and family in Cisco over the weekend, returning home Tuesday.

Mrs. Frank Langston of Dallas is visiting her husband's parents Mr. and Mrs. G. B. Langston.

Mr. and Mrs. L. Waters of Wichita Falls are visiting in the home of their son, Rev. Cooper Waters and family.

Mrs. Mary Abbott has returned to her home in Cisco after having spent the summer with her daughter and son-in-law Mr. and Mrs. Paul Jones in El Paso.

Lieut. Gordon Sherman left Sunday for Norfolk, Va., after spending the past few weeks with his mother, Mrs. Louise Sherman and family while on leave.

Miss Helen Childers has returned to Southern Methodist University to resume her work as student after having spent a vacation in the ranch home of her parents Mr. and Mrs. Bill Childers, near Coon.

Aviation Cadet Bill Sherman is expected here this week from Santa Ana, Calif., for a visit with

his mother, Mrs. Louise Sherman and family and his many friends in Cisco.

George Drewery of Dallas and Felix Good of Little Rock, Ark., have returned to Dallas after spending the weekend with Mr. and Mrs. J. T. Anderson and Mr. and Mrs. W. J. Foxworth.

Dr. and Mrs. C. E. Paul and children Lovell June and Blair Paul have returned from a vacation in San Antonio. While there Dr. Paul attended lectures at Texas Chiropractic college.

Mrs. H. N. Lyle went to Abilene Tuesday to meet her mother Mrs. R. W. Warren who has been visit-

ing her daughter in West Texas. Mrs. Warren will remain here for a visit with Mr. and Mrs. Lyle before returning to her home at Weslaco.

Mr. and Mrs. J. W. Plummer of Meran are spending today in the home of their daughter and husband Mr. and Mrs. C. C. Greenhaw.

Mrs. Ambrose Harwell and daughter are expected to arrive today from Houston for a visit with her mother Mrs. M. H. McCantles.

The Home Front Carries On.

Many Cisco citizens and patriotic Americans all over the nation are giving freely of their blood this week to build up blood banks to use in emergencies on the fields of battle where soldiers are giving their blood to free the world of despots who hesitate at no form of despoiling a country or brutally murdering its women, children and helpless old men.

Thus the home-front is carrying on.

A Switch in Time saved Mine...

My wife wasn't all joking.

She said that a real new car improvement would be to go easing sideways, right into a cramped parking space at the curb. I said yes—maybe in 1960. There's one swell improvement though, that's here *already!*—an OIL-PLATED engine! You get that immediately by switching to Conoco Nth motor oil. I don't say it's the *only* oil; they're not hiring me. But I had this engine OIL-PLATED around 1941. It's still running like a darby, using Conoco Nth oil all the while, to cut down damage from engine acids. If I know what I've read all through this War, the acids made by every engine are liable to cause corrosion inside. That's bad. But acids don't like OIL-PLATING—can't gnaw right through it. It's fastened real close or sort of plated onto working parts that you've got to protect till your new car comes. And even then you'll want the engine OIL-PLATED with Conoco Nth oil, the same as in the car you've got right now.

Notice....

RAINY WEATHER MAKES FLIES.

We have just received some HUDSON CONTINUOUS SPRAYERS.

Plenty of Stock and Household Spray . . . all kinds Poultry Medicines . . . Try our 30 Percent and 20 Percent Protein Cattle Cubes.

We have new Winter Garden Seed . . . Rye Seed . . . Will have Seed Oats.

We Appreciate Your Business.

Sacks are scarce this year. We have 15,000 re-cleaned and reconditioned sacks at 12 cents.

Firestone

FACTORY-CONTROLLED RECAPPING

★ GRADE A QUALITY CAMELBACK USED ★

6 Reasons Why You Get a Better Job with Firestone Factory-Control Methods

- (1) THOROUGH INSPECTION: Before any work is done, your tire is thoroughly inspected. Any weak spots or nail holes are marked for repair.
- (2) EXPERT REPAIRING: When repairs are needed, a trained specialist using latest approved methods builds up weakened or broken areas.
- (3) CONTROLLED BUFFING: The worn tread is precision-buffed for perfect balance. Only a minimum of rubber is removed to provide proper surface.
- (4) ACCURATE TREADING: New tread rubber of highest quality is carefully applied to the buffed tread base. Care and precision insure a well balanced tire.
- (5) SCIENTIFIC CURING: Careful scientific control of time and temperatures assures proper toughness and maximum wearing quality of the recap.
- (6) FINAL INSPECTION: Complete final examination carefully inspects inside and outside of tire. Note sharp, clear tread, ready for thousands of additional miles.

"By the dawn's early light" a young American patriot inspired by the sight of our red, white and blue flag flying over a battlefield — found in his heart the words which generations of Americans after him have learned to sing with reverence. The Star Spangled Banner was composed in 1814, and its words ring as true during the present conflict. "And this be our motto, 'in God is our trust!' And the star spangled banner in triumph shall wave o'er the land of the free and the home of the brave." How overwhelming would Francis Scott Key's joy have been, could he but have known that his song was to become the national anthem of the land he loved so well and in which he had such strong faith! How richly he merits our dedicating an added War Bond purchase to our nation in his name—on this anniversary date of his writing the Star Spangled Banner . . .
