GERMANS EVACUATING RIGA

DEWEY ASSAILS FRANK KILL- THE RECORD OF LOUGH BURIAL MR. ROOSEVELT AT EASTLAND

OKLAHOMA CITY, Okla.—In a slashing attack on President Roosevelt, Gov. Thomas E. Dewey last night declared his opponent's record in office is desperately bad and quoted from senate records in an attempt to show the white house was responsible for "the gloomy state of our defense program" four months before Pearl Harbor.

"He has asked for it—here it is," the Republican nominee shouted as he waded through a maze of quotations in an effort to support his contention that "the new deal is a road of peace and resorts to sneers and vilification."

In a prepared speech, rewritten and recharged as a result of Mr. Roosevelt's blast at what he called "lies and falsehoods on the part of Republican orators," the New York governor declared:

"Let's get this straight. The man who wants to be president for sixteen years is indeed indispensable. He is indispensable to Harry Hopkins, to Madame Perkins, to Harold Ickes, to a host of other political job holders.

"He is indispensable to America's leading enemy of civil liberties—the Mayor of Jersey City. He is indispensable to those innumerable machines in Chicago—in the Bronx—and all the others.

"He is indispensable to Sidney Hillman and the political action committee, to Earl Browder, the convict and pardoned Communist leader."

This was in reply to Mr. Roosevelt's statement, in his opening campaign speech for a fourth term Sunday night that it was a malicious falsehood to say he ever had represented himself to be indispensable to the nation.

Dewey, his eyes flashing in a manner reminiscent of his many courtroom battles, shook his finger at a crowd in the municipal auditorium and declared:

"Let us look at the closely supervised words of the hand-picked candidate for vice president, the son of my opponent: 'The only future of the peace and prosperity of the world depends upon its re-election in November.' I have not heard Mr. Truman reputed by Mr. Roosevelt as yet."

He referred to Senator Harry S. Truman of Missouri, Mr. Roosevelt's vice-presidential running mate.

"Here are the words of boss Kelly of the Chicago machine," Dewey went on, "the manager of that fake third term draft of 1940: 'The salvation of this nation rests in one man.' Was that statement ever repudiated by Mr. Roosevelt? No, it was rewarded by increased White House favors.

"And was it a falsehood that one of the first acts of Mr. Roosevelt's newly selected national chairman was to announce last May that he was for a fourth term and—that he was looking forward to a fifth term?"

At the outset, Dewey recalled President Roosevelt's words when he accepted a fourth term nomination: "I shall not campaign in the usual sense . . . in these days of tragic sorrow I do not consider it fitting . . ."

"Last Saturday night," the former New York rackets prosecutor rapped out, "the man who wants to be president for sixteen years made his first speech of this campaign. Gone was his high sounding pledge. Forgotten were these days of tragic sorrow.

"It was the speech of mudslinging, ridicule and wisecracks.

"It plumbed the depths of demagoguery by dragging into his campaign the names of Hitler and Goebbels; it descended to quoting from Mein Kampf and to reckless charges of fraud and falsehood."

He had not intended, Dewey said, to "take over my opponent's

Frank Killough, a native of Wise county but a resident of Eastland county for a number of years, died at his home in Houston Saturday, where he was employed with the Houston Land Bank. A heart attack is said to have caused his death.

Son of Mr. and Mrs. I. J. Killough of Eastland, deceased will be remembered in Cisco as having made a number of speeches in behalf of Hon. R. Q. Lee in his race for congress in 1928. Following Mr. Lee's election, Mr. Killough accompanied him to Washington as his private secretary. He was born May 1, 1905, and leaves a wife and two children in addition to his parents. He was regarded as a thoroughly honorable and highly capable young man.

Funeral will be held at the Eastland First Methodist church at 5 o'clock this afternoon, with Rev. L. Durwood Fleming officiating. Burial will be in the Eastland cemetery.

and record of failing to prepare the defenses of this country for war."

Were We Prepared?

"It's all in the past—a very tragic past," he said. "It has cost countless American lives; it has caused untold misery.

"But Mr. Roosevelt has now brought the subject up. He seized violently upon the statement that we were not prepared for war when it came. He calls that a falsification which not even Goebbels would have attempted.

"Now, were we prepared for war, or were we not? It is a simple question of fact.

"In 1940, the year after the war began in Europe, the United States was in such a tragic condition that it could put into the field as a mobile force no more than 75,000 men. The Army was only 25 per cent ready. Now, Mr. Roosevelt, did those statements come from Goebbels? Was that fraud or falsification? Those were the words of Gen. George C. Marshall, chief of staff of the United States Army, under oath."

He then quoted Gen. H. H. Arnold, chief of the Army Air Forces, as having said last Jan. 4 that the Pearl Harbor attack found the Army Air Forces equipped with planes but not with planes.

Four months before Pearl Harbor, Dewey went on, Senator Truman said during floor debate that "there is only one place where the responsibility can be put" for what Dewey called the shocking state of defense preparations.

"Then," Dewey quoted, "Vandenberg said, 'Senator, where is the chairman of the committee (Truman) replied, 'Yes, sir.'"

Again he quoted Truman as having said, on the Senate floor in May, 1943, "After Pearl Harbor we found ourselves woefully unprepared for war."

And in Senator Alben Barkley's speech nominating Mr. Roosevelt for a fourth term at Chicago, Dewey went on, the Kentucky Democrat said, "When the treachery of Pearl Harbor came we were not ready."

When he, Dewey, called for a two-ocean navy in January, 1940, the candidate said, President Roosevelt termed his statement just plain dumb.

"Then, as now," he declared, "we get ridicule instead of action.

"And when Hitler's armies were at the gates of Paris, Mr. Roosevelt again soothed the American people with the jolly comment: 'There is no need for the country to be discommodated.'"

The Presbyterian Auxiliary will observe family night at the church Wednesday night at 7 o'clock. A picnic supper will be served and a short program will follow.

Philharmonic to Broadcast Final Summer Concert; Madison Square Garden Will Be Scene of Airing

THAT the thousands of people whose requests for tickets might be accommodated, the United States Rubber Company has just completed arrangements to stage the final concert of the New York Philharmonic's summer series from Madison Square Garden on Sunday, October first. This concert will be broadcast over the CBS network from 3 to 4:30 E.W.T. In this way all those disappointed earlier in the season will be certain of hearing one concert.

Dr. Artur Rodzinski, right insert, conductor and musical director of the organization, will direct the final concert of the orchestra's summer series. Helen Traubel, left insert, distinguished dramatic soprano of the Metropolitan Opera, is to be the soloist.

With the broadcast of October 8th the Philharmonic Symphony broadcasts again come from Carnegie Hall as the orchestra begins its regular fall and winter subscription season.

Application for tickets to the Madison Square Garden concert October 1st should be addressed to the United States Rubber Company, Radio Department, 1230 Sixth Avenue, New York City.

TEXAS REGULARS GO ON NOV. BALLOT

AUSTIN, Sept. 26.—A new political party was born in Texas yesterday, to be known as Texas Regulars, and filed its list of twenty-three presidential electors with Secretary of State Sidney Latham for the Nov. 7 general election ballot.

It also announced it had formed a campaign committee and would wage a vigorous campaign in the forty-three days remaining before the election to carry the state for its electors who are neither Roosevelt Democrats nor Republicans.

If these electors should carry Texas, it is entirely possible they could be the balance of power in the electoral college between the Democratic ticket and the Republicans. They are opposed to Franklin D. Roosevelt and Harry S. Truman, Democratic nominees for president and vice president, and are not for Gov. Thomas E. Dewey and Gov. John W. Bricker, respective Republican opponents seeking the same high offices. They could even throw the election into the national house of congress.

There were those who wondered if the new party could provoke such a division among Democrats as to cause the Republicans to carry Texas. The last time there was a national split ticket in this state it was over the money issue when the gold Democrats opposed the Democrats who followed William Jennings Bryan and his free silver plan.

The list of Texas Regular electors as filed yesterday and accepted by Secretary of State Latham follows:

T. G. Holbrook, Austin; E. B. Germany, Dallas; T. G. Tilford, Nacogdoches; Ernest A. Bost, Schulenburg; Arch H. Rowan, Fort Worth; John Wheeler, San Antonio; John H. Crocker, Houston; Mrs. F. R. Carlton, Dallas; J. Harry Burke, Corsicana; Olin P. McWhirter, Greenville; W. Edward Lee, Tyler; E. R. Speece, Columbus; Fred Brown, Eastland; H. J. Mosser, Alice; Mrs. Cecil Smith, Sherman; Richard S. Brooks, Midland; E. L. Klett, Lubbock; Raymond Robbins, Athens; T. J. McMahon, Abilene; Mrs. Orville Tunstall; Donley Saddath, Henrietta; Clyde Warwick, Canyon, and Horace Blalock, Marshall.

Thirteen of the foregoing were elected by the Regulars in the May convention and removed by the Dallas convention: Holbrook, Germany, Tilford, Bost, Rowan, Wheeler, Crocker, Mrs. Carlton, Burke, McWhirter, Lee, Brown and Mosser.

BERLIN BOASTS THAT ALLIED DRIVE INTO GERMANY WILL COST 'STREAMS OF BLOOD'

MOSCOW, Sept. 26.—The battered German army of the Baltics has begun the evacuation of Riga, capital of Latvia against which Russian troops were closing from three sides, the Soviet army organ Red Star reported today.

Front dispatches said the Russians had won complete control of all rail junctions and main highways leading out of Riga, and the Red air force was pounding the secondary roads over which the German garrison was fleeing.

Big air battles raged over the Riga area as the Nazis command threw in strong fighter formations in a desperate attempt to shield the hard pressed ground forces.

Red Star reported that Soviet armored and mobile forces were racing toward Riga from the east, beating back the German rear guard which was fighting for time to evacuate the main garrison from the capital.

Red army tanks were reported nearing the main air-drome in the Riga area the capture of which will place the Nazis at the mercy of Russian assault planes swarming over the battle zone.

In a climactic drive to wind up the Baltic campaign and free their full striking power for an all out offensive against East Prussia, the Red armies seized one of the two escape ports still open to the Germans in Estonia, herded the surviving enemy divisions against the sea coast, and broke open the long-prepared Nazi "winter line" guarding the eastern approaches to Riga.

The battle of Estonia was virtually ended yesterday, except for mopping up operations, when spearheads of Marshal Leonard A. Govorov's Leningrad army captured the port of Haapsalu and more than 800 other towns and villages, along with over 1,000 German prisoners and huge quantities of war material.

SUPREME HEADQUARTERS, AEF.—A thinning band of British paratroopers still held grimly to the Rhine gate at Arnhem under murderous cross-fire today, but front dispatches hinted their situation had become desperate and only immediate relief could save them from death or capture.

As the battle for the lower Rhine crossing and the gateway to northwestern Germany blazed into its tenth day, field dispatches revealed that the sky troops had lost the north end of the Arnhem bridge and the fight now centered around a railway span running into Oosterbeek, two miles west of Arnhem.

Simultaneously General Eisenhower ordered a complete security blackout on all operations in Holland and forbade all news and speculation on the battle.

Headquarters said the secrecy had been imposed because the situation had become "extremely fluid," making it imperative to screen Allied moves from the enemy.

Below the disputed crossing, Allied troops shoved out the east wall of their corridor with the capture of Helmond, Deurne and Mook and opened a secondary supply road to Nijmegen, apparently along the eastern flank.

No major changes were reported on the American 1st and 3rd Army fronts from north of Aachen down to the Meurthe River Valley, but 3rd Army units made some progress northeast and southeast of Nancy against stiff opposition, while the U. S. 7th Army drove closer to the Belfort Gap.

Radio Berlin boasted that the Allied drive into Germany would be "measured in inches and will cost streams of blood," and that "war of destruction will be opposed by defense of destruction."

Official spokesman said supply columns still were running the gauntlet of Nazi shellfire northward from Nijmegen to the south bank of the Rhine, where the British 2nd Army was building up a powerful relief column within full view of the trapped paratroopers on the far side of the river.

It was admitted, however, that the convoys were forced to travel on secondary roads above Nijmegen, since Elst, almost midway between that town and Arnhem, was still in German hands.

SOUTHWEST PACIFIC.—American forces stepped up the battle for the protective bases of the Philippines today as an undisclosed number of army troops joined Marines on Peleliu island and Naval bombers struck crippling blows at the shipping upon which the Japanese defenses depend.

Gen. MacArthur disclosed that a single Catalina bomber sank three Japanese warships in one run over Davao gulf in the southern Philippines and another Navy bomber sank 10,000 ton tanker and damaged a 3,000 ton freighter 300 mile south of Mindanao.

His Pacific collaborator, Adm. Chester W. Nimitz, revealed that the Army had joined the Marines for climactic fighting on Peleliu in the Palau islands, 560 miles east of the Philippines. The remaining Japanese there had been driven into a pocket less than 1,600 yards long on its northwestern tip. A front dispatch quoted a spokesman that this was "the beginning of the end."

AIRPLANE REPAIR DEPOT NEEDS HELP

According to the public relations office, civilian employees are urgently needed at the huge airplane repair depot at the San Antonio air service command, Kelly Field. More than 1,700 war workers, in several job categories, are needed at once to help speed the day of complete victory over the Axis. Pay for those jobs ranges from \$1,500 to \$2,300 per year, plus 21% overtime; housing is guaranteed.

So urgent is the need for these additional workers that representatives of the U. S. civil service commission, the U. S. employment service and the army air forces will be in Cisco Tuesday, Oct. 3, to explain about jobs which are available and hire interested persons on the spot.

The recruiting team, headed by Capt. Thurman J. Beene, will set up temporary headquarters in the city hall from 8 a. m. to 3 p. m. All interested persons are urged to visit them and find out about the many job opportunities, at good pay, which are available in San Antonio.

With the anticipated early end of the war in Europe, emphasis by the Army Air Force is shifting to the Pacific theater for an all-out blow against Japan. With this shift in emphasis comes additional work for AAF installations in the Southwest and West, and it is this added work-load which has created the present urgent need for more workers at Kelly Field.

LT. FRED RYLEE WAS SHOT DOWN BY NAZIS

Mrs. H. H. Tompkins has been notified that her nephew Lieut. Fred Rylee, 25, son of Mr. and Mrs. E. L. Rylee, former Ciscoans now living in Odessa, was shot down somewhere over Germany, September 11, while piloting a Liberator bomber. No further information was furnished by the government.

Rylee began his flight training at Coleman army air field in September, 1943, and received his wings and commission from the Lubbock army air field, January 7. He received further training at Fort Worth army air field, graduating there April 15. He had been overseas three months when his plane was shot down.

The young man was a graduate of Cisco high school and for two years was a member of the Lobo football team. He attended Texas University two years. His wife and daughter live in Big Spring.

LOCAL BOWLERS STRIVE FOR MASTERY

VACATION IN SIGHT.

Reg. Cross surgical dressings workers expect to finish the present quota Wednesday afternoon, says Mrs. A. D. Anderson, and will begin work on another quota Thursday afternoon. The latter quota is said to consist of 9,000 4x4s and 2,800 4x8s. When it is completed, Mrs. Anderson said, the work rooms in the Reynolds building will be closed until some time in January. So, the larger the turnout of women this week, the sooner the assignment can be finished and the vacation period begin.

Keep at it... till the Shootin' Stops!

The enemy is reeling and staggering from the magnificent action of our men on all the battle fronts. Here on the home front we must not let up—we must keep at it, till the shootin' stops.

Keep on buying War Bonds—giving blood to the Red Cross—taking active part in salvage campaigns—staying at our war job—in fact, doing our utmost at every activity that will aid our war effort, until final victory is achieved.

Greyhound, too, has a job to keep at, till the shootin' stops...the very important job of helping to keep vital transportation on the move quickly and efficiently. After Victory, Greyhound will work to set brand-new standards of highway travel...until then, let's all keep at it till the shootin' stops.

My Electric Bill is Always LOW!

No wonder you're pleased, lady! Far from going up, electric prices have been coming down—steadily! Within the last three years, while the cost of living has climbed about 22%, the average price of household electricity has dropped about 9%. Why is electricity so cheap compared to other services and to the amount of investment and labor behind it? Because experienced business management has made it so! Your electric company has been on this job for years.

CATHEDRAL CITY OF COLOGNE—In striking contrast to war-ravaged churches, schools and art museums in England, France other Allied countries, buildings in Germany's cathedral city stand untouched by war. Under German military domination since 1936 when Hitler sent armies marching into Rhineland in violation of Locarno and Versailles treaties, Cologne lies in direct path of Allied armies advancing through Germany. In foreground is famous Cathedral and railroad station is to right.
