... A beacon for miles around

Baptist Church building to be dedicated Sunday

Members of the First Baptist Church of Dimmitt will dedicate their new worship complex in a day of special services Sunday.

THE NEW building, located on Western Circle Drive, has 36,000 square feet of floor space and will seat over 550 people. The cost of the new complex was more than 750,000 and was in planning and building stages for over five years.

Sunday morning worship services will begin at 10:30. Frank Pollard, former pastor of the local church who is now pastor of Shiloh Terrace Baptist Church in Dallas, will be guest speaker. Johnny Burnett, missionary to Brazil, will sing at both morning

and evening services. He is a former director of music and education for the church.

EUGENE GREER of the Texas State Mission Board will present the evening sermon at 7 o'clock.

Others who will take part in the dedication services include Rev. Earl Landtroop of Clovis, who was pastor of the local church in the late 1940s and early '50s; Dr. Strauss Atkinson, area missionary; Mrs. Edwin Ramey; Mrs. W. E. Kirkpatrick; Gene Morrison, chairman of the building committee; and A. C. Hays, chairman of the building finance committee.

Several others who played key roles in the planning and construction of the new building will be recognized during the services.

A reception and fellowship for guests, former pastors and friends

will be held in the new fellowship hall after the evening service.

ALL FORMER pastors, former members and the general public are invited to an open house from 2 to 4 p.m. Tours of the new building will be given at this time. Wheelchairs will be available at the back entrance to the church for anyone needing them. Young people of the church will be on hand to assist.

Road ruts lead to car turnover

Heavy ruts in a county road led to the turnover of a car in the Five Point area at 2:25 a.m. Friday.

THE accident occurred on a county road 12.7 miles southeast of Dimmitt.

Highway patrolmen reported that Don Jameson, 32, of Route 2, Hart, lost control of his 1969 Rambler sedan when it hit some deep ruts in the road. The car ran off the road, then overturned when it hit a bar ditch, patrolmen said.

The mishap caused heavy damage to the car, but Jameson escaped unhurt, patrolmen reported.

HI, SANTA!—This awed youngster was one of hundreds who greeted Santa Claus Saturday morning on his first visit to Dimmitt, during the free children's cartoon show at the Carlisle Theater. Santa will be on hand at the theater again at 9:30 a.m. Saturday to talk to all the boys and girls who missed him the first time. The cartoon show, sponsored by Dimmitt's merchants, will run from 10 a.m. to noon.

City calls \$50,000 bond election

Dimmitt's city commission voted Monday night to call a \$50,000 bond election for Jan. 9 to raise funds "for necessary street repairs, street construction and maintenance equipment."

CITY Manager E. B. Noble said the bond issue would be paid off by the new city sales tax income. Dimmitt hasn't yet started

receiving its sales-tax returns, though, and Noble said the city needs to borrow money against this future income to keep its street program going.

"We won't have any trouble paying off the bonds from our new sales tax income," Noble said, "but we really needed the sales tax income a year earlier."

We simply are running out of money for street work and have reached the point at which the need to borrow money or lose some streets."

The city's specific plans for the \$50,000 bond money are the paving of several unpaved residential streets in West Dimmitt, and the

purchase of a new street sweeper to replace the 10-year-old sweeper now in service.

THE ISSUE would be seven-year bonds to be retired in 1978, the same year all the city's other tax bonds — airport, city hall, fire equipment, streets — will be paid off.

Dimmitt voters approved the

one percent city sales tax last April, to take effect in October. Returns will start coming in quarterly in 1971, and are expected to be \$80,000 or so per year.

But Noble said the commission felt that the city couldn't keep the street program going on a healthy schedule if it had to wait out the sales-tax income.

CofC drops beauty pageant

Directors of the Chamber of Commerce voted Friday morning to discontinue the Miss Grain Sorghum Pageant in 1971.

CHAMBER President Bo Bryant said the reasons for the board's action were a general lack of local interest in the pageant, a lack of financial support from the grain sorghum industry, and heavy deficits in the last two years' pageants.

Bryant said this year's pageant suffered a heavy financial loss despite lively response by local businesses in a new income builder, pageant program advertisement.

Money has had to be taken from the chamber's general operating budget to pay off the pageant's losses during the past two years, Bryant said.

THE MISS Grain Sorghum of the Nation Pageant, started in 1960 with all local contestants, grew into a rich, popular beauty-talent contest that crowned winners from three states.

With good support from the red-grain industry, the pageant in 1967 was expanded to major proportions, with scholarships equaling those of the Miss Texas Pageant.

For the past three years, the Miss Grain Sorghum winner has received a \$1,000 scholarship, with her two runners-up getting scholarships of \$500 and \$250 and the "Miss Congeniality" winner receiving a \$50 bond.

In 1968, the pageant drew 31 girls from four states.

WINNERS have included eight from Texas, one from Kansas and one from New Mexico. The current Miss Grain Sorghum is Charlotte Lee Smith of Throckmorton, who is using her \$1,000 scholarship to pay for her freshman year at Texas Tech.

This year the August pageant was expanded to a two-night event, with talent competition Friday night and finals Saturday night. A \$50 bond award was added to the prize list for the top talent act.

Entries also were restricted this year to girls who had won previous beauty titles. The pageant attracted 18 entries from Texas and Oklahoma.

HOWEVER, Dimmitt High School auditorium was only half filled both nights of the pageant, and Bryant said the crowd was mainly people from other cities. Compelled with the shortage in ticket income was a drop in financial support from feed and seed companies, distributors, elevators and associations. Contributions which had generally topped \$1,000, fell to \$300 this year. Bryant said the drop was due to the current tight-money situation in the industry.

The pageant could be revived in 1972 if enough real interest is shown, Bryant said.

"The chamber is indebted to all organizations, families and individuals who have helped the pageant grow in size and popularity through the years," Bryant said. "Perhaps we can start it again in 1972 if enough people show a genuine interest in it."

City annexes mobile-home park

The Dimmitt City Commission approved the annexation Monday night of four acres adjoining the north city limits, being developed by Mr. and Mrs. Bert Andrews into a new mobile-home park.

THE property is located a block north of the Golden Spread Nursing Home.

In petitioning for annexation, Mr. and Mrs. Andrews said they plan to develop spaces for 30 large mobile homes, with electricity, water, sewer and paving provided. They also own a mobile home park in South Dimmitt.

RENE CRESPIN WITH MOTHER AND NURSE SUE BURT
... Tot weighed only 2 pounds, 10 ounces when born in October

'Little Wren' goes home

Rene Crespin, daughter of Mr. and Mrs. Johnny Crespin of Dimmitt, went home Dec. 1 from Plains Memorial Hospital.

RENE, who weighed only 2 pounds, 10 ounces when she was born Oct. 14, became a favorite with her nurses during her six-week stay in the hospital nursery. She was even nicknamed "Wren," because of her real name and her size.

During her stay, Rene lost down to 2 pounds, 1 ounce before beginning to gain back to the 4 pounds, 13 ounces, of giggling, cooing baby girl that left the hospital with a very happy mother.

The nurses, however, were a little sad to see her go.

COMMENTS were varied, but "We'll miss her," and "She has

more mothers than most babies" were the most frequently heard.

"She's really a beautiful baby," Sue Burt, acting supervisor of

Accident results in heavy damage

A 1968 Volkswagen was demolished and a 1965 Chevelle was heavily damaged in a broadside crash Saturday afternoon at West Bedford and Seventh.

NO ONE was seriously hurt in the collision, however.

Driver of the Volkswagen was Nancy Lanett Robertson, 14, of 611 W. Etter St. Her 13-year-old brother, Jeffrey Lee, was a passenger in the car. Paula Jo Birdwell, 21, of 714 Cleveland St. was the driver of the Chevelle.

Police Chief W. W. Jones said Miss Robertson's northbound car was crossing Bedford on Seventh, where the streets intersect at an offset, then her car crossed the path of Miss Birdwell, who was driving west on Bedford. Miss Birdwell's Chevelle struck the Volkswagen at the right rear wheel.

THE VOLKSWAGEN was listed as a total loss, and damage to the Chevelle was estimated at \$750.

Miss Birdwell and Jeffrey Robertson were treated and released at Plains Memorial Hospital for minor cuts and bruises.

Miss Robertson was cited for failure to yield right-of-way and for driving without a license.

about dimmitt and castro county

Due to the pretty weather this week I haven't had time to write a column. When the weather will permit, this time of year, you just have to get in a few rounds of golf, and the days being so short it doesn't leave time for anything else.

I wish we could have had some bad weather during the week. There are several things that I should have brought to the attention of my readers about the republicans, and there could have been a long paragraph about some recent statements by FBI Director J. Edgar Hoover. The old boy is just too old to serve in a responsible position. He may be an American idol but he should be retired.

Bible Thoughts CHOOSE THE COURSE By Ronnie Parker Christ says through John, "But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death" (Rev. 21:8). Even a casual acquaintance with the scriptures enables one to know that Hell is very real. Those who die in sin will have to suffer the horrible pain in torment where "there shall be wailing and gnashing of teeth" (Matt. 13:42) "and shall be tormented day and night for ever and ever" (Rev. 20:10). God does not desire that men be condemned... else we might conclude that hell, the punishment for sin, is unjust. Remember Peter said that God was "not willing that any should perish, but that all should come to repentance" (2 Pet. 3:9). We might think hell unjust if there were no escape from sin. But God has provided the escape from sin in the person of Christ. Men are free moral agents with the power to choose either the path that leads downward to hell or the path that leads upward to heaven. God will not force anyone to depart from sin. He invites everyone to depart from sin and receive Christ. You choose the course. Heaven or Hell? Which shall it be for you! FOURTH AND BEDFORD CHURCH OF CHRIST

It takes a Good Eye... TO THREAD A NEEDLE Did you ever thread a needle? ... Most everyone has, it takes a good eye, for the opening is small. Did you ever try to thread one while someone else held the needle? ... This is almost impossible. All this brings us to the point that... there are some things that we must do ourselves. We can not send someone else to church for us, we can not have someone else worship the Lord for us. These things are strictly on an individual basis. ATTEND CHURCH ... YOU'LL BE GLAD THAT YOU DID.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Blackhawks hand Cats first loss

Dimmitt's Bobcats coasted past two opponents in the Plainview Invitational Tournament, then hit a rocky road as they suffered their first setback of the season, a 64-56 loss to the Phillips Blackhawks, in the championship game Saturday night.

THE title bout of the Plainview tourney's small schools division was the first really close game of the year for the Bobcats, whose victims have included the Class AAAA Hereford Whitefaces and a pair of AAA teams.

Kent Bradford of Dimmitt was named to the all-tournament team, one of 10 players chosen from the 16 teams of all classes competing in both divisions in the tourney.

Bradford had a hot hand all through the tournament, scoring 82 points in three games for an outstanding 27-point average.

THE BIG senior post forward racked up 24 points and teammate Mark Wohlgenuth sank 23 to lead the Bobcats to an easy 84-63 victory over Lorenzo in the opening round of the tourney last Thursday.

Max Newman, who usually specializes in defense, also got into the double-figure column as he contributed 12 points to the Bobcat victory.

Coach Kenneth Cleveland's Bobcats got off to their patented whirlwind start and had the Lorenzo quintet stumped, 28-13, by the end of the first period. With Cleveland substituting freely, the Bobcats maintained their lead at 15 and 16 points throughout the second and third periods, then staged a big finish in the fourth to capture a 21-point victory.

DESPITE the Bobcats' burning of the nets against Lorenzo, Cleveland was worried about their free-throw performance. They converted only 16 of 28 from the charity line.

Advancing to the semi-finals, the Bobcats pulled their same whirlwind act in the first quarter against Paducah conqueror of Abernathy, and coasted to a 77-60 victory.

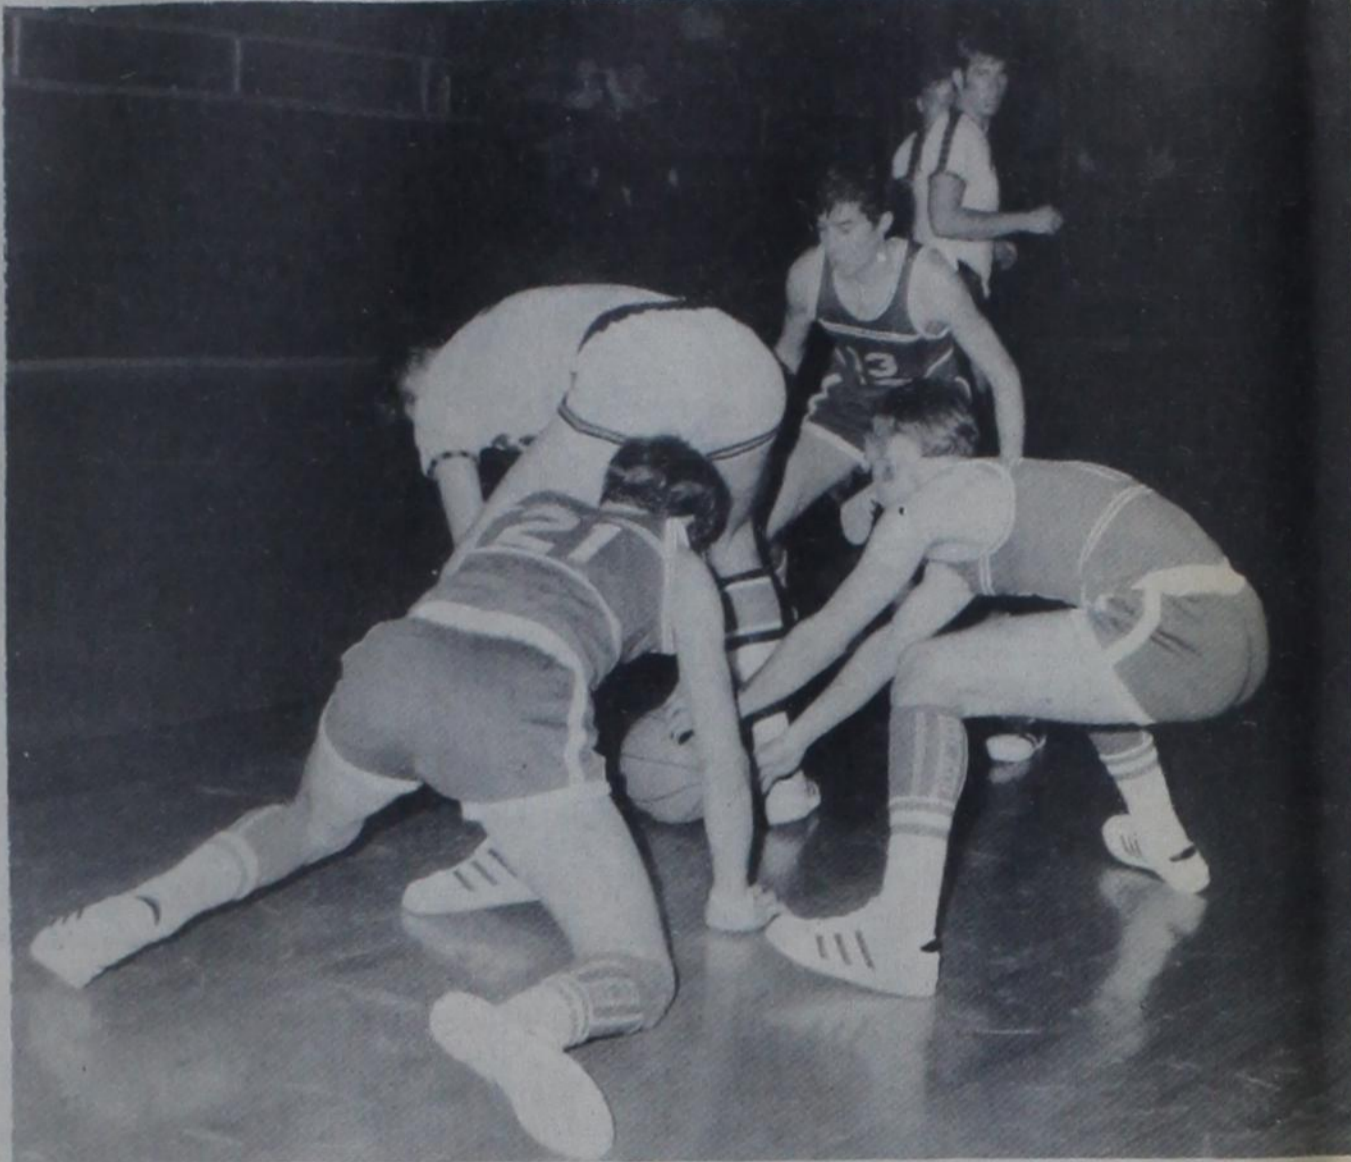

The Cats shot and stole their way to a big 22-10 lead by the end of the first period.

Paducah was shaken, but not so. The Dukes rallied with a 17-point second quarter to gain a point, but the Bobcats still held a commanding 38-27 lead at the halftime break.

DIMMITT resolved the question in the third quarter as Bradford burned the nets and the Bobcat defense bore down to choke off Paducah with nine points. At the end of the third it was Dimmitt 54, Paducah 36 as Cleveland continued shutting from the bench.

The final frame was red-hot as Dimmitt swished the nets for 23 points and Paducah sank 24. Bradford, having his hottest night of the season so far, built his point total to 32, despite plenty of rest on the bench. Wohlgenuth contributed 14 points before fouling out in the final quarter, and Danny Ebeling added 12.

The victory set the stage for a championship showdown Saturday night between the Bobcats and the Phillips Blackhawks, who had knocked off Ralls and Tulia in the

HIKE!—This scramble for the ball in the Plainview Tournament championship game Saturday night looked for a second like a football play developing, with Dimmitt's Jerry Matthews (11) as the quarterback and an unidentified Phillips player as the

center. Also in on the scramble are Dimmitt's Mark Wohlgenuth (21) and Danny Ebeling (13). Phillips won the title game, handing the Bobcats their first loss of the season, 64-56.

1970 crop year proved worth of tailwater recovery system

By LARRY O. STARNES
This past year has put many farm irrigation systems to a severe test. The extremely dry conditions farmers experienced in 1970 proved the inability of many systems to effectively handle the acreage they were normally expected to cover.

Not enough wells to do the job? Likely.

But recognizing the problem is only the first step in solving it. We must look objectively at what can be done to prevent the recurrence, or at least substantially reduce this problem.

PRODUCERS who have tailwater recovery systems are able to testify to their worth following this 1970 crop year. The desire of every producer applying irrigation water is to apply the water uniformly throughout the length of his field with the highest efficiency and the lowest possible cost. Tailwater recovery systems are a sure way of doing this.

A large portion of the soil in Castro County has a moderate intake rate. To apply water evenly across this soil, it must be applied at a rate fast enough to reach the lower end of the field before the upper end is saturated. Then the water must be allowed to run long enough to saturate the lower end. By the time this is accomplished, tremendous amounts of water are lost from the furrows.

It is very common to find a tailwater recovery system returning as much as one-third of the original well yield. Pumping cost to return this water to the upper end is generally about 25 percent of an equal volume of water pumped from an irrigation well.

Your local Soil Conservation Service can provide you with assistance in planning, design, layout and installation of a tailwater recovery system for your farm.

TAKE A mesh onion bag on your next camping trip. After dinner put the silverware in the bag and dip it in boiling water. Hang it in a tree to dry. No work—no worry.

IMPROPER planning? Perhaps. Inferior management? A possibility.

Liability limits set on lost cards

Each year, up to a million credit cards are lost and 300,000 are stolen. To protect a consumer plagued by disappearing credit cards, Congress has passed a new law that will be effective Jan. 23.

THE NEW law states that an individual will not be liable for any loss from unauthorized use of his card after he has reported its disappearance to the issuer. Notice may be by telephone or by letter.

Most companies will cancel use of the card once they have been notified. If the notice is by letter, cancellation is effective the day the letter is postmarked. For losses occurring before notification, liability is limited to \$50.

The \$50 liability applies separately to each card that is lost. So, if a billfold or purse containing five credit cards is misplaced, the potential maximum liability is a total of \$250. If a husband and wife lose their cards on a joint account, however, the total liability is limited to \$50.

DRIVERS' EDUCATION classes conducted here in Spanish last week attracted 54 local residents who wanted to get the classroom training they needed to take their drivers license tests. Conducting the free course were (standing, from left) Highway Patrolman John Barreras of Lubbock, Patrolman C. D. Fitzgerald of Dimmitt

and Sgt. J. M. Luckie of Plainview. The course in the District Courtroom consisted of two-hour classes three nights last week, ending Thursday. The Chamber of Commerce and several local civic clubs joined the Dept. of Public Safety's Drivers License Division in co-sponsoring the course.

GARY MOORE, YOUNG FARMER OF THE MONTH
... With sons Steven and Gavin, and wife Judy

Dimmitt Young Farmers choose Moore 'Young Farmer of Month'

Gary Moore has been named the "Dimmitt Young Farmer of the Month" for December.

MOORE, who is president of the Young Farmers chapter here, was chosen by his fellow members mainly because of his leadership, which has resulted in an increase in both activities and attendance during the past month.

The Young Farmer of the Month operates 2,500 acres with his father, B. L. Moore. His major crops are milo, corn, wheat, sugarcane and cotton.

MOORE, 27, has been a member of the Dimmitt Young Farmers five years. During that time his wife, Judy, has also been active in the Dimmitt Young Farmers, and now serves as reporter.

MR. AND MRS. Moore both graduated from Dimmitt High School and attended West Texas State University for a year. They are members of the Northside Church of Christ.

The Moores have two sons, Gavin, 4, and Steven, 2.

In addition to serving as president of the Young Farmers, Moore is a director of the Castro County Farm Bureau. In the past he has served the Dimmitt Young Farmers as reporter, treasurer and vice-president.

THE DIMMITT Young Farmers started their "Young Farmer of the Month" recognition program last month. The month's winner is elected by fellow members.

THE BASIC natural wealth is the soil. Man is the final crop of any soil. He comes from the soil and returns to it at death. He lives on the soil or returns to it frequently. He is sustained by the soil. Therefore as the soil is so is the man. The wise use of our resources mean nothing except as they are used in relation to human welfare and the progress of society." — Better Land for Better Living

A program on the recent Governor's Conference on Youth and the upcoming White House Conference will be presented Saturday over Radio Station KDHN at 9:15 a.m.

RONNIE PARKER, who attended the Governor's Conference and is a Texas delegate to the White House meeting in February, will be on the program.

The discussion will include comments on the problems of children and youth today, and what government can and cannot do to help solve these problems.

DIMMITT CONSUMERS MANAGER AL GIBBS AT COOPERATIVE'S NEW LOCATION
... At left is farm store, at right is automotive service center

Dimmitt Consumers plan grand opening Saturday

DIMMITT CONSUMERS, B&I W. store, auto service center, gasoline bulk plant and service station. The \$50,000 remodeling project started July 1. Don Hargrove was the building contractor and Killingsworth Construction Co. provided the paving and concrete work.

The former Dimmitt Consumers site has been sold to Dimmitt Wheat Growers, Inc.

WITH THE move to new quarters and the completion of the remodeling project, Dimmitt Consumers now has one of the largest cooperative farm service centers in the area. The new site has twice as much space as the former location.

Al Gibbs has been manager of Dimmitt Consumers since 1962. Other employees of the association are Henry Howell, assistant manager; Mrs. Carol Jeffrey, bookkeeper; Mrs. Anna D. Gibbs, office and farm store assistant; C. J. Johnson, auto service department; J. C. Gardner, bulk deliveries; Emilio Nino and Alex Abrego, outside service men.

Dimmitt Consumers serves the general public with Shamrock petroleum products, as well as many brands of auto accessories, tires, batteries, work clothes, farm tools, parts and supplies. New bulk tanks underground give Consumers a total storage capacity of 28,000 gallons of gasoline and 18,000 gallons of diesel fuel. The plant has two trucks to deliver gasoline and butane to the farm.

DIMMITT CONSUMERS was founded in 1932 as a cooperative fuel association, and was located at its original site at East Bedford and Fourth from the time of its founding until its recent move.

Present officers of the association are Raymond Annen, president; John Gilbreath, secretary; and Milton Bagwell and Robert Benton, directors.

"We're proud of our new service center and would like for you to see it during our grand opening Saturday," Gibbs said.

The view from your library

By MARY EDNA HENDRIX
I would like to mention again for anyone who can, please listen to the Library Radio Program on KDHN Saturday at 9:15 a.m. Note the change in time. Ronnie Parker will be my guest, and he will talk about the problems of children and youth. He is a member of the Texas delegation to the White House Conference on Youth next year, and took part in the recent Governor's Conference on youth.

My grandson, Kevin Lankford of Dallas, entered a contest sponsored by the library at the Spring Valley Elementary School. The theme of the contest was "The Age of Books." Kevin made a poster and the inscription read, "Don't let your books age during the Age of Books." The poster had a stack of books covered with cobwebs spun by a spider at the top. He won first prize for all the fifth grades. In addition to a blue ribbon, he will get to select a hardbacked book.

THIS IS the time of year when most of us put on a few extra pounds with all the good food we have during Thanksgiving, Christmas and New Year's. We have a new book in the library entitled "Forever Thin" by Theodore Isaac Rubin, M.D. Do you need to read it?

We also have Dale Evans Roger's new book, "The Woman at the Well." Dale tells her own story in this inspiring and entertaining book. Her account is one of a modern woman at the well—the testimony of an extraordinary woman of faith who drank deeply of the water given by Christ, and who now invites others to drink at the well.

Another new book is "My Life With Jacqueline Kennedy" by Mary Barelli Gallagher. Mary Gallagher was Jacqueline Kennedy's personal secretary from shortly after her marriage to Sen. John F. Kennedy through the White House years and afterward. She worked closely with Mrs. Kennedy in the family quarters and watched her brilliant refurbishing of the White House; she was with her on that fateful day in Dallas and returned to Washington in the plane. This book reveals Jacqueline Kennedy as a real person—as a wife, as a mother, as a seeker of perfection in art and life.

Parker returns from meeting of Bible Society in New York

Ronnie Parker of Dimmitt was one of nearly 200 churchmen and women from all over the US who attended the three-day annual meeting of the Advisory Council of the American Bible Society in New York, N.Y., Nov. 30 through Dec. 2.

SESSIONS were held here at the Commodore Hotel and at Bible House headquarters of the American Bible Society, 1865 Broadway. "Signs and Sounds for the Seventies" was the theme.

The Advisory Council is an annual meeting of persons selected by the American Bible Society to advise them in the translation, production, and distribution of the Holy Scriptures.

After hearing and viewing the worldwide work of the society,

the delegates were asked to approve a budget for 1971 of \$9,250,000 for Scripture needs around the world.

A HIGHLIGHT of the meeting was the first distribution of "The Psalms for Modern Man," the first complete Old Testament Book in Today's English Version.

The volume of 150 sacred songs or hymns joins the popular "Good News for Modern Man," the New Testament in Today's English Version, which is approaching the 24-million mark since it was first published in 1966.

The churchmen and women also were informed of the new cassette edition of the King James Version New Testament as part of the American Bible Society's 125th anniversary of service to the blind. The cassette edition of "Good News for Modern Man" was introduced in May this year.

THREE "special" interest dinners were held simultaneously Dec. 1. A highlight at the Tuesday luncheon was the presentation of a white leather-bound copy of Today's English Version New Testament in large type to the National Mother of the Year, Mrs. Kemmons Wilson of Memphis, Tenn., by Mrs. Dallas B. Sherman of New York, a member of the board of managers of the American Bible Society. The Rev. Dr. Robert G. Torbet, executive director of cooperative Christianity of the American Baptist Convention, presided.

Mrs. Wilson, who is the wife of the co-founder and now chairman of the board of Holiday Inns, gave an address at one of the Tuesday evening dinners.

Throughout the three-day meeting there were multi-media presentations, prepared by the audio-visual section of the society's media relations unit.

ORGANIZED as a non-profit organization in 1816, the American Bible Society has as its object the translation, publication and distribution of the Scriptures, without note or comment to men everywhere in a language they can read or understand at a price they can afford. The generous contributions of churches and individuals make possible its work in 158 countries and territories of the world.

Nelson Ehrlich (right) explains NASA's work

Students hear NASA speaker

Mr. Nelson Ehrlich, a NASA representative, was the speaker at Dimmitt High Nov. 23. The assembly dealt with the role of NASA in the US Space Program.

Mr. Ehrlich used several model rockets and other electronic equipment to acquaint the audience with the role of the astronaut and the NASA program.

"NASA is the answer to the earth problem," stated Ehrlich, a candidate for a Ph. D. in ecology at Oklahoma State University. Mr. Ehrlich is a former science instructor as are all of the lecturers in the NASA program.

Ehrlich also discussed a model shuttle that will be used to study the universe and will enable the space travelers to survive in outer space. The shuttle will have a crew of 30-40 men on board and will have many uses in space for the scientists of the future.

"It is rather unlikely that the US and Russia will unite their efforts in the space race since the Russian space effort and their military is closely related," stated Ehrlich. "Space is not the main objective of NASA, it is also used to a great extent for medical research. NASA hopes to study the ocean, also, but this will be more difficult than the space flights due to pressure on the ocean floor."

"Apollo 13, was a technical failure but still was of value to the program since it united the scientists of the world," said Ehrlich. The program was presented to all levels of the Dimmitt school system.

Top hits and who they hit

Don't rush into trade school without checking it carefully

By KENNETH RINGO
 You seniors are probably getting a lot of mail from colleges and vocational and trade schools.

WE HAVE information on just about every college in the world, but sometimes the credibility of the vocational and trade schools are kind of hard to track down. Here is a set of rules to use in the case of the latter. You might want to clip this out and put it in your billfold for future reference.

1. View with suspicion schools that advertise courses under such headlines as "Help Wanted," "Men and Women Urgently Needed," or which describe as "glamorous" the jobs for which they say they can train students.

2. View with suspicion the salesman who claims to be a "Vocational Guidance Counselor." Should the salesman inform you that the school he represents has been recommended by your high school superintendent or principal, check on it. If the salesman states you were specially recommended for enrollment, check on it.

3. VIEW WITH suspicion claims of "accreditation" for schools offering vocational training below the college level. Accreditation can be no better than the agency that accredits.

4. Beware of something for nothing! Reputable business colleges and trade schools rarely hand out "special deals" or scholarships that constitute a cut-rate tuition.

5. Insist that the salesman provide you with an official catalog or brochure of the school he represents. Study carefully, with high officials and parents, the course outlines, tuition charges, qualifications of administrative personnel and faculty, etc.

6. If at all possible, make a personal visit to the school before signing on the dotted line. Take a look at the school, the instructional facilities and equipment. Visit with the students now enrolled in the school, and, if possible, with graduates of the school.

7. REMEMBER that the application handed you by the salesman is usually a CONTRACT. Read it carefully, and seek the advice of someone who can fully explain all the provisions of the contract BEFORE you sign it.

Players enjoy Spanish supper

A Mexican style supper was held Dec. 2 for the 1970 Bobcat football team at the First State Bank Community Room.

The dinner, given by the mothers of the Spanish-American players, was attended by 40 of this year's squad and the menu consisted of beef tacos, enchiladas covered with cheese and hot chili, Spanish rice and chocolate cake.

Coach Brown Smith, head football mentor stated, "The supper was wonderful, but I ate too much."

Let's keep our hallways clean

Flying candy wrappers, empty Coke cups, wrinkled napkins, all this litter missed the trash cans, and has been distributed through the halls of DHS during lunch time.

THE STUDENTS don't seem to realize the necessity of keeping the halls clean. The school has provided plenty of trash cans to be used for this purpose. Litter creates a terrible problem. It's more work for the janitors and it makes our proud school sloppy looking. On the national scene it's even worse.

Littering is a very bad, expensive habit. Our nation, our state and even our schools simply can't afford this terrible practice. If we litter our hallways and classrooms, we'll litter our national parks and forests later on.

Only you, the individual, can prevent our country from looking like a trash dump. Do your part. You don't need to be a hero in the Vietnam jungle to be a true citizen. Be a real American and do your part to keep America beautiful.

Players hijack coach's new car

Coach Parker got a new car. It's a '70 Bonneville, Congratulations Coach. The football players wanted to ride in it but it seems like Coach Parker didn't agree, so the boys mobbed him and took away his keys. For a payment they gave him a Christmas tree. Where did you get the tree, boys?

It's too bad you couldn't have gone with them. Margeto Abrego, did you receive an early Christmas present? Mary Helen Acevedo just wanted to make sure she didn't forget you this year.

Criseida Sandoval, why didn't you want to take Carolina Montes' place Thursday night? Sam Davila and Fernando Davila believe in keeping up with the fashion but we didn't know that being baldheaded was the "in thing."

Mary Acevedo, is it true you take after your sister? Do you feel the same jealousy that she feels over the same people?

Carolina Montes, have you finally decided that it's best "to share and share alike?"

Ask Bonnie George and her cousin from Colorado if they had fun with Bunch and Jones.

Claire Tenallion has been seen going down to the Supermkt. and making hot dogs. What attracts you there?

Andrea George said to make sure and put this in the paper. She went to Hawaii to see her hubby, Larry George. What about all of those pictures he took of you, Andrea?

Zelma Waggoner, why do you have all those "black things" on your neck after every week-end? Ask Bonnie George how night life in Hereford is with Ricky Farris. Is it that much fun?

Open campus could resolve smoking hassle

Smoking on campus has been a great debate at Dimmitt High for many years. There are many different views to this problem.

The school board has some good reasons for not permitting students to smoke, consequently those students who do smoke are deprived of their daily cigarettes.

ONE OF THE Board's reasons for not allowing smoking on campus is an increase in fire insurance. On the other hand, there are not too many places in this school that would catch fire easily, with the exception of the auditorium.

Students that do smoke say that there should be a place where they could smoke without leaving campus, which is definitely against the rules. If on campus student smoking would increase fire insurance that much, it seems that the teachers shouldn't be allowed to smoke at school either; nevertheless, they do.

One solution to the smoking problems at DHS is an open campus, which the students have been trying to obtain for many years, but have yet accomplish it. If the open campus issue would go through, the smokers of DHS could step across the street and inhale between periods. It's their life, you know, and the fire insurance wouldn't go up, either.

Business class helps equip you for future role

By LUIS ACEVEDO

The Business Studies department in DHS is divided between Mrs. Mack Turner, Miss Rita Colly, and Bill Stephenson. Mrs. Turner is responsible for the majority of the department.

Mrs. Turner, who moved to Dimmitt 2 1/2 years ago, teaches Typing II, business law and accounting. Her classes include working with adding machines, executive machines, stencils and business machines. She stated, "Typing and accounting are most important. The student needs these tools in the business world."

There are approximately 150 students enrolled in the department this school year. This is an increase over past years.

Many of the students in the business department plan a career in the business area and are taking advantage of the early preparation that is offered by the high school.

Mrs. Turner, a veteran teacher of 18 year's experience, stated, "A knowledge of business equips the student for college and ultimately for a career in the business world. Students must know the rules of the game and have an understanding of what makes the world of business turn. Business law enables the student to recognize the legal implications of human relations."

DIMMITT WHEAT GROWERS COOP

YOUNG BETHEL SINGERS—Scenes such as this one are becoming familiar this week as children help lend the aura of fantasy to the Christmas season. These are first and second-graders singing "Jolly Old St. Nicholas" at the annual

Bethel Community Christmas Party Friday evening in the Bethel Community Center. Approximately 150 attended the party with 50 or more children taking part in the program.

Have you written to aid our POWs?

By **IRENE KEATING**
I am wondering how many of you have written your letter to the North Vietnam Embassy asking them to publicize the names of the war prisoners and those they know are dead. I got my letter in the mail Friday and it gave me a lift to do so. I did find that it takes a few minutes to compose your letter. We

have 71 boys in service, that I know of, and we don't know that they'll all be returned home safe and sound. Please get your letter in the mail tomorrow.

BY NOW WE should all be thinking and working to make this a nice Christmas. We all need to remember what the true meaning of Christmas is and maintain the Christmas spirit throughout the year.

If any of you would like candy recipes I have some that are good and fairly simple. We printed them several years ago and many of you have been using them.

Today I'd like to share a recipe with you for candy that is very good and nice for giving. It is from the booklet "Christmas Time at Home."

MARTHA WASHINGTON CHOCOLATE CANDY

- 1 can flaked coconut
 - 1 can sweetened condensed milk
 - 2 boxes confectioners powdered sugar
 - 1 cup pecans, chopped
 - 1/4 lb. soft margarine or butter
- Blend all ingredients and roll by hand into small balls about 3/4 inch in diameter. Chill in refrigerator, about 1 hour or longer. Insert toothpick into each ball and dip into chocolate-paraffin mixture to coat thoroughly.

Chocolate-Paraffin Mixture:

- Melt 1/4 lb. paraffin and one large 12 ounce package chocolate bits in a small saucepan over low heat for 10 or 15 minutes. Use for dipping as directed above.

PEANUT CLUSTERS

- 1 package chocolate bits (6 ounces)
 - 1/2 cup sweetened condensed milk
 - 1 cup salted peanuts
- Melt chocolate bits over hot water or very low heat. Remove from heat and add sweetened condensed milk and peanuts. Drop by spoonfuls onto waxed paper. Chill thoroughly.

Vows are recited

Mr. and Mrs. Steve Meyers are now at home in St. Vrain, N.M., following their recent wedding.

THE BRIDE is the former Judy Orsborn daughter of Mr. and Mrs. John Orsborn of Hereford. Mr. and Mrs. Cliff Cook of Dimmitt are parents of the groom.

The ceremony was performed in the Trinity Baptist Church of Hereford, with the Rev. Clarence Powell officiating.

Mrs. Floyd Neill of Hereford was matron of honor, and Tom Maples of Hereford served as best man.

The bride is a 1968 graduate of Hereford High School, and was employed at the Hereford Brand before her wedding.

MEYERS is a 1965 graduate of Dimmitt High School, and was recently discharged from the US Air Force. He is presently attending Eastern New Mexico University at Portales.

Miss Sheffy is shower honoree

Beth Sheffy, bride-elect of Rick Wallace of Tulia, was honored Saturday with a bridal shower in the home of Mrs. Louise Kemp.

THE BRIDE-ELECT, her mother, Mrs. Dorothy Sheffy, Mrs. Kemp, and Mrs. Dorothy Wallace, mother of the groom, greeted the guests. Guests were registered by Mary Ann Stockstill.

The serving table was covered with a white cutwork cloth, and the centerpiece was an arrangement of white pompon mums and white candles. Spiced tea and coffee were served from silver services, and party cookies and nuts completed the refreshments. Guests were served by Sue Lust and Ginger Kemp.

Out of town guests came from Tulia, Earth and Miami. Twenty-nine women acted as hostesses for the shower.

Miss Sheffy and Wallace will recite vows Dec. 29 in the First United Methodist Church.

Sorority plans Christmas event

Members of the Alpha Epsilon Tau chapter of Beta Sigma Phi met last Wednesday night to review final plans for their Christmas Progressive Dinner to be held Dec. 18.

THE meeting was held at the Castro County Country Club, and was conducted by Mrs. Sue Devaney, president. Members also drew names for "secret pals" for the coming year.

"Pleasures of Possession" was the title of the program presented by Suzie Ellis, and included a tour of Dennis Floral and Gifts.

The next regular meeting will be held Jan. 6.

DKG report tells teachers' status

The Iota Zeta chapter of Delta Kappa Gamma met recently at the Methodist Church with Mrs. Evie Froehner presiding.

FOLLOWING a short business meeting, the research committee presented a program, "How the Community Views the Teacher." Material for the program came from a questionnaire which had been sent out from the schools. It was designed to give teachers more insight into their status as teachers in the eyes of the community.

Mrs. Lucille King, Mrs. Grace Strother and Mrs. Eunice Thornton presented the results of the survey. Their remarks were accompanied by appropriate cartoons shown on an overhead projector.

Refreshments were served by the hostess committee, Mrs. Sue Erdosner, Mrs. Frances Duke and Mrs. Alice Cowen.

Don't let fire ruin Christmas

By **STEPHEN ACKER**
To keep your Christmas tree from starting a fire, keep it as fresh as you can.

WHEN buying the tree, make your selection a good one. Find a tree you like and make sure it is fresh and the needles don't fall out. When you set it up, cut about two inches off of the bottom of the tree so it will take up water, because the tree seals itself at the bottom of the trunk.

Keep the tree in water from the time you get it to the time you take it down. The needles are combustible, so be careful around flames.

When you decorate the tree, make sure all lights and light cords are in good condition, without cracks or breaks. Electricity shorting out, and heat from broken or cracked cords can start the tree on fire. When buying lights, make sure they are UL approved. Use only outside wiring and lights when decorating outside.

DO NOT let the lights burn all night.

Place your tree away from heat sources such as fireplaces, TV sets and heating units.

Use flame resistant ornaments and flocking. Place lights on tree so bulbs will not touch foliage, paper or cotton.

Although metal trees won't burn, they do conduct electricity. Use only indirect lighting on these trees.

MOST plastic trees will burn. Be sure and use only the ones that carry the UL label to show that they have been tested for electrical safety.

After unwrapping your Christmas presents be sure to put all wrappings in a waste basket so they won't cause a fire. Do not use the fireplace to burn the wrappings.

Bobbies win 3-AA opener

Dimmitt's Bobbies traveled to Abernathy for their first conference game Tuesday night and came away with a big 52-36 victory.

ALL THREE of Coach Bob Askey's starting forwards scored in double figures. Cynthia Henderson led the attack with 20 points, while Karen Baldridge netted 18 and Terrie Newton scored 14. Sarita White was Dimmitt's top guard with five rebounds and eight steals.

It was the first conference game for both teams, and the victory gave the Bobbies an early lead in the District 3-AA race.

The Dimmitt forwards sank 13 points in the first quarter while the guards were restricting Abernathy to 8. By halftime, the Bobbies held a commanding 27-13 lead, and by the end of the third period the Bobbies stretched their advantage to 42-28.

"I **THOUGH** all our girls did a real good job," Coach Askey commented after the game.

Dimmitt's B-team girls were victorious too, as they downed Abernathy 28-25. Dawn Parker led the Dimmitt B attack with 11 points.

Bobcats defeat Farwell, 99-73, as Steers stall final minute

This week's believe-it-or-not in sports:

Dimmitt's Bobcats were leading Farwell 99-73 Tuesday night when, with 48 seconds remaining, Farwell went into a stall.

PURPOSE of Farwell's unique tactic was to keep the Bobcats' hard-pressing reserves from crossing the 100 mark against them.

The Bobcats had one of their best nights yet as they filled the air with 72 shots and hit on 44 of them for a 61-percent average. At the charity line, the Cats connected on 11 of 17 for 65 percent.

The Bobcats struck with their usual first-quarter blitz, running up a 24-17 lead, then continued building it at a furious pace to stretch their advantage to 53-34 at halftime.

WITH reserves playing most of the second half, the Bobcats still

kept up a two-point-a-minute pace, leading 73-47 at the end of the third and tilting the scoreboard to 99-73 going into the last minute. That's when the Steers — who weren't playing a bad game themselves — went into their unexpected stall.

Five of Coach Kenneth Cleveland's starters scored in double figures. Kent Bradford led the way with 24, followed by Mark Wohlgemuth with 20, Dany Ebeling with 13 and Max Newman with 12. Playmaker Kenny Doss was credited with an outstanding floor game as he made six assists, stole the ball four times and hit three of five shots from the floor.

In the boys' B-team game, Johnny Raper responded to his first starting assignment with 14 points to lead Dimmitt to a 60-46 win over Farwell. Kenny Ringo also hit the double figures again, scoring 10 for Dimmitt.

THE BOBCATS go into the Tulia Tournament today (Thursday), meeting Idalou at 2:30 p.m. in their first-round game. For the complete tournament time listings, see the Cage Schedule on Page 8.

Turkey and pork are top buys now

Include both turkey and pork in your Christmas plans.

THESE popular meats are included on the US Department of Agriculture's plentiful foods list, according to Texas Agricultural Extension Service.

Eggs are also plentiful, as well as such standard table items as potatoes, onions and rice. Christmas wouldn't be the same without the cranberries — and cranberries and cranberry sauce are abundant. You can also plan to fill Christmas stockings with apples, oranges, grapefruit and tangerines, as marketings of these fruit favorites will be heavy during December.

Too, there'll be lots of apple-sauce and apple juice, frozen concentrated orange juice and walnuts, completing the December lineup of plentiful foods reported by USDA's Consumer and Marketing Service.

APPLE JUICE will come in handy for holiday beverages. Served hot or cold, it's a real flavor treat. Just think of the many ways you can utilize the abundance of walnuts for the holidays. They're delicious in salads and baked goods — and you'll enjoy them toasted for between-meal munching.

Financial Facts
By Willis A. Hawkins, Jr.

How does the International Monetary Fund operate? Each country was to pay into the fund, part in gold and part in its own currency. The quota was based on its pre-war trade and other considerations. Any country whose payment accounts were in deficit (imports exceeding exports) could obtain temporary credit up to an amount dependent on its quota. This was made possible by the fund's power to sell to any member, in exchange for its own currency, the currency of any other member. Creditor countries had the duty of doing all they could to bring their payments accounts into balance. The IMF has had only qualified success. Where it failed, the failure has been ascribed to the inability of member countries to control their domestic price and credit systems after World War II and during the Korean War.

People who cook with pride cook with GAS. Mrs. S. M. Smith does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Smith and nine out of 10 professional cooks agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking. So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Smith's favorite recipes.

DAVID LAND
... Clarendon College starter

MARK CLEAVINGER
... On WT freshman squad

Former DHS teammates now college opponents

Two of Dimmitt High School's former basketball guards, now on college teams, will possibly play against each other Saturday.

THEY ARE David Land, who is now a starter with the Clarendon College Bulldogs, and Mark Cleavinger, who has earned a berth on West Texas State University's freshman squad.

Land is a 1969 graduate of DHS, and Cleavinger graduated last May.

Both were members of Coach Kenneth Cleveland's outstanding 1968-69 regional finalist team which won 30 games and lost only three.

As a sophomore, Land was a varsity squadsman on Cleveland's famed "Prairie Bandits" of 19-66-67, who went all the way to the state finals.

Now a sophomore starter with the Clarendon College Bulldogs,

the 6-2 Land averaged 11 points per game in the team's first three outings, according to Coach Dave B. Neely.

Cleavinger, who was a "sixth starter" as a sophomore in DHS, helped the Bobcats win three district championships. He was one of only two junior starters on the 1968 regional finalist team, and was the playmaker on last year's team which defeated Lockney in the district championship playoff.

REPORTING for pre-season workouts, the relatively short (6-0) Cleavinger proved his ability as a playmaker and ball-hawk among much taller company, and earned one of the few berths available on the strong WTSU frosh squad.

The two former teammates will meet as opponents for the first time Saturday, when Clarendon College hosts the WTSU Freshmen at 7:30 p.m.

Bobbies finish fourth at Friona

Dimmitt's Bobbies led off the Friona Invitational Tournament with a 40-38 victory over Muleshoe last Thursday, but lost to Friona and Tulia in their next two encounters to post a fourth-place finish.

KAREN BALDRIDGE was the Bobbies' high scorer in each game, netting 72 points in the three tournament bouts for a 24-point average.

Baldrige sank 29 points as the Bobbies downed Muleshoe in the first round of the tourney, 40-38, their second victory over the Mullettes this season.

The Bobbies trailed 6-9 at the end of the first period but went ahead by a point, 17-16, just before the powder break. The Bobbies moved out to a big 30-22 advantage in the third, then held off a Muleshoe rally in the final frame to gain the two-point victory.

COACH Bob Askey listed Sandra Robertson as Dimmitt's top guard in the game.

In the semi-finals against Friona, the Bobbies learned how tough it's going to be to defend their district crown this year as they lost a 45-32 decision to their District 3-AA sisters from Parmer County.

The Bobbies led 8-6 at the end of the first period and were behind just a point, 15-16, at the halftime break. But the Squaws went on the warpath in the second half, surging to a 31-23 lead by the end of the third, then won going away, 45-32.

BALDRIDGE sank 23 of Dimmitt's points. Guards Sarita White, Ann Lust and LeeAnn Merritt shared honors for their defensive work.

The loss threw the Bobbies into the third place game against the strong Tulia Hornettes, who already had handed them a 16-point defeat earlier this season.

The Hornettes got a big upper hand from the start, jumping to an 18-8 lead by the end of the first quarter. But the Bobbies fought back in the second, and by halftime they had closed the gap to just three points, 21-24, as Dimmitt's guards held the Tulia sharpshooters to just six points in the second frame.

BUT TULIA built its lead to eight points, 35-27, by the end of the third period, and the two teams spent the final frame virtually swapping buckets as the Hornettes finished with a 49-39 victory.

Baldrige sank 20 points for the Bobbies while teammate Terrie Newton came through with 12. Outstanding guard for the Bobbies was Ann Lust with four rebounds and three steals.

"Our girls are improving," Coach Askey said after the tournament. "They've improved with each game, and the competition has gotten tougher. They lost to Tulia 44-28 the first time we played each other, but Saturday the girls played them to 10 points."

THIS WEEKEND the Bobbies may get another shot at the Hornettes as they enter the Tulia Invitational Tournament.

The Spearman Lynxettes, perennial Class AA powerhouse, repeated as the Friona Tournament champions, knocking off the Friona Squaws in the championship game Saturday night.
