JAPAN FEELS U. S. AIR POWER

DEATHS

Robt. E. Coates

Robert E. Coates, 63, died at 9:15 Thursday night at his home on east Seventeenth street. Funeral services were held Friday afternoon at Thomas funeral chapel, the officiating ministers being Rev. O. L. Savage of Cisco and Rev. H. D. Blair of the county. Burial was in Romney cemetery.

Mr. Coates was born in Tennessee, Feb. 2, 1861. He moved here from Collin county, where he was married to Miss Doshia Clifton, Sept. 25, 1883. She is a native of West Virginia. Deceased was a retired farmer and a consistent member of the Presbyterian church.

Survivors include the widow, four sons and one daughter. The sons are Frank and A. A. Coates of Cisco, Jud Coates of Abilene and Jeff Coates, now serving his country in France; the daughter, Mrs. Algie Harrell, resides in Cisco. There are also 22 grand-children and seven great grand-children.

Pallbearers were Smitty Huestis, Omar Fenley, J. H. Hyatt, John Whisenant, J. L. Thornton and E. J. Poe.

W. T. Dowda

Funeral services for W. T. Dowda, 63, were held Thursday afternoon at 3 o'clock at the First Christian church with Rev. C. S. Moad officiating. Mr. Dowda died Monday morning at his home on west Eighth street.

Deceased was born October 21, 1881, in Ballground, Ga., and in 1912 he was married to Miss Dorothy Swails of San Saba, Texas. He was a stone cutter by trade and came to Cisco in 1927 with the Bedford-Carthage Stone company.

Mr. Dowda is survived by his widow; two daughters, Mrs. S. V. Webb of Coleman and Miss Waldorene Dowda of Gulfport, Miss.; one son, Major Van Dowda, now stationed in England; two sisters, Mrs. Will Taylor of Cisco, Mrs. Walter Byers of Graham; three brothers, John Dowda, New Castle, Tom and Fred Dowda of Marietta, Ga.

Pallbearers were George Atkins, Troy Powell, J. D. Lauderdale, A. L. Clark, James Haynie, and James Flournoy. Burial was in Oakwood cemetery with Green's funeral home in charge of funeral arrangements.

Mrs. Dave Switzer

Mrs. Dave Switzer died at noon Saturday at her home in Mangum. She was a devout member of Eastland Methodist church and had lived in that community for some 30 years. Her husband preceded her in death on December 12, 1932.

Few details of her life could be secured Saturday afternoon, but the body is now at Green funeral home and funeral and burial will be held at De Leon, Monday. Officiating ministers will be her pastor from Eastland and the pastor of the Methodist church at De Leon. Mr. and Mrs. Switzer made their home in Cisco many years ago and will be remembered here by many of the older set.

REYNOLDS WOUNDED

Mr. and Mrs. Jesse H. Reynolds received a telegram Thursday from the war department announcing that their son, Pfc. Jesse Reynolds, had been slightly wounded while fighting in France, September 26. The young man was born in Gorman but was reared in Cisco and attended the Cisco schools. He is 23 years of age and joined the army July 2, 1942. He went overseas in May of this year.

REGISTERED HEIFERS

M. E. Fry of 1007 west Thirtieth street shipped eight registered polled heifers to the Green ranch in South Carolina and ten polled heifers to the Roy McClain ranch at Carlsbad, N. M., last week. The cattle were brought in from his ranch, seven miles southwest of Putnam

C. M. NEVILL TRANSFERRED TO EASTLAND

Appointment of Charles M. Burke as manager of Lone Star Gas company's Cisco district of distribution has been announced by M. L. Bird of Abilene, division superintendent for the company. Mr. Burke comes to Cisco from Sweetwater where he has been storekeeper and plant engineer for the gas company. He succeeds C. M. Nevill, who has been transferred to Eastland as district manager.

Mr. Burke's appointment was effective October 9. In supervising gas service in Cisco he will be aided by James M. Sauls, plant foreman; Fred T. Grist, utility man, and Miss Blanche Van Horn, cashier.

Mr. Burke entered the gas industry in 1929 as water boy on construction jobs in Waco while children.

Pallbearers were Smitty Huestis, Omar Fenley, J. H. Hyatt, John Whisenant, J. L. Thornton and E. J. Poe.

CHAS. M. BURKE

attending high school, working after classes and during summer months. He continued his part-time work for the company while attending Baylor university where he received his degree in business administration in 1937. Shortly after graduation he was transferred to Sweetwater as full-time utility man. Later in the year he was named storekeeper and plant engineer, holding that post until his appointment as Cisco district manager.

Burke has been active in civic affairs at Sweetwater where he served on the board of city development. He is past president of Sweetwater Junior chamber of commerce and recently was elected to his second term as secretary of the Lions club. He is chairman of zone 5, Lions International, District 2-E. His hobbies are football and baseball. During the past summer he coached baseball for high school students and for the past three years he has broadcast football games for station KXOX. Mr. and Mrs. Burke and their daughter Peggy, age 4, will reside at 1205 H avenue.

Nevill to Eastland

C. M. Nevill, local Lone Star Gas company manager since 1938, who has been transferred to Eastland, has made many friends during his residence here. Mr. and Mrs. Nevill and their two children, C. M. Nevill, Jr., 2, and Diane Burnett Nevill, 4 months of age, will reside in Cisco until they can secure a house in Eastland. They are members of the Methodist church and he is a member of Cisco Lions club and has been active in chamber of commerce and other civic work. Mrs. Nevill is the former Miss Marguerite Burnett of Greenville.

As manager of the Eastland district, Mr. Nevill will supervise gas service in Eastland, Gordon and Strawn. Members of his staff are Donald J. Daniel, foreman, and Mrs. Ruth B. Lewis, cashier. Floyd C. Hipp is sub-district manager at Strawn. Nevill entered the gas industry in 1933 as salesman for Lone Star at Greenville. He held similar posts at

L. A. HARRISON SPOKE TO CISCO LIONS ON WED.

Lions heard reports on the scrap paper drive, appointment of a committee to put on a carnival, report on the 'teen-age canteen and the packing of five Christmas boxes for members of Boytown now in service and a most interesting talk by Capt. L. A. Harrison, Cisco man in service, at Wednesday's luncheon.

Jay Garrett reported that Lions had gathered and sold 12,617 pounds of scrap paper valued at \$38.17, while Austin Flint said he had arranged for the 'teen-age canteen to be on the roof garden of the Laguna, each week.

Sufficient funds to cover the cost of the Christmas boxes were donated by members, and President Turner appointed Jack Anderson, E. J. Pross, O. L. Stamey, Charles S. Sandler, Norman Huston and D. W. Diserens as the carnival committee.

Lion M. D. Fox, program chairman, introduced Captain Harrison, special M. P. in the battalion which is serving to boost the morale of soldiers in service in foreign lands. He had traveled near 30,000 miles—twice around the earth—he said, in course of his duties, arriving back in New York recently to have a short rest in his home town.

In the duties of morale builder, he said the motion picture industry had proven of great help by furnishing pictures, projectors and movie personnel to cheer the boys behind the lines. The speaker explained that he was not in combat service and had seen no fighting. He explained that Nelson USO was a great hit, singing 40 minutes and then compelled by encore, to use another like interval of time. The Red Cross is helping mightily and he said the Holy Land is being used as a place of rest for recuperating soldiers.

The Ciscoan told of football games between the Americans and British in Egypt with a score of 76 to 0 in favor of the Yanks, and of other games, especially one during which the king of Egypt got started eating hamburgers and liked them so well they had a hard time closing the show at midnight, with the king still eating this typical American sandwich and drinking Coca-Cola.

Captain Harrison told of the climate in North Africa, sometimes running as high as 135 degrees in the summer with very cold weather in the winter, little rain in Egypt with three-year-drouths. Along the Nile the land is irrigated and has been growing bumper crops for thousands of years. Sanitation is bad in all of those countries and diseases are common.

Rotary Luncheon

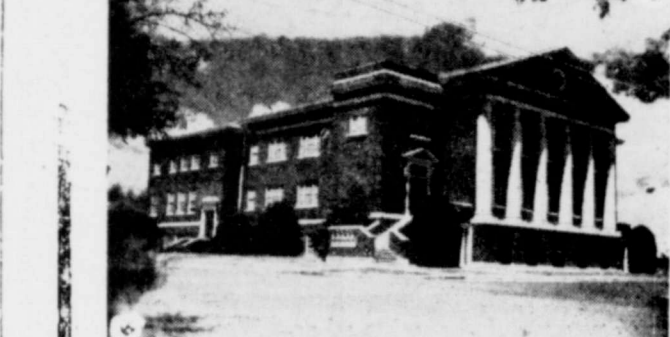

Dave Franklin, industrial engineer of the Humble Oil company, brought movie-talkie pictures on "Industry at War" to Rotarians Thursday at the regular luncheon hour, after a business session during which it was voted to fill five Christmas boxes for orphans from Boytown now in service, and to mail them immediately. It was also decided to bring old clothes, and mail to destitute in England.

W. W. Fewell read a letter from Hal McNutt, past district Rotary governor of Stillwater, Oklahoma, to Ernest Hittson saying that he could speak at Cisco October 26. He was cordially invited to do so. Other guests were Capt. L. A. Harrison, T. J. McCarty and Norman C. Huston.

Mrs. Charles Lee has returned to Desdemona after spending several days with her friend Mrs. O. G. Lawson.

Hillsboro and McKinney until 1937 when he was transferred to Waxahachie as a utility man. Prior to his Lone Star connection he was employed by Magnolia Petroleum company and the Nevill Motor company at Greenville.

FIRST BAPTISTS TO CELEBRATE TODAY

First Baptist church reached an important milestone recently in the payment of the last remaining indebtedness against the property and this will be celebrated today with fitting activities, says the pastor, Rev. Cooper Waters.

The day's program will open with the Sunday school hour at 9:45, when it is hoped there will be 500 present. The morning worship hour will begin at 10:30 a little earlier than usual, and will include a brief history of the Cisco church, a sermon by Rev. A. C. Miller, former pastor, and the burning of the note.

A meal will be spread and served at 1 o'clock and a program will be carried out during the afternoon starting at 2:30. This will include a sermon by Rev. E. S. James, former pastor, and a dedicatory prayer by Rev. S. W. Hendricks, also a former pastor. The evening worship will be climaxed with a sermon by Rev. George Parks, pioneer preacher of this section and greatly loved by all who know him.

Pastor Waters extends a cordial invitation to the public to attend the services and join in the noon meal.

MOAD HAS PASTORED CHURCH SINCE 1932

Cisco Church of God members will burn their mortgages and dedicate the church building in special services to be held at 3 o'clock this afternoon.

The dedicatory sermon will be delivered by Rev. Robert E. Bowden, pastor of the church at Sweetwater, and other guest speakers will appear on the program, to which the general public is invited, says the pastor, Rev. C. S. Moad.

Mr. Moad, who came to Cisco in February, 1932, is today the senior pastor of all local churches in the county. The minister relates, undaunted by the setback in membership, the pastor determined to complete the payment of the church debt and thus give the congregation a mortgage-free property for the first time since the establishment of the church in 1921. Last March the church completed payment of the church building. Since that time some improvements have been made on the building. The church lawn, with flowers and beautiful towering elm trees on the parkway, is now one of the prettiest spots in Cisco.

This church was organized with T. H. McNeal, deceased, as pastor. Mr. Neal served eight years; Rev. R. O. Williams succeeded McNeal for one year; William A. Southernland pastored one year; John W. Batdorf, two and one-half years; J. W. Dodd ministered the church 18 months. Three months after this the present pastor came to Cisco.

NAT. ELECTION ONLY 24 DAYS DISTANT NOW

WASHINGTON, Oct. 14.—With election day only 24 days away, both major parties hurried charges of dishonesty at each other today and the Democrats accused the Republicans of starting a whispering campaign on the president's health. The Republicans denied it.

Assistant Secretary of State A. A. Berle accused Gov. Thomas E. Dewey of being "surprisingly dishonest" in saying the administration wanted to establish a Communist system here. The white house issued a list of "facts" seeking to refute 10 specific Dewey charges against the administration.

In Albany, Dewey announced he would discuss "the urgent need

for honesty and competence in our national government" in his broadcast from St. Louis Monday night.

Additional speeches by the president were in prospect as he revealed he was discussing plans for appearances in addition to his Oct. 21 foreign policy address in New York.

Rep. Clare Boothe Luce, Republican of Connecticut, declared in Chicago that President Roosevelt "led us into war because he did not have the political courage to lead us into it."

Gov. Dwight Green of Illinois told a Republican rally in Philadelphia there would be a sweeping Republican victory due to a nation-wide trend away from New Deal planning.

Sen. Harry S. Truman, the president's running mate who is en route to Los Angeles, was told by pro-Roosevelt Texas Democrats that Mr. Roosevelt would poll 75 per cent. of the Texas vote.

LOBOES 18 MINERAL WELLS, 0

Cisco's learning Loboos discovered Friday evening that a football is a versatile instrument, and they uncovered a spectacular passing combination—with Johnson on the throwing end—to give it in defeating the Mineral Wells Mountaineers 18 to 0. The game, played under the lights at Mineral Wells, resulted in the second conference victory for the Loboos who thus far—but only thus far—remain undefeated in district play.

The Cisco eleven, showing improvement in all phases of the game, were still offensively ineffective as the game opened, but in the fading moments of the first half they scored two touchdowns in a quick succession of fast-breaking aerials, very pretty to watch and certainly very satisfying to Coach Binion, who had enough cripples on the bench to stock Graham hospital.

All three Cisco touchdowns were scored from near midfield. The first was a long, looping throw to Tompkins, who raced to the ten, found his way blocked and lateraled smoothly to Cleveland for the counter. The Loboos struck with stunning swiftness for their second touchdown just before the half ended. Half a minute after the kick-off Johnson rifled a long one to Collins, who dragged a couple of tacklers over the goal. The referee set the ball on the three and Johnson plunged for the score. The kick was blocked.

Midway of the second half the Loboos again counted, this time when Johnson again looped to Collins from the Resort 45 and a Cisco lad outran his tacklers to the pay. Again the kick was blocked.

The game leaves the Loboos undefeated in conference play. But the remainder of the season seems to resolve into a race with the Loboos ability to improve and the increasing power of the elevation they must meet. Fortunately there are two weeks of rest for the Cisco team between now and the game with Weatherford, a team which Friday evening trounced Stephenville 21 to 0. Cisco was lucky to get a 7 to 6 win over the Jackets.

With some of their cripples back in play and a good deal of improvement in their ground game, the Big Dam lads might win that game.

They have a chance. It is a terribly slim chance.

CISCO BOY HONORED

From an air base in India the Daily Press is informed that an oak leaf cluster to the air medal has been awarded First Lt. Charles E. McConnell, pilot, of 1107 west Sixteenth street, Cisco. The Ciscoan is a member of a combat cargo group and was honored for meritorious achievement while participating in flights over enemy territory in northern Burma.

SPEAKING DATES

DALLAS, Oct. 14.—Gov. Thomas E. Dewey of New York will be heard over nation-wide radio chains Monday, October 16, 9 to 9:30 p. m. and also on Wednesday, October 18, 9:30 to 9 p. m. Both NBC and the Blue network will carry the talks. The talk on October 18 will be on the occasion of his first campaign speech in New York City.

Miss Byrna Marjorie Goldberg went to Dallas Saturday for a week-end visit with relatives.

NIP PLANE TOLL REACHES 530 IN BATTLE THAT MAY BE PRELUDE TO TAKING PHILIPPINES

CISCO'S WAR CHEST QUOTA IS NEAR \$3,000

With \$2,700 to raise as its share of the United War Chest for 1945, Cisco teams of some sixty members will launch their drive from a breakfast at Laguna hotel roof garden Wednesday morning at 8:30.

The campaign is being directed by Austin Flint as local chairman and under his direction Cisco workers will endeavor to reach this city's share of a \$12,898 county quota within a few days.

The campaign has been carefully organized and if the response of Cisco contributors is near the estimates of the drive leaders, we should go over the top without difficulty, said Flint.

County Chairman Fred Brown of Eastland will attend the Cisco meeting and will explain the objectives of the War Chest and its organization. These facts, however, have been so often explained that most of the public is aware of them.

United War Chest combines into one great organization all of the principal relief agencies having to do with war relief, both at home and abroad, with entertainment of soldiers and care of their morale on the battlefronts and in camps throughout the world where American and allied soldiers are stationed or fighting.

Mr. Flint was completing his organization Saturday. Not all of the teams had been definitely assigned, but this task will be done by Monday and all workers notified. Each team will be given a list of names so arranged that the task of canvassing the community and securing the contributions will be uniform and the drive finished at the earliest possible moment.

"I am confident," he said, "that Cisco will respond to this obligation in the same fine spirit and generosity that have marked all of their reactions to vital wartime appeals. Every person is asked to share in this common effort. Every person will be given an opportunity to prove to the boys at the front, on the seas and in the air that the folks back home are as ready to sacrifice as are they."

PROMOTED TO CORPORAL

From headquarters of the Ninth air forces in Europe comes word that Robert D. Kelley, son of Mrs. Lucille Kelley of Cisco, has been promoted to corporal. A graduate of Cisco high school, Kelley is a supply technician with a unit servicing, supplying and maintaining P-38 Lightnings.

PEARL HARBOR, Oct. 14.—U. S. B-29 Super-Fortresses, joining the all-out offensive to knock out defenses protecting the invasion-marked Philippines, blasted burning Formosa today on the heels of carrier planes which destroyed or damaged 227 enemy ships and 520 planes in four days of raids on Japan's inner bases.

A Japanese communique said the Super-Fortress raid was carried out by "about 100 B-29's" and followed two new attacks earlier today by 450 carrier-based planes.

The Super-Fortress raid carried into the fifth day a sustained campaign that smashed Japanese defenses from the Ryukyu Islands, within 200 miles of their homeland, through Formosa and the Pescadores to Luzon, the heart of the Philippines.

In the first four days of the offensive, Vice Admiral Marc A. Mitscher's famed "Task Force 58" waging the greatest carrier strikes in Pacific warfare, took a terrific toll of enemy sea and air resources.

Those losses were:

- 73 ships sunk.
- 67 ships probably sunk or damaged.
- 78 small craft sunk.
- 8 small craft probably sunk or damaged.
- 244 planes destroyed in the air.
- 37 planes probably destroyed or damaged.
- American air losses were reported as 45 planes.

Observers here believed the powerful strikes this week considerably weakened Japan's ability to defend the Philippines.

One of Japan's highest officials, Admiral Sankichi Takahashi, in a Tokyo broadcast, flatly stated that the attacks on Ryukyu and Formosa were "carried out as a prelude to the operations for the recapture of the Philippines."

MOSCOW—Three huge Red armies, backed by planes, guns and warships, stormed the German Baltic pocket from three sides today in a bid for speedy liquidation of nearly 100,000 trapped Germans preparatory to a final assault on East Prussia.

Quickly exploiting their capture of Riga, capital of Latvia and main fortress in the pocket, the 2nd and 3rd Baltic armies smashed at the doomed enemy from the north and east, while the 3rd Baltic Army stabbed into the southern flank.

Soviet warships and planes backed the attacks with shells and bombs and at the same time maintained a tight blockade over the enemy's two remaining evacuation ports, Liepja and Ventpils. Only yesterday, a 6000-ton German transport was sent to the bottom by the warships, while naval planes accounted for a 6000 tonner.

SUPREME HEADQUARTERS, AEF, PARIS.—Crack German panzer forces poured south from Holland toward Aachen today for an anticipated full-scale counter offensive, while American troops, racing against time, struck out in a new attempt to seal the enemy's half-mile-wide corridor into the embattled city.

Other American doughboys stabbed deeper into Aachen itself, at one point reportedly penetrating to within a half mile of the center of the smouldering medieval city, against resistance described as "soft and spotty." A Royal Air Force pilot said 75 per cent of Aachen already was in ruins.

PICNIC OUTING HELD BY GROUP WEDNESDAY

Miss Cathryn Shepard and her friend Miss Billie Beale of Eastland chaperoned a group of girls to the Fee ranch Wednesday evening for a picnic outing and organization of a girls' auxiliary.

Upon arrival at the ranch the picnic supper of weiners, potato salad, chocolate cake and carbonated drinks was spread and was heartily enjoyed by the group.

Miss Shepard then explained about the organization of girls as an auxiliary to the women's missionary union of the church. The girls entered into the organization and planned to meet again in two weeks at the F. E. Shepard home. At the close of the pleasant outing several of the girls accompanied their sponsor to the mid-week prayer meeting.

Those attending were Jeanne

Turkott, Mary Philpott, Claudia Cheshire, Mary Prudence Harris, Sally Gallagher, Marjorie Warren, Bessie Butler, Margie Reynolds, Evelyn Phippen, Louise Owens, Dorothy Westfall and Misses Beale and Shepard.

Could Cleopatra Drink a Pearl with Stomach Ulcer Pains?

An intriguing story of Cleopatra is the one where an admirer praised the beauty of two of her pearls, whereupon she dropped one into a glass of wine and drank it. She would have hardly done this had she suffered after-eating pains. Those who are distressed with stomach or ulcer pains, indigestion, gas pains, heartburn, burning sensation, bloating and other conditions caused by excess acid should try Udgia. Get a 25c box of Udgia Tablets from your druggist. First dose must convince or return box to us and get DOUBLE YOUR MONEY BACK. Maner's Pharmacy and drug stores everywhere.

Get it over with. Get back home. Get a job. That's what our fighting men are thinking and talking about. First — victory. Next — nail down the peace. Then they want to throw off the rigid regimentation of military life — and not run into the same sort of regimentation back home. They want to set out for themselves, as Americans always have . . . to use their own heads and hands in fashioning their own destiny. A job and an opportunity — in the America of free enterprise. This is the post-war plan of men in uniform. Government can't be expected to carry out these plans. It's up to every one of us at home to see that they're fulfilled — eleven million times. We will do our part.

Telephone furlough to home

A Long Distance call is almost as good as being there in person. Helps a lot when there aren't too many other calls on the wires. So whenever you can, please keep the circuits clear from 7 to 10 each night for service men and women. Those evening hours are their best chance to call from camps and naval stations.

Has your brand of coffee caused

Breakfast Rows

here lately?

Some Roasters Have Adulterated Their Blends....

The war is used as an excuse of course. But the war hasn't affected the quality of coffee. Or even the quantity that's imported. The real reason is to "save" on ceiling prices. Cheap, inferior-grade coffees produce a cheap, inferior blend. In most blends it produces a flat, acid-tasting flavor. So don't be alarmed if breakfast rows have recently followed in the wake of serving your regular brand. It's not your family; it's your brand of coffee. Simply switch to **Admiration** and remove all grounds for crankiness.

Admiration.. Same Today as 25 Years Ago

Admiration Coffee is absolutely unaffected by the war. It is in all respects the same identical blend the Southwest has enjoyed for 25 years. Choice, expensive coffees produce its tempting, delicious flavor, room-filling aroma, and inviting richness. Every pound is like the one last week, next week, or a year from now. The flavor won't vary, even from package to package. If you've had just about enough breakfast griping, buy a package of **Admiration** today. Then serve it unannounced. The smiles of satisfaction round the table will warm your heart.

Largest Known Institution in the World Devoted to Treatment of Rectal and Colon Disorders

These Doors Open Way To Health For Thousands Suffering from Treacherous Afflictions

Rectal and Colon sufferers from throughout the United States and from Canada have come to the McCleary Clinic. Here, these men and women have had correct and specialized diagnosis, and an institutional treatment under the supervision of skilled physicians, technicians and nurses. In many instances, these former sufferers found that many other reflex symptoms of common

diseases disappeared, when rectal and colon troubles were corrected. Hemorrhoids (piles), Fistula and other rectal and colon afflictions are often suffered until complications—perhaps incurable—develop, because people fail to learn the true nature of these ailments. To help you to a better understanding, send for the McCleary Book which has shown thousands the way back to health.

FREE BOOK EXPLAINS
It is written in easy-to-understand language and contains many informative diagrams, charts and photographs. A list of former patients with their names and addresses will be included with the book. . . you are invited to write a postcard or letter. Literature comes in plain wrapper.

Nature Gives You Warning Signals

Many medical authorities believe that such common ailments as headaches, liver and kidney disturbances, indigestion, anemia, nervousness and other reflex symptoms may be connected with rectal afflictions. These common ailments are Nature's way of warning that there is a condition present that should be corrected without delay. The book explains what diseases may be involved with rectal and colon disorders. The coupon will bring your copy.
