U.S. NINTH REACHES THE ROER

Mrs. Gude, Pioneer Ciscoan, Is Dead at Ripe Age

Mrs. Mary Jane Gude, 83, widow of the late John Gude, died yesterday at Post, Tex., while en route to Cisco from Lubbock, where she had been visiting her daughter, Mrs. A. G. Hunt. The body was returned to Lubbock and is expected to arrive in Cisco tonight for funeral and burial.

The funeral will be held at First Methodist church at 4 o'clock tomorrow, with the pastor, Rev. W. A. Flynn, officiating. Burial will be in Oakwood cemetery beside her husband.

Mrs. Gude was born in Giles county, Tennessee, October 4, 1861, and had been a highly esteemed resident of Cisco for more than 30 years. She made her home here with her daughter, Mrs. W. H. McCollum.

Survivors are five daughters, Mrs. Walter Preston and Mrs. W. H. McCollum, Cisco; Mrs. A. G. Hunt, Lubbock; Mrs. H. H. Journey, Ft. Worth; Mrs. A. B. Strothers, Breminston, Wash. There are also 12 grandchildren and 11 great grandchildren.

Pallbearers will be Jonah Danvers, John Kleiner, Fred Grist, Ernest Hittson, Smith Huestis, H. A. Bible.

The body is in charge of Thomas General Home.

7:30 A.M. SERVICES THURSDAY

Cisco's annual union Thanksgiving service, which for many years has been well attended by the people of the various churches and of no church, will be celebrated at First Christian church, 7:30 o'clock at First Christian church. The meeting is sponsored by Cisco Ministerial association, of which Rev. L. H. Clegg of the Church of the Nazarene is president.

Rev. W. A. Flynn, First Methodist church, will preach the sermon. Others who are to have part in the service of worship, which will be in charge of Mr. Clegg, are Rev. C. A. Warden for the prayer, Rev. Evan Holmes for the scripture reading, Mrs. Lonnie Shockey for the music and Mrs. Troy Powell at the piano. Rev. C. S. Mead will deliver the benediction.

The early hour of 7:30 has met with general approval in past years as evidenced by the good attendance. The day then is left free for family gatherings and other customary activities without interruption. The service will be limited to one hour. The offering will be given to Cisco Community Chest, by action of the Ministerial association.

Public schools and most Cisco business houses will be closed all day.

SOPORIFIC SUPERMEN—All in, their clothes shabby and mud-caked, these German soldiers, newly arrived at an Italian prison camp, look like anything but "supermen" of master race as they despondently fall into very unmasterful poses. Their dejection tells better than words that they realize it's all over for the Vaterland.

OIL MEN ARE FOCUSING ON DEEP WELLS

Tests of the Ellenberger horizon both drilling and prospective, occupies the attention of oil men in this area.

Of foremost interest this week was the Mudge Oil company's Lyle No. 1 in the Harpersville area north of Cisco which was to drill plug after cementing seven feet in the Ellenberger where a promising oil show was obtained. Total depth is 4,118 feet. Results of this well have bearing on a large section of virgin deep territory.

Some distance northwest of the Lyle on the Waller tract on the Stephens-Shackelford county line the Cherry-Kidd Oil company was drilling at 1,300 feet in another Ellenberger operation. This well is rotary drilled. L. H. Choate Rotary Drilling Co., is contractor.

Nine miles north of Cisco on the Tolle farm Woodley Petroleum company is drilling ahead in yet another Ellenberger well at unannounced depth. Choate is also contractor on this well. Cable tools are used.

The Mass-Tex Oil company of Dallas was drilling at 400 feet in its Donovan No. 1, five miles north of Cisco. Location is in the northwest quarter of section 388, SPRR survey. It will be drilled to the Ellenberger.

Hickok Producing and Developing Co. is moving on a semi-wildcat location three miles north of Cisco on the Harrell, et al., where it has made application to drill to 4,200 in another Ellenberger test. Location is in the N 1/2 of Sec. 497, SPRR survey. Location is half a mile from the same company's Gray No. 1 recently completed for six and a half million feet of gas.

In the Scranton territory, 14 miles southwest of Cisco, J. W. Huff is drilling at 750 feet on the Huff fee, scheduled to go to the 1,700-foot pay. L. A. Warren of Cisco is contractor. This well is located 1,000 feet west of the E. P. Cozart farm where Warren has had production for the last five years.

The W. F. Brown No. 1 Gray one-half mile southwest of the Rising Star business district, twenty miles south of Cisco, is shut down at 2,812 feet, 60 feet above the Marble Falls horizon where pay is expected.

Brown has two wells drilling in the old Hilburn field, near Pioneer in southwest Eastland county. His Sherrill No. 1 is down to 3,041 feet, with the Marble Falls expected 12 feet lower. The Brown Roy A. Langston No. 1, half a mile south of the Sherrill, is starting operations.

FRENCH FORCES SAID TO HAVE CROSSED THE RHINE NORTH OF STRASBOURG; ADVANCES SLOW

R. L. Wilson Died Here Last Night; Age 48

Robert Lovell (Tub) Wilson, 48, died shortly before midnight last night at the home of his mother, Mrs. Joe Wilson, 406 west Eighth street. He had been ill for the past year, but continued in his position with the Texas and Pacific traffic department, Fort Worth, until four months ago, when he came here for a visit with his mother, was unable to return to his work and gradually grew weaker.

Decensed was born in Cisco, September 29, 1896, attended school here and was one of the most widely known and popular young men in the county, having served as deputy sheriff, constable and as a member of the Cisco police department for a number of years. He was also an active member of Cisco's volunteer fire department for many years. He was a member of First Methodist church and of Cisco Masonic lodge.

The funeral will be held at First Methodist church at 2 o'clock Wednesday afternoon, with burial in Oakwood cemetery. Rev. W. A. Flynn of the Methodist church will officiate at the church and the Masonic lodge will conduct the services at the grave. Green funeral home has charge of the remains.

Survivors are the wife and two children, R. L. and Miss Charles Lavoyce Wilson, Fort Worth; the mother, Mrs. Joe Wilson, Cisco; two sisters, Mrs. Everett Duncan, Roscoe; Mrs. J. P. Aycock, Sweetwater; two brothers, Carl P. Wilson, Cisco; Ernest Wilson, Coleman.

Pallbearers will be Otto Keefe, Virgil Heyser, Fred Grist, Fred Scott, Ed McCannies and C. B. Powell.

LONDON, Nov. 28.—Third army infantry advanced three to four miles in the center of the western front capturing a village today in ten miles from Saarbrücken, a great German arsenal and pivot of the Siegfried line.

A crossing of the Rhine north of Strasbourg by elements of French forces was reported in a French communique broadcast by the French press agency. No immediate confirmation or additional information was forthcoming. The French elements are part of the American Seventh army and spearheaded to the drive through the Saverne gap to Strasbourg.

To the north, American troops of the Ninth army reached the flooded Roer river, last natural barrier before Cologne and the Rhine.

In extremely bitter fighting, they cleared the village of Kirchberg, just across the muddy 30-yard wide stream from Julich, less than a mile to the north. Kirchberg is 23 miles from the western limits of Cologne.

Between these armies, men of the U. S. First gained by the yard in the fortified village of Hurlgen, still in the contested forest, in Langerwehe, within five miles of Duren on the Roer; and in the western outskirts of Grosshau, three miles from the Roer in the Duren area.

On the southern flank, Germans south of the Rhine-Rhine canal in Alsace virtually were wiped out with the capture of Dannebourg and several adjacent villages. Scattered resistance continued in the Vosges mountains where the U. S. Seventh army pressed forward through snow and mud.

British on the north cleared a pocket north of Venlo and again probed the maze of defenses before that Dutch road center.

Germany had the bulk of her forces and her precious mobile reserves deployed on the Cologne plain. Advances accordingly were slow, for fight there was a great battle of attrition and Gen. Eisenhauer's maximum objective was to destroy the German army.

The massing of German strength on an 18-mile sector beyond Aachen weakened the enemy before the Saar, rich in coal and steel, and it was here that Lt. Gen. George S. Patton threw his Third army at this gateway into Germany. The Seventh army in part joined the Third in this offensive north of Saarbourg.

Better Pay For School Teachers Gains Momentum

Eastland County Teachers' association met at Eastland, November 22, with L. R. Higgenbottom, president, presiding. A Thanksgiving plate was served to more than a hundred teachers and thirty guests. Special vocal, piano, and tap dance numbers were given during the evening by Misses Dorothy and Heidi Throne, accompanied by Mrs. John Boen.

The association was honored to have Mrs. Virginia Link, El Paso, president T.S.T.A., present. She gave an inspiring address, encouraging all teachers to unite their efforts to improve Texas schools and to increase teachers salaries as proposed by the joint legislative committee. Thirty-one thousand teachers of Texas are backing this program with their membership in the T.S.T.A. and it is hoped the goal of thirty-five thousand is soon reached.

Dr. L. A. Woods, state superintendent, attended the meeting and in addressing the association confirmed the importance of teachers joining the state association and uniting their efforts to improve Texas schools and teachers salaries. Dr. Woods introduced the speaker of the evening, H. R. Danford, a well-known authority on safety education and working with the national conservation bureau.

The following officers were elected for the ensuing year: President, Miss Mary Carter, Eastland; vice president, T. W. Beard, Gorman; second vice president, C. J. Turner, Cisco; secretary, Mrs. Hal Hunter, Ranger; treasurer, Sam Jones, Morton Valley.

F. Urban Averaged 182 Pins In Three Games

Glenn Furniture Co. won two out of three games from Collins Hardware and C. E. Paul's Chiro's took everything from Cisco Lumber Co. at the local bowling alleys last night, notwithstanding F. Urban of the Lumber company team made the highest personal score of the evening—an average of 182.

Tonight's lineup will be The Man's Store vs. Cisco Gas Corp. and West Texas Utilities vs. White's Tire Shop.

WHEN THE RAINS CAME—With a little canvas and an umbrella, mixed with ingenuity, Cpl. Kenneth P. Jones of Carlisle, Ind., made himself this tricky shelter to ward off rainy weather which threatened 3rd Army offensive in Metz sector.

CASTLES ON THE GROUND—Dutch youngsters use bricks from shattered houses to play at building in streets of liberated s'Herogenbosch, Holland, which are now safe since town has ceased to be target for shell and mortar fire from both sides.

Success of Paper Hunt Depends On Cisco Citizens

Cisco Lions club makes a last appeal to citizens of Cisco to join whole-heartedly in tomorrow's scrap paper drive.

Trucks manned by Lions will pick up the scrap paper from front walks at 5 o'clock tomorrow afternoon.

It is urged that magazines be kept separate from newspapers and card board and that all be securely tied.

The city will be worked thoroughly by the teams mentioned below and the drive will be a big success if citizens cooperate with the energetic Lions. The paper is badly needed by the government.

REDS BBROADEN FRONT

LONDON, Nov. 28.—The Red army broadened its offensive front in eastern Slovakia to more than 75 miles today, wedging five to nine miles into the formidable chain of mountain defenses linking the German armies in Poland and Hungary.

Elsewhere on the long eastern front, gale-lashed rains enforced an uneasy lull in the fighting, with both Berlin and Moscow predicting that the stalemate might be broken at any time by the long-awaited Russian winter offensive.

JOHNSON GRADUATES

The army air forces training command at Keesler Field, Biloxi, Miss., announces the graduation of Pvt. Joe Dan Johnson of Cisco from its B-24 Liberator bomber school. He is the son of Mr. and Mrs. Edge Johnson, 809 east Ramsey street, Cisco. The 17-week course just finished by the Ciscoan qualifies him in air craft, maintenance and emergency operations of the Liberator bomber. He will now go to another station for training that will enable him to perform dual duties with a combat air crew.

LIONS CLUB SCRAP PAPER DRIVE NOV. 29

LAVERENDER BROTHERS

Pvt. Leonard G. Lavender, 19, son of Mrs. Maxine Bell of Cisco writes from Italy that he is OK in every way. This was the first letter from the young man in five months. Private Lavender joined the infantry when he was 18 and was sent overseas a few months later. Sgt. Don D. Lavender, a brother, is now taking special air training in the state of Washington, after spending about two years in the Panama Canal area. Both young men were reared in Cisco.

JOHN E. PORTER KILLED

Mr. and Mrs. K. N. Greer received a letter from Mrs. Rosheil Daniel of Purcell, Okla., yesterday telling of the death of her brother, John E. Porter, who was killed in action in the Mariana Islands area of the Pacific, November 19. Porter was about 33 years of age, a member of the navy and had visited his sister at her home in Cisco on many occasions before the war and while she was a resident of this city.

PERSONAL.

E. L. Pugh and Harvey Thurman, trot-line fishermen, caught a catfish at Lake Cisco that weighed almost 14 pounds.

Lt. Paul Kokanik of Minneapolis, nephew of Mrs. Bob Gilman, visited here briefly while enroute to the coast for overseas service. He is a member of the air corps and has been in training at El Paso.

Per year, in advance (Cisco) \$5.00
Per week, by carrier boy 12c

MODERN HORSEMEN

Norwegians are again fighting on Norwegian soil. After four and a half years of preparation in the British Isles a vanguard of 500 has landed in the Arctic wastes of Northern Norway, and joined the Russians in driving the Germans from the Province of Finnmark.

They are led by Col. Arne Dahl, commander of the Alta Battalion made famous during its bitter but hopeless stand at Narvik. Col. Dahl goes back to his homeland not only as leader of the first troops to return, but as head of a Norwegian military mission which includes representatives of the Navy and Air forces, and a number of government departments.

One of the latter is a representative of the ministry of justice, who has been sent to carry out measures dealing with traitors and quislings. He, too, will find plenty to do, beginning in Finnmark, where retreating Germans and traitor police have scorched the earth and driven the populace away.

According to Crown Prince Olaf in London, the work of this mission so far has been highly successful. It is a significant move which spells increasing doom for the Nazi invader.

LIFE PILLS

It is highly possible that the present so-called normal life span of fifty or sixty years is not at all normal. This is the conclusion reached, after investigation, by a serious group of international scientists working on the problem of premature old age.

One of the group's leaders, Dr. V. Korenevsky, who is conducting experiments at Oxford University on a grant from Lord Nuffield, says they

have determined that the life-span is purely pathological. He believes that future developments of biology and bio-chemistry will enable scientists to tell just why one man dies in his fifties while another lives to the probably more normal age of a hundred. They are hoping to isolate and classify the chemical compounds which affect senile decay. Once these are discovered, it will be possible to administer the proper com-

pounds to assure a much longer active life.

Who knows? Perhaps one day we shall be ordering our chemical life pills as easily, and absorbing them as matter-of-factly, as we do our vitamins today.

Law Back of Regents

Fort Worth Press: While the legislative committee is making the truth in the University of Texas controversy, a lot of broadsides are being launched by persons and groups who certainly haven't the means of knowing the whole background of the matter. The regents have been targets for a lot of criticism. Some have said they all ought to quit. Others have said Governor Stevenson should fire them. It seems to us that so many people seem to believe automatically that the regents are wrong and that Dr. Rainey and the faculty and students who are supporting him are right.

From the testimony we have read, we believe there has been fault on both sides. While we await more light, we and others interested may reflect on the set-up under which a state university is run.

The laws and constitution of

Texas provide that "The government of the University of Texas shall be vested in the Board of Regents composed of nine persons."

The university belongs to the people, and the regents have the responsibility of governing it.

Another article provides: "The Regents shall have the power to remove any professor, tutor or other officer connected with the institution when in their judgment, the interests of the university shall require it."

And another: "It shall be the

duty of the Regents to prescribe the courses of study to be pursued, and the books to be studied.

The regents are appointed by the governor, but their appointment must be confirmed by the senate, as in the cases of other appointive state officials.

The governor cannot remove them at will. The only way to remove any professor, tutor or him in the legislature, in which

event he would be tried by the senate.

If the president or faculty of the university are to be independent of, or superior to, the regents, there will have to be some changes in the law.

WOMEN IN '40's Are You Embarrassed By HOT FLASHES?

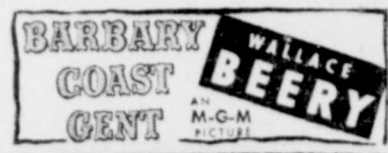

If you—like so many women between the ages of 38 and 52—suffer from hot flashes, weak, nervous, tired feelings, are a bit blue at times—all due to the functional middle-age period peculiar to women—try famous Lydia E. Pinkham's Vegetable Compound to relieve such symptoms.

Taken regularly—Pinkham's Compound helps build up resistance against such distress. It also has what Doctors call a stomachic tonic effect! Thousands upon thousands of women—rich and poor alike—have reported benefits. Here's a product that HELPS NATURE and that's the kind to buy. Follow label directions. Pinkham's Compound is sold world-wide.

CLIMBING INTO BATTLE—Advancing up a steep hill on Leyte Island, troops of the U. S. 96th Division head into the attack on Catamon hill, which was one of the Japanese strongholds on the Philippine Island. But once the American soldiers got into action it didn't take long for them to rout the Nips out of their entrenchments. The hill itself was tough enough, and the boys were laden with packs, but they were all sturdy-legged warriors.

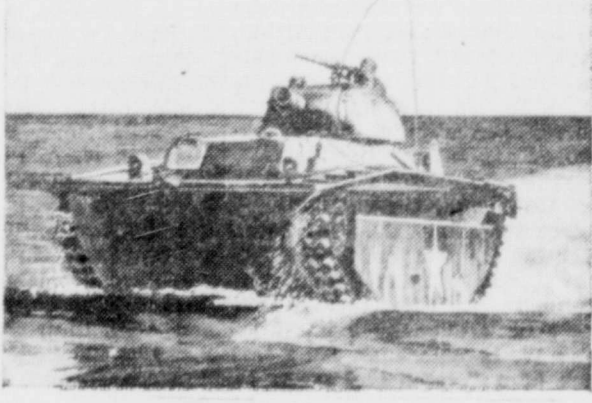

CRIPPLED FORT MAKES HOME BASE—After flying almost two and a half hours with its fuselage held together by only three longitudinal stiffeners and the dorsal fin, this big B-17G Flying Fortress reached its English base. Because hull turret gunner and two other crew members were hurt when Fort was blasted almost in two over Germany, others in bomber would not bail out.

JAPS BLASTED BY BUFFALOS

Rear Admiral E. L. Cochrane, Chief of the Bureau of Ships, Navy Department, gives much credit for the Saipan victory to the "Water Buffalo" amphibious tanks made by Food Machinery Corporation. "The victory of Saipan would never have been possible without the job done by the Navy's versatile and hard-hitting LVTs ("Water Buffalo" amphibious tanks)," states the Admiral. They are made in California and Florida plants with parts furnished by other plants in practically every state in the nation. They are all-American built.

CARD OF THANKS
We wish to express our deep appreciation to those who remembered us with floral offerings and otherwise following the death of our beloved husband and father, H. C. Gary, (signed) Mrs. H. C. Gary, Mr. and Mrs. Jack Gary, Mr. and Mrs. F. L. Gary, Mr. and Mrs. A. G. Gary, Mr. and Mrs. Lloyd Willard.

membership vice-president, Miss Letha Estes; fellowship, Mrs. Viola Stephens; Ministries, Mrs. Ina Pyle Martin; Stewardship, Mrs. Fred Grist; secretary, Mrs. W. C. Clements; treasurer, Miss Ora Howell. New group captains will be appointed by the incoming president. It was voted to contribute \$2.50 to the Lottie Moon offering during WMU week of prayer next week. It was decided to continue giving \$1 per month for milk to a needy family.

Minutes were read by Mrs. W. C. Clements and report made for three-month period, ending Oct. 31. Four new names were added to the membership roll and a splendid financial report was made. The group then sang several hymns, accompanied at the piano by Mrs. Ina Pyle Martin.

Refreshments of pecan pie and coffee were passed to Mesdames Fred Grist, Myrtle Anderson, O. G. Lawson, Lister, F. D. Wright, Ina Pyle Martin, W. C. Clements, Miss Letha Estes, a visitor, Mrs. Algie Skiles and Mrs. Kate Richardson.

MRS. W. C. SHELTON SURPRISED HONOREE

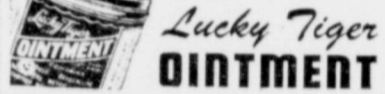

Mrs. W. C. Shelton was a surprised honoree Sunday when she went to the home of her daughter and son-in-law, Mr. and Mrs. R. W. Mancill, where she had been invited to noon dinner. Upon her arrival she was greeted by her sons, E. B. and W. C. Shelton of Fort Worth, Mr. and Mrs. James Shelton of Abilene, Dr. and Mrs. E. L. Graham and the hosts. A lovely baked chicken dinner and all the garnishings was served to the group and the afternoon was spent in conversation.

REAL ESTATE SERVICE

Does your landlord bother you? Buy him out and send him on a long vacation. Do you worry because homes are higher? What if? When they were cheap you didn't have the money to buy. Now, that you can buy, be "Monarch of All You Survey." Own your home.

We have a nice little four-room cottage on paved street, eight blocks from "The Drag," needs a little repair inside, only \$1,000.

Have a bargain in 6-room house, nice grounds, double garage, wash house. This is a good buy at \$2,750. Southwest part. It's your loss if you fail to investigate this. We promised to sell it in two weeks. Get busy.

We are selling the better buys faster than we can list them. List yours with us if you want to sell and will take a reasonable price.

Let us show you a nice five-room home in southwest part for only \$2,600. This place will sell.

Six-room, hardwood floors, only \$2,500.

Want a lovely home in West part for \$5,250. Let us show you one.

How about that farm? Do you hanker to get back to the soil?

100 acres with 70 cultivated, 3 1/4 miles south of Moran, sorry improvements; but good land, \$30.

95 acres good grass land, two miles out on pavement, gas water and lights available, only \$20.

38 acres on highway, \$16. 42 acres with lots of improvements, 1 mile out, \$2,500. Country store, filling station and home, all for \$1,250.

day school met Monday evening in the home of Mrs. O. W. Baker for monthly social and business meeting. The meeting opened with prayer by Mrs. Cecil Adams, teacher. Mrs. Chester Stricklin presided during the business period and minutes were read by secretary. Refreshments were passed to Mesdames Floyd Henson, Chester Stricklin, Cecil Adams, Lois Roland, M. D. Fox, Richard Turknott, T. E. Lisbee, J. T. Richardson, Arlin Birt and Baker.

WILSON-CONNELL MARRIAGE IN DALLAS

A marriage of interest to a number of persons in Cisco is that of Mrs. Fay L. Wilson of Dallas and Frank Connell of Houston which was held Nov. 11 in Dallas. The bride and groom formerly resided in Cisco. Mrs. Wilson was engaged in the millinery business here for a number of years before leaving for Dallas to make her home about 12 years ago. Mr. Connell lived in Cisco when a youth with his step-father and mother, Mr. and Mrs. J. W. Carter. The couple will make their home in Houston.

SUN, SEA AND SAND DRESS
—This sunback pink spun rayon dress is a wrap-around with a bolero and a belt studded with gold nailheads. That's what they're wearing now at Palm Beach this season. Of course, if you have a pearl necklace hanging around, it helps your neck.

DONUTS TO THE RESCUE—These Camp Fire girls sell donuts to raise money to purchase their own summer camp where they will institute a training program for their members to do war work.

Buy bonds till it hurts!

Go without and do without if need be to help speed the pace of victory

THE young man in this picture obviously is an extreme example. Our Government certainly does not expect any of us to go that far in restricting our buying—even to put the 6th War Loan over the top.

But our fighting forces certainly will feel that their sacrifices are appreciated if we deny ourselves some things and put the money into extra War Bonds instead.

Remember, War Bonds pay off at maturity at the rate of \$4 for every \$3 invested. Try to buy at least one extra \$100 Bond while this 6th War Loan Drive is on.

This advertisement prepared and contributed in the 6th War Loan Drive by THE STUDEBAKER CORPORATION

REPLACEMENT ENGINES for CHEVROLETS (Cars or Trucks)

We can replace your worn-out, gas-wasting engine with a new complete cylinder block and working parts — a factory-assembled power plant. Here's what you get:

New cylinder block	New timing gears
New crankshaft	New pistons and rings
New camshaft	New connecting rods

New front-end plate

In short, every important part that operates to develop power is brand-new — just as in your original engine. Here is the answer to your wartime transportation problem.
