NUMBER 51

YANKS SMASH TOWARD RHINE

Humble First Co. To Manufacture Billion Gals. 100 Octane Gas

HOUSTON, Dec. 1.—The distinction of being the first refinery in the nation to manufacture one billion gallons of finished 100 octane aviation gasoline will be won by Humble Oil & Refining company's Baytown plant on December 14.

On that day Baytown refinery will be the scene of a commemorative ceremony. The one-billion gallon will be presented to a military representative by H. C. Wiess, Humble president, and 14,000 active employees and 3,000 in military uniform will be honored for their contributions toward this war production record, as well as for their achievements in all phases of the company's operations.

The all-day celebration, built around the formal presentation ceremony has the full endorsement and approval of the war and navy departments. High-ranking officers from all the services will be in attendance for the occasion, as will officials of many governmental agencies and state and local leaders in both government and industry.

In connection with the event a number of exhibits have been prepared and will be on display from December 14 through December 17. One of the features will be the army air force show, brought to Baytown especially for this occasion. Making its twenty-third appearance, this exhibit has shown to capacity crowds in the principal industrial cities of the East and Mid-west. It consists of special booths, displays and moving pictures which tell a graphic story of war production. The navy, likewise, will have striking exhibitions to demonstrate the strength of our country's naval power, and to illustrate the important part 100 octane aviation gasoline plays in its operations.

Also on display will be a large number of special exhibits depicting the operations of a great industrial organization producing for war. The exhibits will be housed in special tents surrounding the Baytown community building. The formal ceremony will be held on a platform erected adjacent to the main refinery office and inside the grounds, so that the greatest possible number of spectators might attend.

All exhibits will remain open for the four-day period so all who wish to attend may do so. After viewing the exhibits and pictures, visitors will be conducted on special tours through the refinery and the associated war plants.

Baytown refinery's leadership in the manufacture of super aviation fuel dates back to pre-war days. Pioneer research work in the field of high octane gasoline was occupying considerable time in the Baytown laboratories in the late '30s. In 1937 Humble built a unique pipe line from the East Texas field to Baytown to bring in natural gasoline and butane in large quantities for processing of the light fractions so essential to high quality gasoline. And in 1938 the company built the world's first commercial alkylation plant in Baytown.

The combination of these three factors enabled Humble to begin making 100 octane aviation gasoline early in the war and to produce it in greater volume than any other American refinery.

Since Pearl Harbor, Humble has greatly increased its capacity for manufacturing the essential wartime fuel at Baytown. Alkylation facilities were expanded; two giant fluid catalytic cracking units, a superfractionation unit and a hydrogenation plant were built; and several old units were converted to take a new place in the 100 octane gasoline program.

How much gasoline is a billion gallons? That is best understood

Paper Drive Exceeded That Of October in Lbs.

The Lions scrap paper drive Wednesday afternoon had a fair response according to members who were in charge of the trucks which gathered the paper. While topping the October drive by about 1,000 pounds of paper, the receipts will probably be somewhat less because there were few magazines and cardboard which bring higher rates. Total for this drive was slightly over 12,000 pounds.

The program for the Lions luncheon Wednesday was in charge of E. J. Pross, consisting of songs with piano accompaniment by Mrs. Lonnie Shockley and Mrs. Troy Powell, respectively, while Mrs. Ben Krauskopf pictured the sentiment with crayon drawings.

While Mrs. Powell played softly on the piano, Mrs. Krauskopf began her scene depicting the song, "Coming in on a Wing and a Prayer," which she started by a few deft strokes of yellow, into which were blended the brown and red of the sunset, mingled with the blue of the sky. Then, as Mrs. Shockley sang the beautiful strains of the song, the plane began to take shape, finally growing into nearness of detail ready for the landing.

The second number, which was "White Christmas," moved in much the same manner except that the picture began with outlines of snow-topped mountains—peak above peak—with fir trees, themselves mantled with snow. Then came the white-covered house from which shone the warm, red light of Christmas cheer.

Next came the road, paralleling a fence which struggled to keep its top strands of wire above the enveloping fleecy snow. The ladies were warmly congratulated.

MRS. GUDE'S FUNERAL

Funeral service was held for Mrs. Mary J. Gude, widow of the late John C. Gude, in the home of the deceased Wednesday afternoon at 4 o'clock. Rev. W. A. Flynn of First Methodist church officiated and music was furnished by members of the Methodist choir. Interment was in Oakwood cemetery. Out-of-town relatives present included Mrs. Hugh Journey, Miss Mary Helen Journey and Mrs. D. W. McClinton, Fort Worth; Mrs. A. G. Hunt, Lubbock; Mr. and Mrs. M. L. Preston, Odessa; Pvt. Charles R. Preston, Jackson, Miss.; Mrs. Tony Johnson and son, Wichita Falls.

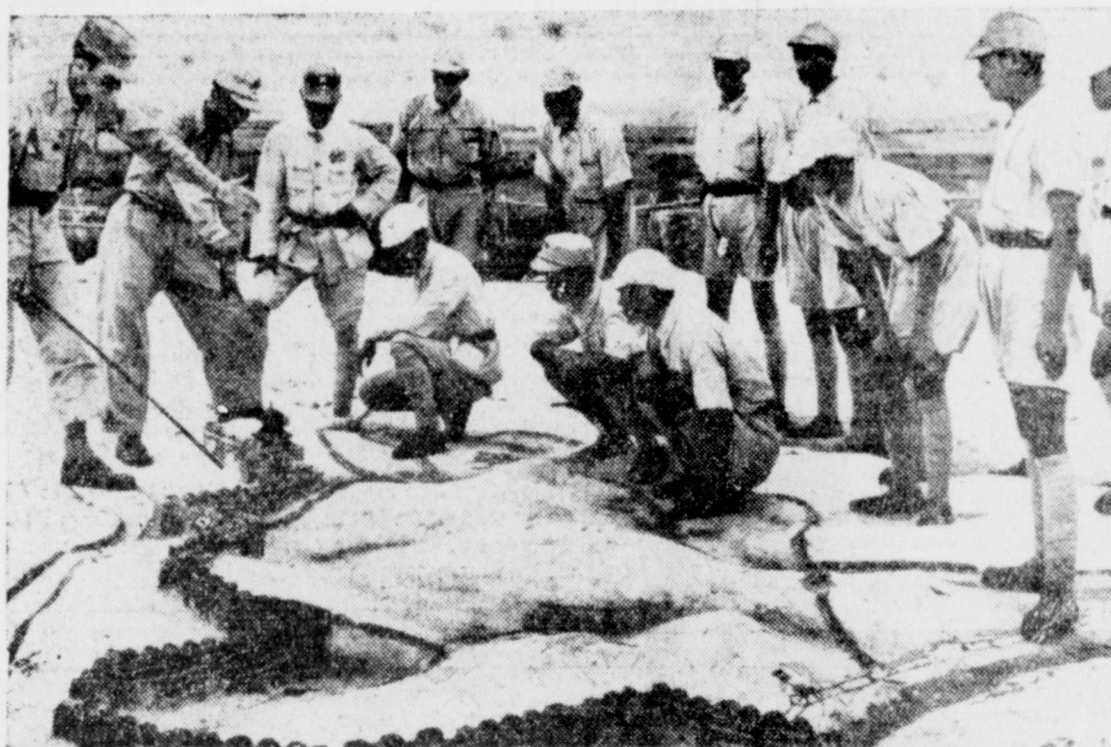

when broken down in terms of actual consumption in sky fighting. For example, if 1,000 big bombers made a round trip between the British Isles and Berlin every day it would take them 400 days to burn up a billion gallons of 100 octane gasoline.

But 100 octane aviation gasoline is not all that Baytown refinery is producing for war. Other refinery units and adjacent war plants operated by Humble are turning out vast quantities of toluene for explosives, synthetic rubber, aviation engine lubricants, 80 octane all purpose gasoline, heavy duty lubricants for military equipment, diesel fuels, solvents, and navy fuel oil.

In addition to the Baytown plant's production, a sizeable quantity of war products comes from two other Humble refineries located at Ingleside and San Antonio.

WHAT—NO CANNONBALLS?—Well, they'll come later. Here Bob Phillips, 19-year-old left end of Iowa Seabawks, illustrates that football, basketball and education can work well together. Bob was ranking cadet in his graduating battalion, only one point from perfect.

CHINESE SOLDIERS LEARN TACTICS—Under guidance of American Y-Force Chinese soldiers learn modern warfare tactics at "Little Fort Benning," camp in China named after famous infantry center in U. S. Lieutenant is using model of Great Chinese wall.

Loboes Scored Twice on District Champions

The Breckenridge Buckaroos did the expected in their annual Thanksgiving game with the Cisco Loboes here Thursday afternoon, but the Loboes did the unexpected, somewhat to the chagrin of the district champions. The Loboes scored two touchdowns against their heavier opponents, something no other team in the district has done.

The final score was 64 to 12, but at that the Buck total was swollen by the persistent gambling of the Cisco lads for another score during the last two quarters of the game. And once or twice, but for the barest margin of luck, they might have gotten away with it. The Bucks had little trouble in smashing through the Cisco defense with running plays during those periods but they had plenty of trouble keeping Johnson's superb passes from connecting in a pay-off.

Just before the fourth quarter opened the score was 33 to 12. The Bucks scored five touchdowns from that moment on—one just as the quarter ended and four others from points of pass interceptions or punt returns deep in

Lobo territory. Both of the Loboes' touchdowns were thrilling bursts of underdog play that highlighted an otherwise hopeless record of Breckenridge power. The first came when Tompkins, taking a screen pass over the massive Buckaroos wall, broke into an open field and raced 55 yards across the goal line. Collins scored the second when he leaped for a sensational catch of Johnson's pass and outran the Greenie secondary for the count.

The big Buckaroo line was the decisive factor in the game. Although there were times when the lighter Cisco boys held the district champs for downs, the Bucks were able to smother the Lobo running plays with comparative ease and to shear the stubborn Cisco defense for long and consistent gains, particularly during the last two quarters.

The Loboes made five first downs to 15 for the Buckaroos. From the standpoint of penalties the game was clean. Despite the uncomfortably cold weather, attendance was good.

JOHN J. BUTTS WOUNDED
Word has been received by Cisco relatives that Sgt. John J. Butts, U. S. infantry, was slightly wounded in action in France on November 16. The first news was received by the young man's parents, Mr. and Mrs. Edgar Butts at Craig, Colo., but the message contained no details.

Audrey A. Coats of Cisco Killed In Action Nov. 24

Audrey Allen Coats, 20, son of H. A. Allen of route two, Cisco, was killed in action in the Pacific war theater, November 24.

The news came to the father today in a wire from the war department.

The young man joined the navy in November, 1942. He was born at Moran, attended the Moran and Cisco schools and was a member of Moran Baptist church.

Survivors include the father; one brother, J. R. Coats, Los Angeles; three sisters, Mrs. W. F. Collins, Cisco; Mrs. Roy Watson, Paris; Latona Coats, Salt Lake City, Utah; two half sisters, Hazel and Jean Coats, Cisco; two half brothers, Herbert and H. L. Coats, Cisco. The grandmother of deceased, Mrs. J. A. Yeager, also lives in Cisco. The boy's mother died in 1926.

Joe H. Chambers Cisco Resident 51 Years, Dies

Joe H. Chambers, 70, died at his home, 208 east Seventh street, Cisco, at 9 o'clock Wednesday night and the funeral was held at 4 o'clock Thursday afternoon at the Church of the Nazarene, with burial in Oakwood cemetery. Thomas funeral home was in charge of the body.

Mr. Chambers was a native of Arkansas and came to Cisco from that state 51 years ago. In early life he was a railroad bridge carpenter and had made his home here through the years.

Survivors include one son, G. C. Chambers, Cisco; a sister, Mrs. J. B. Sughart, Ontario, Calif.; and six half sisters, as follows: Mrs. G. W. Martin, Waco; Mrs. Mary Stuard, Mrs. L. E. Fleming, Mrs. John Swindle, Mrs. Myrtle Lavender and Miss Kate Chambers, Cisco. There are also two grandchildren.

Memphis Citizen Buys Home Here; To Open Business

J. L. Brewer of Memphis, Tex., has purchased the home of Leon McPherson, 1300 L. avenue and, with Mrs. Brewer and their three children, will move to Cisco about December 10.

Mr. Brewer has leased the building at 501 D avenue—opposite Savoy Cafe—and later in the month will open a business to be known as White's Auto Store, which will carry stocks of auto supplies, furniture, cook stoves, clothing and other lines.

The newcomers are members of the Church of Christ and have two children of school age—one will be in high school and the other in grammar school.

Brewer has been a resident of Memphis for the past 21 years and located in Cisco only after visiting 40 other Texas towns on inspection trips. He was here first about two months ago. Asked why he picked Cisco in preference to the other towns, the new citizen answered as follows:

1. Because of the friendly attitude of your people on my first visit.

2. Because of Cisco's location, climate, railroads and Lake Cisco.

3. Also because of your churches and church life, public school system and Cisco Junior College.

Accompanied by his brother, Walter Brewer of Cresco, Ia., Mr. Brewer and family left this morning for Memphis to complete their plans for moving to Cisco.

FIGHTING SAID TO BE JUST AS BLOODY AND RELENTLESS AS IN ARGONNE FOREST IN FIRST WAR

Last Rites For Popular Cisco Man Impressive

Out-of-town relatives attending the funeral of Robert Lovell (Tab) Wilson Wednesday afternoon at First Methodist church included the following: Mrs. R. L. Wilson, Miss Charles Lavace Wilson, Bobby Wilson, Mrs. Ellen Turner, Mr. and Mrs. Gerald Wren and children, Fort Worth; Mr. and Mrs. J. P. Aycock and son Jack, Sweetwater; Mr. and Mrs. Everett Duncay and sons, Roscoe; Mr. and Mrs. Ernest Wilson and daughter Sharon, Coleman; Mrs. Maggie H. Boswell, Mrs. Retta Nelson, Charles Coghlan, Mrs. J. E. Self, De Leon; Mr. and Mrs. Elmo Murphy, Moran; Mr. and Mrs. R. L. Griffin, Aquilla; Mrs. Clarkson, Dublin; Mr. and Mrs. Dave Griffin, Albany; Mr. and Mrs. W. W. Eddleman and sons, Eastland; Mr. and Mrs. Joe Ashby and children, Mr. and Mrs. A. C. Cozy and daughter, Dallas; Judge and Mrs. B. W. Patterson, Eastland; Mrs. H. B. Fullerton, Abilene; Mrs. Burnett Griffin, Mr. and Mrs. W. H. Mayhew, Ft. Worth.

Music at the church was furnished by a male octette composed of George Boyd, E. P. Crawford, W. Frank Walker, O. L. Mason, G. A. Eppler, J. L. Thornton, Harry Schaefer and Dr. C. M. Barnes. Three vocal numbers, "The Old Rugged Cross," "Farther Along" and "Precious Memories" were sung by the group and organ accompaniment was by Miss Marilyn Shertzer.

Rev. W. A. Flynn read a sketch of deceased's life and his sermon was based on scripture from Genesis. "All These Things Are Against Me" It was a splendid message, with words of comfort to the bereaved family. At the grave in Oakwood cemetery Cisco Masons, with W. W. Fessell in charge, conducted a brief but impressive service.

Wife Receives Air Medal for Late Marvin L. Ivie

ABILENE, Dec. 1.—Mrs. Bobbie Lee Ivie of this city has received the air medal, posthumously, for her husband, the late Tech Sgt. Marvin L. Ivie of Cisco in formal ceremonies at Abilene army air field.

Maj. Harry W. Brown, inspector at Abilene combat crew training station, presented the medal to Mrs. Ivie, a post exchange employee.

Sergeant Ivie is the son of Mr. and Mrs. W. B. Ivie of west Sixteenth street, Cisco.

The citation was "for meritorious achievement and aerial flight while participating in sustained operational activities against the enemy from 2 May, 1944 to 10 May, 1944."

Sergeant Ivie was an aerial gunner on a four-engine bomber going overseas in March, 1944. He was missing in action over Austria in May, 1944.

The Ivies were married in October, 1942. Mrs. Ivie is the daughter of Mr. and Mrs. A. B. Cooper of 603 west Twelfth street, Cisco. A graduate of Cisco high school, Sergeant Ivie was employed by the Nance Motor company before entering the army air forces.

WASHINGTON, Dec. 1.—U. S. armies all along the western front drove menacing wedges toward the Rhineland today under the ceaseless stream of artillery barrages, forming assault lines before the Roer and Saar rivers, major water hurdles before the Rhine, and aiming a drive toward mountain barriers in the south.

In the bitterest battle of the western front U. S. First and Ninth armies, pointed toward Cologne and Dusseldorf, massed on a 20-mile front on the Roer line; Yank Third army armor and infantry was forging a solid front of 12 to 15 miles on the west bank of the Saar and pressing against the Siegfried line, and units of the Third and American Seventh armies were pushing past the lower end of the Elfer range toward Kaiserslautern on the Rhine.

The American operations on this 24th day of the great Allied winter offensive were hampered all along the front by sticky seas of mud. The tremendous battle of attrition was costing the Germans an average of 3,000 prisoners daily and many more men in dead and wounded.

The fighting was described as just as bloody and relentless as that of the Argonne forest in the last war. American planes lashed furiously at German troops concentrations, supply lines and transport in support of the ground forces.

AIR LOSSES HEAVY
LONDON.—Great waves of RAF bombers raided Germany during the night, sustaining the record-breaking Allied November air offensive that yesterday cost the U. S. air force its worst loss in heavy bombers since April—56 four-engine craft downed by ack-ack.

Thirty U. S. fighters also failed to return to their British bases after all-day pulverizing attacks by 2,000 planes on synthetic oil plants in the Liepzig area and railyards in the Saarbrücken sector. The tactical air forces supporting ground troops lost three medium bombers and one fighter. Not since 63 U. S. bombers went down to combined ack-ack fire and fighter opposition over Berlin in April have Allied planes encountered such concentrated defense fire as they did yesterday, particularly in a 40-mile square area near Liepzig.

Tempering the heavy losses reported by an Eighth air force communique was the belief that most fighter pilots grounded in friendly territory.

ANOTHER CONVOY SUNK
SAN FRANCISCO.—Japanese commanders ruthlessly sacrificing thousands of men and dozens of ships in an effort to halt American reconquest of the Philippines gambled and lost another convoy to dive-bombing American fighters, which have wiped out 47 ships and 26,000 soldiers trying to reach Leyte in seven convoys.

The latest one-sided air-sea battle in the central Philippines shooting gallery cost the Nipponese four transports "heavily loaded with men" definitely sunk, spilling 5,000 men helplessly into the sea. A medium sized freighter and a destroyer were left in flames by American fliers releasing their bombs at masthead height.

The action occurred Thursday in an engagement extending the length of the central Philippine seas.

It was pretty chilly in Cisco last night, the first cold weather of the season, and double cover was appreciated by warm-blooded Ciscons during the night. Cisco Gas Corporation thermometer registered 26 degrees at 8 o'clock this morning.

THE CISCO DAILY PRESS

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937).

Per year, in advance (Cisco) \$5.00
Per week, by carrier boy 12c

THE NEW SECRETARY

As the venerable, level-headed and generally admired Secretary Hull steps out of the international picture at Washington because of illness, it is reassuring to see so able a man as Edward R. Stettinius taking his place. This is obviously not a "political" appointment, for Mr. Stettinius rose to eminence as a wealthy industrialist with large interests in General Motors, aviation and United States Steel. These, however, have been largely set aside in the course of Mr. Stettinius' latter career as a political figure in Washington, steadily growing in ability and prestige.

As Secretary of State in the present world situation he acquires large power and assumes large responsibility. His further career will be watched with unusual interest. The times demand big, able and patriotic men at the seat of government more than ever before in our history.

NAZI SANCTUARY

The right of one pursued to "seek sanctuary" within precincts of religious property is one which goes back for thousands of years, to the Romans, the Greeks and the Hebrews. It has saved the lives of many innocent persons over the centuries—and of some not so innocent. But it is sometimes embarrassing to the involuntary hosts, as witness Vatican City today.

Before the liberation of Rome, numbers of Allied war prisoners managed to make their way from Nazi hands to the Vatican, where they were interred until released by the arrival of the Allies in Rome. Today, with Italy an ally of the United Nations, Nazi soldiers are attempting to reach the same sanctuary. Two of them succeeded recently. And although the Holy See is not

in sympathy with the ideas they represent, it will protect them as its duty, for its right of neutrality and asylum are beyond dispute and cannot be evaded.

Needless to say, however, it is making sure that no more such will find easy entry over its walls.

ORGANIZED EVIL

Men may fight just as long and hard in a wrong cause as in a right one. That has been shown in history over and over again. Either the combatants are convinced of their own righteousness, or they fear the consequences of losing. In the case of the Hitler-Germans, by this time they may be so deep in crime that they dare not stop, for fear of punishment, and so plunge to their own destruction.

As for the Nazis, there is probably more reason why they should fear righteous punishment than there has been in any other war of modern times. It is necessary to keep this fact clearly in mind. Too many people think with their emotions rather than their reason, and do not yet discriminate clearly between the terrors of unprovoked Nazism and the warfare of innocent nations fighting for their lives.

Patsy Allen Led Women Bowlers Wednesday Night

Four teams of the women's bowling league competed at the local alleys Wednesday night, with Dean Drug winning two of the three games and Firestone taking all three from Blue Blazers. Patsy Allen made high score for the evening—418.

Next Wednesday night the same teams will be paired as follows: Blue Blazers vs. Dean Drug, Palace Theater vs. Firestone.

Wednesday Scores

Dean Drug Score—

Catherine Abbott	112-116-151
Bonnie Reames	110-123-131
Verna Robinson	128-112-112
Kathryn Jenkins	127-132-113

Palace Theater—

Patsy Allen	142-127-140
Laydell Surles	94-134-148
Dixie Beal	119-120-111
Betsy Lassater	141-142-123

Firestone—

Mary Ternal	102-152-109
Opal Ward	114-110-116

Beryl Cutting 114-126-107
Betty Surles 136-118-111
Blue Blazers—
Bert McCallum 149-129-117
Azilee Morris 126-127-97
Frankie Triplett 100-134-135
Dorothy Stutenroth 116-114-119

BEAVER!—That's the old prof. himself, sharp-tongued Monty Wooley, combing his beard in the privacy of his dressing room at 20th Century Fox studios before facing camera. Oh, yes, Monty was professor of dramatics at Yale. Good, too, he was.

RIGHT OFF THE TYPE—Cpl. Charles R. Cannon puts the finishing touches to a creditable portrait of M/Sgt. Durwood Sutton, who observes the work approvingly. Cpl. Cannon turns out his artistic masterpieces right off the typewriter keys.

REPLACEMENT ENGINES for CHEVROLETS
(Cars or Trucks)

We can replace your worn-out, gas-wasting engine with a new complete cylinder block and working parts — a factory-assembled power plant. Here's what you get:

New cylinder block	New timing gears
New crankshaft	New pistons and rings
New camshaft	New connecting rods

New front-end plate

In short, every important part that operates to develop power is brand-new — just as in your original engine. Here is the answer to your wartime transportation problem.

APPROACHING MARRIAGE IS ANNOUNCED

Mr. and Mrs. W. C. McDaniel announce the engagement and approaching marriage of their daughter Catherine Mae to Robert Lee Parker, son of Mr. and Mrs. G. C. Parker of Tulsa, Okla.

The date of the wedding has been set for December 16 at 8 p. m. and will be held at First Methodist church, Cisco.

LOCAL CHAPTER OES IN REGULAR MEETING

The regular meeting of Cisco chapter 461, Eastern Star, was held Tuesday evening at Masonic hall, Mrs. Laila Smart, worthy matron, was in charge and opened the meeting in regular form. Pledge of allegiance to the flag followed. Minutes of previous meeting were then read by Mrs. Mary E. Brown.

An interesting report was given by Mrs. Smart of the state grand chapter meeting in Dallas. Plans were made for the official visit here of the district deputy grand matron at the first meeting in December. The meeting was closed in regular form. Twenty-three members were present.

METHODIST WSCS MET AT MRS. WESTFALL'S

Women's society of christian service met in the home of Mrs. A. R. Westfall Tuesday afternoon for business and social meeting. Assisting Mrs. Westfall as co-hostesses were Mrs. G. C. Flaherty and Mrs. Emory Moad.

Mrs. Fred Scott gave a splendid devotional and brought a lesson on the "Work of a Deaconess" in which she was assisted by Mrs. Joe Lovelady and Mrs. W. E. Ricks. Refreshments of cookies

FEEL PEPPY! RELIEVE THAT AWFUL BACKACHE

DUETO FATIGUE AND EXPOSURE Feel like stepping out again by relieving that backache (due to fatigue and exposure). Just rub on some En-ar-co and instantly it begins its four-fold work of helping soothe that back. Pleasant. 60c and \$1 at your drug-gist. Caution: Use only as directed. National Remedy Co., N. Y. and tea were passed by the hostesses during the social hour. Those present were Mrs. Joe Lovelady, Mrs. W. E. Ricks, Mrs. R. S. Elliott, Mrs. Fred Scott, Mrs. G. P. Rainbolt, Mrs. T. J. Dean, Mrs. O. C. Lomax, Mrs. Wm. Joyner, Mrs. Tom Stark, Mrs. J. P. McCanlies, Mrs. Emory Moad, Mrs. G. C. Flaherty, Mrs. Westfall and two children, Billy Joyner and Lillian Sue Flaherty.

MRS. NANCE HOSTESS TO EAST CISCO WMO

East Cisco Baptist women's missionary union met Tuesday afternoon in the home of Mrs. O. A. Nance for regular social and business meeting. Mrs. Ollie Hughes, vice president, was in charge and opened the meeting with prayer by Mrs. Carlton Holder. Minutes of previous meeting were read by Mrs. J. E. Shirley.

Report was made of articles donated for Backner orphan home and committee chairmen were named for the coming month. The meeting closed with prayer by Mrs. J. D. Hall.

A social hour was held and Pollyanna gifts were exchanged. Refreshments were passed to Mes-

WOMEN'S COUNCIL IN GENERAL SESSION

Women's council of First Christian church met at the church Tuesday afternoon. Mrs. J. S. Mobley presided and opened the meeting with group singing followed by prayer by Mrs. Blackwell of Ranger. The meeting was in charge of group one and Mrs. James Haynie, leader of the afternoon program, introduced Miss Mary Naranjo of Howard-Payne college as the invited guest speaker. Miss Naranjo, studying for missionary work among the Indians, brought an interesting talk about the Pueblo Indians and exhibited a number of articles made and used by them. At the close of her talk a collection of money

was presented her as a free-will offering.

During the business session it was decided to organize a county council, joining with Eastland and Ranger councils for completion of organization. Officers of this body were elected as follows: President, Mrs. James Haynie of Cisco; vice president, Mrs. J. C. Koen of Eastland; secretary-treasurer, Mrs. Glenn Simon of Ranger. Next meeting of the county-council will be held the second Monday in February.

Refreshments of cookies and spiced tea were passed at the close of the meeting by group one. Approximately 40 women were in attendance.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly always the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

WHY QUINTUPLETS always do this for CHEST COLDS!

To Promptly Relieve Coughing, Sore Throat and Aching Muscles. Make Breathing Easier. Break Up Congestion in Upper Bronchial Tract, Nose and Throat.

Whenever the Quintuplets catch cold—Use Quintuplets. Rub on throat and back with Musterole. Powerfully soothing—Musterole not only promptly relieves coughs, sore throat, aching chest muscles due to colds—but also helps break up congestion in upper bronchial tract, nose and throat.

So much easier to apply than a mustard plaster. "No food" or "no wash" with Musterole. Just rub it on. WONDERFUL FOR CROWNS-UPS, TOO!

In 3 Strengths MUSTEROLE

Is Your Home Life Like This?

Everything moves along its accustomed routine, easily, smoothly, gracefully. Few complaints ever arise. Anniversaries are regularly and lovingly remembered. Each meal is an occasion for compliment. Well, it could be that the coffee has a mighty lot to do with it. Sounds far-fetched? No! if you'd believe a current issue of a famous national magazine. It says good coffee is one of the tremendous trifles that's vital. What's more, it just about proves it too!

Maybe it's the Coffee

A rich, inviting blend like Admiration certainly can add much to family harmony. Its fragrant flavor is a delight at any hour of the day, lends something to all occasions, and helps make commonplace meals appetizing and interesting. It could well be therefore that Admiration Coffee plays a silent but important role in family affairs, unnoticed and unsusung.

Or is it Like This?

Too often bad coffee unhinges otherwise good dispositions. Usually it's right at the breakfast table too. One word leads to another—and then the family explosion occurs. The rest of the day is spent in multiplying imagined wrongs. Better look over your situation. Perhaps Admiration, one of the Great Aids to a Happy Married Life, is just what your family needs.

Admiration COFFEE
