CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing.

CISCO—1,614 ft. above sea; Lake Cisco—three miles long .87 ft. deep at Williamson hollow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas, electric and ice plants; home of THE BOSS WALLOWER Work Glove

VOLUME XXV.

CISCO, TEXAS, SUNDAY, DECEMBER 17, 1944

NUMBER 63

VIENNA NOW FRONT LINE CITY

J. E. Caffrey Of Humble Co. Died Suddenly

J. E. Caffrey, 63, district superintendent of Humble Pipe Line company and esteemed resident of Cisco for the past 16 years, died at 11:05 Friday night at Nazareth hospital, Mineral Wells. Mr. Caffrey was ill only a few hours and his sudden death was a shock to his family and a wide circle of friends and acquaintances.

BOSS GLOVE HEADS VISIT CISCO PLANT

Apparently well satisfied with the progress being made in their Cisco plant, two high officials of The Boss Manufacturing company concluded a two-day visit of inspection Wednesday and returned to the company's headquarters at Kewanee, Ill., expressing the hope that there would be a great increase in production to meet the pressing need for work gloves.

The officials were T. H. Blair, vice-president in charge of production, and H. E. Waller, vice-president, both of Kewanee.

Incidentally, during the visit of the two officials the Cisco plant turned in its biggest production day, according to N. R. Cutler, plant manager.

Mr. Blair and Mr. Waller pointed to the critical need for work gloves in army and navy plants and in munitions plants of the nation. Practically every glove manufactured in the Cisco plant is purchased by defense and military establishments under high priorities.

Both men expressed the hope that production would be increased, now that a considerable body of skilled labor has been developed here, and also that there could be an eventual expansion of plant facilities here.

There is plenty of room at the Cisco plant for new employees who can learn the skill required for the work done there, it was announced. Applicants were directed to go to the plant for interviews.

Decided entered the service of the Humble company Nov. 27, 1920, and came to Cisco from Breckenridge. He was a good citizen and popular with all who knew him.

THOUGHTLESS

This is an appeal to the youngsters who are shooting fireworks in the city of Cisco during the Christmas holidays.

Nobody wants to deny you the fun of shooting fireworks. It isn't so important that you may startle older people.

But have you thought of this—

There are many men in army and navy uniforms who have returned home to Cisco on furloughs from the battle fronts in Europe and the Pacific. Many of these have been through terrible days and nights of danger. For months they have listened to the bursting of shells, and the nerve-racking sound of gunfire. They have faced death in a pandemonium of shattering noise. Some of them have been wounded.

How do you suppose these men feel whenever they hear the noise of a bursting firecracker? Don't you suppose they think instantly of the guns and shells and bombs which burst around them in battle? Do you think they can enjoy their furloughs or leaves at home when your Christmas merriment constantly reminds them of the very thing that came home to forget a while? You youngsters are too young to fight. But you can be good soldiers at home and refrain from anything that bothers your big brothers who are fighting.

Let's put up the firecrackers and help make our soldier boys, our marines and our sailors who are home for the holidays as comfortable and happy as we can.

Watkins of Air Forces Now With 133d Infantry

Pvt. Johnnie E. Watkins, 29, who has been training with the air forces at Del Rio for the past two years, has been transferred to the 133d infantry and is now stationed at Camp Livingston, La. This is in accordance with a recent decision of the war department that will affect thousands of men who have not completed their training with the air forces.

Private Watkins is well known in Cisco, where he has lived for about eight years. He was born in Ranger and is the son of Mrs. Clara Mae Smith of Fort Worth. However, the young man grew up under the care of his grandmother, Mrs. H. L. McKibben of Cisco.

PATMAN'S VIEW

DALLAS, Dec. 16.—Representative Patman of Texas said here that congressional radicals are fighting the poll tax for selfish reasons. Patman told a luncheon given by Texas Women Democrats honoring State Democratic Chairman Harry L. Sey that, in his opinion, opponents of the poll tax are easterners who hope to defeat certain Texas congressmen who have gained positions of honor and authority.

HUGE GAS REBATE

NEW ORLEANS, Dec. 16.—More than \$760,000 will be refunded in January to natural gas consumers in the New Orleans area under plans filed in compliance with an order of the U. S. Fifth Circuit Court of Appeals. The rebates from the New Orleans Public Service, Inc., and the Louisiana Power & Light company, agents for the Interstate Natural Gas company, represent a reduction in gas rates ordered by the Federal Power Commission June 26.

ALONG THE RHINE—French officer, leading a patrol, is under fire as he reconnoiters along the Rhine, pistol in hand. German fire is coming from farther up the river on same (French) side, and from across the river beyond the building on far right, which marks the Swiss boundary. Haze obscures Nazi troops crossing river in distant background. This action took place near the French City of Huningue, but officer escaped being hit.

IN THE MIDDLE—AND HOW!—The guy holding his head in the center of this seething mass of pulchritude is William Nicholas, chairman of the Tournament of Roses. The bevy of beautiful girls gathering around in mob-scene manner are aspirants for Rose Queen title, and the place is the Rose Bowl in Pasadena, Calif.

THEY'LL NEVER BE YOUNG AGAIN—A heaping dish of ice cream ordinarily would never fail to delight the average youngster, but these Polish war refugees eat theirs seriously, with sorrowful eyes staring ahead of them into space. So great has been their suffering that it would take more than ice cream to make them forget it.

WARD STORE GUARDED

DETROIT, Dec. 16.—State and city police patrolled the area of the Montgomery Ward & Co. Royal Oak Store after reports of clashes between employees and CIO pickets. Three workers were treated for injuries.

TEXAS WASP STRANDED

NEW YORK, Dec. 16.—Miss Rose Puett, 23-year-old Dallas girl recently mustered out of the Wasp, appealed to the finder of her lost wallet to return it so she could return home to Texas in time for Christmas.

ADMIT GREAT LOSS

NEW YORK, Dec. 16.—Partial admission of Germany's tremendous loss in manpower was made Saturday by the Berlin radio which announced that "roughly 3,000,000 children whose fathers have been killed in action or are missing will be cared for by the winter aid movement."

RUSS TANKS, COSSACK HORSEMEN FORCE WAY INTO HUNGARY PLAINS; NO BUDAPEST NEWS

LONDON, Dec. 16.—Russian tanks and Cossack horsemen broke into the broad plains of northwestern Hungary in a new threat to Vienna and the Slovak capital of Bratislava today as Berlin broadcasts hinted that a powerful Red army winter offensive was getting under way in the south of Poland.

Tightly censored accounts from Moscow and Berlin gave only the barest details on the battle for Budapest, where freezing rains and strong German reinforcements combined to slow the Russian assault almost to a standstill at the gates of the city.

On the Slovak-Hungarian frontier 35 miles northwest of Budapest, however, Cossack cavalrymen and armored units of Marshal Malinovsky's Second Ukrainian army forced a major break in the German defenses covering the direct road to Bratislava and Vienna.

Smashing across the Ipoly river barrier after five days of ferocious fighting, the Soviets stormed and captured Saly and pushed on through a two-mile-wide mountain gap into the Bratislava plain.

German spokesmen intimated that Malinovsky was expected to strike westward, and the Berlin radio warned soberly that Vienna was now a "front-line city."

NAZI RESERVES FAIL

PARIS.—The Nazis rushed crack panzer reserves into battle in the upper Rhineland today in an effort to halt the latest American penetration of the "holy soil" of the Reich, but the Seventh army hammered out new gains against almost pointblank fire from the Siegfried Line.

At least two and probably more of Lt. Gen. Patch's Seventh army divisions already were across the German border at the Wissembourg gate near the eastern tip of France, and others rapidly were approaching the frontier along a 19-mile front.

To the north, battles of attrition—which Lt. Gen. Bradley, commander of the 12th army group, said were costing the Germans four to five men for every American lost—ragged on in the other two American bridgeheads inside Germany.

American First army tightened its siege around the Roer river stronghold of Duren on the Cologne plain by smashing the last enemy resistance of Gurzenich, Bigel and Kuferath, all one half to three and a half miles south of Duren, and won high ground in that area overlooking the Roer.

Other First army troops liquidated the last two German pocket areas along a 16-mile stretch of the Roer north of Duren, mopping up a factory area southeast of Mariaweiler and capturing a castle near Schophoven.

Lt. Gen. Patton's Third army, holding down the center of the western front, won another city block in Saarlautern in the face of stiff enemy resistance and ground out advances of up to a mile and a half along an 11-mile front near Habirchen, to the southeast.

NEARING MANILA

ALLIED HEADQUARTERS Philippines.—American invasion forces, pouring into at least three beachheads after a 600-mile amphibious jump from Leyte to within 130 miles of Manila, struck deep inland on the western Philippines Island of Mindoro today in a developing offensive threatening two of the island's main airfields.

Mindoro from a 150-ship invasion armada at dawn in the wake of a withering 29-minute rocket and gun bombardment.

Quickly consolidating their beachheads without encountering even so much as an enemy rifle shot, the assault forces drove more than a mile inland through sugar cane and rice fields and had seized all initial objectives within an hour and a half of H-hour—7:30 a. m.

Careless Police Jailed Sick Man Who Later Died

BURLESON, Dec. 16.—Sentiment was strong today in Burleson among friends of the late William Franklin Dunn that Fort Worth's and Tarrant county's investigations into Mr. Dunn's death turned into "white-washing jobs."

Further action was expected to be taken by Mr. Dunn's widow, other relatives and friends following yesterday's grand jury report on findings of negligence, but "no evidence of any violation of the criminal statutes being committed by anyone."

Mr. Dunn, 62, prominent stockman, was jailed Oct. 4, after he was found by Fort Worth police slumped in the front seat of his parked auto at Wayside and Drew, and was left in jail without medical attention for 12 hours before being hauled in a police van to City-County Hospital. He was later moved to another hospital where he died Oct. 8, without regaining consciousness.

Mayor George Branson, cashier of the Farmers & Merchants State Bank at Burleson, who has served as spokesman for the family and friends, said today it was his opinion that the family will take further action.

"I don't believe they'll be satisfied with the white-washing the case has gotten so far," Mayor Branson said. He reported that "feeling is high" among Burleson citizens that "some further action should be taken."

AGED TEXAS TEACHER

HOUSTON, Dec. 16.—Patrick Underwood, 82, mathematician and Texas teacher for half a century, was buried here today. He was a native of Ireland and nationally known as an authority on mathematics. He was the author of one algebra and three arithmetic text books used in grade and high schools.

AMBASSADOR — Jefferis Caffery is appointed United States representative in France with personal rank of Ambassador to de facto French authority.

Thousand Clubbers Be Absent From Big Dinner

WASHINGTON, Dec. 16.—Members of the One Thousand club—who contributed at least \$1,000 each to Roosevelt's campaign and were promised the white house doors would be open to them—will eat below the splendor if they eat at all, at the chicken-a-la-king inaugural lunch.

They won't even be invited to break bread unless Mrs. Roosevelt dips into her household fund to pay the bill. For the \$2,000 limit which the president—in a rare economy-mood-of-the-moment—fixed for the inaugural expenditures won't cover the costs, even though lunch has been whittled down to \$1 a plate.

Ahead of the Thousand clubbers are members of house and senate, cabinet and other high-ranking executive officials, the court, diplomats and members of the Democratic national committee.

Not more than 1,200 can be accommodated at the lunch. Invitations to the swearing-in ceremony have been sent to 5,000. If the 32,000 limit is observed, they'll have to stand; there won't be enough money for seats.

Even Ex-studes Cannot Agree On Deposed Rainey

HOUSTON, Dec. 16.—A mass meeting of 419 ex-students of the University of Texas ended after a three and a half hour discussion of the controversy between the University Board of Regents and deposed president, Homer P. Rainey, here last night without reaching an agreement as to a definite stand in the matter.

A motion for adjournment was made and passed shortly after a proposal for support of the reinstatement of Dr. Rainey.

Among the speakers were United States Judge Joseph C. Hutcheson, Jr., Hines Baker, Adrian Moore and Maj. J. R. Parten. Major Parten formerly was chairman of the Board of Regents.

ADMITS GREAT LOSS

NEW YORK, Dec. 16.—Partial admission of Germany's tremendous loss in manpower was made Saturday by the Berlin radio which announced that "roughly 3,000,000 children whose fathers have been killed in action or are missing will be cared for by the winter aid movement."

THE CISCO DAILY PRESS

Per year in advance (Cisco) \$5.00
Per month, by carrier boy 12c

UNSTABLE AMERICA

Despite the depression, Americans generally think of their country as the soundest economically in the world. It is surprising therefore to hear from Sir William Beveridge, leader of the much-discussed Beveridge plan for British social security, that we are far from that position.

"Depression," he says in his new volume about his plan, "in comparison in proportion to the size and strength of the national economic system from which it comes. Today the strongest and most productive national economy in the world, that of the United States, is now the least stable."

His criticism is directed toward our wide fluctuations in employment. "The adoption," he adds, "of a policy of full employment by the United States, would be the most important economic advance that would happen in the whole world."

How to bring about this full employment is the theme of the book, "Full Employment in a Free Society." It is being carefully studied in Great Britain, and should be by responsible statesmen in the United States.

TWO WOMEN POLITICIANS

Both Hanna's McCormick Sumner, whose dangerous illness has been reported, belongs to the few women with a background knowledge of politics. Daughter of Mark Hanna, the country's nearest approach to a national boss, and wife of a Medall McCormick, independent senator from Ohio, and later of Albert C. Sumner, a New Mexico Republican and Republican national figure, she had every opportunity to know what was going on and contribute her influence. After McCor-

mick's death she revenged his defeat by Charles S. Deneen when she in turn defeated Deneen for renomination. She was, however, so badly beaten in the election as to be convinced that her place in politics was behind the scenes, not out in front.

The woman she most closely resembles was Kate Chase Sprague, the beautiful daughter of Salmon P. Chase, Lincoln's secretary of the treasury and later chief justice, wife of William Sprague, governor and senator from Rhode Island. She strove to make her father president, one of her opponents being Samuel J. Tilden. Later, in the disputed presidential election of 1876, Mrs. Sprague had the satisfaction of turning the scales against Tilden.

March, 1928

(Cisco Daily News Files.)

The Dathan 44 club met Tuesday with 24 present. J. C. Patterson and Miss Ruth Ramsey were both present. The meeting was called to order by the president, who led the members in repeating the club pledge. Songs and yells were led by song and yell leaders. The roll was then called and the reading of the minutes of the last meeting were read by the secretary. Mr. Patterson made a talk on raising money for the short course trip next summer. The girls re-elected Mrs. H. W. Sublett as adult leader for the coming year. The club then adjourned to meet April 19. Mr. Patterson gave the boys instructions in terminology. Miss Ramsey gave the instructions on making a patch, cup towels, holders and hemstitching. The officers are as follows: Lucille Jones, president; Lucie Nell Surles, vice president; Lorraine Donaway, secretary and treasurer; Gertrude Donaway, reporter; Eldon Blint, yell leader; and Ida Donaway, song leader.

Cisco operators report another nice well in the Young county field with the bringing in of the Kiener, H-Y Oil Co. & West No. 5 Langston for a 150 barrel producer. The bit penetrated 25 feet

of splendid sand, carrying a full saturation, causing the well to flow and flow over in less than seven hours.

Cisco is well represented today at the regional meeting of the West Texas chamber of commerce, which convened in Dublin this morning at 10 o'clock. Quite a motorcade left the chamber of commerce about 3:30 for the convention, accompanied by 25 girls and boys members of the Lobo band, who will participate in the band concerts at Dublin today. Besides members of the band, which was headed by Band Instructor G. W. Collum, others to go to the convention included Judge B. W. Patterson, Phil Keenan, Mr. and Mrs. Bill Mulroy, Rev. Acker C. Miller, E. H. Varnell, J. E. T. Peters and B. S. Huey. Mr. and Mrs. R. Q. Lee are also included in the party of Cisco persons attending the convention.

The board of directors of Cisco chamber of commerce at its meet-

ing Tuesday evening endorsed the resolution adopted by the East Texas chamber asking the federal government to bear all the expenses of the fight to eradicate the pink boll worm and reimburse the farmers living in the infected district. Secretary Peters read a letter from Tom Hardin of Fort Worth, operations manager of the Texas Air Transport company, offering to send one of its experts here to aid in the selection and laying out of a landing field. The letter commended the action that is being taken by Cisco in establishing an airport. Six names were selected to be sent to the city council from which two vacancies on the board of directors will be filled. The naming of candidates to fill the third vacancy will be sent later. The two vacancies to be filled first are those of P. W. Campbell and E. J. Preston. Those attending the meeting last night were F. D. Wright, first vice president, president, W. W. Wallace, Dr. Charles Hale, W. K. Johnston, A. B.

CHURCHES

Grace Lutheran
This morning's sermon subject will be "Let the Heart Be Established by Faith." Sunday school and Bible classes at 10 and sermon at 11. The Christian day school will present a program the night of the 24th entitled "God So Loved the World." The service will begin at 7:30. Christmas day services at 11 a. m., Dec. 25. Next Sunday's Sunday school and service at the usual time. Waltham league will have a Christmas party Thursday night at the home of Gus Wendt. The day school will close for the Christmas vacation on Thursday afternoon, G. E. NAUMANN, Pastor.

Church of Christ

VINCENT BENDIX'S HELICOPTER

Vincent Bendix, President of Bendix Helicopter, Inc., has completed engineering on a new model of his new helicopter limousine. The company, which is not affiliated with Bendix Aviation Corporation, will go into production within a short time on the new machine which has a top speed of 140 miles an hour and a cruising speed of 120 m.p.h. using 75% of the power of a 300 horsepower radial air-cooled engine.

The four passenger model shown above will have a minimum rate of climb of 600 feet per minute and with the normal low pitch, possible in the Bendix exclusive design and construction, the safety feature of automatic autorotation is present at all times. The cost of the machine is expected to be about 25% higher than the finer motor cars based on quantity production.

For Your CHRISTMAS Shopping List

WE CAN NOW SUPPLY AS LONG AS THEY LAST:

ALPHA DELPHIAN CHRISTMAS PARTY

Alpha Delphian Study club and a few invited guests met in the home of Mrs. B. S. Huey Friday morning for Christmas party and coffee. The house was festive with Christmas decorations attractively arranged about the entertaining rooms. The dining table held an attractive centerpiece of ornamental peppers arranged in a crystal bowl on a reflector. On each side of the centerpiece were tall lighted tapers in crystal holders. Mrs. J. E. Spencer presided at the silver coffee service and Mrs. G. B. Langston poured tea. Refreshments of open-face sandwiches, cookies and mints were served and plate favors were tiny Christmas trees and bells.

Mrs. Paul Poe was leader of the program and presented Mrs. Philip Pettit who discussed the origin and customs of Christmas. Mrs. Poe led an interesting Christmas quiz and at the close members gathered around the Christmas tree and joined in singing a lively Christmas jingle.

An exchange of Christmas gifts from the tree was then effected by a committee composed of Mesdames E. L. Pugh, H. N. Lyle and E. E. Lennon.

Guests and members present were Miss Marcia Waskom of Dallas; Mesdames Carl Pratt, J. L. Thornton, G. D. Gorr, J. D. Brown, L. H. McCrea, Sr., S. N. Poe, H. A. Bible, Philip Pettit, O. L. Savage, A. R. Day, W. W. Fellwell, W. V. Gardenhire, A. A. Hansen, B. S. Huey, G. B. Langston, Eugene Lankford, E. E. Lennon, H. N. Lyle, A. J. Olson, Paul Poe, E. L. Pugh, J. E. Spencer and W. Frank Walker.

MRS. BEN KRAUSKOPF WILL PRESENT PUPILS

Mrs. Ben Krauskopf will present pupils from her music class in recital Monday evening at 8 in the auditorium of First Baptist church.

The program will include solos on violin, piano and accordion, an ensemble of violins and accordions and a girls' chorus. The

ANNUAL BANQUET OF J. O. Y. CLASS

Members and guests of J.O.Y. class of First Baptist Sunday school enjoyed a delightful banquet Thursday evening in the dining room of the church.

Guests were welcomed by Mrs. R. R. Jones and Mrs. W. V. Gardenhire. Mrs. J. R. Burnett directed some interesting games before the group assembled in the banquet hall which was beautifully decorated, the Christmas motif being carried out in all decorations and appointments.

Each class member was asked to present her guest and tell five things about him. This caused much merriment. After the delicious meal of baked chicken and dressing, with all the trimmings, Mrs. Austin Flint introduced her guest, Miss Dorothy Abernathy, who read a lovely Christmas story in candle light, while Mrs. A. L. Thomas played Christmas carols softly at the piano. Mrs. Barnett then led the group in singing of Christmas carols.

Members and guests present were Mr. and Mrs. J. L. Ricker, Mr. and Mrs. Richard Turknett, Mr. and Mrs. C. L. Webb, Mr. and Mrs. Cecil Adams, Mr. and Mrs. Bob Slaughter, Mr. and Mrs. Jay Richardson, Mr. and Mrs. M. P. Farnsworth, Mesdames R. R. Jones, S. N. New, Roy Farley, Frank Aycock, W. V. Gardenhire, J. R. Burnett, R. W. McCauley, A. L. Thomas, Austin Flint and Miss Dorothy Abernathy.

PICTURE SHOW PARTY ENJOYED THURSDAY

A picture show party was enjoyed Thursday evening following Christmas festivities in the home of their teacher, by members of the intermediate group of Mrs. Lalla Smart's Sunday school class.

Members met in the home of Mrs. Smart and enjoyed an exchange of gifts from the beautiful Christmas tree which climaxed the house decorations. Refreshments were then passed by their teacher and after the serving the group enjoyed the feature at the picture show.

Those participating in the events of the evening were Dorothy Garrett, Dorothy Ann and Mary Ellen Sanders, Ailene Clark, Barbara Ann Cousins, Fred David and Lonnie Gene Shockley and Malva Johnson.

TWINS WERE HONORED BY BIRTHDAY PARTY

Mrs. Roy Farley, assisted by her sister Mrs. Frank Aycock, entertained a group of children Friday evening honoring her twin daughters on their twelfth birthday.

Indoor games were played and Christmas carols were sung. The children gathered around the dining table, which held a small Christmas tree, and watched as the honorees opened gift packages and thanked each donor as the gifts were displayed. The chil-

ALTMAN'S

INVEST IN THE NEXT RAID ON JAPAN!

IT TAKES PLENTY OF WAR BONDS TO BUILD B-29s

THE WAR in the Pacific is the most costly war America has ever engaged in. It's simple arithmetic. A mountain of special, costly equipment is needed. A B-29 Superfortress used in the bombing of Japan costs \$600,000 in War Bonds. And this is just one of the many extra costly implements of war needed to achieve final victory in the Pacific.

That's why the 6th War Loan Drive is so important. That's why you must back it as generously as you have every other war loan drive. Invest in the next raid on Japan...
