

THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO—One of the healthiest areas in U.S.A. with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool; bass and carp fishing.

CISCO—1,614 ft. above sea; Lake Cisco—three miles long, 87 ft. deep at Williamson hollow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas, electric and ice plants; home of THE BOSS WALLOPER Work Glove

VOLUME XXV.

CISCO TEXAS, TUESDAY, JANUARY 16, 1945.

NUMBER 83.

EASTLAND CO. LEADS 'EM ALL

PACED BY CISCO, ALL TOWNS HAD GREATER WAR BOND PERCENTAGES THAN DID TEXAS AND THE NATION AS A WHOLE

EASTLAND, Jan. 16.—The people of Eastland county through the papers have learned that the sixth War Loan Drive was the most successful of all War Loan drives for the nation, for the state and for Eastland county. But the details of the Eastland county drive are now giving to the public for the first time because these figures were not available until January 15, 1945.

Eastland county has made a better record on both Series E quota and the Overall quota than was made by the nation as a whole, or by the state of Texas as a whole.

Our Series E quota was \$255,000 and our overall quota was \$45,000.

We sold 148% of our Series E quota, or \$378,491.25, and we sold 59% of our overall quota, or \$26,550.75.

These two percentages are substantially higher than like percentages for the nation and for the state of Texas.

For these good results each and every citizen who contributed in any way is entitled to the unanimous congratulations of the citizens of Eastland county.

As the Series E quota is also broken down and assigned to the different towns in the county, I feel sure you will be interested to know the amount assigned to each community and the amount allocated and purchased by each.

Series E quota assigned as follows:

Cisco	\$62,262.50
Ranger	62,262.50
Eastland	62,262.50
Gorman	41,820.00
Rising Star	38,940.00
Carbon	3,400.00
Olden	2,200.00
Pesdemona	1,700.00

Series E allocations and sales as follows:

Cisco	\$104,800.00
Ranger	63,821.00
Eastland	90,300.00
Gorman	44,617.50
Rising Star	59,006.25
Carbon	9,296.50
Olden	4,562.50
Pesdemona	2,087.50

So, it will be seen from these two sets of figures, that each and every community in the county over-subscribed its Series E quota and many of the towns over-subscribed in a big and magnificent way.

Assigned overall quotas for the various towns are as follows:

Cisco	\$146,242.50
Ranger	146,242.50
Eastland	146,242.50
Gorman	74,205.00
Rising Star	67,065.00
Carbon	6,077.50
Olden	3,540.00
Pesdemona	2,975.00

Overall sales and allocations to the different towns, which include Series E allocations and sales, are as follows:

Cisco	\$259,337.00
Ranger	171,821.00
Eastland	230,150.00
Gorman	97,219.60
Rising Star	70,006.25
Carbon	15,296.50
Olden	4,562.50
Pesdemona	7,587.50

Miscellaneous allocations to our county not broken down and distributed to the various towns amount to \$112,930.40.

A larger portion of the citizens of Eastland county bought Series E Bonds during this drive than in any other national war loan drive. This is an especially fine record, considering the fact that the Series E quota, as broken down and as-

Cisco Boy Took Part in Greatest Air Operation

Lieut. Cecil Halbert of the air forces, son of Mr. and Mrs. Cecil Halbert of Cisco, recently received a citation for meritorious service.

In part, the citation reads: "For meritorious achievement while participating in flights from September 17, 1944, to September 24, 1944. As troop carrier glider pilots, these officers demonstrated exceptional airmanship and resolution in the execution of missions vital to the vertical envelopment of enemy positions in Holland. Piloting gliders over extended routes in difficult weather and braving hail of flack and fire, they formed part of the vast glider armada which successfully landed thousands of troops and huge quantities of supplies and combat equipment behind enemy lines. This was the greatest airborne operation in military history."

Lieutenant Halbert was born in Cisco, Oct. 29, 1920, and graduated from Cisco high school with the class of '39. He also attended Cisco Junior college. He has won awards for achievement in the middle west and in North Africa. He wears the European theater ribbon with four bronze stars and a group presidential citation.

Cisco Lumber Co., Collins Hardware Cleaned Platter

Cisco Lumber Co. and Collins Hardware each took all three games from their opponents, The Man's Store and West Texas Utilities, last night at the local bowling alleys. Billy Britain and Dale Page were runners-up for their respective teams.

Tonight: White's Tire Shop vs. U. S. Postoffice, Cisco Gas Corp. vs. Paul's Chiro.

Wednesday night: Teams of the Woman's league will start their second round of play at 7:30 o'clock.

Last Night.
Cisco Lumber Co.—
Billy Britain 145 213 191—549
Ed Laminack 178 141 155—464
D. A. Prather 156 127 116—399
Dizzy Dean 103 106 172—381

The Man's Store—
Henry Curtis 131 124 100—355
Slim Booth 124 109 118—351
Bones King 148 151 122—421
Guy Morris 125 125 125—375

Collins Hardware—
Dale Page 170 168 180—518
Jack Farleigh 150 167 122—439

Les Jenkins 122 140 120—382
Chas. Kleiner 161 125 126—412

WANT STIFFER LAWS.

DALLAS, Jan. 16.—Maximum punishment of Negro criminals is urged in a joint statement signed by representatives of twenty-nine Negro business, civic, charitable and religious organizations in Dallas. The statement declares that this year (meaning 1944) there were fifty-two murders in Dallas with fewer than six convictions. "The value of a Negro life is of little concern where the crime is a fracas existing between two or more Negroes," the statement said.

WANT TO BUY—Good house of six or more rooms; will pay cash. Phone 253-W or write P. O. Box 268, Cisco. 85

FOR SALE—Fresh Jersey milk cows, J. W. Gerhardt, Romney, Texas. 88

PHILIPPINE POOCH GETS GI BATH—And doesn't over-enjoy it as T/5 Edward Kalisz uses his versatile helmet as pup-sized bathtub to give his pet dog a scrubbing somewhere in the Philippines. Two native boys watch the proceedings with great interest and more enjoyment than the recipient of the bath.

NAZI TANKS DESTROYED—Smoke and fire cloud landscape as American forces in Belgium set out to capture German tanks to prevent their re-capture and use by advancing Nazis on recent sounter offensive by the enemy. Nazi push came too suddenly for our forces to take the captured tanks with them.

ON THE BIAS—Ted Malone, who broadcasts those thrilling human interest tales from invasion fronts, examines Nazi tank near Rennes, France, while Pvt. Arthur Berg of Chicago holds shell. Ted looks like the leaning Tower of Pisa, but that's because of the hillsides.

BERLIN SAYS RED ARMY HAS CAPTURED THE EAST PRUSSIAN FORTRESS OF SCHLOSSBERG

Yanks Force Nazis To Withdraw, Then Take Houffalize

PARIS, Jan. 16.—American First Army troops broke into Houffalize in an unopposed drive into the center of the Ardennes salient today while three doughboy divisions to the northeast converged on St. Vith, where the Germans were reported massing for a last stand on the approaches to the Siegfried Line.

Strong German tanks and motorized infantry units that were fighting a savage rear guard action for Houffalize pulled out suddenly after nightfall yesterday in a last-minute attempt to rejoin their main forces digging in on the St. Vith Ridge, 18 miles to the northeast.

Vanguards of the U. S. Second Armored Division entered Houffalize between 10 and 11 p. m. last night without opposition, but at last reports they still were probing cautiously through the heavily-mined streets to forestall a possible ambush, and there was no official word that the town had been captured.

The sudden breakthrough at Houffalize came as the entire northeastern wing of Lt. Gen. Courtney H. Hodges' First Army wheeled down on St. Vith to attack the wooded mountain ridge on which Marshal Karl von Rundstedt's divisions were gathering in the hope of retaining some small part of their Ardennes salient.

If US. Has Peace Time Draft Law, Others Will, Too

WASHINGTON, Jan. 16.—Although the Catholic hierarchy in the United States, through its bishops committee, has counseled delay in enacting a peacetime universal military training law and not undermined the proposal outright, numerous church publications are taking a stand against it.

"America," a Catholic review of the week published by the Jesuits in New York City, condemns editorially General Marshall's plan for "a citizen army" as outlined in the Saturday Evening Post by Brig. Gen. John McAuley Palmer. "It will not do to tell us that General Marshall's plan is new," the magazine concludes. "No doubt he and his conferees think it is and hope it will be different."

"But in essence it is the old, old system that has proved a menace and a delusion wherever it has been tried. It hasn't been tried out in the United States yet. We hope we shall not be asked to risk that dangerous experiment."

"The Sign," a national Catholic magazine, urges in its January issue an expanded professional army instead of universal training. Referring to a previous stand against peacetime military service, its editorial reads in part: "As an alternative to universal conscription we urged the expansion of our peacetime military forces on a voluntary recruitment basis made more attractive than has been true in the past."

"The time may come in the post-war world when we shall need universal military service. Until that time comes and until that need is demonstrable, we submit that it is unwise for the United States to take the initiative in a step that will then be duplicated by other nations."

LONDON, Jan. 16.—The Red Army has captured the East Prussian Fortress of Schlossberg, Berlin reported today, in the first big victory on German soil of its winter offensive which already was beating within 45 miles of Silesia and threatening the old Polish capital of Krakow.

The German High Command reported the loss of Schlossberg, 23 miles northeast of Insterburg and 14 miles inside East Prussia, in violent fighting at the northern end of the 600-mile Soviet offensive front.

Schlossberg, transport junction and hedgehog base in the network of German homeland defenses, fell to the Russians "despite a grim defense by our troops," a Berlin communique said, giving weight to its earlier reports that massed Soviet forces were hammering the whole border belt of East Prussia.

To the southwest, Marshal Ivan S. Konev's First Ukrainian Army was driving a solid 40-mile wedge across Southern Poland, and Moscow reports suggested that the Germans were falling back rapidly in hope of catching a foot-hold for a resolute stand on the Silesian border.

Konev's steamroller was moving westward along a broad front in the face of what Moscow called poorly organized resistance. His vanguard was only a score of miles from Krakow, at the last outdated reports.

Between 600,000 and 700,000 Russian troops, backed by a tremendous concentration of armor and mobile artillery, were spilling through the shattered enemy defenses on an ever-widening front, raising the imminent threat of invasion to German Silesia and menacing the rear of the Nazi armies defending Warsaw.

Less than 100 hours after the start of the great winter offensive that Soviet spokesmen predicted would put the Red Army in Berlin and end the war, the Nazis' front in Southern Poland had been irretrievably broken and their grip on a vast area of that nation was cracking.

Konev's veterans scored their biggest one-day triumph on the Southern Polish front yesterday with the capture of more than 400 towns and villages, including the big railway hub of Kielce, in a general advance of about eight to 16 miles.

Twenty miles west of Kielce, other Soviet columns advanced 12 miles to capture Kozlow, 44 miles east of Czestochowa, while a third force took Jedzejow, 20 miles southwest of Kielce, and pushed on another 15 miles to seize Trzciniec, 42 miles southeast of Czestochowa.

Farther south, the Russians captured Glogowiany, 51 miles from German Silesia, and drove ahead in full pursuit of the enemy.

DALLAS, Jan. 16.—State travel on buses over most of the Bowen lines apparently was halted last midnight by a walkout of some 250 drivers which was called unauthorized by both an official of the company and the state secretary of the union. A total of 134 bus schedules operate in and out of the Fort Worth Bowen terminal each day. Over the entire Bowen system, buses run more than 500,000 miles a month. The trouble seems to hinge on delay by the company in issuing checks for back overtime pay as ordered by the war labor board.

DENISON, Jan. 16.—Only one phase of the \$55,000,000 Denison Dam remains to be completed and it is expected to be finished within six weeks or two months. This is the almost mile-long bridge across the Washita river arm of the dam on Highway 70 in Oklahoma.

Jewish Group Aided 51,000 Service Men

DALLAS, Jan. 16.—Welfare work through organizations such as the War Chest is an assurance that the American way of life, which carries with it an obligation of the citizens to the community, will be continued, D. A. Hulcy, president of the War Chest, told members of the Jewish Welfare Federation Sunday.

Speaking at the annual meeting of the federation, a War Chest agency, held at the Jewish Community Center, 1817 Pocahontas, Hulcy warned that there is danger in losing the American way of life if some branch of the government should take over the welfare functions now assumed by the chest.

An outline of the year's work was given by Jacob H. Kravitz, executive director, who revealed that more than 51,000 servicemen have been served by the federation during 1944.

ARMY PLANE FALLS.

SAN JUAN, Puerto Rico, Jan. 16.—A United States Army plane carrying eleven passengers and crew crashed Sunday on a routine flight from Borinquen Field, Puerto Rico, it was announced. Three survivors were rescued and one body was recovered, leaving seven persons missing.

THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Per year, in advance (Cisco) \$5.00
Per week, by carrier boy 12c

SABOTAGE.

A strike which threatens to tie up war plants in time of war is Sabotage. A strike which threatens to leave homes and hospitals dark and cold, with food spoiling in kitchens, with telephones and transportation crippled or dead, is Sabotage.

The history of the exploitation of human labor is a bad one—from that of the Greek helots on whose slavery that beautiful civilization rested, on through the feudalism of the Middle Ages and the nineteenth century period of big business and industrial slavery.

But in a time when the nation is at war for its life and the liberty of every man, woman and child in it, there is no justification under heaven for a strike or the threat of a strike which would imperil the life and liberty of every man, woman and child in that nation.

There is a word in the Constitution for an act which "gives aid and comfort to the enemy." It is Treason.

RATIONS.

A reader turns in an interesting comment on the Bowles mistake.

"Most everybody respects the effort made by Chester Bowles to be fair about rationing, but he did pull an awful boner by cancelling the ration points. Some people could see the OPA logic—if you hadn't used the points and eaten the food, you didn't need it. But even the strongest defenders felt the cancellation wrong."

"The air was full of stories of families with a sick member on soft diet, all saving points for the time when he could eat and would need the building beefsteak, the fruit juices, salmon and canned peas. There were also folks who could not can, who planned to eat fresh foods through the fall and save their blue points for winter. Now where are they?"

"But I think what made everyone so mad was not the feeling of being gypped but an unconscious sense that when the points were invalidated, the whole American system was being invalidated, too. For capitalism, private enterprise, the American faith in opportunity, depend on the ability of the

individual to save from today's food or money, fuel or clothing for the need of tomorrow. When today's savings can be thrown away by a word, the whole point of view is repudiated.

"Now I know the rationers never thought of this—they meant well." Nor did most of the populace think it out. But the instinctive reaction was to repudiation, and not merely to losing a few cans of peas. Repudiation of government promises is not American. We fought out that principle in our early history. So Mr. Bowles and his aids had better watch their step next time, and see to it that future promises are faithfully and rigidly kept."

January, 1927

(Files of Cisco Daily News)

Graduation exercises for the 43 graduates of Cisco grammar school will be held at the high school auditorium Saturday evening at 7:30 o'clock, it was announced by E. B. Isaacks, principal of the school. These pupils will enter Cisco high school next week after receiving their grammar school certificates. Examinations at all the schools ended Friday, and a new term begins Monday. The program is as follows: Chorus, "Out Where the West Begins," Class. Invocation, Rev. A. C. Miller. Salutatory, Madeline Ely. Class History, Whitney Pittman. Piano Solo, Adele Anderson. Class Poem, Hazel Marie Sones. Valedictory, Lillian Shertzer. Chorus, "Down Where the Blue Bells Grow." Class. Address to Class, Hon. Forrest Wright. Presentation of Class, Principal E. Buford Isaacks. Awarding Diplomas, Supt. J. H. Morgan. Awarding Medals, Benediction, Rev. P. T. Stanford. The list of pupils passing to the high school are: Gene Abbott, Adele Anderson, Ulric Bennie, Junior Douglas, Madeline Ely, Helen Hannaford, Opal Hennington, Wilson Jensen, Virgil Johnston, Eugene Lankford, Mary Latch, Merle Little, Atheline Lucile Moffett, Myrtle McCleskey, Ada McKeivain, Boyd Pilcher, Whitney Pittman, A. C. Poe, Geraldine Poe, Lyman Preston, Joyce Ray, Gladys Reid, Juanita Scott, Lillian Shertzer, Carl Vesta Smith, Hazel Marie Sones, Fay Sutton, Clifford Turknett, Beulah Turner.

Nell Waters, George Wilson, Nina Bess Sprawls, Ella Winston.

A new fire chief and his assistant, a new member of the city commission, and five directors for the Cisco chamber of commerce were named at a meeting of the Cisco city council Monday morning at the city hall. It was one of the busiest meetings the council has had in some time, and the electors followed an enumeration of the accomplishments of the last year and prediction that many other matters of importance are to be dealt with during the coming twelve months. C. O. Pass, present assistant chief of the Cisco fire department, was elevated to the post of chief of the department to succeed J. J. Collins, present chief, who, it was intimated, was unconcerned as to re-election to the new term which carries with it two years of service. Noah Fowler was elected assistant chief. All three of the names had been submitted to the council as nominations from the fire department. L. A. White was elected a member of the city council to succeed the late L. H. McCrea, whose death was the second among the council within recent months. His term will expire in April when the city election will be held. R. W. Mancill was the other member of the council to be selected recently, succeeding the late R. L. Bettis.

Guy Dabney will again head the Cisco chamber of commerce as president for the next term as the result of the annual election of officers held at the meeting of the board of directors Thursday night. J. E. T. Peters was unanimously reelected secretary, and Miss Letha Eager was made assistant secretary for another term at an increase of salary. Frank Harrell was named first vice president, W. W. Wallace second vice president, and Henry Drumwright finance director. The election followed installation of R. L. Poe, Joe Shackelford, and J. T. Elliott as new directors along with W. W. Wallace and A. B. O'Flaherty as old directors reelected for another term.

John Hart, newly elected sheriff of Eastland county, named his four principal deputies Saturday after taking the oath of office. Those named are M. Newman, until Saturday tax collector under Mr. Hart; Doug Barton of Carbon, former sheriff of Eastland county, who will act as jailer; C. D. Paine from Hamlin, who has had wide experience as a peace officer, particularly as an office man, at Lampasas; and B. D. (Cy) Bradford of Rising Star. Mr. Hart has not yet named any field deputies, he said. T. L. Cooper of Cisco took office as county treasurer, along with the other officials who were administered the oath Saturday morning. A. M. (Ott) Hearne, succeeded Mr. Hart as tax collector, and named Tom Hailey of Gorman; Miss Addie Fee of Cisco, Earl O'Brien of Eastland and J. B. Hart, brother of Sheriff John Hart, as deputies. The deputies of other newly elected officers were named in the Cisco Daily News last week.

LEGION AUXILIARY MET MONDAY NIGHT.

American Legion auxiliary met at Legion Hut Monday evening for regular business meeting. Mrs. Paul Poe presided and opened the meeting with prayer by Mrs. Leon McPherson following which Mrs. H. N. Lyle led in group singing of the national hymn, "America."

During the business session it was voted to send \$15 to a government hospital for new victrola records and \$7.50 for the treasure chest which is kept for the hospital veterans to draw from to send gifts to their loved ones at home. Report was made of sending poinsettias to Gold Star mothers at Christmas. The membership roster now holds 62 names. Minutes were read by Mrs. Charles Roberts, secretary.

A social hour was held during which conversation entertained the group.

Those present were Mrs. Paul Poe, Mrs. H. N. Lyle, Mrs. D. J. Gorman, Mrs. J. D. Browning, Mrs. O. C. Lomax, Mrs. L. H. McCrea, Sr., Misses Letha and Mayme Estes and Mrs. Charles Roberts.

TRAINING UNION IN W. W. SLEDGE HOME.

Mr. and Mrs. W. W. Sledge were hosts Monday evening when the adult training union of East Cisco Baptist church held the monthly business and social meeting in their home. R. C. Smith, vice president, was in charge and opened the meeting with prayer by Jim Thomason. A splendid devotional was brought by Don Rupe preceding the business session. Reports of group captains were made and other routine business was transacted. The session was closed with prayer by J. E. Whisenant.

A social hour was held and a number of interesting games were enjoyed.

Refreshments were passed to Mr. and Mrs. R. C. Smith, Mr. and Mrs. J. E. Whisenant, Mr. and Mrs. C. A. Nance, Mr. and Mrs. Don Rupe, Jim Thomason and Mesdames J. D. Hall, Evan Holmes, C. R. Hightower, Willie Thetford, B. F. Thomas, J. J. Livingston, John Elmore, J. E. Shirley, Herman Barron, Doyle Gilmore, a number of children and the hosts, Mr. and Mrs. W. W. Sledge.

FOR SALE — Thirty-four Broad-breasted Turkey Hens and five Baby Beef Toms. See Dunin's Produce or Elmer Huff at Harrell-Wright ranch, near Williamson dam. 85

WANTED—Man or boy to set pins from noon till 4 p. m. Cisco Bowling Alley. 85

JUST IN PASSING—America's top air ace, Maj. Richard Bong, purchases souvenir program from USO hostess Pearl Meyer as he attends Army Air Force's show, "Winged Victory," in Chicago, where he stopped on his way to Superior, Wis.

AIMING AT RHINE CITY—Firing shells at Kehl across Rhine River, members of mortar crew of U. S. 7th Army crouch behind hastily erected sandbag position in Strasbourg railway yards. Germans had destroyed three bridges spanning Rhine between cities.

LOOK! NEW LINE OF GARDEN SEED

SABOTAGE.

A strike which threatens to tie up war plants in time of war is Sabotage. A strike which threatens to leave homes and hospitals dark and cold, with food spoiling in kitchens, with telephones and transportation crippled or dead, is Sabotage.

The history of the exploitation of human labor is a bad one—from that of the Greek helots on whose slavery that beautiful civilization rested, on through the feudalism of the Middle Ages and the nineteenth century period of big business and industrial slavery.

But in a time when the nation is at war for its life and the liberty of every man, woman and child in it, there is no justification under heaven for a strike or the threat of a strike which would imperil the life and liberty of every man, woman and child in that nation.

There is a word in the Constitution for an act which "gives aid and comfort to the enemy." It is stronger word than Sabotage. It is Treason.

RATIONS.

A reader turns in an interesting comment on the Bowles mistake. "Most everybody respects the effort made by Chester Bowles to be fair about rationing, but he did pull an awful boner by cancelling the ration points. Some people could see the OPA logic—if you hadn't used the points and eaten the food, you didn't need it. But even the strongest defenders felt the cancellation wrong.

"The air was full of stories of families with a sick member on soft diet, all saving points for the time when he could eat and would need the building beefsteak, the fruit juices, salmon and canned peas. There were also folks who could not can, who planned to eat fresh foods through the fall and save their blue points for winter. Now where are they?"

"But I think what made every one so mad was not the feeling of being gipped but an unconscious sense that when the points were invalidated, the whole American system was being invalidated, too. For capitalism, private enterprise, the American faith in opportunity, depend on the ability of the

individual to save from today's food or money, fuel or clothing for the need of tomorrow. When today's savings can be thrown away by a word, the whole point of view is repudiated.

"Now I know the rationers never thought of this—they 'meant well.' Nor did most of the populace think it out. But the instinctive reaction was to repudiation, and not merely to losing a few cans of peas. Repudiation of government promises is not American. We fought out that principle in our early history. So Mr. Bowles and his aids had better watch their step next time, and see to it that future promises are faithfully and rigidly kept."

January, 1927

(Files of Cisco Daily News)

Graduation exercises for the 43 graduates of Cisco grammar school will be held at the high school auditorium Saturday evening at 7:30 o'clock. It was announced by E. B. Isaacks, principal of the school. These pupils will enter Cisco high school next week after receiving their grammar school certificates. Examinations at all the schools ended Friday, and a new term begins Monday. The program is as follows: Chorus, "Out Where the West Begins," Class. Invocation, Rev. A. C. Miller. Salutatory, Madeline Ely. Class History, Whitney Pittman. Piano Solo, Adele Anderson. Class Poem, Hazel Marie Sones. Valedictory, Lillian Shertzer. Chorus, "Down Where the Blue Bells Grow," Class. Address to Class, Hon. Forrest Wright. Presentation of Class, Principal E. Buford Isaacks. Awarding Diplomas, Supt. J. H. Morgan. Awarding Medals. Benediction, Rev. P. T. Stanford. The list of pupils passing to the high school are: Gene Abbott, Adele Anderson, Ulric Bennie, Junior Douglas, Madeline Ely, Helen Hannaford, Opal Hennington, Wilson Jensen, Virgil Johnston, Eugene Lankford, Mary Latch, Merle Little, Atheline Lucile Moffett, Myrtle McCleskey, Ada McKelvain, Boyd Pilcher, Whitney Pittman, A. C. Poe, Geraldine Poe, Lyman Preston, Joyce Ray, Gladys Reid, Juanita Scott, Lillian Shertzer, Carl Vesta Smith, Hazel Marie Sones, Fay Sutton, Clifford Turknett, Beulah Turner.

Neil Waters, George Wilson, Nina Bess Sprawls, Ella Winston.

A new fire chief and his assistant, a new member of the city commission, and five directors for the Cisco chamber of commerce were named at a meeting of the Cisco city council Monday morning at the city hall. It was one of the busiest meetings the council has had in some time, and the electors followed an enumeration by Mayor J. M. Williamson of the accomplishments of the last year and prediction that many other matters of importance are to be dealt with during the coming twelve months. C. O. Pass, present assistant chief of the Cisco fire department, was elevated to the post of chief of the department to succeed J. J. Collins, present chief, who, it was intimated, was unconcerned as to re-election to the new term which carries with it two years of service. Noah Fowler was elected assistant chief. All three of the names had been submitted to the council as nominations from the fire department. L. A. White was elected a member of the city council to succeed the late L. H. McCrea, whose death was the second among the council within recent months. His term will expire in April when the city election will be held. R. W. Mancill was the other member of the council to be selected recently, succeeding the late R. L. Bettis.

Guy Dabney will again head the Cisco chamber of commerce as president for the next term as the result of the annual election of officers held at the meeting of the board of directors Thursday night. J. E. T. Peters was unanimously reelected secretary, and Miss Leatha Eager was made assistant secretary for another term at an increase of salary. Frank Harrell was named first vice president, W. W. Wallace second vice president, and Henry Drumwright finance director. The election followed installation of R. L. Poe, Joe Shackelford, and J. T. Elliott as new directors along with W. W. Wallace and A. B. O'Flaherty as old directors reelected for another term.

John Hart, newly elected sheriff of Eastland county, named his four principal deputies Saturday after taking the oath of office. Those named are M. Newman, until Saturday tax collector under Mr. Hart; Doug Barton of Carbon, former sheriff of Eastland county, who will act as jailer; C. D. Paine from Hamlin, who has had wide experience as a peace officer, particularly as an office man, at Lampasas; and B. D. (Cy) Bradford of Rising Star. Mr. Hart has not yet named any field deputies, he said. T. L. Cooper of Cisco took office as county treasurer, along with the other officials who were administered the oath Saturday morning. A. M. (Ott) Hearne, succeeded Mr. Hart as tax collector, and named Tom Hailey of Gorman; Miss Addie Fee of Cisco, Earl O'Brien of Eastland and J. B. Hart, brother of Sheriff John Hart, as deputies. The deputies of other newly elected officers were named in the Cisco Daily News last week.

WEST TEXAS UTILITIES CO.

AN "E" FOR REDDY

Farmers have a real manpower shortage . . . with increasing needs for more foodstuffs, their boys on the battle front. Reddy has stepped in to do his very best to remedy this condition . . . He can churn, cook, wash both dishes and clothes, milk, sew, grind corn . . . In fact, the farmer now finds his services indispensable.

Reddy doesn't take time out for lunch, and after working his eight hours, puts in another sixteen to give a round-the-clock tour. He works the day-shift, swing-shift . . . Also the graveyard-shift. He doesn't get time and a half for overtime . . . His hourly wages actually decrease because of this overtime. He is not government-subsidized—he contributes heavy taxes. Reddy feels that he has faithfully earned his "E" for effort.
