## Victor R. Lawson of Cisco Awarded the Bronze Star

The public relations office of the 15th AAF in Italy informs the Daily Press that Master Sgt. Victor R. Lawson, 25, son of Mr. and Mrs. O. G. Lawson of Cisco, has been awarded the Bronze Star for "meritorious service in support of military operations against the enemy." A photo of the Ciscoan, taken while the award was being presented, accompanied the communication.

Sergeant Lawson enlisted in the army air force in November, 1941, and has been on active overseas duty in North Africa and Italy 24 months. He wears the European-North African - Middle East campaign ribbon with four campaign stars, the American Defense ribbon, the Good Conduct Medal and the Distinguished Unit Badge with one cluster. He is a graduate of Cisco high school and attended Texas A. and M. college one year.

The citation accompanying his award reads, "Master Sergeant Lawson has been the assistant line chief of his squadron since April 1, 1944. His exceptional knowledge of every phase of maintenance work, particularly of aircraft electrical equipment, together with his capacity of leadership, have materially contributed to the excellent maintenance record of the Engineering section. Through his outstanding professional skill and exemplary devotion to duty, Master Sergeant Lawson has reflected great credit upon himself and upon the Armed Forces of the United States of America."

## 500-Lb. Texas-Made Bombs Float Without Injury

BEAUMONT, Feb. 7.—Texas-made bombs, dumped intentionally from cargo ships into the sea off invasion beaches, have been floated ashore to rain death from the skies on the enemy.

It's another chapter to the story of how American ingenuity and production is contributing to the miracle of American supply lines. By a simple process, two Gulf coast plants of U. S. Steel Corporation turned steel oil drums into air and water-tight bomb containers. The containers made it possible for our fighting forces to float 500-lb. fragmentation bombs ashore in France and the Pacific when dock facilities were unavailable.

The containers have been in production for a year at Beaumont and Port Arthur plants of the Petroleum Iron Works division of U. S. Steel Products Company. Lone Star Defense Corporation's plant at Texarkana, Texas, assembles, packs and ships the deadly anti-personnel bombs in the special containers.

Production of thousands of the bomb containers started several months before the invasion of France. Previously the bombs had been crated in wooden boxes, which required more time and which afforded little protection from moisture. Many of the bombs were ruined before arrival at their destination.

At the request of the Army, U. S. Steel engineers designed the new steel bomb container by merely joining two oil drums and adding an inside flange and an outside center locking ring.

## FRANCE FREE OF NAZIS.

NEW YORK, Feb. 7.—Lt. Gen. Jean de Lattre de Tassigny, commander of the 1st-French Army, issued an order of the day to his troops today declaring: "The Germans have been chased away from the sacred soil of France. They will never return."

## Prange Adds Oak Leaf Cluster To His Air Medal

An Eighth Air Force Bomber Station, England.—Staff Sergeant Ernest A. Prange of Cisco, Tex., 26-year-old radio operator-gunner on the crew of a B-17 Flying Fortress, has been awarded the Oak Leaf Cluster to the Air Medal. He won the decoration for "courage, coolness and skill" and his outstanding performance of duty during a number of Eighth air force attacks on German war targets.

Before entering the army air forces in August, 1942, he was a student at Cisco high school. Sgt. Prange is the son of Mr. and Mrs. W. J. Prange of route two, Cisco.

The gunner won his wings at Kingman Field Gunnery School in December, 1943. He is now a member of the 486th Bomb. group, a unit of the Third air division, the division cited by the President for its England-Africa shuttle bombing of the Messerschmitt plant at Regensburg, Germany.

## Brownwood Lions To Meet Loboes Thursday Night

The Brownwood Lions, who are second to Breckenridge in district basket ball standing, will visit Cisco Thursday night to play the Loboes for the first time this year.

The game will be played at the high school gym and the Loboes, who have lost but one game on the home court this year, will endeavor to keep it that way.

An added feature of interest will be three boxing matches preceding the basket ball game.

Admission: Adults, 25 cents; students, 15.

Moran comes here tonight for a setto with the Loboes in a non-district game.

## VENGEANCE WEAPONS.

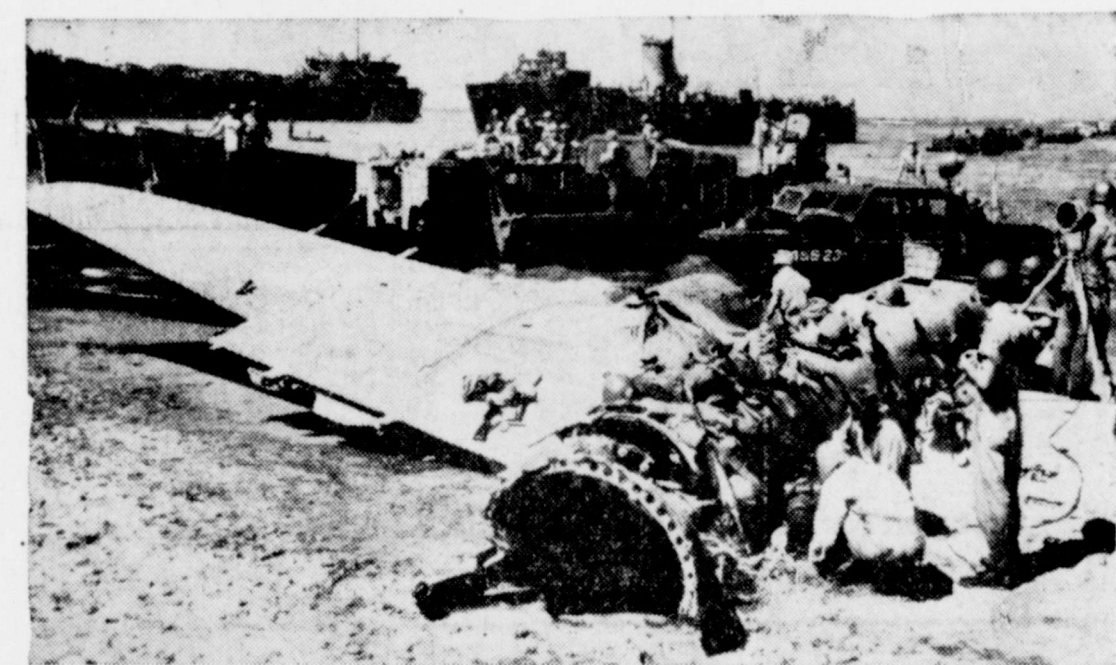

LONDON, Feb. 7.—German vengeance weapons fell on southern England from dawn Tuesday to 7 a. m. Wednesday, causing additional damage and casualties, the British Air Ministry said.

## World's Largest Bomber Gets New Power Plant

HERE IS the largest experimental bomber in the world—the Army's XB-19A—which has just been fitted with new, more powerful engines by the Fisher Body Division of General Motors. The plane's power, range and load-carrying capacity have been stepped up considerably by the installation of liquid-cooled Allison engines. Installation of the

engines, requiring construction of new, longer nacelles, was begun by Fisher Body at Romulus Army Air Field near Detroit and completed at its Cleveland No. 2 plant. Bigger than a B-29 Superfortress, the sky mammoth has a wing spread of 212 feet and length of 150 feet, compared with the B-29 wing span of 141 feet and length of 98 feet.

## CISCOAN IN RECITAL.

NEW YORK, Feb. 7.—Students of the institute of musical art of the Juilliard School of Music, here, gave a recital February 2 at the institute. Students who took part include Arline C. Stanio,

soprano, who sang a group of songs; Betty Slicker of Cisco, Tex., pianist, who played four Debussy compositions and Rosamund Leewin, pianist, who played the "Variations in D major on a Hungarian theme," by Brahms.

## Joe Shackelford Buried at Cross Plains Today

Joseph H. Shackelford, who was killed in an auto wreck at Kilgore Monday, was buried this afternoon at Cross Plains, following services at the Baptist church there. He was employed by the Texas railroad commission and lived at Kilgore.

Mr. Shackelford was well known in Cisco, where the family lived for a brief time on two occasions, first in 1926-7. He built the nice home at 707 west Seventh street now owned by George Ruppert.

Survivors include the wife and two sons — Gilbert, who as at home, and John Franklin, with the air forces in India; two sisters, Mrs. Mary Thomason and Mrs. Wilda Thomson of Glendale, Calif.

Mrs. Shackelford and Gilbert Shackelford were guests of her nephew, Walton Baum, at Lake Cisco, today while enroute to the funeral at Cross Plains.

Mrs. Ernest Tetens and Mrs. Leonard Boyd of Brady will serve on the housing committee and in charge of entertainment; are Mrs. Clarence Bell and Mrs. Edward Geezlin, co-chairmen, and Mrs. Herbert Harkrider, Miss Tressie Shave, Mrs. Gill Enger, Mrs. Al Kaiser and Miss Peggy Broad, all of Brady, Mrs. Arthur Neal of Rochelle, and Mrs. Floyl Marshal and Mrs. Audrey Malmstrum of Melvin.

## THIRD ARMY STORMS ACROSS TWO RIVERS ON A TWENTY-TWO MILE FRONT AT SEVEN POINTS

PARIS, Feb. 7.—Four divisions of the American 3rd Army invaded Germany anew on a 22-mile front today storming across the Our and Sure rivers between ancient Echternach and a point in northern Luxembourg five miles northeast of Clervaux.

General Patton's shock troops crossed the rivers by boat and bridge at seven points and attacked the Siegfried Line. Intense small arms fire from the fortifications was encountered, but early artillery reaction was light.

The fresh invasion gave General Eisenhower's armies a virtually continuous 120-mile front in western Germany between Holland and the industrial German city of Saarlautern.

In the north, the U. S. 9th and British 2nd Armies are past 35 miles of the Siegfried Line. The U. S. 1st and 3rd Armies are at or through the first West Wall fortifications on a 57-mile sector from the upper Roer near Schmidt to Echternach.

Initial gains in the new drive put Patton's men a half mile inside Germany and among pillboxes of the Siegfried Line.

The attack started in the cold darkness before dawn. The 6th Armored, 17th Airborne, 5th and 80th Infantry Divisions were used in the drive.

The 5th Division crossed the Sure river into Germany in rubber boats and wooden assault craft and on a foot-bridge at three points along a five-mile stretch just north of Echternach, site of a venerable Benedictine monastery, and Bollendorf.

## Big US. Guns Are Blasting Corregidor, Manila Bay

MANILA, Feb. 7.—American troops fought fire and the Japanese through the streets of burning Manila today in the final tragic act of the capital's liberation.

(Radio Tokyo said American warships have joined in the battle with a violent two-day bombardment of the island fortress of Corregidor, at the mouth of Manila Bay.)

Several thousand Japanese, scattered in isolated pockets throughout Manila, were dying in a welter of flame and gunfire. The enemy apparently was determined to gut the city before surrendering it to Gen. Douglas MacArthur's liberating army.

## Regents Looking For Good Man to Succeed Rainey

AUSTIN, Feb. 7.—Search for a permanent president for the University of Texas was expected to be first business of the University regents, given confirmation yesterday by the Texas Senate.

The regents are to meet here February 23-24. Mentioned prominently as a possible choice was D. M. Wiggins, president of the University's School of Mines and Metallurgy at El Paso.

## MEGLASSON PROMOTED.

Word was received here today that Lt. George W. Meglasson, son of Mrs. Cora Meglasson of Cisco and bookkeeper for the Daily Press before he entered the service, landed in New York state this morning, thus completing his eighth trip across the sea. Upon his arrival on U. S. soil, the 24-year-old Ciscoan was notified that he had been promoted to first lieutenant. He is a ship officer in a transportation corps.

## MORE BEET SUGAR.

WASHINGTON, Feb. 7.—The War Food Administration has called for a maximum acreage of sugar beets "to meet military and civilian requirements. Contracts implementing the sugar beet price support program for 1945 have been sent to all sugar beet processors by the Commodity Credit Corporation.

## WILLIAMS HONORED.

The meritorious service unit plaque has been awarded to the officers and men of the Fifteenth Air Force Service Command, Italy, for outstanding service in support of combat operations against the enemy. Among those who now have the right to wear the service wreath on their right sleeve is Capt. Thomas C. Williams of Borger, Tex., son of Mr. and Mrs. T. C. Williams of Cisco. The former Ciscoan has been in the air forces as maintenance engineer since August, 1943.

#### LEST WE FORGET.

Here is something to remember as the Japanese war proceeds, and when the time comes to judge our Japanese enemies and assess their war penalties. A recent Associated Press dispatch from Luzon contained this mournful paragraph telling of what the Japanese in Luzon had done to American war prisoners.

"There were men prematurely old, with gray hair, sunken eyes; men who limped from beri-beri; men whose bodies were scored by tropical ulcers and other diseases brought on by the lack of proper food during nearly three years of living death; men who looked helplessly up from litters, and a few who were young-looking, clean shaven and still alert. And there were two who died as the deliverance came — their hearts gave out on the first 10 miles of their dash to safety."

All these men had been strong, valiant and decent, fighting in defense of their country, but fighting according to the rules of civilized warfare which the Japanese had accepted — and broken. It must all be remembered when the time comes to judge Japanese criminals.

#### FOR VICTORY.

"Work or fight" is the order now. The action of the house at Washington, which the senate will promptly follow, honestly recognizes the peril of these times. An immense danger has been loosed in the world, from two sources leagued in iniquity but physically half a world apart.

Our enemies at last seem to be stopped and driven back, but no assured change for the better should yet be taken for granted. These wars will be over only when they are really won. In the meantime all the energies of this nation, along with the energies of our allies, physical, military and moral, must be applied to the utmost.

#### VOTING AT 18.

The movement to lower the voting age to 18 will not down while Georgia's example has not been followed by other states, resolutions for constitutional amendments have been introduced into several legislatures. Now Senator Harley M. Kilgore of West Virginia proposes an amendment to the federal constitution, reducing the voting age. Both he and Senator H. Vandenberg of Michigan introduced such a proposal in the last Congress, but did not get anywhere.

The arguments in favor are hard to refute. Young people from 18 to 21 have jobs of their own. Even if they are going to college, they are apt to pay their own way. They pay income and state sales taxes; why should they suffer taxation without representation? Above all, many of them are fighting for their country. Anyone who thinks they have not earned the right to vote should state his reasons.

#### September, 1914

(Cisco Round-Up Files)

We doubt if there has been a school opening in Cisco that was marked with any more interest and enthusiasm than that of the public school of Cisco last Monday morning when the large auditorium was filled with pupils and patrons who were assembled for the purpose of participating in the public exercise. The house was called to order by Superintendent R. D. Green, and after singing "America" Dr. J. D. Leslie, pastor of the First Presbyterian church, conducted the devotional exercises. After this talks were made by Mayor W. S. Michael, John Garner, Dr. J. W. Gregory, J. M. Williamson, R. Q. Lee and Superintendent Green. All the talks were encouraging and full of good suggestions.

With the encouragement the teachers and pupils received Mon-

day they no doubt enter into their work with zeal, and a hope that their labors will be appreciated by a people that will co-operate in this great educational institution.

After the opening exercises the pupils assembled in their respective rooms and with the assistance of the teachers secured a list of the books needed. At noon the school was dismissed for the day to allow the children to get their books.

On Monday evening a meeting of the teachers and trustees was held when the work was gone over and a general understanding was had. This was a very profitable meeting. The following is the faculty of the public school: R. D. Green, superintendent, mathematics; O. B. Mosley, principal, science and mathematics; Miss Bonnie Wilkins, English and Latin; Miss Dora Watson, Spanish and history; Wilson P. Fraser, piano; Miss Ruth Dale Rucker, voice; Miss Leta Newby, expression; Miss Philippa Cuny, art; Miss Ruth Dillon, domestic science; H. C. Dutsch, principal grammar school, seventh grade; Miss Wann Shillings, sixth grade; Miss Fannie Stevens, fifth grade; Miss Annie Lou Powell, fourth grade; Miss Ulala Howard, third grade; Mrs. Callie McAfee, second grade; Miss Effie Moore, first grade; Miss Theresa Lee, ward school.

Something near five hundred pupils were enrolled during the first week, and the work has started off with everyone feeling that this year will be the greatest in Cisco school history.

WORKERS CONFERENCE WELL ATTENDED.

Approximately 250 members of Cisco Baptist association met at Cisco First Baptist church Tuesday morning for the one-day workers conference, with Rev. Arthur Johnson as host pastor. Meeting began with the devotional at 10:30, brought by Rev. Lee Fields of Carbon. Program topics discussed were as follows: "Price of the Believer's Redemption," Strauss Atkinson; "The Ground of the Believer's Justification," O. M. Corley. A brief business session was then held, which concluded at 11:40. The morning sermon "The Reward in the Believer's Glorification," was delivered by Rev. Truman Aldredge.

Luncheon was served at 12:30 by the women's missionary union of the Cisco church. Sessions were resumed at 1:30 when board members assembled in a class room and the women met in the auditorium for a devotional brought by Mrs. Granton Adams. The highlight of the day's meeting was a talk by a visitor, Andrew Allen of Baylor hospital, Dallas. He presented the distressing need of more hospitals and told of donations promised by Dallas citizens for the erection of Truett Memorial hospital. Mr. Allen's talk was well received. He is an enthusiastic speaker and has experienced the need of more room for the sick who are brought to Baylor hospital. The program closed with an inspirational address by Rev. Frank Randall.

YWA GROUP MET IN SHEPARD HOME.

Miss Cathryn Shepard was hostess Tuesday evening when the young women's auxiliary of First Baptist W. M. U. met in the Shepard home on west Seventh street. The program was opened by group singing of "Our Best," followed with prayer by Mrs. Leon McPherson.

A short business session was held with minutes read by Miss Louise Norris, secretary. It was voted to ask Mrs. J. R. Burnett to teach a mission book to the group in the near future. A weiner roast was planned for February 16, following which the program on "The Citadel of the South" was presented. Miss Dorothy Grantz, leader, gave a splendid discussion of the topic.

A social hour was held and a visitor, Miss Yvonne Hazlewood, and a new member, Miss Mary Bess Elzay, were welcomed by Mrs. Leon McPherson, sponsor. Refreshments were passed to Misses Dorothy Anderson, Martha

Irish Linen for Formal Entertaining

HARMONY is the theme for this formal reception table setting—harmony between the elegance of the beautifully patterned white Irish linen damask cloth and the exquisite simplicity of the Danish silver pieces—harmony in the blended colors and rhythmic design of the elaborate floral arrangement. The smart hostess knows that there is no cloth like an Irish linen damask for setting off her loveliest table appointments and giving a lavish air to her entertaining.

HOPE CHEST FROM "ACE" BONG

Marjorie Ann Vattendahl, 21, whose wedding date to America's top air ace, Major Richard Ira Bong, at Superior, Wis., was set for Feb. 10, has just learned that Major Bong is through with combat flying and expects to be in United States for some time. He gave her a cedar hope chest, which she and her mother are inspecting, for Christmas, shortly after he chalked up the last of his record of 49 Jap planes downed in combat.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic arthritis or neuritic pain, try this simple inexpensive home recipe that thousands are using. Get a package of Rx-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoons two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Rx-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Rx-Ex Compound is for sale and recommended by Mason's Pharmacy and drug stores everywhere.

1 man in 8,745 has them... but today we all must have 3 cars!

You can see in an instant why your one and only car really needs to be "triplets." Let's just check...

- You started with a pre-war car.
It became your wartime car.
But now it's still got to be your postwar car—because even if 1945 sees unbelievable new car output, the chances of getting delivery before 1946 or '47 are way against you.

That's why today the cry is, "Conserve your car!" But you want real sure help... And here's what Conoco Nth motor oil will actually do for car life by surfacing your engine's insides with OIL-PLATING.

OIL-PLATING assures distinct extra defense—at trifling extra cost. Topping every advantage that an oil can get from Nature and latest refining, Conoco Nth oil also brings its unprecedented man-made ingredient. And this bonds protective OIL-PLATING to the fine inner finish that's really the life of your engine!

With durable OIL-PLATING, plus durable liquid oil film too, you have every defense against excess wear. And that's the basic defense against carbon, sludge, and battery drain. What's more, even corrosive engine acids—always present—can't freely bite into OIL-PLATED surfaces! So there you plainly get safety of every sort—simply by changing to Nth oil at Your Mileage Merchant's Conoco station. Do it today. Continental Oil Company

NOTE: New car prices will be up. You'll want the best trade-in. Conoco Nth oil helps keep your car shipshape.

ABRAHAM LINCOLN

BORN FEB. 12th

## Perseverance Will Win!

A study of the life of Abraham Lincoln teaches us this great truth as does, perhaps, no other character in American history. Failure and doubt, as a part of human achievements fade, and a certainty looms whenever this trait is dominant in any man's or nation's life.

Lincoln as a youth, had a yearning for knowledge, and with him it was not idle wishing. He worked for it by the side of a pine knot fire after the end of a hard day of labor.

This is a part of the character of Americans today, woven into the fibers of our beings by the hard pioneer school through which we have passed.

If we are to emerge a great nation, this same determination to achieve must be in our determination to win this world struggle in a way that will guarantee to us that freedom of living for which this great emancipator gave his best efforts and his life.

Lincoln never quit; we must not falter.
