Joe H. Tableman of Cisco Awarded Bronze Star

The Daily Press today received a 5 x 10 photo of Capt. Joe H. Tableman of Cisco, the picture having been taken near Boevange, Luxembourg, during a ceremony at which the Ciscoan received a Bronze Star from his commanding officer for meritorious achievement during the battle of Bastogne, Belgium.

Born in Eastland, Captain Tableman will be 25 years of age his next birthday and has been overseas since last February.

He is a graduate of Cisco high school, A. and M. College and a member of the Sixth armored division of General Patton's Third Army.

Cisco Women Give Rotarians Musical Treat

An illustrated musical program by four ladies and announcements which included commitments for a joint Rotary-Lion sponsored football banquet, featured the Rotary program Thursday following what was pronounced a good luncheon provided by the ladies of the First Christian church.

Visitors and guests were Bobby Cluck, Bobby-Jo McNeely, Dr. J. T. McClasick and Mrs. Billy Hall. These were introduced by Secretary Pete Nance.

The attendance for this week and last week was announced by J. E. Hays as probably perfect, since all absentees will likely make up at some other club.

President J. W. Slaughter announced committees to act with the Lions in perfecting the banquet arrangements, and then named a full group of Rotarians to carry through on the Rotary Institute, scheduled for evenings of March 1, 8, 15 and 22, at the high school. Each Rotarian was admonished by Hays and others to talk institute and sell citizens on its value and quality, rather than merely trying to sell individual tickets.

Lonnie Shockley was in charge of the program and introduced Mesdames Lonnie Shockley, Ben Krauskopf, J. D. Lauderdale and Troy Powell. They presented two numbers, the first with Mrs. Krauskopf portraying on paper with crayon the song, "Beautiful Hawaii," as sung by Mrs. Shockley, Mrs. Powell and Mrs. Lauderdale, with Mrs. Krauskopf at the piano.

This showed yellowish moonlight shining through palm trees upon blue waters with distant mountain and green swarms as backgrounds. It was a very pretty portrayal, both as to drawing and musical rendition. Lonnie Shockley announced that he would post these pictures in the Service Men's depot.

The second number was a solo by Mrs. Shockley, with Mrs. Powell at the piano, while Mrs. Krauskopf drew a beautiful valentine with a bright, warm heart, to the strains of the song "Let Me Call You Sweetheart," by Mrs. Shockley.

ALTON AT RISING STAR.

RISING STAR, Feb. 9.—Edgar Alton, for the past several years a member of the staff in the office of the county tax assessor-collector at Eastland, Monday assumed his new duties as a member of the staff of the J. F. Robertson insurance and real estate agency here. Reared in the Pleasant Valley community between Romney and Cisco, Mr. Alton is well known and has many friends in Rising Star who will be glad to extend him a warm welcome to our city.

Boxing Exhibition at Hi School Gym Drew Large Crowd

The boxing exhibition at Cisco high school gym last night—put on as an added attraction between halves of the Brownwood-Cisco basketball game—seemed to be just what the capacity crowd wanted, judging from the applause during the exhibition and the many favorable comments heard as the large audience was leaving the building.

Junior Latson refereed the bouts and Con Collins, George W. Downie and S. H. Kelsey were the judges.

Cisco high school boys who participated in the first affair of the kind to be held at the school gym were Clifton Osborne, 110 pounds, who lost to Roger Henson, 108; Don Johnson, 109, tied with Flournoy Cleveland, 120; Wayne Hays, 140, won over Elzie Maxwell, 134. Melvin Noble, 170, had little trouble in winning from Arthur Lee Archer, 156 pounds.

It is stated that boxing bouts will also enliven the Breckenridge-Cisco basketball game to be played in Cisco next Tuesday night, with each of last night's winners facing new opponents.

Brownwood Won Easily.

The basketball game was won by Brownwood, 42 to 20. Paced by Harris, the visitors seemed able to score at will. Several times during the second half the Lobos were within 10 points of the Lions, but were never much of a threat when the Lions were on their toes.

Bill Would Remove School Per Capita Ceiling

AUSTIN, Feb. 9.—Two bills to remove the ceiling upon per capita school apportionment has been introduced in the house by Joe C. Humphrey of Abilene.

The present law prescribes a \$25 maximum per capita, but upon an opinion from the attorney general the State board of Education gave \$4 per scholastic more last summer.

Humphrey's first bill provides that the Board of Education shall fix the per capita on a formula basis. Humphrey figures this would allow a maximum expenditure of \$54,000,000 a year, which would be \$36 for each of 1,500,000 scholastics. However, his bill provides the payment shall not exceed available income, which he estimates would be \$31 or \$32 per capita now.

The second bill would require the automatic tax board, which levies ad valorem taxes, to establish a rate high enough to pay the apportionment set by the Board of Education, if possible. The constitutional maximum tax for school purposes is 35c per \$100 valuation. The present tax is 18c.

Representative Ennis Favors introduced a bill for a 2 per cent tax upon gross receipts of air transportation companies operating in Texas.

Also introduced was a proposed constitutional amendment by Preston E. Smith of Lubbock and others to distribute the income from the University of Texas permanent fund among all state colleges. A one-third share now goes to Texas A. & M.

BOTVIDSON GRADUATES.

From Keesler Field, Biloxi, Miss., comes news that Second Lieut. John F. Botvidson has graduated from the AAF training command's Liberator bomber co-pilot school there, after completing a five-weeks' course in four-engine aircraft flying and technical training. He is the son of Mrs. Nell Botvidson of Cisco.

TOO DEEP FOR A JEEP—When Tarlac River, Luzon, proves too deep for even the versatile jeep to negotiate under its own power, soldiers must devise other means of fording across. Here Yanks with pants rolled above knees man huge bulldozer which tows string of jeeps across.

NATURE'S CAMOUFLAGE—Fresh snow adds beauty to Belgium countryside, but new danger to advancing Allies. Here engineers of the 75th Division carefully sweep frosted road for hidden enemy signs before tanks and infantry move up to attack town of Commanster. (U. S. Signal Corps Photo.)

LADY SHERIFFS—Holding gun to show authority, Mrs. Emma Schieferdecker of Schuyler County and Mrs. Myra Westroy of Dewitt County are delegates to Illinois State Sheriff Convention at Quincy. Ladies are sheriffs of their respective counties.

Ensign Cleveland Flew Total of 64 Combat Missions

The public relations office of the navy, Washington, D. C., announces that Ensign Jesse S. Cleveland, USNR, has returned from a tour of combat duty in the Pacific, where he flew a fighter plane based on one of the navy's Independence class carriers.

Attached to Air Group 23, Cleveland piloted a German Hellcat.

He participated in numerous strikes against such targets as Wake, the Carolines, Nansei Shoto, Marianas, Philippines and Formosa.

The Cisco pilot flew a total of 64 combat missions. He is a son of Grover S. Cleveland, route one, Cisco.

Cisco Cannoneer is With a Live Bunch in Italy

WITH THE FIFTH ARMY, ITALY. — Pvt. Dean T. Welty of Cisco, Tex., is a member of the 337th Field Artillery Battalion, whose 105-millimeter howitzers recently enabled capture of Mt. Grande, retention of Mt. Battaglia and a view of Italy's Po Valley.

Most spectacular feat of the 337th was relief of 45 infantrymen penned in on three sides by 150 Germans, supported by fires of artillery, mortars and eight self-propelled guns.

Firing precision bursts, the howitzer crews wiped out the entire German battalion staff, killing the commanding officer, reduced three companies to half strength, silenced a two-gun battery and forced enemy mortar crews to withdraw.

Private Welty is classed as a cannoneer.

Only a Few Yellow Devils Left in South Manila

MANILA, Feb. 9.—The battle of Manila entered its last and bloodiest phase today as American infantrymen swarmed across the Pasig river to root out and destroy the Japanese trapped in the southern half of the city.

Doughboys of the 37th (Buckeye) Division crossed the Pasig in amphibious tanks and on pontoon bridges late Wednesday and quickly established a wide bridgehead on the south bank opposite the Malacañang palace. The Japanese put up only weak resistance along the river bank, but they stiffened later Wednesday night and fought back savagely with mortars, artillery and rifle fire.

German Leaders Merciless Even With Each Other

LONDON, Feb. 9.—The Germans announced today the execution of another mayor for fleeing his city before the advancing Red Army.

Mayor Schroeter of Koenigsberg, a small Pomeranian town on the east side of the Oder between Berlin and Stettin, was "hanged for leaving his town without receiving evacuation orders," the Berlin radio said.

This was the third in a series of Eastern Front civilian executions announced by the Germans. Previously the deputy mayor of Breslau was executed and the police president and other officials of Bydgoszcz (Bromberg), the fallen fortress in Poznan province, were executed "for cowardice."

EISENHOWER'S OFFENSIVE ON WESTERN FRONT IS GATHERING POWER FOR THE GREAT DRIVE

PARIS, Feb. 9.—The powerful new Canadian First army offensive penetrated at least four and a half miles into Germany and well into the Siegfried line today, forming the northern jaw of an Allied pincer drive against the Ruhr.

Burning Kleve, northern terminal of the Siegfried line, was imminently menaced. The new attack front widened to seven miles. Formidable forest defenses in the Reichswald, considerably weakened by a terrific artillery and air bombardment, were being mopped up swiftly. Five German and two Dutch towns fell. More than 1,200 Germans, including two battalion commanders, surrendered.

The American First army 85 miles to the south advanced to within a mile of the vast Schwammenauel dam, controlling flood waters on the Roer river—a barrier to the Ruhr and the Cologne plain.

The Third army advanced to within a mile of Pruem and reached the Pruem river eight miles inside the Reich.

The French First army broke the last German opposition south of Strasburg and drew up to the upper Rhine banks on a 90-mile front from north of Strasburg to Switzerland.

Like an avalanche which moves slowly at first, Gen. Eisenhower's offensive along the western front was gathering power.

German broadcasts said the Canadians had breached Nazi lines in a large scale offensive. The weight of Allied attacks on other fronts also was said by Berlin to be increasing.

(Reuters quoted a radio dispatch today as saying that Allied parachute troops had landed in the Reichswald forest, into which the Canadian First army is fighting.)

The British and Canadian troops of Gen. Henry Greer's Canadian First army were fighting less than eight miles from the elbow of the Rhine. Infantry, flame throwers and tanks met tough opposition in spots but at no point were the Germans able to check their momentum.

The British, cracking into the Reichswald from the northwest, overran Galgenstein and advanced beyond it. The Canadians after a rough fight in Zylflich advanced well to the east of it in the deepest new penetration of Germany within five miles of Kleve.

Kleve is the northern terminal of the permanent Siegfried line defenses. It lies 35 miles northwest of Duisburg, gateway to the industrial Ruhr—always Germany's main arsenal but of increased importance now that the Russians have overrun the industries of Silesia and the U. S. Third army has interdicted much of the Saarland's production.

AMVETS TO ORGANIZE.

FT. WORTH, Feb. 9.—Everett C. Worthington, district commander, said today that a meeting to organize a Fort Worth post of American Veterans of World War II will be held at 2:30 p. m. Sunday in Hotel Texas, when all veterans of the current war are urged to attend. Officers will be elected and committeemen will be named.

Russian Front Is Wrapped in Significant Silence

LONDON, Feb. 9.—Berlin reported today that Marshal Gregory Zhukov had clamped a pincers on Frankfurt and violent battles were raging on both sides of the key citadel on the west bank of the Oder 33 miles east of Berlin.

Eighteen miles north of Frankfurt Soviet armored forces fought in the streets of burning Kuestrin, which the Nazis said had been encircled "temporarily" by the junction of Russian bridgeheads across the Oder.

A Moscow broadcast hinted at an impending announcement on the battle of the Oder before Berlin by the Red Army command. It said Zhukov's front had been "wrapped in official silence which usually precedes some big announcement."

New England Has Worst Snow Storm in Many Years

NEW YORK, Feb. 9.—Snow that brought death to seven New Englanders continued to harass the area today with falls ranging between 4 and 13 inches, but in the Great Plains and Midwest rapidly rising thermometers promised relief from the hampering blanket.

Boston added 13 inches of new fall by the early hours of today on top of the old five inches—a total of 18 inches on the ground, the weather bureau at Chicago reported. Portland, Maine, dropped an even foot on top of 11 inches. Hartford, Conn., reported 24 inches on the ground, and Syracuse, N. Y., 25 inches.

with **VALSPAR PAINT**

Because of the limited amount of Lead Metal available for military and civilian requirements, the War Production Board has found it necessary to place restrictions on the amount of lead in the manufacture of paint.

We have a big stock of Paint on hand. If you intend to paint this year at all, BUY NOW, while you can still get quality paint, pre-war formula, and while you can still get it without priorities. This only holds good until our present stock is exhausted.

Our VALSPAR PAINTS are of the same superior quality as before the war.
