## Father of Raby and Nick Miller Dies Here After Ills Dead, Age 88

W. V. (Vinnie) Miller, father of Raby and Nick Miller of Cisco, died at his home in Mercedes, Tex., at 1 p. m., yesterday. The former Cisco man will be buried in Oakwood cemetery, this city, Saturday afternoon, following funeral services at Thomas chapel at 3 o'clock.

Rev. J. R. Wright will be the officiating minister and pallbearers will be Robert E. Grant, Ham, Haywood Cabanes, K. H. Pittard, J. L. Thornton, Dick Lauderdale and George Boyd.

The body will be accompanied here by deceased's half brother, Rufie Miller, also of Mercedes, and will be laid to rest beside his wife, who died March 25, 1929.

Mr. Miller was born in Columbia, Tenn., December 10, 1856, and was married to Miss Ora Murrell at Gatesville, Tex., in 1884. Four children were born to this union, two of whom, Bruce, a son and a daughter are deceased, the latter dying in infancy. The Millers moved to Cisco from Gatesville in 1902. He was connected with the local business firm of Aaron Mayhew & Co., merchants, for several years after leaving here and was also a traveling salesman for some time. Mr. and Mrs. Miller moved to Mercedes about 25 years ago.

Other survivors are three grandchildren, Mrs. D. G. Alford, Miss Bobbie Lee Miller and Hunter Miller. Davy Alford is a great grandchild.

## Leonard Foreman Died Here After Short Illness

Leonard Wallace Foreman, 56, died at 11 o'clock this morning at Graham Sanitarium, after a short illness. He came to Cisco a year ago from Houston and made his home at Laguna Hotel. Deceased was a Cherokee Indian and was born in the Indian Territory.

Deceased is survived by his wife, Mrs. Alene Foreman of Lebanon, Tenn.; three daughters, Mrs. Clifton Tipps, Winchester, Tenn.; Mrs. Jimmy Elliott, Little Rock, Ark.; Mrs. R. A. Bearman, Cisco, and a son, Capt. W. G. Foreman, Fort Riley, Kansas.

Funeral arrangements await word from relatives. The body is at Green funeral home.

## Moran State Guard Unusual Body For Town That Size

A program consisting of the state guard from Moran, with uniforms and guns, looking very military, was presented Wednesday by E. T. Thomas at the Lions luncheon. Other military visitors were present from Austin and Abilene.

Carlos J. Turner, president, made announcements regarding a recent directors' meeting at which the sodding of the grammar school football field and furnishing football equipment for these pre-Lobos whose boot training begins before they get to high school, was favorably discussed. A committee consisting of Lions Hugh Chief Brown, Charlie Burke and E. T. Thomas was appointed to carry through with details of checking equipment Lions own at present.

A rat extermination program was suggested and attention was called to the city-wide scrap paper collection for this week.

Former Lion L. L. Walker of Moran was introduced and he presented Capt. Geo. L. McCargo of the Texas State Guards. While waiting for Lt. J. W. Booth to present his squad, the captain said that this troop was armed with 1917 rifles and had live ammunition. Moran is the smallest town in the state to have a guard and this one is three years old. Forty-six men have gone into the service from this guard, the captain announced, being made up of farmers, ranchmen, mechanics, merchants and oil field workers.

Following drill and more information, Lt. Col. Olney H. Bryant, Austin and Lt. Col. John Alvis, Abilene, talked along future ideas for keeping the peace that America must sponsor. The United States must train young men each year, they think, if we are to remain able to enforce our ideas upon nations who would cause disturbances in future years.

If we had had universal training for youth in 1914 we would not have been compelled to fight in 1918, it was said, and if we had trained men in 1939 and 1940 this struggle could have been settled much sooner and with much less cost in lives and money.

Many other points in favor of military training for youth during peace times were presented by these speakers.

Guests present were J. L. Warren, Abilene; Lt. Col. John H. Alvis, Abilene; Lt. Col. Olney H. Bryant, Austin; Staff Sgt. Elmer J. Jones, Sgt. R. E. Weber, Sgt. J. Jones, Sgt. Floyd Hamilton, Oscar Wise, Sgt. Carroll Louder, Sgt. Jim Parish, Sgt. John Alexander, Lt. J. W. Booth, Lt. Walter McCall, Capt. Geo. L. McCargo and L. L. Walker, all of Moran, and Capt. Nugent E. Brown, Austin.

WISER NOW—At the age of six months Lois Ann Wilson (left), of Washington, D. C., didn't know why she was frowned upon when she struck this pose emulating the exaggerated jaw of Il Duce. ## Kilpatrick Quits City Job After 12 Years' Service

G. R. Kilpatrick, efficient and affable Cisco water superintendent for more than 12 years has resigned that position, effective today, and hereafter will devote full time to the duties of secretary for three Cisco Masonic bodies—Blue lodge, Royal Arcan chapter and Knights Templar commandery.

He succeeds Roy Wilson, who has served the Masonic bodies as secretary in a highly satisfactory manner since 1930. Mr. Wilson has been a member of the order since 1904 and came to Cisco from Hastings, Minn., in 1890.

Mr. Kilpatrick came to Cisco from Dallas in 1927 and was engaged in the plumbing business before he entered the city's employ under Mayor J. T. Berry. Mr. and Mrs. Kilpatrick reside at 1002 west Fifth street. Their daughter, Mrs. Paul Yardley, lives here, and a son, John R. Kilpatrick, makes his home in Dallas.

FOR SALE—Hot water heater, 610 west Fourth street. Leaving town by noon Friday. 104

## Agricultural Leaders Discuss Production Methods

Eastland county agricultural workers present at the regular meeting at Cisco chamber of commerce last night were George T. Lane, F. S. A. Eastland; John Simpson and L. K. Gregory, S. C. S., Rising Star; Floyd Lynch, county agent and William Brigham, assistant; Sam White, vocational teacher, Morton Valley; Richard P. Brashear and Ben R. Day, S. C. S., Rising Star; R. B. Thomas, vocational teacher, Ranger; C. V. Cox, vocational teacher, Rising Star and Tom J. Henry, Cisco vocational teacher.

The men set up county war food production goals and discussed ways and means to meet them.

A series of meetings will be held over the county with active farmers who have requested such meetings. The first meeting of this kind will be held at Alameda church, tonight.

## Cisco Lad's Unit Holds Open Fifth Army Main Route

FIFTH ARMY, Italy. — Pvt. William A. Guthrie of Cisco, Texas, is a member of the 39th engineer combat regiment, the unit currently holding open route 65, main supply route to the Fifth army front in Italy.

Besides building bridges and repairing roads, the 39th has three amphibious operations to its credit and has often functioned as infantry.

The 39th has, in Italy alone, built 125 bridges, 77 bypasses, 123 culverts, 24 major road blocks seven airstrips and a floating footbridge.

The 39th was set ashore in January, 1943, at Oran, northern Algeria, and assigned tasks in French Morocco and northern Algeria.

They strung 90 miles of concertina wire and planted 40,000 mines on the Anzio beachhead under German shell fire and assembled an 80-foot Bailey bridge across a canal in seven hours, as enemy mortar shells and small arms fire covered the area.

Private Guthrie is classed as a rigger.

## Shinnery Eradication Demonstration Monday

A demonstration on putting typical shinnery land into a state of cultivation by use of a modern bulldozer will be held at Ray Agnew's farm, two miles north and a half mile east from Rising Star, at 2 o'clock Monday afternoon.

Bob Needham, operator of the bulldozer, will give this demonstration for the purpose of familiarizing farmers and ranchmen with this method of eradicating shinnery.

Cecil Shultz and Bruce Eberhart of Rising Star, both experienced in goat shinnery, will give their experiences at this meeting.

A long-time program of pasture improvement work is in the minds of most farmers and ranchers of Eastland county and the public is invited to attend this meeting and swap ideas, says Floyd Lynch, county agent.

LOST—Pair half-rim glasses, reward. J. W. Thomasson, Cisco Hatchery. 106

## TOKYO SAYS JAPS ARE READY AND THAT ALL SIGNS INDICATE U. S. ALL-OUT SOON

WASHINGTON, Feb. 15.—American minesweepers, leading 10 transports jammed with fresh invasion troops, have begun clearing the entrance to Manila Bay for an apparently imminent assault on Corregidor Island, Radio Tokyo said today.

The thrust got under way at 9:30 a. m. Tuesday (Manila time) with a terrific air and sea bombardment of Corregidor, where the original American garrison on Luzon went down to defeat in April 1942, Tokyo said.

Two battleships, four cruisers and five destroyers participated in the bombardment, the broadcast said. Corregidor's batteries replied and a "furious gun duel" ensued with the "invading surface craft," the enemy account said.

Toward evening, Tokyo said, 20 American minesweepers entered the narrow channel between Corregidor and Bataan peninsula, which forms the northern rim of the gateway to Manila Bay. Japanese guns sank one minesweeper and the remainder were "effectively checked," Tokyo said.

"There were indications that these minesweepers were being followed by some 10 enemy transports apparently carrying fresh invasion forces," the broadcast said.

"Consequently, the entire Corregidor sector now is fraught with an atmosphere foreshadowing some new development."

Gen. Douglas MacArthur's headquarters on Luzon remained silent on the enemy's claim of a naval bombardment and imminent landing on Corregidor, but confirmed that Army Liberators dropped another 107 tons of bombs on the Fortress island Tuesday.

Corregidor has been bombed almost daily since Jan. 23. Its capture would unlock Manila Bay to American shipping.

## Reds Closing In on Fire-ridden City of Dresden

LONDON, Feb. 15.—Moscow reported today that the Red Army was storming the Niesse river line before German Saxony and had plunged an armored spearhead within 45 miles of Dresden, which still blazed from Anglo-American aerial assaults.

Marshal Konev's drive toward Dresden, the capital of Saxony, was reported unofficially from Moscow to be beating at the gates of Goerlitz key transport hub on the Niesse.

Soviet dispatches and broadcasts said Konev's vanguard apparently had crashed across the Niesse near Goerlitz, seized at least one bridgehead on the west bank, and struck in an unspecified sector within 45 miles of Dresden.

Konev's First Ukrainian Army appeared to have pulverized the defenses of all Silesia, and was reported fanning out north, west and south less than 100 miles from Berlin and about 75 miles from Prague.

## Union Heads To Invade Austin On February 19

AUSTIN, Feb. 15.—Public hearing on one of the most controversial bills before the 49th legislature will be held Feb. 19 at 7:30 p. m. in the house.

Organized labor spokesmen are expected to swarm the large chamber to protest a proposal by Rep. M. O. Bell, San Antonio, which, if enacted, would outlaw the closed shop and check-off system, two pet union planks.

Bell's bill—House Bill 12—proposes that no person shall be refused employment because he does or does not belong to a labor union. This would mean a contract with an employer to require that only union laborers could work for him.

The bill also provides that employers must not take from employees' salaries any money for union dues.

FT. WORTH, Feb. 15.—Fort Worth's 80-degree temperature Wednesday afternoon was chalked up at the U. S. Weather Bureau as the hottest Feb. 14 here in 21 years, tying the record, but it isn't going to last. It will continue warm Thursday afternoon but the thermometer will start dropping tonight and Friday will be colder, with a high near 50 degrees.

## LOAN SHARKS FIGHT.

AUSTIN, Feb. 15.—An injunctive order of the Third Court of Civil Appeals here today prohibited additional action under the state usury injunction law against Houston loan concerns.

## PRESIDENT IN FRANCE.

PARIS, Feb. 15.—President Roosevelt has visited Marseille in southern France on his way back to the United States from the Big Three conference at Yalta, French sources said today.

## REDS WATCH SENATOR.

MOSCOW, Feb. 15.—Izvestia assailed Senator Wheeler today for criticism of the Polish agreement in the Crimea conference, calling the Montana Democrat "a worshipper of the reactionary clique of Polish exiles and a leader of the pro-Fascist element in the United States." "Really," the article said, "Goebbels has not lost his American advocates yet."

## CLING TO FEDERAL TEATS.

WASHINGTON, Feb. 15.—The number of federal workers receiving draft deferments because of their employment has more than doubled since last year, Congress was told today. The information came from Selective Service Director Hershey in a report which said 265,909 government jobholders qualified for military service were deferred as of Dec. 1, 1944.

#### HEROES OR COWARDS?

The People's Lobby, Inc., whose title is self explanatory, and whose head office is in Washington, has called upon Congress to "sponsor legislation to make processors and distributors of farm products agencies of the government. . . . Three years' experience with policing have shown that government control or direction of processing and distribution of farm products . . . is essential. The cumulative chaos which threatens the nation at the war's close, makes the adoption of such new measures now, so they may be operating efficiently and smoothly, then, imperative."

If the above statement represented the views of a few misguided theorists, it could be ignored. Tragically, it typifies the rising "money trouble" in which every debt-ridden nation finds itself sooner or later. As the value of money declines, artificial ways and means are sought to stem the tide. Attempts are made to throw a cloak of rules and price ceilings around luxuries and necessities. Pressure groups try to shift the squeeze of inflation to other shoulders. Everybody howls that the other fellow is making too much money. Each thinks he "could do a better job of rule writing than the stupid bureaucrats." The general apology is heard that the rules are a temporary expedient to safeguard an all-out war effort. Then, gradually as the squeeze tightens, a cowardly clamor rises to extend the rules indefinitely into peacetime. This country has reached the latter stage.

The present suggestion to make processors and distributors subservient to government, is nothing more than an attempt to sell out the independence of one group in order that another group may live in ill-gotten comfort a little longer. After the processors and distributors, will come the producers and the farmers. At the end of this coward's path, is loss of freedom for all of us.

When the war is over, there will be just one course for the people of the United States, providing they feel that freedom is their most valued possession. They must demand that government get off their necks and give them a chance to face the risks of the future heroically, on their own feet.

#### BLIND JUSTICE.

A critic of American business says that the War Labor Board must control Montgomery Ward or go out of business, at great peril to the winning of the war.

The musicians' union defied the War Labor Board and the President of the United States. It was rewarded financially instead of penalized, and the War Labor Board did not go out of business. The musicians' union and Mont-

gomery Ward could be wiped out and not a ripple made, in the war activity.

It is difficult to understand why such procedure is countenanced in a land where all men are supposed to be equal in the eyes of the law. But the pressure increases each day for the passage of laws and their interpretation based on class privilege, rather than equal justice for all.

#### OUTDOING ALADDIN.

The most common things in life are often the most essential, although few people realize it. The war has brought this fact out in bold relief and proved that our everyday necessities are more valuable than gold.

For instance, a sack of flour, a ham, a quarter of beef or a ton of coal, have a value far beyond gold—they will sustain life, gold will not.

Bituminous coal, for example, means power and heat—primary necessities in sustaining life. Coal has become such a dramatic part of our nation's welfare that a motion picture has been cast around it, titled, "Power Unlimited."

The wizards of modern chemistry have created more magic from a lump of coal than Aladdin ever dreamed of. Coal dust has been turned into diaphanous gowns. Soot has been transformed into a major ingredient of the most delicate perfume. Drugs, cosmetics, dyes and countless daily necessities now stem the lowly lump of bituminous coal.

No greater testimonial can be offered as to the genius and initiative of American enterprise, than the metamorphosis it has worked in the production and use of coal.

#### SAVE SCHOOL PROPERTY.

(By ROSE MARIE WHITE.)

Editor's Note — This editorial was voted second place winner by the class in journalism at Cisco high school.

Miss White, 16, is the daughter of Mr. and Mrs. C. J. White, 1104 J avenue, Cisco.

As I walked up the steps of the House of Knowledge, better known as Cisco high school, I gazed about in wonder at the beautiful printing on the front steps, signifying that Freshmen, Sophomore, Junior and Senior classes were proud of their classifications. They had spent many useful hours in desecrating the building.

As I walked down the halls, I marveled at the beautiful paintings and writings on the walls. As I entered my class and sat down at the desk, I could read the history of everyone that had sat there in the past years, of

their love and sport life—recorded with pencil or knife.

Do you show your pride for your school in this way?

Why don't you show your pride by seeing how neat you can keep your school building and how neat you can make it? It would be noticed twice as much and appreciated much more. You can only cause harm, not good, by being guilty of such an offense.

**SHERIFF'S SALE.**  
THE STATE OF TEXAS  
COUNTY OF EASTLAND.

By virtue of a certain Order of Sale issued out of the Honorable 91st court of Eastland county, on the 9th day of January, 1945, by Roy Lane, District Clerk of said court, upon a judgment in favor of Cisco Independent School District, together with the City of Cisco, State of Texas, and County of Eastland for the sum of Twenty-Six Hundred Ninety One and 68/100 (\$2,691.68) Dollars and cost of suit, in cause No. 11-835-M in said court, styled Cisco Independent School District versus Mrs. Bernice McCrea, and husband Yancy McCrea, and placed in my hands for service, I John Hart, as Sheriff of Eastland

County, Texas, did on the 9th day of January, 1945, levy on certain real estate situated in Eastland County, described as follows, to-wit:

First tract: The east half of lot No. 7, block No. 47, City of Cisco, Texas.

Second tract: Part of Big Lot 2 in block 97, being a lot 135 feet wide off west side of Big Lot 2, and 300 feet north and south.

Third tract: The east half of lot 3, block 97, City of Cisco, Texas.

Fourth tract: A part of Big Lot 3 in block 0, and described as follows: Beginning at a point in the N. B. line of said Big Lot 3 a distance of 75 feet east of N. W. corner of said lot three; thence at right angle to said N. B. line in a

southerly direction 115 feet to point for corner; thence at right angles in easterly direction 117 feet to point for corner; thence at right angles in northerly direction 115 feet to point for corner; thence at right angles in westerly direction 117 feet to point for corner at place of beginning.

Fifth tract: A part of Big Lot three in block "O" and described as follows, to-wit: Beginning at the S. W. corner of said Big Lot 3; thence at right angles to the S. B. line of said lot in a northerly direction 115 feet to N. W. corner of said lot, or this tract; thence at right angles in easterly direction 53 feet to point for the N. E. corner of this lot; thence at right angles in southerly direction 115 to the S. B. line of said

lot; thence at right angles in a westerly direction 53 feet to place of beginning.

Sixth tract: A part of lot 1 in block 103, described as follows: Beginning at the N. W. corner of said Big Lot One; thence in a southerly direction along the W. B. line of said lot 120 feet to point for the S. W. corner of this lot; thence at right angles in easterly direction 150 feet to point for corner; thence at right angles in a northerly direction 55 feet to point for corner; thence at right angles in an easterly direction 20 feet to point for corner; thence at right angles in northerly direction 65 feet to point for

corner; thence at right angles in a westerly direction along N. B. line of said lot 170 feet to place of beginning.

Amount of taxes: Cisco Independent School District, \$581.82; City of Cisco, \$401.12; State of Texas and County of Eastland, \$1,715.24. Credit Nov. 10, 1944 as instructed, \$150.00, and levied upon as the property of said Mrs. Bernice McCrea, and Yancy McCrea, and on Tuesday, the 6th day of March, 1945, at the Court House door of Eastland County, in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real estate at public vendue, for cash,

to the highest bidder, as the property of said Mrs. Bernice McCrea and husband Yancy McCrea, in virtue of said levy and said Order of Sale.

And in compliance with law give this notice by publication, in English language, once a week, three consecutive weeks immediately preceding said day of sale in the Cisco Daily Press, a newspaper published in Eastland County, Texas.

Witness my hand, this 28th day of January, A. D. 1945.

# "MOTHER!"

We need those Boxes and Cartons ...

Your boy in khaki would personally urge you to get your waste paper into the war. He knows how important paper is in warfare today—it makes or wraps 700,000 different articles for his use.

Blood plasma containers, bomb-rings, plane parts, cartridge boxes—our fighting men must have those things. And they're made of paper!

Save your cardboard boxes, cereal cartons, brown wrapping paper—save all the waste paper in your household ... help relieve the national shortage.

Don't take waste paper for granted—don't burn it—don't discard it—fighting men need it. Your own son may depend on it. Get your waste paper in—now!

## ENDS UP MILES AHEAD

All tire manufacturers have access to the same standard synthetic rubber. But Goodyear chemists and Goodyear production men change it to tread rubber worthy of the name Goodyear... tread rubber so tough, so resistant to checking, cracking or cutting that mileage reports of 38,000 miles or more are not unusual. Yes Sir, Goodyear starts even, but ends up miles ahead... and you'll be miles ahead too when you choose bonus mileage Goodyears for your car.

## WANTED Paper to Wrap Ammunition In!

The implements of war require tons of wrapping paper for shipping abroad to our fighting forces. Shortages of new paper make it the job of every civilian—man, woman and child—to gather up the SCRAP PAPER in home and business for re-use in our war effort.

And then there are many other uses for scrap paper for which our government is pleading over the radio, through the newspapers and every other means of reaching the public. Cooperate by saving all your scrap paper and used fats.
