Savage Made Fer-vent Appeal For Red Cross Funds

Spurred by an appeal to again put Cisco in the front rank of those American communities which discharge their obligations to the humanity of a war-stricken world, more than 50 Cisco men and women went forth from a breakfast in the Laguna hotel this morning to raise \$4,500 for the American Red Cross.

"You are part of one million Americans who are going forth today on this task of mercy," said O. L. Savage, Presbyterian minister in a brief inspirational talk. "You are among the best people in America. You believe in the triumph of good; in going down an avenue of mercy."

"Every time you buy something over the counter and pay money for it, you are buying personality. Some man's personality is wrapped up in that package. Some man contributed to its creation something of himself in order that he might feed his family. Whenever you go out and ask people to contribute to the Red Cross you are asking those people to contribute some of their personal effort toward getting supplies and services upon the beachheads with our boys."

Mrs. George Fee, Cisco campaign chairman, presided and introduced Mr. Savage. She also presented Edward Lee, chairman of the Cisco chapter of the Red Cross, who told the group that their money and the money of other Cisco contributors made it possible for the Red Cross to send packages to prisoners of war and to set up headquarters on invasion beaches almost at the same time that the troops go in.

Invocation was pronounced by Rev. Arthur Johnson, Baptist minister. Doughnuts and coffee were served.

After parting instructions by Mrs. Fee, who expressed her thanks to all who assisted, some thirty teams took lists and went out to put Cisco "over the top."

"Please tell your people to give early and to give generously," said Mrs. Fee. "Eastland county is anxious to be among the first to subscribe its quota."

Those present were O. L. Savage, George W. Downie, Mrs. Carl Pratt, Mrs. W. W. Wallace, Mrs. Roy Fonville, Mrs. James Wadell, Mrs. E. H. Hester, Mrs. Bob Latimer, Mrs. Lew Mendenhall, Mrs. Alex. Spears, Mrs. H. S. Drumwright, Mrs. A. A. Hanson, Mrs. C. C. Watkins, Mrs. Chas. C. Jones, Mrs. Sam Kimmell, Mrs. George Atkins, Mrs. Leon Maner, Mrs. K. H. Pittard, Mrs. R. B. US. Planes Strike Ryukyu Islands; Two Under Control

SAN FRANCISCO, March 1.—American invasion of another major Philippine island and renewal of heavy carrier attacks on the Ryukyu islands southwest of Japan were reported today by Tokyo radio as Marines smashed their way to control over two-thirds of Iwo Jima. A Japanese imperial communiqué said "a great number" of carrier planes began sweeping over the Ryukyu islands at 7:30 a. m. (Tokyo time) and were still at it six hours later despite fierce Japanese interception. The unconfirmed enemy communiqué claimed 31 raiders were shot down.

Lt. Walter King Writes of Life in the Philippines

Mrs. J. G. Stuteville, route four, Cisco, has received a very interesting letter from her son, Lt. Walter S. King, 24, plane pilot and now in the Philippine area. King attended Scranton and Cisco schools and graduated from Cisco high school in 1938. His wife and son reside in San Antonio. Excerpts from the letter:

Dearest Mother and All: Can tell you now that I am in the Philippines. Life is much more pleasant here than in New Guinea, regardless of the increased activity. Most welcome is the great change in climate and food; there is much less rainfall here, too. We receive a cool ocean breeze through the day and two blankets feel good at night; atmosphere less humid and blistering heat waves absent; already our clothes are losing the New Guinea smell and no longer do we worry about them rotting from mildew. Food sources are now the good old U. S. instead of Australia.

Our camp is in the outskirts of a small Filipino town; most of the civilians have returned since our arrival and are rebuilding their city. Many are English speaking and all are definitely pro-American. Unlike the New Guinea natives they are willing to help in any way they can and ask no pay other than food and clothing. The physical condition of their children is mute evidence of the near-starvation ration they were given by the Japs.

When we arrived here, most of the children of ten and twelve years, boys and girls alike, ran around completely in the nude. Last week I traded a mattress cover to a woman for two frying-size chickens; the next day I saw her with her two babies, all three dressed in garments made from the material. Sundays you see them going to church dressed in their best and, typical of their Spanish ancestors, the louder the color, the more to their liking. All with whom I have come in contact are clean, polite and respectful—eager to show they are our allies. There still remains some damning evidence of Jap atrocities among these people.

Our work has been constant since we arrived here. I have flown two missions daily several times and a few at night. I have seen Bataan, Corregidor and Manila. I have more than enough mission points to come home, but can give no idea when that will be, because of the shortage in experienced personnel. I lost my best friend Sunday. We came across together in November of 1943. My love to all. WALTER.

MORE FOOD NEEDED. WASHINGTON, Ga., March 1. Lt. Frank Colley, 29, was home today. Behind him were two years of filth and hunger in a German prison camp. Before him was a good meal and a long rest. Those, he said, were the most important things in the world for the present moment. "I'd like to tell everyone who has relatives or friends who are prisoners to send them food, more food and still more food," he said. WASHINGTON, March 1.—Secretary of War Henry L. Stimson declared today that a statement that 250,000 U. S. soldiers would be discharged monthly after the war in Europe ends was "both unauthorized and without foundation."

Brecheen, Gunner on Fighter Plane Visiting in Cisco

Staff Sgt. James H. Brecheen, son of W. D. Brecheen, accompanied by his wife and two sons, is here for a visit in the home of his father.

Sergeant Brecheen, a gunner with the light bomber air forces, arrived in the United States on February 15 after 14 months overseas, much of the time having been spent in Italy. The former Ciscoan, who now calls Wichita Falls home, completed his tour of missions early in January and came home for rest and reassignment. He will report at Miami Beach, Fla., about March 12.

Sgt. George W. Burnett, son of Mr. and Mrs. G. W. Burnett of Cisco, was a member of Brecheen's air squadron in Italy, and soon after arrival in Cisco he called on the Burnetts and delivered a message from their son.

Lions Ask Methodist Ladies to Please Feed 'Em

Lions met at Cisco high school Wednesday and ate lunch with the home economic department, following with a program in the auditorium. Ted Edlin of the Five-Brothers Indoor Circus made a proposition for a show to be sponsored by the club at a later date, which was referred to the board of directors. Rev. J. B. Holt was the principal speaker.

During the business session the club voted a proposal to women of First Methodist church that they feed the club at noon each week. This proposal was to pay 75 cents per plate with a guarantee by the club of 30 plates each week.

The speaker was introduced by Rev. W. A. Flynn, who said that owing to the shortness of time, he would make the introduction very brief.

Mr. Holt made his preface for his talk by saying that a soldier about to embark for the front was asked to say one sentence that he thought might be the most important thing he could say. This was, "Wake up America, show your faith in that for which you are asking me to die."

He then talked of the brotherhood of man, saying that every man should have the same opportunity as others, regardless of race or color. He went on to show that the negro race had many champions in the athletic and scientific fields of America. No scientist, he asserted, could detect any difference in the plasma of the blood of different races of the world.

Others introduced at the club were Pvt. J. L. Johnson of San Angelo, Mason Pee and Cub J. T. Richardson.

Red Breakthrough Attempt Foiled Germans Report

LONDON, March 1.—Nazi broadcasts today said the Red army has resumed its attack along the Oder river front 30-odd miles east of bomb-battered Berlin after a long lull.

A Soviet attempt to breakthrough the German defenses north of Frankfurt-on-Oder, 33 miles east of Berlin, failed and enemy reconnaissance northwest of Kuestrien, 38 miles east, was beaten back, Col. von Hammer said in a German DNB commentary.

PRESIDENT TOLD CONGRESS AND NATION GOOD START HAS BEEN MADE TOWARD LASTING PEACE

WASHINGTON, March 1.—President Roosevelt told congress today that America will have to take the responsibility for world collaboration "or we shall have to bear the responsibility for another world conflict."

Mr. Roosevelt said he returns home from his long journeys "with a firm belief that we have made a good start on the road to a world peace."

Sitting in the well of the house chamber at a joint session of the two branches of congress the President said in a personal report on the Crimea conferences that the Allies will not desist for one moment "until unconditional surrender" is won.

"The German people, as well as the German soldiers," he asserted "must realize that the sooner they give up and surrender, by groups or as individuals, the sooner their present agony will be over. They must realize that with only complete surrender can they begin to establish themselves as people whom the world might accept as decent neighbors."

Unconditional surrender of Japan is as essential as the defeat of Germany "if our plans for world peace are to succeed," he declared, adding that Japanese militarism must be wiped out as thoroughly as German militarism.

Mr. Roosevelt went before congress with his personal report on the historic conferences with Marshal Stalin and Prime Minister Churchill at Yalta just a little more than 24 hours after his return to the White House.

The chief executive described the Big Three meeting at Yalta as a successful effort to find a common ground for peace.

"It spells the end of the system of unilateral action and exclusive alliances and spheres of influence and balances of power and all the other expedients which have been tried for centuries—and have failed," he said.

"We propose to substitute for all of these a universal organization in which all peace-loving nations will finally have a chance to join."

"I am confident that the congress and the American people will accept the results of this conference as the beginnings of a permanent structure of peace upon which we can begin to build, under God that better world in which our children and grandchildren—yours and mine, the children and grandchildren of the whole world—must live."

The President, whose speech was broadcast, reminded the senators sitting before him that they will soon have an opportunity to make a great decision "which will determine the fate of the United States—and of the world—for generations to come."

He referred to the projected world security organization, American participation in which will be passed on by the senate some time in the future.

He expressed hope that congress would decide his journey was "a fruitful one."

"For unless you here in the halls of the American congress, with the support of the American people, concur in the decisions reached at Yalta and give them your active support," he said, "the meeting will not have produced lasting results."

AGED NEGRO KILLED.

FT. WORTH, March 1.—An 89-year-old Negro was fatally injured at 8:33 p. m. last night when struck by a hit-and-run driver in the 2200 block of E. Fourth. His death brought to 10 the number of traffic fatalities in Tarrant county this year compared to 12 at this time last year.

City of Cologne Now Under Siege By US. Soldiers

PARIS, March 1.—Strong First Army forces are pouring through beachhead defenses within five miles of Cologne, placing the great Rhine land metropolis under siege.

To the north, the Americans of the Ninth army burst closer to the Rhine banks and increased the peril to the fabulously rich Rhur in gains still masked by security silence.

The German report said the Ninth was at Grevenbroich, 11 1/4 miles southwest of Dusseldorf, and on both sides of Rheydt, a city of 80,000 which adjoins Muenchen Gladbach 15 miles west of Dusseldorf. Both are five miles beyond last reported Ninth army positions.

The enemy said officially that breakthrough attempts on both sides of Rheydt and Grevenbroich, a main Erfurt river crossing, were foiled by Germans fighting "on a coherent line running from west of Duellen (five miles southwest of Muenchen Gladbach) to the Erfurt and reaching the Roer south of Dueren."

Patton's Third army, astride the Moselle valley, crashed well past the outer defense of Trier, reaching the vicinity of Irsch, 2 1/2 miles from that oldest of all German cities.

Trier, one of the stoutest fortress cities in western Germany, was immediately threatened with encirclement.

Canadians and Britons fought strongly with armor to break the enemy's last ditch stand in three places of the Hochwald gap between Weeze and Kervenheim, within 22 miles of the great Rhine port of Duisburg.

The Canadian and American Ninth armies were within 25 miles or so of a junction which might trap thousands of Nazis west of the Rhine.

Allied warplanes were keeping a vigilant "watch on the Rhine" for signs of a mass retreat eastward and shot up clusters of river barges and tugs at one point.

Little Genuine Quickening of Spiritual Life

DALLAS, March 1.—While many churches today are paying off debts and accumulating money for postwar building, there seems to be little genuine quickening of spiritual life, Dr. B. R. Lacy, Presbyterian evangelist, said here yesterday.

"Every thinking person knows that our ultimate world salvation is deeper than winning the war or even the formation of a peace treaty," he said. "A return of our people to religion, morality and genuine personal sacrifice is the essential goal."

"I have noticed in camps at home, with a few exceptions, there is slight evidence of a genuine revival of religion," he said. "However, reports from many chaplains serving overseas, or with units preparing for overseas duty indicate there is a definite turning to God."

"It is my fear these reconsecrated servicemen will return to churches which are spiritually far behind them, unless we have an awakening of religion on the home front."

JOHN BULL.

There are still many Americans who dislike the British. It is a prejudice which seems to be based partly on the fact that we once fought a war against them—or even a war and a half, if the unpleasantness of 1812 is counted. But since that time we seem to have got along "not too badly," as an Englishman or Canadian would say. A peace that has lasted for nearly a century and a half, along with a great deal of friendly cooperation from time to time, is something to remember in a shaky world.

Most of our people, largely from historical precedent, are still somewhat inclined to a "show-me" attitude wherever John Bull is concerned. But discerning Americans have learned that in time of trouble, especially in distant parts of the world, John is generally ready and eager to lend a helping hand. Such practice is reciprocal. Both sides have learned by experience that

we're more like each other, not only in our language and traditions but in our general attitude toward the world, than we are like any other nation.

These simple but somewhat forgotten facts come to mind rather reassuringly, with Winston Churchill's renewed guarantee to Mr. Roosevelt that just as soon as our two nations have licked the Germans, his government will turn around and "throw everything it has at the Japs" to help us clear the world of that pest. There need be no doubt that this pledge will be kept, as a matter of honor and mutual benefit.

April, 1925

(Files of Cisco Daily News)

Tuesday night's meeting of the Cisco school board was what might be termed a water haul. That is to say, there was a meeting, but nothing was done except

to indulge in talk. In the meantime, the trustees elected last Saturday—J. T. Berry, William Reagan, Dr. Charles C. Jones and Dr. Emmett L. Graham—are still "outside looking in," because the vote of Saturday was not canvassed, owing to the fact that three of the retiring trustees—Joe Gentry, A. H. Hall and E. J. Barnes—did not attend the regular meeting of Tuesday night. Trustees D. S. Rumph, F. E. Clark, J. S. Stockard and W. H. Morse were on hand, but President Rumph took the position that at a previous meeting the board had declared Mr. Morse's place vacant, on the ground that he was now a resident of Dallas, hence there was no quorum. Mr. Morse objected to this and insisted he was still a member of the board, but President Rumph said he was compelled to be governed by the minutes of the board, which showed that Morse's position had been made vacant and then filled by the election of J. D. Barker. During this discussion it was brought out that although elected by the old board, Mr. Barker has never qualified for the office by taking the oath. At this juncture Trustee Stockard and Supt. J. J. Godbey started out to find the missing trustees and try and prevail on them to attend the meeting and make a quorum. Joe Gentry was found at home, but Messrs. Barnes and Hall were absent when Stockard and Godbey called. Mr. Gentry was getting ready to retire and when the situation was explained to him he said he regretted it but believed he would remain at home. Messrs. Stockard and Godbey then returned to the office of the school board, where the newly elected trustees, together with Dr. Clark, W. H. Morse and President Rumph were waiting. Mr. Stockard reported the failure of the trip and stated he was certain the whole matter was a "put up job to prevent a meeting," and expressed strong displeasure at such conduct. President Rumph disclaimed all knowledge of a pre-arranged plan, said he was there to do his duty and that he did not like Mr. Stockard's attitude. President Rumph then instructed Secretary Vaughan to call a meeting for Wednesday night and the gathering was at an end.

Directors meeting of Cisco chamber of commerce Tuesday night was largely given over to discussion of the county road situation, which was gone into at length. The result was the instruction of the highway committee to call a meeting of representative citizens of various towns in Eastland county to meet next Monday night at Cisco chamber of commerce. Wm. Reagan presented his resignation as a director of the chamber of commerce, which was accepted, and the following were elected for presentation to the city commission from which his successor will be elected by that body: A. D. Anderson, Oscar Cliett and John C. Fanning. A. B. O'Flaherty reported that he had called a meeting for Saturday night of all traveling men living in Cisco, to meet at the chamber of commerce with a view of perfecting a traveling men's organization. It was urged that as many Cisco people as possible attend the district meeting of West Texas

chamber of commerce at Strawn. The poultry situation was discussed and President Lee advised that Baird was now interested in poultry raising, and had requested the assistance of Cisco chamber of commerce in perfecting organization of a poultry association at Baird. Directors present included Phil Keelan, Alex. Spears, Henry Drumwright, Charles Gray, Forrest Wright, Frank Harrell, Charles Hale, B. S. Huey, Guy Dabney, R. Q. Lee and A. B. O'Flaherty. Visitors present were J. J. Godbey and J. M. Williamson. Secretary G. C. Richardson and Field Secretary Emmett Whitehead were also present.

Texas Independence Day

MARCH 2

Just one hundred and nine years ago, a little group of stout hearted men, assembled at a little town called Washington, were brazen enough to defy General Santa Ana of Mexico, and his mighty army then marching through this land we call Texas, and declared their independence, and in less than two months time were able to make good that declaration and become the Lone Star republic of Texas.

Gen. Sam Houston was the military leader of the rough group that was called an army. What they lacked in many other ways, they more than made up in determination to win for themselves and their friends that which all men were wanting --- liberty to live without fear of interference from others, and the right to live in peace and happiness.

But those men did not know that once that liberty and peace was won it would not remain won, but that men must fight for that right again and again. Despots would continue to rise and fight for power as long as human desires remain in man.

Today we are living that period again --- we are striking the enemy on his own grounds to strike before he has become powerful enough to invade our shores --- to help those across the seas enjoy a measure, at least, of what our ancestors fought for so valiantly in 1836.

The struggle against tyranny is eternal. There can be no rest.

Without Painful Backache
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eye, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
