VOLUME XXV.

CISCO, TEXAS, SUNDAY, MARCH 4, 1945.

NUMBER 117

## U.S. BAGGED 55 JAP VESSELS

### Wm. P. Dingle, a Former Eastland Countian, is Dead

Col. William P. Dingle, well known in Cisco and Eastland county, died at his home in Mission, Tex., March 2, and will be buried at Fort Sam Houston, San Antonio, Monday. He was a brother of Mrs. W. H. Craddock of Cisco and was reared one mile west of Scranton, this county. He was born April 15, 1884, at Huntsville, Ark., and came to Texas with his parents as a small boy.

Colonel Dingle, physician and surgeon, served 26 years in the U. S. army, retiring about two years ago following a stroke, when he located at Mission. He was a graduate of a Fort Worth medical college, now extinct, and also a graduate of Chicago Medical university. He was a capable physician and a most excellent gentleman.

Besides Mrs. Craddock, deceased, is survived by Mrs. Katherine Bacon of New Bedford, Mass., a daughter.

### C. F. Dendy Seriously Wounded on German Front

Word has been received in Cisco that C. F. Dendy, formerly manager of Burton-Lingo Lumber Co., here, has been seriously wounded on the German front and is now in hospital. No other details were received, but the war department wire said further information would follow.

The wire was received by Mr. Dendy's wife, who is living with her parents at Fredeonia, Texas.

Dendy was with the First cavalry in Germany and has been overseas since July. He joined the service about a year ago.

### Six Eastland County Towns Are Over Top

Mrs. Joseph M. Perkins, of Eastland, chairman of the Red Cross county chapter, telephoned the Daily Press Saturday afternoon that six communities have already exceeded their Red Cross quotas—Rising Star, Desdemona, Carbon, Olden, Staff and Union.

Of the three largest towns in the county, Ranger is leading with paid-in cash of over \$2,000, Cisco is second with \$1,947.41 and Eastland third with \$1,775.

The county quota is \$18,300, with Ranger, Eastland and Cisco each having quotas of \$4,300.

### BUTTER TO BE SCARCE

DALLAS, March 3.—The Southwest is faced today with a new and serious butter shortage, according to the War Food Administration. Creameries have been ordered to set aside 25 per cent of all March production for government purchases, WFA announced. Stored supplies are expected to be depleted by April 1. Operational difficulties have cut production at most creameries by 30 per cent, it is reported.

### LONDONERS STRIKE

LONDON, March 3.—An unofficial strike involving 7000 to 8,000 stevedores all but paralyzed cargo handling on the London docks today. The walkout was called in protest against an order requiring the workers to "sign in" for work inside the docks instead of outside, a distance of about 75 yards. (Sidney Hillman U. S. CIO chief, is probably still in London.)

### 22 MILLION FT. GASSER NEAR CISCO

W. J. Donovan No. 1, located a few miles north of Lake Cisco, blew in Saturday morning for a giant gasser, the gauge at noon registering 22,600,000 feet of gas and entirely minus of oil.

The gasser came in with a great roar and such force that all tools were blown from the hole, but the master gate quickly had it under control.

Depth of well, 3,870 feet in what is known as the Ranger sand. It is about five-eighths of a mile west of proven territory.

The well is the property of Homer Snowden of Dallas, together with a number of Cisco parties, and located on a 640-acre tract leased from W. J. Donovan of Cisco. Drilling contractors are Preston & Kent.

### Great Play Opens at Palace Theater on Tuesday

Heralded as the most important event in 50 years of motion picture history, Darryl Zanuck's technicolor production of "Wilson" is scheduled to open Tuesday at the Palace theater.

More than 2½ years in the making, the film—the greatest project ever undertaken by 20th Century-Fox—has shattered all previous Hollywood production records.

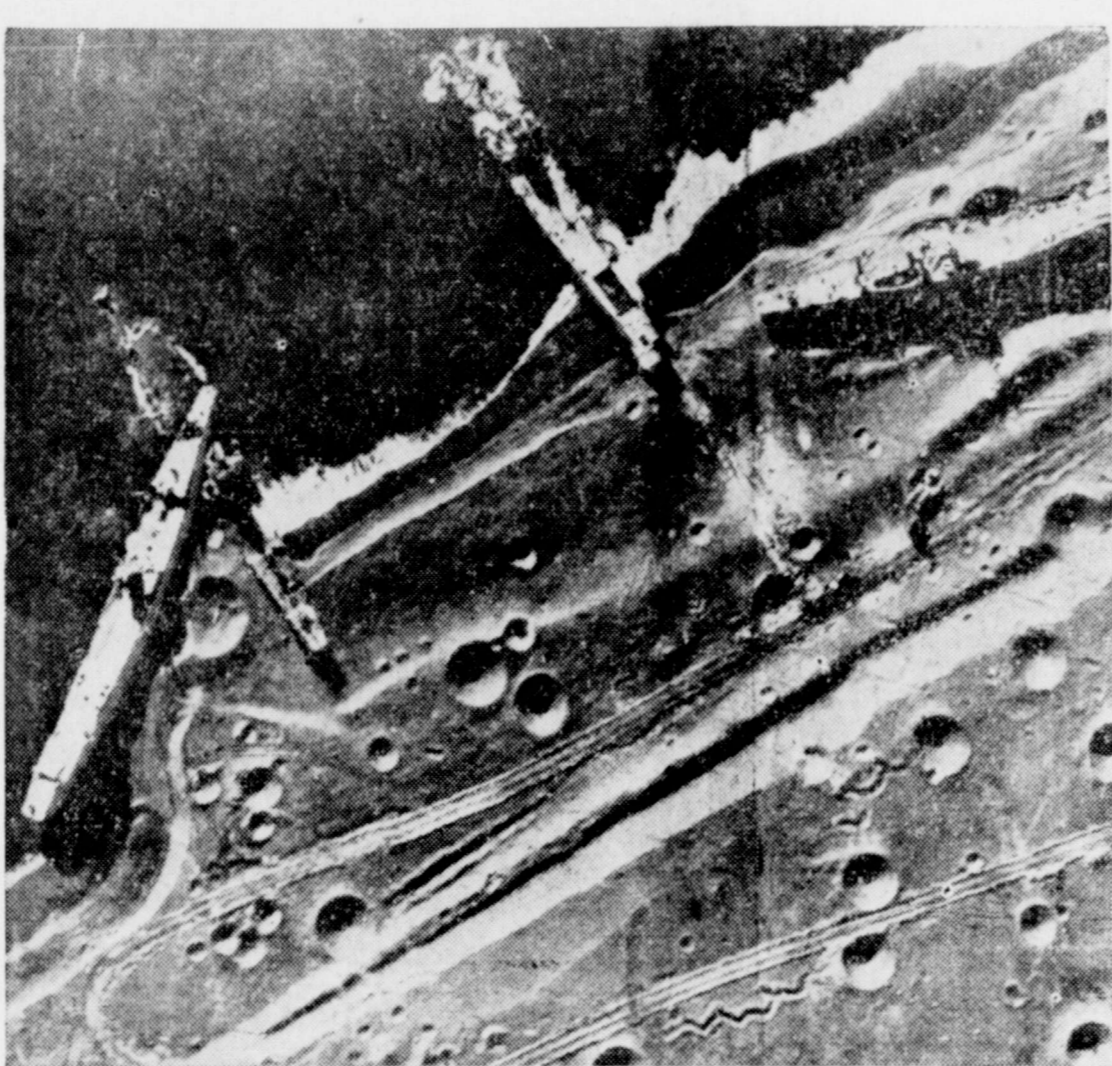

Heading the largest cast ever assembled for a single motion picture (12,000 players) are: Alexander Knox as Woodrow Wilson; Charles Coburn as the president's intimate friend "Professor Holmes"; Geraldine Fitzgerald as Edith Bolling Galt; Thomas Mitchell as Joseph Tumulty, Wilson's secretary; Ruth Nelson as the first Mrs. Wilson; Sir Cedric Hardwicke as Senator Henry Cabot Lodge; Vincent Price as William Gibbs McAdoo; William Eythe as George Felton; and Mary Anderson as Eleanor Wilson.

The deeply moving story begins in 1909, with Woodrow Wilson an inconspicuous university president. It ends twelve years later, on the day he leaves office as president of the United States. In between, it moves through the dramatic kaleidoscope of events ranging in locale from a football field at Princeton, through the white house, and to the celebrated Hall of Mirrors at Versailles.

In its musical setting, composed by academy award-winner Alfred Newman, "Wilson" presents a cavalcade of musical Americana with 87 of this country's best-loved songs heard throughout.

### TWO MILLION CONTRACT

WASHINGTON, March 3.—Texas congressmen have been informed that a \$2,025,221 contract for additional facilities at the army air training center at Randolph Field, San Antonio, was let to M. B. Killian & Co. and E. B. Darby & Co., San Antonio. No details were available.

BEACHED BY AMERICAN BOMBS—Four Japanese landing vessels beached by American bombs lie stranded in sand on Iwo Jima. Anti-tank ditch dug by Japs can be seen in center of the bomb-pocked area. Jap trenches and rifle pits are also showing in photo taken before Yanks invaded island. After bloodiest fighting of Pacific war. U. S. Marines captured Mt. Suribachi. (U. S. Photo)

MEETING OF THE TWAIN—In Grinvet, Belgium, west of Houffalize, patrols of the U. S. First and Third Armies join. Two Yank armies were opposed only by frigid weather as they traveled toward meeting place. (Photo by Harold Siegman, Acme photographer for the War Picture Pool.)

### Texas Oil Man Gives \$2,000,000 To 2 Hospitals

HOUSTON, March 3.—Mr. and Mrs. H. R. Cullen, wealthy Houston philanthropists, made a gift of \$2,000,000 to two local hospitals today.

Cullen, one of the nation's leading independent oil men, announced that he and his wife had given \$1,000,000 each to the Memorial Hospital and the Hermann Hospital, both located in Houston.

Officials of the two hospitals said the money would be used to expand patient facilities and to provide other needed buildings. Memorial Hospital will use its gift for the construction of a nursing school and nursing home.

Mr. Cullen, Texas oil man, grinning broadly, shrugged off the largeness of the gift and said: "It's just as easy to give away \$2,000,000 as two bits."

### 34 NEGRO SOLDIERS HELD

SHREVEPORT, March 3.—The Barksdale public relations office reveals that military police arrested 34 Negro soldiers after a disturbance aboard a passenger train 18 miles south of here.

### Looks Like Nobody Be Left at Home But Wimmen Folks

DALLAS, March 3.—The responsibility of keeping transportation moving in the southwest was dropped into the laps of women today by the Office of Defense Transportation.

E. P. McCallum, Jr., regional highway director of ODT, said new draft regulations are likely to transfer up to 70 per cent of draft-deferred men under 30 years of age into the armed services from their jobs as bus, taxicab and highway truck and bus operators.

It is likely, he said, that women will receive extended appeals to enter the transportation industry "which already is too low on manpower."

### PILOT WAS LUCKY

DALLAS, March 3.—During a heavy rainstorm here, a P-38 fighter plane crashed between two residences, setting a garage and trees afire. The pilot of the plane, C. C. Madison, Lockheed test pilot, parachuted to safety.

### Uncle Sam Wants Clerks, Stenographers, Typists

A chance to help operate the nerve center of the nation is offered to clerks, typists and stenographers, says Mrs. Ruby S. Mann, recruiting representative, who explained that army service drive to secure sorely needed clerical assistants for the ASF in Washington.

Mrs. Mann requests that women interested in aiding the war effort see her at Cisco postoffice between 2 and 5 p. m., Tuesday, March 6, where she will be available for information concerning wages, free transportation and pre-arranged housing.

"Special arrangements can be made for persons appointed now to delay reporting for duty until after Christmas," Mrs. Mann stated.

### DEADLY MOTORCYCLE

FT. WORTH, March 3.—Tarrant county counted its 11th traffic fatality for the year today as funeral arrangements were being made for Marion Jesse Ford, 14-year-old victim of a motor-cycle-truck collision yesterday.

### NIMITZ MAY TAKE OVER IN PACIFIC

WASHINGTON, March 3.—As of today, outlook is good for senate ratification of a United Nations treaty. Wheeler (Democrat, Montana) and other last-ditchers will fight it but senators were impressed with Roosevelt's report, with the manner in which he entrusted responsibility for peace to them. He might have lost the peace Thursday afternoon; betting here now is that he won his fight for ratification, barring unforeseen developments and assuming final treaty follows general outline of Dumbarton Oaks as modified at Yalta.

Tip-off on future command in the Pacific was contained in Roosevelt report. He spoke of General MacArthur having "completed" his march to Manila, and in the same sentence spoke of Admiral Nimitz's new air bases for future attacks on Japan.

Economists say most important disclosure to come from Yalta conference is plan to exact reparations from Germany in plants, machinery, rolling stock, raw materials. It means reorganization of European heavy industry, correction of past unbalanced situation which made Germany more capable of arming, waging war than any combination of her neighbors. Talk here is that control of German, Japanese export policies will be considered also when final peace terms are written. Idea is to keep these countries from undercutting others in world markets with their cheap labor, managed currencies, government export subsidies—which could bring on another world depression, if continued.

Who'll be loan administrator? It's anybody's guess. Fred M. Vinson continues to be mentioned here but that depends on whether James Byrnes can be persuaded to stay on in OWM after Germany is defeated. If he can't, Vinson will be needed there. Donald Nelson is a possibility. At least one senator is backing Charles Sawyer of Ohio, now ambassador to Belgium.

Take a new look at your ladder... Food supply is getting tighter in some important categories. You (the average American) had 147 pounds of meat last year but they're talking now about 126 pounds per capita for 1945—and try to find it in some areas! Hog and chicken production is down, beef up some, but not enough to offset pork declines and heavier army buying. Bigger butter production season is ahead, but surplus will be put aside for the military and you won't get any more. Fats and oils will be tighter, too.

### ESCAPE ROUTE CUT

LONDON, March 3.—Berlin said today that the Red Army was fighting across the last four miles to the Baltic in a drive that already has cut the last escape routes for 200,000 German troops in northeast Pomerania and Danzig. Marshal Rokossovsky's Second White Russian Army in Pomerania cut the Danzig-Stettin railway and super-highway at Zanow, four miles south of the Baltic, and struck on toward the sea, Nazi broadcasts said.

### MITSCHER'S PLANES BOMBED RYUKYU ISLES IN 275-MILE ARC, 200 MILES FROM JAPAN

GUAM, March 3.—Vice Admiral Marc Mitscher's wide-sweeping carrier task force bombed and strafed the Ryukyu Islands in a 275-mile arc within 200 miles of the southern tip of the Japanese homeland, destroying or damaging 55 ships and small craft and 91 aircraft, Adm. Chester W. Nimitz announced Saturday.

It was the third strike by the fast American carrier task force in Japan's Mare Nostrum in less than three weeks.

The latest strike was made against six islands, ranging from Amami to Shima, 20 miles south of the Japanese naval base of Kagoshima to Kume Shima, 275 miles farther south.

Within the 275-mile arc of the carrier planes' attack they hit Minami, Tokunojima, Okinoyabujima and the main island of Okinawa Jima.

In addition to damage wrought to military, naval and air installations, Nimitz listed the following damage:

Four aircraft shot from the air, 37 aircraft definitely destroyed on the ground and about 50 others destroyed or damaged. Shipping sunk included one destroyer, one motor torpedo boat, six small cargo vessels, two medium cargo craft, an ocean going tug and two luggers.

Probably sunk were one medium cargo vessel, six small coastal cargo craft and six luggers. Listed as damaged were four destroyer escort or patrol craft, one medium transport, four medium cargo vessels, nine small coastal cargo craft, one small freighter and 40 luggers.

Battleships, cruisers and destroyer accompanying Mitscher's carrier bombed the island of Okinawa Daito Jima Thursday night starting large fires. Carrier planes wreaked havoc among ground installations, destroying or damaging airfield installations.

The total American losses were only five pilots, three air crewmen and 13 aircraft. Despite the task force's close proximity to the Japanese homeland, our planes encountered no air opposition.

### Draft Boards To Keep Hands Off of Real Farmers

WASHINGTON, March 3.—The senate voted today to assure draft deferment for every essential and irreplaceable farm worker. At the same time, it discarded proposed penalties for 4-F registrants who quit farm jobs.

The deferment guarantee, embodied in an amendment by Sen. Millard Tydings, which was added to the manpower legislation now under debate. Tydings was author of the original farm deferment amendment to the selective service act which has been ignored by some boards.

Under his new amendment, local draft boards will be forbidden to weigh the Armed Forces' personnel needs in considering a farm deferment case. The only cause of eligibility for deferment will be whether registrant is necessary to and regularly engaged in essential farm work and can not be replaced.

### CHAMP COW SOLD

CHICAGO, March 3.—Zara, grand champion cow of the National Aberdeen-Angus Cattle Show, had been sold today to Mr. and Mrs. Fowler McCormick, Barrington, Ill., for \$8,000.

### Nazis Trek Deeper Into Germany As Fast as Possible

PARIS, March 3.—German troops fled eastward across the Rhine through a five-mile gap between the American 9th and Canadian 1st armies today. Front reports said the Nazis were believed gathering their remaining Rhineland forces for a Stalingrad stand in the ruins of Cologne.

An 11-mile stretch of the Rhine's west bank between Krefeld and Neuss was being cleared rapidly of German resistance, and hundreds of American 9th army guns were pouring salvo after salvo across the river into the tightly packed Ruhr Valley factories.

There was no confirmation of rumors that American patrols already have crossed the Rhine in the Neuss area.

### 291 Water Projects Assured Huge Sum Money

WASHINGTON, March 3.—President Roosevelt has signed a bill authorizing post-war construction of 291 river and harbor improvements at a cost of \$381,968,332.

Included in the Trinity creek project is \$15,000,000 for construction of Benbrook, Little Elm, and Grapevine reservoirs, with modification of Garza Dam, improvements of levees and floodways at Fort Worth and Dallas, channel improvements and turning basin from Houston ship channel to Liberty.

### Foxworth Bought Red Front Drug Store Building

The Red Front drug store building, which was erected in 1887—about 58 years ago—has been purchased by W. J. Foxworth and will probably be modernized by the new owner at an early date, unless sold to some one desiring to remodel according to his own ideas.

The building was recently gutted by fire and was purchased by Foxworth from A. Clett of Corsicana. Wightman Moore, occupant at time of fire, has made no decision yet as to re-entering business.

Howard D'Spain, Cisco pioneer and now and for many years pharmacist and bookkeeper for Tom Dean of Dean Drug, recalls that J. J. Martin, Cisco's first druggist, moved into the building when it was erected and adopted the name of Red Front, with O. T. Maxwell as partner. Martin later retired from the firm and opened another drug store here, and Maxwell after a time sold the business to R. A. St. John. St. John, in turn, sold to W. W. Moore and Dr. W. P. Lee.

Other owners through the years were Tom Maxwell (son of O. T. Maxwell) and Paul Butler. Upon the death of Mr. Butler, W. W. Moore and Carl Lowery purchased the business. Wightman Moore took over the stock and fixtures following the death of W. W. Moore, his father.

#### GERMAN UNDERSTANDING.

There is too much grandstand talk of hard peace and soft peace, as if hardness or softness were in themselves desirable. A peace is needed whose terms will in time lead the Germans to understand that peace is better than war, that energy put into building up their own country is better for Germans than energy put into making war on neighbors. Until Germans themselves learn that basic fact, softness will merely make them think of the rest of the world as suckers, hardness will merely drive them into underground planning for future war.

It is important to keep the objective in sight at all times. In this case it is not revenge, but the changing of a point of view. It is to get Germans to understand that international decency pays. Future security for the

world depends largely on getting all nations to believe this—not merely a few.

Much sternness will be necessary. One thing Germans must learn is that as they sow, so must they reap. But this sternness must be recognized as a means, not as an end. It is part of a necessary educational process.

Germans under Hitler learned to be fanatic. Germans under an international organization must learn to be sane, and to take a sane part in world affairs. None of the process will be easy, either for Germany or for her victors. But no matter how hard, confusing, discouraging the task may be, it must be accomplished.

#### GETTING A DRINK.

The best way to deal with the saloon problem, with its midnight closing, is to be honest about it. The honesty should be on both sides—in front of the bar as well as behind it, and with no traffic in the back alley.

What are the American people fighting this war for, anyway? For drinks around the clock, or for human freedom and world decency?

As matters stand, we're not really dealing now with the liquor problem in any fundamental way. Our government merely seems to be using a little war-time authority to help people on the whole get a little more sleep and a little less booze.

As regards the men working at unusual hours, maybe there should be some special arrangement made about the times when those who want it can get their drinks. There should be order and fairness about everything. But to most people the problem isn't very important just now.

#### MORE ABOUT THE SAME THING

The abstract, contrary to a rather general opinion, does not cure the title, but rather reveals its condition, good or bad. Three things are strived for in the abstract. (1) To locate the property by field notes and plats. (2) To discover the true ownership as the records may reveal it. (3) To detect the liens and encumbrances, if any. The abstract serves many other useful purposes, but these three are most important.

Earl Bender & Company, Inc. ABSTRACTERS

Eastland 1923-1945 Texas.

Your RED CROSS is at his side when he needs it the most.

Your loved one struck down in battle—may return to you at war's end because Red Cross was at his side to save him from dying. That's reason enough for you to see the wisdom of giving to the 1945 war fund.

There will be no need of further argument, and your contribution will be turned in gladly when the member of the local drive committee stops at your home to save you the trouble of taking it down town to Red Cross headquarters.

If you have not been contacted just take or send it in and you will have the satisfaction of knowing you have contributed to a worthy cause.

### COUNSELLOR HOSTESS TO YOUTHFUL GROUP.

Grammar and high school members of Junior Music Lover's club held the regular monthly meeting Thursday afternoon with Mrs. Ben Krauskopf, teacher and counselor, as hostess.

The meeting opened in regular form with roll call and the national junior music pledge was repeated in unison.

Officers for the new term were elected, as follows: Betty Wilcox, president; Lovell Paul, vice president; Helen Edwards, secretary. Plans were made for a tag day to assist the Senior Cisco Music Study club in raising funds to buy musical equipment for soldiers, the idea being sponsored by the National Federation of Music Clubs.

The following musical program was given and a short discussion was made by the club counselor on the composer of each number: Piano solos, Chopin's "Prelude in A Major," by Betty Turknett; "In Remembrance" by Risher and played by Lovell Paul; "March of the Dwarfs," Greig, played by Betty Wilcox; "Trees," sung by Helen Edwards; captain Brown, Severn, a violin duet was played by Pearla and Pearlene Farley.

Members present: Betty Wilcox, Helen Edwards, Lovell Paul, Angeleene Pence, Mary Harris, Pearla and Pearlene Farley, Betty Turknett, Sarah Gallagher (visitor) and Mrs. Krauskopf.

Moore entertained Friday night with a shower at the recreation hall in Humbletown. In deference to the honoree's chosen colors, a pink and blue color scheme was emphasized in decorations and appointments.

Guests were met by Mrs. W. C. Hogue and Mrs. I. J. Henson and were presented to Mrs. E. H. Muller, mother of the honoree, and Mrs. Kissinger. They were then directed to the table where Miss Annetta Loy Parish of Abilene presided at the bride's guest book. Following registration Mrs. Moore piloted them to the refreshment table at which Mrs. Cousins and Mrs. Brunkenhoefer presided. The table was covered with white linen cloth and centered with a pretty arrangement of spring flowers. The centerpiece was flanked by tall pink candles in crystal holders. Punch was ladeled by Mrs. Clarence Parish of Abilene, aunt of Mrs. Kissinger. Refreshment plates of cookies and mints were served.

The assembly was seated after the serving and the lovely gifts were tendered the honoree. The gifts were opened and passed for all present to see. Approximately 50 guests attended the splendid affair.

### CHECKS PLUS

—Photo courtesy New York Dress Institute

SOME costumes are new for this or that, but the little woolen suit pictured above illustrates several of the new season's biggest trends.

Style point number one is that it is designed in checks which New York designers are showing in black and white, brown and white, and in navy, red and white.

Style point number two is the cape, short and shaped and doing its part in whittling the waistline. Many three-piece suits are made up of a blouse topped by a cape instead of a jacket, the cape flaring youthfully over a slim skirt.

Style point number three is the front buttoning of the dress to extend beyond the waistline, and the little trouser pleats on each side of the skirt.

Style point number four is the chateau belt, a sleek leather cord with coin-chained decorations.
