## School Children Put Pep Into the Scrap Paper Drive

Rev. W. A. Flynn of the Lions club announces that in the PTA-sponsored scrap paper drive on Friday the local schools collected more paper in one Friday than the Lions had been able to assemble in a month.

West Ward school children were far ahead of the other local school groups in the amount of paper collected, hence under the plan agreed upon half of the money received from all the paper collected throughout the city went to that school, the other half being retained by Parent-Teacher association.

With this fine beginning, PTA hopes to make the month of April a record period for the collection of scrap paper and urges all school children and their parents to join in the movement with still greater enthusiasm.

Mrs. J. J. Porter, PTA president, reminds that all bundles of paper should be firmly tied; if not tied, much additional labor is placed on the mothers who assist at the various schools on Fridays. Paper should not be placed in boxes, and papers, magazines and cardboard should be tied separately since a different price is paid for each. If, however, you do not have the necessary string, Mrs. Porter added, bring the scrap, any how.

All citizens wishing to aid in the drive, whether they have children in school or not, may take or send their scrap paper by school children to grammar school, east ward or west ward buildings each Friday of this month. High school students have elected not to take part in the contest, but are assisting other schools.

## Corp. Carl Moore Joins B-26 Group in European Area

A 1ST TACTICAL AIR FORCE B-26 MARAUDER BASE, France: Corporal Carl R. Moore, of Cisco, Texas, is a new arrival in the European theater of operations and has been assigned as a radio-gunner in the oldest medium bomber group in the AAF—the group which supplied 79 of the 80 men who took part in the famous first Tokyo attack.

His B-26 group has participated in the Tunisian and Italian campaigns and took part in joint air ground operations at Anzio and southern France prior to the August 15th invasion by Allied Forces. The group has received the Distinguished Unit Citation and has been awarded the Croix De Guerre with Palm by General De Gaulle, chief of the French armies, and president of the provisional government of the French Republic.

## Sgt. Ben Murphy Gets Bronze Star Medal For Merit

WITH THE FIRST CAVALRY DIVISION ON LUZON—First Sgt. Benjamin V. Murphy of Cisco, Texas, has been awarded the Bronze Star medal for meritorious achievement in connection with enemy during the Admiralty Islands campaign in early 1944.

The award was made by the commanding general of the First Cavalry division, Brigadier General Hugh Hoffman. Murphy's mother, Mrs. Bessie Jenkins, is a resident of Cisco, Texas.

## R. W. McCauley of Navy Promoted: Was at Iwo Jima

Raymond W. McCauley, 35, Cisco resident for seven years and manager of the Goodyear Store here when he entered the navy, writes his wife that he has been promoted from fireman of the first class to electrician's mate, third class. Mr. McCauley is a member of the amphibious forces and is attached to the USS, Fremont. An interesting statement in his letter was that the Fremont assisted in landing our fighting men at Iwo Jima, in which the Cisco-an participated.

This brings the total number of Cisco men now known to have been at Iwo Jima to nine—Raymond W. McCauley, J. C. Fletcher, Lt. Bennie Williams, Curtis Johnson, Pfc. W. A. Page, Pfc. Lavon Huddleston, Lt. James Qualls, Pharmacist Mate Norris Eugene Swartz and Pfc. James Pollard. So far as known, none of the nine received wounds.

When called to the colors Mr. McCauley was president of Cisco Lion club and was popular with all who knew him. They have three children and Mrs. McCauley is a teacher in Cisco grammar school.

## Mother of Ira D. Strawn Presented With Silver Star

A formal retreat and honor presentation was held at Camp Berkeley, Saturday afternoon at which the presentation of a Silver Star award was made to Mrs. Ira D. Strawn of Cisco for gallantry in action of her son, Staff Sgt. George N. Strawn, now missing.

At a full formal military ceremony the presentation was made by Col. Robt. F. Gleim, camp commander, before a large gathering of friends and relatives of the Strawn family and officers and men of Camp Berkeley. The father, Ira D. Strawn came from Houston, where he is working in a shipbuilding yard so that he could be present with Mrs. Strawn. Staff Sgt. Strawn, a soldier with the 1st cavalry division was awarded the Silver Star, one of the country's highest awards, for gallantry in action in the South Pacific on March 13, 1944.

The citation reads as follows: "For gallantry in action on 13 March 1944. Leading a reconnaissance patrol into a densely wooded and hilly area, Staff Sgt. Strawn audaciously exposed himself in an area open to enemy observation in order to draw enemy fire and disclose the enemy positions. Succeeding in this effort, he boldly and aggressively moved forward and firing his sub-machine gun into an enemy machine gun nest, made a further effort to gain information of the enemy required by his commanders. Although shot down by the enemy machine gun in its next burst, he had achieved his objective and his patrol was able to withdraw and deliver the required information to the command post. Strawn was himself unable to withdraw due to wounds, and a searching patrol which entered the area in an attempt to evacuate him was unable to find him.

Mr. and Mrs. Strawn have two other sons still serving in the South Pacific. Staff Sgt. Ira G. Strawn is also with the 1st cavalry division and Sgt. Wm. H. Strawn is with the Marine Corps in that theater.

Besides the officers and men of the station complement, Camp Berkeley, who marched in review, the participants were Col. Robt. F. Gleim, presenting officer; Lt. F. Gleim, presenting officer; Col. Leslie V. Lyng, commander

## 3 Sets Bowlers to Duel For the Honors Tonight

Interest in the final tournament games of the Men's Bowling league, to be played tonight, may truly be said to be at "white heat," with a possible tie between The Man's Store, U. S. Postoffice and Dr. Paul's Chiro's. The first named has 22 wins, the second 23 and the third 22. West Texas Utilities, the fourth team in tonight's setto will be pitted against the Chiro's, though not in the running for championship honors.

All other championship contenders were eliminated in last night's play, when Cisco Gas Corporation took three straights from Collins Hardware and Cisco Lumber Co. annexed two of the three games with White's Tire Shop.

There were many good scores piled up last night, but the sensation of the evening was the bowling of R. L. Ponsler, who broke all alley records by topping 605 pins in the three games.

HIGHEST PRICE CATTLE ON FORT WORTH MARKET IN 20 YEARS.—Clarence Keen & Sons Commission company of Fort Worth sold on April 4th 19 head of 4-H club calves from Snyder that averaged in weight 710 pounds and brought \$17.35. This is the ceiling price on cattle and is the highest priced cattle sold in Fort Worth since 1925. It took two days to close this deal while negotiating with the OPA ruling in regard to handling it. These cattle were handled through the Scurry county agent, R. L. King, and sold on the open market at Fort Worth.

## War Vets Banquet at Laguna; Heard a Fine Program

Attended by 78 veterans of World Wars 1 and 2, the buffet dinner and program sponsored by John William Butts Post of the American Legion at the Laguna hotel Monday evening was an enthusiastic beginning for the campaign which the local post has undertaken, both to rejuvenate itself and to assist in the readjustment of returning World War 2 veterans to civilian life.

The meeting was addressed by Capt. Charles Radeau, Normandy Beach veteran now serving as judge advocate at McCloskey General hospital, Temple, after completing a period of hospitalization there.

Entertainment was provided by Sid Parks, 16-year-old Abilene magician, whose tricks amazed the audience. A buffet dinner was served the group prior to the program. Simon Coplin, Monroe Sweeney and George Ruppert were the committee who provided the excellent meal. The program was arranged by Dr. E. L. Graham, R. N. Cluck and Jack Anderson. Haywood Cabaness was toastmaster.

Fifteen new members were secured for the Legion post during the evening. The veterans vigorously approved the meeting idea, and unanimously endorsed a suggestion that such programs be continued. "Why wait 60 to 90 days for another?" demanded one member.

Capt. Radeau spoke to the group on what is being done at McCloskey hospital in the treatment of wounded veterans and their physical rehabilitation. While the hospital, with a capacity of 4,000 beds, is equipped to treat all types of wounds or illness contracted as a result of military service, it specializes in amputations and neuro-surgery. In many instances, the captain said, wounded are received at the hospital within 70 hours of their wounds in Germany. One such instance was recited as the case of an engineer who lost both legs when the Remagen bridge collapsed over the Rhine in Germany. The engineer was at McCloskey 72 hours after his injury.

Methods of physio-therapy for restoring to wounded men the use of affected limbs, training them to use artificial limbs, or restoring faculties and skills lost by injuries, are an important and interesting part of the program carried out at McCloskey, the captain said. He described much of the system used for various purposes of this character.

Capt. Radeau visited with members of the local post for a long while after the meeting, discussing features of the army's program for the care of wounded service men. This morning he and Mrs. Radeau were shown over Cisco and its lake area before returning to Temple.

STIFFEN RESISTANCE. SAN FRANCISCO, April 10.—Stiffening Japanese resistance on virtually every front of the Pacific war limited American gains today. A third Japanese counter-attack, increasing machinegun and small arms fire, and a continuing artillery battle which reached the scale of European big gun duels, held the U. S. 24th corps to "small local gains" in its drive toward Naha on southern Okinawa, 325 miles south of Japan.

FAIR TRADE PRACTICES. AUSTIN, April 10.—The so-called fair trade practices bill took its place on the calendar of the house today with a favorable report by the state affairs committee. A similar measure was approved several weeks ago by a senate committee, and is pending in that branch of the legislature. The two bills, virtually alike, were patterned after a bill passed by the legislature in 1939 and vetoed by Gov. W. Lee O'Daniel.

## NINTH ARMY NEARS BRUNSWICK, VIENNA FALL DUE AND THE HANNOVER RING GROWING TIGHTER

PARIS, April 10.—Gen. Omar N. Bradley's three American armies surged east today on an assault front from 127 to 140 miles of Berlin; Field Marshal Montgomery's British were within 50 miles of isolating the northwest German port belt as armies surged east today on an assault front river, were 25 miles from Emde and only 15 from the North Sea.

The Germans said the American Ninth army, reported closest to Berlin at a point less than 20 miles from Brunswick, intended to encircle burning Hannover, which was deeply outflanked by British and U. S. divisions. The Nazis reported U. S. tanks had pushed 22 miles northeast of the city.

Russian troops spearing beyond the Vienna area were aimed for Prague and Munich, and eventual juncture with American forces. Moscow announced that fall of Vienna was imminent. The drive west of Vienna was said in a Moscow dispatch to be making "startling" progress.

Russian and Allied lines both in the northern and southern battlefronts were drawing closer. An American dispatch said Gen. Eisenhower might well proclaim the end of organized German resistances when the Allies of the East and West were joined.

German units fighting to the death have been driven from three-fourths of Vienna, and in East Prussia, Koenigsberg, citadel of Junkersdom and cradle of Prussian militarism, has capitulated after a siege which began Jan. 30, stripping the Germans of their last major Baltic stronghold east of Steitin. Soviet storm units smashing through Vienna rapidly were wresting the remainder of the city from the Germans.

The Germans said the American Third Army had broken loose again on its right flank, surging from Thuringia into Bavaria to Rodach, ten miles northwest of Coburg and 58 from Czechoslovakia. The town is 65 miles northwest of Nuernberg.

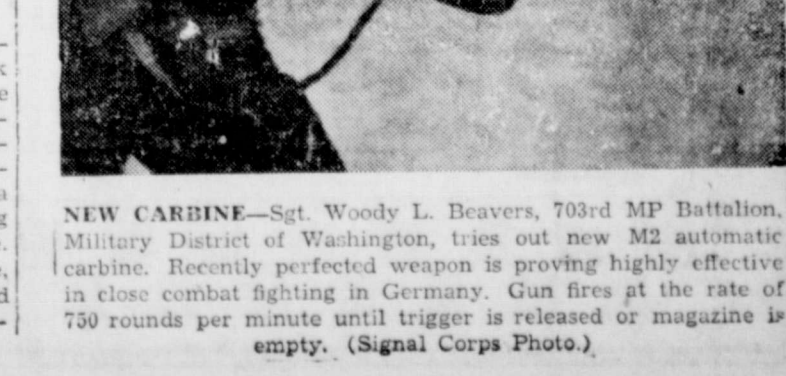

Hannover, communications center and Bremen, great river port and submarine base, were besieged by the Allies and burning. Montgomery's forces were ready to spring on Bremen for the final reduction, and Hannover was flanked on both sides.

STOCKS STILL SHAKY. NEW YORK, April 10.—The stock market continued to work at cross purposes today and, while assorted issues were able to add small fractions, many leaders tumbled.

WAR PRODUCTION CUTS. WASHINGTON, April 10.—War production may be cut as much as 50 percent within a year following V-E Day instead of the 35 percent officially forecast.

HUGE PROMOTION FUND. ABILENE, April 10.—Quota cards and general instructions for the promotions fund drive which, it is hoped, will raise at least \$50,000 for Abilene, Inc., were distributed among 12 team captains at a kick-off breakfast this morning in Hotel Wooten.

MERCILESS SLAUGHTER. LONDON, April 10.—The Nazi government and the German high command were charged today by a Soviet investigating committee with the merciless slaughter of 577,000 men, women and children in Latvian concentration camps.

NEW CARBINE—Sgt. Woody L. Beavers, 703rd MP Battalion, Military District of Washington, tries out new M2 automatic carbine. #### WEATHER.

"June 30 will be a good day for the church picnic. It's not going to rain then." Such long-range forecasts should be perfectly possible, according to Dr. Charles G. Abbott of the Smithsonian Institute at Washington, who has been foretelling the weather by observing the variations in the sun's heat. Not the heat received on earth, which anyone can measure, but what actually leaves the sun, which has variations too minute for anyone but Dr. Abbot to record.

such intense drought as to lower materially the level of the great Lakes. Our grandchildren had better be prepared.

Weather has usually been something that caught the world unawares. It should be possible to be better prepared for it, and indeed meteorology has made immense gains in the last few years. If Dr. Abbot is on the right track, mankind will call him blessed.

#### EAST AND WEST.

There has been some material controversy lately as to whether Rudyard Kipling was right or wrong when he wrote the famous lines—

"East is East and West is West,  
and never the twain shall meet"

Not only the weathers of the next few months, but that of years to come, falls within his sphere of prophecy. The years 1975 and 2050 will, he says, bring

Till heaven and earth meet presently at God's great judgment seat."

Certainly things have happened lately in the outer world, and even in our own country, which lead many Americans to maintain as stoutly as ever that there can be no unity, and no complete understanding between people of the Orient and those of the Occident. The Japanese war naturally emphasizes this view.

On the other hand, when Americans who have been in this country for many generations look at some of our "Nisei" or American-born Japanese, and listen to their American slang and observe their progress in American public schools in some states, they begin to wonder whether the Scripture may be right after all, and "God has made of one blood all the nations of the earth."

Anthropologists (so-called racial experts) seem to agree that He did away back beyond the beginning of civilization. But for many it will always be a hard theory to accept.

Why feel old at 40, 60 or more—why be the victim of the older years? If life apparently has lost its zest you again may be able to enjoy life as you did in your youth. If added years have slowed down your vitality and youthful pleasures, here is a simple, inexpensive method that may change your whole outlook on life. Why not try and regain the pleasures of living you once enjoyed. Why be discouraged—why not regain the verve and zest of a much younger man?

Just ask your druggist for Casella Tablets, either 48 tablets or 200. (The 200 size bottle costs much less per dose.) There is nothing harmful in these tablets. Take as long as you feel that you need them. Women, too, find Casella beneficial. If the very first bottle of 48 tablets does not completely satisfy you that Casella is just what you need, return the empty bottle and get your money back. Ask for and get genuine CASSELLA. ## THIS DOES LOOK LIKE A HAPPY FAMILY

But just remember that in the battle torn lands of Europe and Asia, there are many families who are soon to start their gardens on which to grow a precarious living, and their children are not dressed as these --- They have few if any clothes at all. Now let's give them a chance to live and make themselves a home in which to grow up and be happy. Let's send them our old clothes --- not wornout rags but clothing that will give many days and weeks of wear. They must work --- they must not go nude.

Search well in your closets and bring out those outmoded garments that still have lots of wear left in them. Watch for a clothing drive in Cisco and donate what you can.

## School Children Put Pep Into the Scrap Paper Drive

Rev. W. A. Flynn of the Lions club announces that in the PTA-sponsored scrap paper drive of Friday the local schools collected more paper in one Friday than the Lions had been able to assemble in a month.

West Ward school children were far ahead of the other local school groups in the amount of paper collected, hence under the plan agreed upon half of the money received from all the paper collected throughout the city went to that school, the other half being retained by Parent-Teacher association.

With this fine beginning, PTA hopes to make the month of April record period for the collection of scrap paper and urges all school children and their parents to join in the movement with still greater enthusiasm.

Mrs. J. J. Porter, PTA president, reminds that all bundles of paper should be firmly tied; if not tied, much additional labor is placed on the mothers who assist at the various schools on Fridays. Paper should not be placed in boxes, and papers, magazines and cardboard should be tied separately since a different price is paid for each. If, however, you do not have the necessary string, Mrs. Porter added, bring the scrap, any how.

All citizens wishing to aid in the drive, whether they have children in school or not, may take or send their scrap paper by school children to grammar school, east ward or west ward buildings each Friday of this month. High school students have elected not to take part in the contest, but are assisting other schools.

## Corp. Carl Moore Joins B-26 Group In European Area

A 1ST TACTICAL AIR FORCE B-26 MARAUDER BASE, France; Corporal Carl R. Moore, of Cisco, Texas, is a new arrival in the European theater of operations and has been assigned as a radio-gunner in the oldest medium bomber group in the AAF—the group which supplied 79 of the 80 men who took part in the famous first Tokyo attack.

His B-26 group has participated in the Tunisian and Italian campaigns and took part in joint air ground operations at Anzio and southern France prior to the August 15th invasion by Allied forces. The group has received the Distinguished Unit Citation and has been awarded the Croix de Guerre with Palm by General De Gaulle, chief of the French armies, and president of the provisional government of the French Republic.

## Sgt. Ben Murphy Gets Bronze Star Medal For Merit

WITH THE FIRST CAVALRY DIVISION ON LUZON—First Sgt. Benjamin V. Murphy of Cisco, Texas, has been awarded the Bronze Star medal for meritorious achievement in connection with enemy during the Admiralty Islands campaign in early 1944.

The award was made by the commanding general of the First cavalry division, Brigadier General Hugh Hoffman. Murphy's mother, Mrs. Bessie Jenkins, is a resident of Cisco, Texas.

## R. W. McCauley of Navy Promoted; Was at Iwo Jima

Raymond W. McCauley, 33, Cisco resident for seven years and manager of the Goodyear Store here when he entered the navy, writes his wife that he has been promoted from fireman of the first class to electrician's mate, third class. Mr. McCauley is a member of the amphibious forces and is attached to the USS Fremont. An interesting statement in his letter was that the Fremont assisted in landing our fighting men at Iwo Jima, in which the Ciscoan participated.

This brings the total number of Cisco men now known to have been at Iwo Jima to nine—Raymond W. McCauley, J. C. Fletcher, Lt. Bennie Williams, Curtis Johnson, Pfc. W. A. Page, Pfc. Lavon Huddleston, Lt. James Qualls, Pharmacist Mate Norris Eugene Swartz and Pfc. James Pollard. So far as known, none of the nine received wounds.

When called to the colors Mr. McCauley was president of Cisco Lion club and was popular with all who knew him. They have three children and Mrs. McCauley is a teacher in Cisco grammar school.

## Mother of Ira D. Strawn Presented With Silver Star

A formal retreat and honor presentation was held at Camp Berkeley, Saturday afternoon at which the presentation of a Silver Star award was made to Mrs. Ira D. Strawn of Cisco for gallantry in action of her son, Staff Sgt. George N. Strawn, now missing.

At a full formal military ceremony the presentation was made by Col. Robt. F. Gleim, camp commander, before a large gathering of friends and relatives of the Strawn family and officers and men of Camp Berkeley. The father, Ira D. Strawn came from Houston, where he is working in a shipbuilding yard so that he could be present with Mrs. Strawn. Staff Sgt. Strawn, a soldier with the 1st cavalry division was awarded the Silver Star, one of the country's highest awards, for gallantry in action in the South Pacific on March 13, 1944.

The citation reads as follows: "For gallantry in action on 13 March 1944. Leading a reconnaissance patrol into a densely wooded and hilly area, Staff Sgt. Strawn audaciously exposed himself in an area open to enemy observation in order to draw enemy fire and disclose the enemy positions. Succeeding in this effort he boldly and aggressively moved forward and firing his sub-machine gun into an enemy machine gun nest, made a further effort to gain information of the enemy required by his commanders. Although shot down by the enemy machine gun in its next burst, he had achieved his objective and his patrol was able to withdraw and deliver the required information to the command post. Strawn was himself unable to withdraw due to wounds, and a searching patrol which entered the area in an attempt to evacuate him was unable to find him.

Mr. and Mrs. Strawn have two other sons still serving in the South Pacific. Staff Sgt. Ira G. Strawn is also with the 1st cavalry division and Sgt. Wm. H. Strawn is with the Marine Corps in that theater. Besides the officers and men of the station complement, Camp Berkeley, who marched in review, the participants were Col. Robt. F. Gleim, presenting officer; Lt. F. Gleim, Mrs. Bessie Jenkins, is a resident of Cisco, Texas.

## 3 Sets Bowlers to Duel For the Honors Tonight

Interest in the final tournament games of the Men's Bowling league, to be played tonight, may truly be said to be at "white heat," with a possible tie between The Man's Store, U. S. Postoffice and Dr. Paul's Chiro. The first named has 22 wins, the second 23 and the third 22. West Texas Utilities, the fourth team in tonight's setto will be pitted against the Chiro, though not in the running for championship honors.

All other championship contenders were eliminated in last night's play, when Cisco Gas Corporation took three straights from Collins Hardware and Cisco Lumber Co. annexed two of the three games with White's Tire Shop.

There were many good scores piled up last night, but the sensation of the evening was the bowling of R. L. Ponsler, who broke all alley records by toppling 605 pins in the three games.

## War Vets Banquet at Laguna; Heard a Fine Program

Attended by 78 veterans of World Wars 1 and 2, the buffet dinner and program sponsored by John William Butts Post of the American Legion at the Laguna hotel Monday evening was an enthusiastic beginning for the campaign which the local post has undertaken, both to rejuvenate itself and to assist in the readjustment of returning World War 2 veterans to civilian life.

The meeting was addressed by Capt. Charles Radeau, Normandy Beach veteran now serving as judge advocate at McCloskey General hospital, Temple, after completing a period of hospitalization there.

Entertainment was provided by Sid Parks, 16-year-old Abilene magician, whose tricks amazed the audience. A buffet dinner was served the group prior to the program. Simon Coplin, Monroe Sweeney and George Ruppert were the committee who provided the excellent meal. The program was arranged by Dr. E. L. Graham, R. N. Cluck and Jack Anderson. Haywood Cabanes was toastmaster.

Fifteen new members were secured for the Legion post during the evening. The veterans vigorously approved the meeting idea, and unanimously endorsed a suggestion that such programs be continued. "Why wait 60 to 90 days for another?" demanded one member.

Capt. Radeau spoke to the group on what is being done at McCloskey hospital in the treatment of wounded veterans and their physical rehabilitation. While the hospital, with a capacity of 4,000 beds, is equipped to treat all types of wounds or illness contracted as a result of military service, it specializes in amputations and neuro-surgery. In many instances, the captain said, wounded are received at the hospital within 70 hours of their wounds in Germany. One such instance was recited as the case of an engineer who last both legs when the Remagen bridge collapsed over the Rhine in Germany. The engineer was at McCloskey 72 hours after his injury.

Methods of physio-therapy for restoring to wounded men the use of affected limbs, training them to use artificial limbs, or restoring faculties and skills lost by injuries, are an important and interesting part of the program carried out at McCloskey, the captain said. He described much of the system used for various purposes of this character.

Capt. Radeau visited with members of the local post for a long while after the meeting, discussing features of the army's program for the care of wounded service men. This morning he and Mrs. Radeau were shown over Cisco and its lake area before returning to Temple.

## STIFFEN RESISTANCE. SAN FRANCISCO, April 10.—

Stiffening Japanese resistance on virtually every front of the Pacific war limited American gains today. A third Japanese counter-attack, increasing machinegun and small arms fire, and a continuing artillery battle which reached the scale of European big gun duels, held the U. S. 24th corps to "small local gains" in its drive toward Naha on southern Okinawa, 325 miles south of Japan.

FAIR TRADE PRACTICES. AUSTIN, April 10.—The so-called fair trade practices bill took its place on the calendar of the house today with a favorable report by the state affairs committee. A similar measure was approved several weeks ago by a senate committee, and is pending in that branch of the legislature. The two bills, virtually alike, were patterned after a bill passed by the legislature in 1939 and vetoed by Gov. W. Lee O'Daniel.

## NINTH ARMY NEARS BRUNSWICK, VIENNA FALL DUE AND THE HANNOVER RING GROWING TIGHTER

PARIS, April 10.—Gen. Omar N. Bradley's three American armies surged east today on an assault front from 127 to 140 miles of Berlin; Field Marshal Montgomery's British were within 50 miles of isolating the northwest German port belt as armies surged east today on an assault front river, were 25 miles from Emde and only 15 from the North Sea. The Germans said the American Ninth army, reported closest to Berlin at a point less than 20 miles from Brunswick, intended to encircle burning Hannover, which was deeply outflanked by British and U. S. divisions. The Nazis reported U. S. tanks had pushed 22 miles northeast of the city.

Russian troops spearheading beyond the Vienna area were aimed for Prague and Munich, and eventual juncture with American forces. Moscow announced that fall of Vienna was imminent. The drive west of Vienna was said in a Moscow dispatch to be making "startling" progress.

Russian and Allied lines both in the northern and southern battlefronts were drawing closer. An American dispatch said Gen. Eisenhower might well proclaim the end of organized German resistance when the Allies of the East and West were joined.

German units fighting to the death have been driven from three-fourths of Vienna, and in East Prussia, Koenigsberg, citadel of Junkersdom and cradle of Prussian militarism, has capitulated after a siege which began Jan. 30, stripping the Germans of their last major Baltic stronghold east of Stettin. Soviet storm units smashing through Vienna rapidly were wresting the remainder of the city from the Germans.

The Germans said the American Third Army had broken loose again on its right flank, surging from Thuringia into Bavaria to Rodach, ten miles northwest of Coburg and 58 from Czechoslovakia. The town is 65 miles northwest of Nuernberg. Hannover, communications center and Bremen, great river port and submarine base, were besieged by the Allies and burning. Montgomery's forces were ready to spring on Bremen for the final reduction, and Hannover was flanked on both sides.

## STOCKS STILL SHAKY. NEW YORK, April 10.—

The stock market continued to work at cross purposes today and, while assorted issues were able to add small fractions, many leaders tumbled.

## MERCILESS SLAUGHTER. LONDON, April 10.—

The Nazi government and the German high command were charged today by a Soviet investigating committee with the merciless slaughter of 577,000 men, women and children in Latvian concentration camps.

## Senator Wheeler and OPA Deputy Exchange Views

WASHINGTON, April 10.—Senator Wheeler (D-Mont) declared today there must be "something crooked in the OPA or it would take more vigorous action against black markets."

Thomas I. Emerson, deputy OPA administrator for enforcement, had just told the senate agriculture committee that reports of black markets in meat were "grossly exaggerated." The OPA, he said, had the facts.

"If you know what the facts are then there is something crooked in your office," Wheeler retorted. "The trouble is that when you are told about the situation you won't do anything about it."

Wheeler's remarks capped an exchange begun when Emerson described as "fantastic" reports the senator said he had received that 80 percent of the meat sold in most big cities was black market.

"How much of a check-up have you made?" Wheeler demanded. "As a matter of fact you don't know what is going on in these big cities. Nobody sitting in an office can know."

## WAR PRODUCTION CUTS.

WASHINGTON, April 10.—War production may be cut as much as 50 percent within a year following V-E Day instead of the 35 percent officially forecast. This prediction, indicating a civilian goods output well above that of 1939 in dollar value, was attributed today to WPB Chairman J. A. Krug by automobile manufacturers who conferred with him in Detroit last week.

## HUGE PROMOTION FUND.

ABILENE, April 10.—Quota cards and general instructions for the promotions fund drive which, it is hoped, will raise at least \$50,000 for Abilene, Inc., were distributed among 12 team captains at a kick-off breakfast this morning in Hotel Wooten.

## TRAPPED DESPERADOES.

The Nazi leaders are acting like cornered rats. Their crimes have caught up with them. Having failed in their plot to rule Europe, they are eager to destroy it if they can. They threaten their own duped followers with ruin and terror. In their fanatical egotism they are prepared to destroy Germany itself.

The same world is horrified but ready for the challenge. If the Nazi Germans are ready to go to such extremes, so be it. The orgies of crime and madness started

by Hitler will run their course, and eventually a sane Germany may emerge. But before that time comes German blood may pour like water, and a gifted but still semi-barbarous nation will go through hell. Already many Americans are beginning to feel that our armies are taking entirely too many prisoners. Charitable observers may well pity its death throes, but must insist relentlessly on cleansing western and central Europe by destroying its master-criminals and controlling their fanatical followers.

The threat of German leaders to hold their power by "crucifying in their own windows" any followers who try to escape from

the horrors the Nazis have created is an eloquent proof of the madness into which they have fallen. God help the few more decent and intelligent members to escape from the pit which the many have dug for themselves and their neighbors! They are reaping the final fruits of the "schrecklicheit" into which they fell in their mad efforts to dominate a sane world.

## CALL FOR HEALTH.

Dr. John A. Toomey, head of Babies and Children's Hospital of the University Hospitals of Cleveland, authority on contagious diseases, especially on infantile paralysis, gave a Negro forum a good talking-to in the course of Negro Health Week. He told them that "Negro leaders should press for better housing with an evangelical spirit" in order to help fight tuberculosis and some other diseases which strike their people harder than they do others.

Negroes, Dr. Toomey said, are less likely than whites to get infantile paralysis, more likely to have serious cases of tuberculosis and to suffer complications after measles and whooping cough. The latter, especially for Negroes, is apt to bring in its wake bronchial pneumonia and other perils. Old dormant infections can be awakened by it. He recommended inoculations against it. Good housing, he believes, is the best preventive of some of these diseases which spread under crowded conditions.

It is well known that tuberculosis is controllable, but not enough attention has been given to it. It should be recognized that such diseases are everybody's business, because they develop and spread so rapidly when not kept under control.

## HONOR LLOYD GEORGE.

LONDON, April 10. — Led by Prime Minister Churchill, the British Empire paid formal tribute in Westminster Abby today to the late David Lloyd George, Britain's prime minister in World War I. Besides cabinet ministers and diplomats, some 300 men and women from the towns and villages of North Wales attended the service for Britain's elder statesman who died on March 26.

AUSTIN, April 10.—Governor Stevenson today signed the Tarrant county budget bill, providing that the county auditor complete his budget after instead of before assessments so that he can have a more accurate check on funds that are to be available. The bill, affecting counties of more than 225,000 population according to the last federal census, included the emergency clause so that it becomes law immediately.

## WHEAT PILES UP.

AMARILLO, April 10.—Rural elevators in the Panhandle are still filled with the 1944 wheat harvest, and railroad officials see little chance of cleaning out the crop before the new harvest begins. The Amarillo News Globe says the shortage of railroad cars is still serious, and the situation is further aggravated by the arrival of maize and other hard crops.

## TO STOP LEND-LEASE.

WASHINGTON, April 10.—Sen. Robert A. Taft (Republican, Ohio) said today he will propose an amendment to the lend-lease extension act which would automatically cut off export of lend-lease materials when the war ends. Taft's amendment would strengthen a house amendment stipulating that no lend-lease agreement shall be used for post-war relief rehabilitation or reconstruction.

## BOYS FIRE ON BRITISH.

LONDON, April 10.—Groups of boys, ranging in age from 8 to 12 years, were among German civilians who fired on British troops before the civilians were made prisoners on the approaches to Bremen, a dispatch in the London Daily Mirror said today.

## YES! YOU CAN GET EXTRA RED POINTS

MEAT SHORTAGES make saving fats harder these days. But there may be ways to save that are missing. Won't you please check suggestions below?

Our country needs fats so urgently to help make medicines, explosives, soaps, synthetic rubber and other essentials on the war and home fronts.

FISH—you're using more of it these days. Scrape every drop of grease from the pan in which you fry or broil it.

SAUSAGES—they're plentiful and yield lots of grease in the frying pan. (And if you parboil them first, don't forget to save the water and skim off the grease!)

UTILITY MEATS — are good for stews and soups. Skim the grease as they cook. Chill them afterwards and scoop off the fat that hardens on top. (Gravies too!)

HOT DOGS — you'll get at least a tablespoon or two of grease from the cooking water. Even a teaspoon helps!

FAT SCRAPS—save them all in a bowl in the icebox. Once a week melt them down and add them to the salvage can.

AND BE SURE to keep the can right out where it's handy! Drop by drop, it will fill up faster than you think. Then rush it to your meat dealer and get those 2 red points and 4 cents for every pound of fat. Start today! This message has been approved by WFA and OPA and paid for by Industry.

## The Man Who Borrows Money—

... must have good security to offer the lending individual or agency before he can expect a loan. There is no better collateral than real estate provided the title is good. More money is loaned on real estate than any other commodity of value. The careful lender always insists on an abstract before advancing funds, for the abstract reveals the condition of the title and upon the title depends the security of the loan.

**B. U. CHAPTER DELTA-KAPPA GAMMA MEETING.**  
Beta Upsilon chapter, Delta Kappa Gamma, met at the XXth Century library room Saturday afternoon. Miss Ella Andres presided at the business meeting and a program was given, "Present Condition of Teachers at Home and Abroad." The first topic, "Their Economic Status," was presented by Mrs. Alice Johnston; Mrs. Isadore Grimes discussed "Their Social Status." The program concluded with the singing of Delta Kappa Gamma songs, led by Mrs. R. N. Cluck.

At the close of the meeting the group assembled in front of the building for a group picture which will be used in a history of the chapter.

The following members were present: Mesdames Geraldine Campbell, Berta Hazlewood, Minnie L. Hill, Alice Johnston, Ima Stamey, Mary E. Brown, Mona Cluck, J. E. Crawford, Lillian Fee, R. H. Campbell, Homer Slicker, Misses Ella Andres, Olga Fay Ford, Isadore Grimes, Doris Joe Pyle and Nellie Yunk.

**MUSIC STUDY CLUB TO MEET WEDNESDAY.**  
Cisco Music Study club will meet Wednesday morning at the Women's club house for regular meeting and program.

Mrs. J. A. Jensen will be hostess and the program has been arranged as follows: "A Silver Cornet Band," Mrs. A. L. Thomas; "Band Music and Patriotism," Mrs. L. W. Mendenhall; "School Bands in Time of War," Mrs. C. J. Kleiner; piano duet, Mrs. Ben Krauskopf and Mrs. A. L. Thomas.

**MRS. E. H. HESTER WAS HOSTESS TO CLASS.**  
Willing Workers Sunday school class of First Christian church met at the church Friday evening for social and business meeting with Mrs. E. H. Hester as hostess.

The meeting opened with a radio program on the Bible, conducted by Mrs. A. J. Sanders with Mrs. J. R. Wright acting as judge. Mrs. J. S. Mobley brought the "Did You Know" quiz. Mrs. W. W. Milner gave the meditation, "Lord, Teach Us to Pray." The program closed with a talk of "Practical Christianity" by Mrs. J. F. Benedict.

During the social hour pal gifts were opened; secret pals were revealed and new ones appointed. A surprise shower was presented a member of the class. Refreshments of individual cakes with pastel icings and punch were served and dainty hand-made baskets filled with candy eggs and heart-shaped sachets were presented to each member by the hostess.

Visitors present were Mrs. W. R. Winston, Miss Alice Bacon, Mrs. George Atkins, Mrs. J. R. Wright and Mrs. Ace Lucus; members, Mesdames J. F. Benedict, J. S. Mobley, A. J. Sanders, J. T. Waddell, Glenn Hightower, C. C. Greenhaw, Leon Cagle, Billy Bacon, Sparr, Jay Garrett, Budgie Garrett, L. A. Brunkenhoefer, W. W. Milner, Jack Daily, A. W. Triplett, Misses Olga Fay Ford and Ethel Mae Wilson.

The spacious hall was gay with decorations of yellow roses where guests were greeted by Mrs. J. V. Heyser and presented to Mrs. Charles D. Roberts, Mrs. C. H. Fee and Mrs. D. E. Waters, who in turn presented the bride, who was lovely in an evening gown of white crepe and net embroidered in red sequins. She wore a gold locket, a gift from the groom, and an army bracelet of red carnations tied with red satin ribbon.

In the living room receiving the guests were Mrs. O. L. Savage, Mrs. J. J. Tableman, Mrs. Ajax Spears, Mrs. S. E. Hittson, Mrs. F. J. Gorman, Mrs. Alan Withee, Mrs. B. S. Huey, Mrs. John Reagan and Mrs. Hagan McMahan. The soft lights of the room reflected an added radiance to the cut glass bowls of pink roses and tall vases filled with orchid iris.

The dining room held artistic decorations of yellow and white. Large crystal vases of gorgeous yellow iris were placed on the window seat, buffet and serving

with prayer by Mrs. C. R. Hightower.

Those present were Mrs. Dora Kennedy of San Antonio, Mesdames J. E. Shirley, Evan Holmes, O. A. Nance, Daisy Helmick, C. R. Hightower, V. H. Bosworth, John Whisnant, J. D. Hall, R. C. Smith, Shobal Houston, J. O. Warren, R. E. McCord, A. W. White, H. H. Harrelson, A. A. Coats, W. L. Lewis and Ollie Hughes.

Mrs. John Elmore met with the Sunbeams at the same hour with nine present.

**RECEPTION HONORED MRS. JOHN F. WATERS.**  
Mrs. D. E. Waters and Mrs. Charles D. Roberts entertained Monday afternoon in the Roberts home honoring Mrs. John F. Waters, recent bride of Sgt. John F. Waters, who was formerly Miss June Beyers of Mount Holly, New Jersey.

The house was decorated throughout with well appointed arrangements of spring blossoms.

### MISTER PELTZ IS PEEVED!

Mister P. sells charts. Pie-charts, bar-charts, fever charts—in pink and green and purple—proving anything you want.

He has a nice new chart on the cost of living. It shows the price of practically everything curving sharply up after war began.

But one price stubbornly stays down at pre-war levels. It's the price of electricity. It upsets the neat cost-of-living curves. It upsets P. P. Peltz. He's peeved.

We're sorry to offend Mister Peltz, but glad that we've been able to keep electricity plentiful and cheap when so many things are scarce and expensive.

It hasn't been easy to serve busy homes and booming war plants at the same time—with the friendly, efficient service we like to give. But all our folks have pitched in and worked hard to make it possible.
