Luther C. Haynie Killed in Action in South Pacific

Mr. and Mrs. James Haynie and family and Mrs. J. F. Benedict have returned from Brownwood, where they went to be with Mr. Haynie's brother following announcement of the death of the latter's son, Luther Carroll Haynie, who was killed in battle while attached to a destroyer in the Pacific area.

The 19-year-old boy had been in the service a little more than ten months when he met death, he having gone overseas about 13 weeks after enlistment. He was a graduate of Brownwood high school and a star football player.

FT. WORTH, April 21.—The city health department Saturday issued a warning to Fort Worth people, especially residents of the North Side, that a three-month-old white puppy, known to have bitten at least 15 people, had a positive case of rabies.

Legion Post To Meet at Laguna Monday, 8 P. M.

John William Butts Post of the American Legion will meet at 8 o'clock Monday night in the roof garden of Laguna hotel and a record attendance is expected.

Committees have arranged for hot dogs and accoutrements and an interesting program. Every soldier and sailor is invited.

According to Leon McPherson, post adjutant, the membership is increasing rapidly, standing at 98 Saturday. It is estimated there are between 25 and 30 soldiers and sailors who have signified their intention of joining the post.

Efforts will be continued to make all meetings pleasant and worth while, with the ultimate view of obtaining a permanent home for the post. The building committee is expected to make a preliminary report Monday night.

Installation of Glove Factory at Star Be Delayed

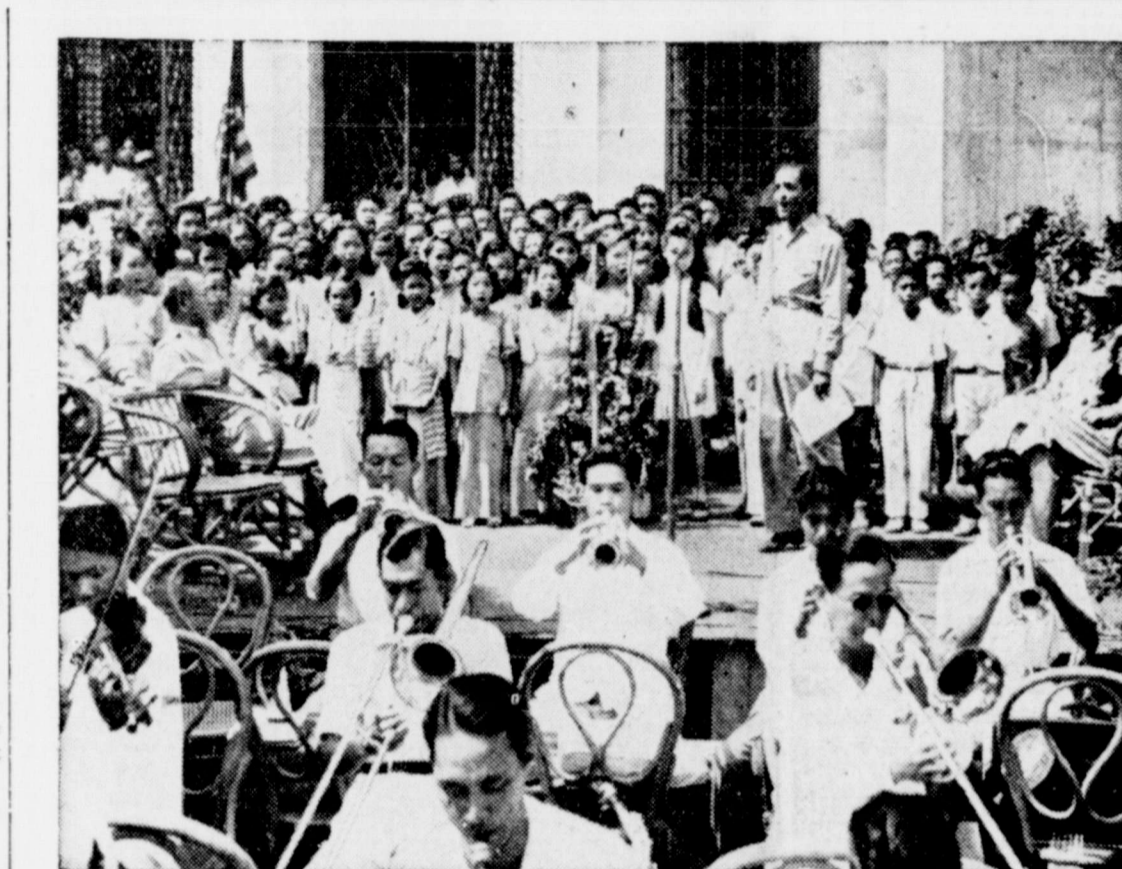

FT. WORTH, April 21.—J. F. Robertson reported to the chamber of commerce luncheon club this week that the location of the glove factory here may be delayed a few months.

In conversation with B. A. Butler of Cisco, spokesman for the Boss glove company of that city, Robertson learned that the company is now installing a similar plant at Breckenridge and cannot give attention to installing one here until the Breckenridge set-up has been placed in operation.

Butler was pleased with the number of applications for workers here and told Robertson to continue to take applications until further notice. Mr. Butler feels sure the factory will be put in here within four or five months.

BOWEN BUS WRECK

FT. WORTH, April 21.—Three of 16 persons, who narrowly escaped death last night when a bus plunged down a 40-foot embankment and into Mary's Creek, from Highway 377 (to Granbury), remained in hospitals today, but none was in a serious condition. The Fort Worth-bound Bowen bus left the highway after striking a horse, rolled over three times and came to a stop upside down in three feet of water.

TRIBUTE—In ceremony at Malacan Palace in Manila, Irving Berlin sings new song "Heaven Watch the Philippines." He is assisted by chorus of 60 school children in native dress. Song was presented to Philippine Commonwealth as tribute to islanders' work in war against Japs.

PTA to Meet at West Ward Building Monday Night

The Parent-Teachers association, says Mrs. Sutton Crofts, will meet at west ward school building Monday night at 8 o'clock for the regular monthly session.

Fathers as well as mothers are urged to be present. The popular room count will be conducted as usual and credits will be allowed for those fathers who attend.

The silver tea scheduled for Monday night was called off, due to the above regular meeting taking its place, Mrs. Crofts added.

Poisoners More Dangerous Than Vicious Canines

EASTLAND, April 21.—Scores of dogs in the city of Eastland—estimated Wednesday at over 100—have died of arsenic poisoning within the past few weeks.

Dozens of dog owners have become aroused as a result of the heartless, widespread poisoning of canines, which has swept over the city, killing many highly valued, well-behaved pets—and cruelly punishing many of the city's youngsters.

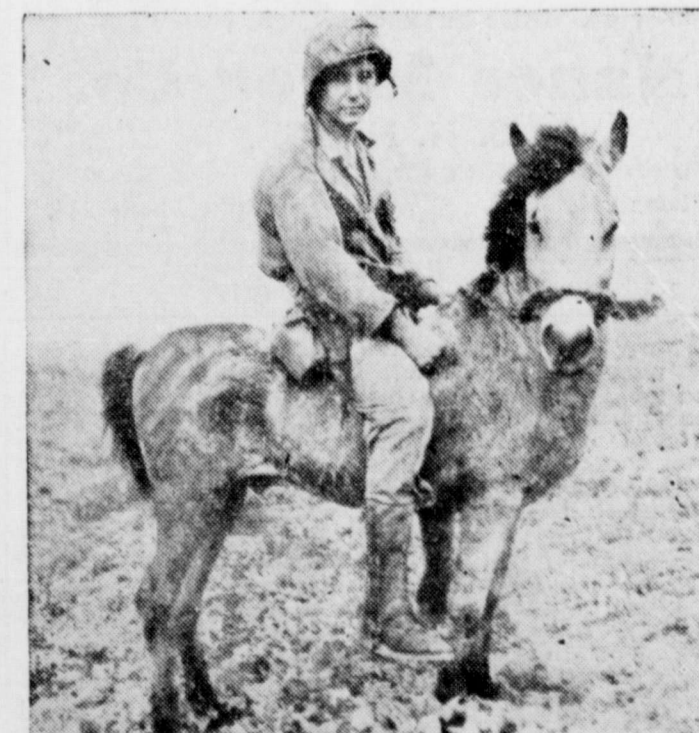

Last week C. W. Hoffman, whose pet was among the first to die in the current poisoning wave, posted a reward of \$100 in cash to be paid to the person or persons furnishing information leading to the arrest and conviction of the individual or individuals responsible for distributing the deadly arsenic on private properties within the city limits of Eastland. Early Monday Hoffman upped his offer to \$250. And Wednesday morning K. B. Tanner, city manager, announced that the city of Eastland, too, would pay a cash reward of \$250 for information leading to the arrest and conviction of the poison dispensers.

According to reports, the small, poisoned pellets—arsenic-filled tallow carefully tied with string—have been recklessly placed on private property in every section of the city.

Hoffman stated that not only did the poison endanger the lives of harmless pets, but that it was a deadly menace to toddlers and smaller boys and girls.

HIGHHATS—Blue-blooded Princess Valerie Marie Schleswig Holstein in leopard coat and her husband, the Duke of Croy, Prince Arenberg (right) register disgust at Yank request. Lt. William C. Gibson of Revere, Mass., (left) is asking them to vacate their 300-room palace at Nordkirchen. Huge U-shaped castle was captured by units of the 2nd Division of U. S. 9th Army during breakthrough into Westphalia. Group is shown on balcony.

MUGGIN' BRONC—Texas Leatherneck loses no time in roping and riding bronc Jap version of the Shetland pony. His unit has just hit the beach at Okinawa. Animal poses proudly with Pfc Grady C. Hogue of Brounsboro, Tex., on his back.

Chances Good For Success At San Francisco

WASHINGTON, April 21.—The San Francisco conference will succeed. And the peace treaty, later, will be good. We will get well started on the road toward permanent peace. That's the view of smart politicians at the capitol. Their reasoning: Prime Minister Churchill and Marshal Stalin, both politicians, know they dare not fail now. If they were to fail, the world would say Roosevelt might have saved the situation, might have succeeded.

Controversy over the Polish government and its participation in United Nations conference probably will be settled here over this week-end when foreign ministers of the three great powers meet. This, at least, is the expectation of some leading American delegates to San Francisco. They believe that when this controversy is settled, the San Francisco meeting will develop only minor differences of opinion, which can be disposed of without serious trouble. They expect the conference to last a month or six weeks.

In-fighting of pressure groups, trying to sway the president one way or the other in their own interest, is well under way, and Mr. Truman realizes it. Twice during his first week in office, close friends have reminded him of this pressure and warned him to beware. In both instances he replied, "I am going to be the president."

This pressure explains Truman caution in proceeding with cabinet changes. He wants to feel his way, keep from alienating any important Democratic factions, hopes to get reciprocal trade legislation, other economic measures which form the foundation of the peace through Congress first. There's another reason for delay in bringing Byrnes into the Truman cabinet. Strain of overwork has impaired Byrnes' health too. Doctors have ordered a complete rest before he even thinks of returning to public life.

We still say there'll be a new Secretary of State after the San Francisco conference—and the expectation should not impair effectiveness of Secretary Stettinius. He'll be rewarded for expected good performance there by promotion to another important post. Change will be made in this top cabinet job for reasons having to do with the presidential succession.

President Truman's early championship of the Missouri Valley Authority, moulded on the TVA and urged by Mr. Roosevelt, isn't enough to get it through the senate unless strategy back of it changes considerably. The bill is sponsored by Sen. Murray, New Dealer from Montana, but he doesn't have the active backing of any large group of western senators. Bill must go through three senate committees to get approval. Chances of its getting through look slim.

IMPORTANT PRAYER SERVICE—EASTLAND, April 21.—A union prayer service for the all-important United Nations conference which opens in San Francisco next Wednesday will be held at Eastland First Baptist church Sunday, 3:30 to 4:30 o'clock. The service is non-denominational and the public is urged to attend. Rev. J. B. Blunk, First Christian church pastor, will preside.

CISCOAN IN REVIVAL—ABILENE, April 21.—Rev. Arthur Johnson, pastor of Cisco First Baptist church, will conduct the spring revival at Sunset Baptist church, which begins Sunday and continues through May 6. Rev. Samuel Smith will preach his last sermons Sunday before entering the service as a chaplain, and the Cisco minister will begin preaching Monday.

DETERMINED REDS ARE BLASTING POTSDAMER PLATZ, IN THE HEART OF CITY; YANKS NEARBY

Russian forces had reached Bernau, three miles from Berlin, Saturday, as unprecedented masses of tanks were reported hurled into the mighty offensive from the east. South of the capital, the German high command said, Russian and American columns were only 20 miles apart.

The linkup south of the capital appeared imminent, while in the direct assault on Berlin the Soviets had smashed into its suburbs at five points.

By German account mammoth Russian forces were enveloping Berlin from points in the suburbs on the east, north and southwest. Big Soviet guns pounded the Potsdamer platz in the center of the doomed city where the Nazis said 3,000,000 Germans remained to wait the final battle.

The siege arc was forming from Bernau, virtually to the northeast boundary and just outside the ring autobahn, to Koehnigs-Waesternhausen, three miles from the southern boundary, the Germans said, describing the situation in the southeast sector as critical.

Russian and American patrols were reported only about 15 miles apart at another point a score of miles south of the city.

The capital's suburbs rocked under a gigantic Soviet assault of big guns and tanks. The Germans set fire to forests outside the capital, Russian reports said, in a frantic attempt to stem the tide of Russian armor. Some of the burning woods already seemed to have been negotiated by the plunging Russians.

The Nazi high command announced that Russian forces had reached Jueterbog outflanking Berlin on the south and separating to within 20 miles of Lt. Gen. Hodges' American First army positions in the Dessau area. The advance would place the First Ukrainian army 35 miles beyond Berlin's Spree river.

A Reuters dispatch said German broadcasts indicated Soviet forces driving from the Proetz forest were approaching the ring autobahn, at a point two miles from Berlin city boundary. There was no confirmation. But Marshal Zhukov's powerful First White Russian army was reported at "the very gates" of the city, where peace riots were said to have broken out.

Zhukov's men and Marshal Konev's First Ukraine army seized at least eight major strongholds along a 100-mile front from Berlin to Dresden and were menacing a dozen other fortified towns in the defense ring. The closest official approach to American vanguards was by Konev's troops in the Kamenz area 18 miles northeast of Dresden.

Gen. Eisenhower's headquarters indicated close coordination between Russian and American forces as the whole Brandenburg province battlefront east, south-east and north of Berlin flamed with the fire of Russian and German tanks and tremendous barrages from big guns of both sides. The Russians were reported by pilots moving up constant streams of armor.

LOSE BOTH SONS.

EASTLAND, April 21.—City Manager and Mrs. K. B. Tanner have been notified by Marine headquarters in Washington that their only remaining son, Lt. Karl Tanner, 34, was killed at Iwo Jima on March 9. The beloved parents' other son, Flight Sgt. Kenneth B. Tanner, Jr., who piloted Wellington bombers with the Royal Canadian air force, was killed Sept. 16, 1942, while on a bombing mission over Germany's Ruhr valley.

Much Stiff Fighting Ahead of Allies Says Bedell

AEF HEADQUARTERS, April 21.—Lt. Gen. Walter Bedell Smith, chief of staff to General Eisenhower, indicated Saturday that much hard fighting lies ahead before VE-Day is proclaimed.

The general, meeting with correspondents at headquarters, warned against any expectation that the day of victory will be announced in the near future.

He led correspondents to understand that, in his opinion, bitter battles, although probably on a smaller scale than heretofore, and long casualty lists still must be anticipated before the last vestige of resistance by the Nazis are wiped out.

Smith declared that Eisenhower is conducting his operations strictly on a military basis, devoid of any political considerations. For that reason, if the Western Allies slow down in one sector but push forward in another, he said, it is because Eisenhower feels this is the most economical way to bring about the utter defeat of the enemy.

The German armies, he added, now are retreating southward for a stand in the national redoubt area while still staggering from one of the greatest defeats in history.

Georgian May Be Next Secretary U. S. Treasury

WASHINGTON, April 21.—A quiet boom was under way today for the appointment of Senator Walter F. George (D-Ga.) as secretary of the treasury.

Friends of the senator disclosed they have urged President Truman to choose the Georgian if Henry Morgenthau, Jr., leaves the cabinet.

An intimate personal friend and neighbor of the late president, Morgenthau may decide to step aside after the 7th war loan and clear the way for Truman to choose a new fiscal adviser. Such a decision would hardly surprise Capitol Hill. Morgenthau, treasury chief for 11 years, apparently never found the correct formula for getting along with congress. Some of his appearances as the government's chief witness on tax legislation have been stormy.

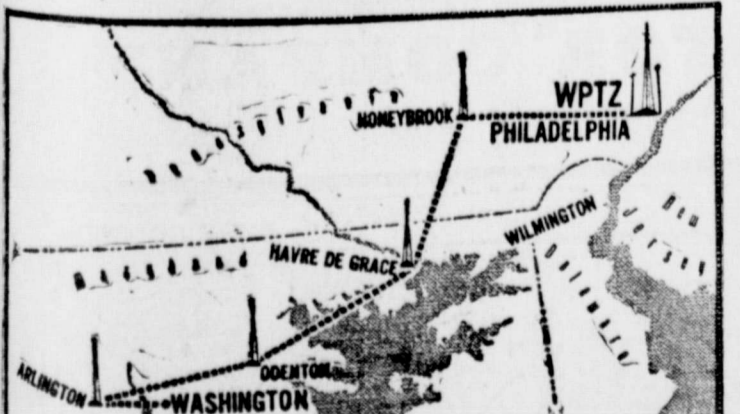

PRESIDENT ON THE AIR.

WASHINGTON, April 21.—President Truman will broadcast from the white house Wednesday on a half-hour program between 6:30 and 7:00 p. m. CWT opening the world security conference at San Francisco. The president's speech, to be heard on all networks, will be about 10 minutes long and will wind up the half-hour program.

NAZIS BEAT AIRMEN.

21ST ARMY GROUP HQ, April 21.—Eighteen hundred Allied airmen were beaten and bayoneted by Nazi guards on a torture march they dubbed "the Stettin jaunt," a Canadian survivor said today. The Canadian, Warrent Officer Armand Pambrun, Boniface, Manitoba, said the victims included a thousand Americans. The prisoners originally were in Tialag Luft No. 7.

WASHINGTON-PHILADELPHIA TELEVISION NETWORK INAUGURATED BY PHILCO

The first multiple-relay television network in the world linking two major cities is now in operation between Washington, D. C., and Philadelphia. Developed by Philco engineers, it gives a scientific demonstration that the transmission of a television picture over long distances by a series of wireless relays is possible and practical.

In this network, television pictures are relayed from Washington through booster stations at Arlington, Va., Odenton, Md., and Honeybrook, Pa., to Philco Station WPTZ in Philadelphia and its television audience. This technical demonstration is the scientific forerunner of the means by which signals will be sent across the United States to form a nation-wide television network.

FREE SPEECH.

Free speech is something that everybody favors, but not always at the moment. It is well to remember a recent remark of George Bernard Shaw's: "A civilization cannot progress without criticism, and must therefore, to save itself from stagnation and putrefaction, declare impunity for criticism. This means impunity not only for propositions which, however novel, sound interesting, statesmanlike and respectable, but for propositions that shock the unrefined as obscene, seditious, blasphemous, heretical and revolutionary."

This may prove rather strong meat for timid people. Those of stronger faith can swallow it without harm. They know that in the long run the sound things, whether in art, speech, conduct or government, prevail. Letting unsound ones come out in the open, where they can wear themselves out harmlessly, is better than concealing or holding them down and making a disproportionate issue of them.

TAMMANY.

Tammany Hall, New York City's famous political organization which goes back to Aaron Burr, has engaged a public relations adviser. His function will apparently be to raise Tammany's repute, which has been none too good. An obvious line for the new adviser to make is to suggest better candidates, but the party leaders say this method of decolorizing Tammany is not part of his work.

An additional novelty is the fact that the firm selected, Russell N. Potter Associates, is headed by a Republican. Tammany is supposed to be Democratic, though the three presidents elected on the Democratic ticket since the

Civil War have apparently been at odds with it. But, you can't always tell about candidates. Tammany was supposed to be originally a benevolent institution, a line from which it departed radically in the grafting days of Tweed and Croker. Will the new public relations adviser recommend a return to the original plan, and will he be able to bring it about? And will political machines elsewhere, of which there are plenty, take up the idea?

FUN.

By Virginia B. Hall.

Everybody needs to have his spirits lifted once in a while, to forget troubles through play and entertainment, to be re-created and refreshed. Recreation should have a permanent place in the budget, although a large amount is not so important as the fact that there is always a little money available for fun.

There should be some definite standards of fun for the family. These will include diversion, active participation both mental and physical, relaxation and opportunities for individuals to engage in hobbies. Those living in large cities have more chance to enjoy programs sponsored by museums, libraries, and schools. On the other hand those living in the country and in small towns have the much greater advantage of participation in more outdoor activities.

Some part of the money should be spent for materials and equipment with which to have a good time at home. Part might be spent for books, magazines, and music. Most people enjoy an occasional movie, play or concert. Many like the great game of tennis. Saving for a motor boat rejoices others. But in any case, ideas are more important than money and the best things in life are free.

The Man Who Borrows Money—

... must have good security to offer the lending individual or agency before he can expect a loan. There is no better collateral than real estate provided the title is good. More money is loaned on real estate than any other commodity of value. The careful lender always insists on an abstract before advancing funds, for the abstract reveals the condition of the title and upon the title depends the security of the loan.

MRS. BOND HOSTESS AT ANNOUNCEMENT TEA.

Mrs. Frank Bond entertained with a Saturday afternoon tea, 4 to 6 o'clock at her home near Cisco, announcing the approaching marriage of her daughter Miss Wynema Bond to Lieut. Richard Frank Duda of Wichita Falls and Hillsdale, N. J. Floral decorations emphasizing the bride-elect's chosen colors of blue and white were artistically placed about the rooms of the attractive suburban home.

In the receiving line at the door were Mrs. R. L. Ponsler, Mrs. Frank Bond, Miss Wynema Bond and Mrs. J. Leslie Nikkel of Wichita Falls. Miss Wanda June Bond, sister of the honoree, was in charge of the guest book.

Mrs. O. L. Savage, Mrs. C. H. Fee, Mrs. H. A. Bible and Mrs. W. Wallace presided at the silver tea service in the dining room. The table, overlaid with a lovely lace cloth, held as a centerpiece an attractive arrangement of blue Dutch iris and white snapdragons in a large crystal bowl.

Assisting with the serving were Misses Marie Hunterman, Anna Jo Tableman, Mrs. Wendell Russell and Mrs. Joe Weeks. Other members of the house party were Mrs. B. S. Huey, Mrs. H. T. Huffman, Mrs. Clarence Moon and Mrs. Don McEachern.

Approximately 100 guests called during the afternoon. Out-of-town guests present were Mrs. J. Leslie Nikkel, Wichita Falls; Miss Sarah Frances Whately, Mrs. Ralph Reynolds, Ranger; Mrs. Joe Weeks and Miss Bettie Moon, Strawn; Misses Peggy Jean Gallagher and Wanda June Bond, Fort Worth.

ANNIVERSARY CLUB MET IN WALKER HOME.

Double Octet anniversary club met Thursday in the home of Mrs. W. Frank Walker to celebrate the birthdays of Mrs. Walker and Mrs. Algie Skiles. A covered dish luncheon was served buffet style at 1 p. m. The house was gay with decorations of full-blown roses and other seasonal flowers and the linen-covered dining table held a centerpiece of lovely red roses.

Clever markers directed guests and members to their places at the tables where Mrs. Arthur Johnson, a guest, offered the invocation.

Following luncheon the honorees were encircled and the group sang the birthday song. A short business session was held and Mrs. W. D. Hazel was elected president to fill the place made

Do You Feel "WASHED UP" at 40-60 or More?

Why feel old at 40, 60 or more—why be the victim of the older years? If life apparently has lost its zest you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim and vitality and youthful pleasures, here is a simple, inexpensive method that may change your whole outlook or life. Why not try and regain the pleasures of living you once enjoyed. Why be discouraged—why not regain the verve and zest of a much younger man?

Just ask your druggist for Casella Tablets, either 48 tablets or 200. (The 200 size bottle costs much less per dose.) There is nothing harmful in these tablets. Take as long as you feel that you need them. Women, too, find Casella beneficial.

If the very first bottle of 48 tablets does not completely satisfy you that Casella is just what you need, return the empty bottle and get your money back. Ask for and get genuine CASELLA.

Give the guy the toe of your boot who tries to sell you a substitute.

THEY'VE GIVEN ALL BUT LIFE ITSELF!

WHAT CAN YOU SPARE THAT THEY CAN WEAR?

Over the ravaged ground of war-torn Europe, trudge 125 million men, women, and children who have given all but life itself toward the same permanent peace we all are striving for.

Their need for clothing is as great as that for food—in some areas deaths from exposure equal those from starvation.

These people need something you don't. They need your spare clothing.

150 million pounds must be collected this month. Will you give your share?

What YOU Can Do!

1. Get together all the serviceable used summer and winter clothing you can spare. This includes Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, jackets, pants, skirts, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
2. Take your contribution to your local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
3. Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barcol Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if stubborn pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blot disappears—how much better you feel. More alive, youthful appearing and active.
