## Hi School Juniors Seniors and Faculty In Banquet

More than 100 seniors, juniors and faculty members participated in the annual Junior-Senior banquet in the Laguna hotel roof garden Friday night, being the second number of the pre-graduating exercises which opened with the senior play a week or two ago.

The juniors sponsored the event, with seniors and faculty as guests. Members of the home economics department acted as waitresses. The theme was a Lobo bomber plane, with Fred Neuhaus, president of the junior class, as pilot, who welcomed all aboard for the take off, after some piano selections by Betty Jones.

Crew and guests then stood and sang the air crew song, after which President Neuhaus made contact and Marion Paschall, president of the senior class, talked to the crew about loading bombs for the cruise.

## Death Calls J. T. Walker; Born In Tennessee, 1850

Jerry T. Walker, 95, died Friday night at the home of his son Bob Walker in DeLeon, where he had resided for the past several months.

The funeral will be held at Cisco First Baptist church at 3:30 this afternoon, with burial in Oakwood cemetery. Rev. Arthur Johnson, the pastor, will be assisted in the funeral services by Rev. T. J. Sparkman of DeLeon. Cisco Masonic lodge will also participate in the last rites to a brother Mason, and Robert Grantham, worshipful master of the local lodge, asks all Masons to meet at Masonic hall at 2:30 o'clock this afternoon. Pallbearers will be W. P. Coldwell, F. E. Shepard, W. W. Fewell, Fred Grist, R. N. Cluck and George Boyd. Green funeral home has charge of the body.

Deceased was born in Morristown, Tenn., March 29, 1850. In 1890 he was united in marriage to Miss Mattie Jones, also of Tennessee, and two years later they came to Texas. They first visited with Mrs. Walker's brother, Dave Jones, who lived at Scranton and then for a time Mr. Walker farmed on what is now known as the Schoor place, seven miles south of Cisco. Later the pioneer couple lived in the Grapevine community for many years, or until the death of Mrs. Walker.

Mr. Walker had been a consistent member of the Baptist church for many years and a Mason for about 65 years. He was a most estimable gentleman and had many friends.

Seven sons and daughters survive him, as follows: Mrs. H. L. Kunkel, Dallas; Frank Walker, Cisco; Bob Walker, DeLeon; Mrs. Charles Murphy, Eastland; Dixie Walker, San Antonio; Clarence Walker, San Diego, Calif.; Fred Walker, south of Cisco. There are also eight grandchildren.

The world won't beat a path to your door even if you have a wonderful trap—if you keep it rattling all the time.

LIBERATION DAY—Shouting and waving in their excitement of freedom, French soldiers rush from prison gates to greet Yanks. When first troops of the U. S. 7th Army captured town of Kitzingen, these captives broke from their compound. Many had been prisoners for five years.

## REDS COULD SHORTEN JAP WAR

WASHINGTON, May 5.—How much longer for the Pacific War? Answer lies with our air forces, in the opinion of many officials. Their theory: When our European forces are added to the large number of bombers we already have operating in the Pacific, Japan will be convinced her position is hopeless, will quit to avoid being destroyed as Germany has been. Our people estimate that Japan's plane production is now down 40 per cent; that Tokyo is 50 per cent destroyed, other industrial centers 10 per cent to 20 per cent gone. Job of transferring air forces from Europe to Asia, with the necessary gasoline and oil, other supplies, may take from four to six months. The Philippines will be the staging area for this all-out attack, but the Air Forces will operate also from Guam, Iwo Jima, Okinawa, Saipan and other islands. Speed with which men and material are moved from Europe will tell the story on length of the war, air enthusiasts say. Other officials caution against optimism; point out that we achieved air supremacy over Europe more than a year ago, cut German production of fighter planes 75 per cent in February 1944, have had long and tough ground fighting since then. Note: Russia COULD change all this. Japanese are talking about Germany's folly in fighting a two-front war.

So far our forces in the Pacific have found none of the huge hiding places of crude rubber reported by the natives to have been buried by the Japs as our men closed in. And our need is critical; large stocks of crude rubber would be worth more to us now than the \$100,000,000 in gold captured by the Third Army. At the time of Pearl Harbor we had a 600,000-ton stockpile. By the end of this year it will be down 55,000 tons unless replenished.

If the Fair Employment Practices commission bill is forced from the House Rules Committee by petition (a move already under way) it probably will pass the House but will be killed, pigeonholed or talked to death in the Senate. The House twice passed anti-lynching bills to have them die in the Senate; FEPC has moved into the same category.

American Labor party leaders in New York are squaring off for what may be a bitter showdown with the two big parties on Mayor LaGuardia's renomination. They're especially wrathful at Democratic leaders, whose candidates they've been supporting for years; claim if LaGuardia is turned down now, they'll get revenge in the governorship race next year.

CIO has again rejected requests of Veterans of Foreign Wars for broadening job opportunities for returning servicemen. CIO is willing to give veterans seniority equal to length of their service in armed forces, but seniority would be applicable only after the man had landed a job. VFW and other service organizations want the seniority to apply as aid in getting the job, contending CIO plan prevents veteran without re-employment rights from getting into industries which have added large number of new employes during wartime. VFW plans to seek remedies in Congress, where issue is viewed as legislative hotpot. Members see themselves caught between veterans and unions and few are eager to make that choice.

## LAST OF MILLION NAZI TROOPS THREW IN THE SPONGE IN HOLLAND AND DENMARK, SATURDAY

OUTSIDE MUNICH, May 5.—Two German armies surrendered Saturday to Gen. Jacob L. Devers, 6th Army Group commander. Fighting will cease on the 6th Army Group front—heled by the American 7th and French 1st Armies—at 12 noon Sunday.

STOCKHOLM, May 5.—The German-controlled Scandinavian Telegraph Bureau reported from Oslo that the capitulation of German troops in Norway would be announced Saturday.

The dispatch, quoting "absolutely reliable sources," presumably passed through German censorship. It said Joseph Terboven, German commissioner in Norway, would resign.

Responsible Swedish political leaders also predicted surrender in Norway.

Meanwhile the last half of 1,600,000 German troops in northwest Germany and Nazi-trodden Holland and Denmark surrendered unconditionally Saturday, with cease fire orders climaxing a week of Nazi collapse.

Half a million Germans quit Saturday on the 21st Army Group front. As many more had given up to British and Canadians in the previous 48 hours, convinced as was General Eisenhower that "On land and sea and in the air the Germans are thoroughly whipped. Their only recourse is to surrender."

Already, negotiations were reported well under way for the capitulation of the last two major enemy stands—in the shrinking Czechoslovak-Austrian pocket as well as in Norway—and the final realization of V-E Day.

These reports were thus far without official confirmation, but AP Correspondent Daniel De Luce, just arrived in Paris from Stockholm, said he had been told of German-Swedish negotiations for peacefully ending the German occupation of Norway.

10 per cent or less of the German army's peak total of around 8,000,000 men remained under arms. These remnants were in Norway, Czechoslovakia, Austria, Yugoslavia, Latvia and the hold-out channel ports and islands.

## Doenitz Orders Last Ditch Fight Against Soviets

LONDON, May 5.—Fuhrer Admiral Karl Doenitz called on German armies in Austria, Czechoslovakia and Yugoslavia today to continue the battle "to save as many Germans as possible from Bolshevization and enslavement."

His appeal was addressed to German army groups "center, south and southeast" and broadcast over an unidentified German-controlled station at 1 p. m. FCC monitors said.

The new Fuhrer told the German armies still holding out that they were "not only protecting yourselves at this time, but also many millions of German men, women and children who are east of the area under control of the Americans."

RANGER SAILOR FREED. LONDON, May 5.—First U. S. navy prisoners of war captured in the European theater to be liberated await transportation home. They are six bluejackets now free after three years in Nazi prison camps. Texans among them are Lloyd E. Miller, Ranger, and John L. Moore, Richmond, Texas.

FATHER AND SON MEET. AT THE 83RD DIVISION COMMAND POST, Germany, May 5.—Lt. Amos Carter, Jr., a prisoner of the Germans since Faid Pass, Tunisia, more than two years ago, was reunited here Saturday with his father, Amos Carter, Sr., of Fort Worth, who is making a tour of the front after visiting atrocity scenes. The lieutenant walked up behind his father, talked to soldiers nearby, and announced himself quietly. His father turned around obviously overcome with emotion, embraced him, and patted him on the back wordlessly. Lieut. Carter said the worst treatment he received during his captivity was at the hands of Italians after the Germans had transferred him to Italy. "They spit on us and rocked us at every opportunity."

VETERANS picket Ford-Lincoln factory, Detroit, in controversy over seniority rights of returning service men. William Good-fellow (extreme right) spent a year on New Guinea and has been employed at plant two months. Former soldiers carry pasteboard signs in the rain.

## Cooperation of Ali War Vets Is Highly Essential

It was announced Saturday that John William Butts Post of the American Legion will hold another get-together meeting at Laguna Hotel Monday night, 8 o'clock.

This will be the third of a series of Monday night sessions devoted to constructive planning having to do with increasing the local membership, developing interest in the erection of a commodious permanent home for Cisco Veterans of both wars and other matters of personal import to the many men now serving their country overseas, but who will soon be returning home in large numbers.

A good program promised for Monday night, there will be refreshments and it is hoped that those Legion members who have so far absented themselves from the reorganization meetings will find time to be present and give personal support to the general plan of making John William Butts Post one of the most serviceable organizations in this area.

"We are making fine headway," said one vet of the present war, "but we should have the active backing of all veterans if we are to accomplish even a small portion of the work laid out by local leaders and the fast-growing national organization."

REARRIED TOO SOON. PORTSMOUTH, O., May 5.—Six months after the war department declared him dead—and four months after his wife complied with his farewell wish that she remarry—Lt. Harold W. Goad has been found alive in a Rangoon hospital, his stepmother reported last night. The 27-year-old flier, listed as dead Oct. 31, 1944, a year after other pilots saw his bombing plane go down in flames 65 miles from Rangoon, apparently was found when the British took the city this week.

VERDICT OF SUICIDE. SAN ANGELO, May 5.—County Judge McNeil Wylie of Coke county returned a verdict of suicide in the death of J. Culbertson Deal, 51, manager of the San Angelo Board of City Development for many years. Deal's body was found at noon yesterday in a ravine 18 miles north of here. The inquest revealed he had been shot in the head twice with a .38 caliber pistol. He had been dead at least 24 hours when found, police said.

## Robt Z. Cozart Capt. Walter King Now With Famous Heads Air Attack Air Bomb Group Group in Pacific

AN EIGHTH AIR FORCE BOMBER STATION, Eng.—Sgt. Robert Z. Cozart, 26, of Ackerly, Texas, engineer and gunner on a B-17 Flying Fortress, has been assigned to the 95th Bombardment Group and now is taking an orientation course on flying procedure in the European theater of operations, prior to beginning combat duty in the air.

Sgt. Cozart is a member of the fortress group which was cited by the president for leading the first American bombing attack on targets in Berlin and cited previously for its outstanding bombing assault on railroad marshalling yards in Germany. As a component of the distinguished Third air division, the group also shared in a presidential citation given the entire division for its historic England-Africa shuttle bombing of an important Messerschmitt fighter plane plant at Regensburg, Germany. While flying more than 300 combat missions, the 95th has dropped over 17,000 tons of bombs on Germany and German-held targets.

FIFTH AIR FORCE, PHILIPPINES.—Capt. Walter S. King, son of Mrs. J. G. Stuteville of Cisco, Texas, has assumed command of an attack squadron in the famous Grim Reapers Third Attack Group, the oldest fighting team in the Fifth Air Force.

The young aviator is a graduate of Cisco high school, where he starred in track, football, basketball and debating. He is married to the former Miss Fay Flores of San Antonio and has one brother, Herbert L. King, who is an aviation cadet at Coleman, Texas.

Captain King, a veteran of 79 combat missions, arrived overseas in November, 1943, and was assigned to the veteran Grim Reapers. He has participated in many daring low-level bombing and strafing attacks on such targets as New Britain, Wewak, Hollandia, Jap air bases in Western Dutch New Guinea and Jap strongholds in the Philippines.

There would be a whole lot more divorces if husbands had a trade-in value like today's cars.

SMILING THROUGH—Pvt. Melvin J. Kaplan of New York wears a smile, though his head is bandaged from wounds suffered in Iwo campaign. Followed by a buddy, 19-year-old warrior is back on Coast Guard-manned invasion transport off Iwo.

THE VOICE OF INDIA—Mrs. Vijaya Lakshmi Pandit, who is hailed as sole spokesman of the India National Congress, dines with Dr. Anup Singh in San Francisco, Singh, just about to take a bite, is editor of "Voice of India."

#### CONTROL OF THE PACIFIC.

While it is wise not to take too seriously all you read about occasional disagreements at San Francisco, yet it does seem that representatives of Great Britain and Russia at times go completely out of their way to object to safety proposals favored by American delegates at the meeting.

For instance, why do British delegates object to key islands in the Pacific being under permanent control of this country at the termination of the war with Japan? Haven't we convinced our Allies of our good intentions, our fairness and our friendship through the unparalleled and almost unbelievable aid furnished them in the way of ships, tanks, planes, food and cash money at perhaps the most critical period in their national lives?

#### THE BIG TASK.

The most difficult task the civilized nations are obliged to un-

dertake in the winning of this complex war, is to get at the twisted minds of Hitler's Nazi Germans and make them understand the sins they have committed against the Allies and the world in general. Along with such an exposition must be presented a picture of the mental and moral wrongs that the offenders have done to themselves, in their self-brutalization. It would be a difficult experiment in psychology, but might be effective if well handled.

A small start has been made toward such procedure, in a case where 161 Polish Jews at Neunberg, near Schwandorf, had been wantonly killed by German troops of the Elite Guard — shot through the head or clubbed to death. An American army sergeant assembled the town's 2,200 residents and made them file slowly past the graves and view the emaciated bodies of the victims, and told them over a public communication system: "The people of the civilized world hold you responsible. This is the work of all the German people."

The Nazis seemed to go home to the citizens. A little later black flags were hung on all the public buildings, and the burgomaster said the town was in mourning for the victims of the German brutality.

#### WAITING.

It is just as well not to dally continually with alphabetical dates, wondering when V-E Day and other longed-for days will come. There are, of course, times and places and families — indeed millions of families particularly — to whom it is enormously important to know when sons and fathers will be starting home. But in the great majority of cases, not even the president and the top military men know when that will be, and jittery impatience will not help.

It may be better policy, and better psychology, not to count the days and not to expect the return of fighting men at any particular time. Then there will be fewer hearts broken, and reunion, when it comes, will be all the better for lack of anticipation. Meanwhile it is well to be busy and useful.

### A LITTLE CLOCK WITH PASTEBOARD HANDS

Just an advertising novelty with a regular dial—and between the numerals were the numbers 1 to 60 in rotation around its face.

The directions were—"Set the hands at YOUR age and see what time of day it is for you."

For the young man of 21 it was 7:30 A. M.—he had the morning of life before him. For the man of 35 it was high noon — he had only the afternoon left. For the fellow of 45 it was 4:00 o'clock in the afternoon — he didn't have so much time left. For the fellow of 52 it was 6:00 P. M. — he only had 'till midnight to get his second wind.

SHE'S SAVING MILK by eating

**PURINA CALF STARTENA**  
 One Bag Replaces 40 Gals. of Milk

You'll have more milk to sell—more milk for your country—if you raise calves on Purina Calf Startena. One bag of Calf Startena replaces 40 gallons of milk. And Calf Startena grows big, vigorous, growthy calves. Economical, too—actually costs about one-half as much as milk at the present average U. S. price!

WE ALSO CARRY THE FULL LINE OF PURINA DAIRY CHOWS... BUILT FOR CAPACITY PRODUCTION

For Lots of Milk at Low Cost... **PURINA COW CHOW**

Purina Cow Chow is a scientific feed for your milking herd. It's built to help keep cows in condition for capacity production and long milking life. We have a Purina Cow Chow to meet your feeding requirements. Come in—ask about the Purina Dairy Cycle Plan.

For Easy Calving... Extra Milk Ahead... **PURINA DRY and FRESHENING CHOW**

When a cow is dry, she needs a special feed to do the job of building her calf and keeping her own body in condition for extra milk after freshening. Purina Dry and Freshening Chow is just such a feed. Come in—ask us about it.

The Heroes of World War I Remind Us...  
 To Buy All The Bonds We Can... Now....

They know the cost in human life and equipment, to win even a small military engagement. They know how many boys lie in Flanders Field who might have been home if the last war was a day, a week, a month shorter. That's why for the sake of their sons and nephews now embroiled in battle they urge us all to buy Bonds and keep them, to shorten the war by speeding Victory.
