Legion and CofC Committees Will Work Together

Responding to a challenge to form an aggressive organization with a definite program for the assistance of returning service men and the development of the community, John William Butts Post of the American Legion last night named a liaison committee to work with the Cisco chamber of commerce and approved a project to encourage returning service men to accept the educational opportunities of the "G. I. Bill of Rights."

Haywood Cabaness, post service officer, explained the provisions of the "G. I." bill and asserted that its educational features were the most feasible and workable of all these provisions. He insisted that only through the united efforts of most members and the community can the proper effects of the measure be realized, and called upon the organization to use its influence to guide returning service men into utilizing the opportunities given them.

B. A. Butler, secretary of the chamber of commerce, spoke to the post on the program which the Cisco chamber is undertaking and invited the cooperation of the Legion in carrying out this program. He spoke with special emphasis on the opportunity which Cisco Junior college presents in providing educational advantages to returning service men under the terms of the bill of rights.

FLOWER SHOW TOMORROW. Eastland Civic league and Garden club have completed plans for their annual Flower Show, to be held tomorrow. Displays will be in the show windows of the business houses, says Mrs. James Horton, general chairman of the affair. The regular business meeting of the civic organization will be held at 9:30 tomorrow morning, at the club house, with Mrs. Horton as hostess. Mrs. B. W. Patterson and Mrs. Victor Ginn will sing "Consider the Lilies," with Mrs. Donald Kinnaird as piano accompanist. Officers for the year will be installed at the morning session.

CITY CLEAN-UP STARTS ON MONDAY

Mayor Edward Lee has informed Mrs. W. W. Fewell, cleanup campaign publicity chairman from the City Federation of Women's clubs, that special trucks will begin the pickup of trash throughout the city next Monday, May 14.

Mayor Lee said the trucks have been secured for three days only, hence trash refuse must be ready during that period.

The City Federation has named committees from practically all civic organizations and assigned them to certain territories, for general supervision and inspection purposes, the hope being that these civic workers may be able to prevail upon all residents to clean up their premises and pile the accumulation where trucks can reach it handily.

Vacant lots are the big problem, and always have been. However, a few owners of vacant property accept this responsibility cheerfully and it is hoped the commendable example set by these good citizens will gradually spread to others.

The Daily Press is also informed that the Cisco Garden club has appointed a committee to work with the City Beautification committee of the chamber of commerce.

Ciscoans Get Word From Son After 3 Years' Silence

Mr. and Mrs. H. B. Whatley have just received a letter from their son, Staff-Sgt. Joel D. Whatley, the first word from him in three years. He became a prisoner of the Japs at the fall of Bataan. The short letter said: "Dearest Folks: Have just received one letter from you. Sure was glad to get it. I am well and feeling OK, and hope you are the same. Tell everybody 'hello' and keep your chins up. "It looks like all the family is married except me, but I have not given up hope. As ever, your son, JOEL."

Joe Perry, Route Three, Wins Medal For Achievement

From the Fifth army public relations office comes word that Joe W. Perry, private of the first class, of route three, Cisco, has been awarded the Bronze Star medal for heroic achievement in action in Italy, Feb. 14, 1944. The presentation was made by Brig. Gen. Henry D. Jay, second corps artillery officer.

A handsome photo of General Jay and the Eastland countian accompanied the communication and has been added to the Dily Press picture gallery.

WOULDN'T FIGHT—Ordered to take road to Bavaria when 11th Armored Division troops advanced into Kronach, these young Germans fled to the woods with 22-year-old leader. After surrender, they returned to town and burnt their oversized uniforms. Yanks returned them to parents.

Eastland Legion To Hold Service Officer's School

H. J. Tanner, service officer of Dulin-Daniel Post of the American Legion, Eastland, announces that a service officer's school will be held at Legion hall, Eastland, next Monday.

A general meeting, to which the public is invited, will be held at 8 o'clock that night. The night meeting is to acquaint everyone with their various rights, Tanner added. That is, all those connected with the armed forces through sons, daughters, brothers, husbands and fathers. "In other words," Tanner says, "the night meeting is for your information as to the legal rights of men and women when they come home, and for the dependents of those who will not return."

Col. Jefferson F. Isbell, retired veteran of both world wars, will be the principal speaker at night, and a cordial invitation is extended to the general public to be present and hear him.

SPECIAL SERVICE TONIGHT

Grace Lutheran church will have a special service of thanksgiving tonight at 8:30 in observance of V-E day. Rev. Gerhard T. Naumann, pastor of the church, will deliver a sermon on "God, the Author of Victory and Peace." The children of the Christian day school of the congregation will sing a hymn which was written for this occasion. In gratitude to God the congregation has been collecting funds for a great peace thankoffering, to be used for post war mission work all over the world. That offering taken up at this special service will flow into this special fund. The public is cordially invited to attend.

SERVICE DELUXE—Coast Guardsman Allen Stanchfield of Ann Arbor, Mich., gets plenty of attention from native girls in Manila. One girl ties chin strap and another adjusts tropical headgear to most becoming angle.

SCHOOL FUND INVESTS.

AUSTIN, May 8.—The State Board of Education yesterday voted to invest \$4,000,000 of the state permanent school fund in the new war loan.

AMERICA PAYS.

WASHINGTON, May 8.—The victory in Europe cost the United States about 800,000 casualties and more than \$185,000,000.00. It will be a long time before the final figures are worked out.

NOTICE TO DOG OWNERS.

According to city ordinance, all dogs in city of Cisco must be vaccinated and registered on or before May 15, 1945.

Have your dog vaccinated by a registered veterinarian and present certificate of vaccination, bearing 1945 date, at city hall, office, where a certificate of registration and a metal license tag will be issued for the sum of twenty-five cents. CITY OF CISCO.

BIG THREE ANNOUNCE DEFEAT OF GERMANY AND PRES. TRUMAN SET DATE FOR THANKS TO GOD

WASHINGTON, May 8.—President Truman proclaimed today "complete and final" victory in the European theater of the greatest war in history.

He went on a radio hookup at 8 a. m. to read his formal proclamation, which he prefaced with brief remarks in which he solemnly warned:

"Our victory is but half won. The West is free, but the East is still in bondage to the treacherous tyranny of the Japanese. When the last Japanese division has surrendered unconditionally, then only will our fighting job be done."

It was President Truman's 61st birthday, his first in the White House, and he described it as "a solemn but a glorious hour."

In his proclamation he designated next Sunday — Mother's Day — as a day of prayer for offering "joyful thanks to God for the victory we have won and to pray that he will support us to the end of our present struggle and guide us into the way of peace."

For in rejoicing over victory, he asked the nation not to forget that "sorrow and heartache" abide in the homes of thousands of Americans.

"This is a solemn but a glorious hour," he declared. "General Eisenhower informs me that the forces of Germany have surrendered to the United Nations. The flags of freedom fly over all Europe.

"For this victory we join in offering our thanks to the Providence which has guided and sustained us through the dark days of adversity."

Thus was brought to a close the titanic struggle which cost American armed forces 132,000 lives and more than 550,000 other casualties in three years, four months and seven days of fighting against the Axis in the European and Mediterranean theaters.

Mr. Truman made it clear that this nation's fight against aggression will not cease until the Japanese military and naval forces lay down their arms as Nazi Germany has done.

At the same time Mr. Truman gave his assurance that unconditional surrender "does not mean the extermination or enslavement of the Japanese people."

It means for them, he said, the end of the war, the termination of the influence of military leaders "who have brought Japan to the present brink of disaster."

The President called upon every American "to stick to his post until the last battle is won," and added that until that day, "let no man abandon his post or slacken his efforts."

His proclamation to the American people called upon them — whatever their various faiths — "to unite in offering joyful thanks to God for the victory we have won and to pray that he will support us to the end of our present struggle and guide us into the way of peace."

The President's declaration was synchronized with similar victory proclamations by Premier-Marshal Stalin and British Prime Minister Churchill in Moscow and London, at the same hour.

The Allied armies, Mr. Truman's proclamation said, have through sacrifice and devotion and with God's help "wrung from Germany a final and unconditional surrender."

Plan Compulsory Military Service U. S. War Heads

WASHINGTON, May 8.—Congressmen today disclosed War Department plans for a peacetime standing army of about 500,000 men backed up by an active reserve of 4,000,000.

Outlined behind closed doors to the house military committee, the program contemplates, the committee members said, that congress will enact a compulsory peacetime draft to provide the reserve strength.

A standing, or professional, post-war army of 500,000 men would compare with an estimated 325,000 in 1940.

The 4,000,000 reserves, committee members said, would include an estimated 400,000 to 500,000 National Guardsmen and Officers Reserve Corps members and 3,500,000 youths trained for one year in the Regular Army and assigned to active reserve status.

Committeemen estimated that about 500,000 would be trained each year and the reserve built up to its peak strength over a period of years.

They emphasized that the program is tentative and contingent on enactment of compulsory peacetime military training.

ABOUT-FACE CHARGED.

SAN FRANCISCO, May 8.—The "Big Five" were in complete accord Tuesday on a charter for world security but only after appeasing Russia at the price of provoking a major revolt among Latin American nations. As peace came to the western world on Europe's battlefields, open warfare broke out in the United Nations conference. Latin American spokesmen openly charged the United States with double-dealing and with abandoning the Monroe Doctrine after selling it to the nations below the Rio Grande.

CIVILIZATION.

The most famous scoundrel and faker of modern times is gone, leaving as his memorial a record of blood, hate, vindictiveness and evil ambition surpassing that of Attila the Hun. With him goes his evil gang which for a few brief and shameful years dominated western Europe and scared the world. He has indeed been another Scourge of God, to the great mother-continent of Europe and indeed to all the civilized world. In whatever corners of hell he and his followers are skulking, they may still be patting each other on the back and telling each other gleefully, "It was a great graft while it lasted."

But the little Hitlers and Goebbles and other petty tyrants and ideological swindlers live on, skulking in the ruins of their impudent shrines that were to usher in the millennium, though based on crime and deception worthy of Satan himself. The brutality, terror, misery, poverty and fear into which these gangsters plunged mankind will take years to overcome.

As we look back upon these terrible years, it seems fantastic that any such fate could come to a civilized world apparently so strong, intelligent and progressive. Human faith in our mod-

ern institutions is still shaken. Could there ever be another such bursting out of evil and destructive forces from the abyss? Can one bitter and vengeful man, surrounded by a handful of other men of his type, with promises of a new form of economic salvation, so "get the start of the majestic world and bear the palm alone?" Are human emotions still only "skin-deep," and is human thinking itself so shallow, as Hitler's career has seemed to indicate?

Evidently civilization is still a delicate plant, to be safeguarded and cherished more carefully than its leaders and students have thought necessary. From now on, education must take care of these proved perils with more understanding than it has ever done.

RUSSIA.

The most obvious foreign problem now visible on the international horizon is Russia. Emerging from her long seclusion, the Russians and their problems are suddenly precipitated into the American scene, compelling the facing and solving of situations long ignored. They involve not only our direct dealings with the Soviets diplomatically and economically, but also an apparent disposition of the Russians to make themselves at home in the western hemisphere. It is a rev-

elation, and a situation, which obviously has to be handled tactfully.

In recent contacts it has been evident that apparently the Russians are inclined to like us, and we are inclined to like them. But inevitably there arise questions of ideology, of conflicting economic and political principles and ways of life. Russian leaders, evidently as a matter of deliberate policy, seem inclined to avoid personal contact between the two races as much as possible.

That is all right with us, except that Americans are naturally inquisitive and friendly with all the world, and want to know how about it and what is going on. Incidentally there have been some Russian contacts with Latin America, thanks to the energetic Mr. Molotov, which are not altogether pleasing to Washington. Such matters need to be handled amicably but wisely.

PUBLIC OPINION

Editor Daily Press: You probably won't print this, but here goes: I just wonder what we have to do to get ONE package of cigarettes. Every place I ask it's the same old story — that all cigarettes are being sent overseas to our boys. However, I happen to know different, as my husband, Lewis D. Shafer, keeps writing for cigaret papers. He says they get a small amount of tobacco, but no papers. So, where are all the cigarets?

I'll tell you — behind the counters, and only special customers can get them. Only today I was in a store and asked for one package of cigarets. He was "sorry" — no cigarets today," and at that very moment I counted eight packs he put in a sack for one customer.

I don't want more than my share and would gladly do without as long as they go to the boys on the fighting fronts, but I do think that as long as they have plenty over here, people should share alike. Also, they should be made to put things out in sight. MRS. DALE SHAFER.

(Cisco Daily News Files)

The new pleasure boat, City of Cisco, with a capacity of thirty passengers, made its first cruise Tuesday night. The boat was brilliantly lighted and carried 25 passengers. Frank E. Harrell, general manager of Lake Cisco Amusement company, was in charge of the trip around the huge lake and all of the many bays and inlets were explored for the benefit of passengers. The boat had previously been in use on the Gulf of Mexico as a life-saving craft and is perfectly seaworthy. Mr. Harrell gave the craft a new coat of paint and installed a Ford motor. A canopy top will protect passengers from the sun, thus making daytime jaunts thoroughly pleasurable. The first day the sea-going vessel was put to commercial use more than \$100 was received from out-of-town visitors who wanted to view the reaches of the mammoth lake. Many smaller motor boats are being installed each week and

it may truly be said that Manager Harrell is leaving nothing undone to popularize Lake Cisco and the great concrete swimming pools below Williamson Dam. The water immediately above the dam has already reached a depth of 50 feet, but it will require something like an additional 35 feet before water flows over the spillway.

An unusually pleasant day was spent at Lake Cisco Friday (June 7), when the O'Brien and Poe families had as their guests Mr. and Mrs. W. E. Rushing, Mrs. O. L. Nail, Miss Marilyn Rushing and Dave Nail of Sheridan, Ark., who are here visiting these two families. The visitors are related to both the Poe and O'Brien families. An elegant dinner was served and the party enjoyed boating, bathing and many other outdoor amusements during the day. Those present at the outing besides the guests from Arkansas were Mr. and Mrs. R. L. Poe, Mr. and Mrs. W. J. Poe, Edgar Altom, Ada Altom, Garner Altom, Elaine Altom, Mary Louise Poe, Lurline Poe, Mrs. N. A. Matthews, Dora Matthews, Mrs. I. J. Davis, Mr. and Mrs. W. B. Bennett, Lottie Mae Bennett, Lois Bennett, Mr. and Mrs. H. V. O'Brien, Otis O'Brien, Willard O'Brien, Lorine O'Brien, J. C. O'Brien, Robbie Nell O'Brien, Earl O'Brien, Mrs. J. P. Hastings, Mr. and Mrs. P. D. O'Brien, Doris Wayne O'Brien, Arthur Williams and Jack Valentine.

Six Cisco Lions and six Eastland Lions will contest for golf honors on the grounds of the Cisco Country club Sunday afternoon. It will be an 18-hole set, played under rules to be agreed on by the participants. The Cisco team will be chosen from the following list: Chapman Williamson, Guy Dabney, W. B. Statham, C. A. Whitfield, G. C. Richardson, W. B. Chapman, W. R. Cabaness and P. F. Keelan. In the Cisco tournament just closed, Chapman Williamson was the winner. Williamson won his spurs by eliminating George B. Kelly at the sixteenth and Guy Dabney at the seventeenth hole.

DALLAS. — Professor M. T. Workman, English instructor at the Southern Methodist University was dismissed today (June 2) by the board of trustees after a meeting behind closed doors. Dr. Workman is charged with doctrinal irregularities, which he is alleged to have imparted to his classes. He is alleged to have said that the methods of the Methodist church are "antiquated." Students and former students of the university have called a meeting for tonight to protest against the dismissal of Dr. Workman. Yesterday President Seleman called for the resignation of Dr. Harvey Branscomb, professor of the New Testament, following the publication of a letter by Dr. Branscomb that the faculty did not support President Seleman in his action against Dr. Workman, which led to Workman's dismissal today by the board of trustees.

Considering the fact that so many inexperienced people marry, it's no wonder there are so many divorces.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate. Amazing Pep For Men 40, 60 or More

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is an inexpensive method that may change your whole outlook on life. Just ask your druggist for Casella stimulating tablets (either 48 or 200, the 200 size costs much less per dose). Take as directed on label and feel the thrill of living again. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try Casella tablets and regain the verve and zest of a much younger man? Women too, will find Casella tablets beneficial.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better—Many sufferers receive lasting relief quickly, soon they discover that the real cause of their trouble was in their kidneys. The kidneys are nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may mean backache, rheumatism, itching, loss of sleep and energy, getting up at night, swelling, puffiness under the skin, headache and dizziness. Frequent or scanty passages with stinging and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait, get your doctor for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney troubles that cut poisonous waste from your blood. Get Doan's Pills.

ALL OUT WAR EFFORT

We Still Must Whip the Nip!

Who can blame Americans for going half mad with joy as Hitler's cruel war machine is smashed into the dust! For all who have fought and worked and suffered grievous loss, this hour of triumph is deserved.

But our men are still fighting and dying out there in the Pacific. If we let down now, we'll be letting them down!

Let's stick to our war jobs until Uncle Sam says, "Well done—you may relax!"

Let's buy extra War Bonds—they will be needed now, more than ever.

Let's use transportation wisely. Greyhound would like to offer unlimited pleasure travel right away—today—but carrying war manpower is still its most urgent task. You may be sure that Greyhound will lead the field with fine new equipment, new comfort features, new carefree tours just as soon as war requirements will permit.

But now—let's finish the job!
