## Fleming Helped Clarify Conference Purposes

An interpretation of what the conference is trying to do at San Francisco, and what the Dumbarton Oaks agreement means, was the subject of Rev. Durwood Fleming, pastor of Eastland First Methodist church, at Wednesday's Cisco Lions luncheon. Other visitors and guests were Tom Stark, Cisco; M. M. Smith, Fort Worth; Albert Tuck and H. O. Mitchell, Breckenridge.

The speaker was introduced by Lion Austin Flint, program chairman for the week, who said he had recently visited in Eastland and had heard some men discussing the study Mr. Fleming had given the subject, and so asked that he appear on the Lion program here.

Mr. Fleming said the San Francisco conference was a further action to the agreements by the major powers last August at Dumbarton Oaks, so named from the estate at which the gathering was held. Now, delegates from the 46 countries friendly to the Allies, are engaged to work out details for a later peace agreement that may solve future problems without having to go to war for a settlement.

The speaker said the charter grows out of four fundamental statements, as follows:

1. Peace-loving nations band together.
2. To prevent or suppress wars.
3. To build for peace through international cooperation.
4. Arrange for a progressive reduction of armament.

Mr. Fleming then went on to show by charts and outlines just how the conference and future organization will function. The explanations were quite sufficient, and were arranged in a manner that should make the subject clear to those hearing the talk. A round table of questions and discussions followed.

## PACKERS CHARGED.

DALLAS, May 10.—Despite protests of three Dallas packing companies, information charging violation of meat price regulations were filed in federal court Wednesday. It was disclosed today, filed by the district attorney's office, the information charged the three firms with sales of meat above ceiling prices and issuing of false invoices.

## STILL FIGHTING.

LONDON, May 10.—The Prague radio announced at 3 p. m. today that German aircraft again are bombing big concentration camp at Terezin where thousands of Jews, most of them aged, still are confined.

## Arnold Wooten, 18 Has Been Oversea Fourteen Months

Mr. and Mrs. P. A. Wooten of Cisco have just had a letter from their son Arnold Wooten, 18, who has been serving with the navy in the South Pacific for about fourteen months. He was well, though longing for home.

Another son, Hershel Wooten, 19, also a seaman, is serving in the same area. Recently the younger boy saw the ship upon which his brother is serving, but was unable to contact him. This was at Guam.

He also wrote: "I have been in New Hebrides, Guam, Guadalcanal, Iwo Jima, Chica Jema, Madjura (Marshall Islands), Manila, Luzon, Leythe, Pearl Harbor, Palau, Admiralty Islands, Lingoyen gulf. I have also been under air attacks.

"I would like to mention that we have thirty Jap flags to our credit. Say, Bill (his brother), I have a souvenir for you, several of them for that matter, but this particular souvenir is a Jap war band.

"Say, Dad, how do you like your job? I would sure like to be at home working with you. Wouldn't it be swell for us to work together again—you, Hershel and I? Maybe it will be that way again; I hope so, anyway."

The letter was addressed to "Dearest Mom, Dad and Bill," and a postscript read: "I just got an ammunition case dropped on my head. It made a gash, but is not bad. With love to all. ARNOLD."

## Moran Won From Cisco Hi; College Beat Carbon

One of Cisco high school's soft ball teams lost to Moran at Cisco this afternoon by 8 to 6. Cisco led during the earlier innings, but Moran rallied and ran in scores to defeat the home team.

At the same time Moran girls carried off the victory in a volleyball game at Cisco gym by a small score. The soft ball game was played on Chesley Field.

Cisco Junior college girls' volleyball team won over Carbon high school this afternoon at Carbon by scores of 15 to 7 for the first game and 15 to 9 in the second. Cisco college girls have lost only two games this season. Mrs. Minnie Hill is team sponsor.

A good way to relieve the monotony of your work is to think of ways to improve it.

## Fighting Ends in Europe—Power Wins

### NAZI OVERLORDS AT HEIGHT OF THEIR POWER

Hitler and his "supermen" with all their stuffed-shirt pomp and ceremony. Their promise to rule the world has ended in defeat and annihilation. Arrogant and ruthless, here, at the height of their power, they have brought only misery and suffering to the German people, as well as to those they sought to conquer and destroy.

**THE KAISER**  
In 1918 Kaiser Wilhelm of Germany (above) found refuge in Holland and he never paid for his part in World War I. Where, outside of suicide or assassination, will the Nazi warlords find escape from their responsibility for the crimes of the past decade?

### NAZI "SUPERMEN" AS THEY ARE TODAY

FRANCE — Lucky to be prisoners, Hitler's fanatics met their masters when they ran up against well-trained, well-equipped American and Allied troops. Two youngsters in the foreground gave their age as eighteen but were judged to be about 14 years old. Grizzled German veterans, behind them, also show extent to which Germany scraped the bottom of manpower barrel. Nazi equipment, too, deteriorated — proved no match for American power.

**PLANES—IMPORTANT FACTOR**  
Our superiority of Aerial observation directed the attacks of our victorious armies. These planes, as well as trainers and many fighters, were powered with dependable Continental engines.

### 1918 ARMISTICE CELEBRATION

NEW YORK—Flags, people and cars filled Fifth Avenue that November day and similar scenes were repeated throughout the nation at the announcement of the end of fighting in Europe. But this celebration was tempered with anxious thoughts of the boys and the battles-to-come in the Pacific—until the day of total victory.

### TANKS HELP WIN

As Germany's power decreased, the Allied Nations' increased. Power to win came from well-trained, strong men and from America's mighty fleet of tanks and other motorized equipment, much of it powered with Red Seal engines, serving agriculture and industry as well as our armed forces.

## YOUNG TROUT—New addition to family rooting section of Detroit Tiger pitcher, Dizzy Trout, is two-week-old Diane Ruth. Brothers Paul Arnold and Richard Michael look on proudly with mother. Baby arrived just before papa Trout scored first victory of 1945 over St. Louis Browns.

## Aaron A. Grisham House Okays \$2,000,000 a Month For Texas Aged

AUSTIN, May 10.—A \$31,625,145 biennial appropriation for operating state departments passed the House, after riders had been affixed continuing the currently increased allocations for old-age assistance and aid to needy blind.

The allocation for the aged is \$2,200,000 a month. The same rate was authorized by the legislature earlier in the session, effective for the remainder of the biennium expiring August 31, 1945. The house also allocated \$820,000 a year for the blind assistance fund, also following a recently revised schedule.

Representative Ben Sharpe, Paris, said the \$2,200,000 a month will enable payment of \$30 a month maximum pension to 56,000 persons and raise the other 115,000 recipients nearly \$6.00 each.

The allocations came from the omnibus tax clearance fund, and are not counted as appropriations. The house adopted an amendment by Charlie Pigg of Waxahachie limiting expenditure of state funds for administering old-age assistance to \$853,000 a year, which he said would make \$1,258,000 in other administrative funds available for distribution to pensioners.

Mr. and Mrs. C. L. Tune visited their son-in-law and daughter Dr. and Mrs. F. C. Kelton in Dallas Wednesday.

## Prague Girls Met Liberators With Arms Wide Open in Treaty-Making

PRAGUE, May 9. — Konrad Henlein, the traitorous gaudier of the Sudetenland, and Karl Frank, bloodthirsty Nazi military governor of Czechoslovakia, were taken into custody by American troops today, as German soldiers fled westward from this shattered capital toward American lines.

Henlein, the Sudeten organizer who paved the way for Hitler's march into Czechoslovakia, was caged by the First division. Victorious Russian troops paraded through the city amid the wild acclaim of the populace, which lost 5,000 casualties, by Czech account, in the last ditch bitter three-day battle with the Nazis.

"The dead and wounded are so many they still are uncounted," declared a spokesman for the Czech national committee, in describing the last major battle of the European war, which ended at 9 a. m. today when the Czech flag was hoisted over the last German stronghold.

The refugee crowded city—last European capital to be liberated—erupted in a mad outburst of relief and joy after the first reconnaissance elements of the Soviet army had raced into Prague from the northwest.

Fur-capped Russians, looking like Daniel Boones on motorcycles, were almost mobbed by the exultant throngs. Every Red army vehicle soon was overflowing with pretty Czech girls —

## RANKS REDUCED BY 16,425 CASUALTIES, MARINES AND DOUGHBOYS SLOG THRU MUD

GUAM, May 10. — Japan's dwindling homeland oil supplies were blasted for the first time today by a record fleet of more than 400 B-29s.

Smoke columns rose 15,000 feet from wreckage of oil storage and fuel manufacturing centers on Honshu, main Japanese island, and returning Superfortresses crewmen reported results "excellent."

The big bombers also struck at airfields on Shikoku and Kyushu islands, from where Japan sends suicide planes into the battle for Okinawa.

Fulfilling Fleet Adm. Chester W. Nimitz' promise of greater and greater air attacks on Japan, today's formation of sky giants carried total bomb tonnage equivalent to the maximum loads of more than 1,000 Liberator bombers. And the Superfortresses winged more than 3,000 miles to do it.

First on the list of oil areas to be struck were the Tokuyama and Otake fuel storage and manufacturing centers on the Inland sea, a major source of supply for the enemy. Bombs were spilled in a one-target sally at the Tokuyama naval fuel station and a nearby synthetic fuel factory.

Japan's biggest homeland oil storage center on tiny Oshima island, just off the northwest tip of Kyushu, was another top target.

Bombs were dropped visually and accurately in daylight with but little fighter opposition. It was a different story when the Superfortresses roared over a Japanese naval force. There, said 2nd Lt. Joseph E. Rogers of Wharton, N. J., the sky "turned black with flak."

Even the usually reluctant Japanese Dumei news agency admitted the fleet of attacking planes was huge, and reported by broadcast that "approximately 300" Superfortresses had participated.

## OKINAWA LOSSES.

GUAM, May 10. — Their ranks reduced by 16,425 casualties, doughboys and Marines of the U. S. 10th army slogged through mud and rain today in their weary battle on the southern Okinawa front.

Rain filled even their foxholes as the troops fought over rugged terrain where the Japanese, holed up in tunnels and elaborate caves, are making a death stand. Fleet Adm. Chester W. Nimitz said the Yanks "continued to move south" but gave no details.

Army Mustangs, however, made 1,500-mile round trips from Iwo

to deliver supplies to the front. The committee only recently announced it would not even consider constitutional amendment proposals until after the war.

## LAW IN 90 DAYS.

AUSTIN, May 10. — Governor Stevenson said today he would let a bill revising the state's sanitary code become law without his signature. The bill generally tightens provisions of the existing sanitary code and will become law 90 days after final adjournment of the general session of the legislature.

When the U. S. has voted the best looking in Europe. Westward from Prague to the American lines at Pilsen stretch a 45-mile column of broken German troops fleeing toward Yark positions to escape being taken by the Russians.

## JIMA BASES TO ATTACK KISARAZU AIRFIELD AND TATEYAMA NAVAL STATION

GUAM, May 10. — Unopposed American invasion of Samal island, just off captured Davao city, was announced today as bitter fighting raged on the Mindanao mainland, where doughboys sought to out-flank a Japanese force which has virtually isolated a Yank battalion.

Meanwhile the Australian-Dutch campaign on Tarakan island, off Borneo, neared completion. The Allies held all of Tarakan city, seized strategic Api hill, and closed in on the Djocata oil field. They already have the big Pamocean oil field.

Elements of Maj. Gen. Roscoe Woodruff's 24th infantry division invaded Samal island Tuesday to protect the American flank in the drive up the Davao gulf coast. There were few, if any Japanese believed to be on the island, which is 22 miles long and 10 wide.

Other units of the 24th division established a bridgehead across the Talomo river, west of Davao city, in a flanking move to liquidate the Japanese force which, in a counter-attack Monday, almost ringed a U. S. battalion. There was no further word on how this battalion was faring.

Elsewhere in the Philippines the 25th and 37th divisions on northern Luzon fought fiercely as they approached the important Baletta pass in an encircling move. The 32d division advanced 700 yards along the Villa Verde trail nearby.

## TOO HOPEFUL.

DALLAS, May 10. — A former missionary in the Orient predicted here yesterday that Japan will be defeated in six weeks. Dr. James E. Detweiler, pastor of the North Dallas Presbyterian church, told a Dallas Junior chamber of commerce luncheon that Japan no longer has any friends or real sources and that "the psychological effect of the fall of Germany is all that is needed to push them over the brink into defeat."

#### TECHNOLOGY, HUMANITY.

So the war in Europe, greatest and most momentous in human history, is ended — except for the cleaning up and sweeping out, and the readjustment of people and institutions to the ways of peace. It has been won by the legitimate forces of human progress, and lost by the forces that sought prosperity and dominion by slaughter and robbery. And so, although this is still far from being the best of all possible worlds, the way is being cleared for such reconstruction and control of human energies as may set our European and American civilization again on the road of modern progress.

There remains the Asiatic war, which can by no means be ignored, and may absorb, from now on until full victory, energies almost as great as those spent in Europe. But after that, with wise direction and cooperation of the most enlightened nations, there should be the greatest opportunity this battered old world has ever had, to pull itself together and take full advantage of the immense opportunities afforded by modern science and invention.

Everything depends, however,

on human nature and its capacity for intelligent cooperation. Our science and technology seem to have outrun our humanity. All three must work together in harmonious cooperation to make anything approximating a perfect world.

#### SCOUT CHEFS.

Many good things have come to this country from its widespread encouragement of the Boy Scout movement. But a dividend never envisioned by its founder is the one which turned up the other day in New York City. There, in celebration of the twenty-fifth annual Boys' and Girls' Week, the Hotel St. Moritz turned over its Skygardens kitchen to eight Scout troop cooks for a "fish-ry" contest.

Professional cooks gathered round as the boys went to work with skill and gusto, agreeing with the St. Moritz president, Gregory Taylor, who awarded the prizes, that "Perhaps some of our future hotel chefs are in this group. We don't get them from abroad any more."

Who was winner of the engraved skillet which was first prize? Thirteen-year-old Alphonse Mangini of Troop 472. One man sighed, "What a name for a chef!"

### Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unguainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barel Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablepoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

#### Amazing Pep For Men 40, 60 or More

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is an inexpensive method that may change your whole outlook on life. Just ask your druggist for Casella stimulating tablets (either 48 or 200), the 200 size costs much less per dose). Take as directed on label and feel the thrill of living again. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try Casella tablets and regain the verve and zest of a much younger man? Women too, will find Casella tablets beneficial.

# HELP CISCO CLEAN UP VACANT LOTS

Cisco has made a very credible record of gathering old clothes for people of foreign nations who may be destitute of wearing material. These are on their way.

But we do not stop. Now the Cisco Federated Women's Clubs of the city have announced the ambition to see all of Cisco clean and wholesome without weeds and trash. It is a worthy ambition.

The campaign begins Monday, May 14. Special effort will be made to have all vacant lots rid of all trash that might mar the usual clean beauty of our city. Collect that rubbish and pile handy for trucks to gather.

Contact Mrs. W. W. Fewell who is in charge of this work.
