## War Loan Picture Shown Lions By Stamey and Bint

Wednesday's Lion luncheon hour was given over to business and a picture on the Seventh War Loan, through the courtesy of O. L. Stamey and Arlin Bint. A number of important committees were appointed and President C. J. Turner reported on the zone meeting which he, Stamey and H. R. Garrett attended Tuesday night at Comanche.

Jack Anderson, Norman Huston, O. L. Stamey, W. H. LaRogue and S. H. Nance were appointed to nominate officers for the fiscal year beginning July 1. President Turner also announced the one-day Lions convention to be held at Abilene, June 28, at which time a district governor will be elected and other business transacted.

Lions T. J. Henry, Charles J. Kleiner and Dr. C. E. Paul were appointed to gather scrap paper in the business district Friday. Lions Nance, Flynn and Henry were appointed a committee to arrange for installing the new officers when they shall have been elected.

The picture was an interesting one. It showed rice and other food going to starving prisoners in Jap hands, together with the armaments that are slowly but surely closing in on the Pacific enemy, but which require millions in money that must be gathered from American citizens through war loans.

## DIPLOMA FOR CISCOAN.

DENTON, May 17.—Miss Eugenia Jackson of Cisco is included in the roster of 115 candidates for degrees who will be awarded diplomas at the graduation exercises to be held Sunday evening, May 27, at North Texas State College. When one hundred and five candidates are awarded the bachelors degree and nine candidates are awarded masters degrees, Miss Jackson, daughter of Mr. and Mrs. E. L. Jackson, will receive the bachelor degree in library service. While attending NTSC, Miss Jackson was a member of the Senior Current Literature club, House President's cabinet and Alpha Lambda Sigma.

## SISTER OF CISCOANS DIES.

Mrs. C. E. Montgomery, sister of Y. J. Rylee and half sister of Mrs. H. H. Tompkins of Cisco, died at her home in Abilene last night. Other than the preceding facts and that the funeral would be held tomorrow afternoon in Abilene, no other data concerning deceased was available to the Daily Press this afternoon.

LANDING his Spitfire on Mingladon Airfield at Rangoon, W/Cdr. A. E. Saunders of Hampton, Middlesex, set out alone. He freed Allied prisoners in city jail and told Allies landing by boat that Rangoon already was theirs.

## 137 TRUCK LOADS OF TRASH

Cisco's annual physical clean-up, which started Monday and closed at noon today, appears to have been a thorough success.

Five trucks and ten men, directed by Don Rupe of the city's street department, worked three and one-half days and removed 137 loads of trash which had accumulated in alleys or had been placed at convenient places by property owners after cleaning up their premises.

Mr. Rupe, who obligingly called at the Daily Press office today and furnished the above data, made the following statement:

"In my opinion this has been the most thorough clean-up campaign in years and has added much to the city's general appearance. This is especially true of the many alleys in both the business and residential districts. Many of these were in a deplorable condition."

Mr. Rupe added: "If we have by chance failed to pick up trash piled conveniently anywhere in the city, parties concerned may telephone the city hall and a truck will remove it at once. However, it is not the department's purpose to service the same property twice."

The clean-up was sponsored by the City Federation of Women's clubs and it is expected that organization will make an official report after it has made a check-up of the work performed.

Removing rank growths of weeds and grass from vacant lots and between sidewalks and curbs, in some instances, are still problems that cause civic workers and street department officials to scratch their heads and wonder if, after all, that is not work the city court and police department could handle to better advantage than any other agency?

## Vet Land-Buying Bill Is Approved By Texas House

AUSTIN, May 17.—Two proposed constitutional amendments were approved by the house after it had postponed for a week the consideration of a senate proposal to end the session May 24.

Rep. W. R. Cousins sponsored a resolution to establish a state veterans land board, which would administer a program of land-buying financed by \$25,000,000 of state bonds. The board would include the governor, attorney general and land commissioner, and could buy federally-owned Texas land, state land or private land for resale to war veterans on 3 per cent interest rates. The house vote was 104 to 8.

Without discussion, the house voted, 100 to 17, for a proposal by Representative Houston McMurry to allow a governor to call a special session of the legislature for the purpose of submitting a constitutional amendment. Such changes can be submitted only at a regular session now, and opponents of sine die adjournment have used this as a reason for wanting to prolong the session.

Miss Ida Mae Collins of Fort Worth spent the weekend and Mothers Day in Cisco with her parents Mr. and Mrs. J. J. Collins.

EMANCIPATION—In recent election for some 600,000 municipal councilors in France, French women were permitted to vote for the first time. Women's votes totaled 14,000,000 against 9,000,000 cast by men. Communists polled heavy vote in all six Paris districts in first election since the war. Photo shows young woman casting her ballot in Parisian district.

RESPLENDENT in costumes of their countries, these women of several different nationalities make a colorful audience for Russian baritone Igor Gorin. Singer is explaining worthy cause of clothing drive conducted by National Clothing Committee in New York.

WELCOME—These Marines of the 5th Division have just stepped off transports from Iwo Jima to rest camp in Pacific area. They are greeted by smiling Red Cross workers who hand out fresh fruit juice, ice cream, and good wishes. Seven canteens were rushed to completion by Seabees.

## Federal Money Is Now Available to Crippled Kiddies

AUSTIN, May 17.—Gov. Coke R. Stevenson has signed Proffer's house bill amended to transfer the crippled children's division of the state-department of education to the state health department. This ended differences in which State School Superintendent L. A. Woods had refused to employ a physician in the division, which caused federal funds to be withheld. Coincident with the governor's approval the bill became law and the transfer of the division was immediately effected to make federal funds available once again to aid Texas crippled children.

## EARLY JAP DEFEAT.

LONDON, May 17.—The well-informed Yorkshire Post said today "there is a feeling in some London circles that Japan may be defeated within the next six months."

## NOTICE.

To the public in general: I will not be responsible for any bills or account, past, present or future, other than authorized by me. A. P. Tipton.

## Third Jap City Is Being Bombed Out Like Berlin

GUAM, May 17.—Sixteen more square miles of industrial Nagoya, Japan's third largest city, went up in flames visible 150 miles away today in the second 500-plane Superfortress raid in three days.

The huge American air armada, equaling and perhaps exceeding the record force which hit Nagoya Monday, crashed 575,000 fire bombs weighing 3,500 tons into the southern factory area in 90 minutes before dawn.

"Fire was all over the place," said Sgt. William Foran of Chicago, whose B-29 was over Nagoya at the half-way mark in the attack. "It seemed one big mass of fire."

Other fliers suggested the assault may have been the death blow to Nagoya's sprawling war factories.

## Green Light on New Autos Expected in July

WASHINGTON, May 17.—Labor took up the plea today for swift-reconversion of the auto industry as the government indicated 200,000 cars will be turned out this year.

The industry's labor advisory committee went before War Production board executives to emphasize, as manufacturers did yesterday, that serious unemployment may develop if the go-ahead is long delayed.

WPB told the producers it agrees and promised a green light "as soon as possible," but not before July 1.

Manufacturers submitted a recommendation that they be allowed to build at least 200,000 cars in the part of 1945 remaining when controls are eased. To this WPB's auto reconversion boss, Henry P. Nelson, replied:

"That looks like a pretty good approach right now on the basis of the materials supply outlook."

Nelson told a news conference that production during the first three months of next year probably would reach about 400,000 cars. He added there is little likelihood of many cars being produced before the latter part of this year.

## DOGS KILL WOMAN.

MIAMI, Fla., May 17.—Police reported today that Mrs. Mikko Zinke of Miami died in a hospital after having been literally torn to pieces by a pack of rampaging dogs. Dade County Constable W. M. Hudson said the woman was pulled to the ground and savagely bitten by half a dozen bull dogs.

## WAIT ON MOSCOW.

SAN FRANCISCO, May 17.—United Nations Conference action on two remaining major issues — trusteeships and regional arrangements — was blocked today as the Soviet delegation waited for instructions from Moscow. Hopes of adjourning this conference by June 1 again were fading.

## ROOSEVELT COINS.

WASHINGTON, May 17.—Secretary of Treasury Morgenthau announced today that a new 10-cent coin bearing the profile of the late President Roosevelt will replace the present dime. They will be ready by the first of the year.

## PARK BOARD APPOINTEES.

AUSTIN, May 17.—Gov. Coke R. Stevenson today asked Senate confirmation of the following nomination: State Parks board—Jake D. Sandefer, Jr., of Breckenridge, reappointed for a term expiring May 15, 1951; H. G. Webster of Denison, reappointed for a term expiring May 15, 1951.

## THIS WAS THE ONLY ALLIED REVERSE REPORTED TODAY ON THE PACIFIC OCEAN FRONTS

SAN FRANCISCO, May 17.—Resurgent Japanese troops drove Chinese forces out of Foochow, east China port where Tokyo has feared American landing is the only Allied reverse reported today on Pacific fronts.

Chinese entered the city last Friday night. Their withdrawal was announced as Superfortresses ablaze the waterfront of Japan's third largest city in their second 500-plane fire raid on Nagoya within three days.

An impending climax to the 47-day-old Okinawa campaign, 800 miles southwest of Nagoya, was indicated as Marine patrols roamed freely through the heart of shattered Naha, capital of the southern Ryukyus. Although American casualties were growing heavier, Adm. Chester W. Nimitz announced Japanese were being killed at a rate of 12 to one, with 46,505 known to have been killed.

U. S. Marines and infantrymen who have suffered 20,950 casualties in the Okinawa campaign had either penetrated or were on the edge of Okinawa's three largest cities — Naha, Yonabaru and Shuri.

Reports from other fronts said Nipponese were bitterly resisting on the five active Philippine fronts; Dutch landed in the rear of the enemy holding out on the oil island of Tarakan; and Australians drove to encircle Japanese at Wewak on the north New Guinea coast.

Enemy newscasts also told of a daylight air raid today by 40 Mustang fighters from Iwo Jima on the Tokyo area. Other American aircraft, U. S. commanders announced, sank 13 Japanese ships from the coasts of Nippon to Borneo, and wrecked many small craft in the Kuriles and Philippines.

From the Pacific war's bloodiest front, Associated Press War Correspondent Vern Haugland reported Sixth division Marine patrols yesterday crossed Asato and prowled through Naha, a massive trash dump once inhabited by 60,000 Okinawans, indicating an earlier British report that the port city had been captured was premature. In five hours

the first patrol saw only one living Japanese.

The dead littering the cratered streets were not included in an announced total of 47,543 Japanese casualties on Okinawa. The figure included the unusually high number of 1,038 captured. Only about 35,000 Japanese, many of them wounded, were believed left. The total American casualties included 3,781 dead, 17,904 wounded and 165 missing.

Heaviest casualties were suffered around Naha and Shuri, medieval fortress in the center of the line now threatened from three sides. Tanks belching flames and firing 105 mm howitzers led the 307th regiment of the 77th division to within 300 yards of Shuri. The 96th divisions 382 regiment, wheeling westward, was a like distance from the town, and a tank column of the First Marine division was in Wana village, 500 miles to the west.

A 96th division tank platoon penetrated to within 800 yards of Yonabaru, east coast port.

Japanese resistance was weakening all along the line, but grenade throwing units were still able to periodically recapture some dominating ground.

Stronger Japanese counter-attacks, running into the fifth day, were broken up by the Army's 24th division near Davao on Mindanao island of the southern Philippines.

Japan's puppet government in North China announced abrogation of the anti-comintern pact, following similar action by Japan which was explained as a "sincere effort" to maintain neutral relations with Soviet Russia.

## JAP PLANS REVEALED.

BONHAM, May 17.—A Baptist missionary, held prisoner in the Philippines by a Japanese, said here today that an order calling for the execution of all men over 60 years of age was issued by the enemy at the Santa Thomas prison camp. The missionary, Miss Cleo Morrison, said the order was found on the desk of the prison camp's commandant when American soldiers freed the internees there on Feb. 7.

BLACKOUT FOR GERMANS—Blindfolded prisoners, taken from German U-boat land at British port from HMS Recruit one of the two fleet sweepers that captured them. With their whole country in complete surrender, it is no longer necessary to blindfold prisoners of war.

**FRENCH GRAVEDIGGERS.**

Two former French commanders-in-chief are about to change a German prison for one in France. Maurice Gamelin was once called the best general in the world, by uncritical people who thought the French army the best in the world. Actually the French army was living in the past, with no new ideas since Foch, and apparently no new equipment.

For this failure the statuesque, philosophical Gamelin must stand trial. He apparently hesitated to press army needs on Paris politicians, lest he endanger pleasant relations. When war came he was inactive and bewildered, finally throwing up his hands and declaring that all was lost.

Maxime Weygand, his successor, had prestige as Foch's right-hand man in 1918 and the planner of Poland's successful campaign against Russia in 1920. But when at 73 he succeeded Gamelin, he proved even worse. To all Gamelin's indecisiveness he added an ardent dislike of democracy and at least a partial approval of Nazism. Like Gamelin he had no use for the new military ideas and burning patriotism of a young general named De Gaulle.

The story of Gamelin and Wey-

gand has been bitterly told in "Gravediggers of France" by a veteran French newspaper man known best by his pen-name of "Pertinax." Chief among the gravediggers were Petain and Laval, but Gamelin and Weygand were not far behind. It was not their fault that the corpse refused to stay buried.

**LITERARY JUDGE.**

This judge was famous because he read books. While other judges doubtless do so, the late Judge John M. Woolsey of the United States District Court of New York had occasion to use his literary knowledge in a famous case.

"Ulysses" which involved an obscure creation of the Irish novelist James Joyce, had been banned by the United States customs officials as obscene. Some customs officials have devoted an amazing amount of time to this aspect of their work. When the case came to court, Judge Woolsey took nearly a month to read "Ulysses," and gave it a clean bill of health, calling it a work of literary merit. His decision, admirably phrased, has become a judicial classic, and has eased the entrance into this country of masterpieces unjustly attacked.

(Cisco American Files)

A. J. Olson has returned to his home in Cisco from a 4 months' visit in his native country, Sweden. The traveler returned as cheery as a lark and some fifteen pounds heavier than when he set sail for the homeland. Mr. Olson says he had a fine trip and that it was a great pleasure to meet old friends and relatives whom he had not seen in many, many years. Sweden, Mr. Olson says, is in better shape than any of the adjacent countries and the people there, as in this country, are enjoying more of the luxuries and

have more leisure than ever before in the history of the land. He returned on the Heliogoland and, due to choppy seas and bad weather, was thirteen days in crossing the sea.

Mr. and Mrs. R. Q. Lee and sons, Edward and Quincy Lee, arrived home Saturday night from a month's trip to California. They visited Los Angeles, Long Beach, San Francisco, Petaluma, San Diego and the Catalina Islands. All points visited were of deep interest, but Petaluma, "the chicken town of America," was of especial interest to Mr. Lee. Through the courtesy of prominent Petalumans the Cisco man was given every opportunity to familiarize himself with a great industry, and

came home bubbling over with facts and figures concerning poultry. Notwithstanding California is admittedly a wonder land, Mr. Lee has no desire to leave West Texas and locate there, but believes the Cisco country is more marvelous still and only awaits the efforts of the same calibre of men and women who converted the desert lands of California into one of the greatest producing areas in America and the world.

Junior Twentieth Century club held its first meeting of the year Wednesday afternoon at 4, in the rest room at the city hall, with Mrs. Paul Butler as hostess. During the business session the resignation of Mrs. F. F. Jones was accepted with regrets. Miss Katherine Pettit was elected recording secretary; Miss Mary Elizabeth O'Flaherty, federation counselor; Mrs. L. G. Simon, Misses Helen Williamson and Katherine Pettit were elected delegates to the city federation. The following program was rendered:

Roll Call — American Playwrights.  
History of Drama — Mary Elizabeth O'Flaherty.  
Characteristics of modern Drama — Esther Hale.  
The Modern Stage — Helen Williamson.  
Those present were, Mesdames Paul Butler, E. L. Graham, Floyd Winkston; Misses Addie and Mary Fee, Helen Williamson, Esther Hale and Mary Elizabeth O'Flaherty.

**MANY NEVER SUSPECT CAUSE OF BACKACHES**

This Old Treatment Often Brings Happy Relief  
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 1 pint a day. When disorder of kidney function persists poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## LET'S MAKE THE MOST OF EVERY BAG

Feed is precious today. No right-minded feeder wants any part of avoidable waste in wartime feeding programs. That is why we suggest:

1. USE PASTURES. They reduce the amount of feed you need to buy.
2. PRACTICE GOOD MANAGEMENT. Live, thrifty well-bred stock pays best returns.
3. HANDLE WITH CARE. Be sure your stock gets all that's in the bag.
4. FEED WITH CARE. Extract the fullest worth of every bag in meat, milk or eggs.
5. GET RID OF RATS. They cost you money, waste feed, spread disease.

Your TEXO Feed Dealer urges you to look on every bag of feed as a potential producer of FIGHTING FOOD... needed for VICTORY!

### Amazing Pep For Men 40, 60 or More

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is an inexpensive method that may change your whole outlook on life. Just ask your druggist for Casella stimulating tablets (either 48 or 200, the 200 size costs much less per dose). Take as directed on label and feel the thrill of living again. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try Casella tablets and regain the verve and zest of a much younger man? Women too, will find Casella tablets beneficial.

## ...when you welcome the Victory Volunteer

... As you read this, your armed forces are fighting their way toward the great victory. Every American must do his part—that means every American must back this greatest of all War Bond drives—the mighty, urgent Seventh!

**TWO BIG DRIVES IN ONE!**

... Last year, by this time, you were asked to subscribe in two drives. Since this is the first drive in 1945, we must be ready to back it up to the hilt. That means you must substantially increase your bond buying during the Seventh.

... Let's get ready now to welcome the volunteer salesman with a generous heart and an open pocket-book. Thousands of men, women, boys and girls are giving their time to take your bond subscriptions. They know how vital this drive is—show them you know, too, by buying bigger, extra bonds.

... If you have any income, from any source—whether from work, land or capital—you have a personal quota in this drive. Find out what it is—and be ready to do your share when your victory volunteer calls.

... The need is greater than ever before. As we push closer to victory, the cost of waging war gets higher and higher. More guns, more ships, more planes are needed every day. That's why we must put every ounce of effort behind the Seventh War Loan. And remember, too, War Bonds are still the world's safest investment—they represent savings for your future—victory for your country.
