Ten Blocks of Cisco Paving to Be Resurfaced

Work is beginning this week on repaving of D avenue in South Cisco and on the resurfacing of Highway 80 west of Cisco to Callahan county. Arch Bucy of Brownwood is contractor on the job. Hot top contract has been sublet by Bucy to the O'Neal Construction company of Dallas. Bucy will do the dirt work, it is understood.

About ten blocks of South D avenue from the city limits toward the business district will be resurfaced. Highway 80 west will be improved and repaved.

Miss Winston to Aid Canning Sugar Applicants

Miss Marie Winston has been employed by the Cisco chamber of commerce to assist the citizens of Cisco and surrounding communities in making their canning sugar applications. Miss Winston assumed her duties Thursday at the chamber of commerce offices.

She will be at the chamber of commerce each Tuesday, Thursday and Friday during the summer for this purpose. Those wishing to make their sugar applications are requested to apply only on those days, since the regular staff at the chamber is unable to handle the rush of canning sugar rationing in addition to services which the CofC normally provides in assisting with applications for gasoline, foods and shoe rationing and so forth.

JAP EFFORTS WEAKEN.

GUAM, June 1. — Organized Japanese resistance on Okinawa appeared to be ended today. Tenth Army Yanks pursued crippled, disorganized remnants of the Rising Sun's once-powerful island garrison and closed a trap on Shuri town while radio Tokyo admitted Japanese losses were "gradually increasing."

WASHINGTON, June 1. — President Truman refused today to accept the resignation of Judge Samuel I. Rosenman as special counsel to the president.

Cisco Erects Well-come Sign For All Roosters This Area

Next week will be Rooster Week in Cisco.

Local produce firms, cooperating with the Cisco chamber of commerce in its campaign to improve the quality of eggs produced in the Cisco country during the summer, will pay extra high prices for roosters brought here for sale beginning Monday, June 4 and extending through Saturday, June 9.

"Infertile eggs bring a much higher price," Tom Henry, agricultural secretary of the chamber, pointed out. "By ridding flocks of unnecessary roosters, poultrymen and farmers can not only get rid of the feeding costs for non-producing fowls, but get much better prices for the eggs they sell."

The chamber of commerce is offering a series of five dollar prizes to assist in the campaign. Awards will be paid for the rooster with the longest spurs, the most ornery rooster, the rooster brought the longest distance and the heaviest rooster.

Local produce firms are advertising higher prices for these fowl next week and those who have roosters to sell are urged to watch the advertisements and select the produce house to which they wish to bring their fowls.

Two Eastland county 4-H club dairy judging teams are being readied to participate in the 4-H club judging contests at the Heart of Texas Dairy show, Stephenville, June 12. William Brigham, emergency war food assistant, working out of the county agent's office, is training the teams.

Several work-outs have already been held and now that school is out more practice will be given, Mr. Brigham says.

The boys who have been judging are Charles Moseley, Clyde Moseley, Bobby Moore, Bobby Harrison, Paul Tankersley, W. T. Eaton, Dean Elder.

A total of \$62.50 will be awarded the high-scoring teams, Brigham said.

Coxswain Macias Returns to Sea After a Furlough

Coxswain Julie Macias of the navy, son of Mr. and Mrs. J. Macias of Cisco, left Thursday for the west coast where his ship awaits assignment. For the past two years he served aboard the USS Zeilin and participated in five invasions — Kiska, Tarawa, Kwajalein, Guam and Luzon. Lt. James Qualls of Cisco was put aboard the Zeilin after he was wounded on Iwo Jima.

Macias was born in Cisco and graduated from Cisco high school in 1942. He was a member of the Lobo band for several years. He joined the navy in 1943. After the war the Ciscoans plan to attend Texas Technological College.

Her sister Jonnie Macias, senior in Texas Wesleyan College at Fort Worth, visited him while he was at home.

BIG 3 MEET SOON.

WASHINGTON, June 1. — President Truman disclosed today that his first conference with Prime Minister Churchill and Marshal Stalin will take place soon.

GERMAN LEGEND relates that witches ride broomsticks and dance around "Devil's Pulpit" on Walpurgisnacht, May 1. Previously Hitler's youth gathered here on that night to hear leaders. This year neither devils appeared and the fire was lit by sentry Pfc. Hershel Goddard of Anderson, Ind.

RANGER, June 1. — Considerable Ranger property is undergoing a turnover and reports of some sales indicates local values are higher than for several years.

G. O. Strong has bought two buildings on Main street and plans to use one for his second-hand furniture business. H. C. Henderson of Cisco, new manager of the local branch of C. D. Hartnett Wholesale grocery, has purchased the Brann Garner home on Summit avenue, which he will occupy soon.

Wyatt Jacobs, also a former Ciscoan, has bought the Frank Penn home on Sinclair avenue and Mr. Penn purchased the Bob Hodges farm and home east of town.

U. S. BACKS CHURCHILL.

WASHINGTON, June 1. — President Truman said today that he was in constant communication with Prime Minister Churchill on the French-Levant situation. The President told his news conference that he and Churchill were exchanging wires every day. The chief executive said he had fully approved the dispatch of British troops into Syria.

SECOND POLIO WARNING.

AUSTIN, June 1. — The state health department today sounded the second warning in as many weeks on the above normal media of infantile paralysis in Texas. The bulletin pointed out that in 1943 when a total of 1,274 cases were reported only 21 were recorded in May while for May this year 50 cases have already been reported.

Cross Plains Is Over Bond Top After Big Rally

CROSS PLAINS, June 1. — Cross Plains went over its quota in a street rally Saturday afternoon when sales ran to \$98,750 of which \$85,200 were of the series E denomination. The quota was \$85,000 over all.

Citizens of Cross Plains and vicinity gathered around Major David J. Evans and a military band from Camp Bowie to buy war bonds far in excess of their quota within only ninety minutes. Fred Tunnell, Cross Plains chairman, introduced County Chairman B. H. Freeland, who in turn introduced Major Evans, and the rally was off to a peppy start. Buying was brisk until the band closed the occasion by playing the National Anthem.

Callahan county is still about \$38,000 below the Series E bond quota, stated Judge Freeland.

DECREASE TOO SMALL.

WASHINGTON, June 1. — A decrease of 5,719 in the number of federal employees during April is reported by the civil service commission. The commission said in its monthly report that on May 1 there were 2,914,691 government employees in the United States, compared with 2,920,410 on April 1.

PARIS ORDERS FRENCH IN SYRIA NOT TO OPPOSE BRITISH EFFORT TO AVOID TROUBLE WITH ARABS

LONDON, June 1. — France refused today to comply with Prime Minister Churchill's request that French troops in Syria retire to their barracks to avoid the possibility of a clash with the British, but a conciliatory move ordered her troops to "cease fire."

"French troops will remain in their positions," said a French communique issued in Paris after a cabinet meeting.

Beyrouth dispatches said the French commander in Syria had agreed in a conference with the British commander to cease fire, as Prime Minister Churchill had demanded, and also to take orders from the British.

Foreign Secretary Anthony Eden informed the House of Commons that the French in Syria had been ordered by Paris not to oppose British efforts to restore order.

By ordering French troops to cease fire the French thus complied with half the request of Churchill, backed by President Truman, to take steps to end the bloodshed.

In further steps to resolve the dispute that threatened to plunge the Arab world into revolt, it was disclosed that the United States had agreed to sit with other powers in the role of mediator.

The British foreign office announced that France had been invited to participate in a London conference with Britain and the United States to settle the issues involved in the Arab-supported demands of Syria and Lebanon for full independence and Allied insistence upon safeguards for the communications lines to the Pacific war areas.

Beyrouth dispatches said all was quiet in Syria and Lebanon after the French finally stopped their shelling and bombing of Damascus, Syrian capital, and that small-arms fire had ceased. At

least 400 persons had been killed and 500 wounded.

The British commander in the Middle East, Gen. Sir Bernard C. Paget flew to Beyrouth this morning in a bomber escorted by Spitfires. British destroyers swung at anchor in Beyrouth harbor.

British troops, tanks and vehicles moved along the main roads toward Damascus yesterday following Prime Minister Churchill's orders to intervene.

Actual Cost of This War Can't Be Estimated

WASHINGTON, June 1. — An estimate that the direct cost of World War II has gone considerably past the trillion-dollar mark has been made by the staff of American University here.

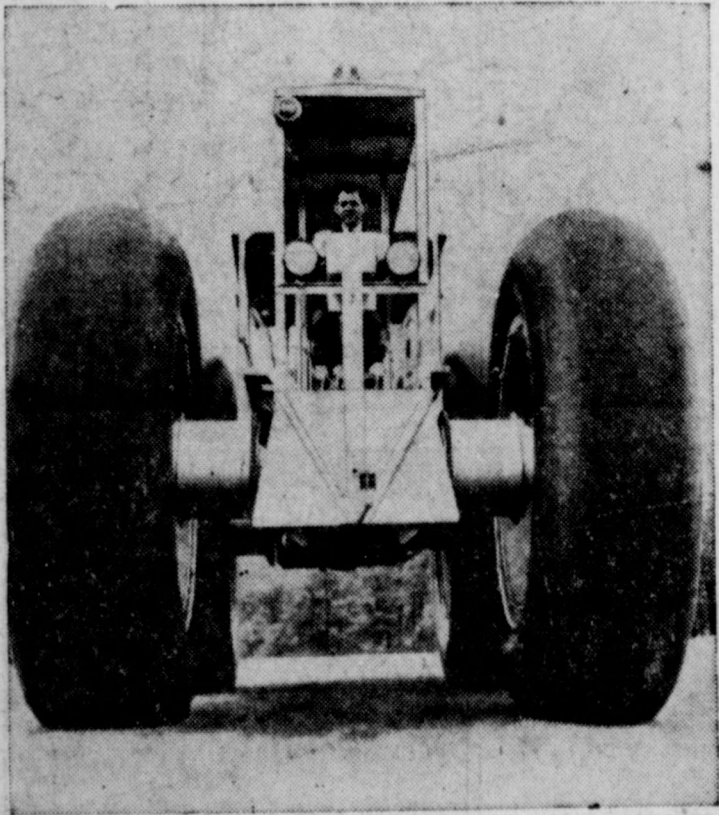

Announcing the result of the school's research, President Paul Douglas calculated that actual expenditures for war since 1934 amount to more than \$500 for every man, woman and child in the world.

Douglas said the total, more than \$1,050,000,000,000, does not include the destruction and damage of public and private property. It likewise does not include Chinese expenditures in the fourteen-year war with Japan which the university has been unable to determine.

Total Allied expenditures up to the present were estimated at \$558,000,000,000. Axis expenditures were calculated at \$442,000,000,000. Douglas said other floating statistical data brought the overall total roughly to the announced figure.

NEW ARRIVALS on battle bomber includes Lt. Michael Peluse of Wilkingsburg, Pa., and retrievers Rupert and Melody, that he brought from England. Landing of 50 battle bombers at airports between Springfield and Hartford, Conn., marked first flight of mass aerial ferry service from England which is expected to return more than 40,000 U.S. 8th Air Force personnel within 60 days.

TOO MUCH GOVERNMENT.

Man, says the Scripture, is "fearfully and wonderfully made," but it seems as if government is still more so. The Byrd committee on congressional economy has uncovered no less than 1,141 bureaus in the executive branch alone. There are 13 principal agencies in the executive office of the President, 23 emergency war agencies with 499 component parts, and 26 independent agencies with 265 component parts. Naturally there is a vast amount of milling around among all these organizations, with confusion and wasted effort.

It is largely the same old Topsy story. Things have not been planned that way, but have "just grown." With the ever-increasing complexity of a great government and a great country in a great world war, the tendency is to keep right on growing until the bureaucrats overwhelm the national scene, and nobody can find anybody else without a professional guide and an extensive leave of absence from his regular business.

The Byrd committee, at any rate, has rendered a public service by revealing the nature and scope of the job that has to be done. The beginning of wisdom in this case may be to stop hiring and start firing. That is what a business institution would do. Governmental operations are never so simple, being bound up with red tape and precedent and vested interest. But a start must be made some time, or else the government will expand and proliferate until it absorbs everybody and everything.

erate until it absorbs everybody and everything.

THE NECESSARY WORD.

People who like things boiled down into a few words will find what they want in the words of Frederic G. Melcher, who for many years has been editing the Publishers' Weekly.

"If any one word holds the essence of today's needs," he says, "it is the word 'United.' In spite of the enemy's propaganda and political maneuvering the Allies are reaching their first objective with a united front. A group of nations have achieved a turning point in history, ending an era which promised a 'new order' based on ruthless authoritarianism, and opening the way to a new era which, if we stay united, will turn toward justice and cooperation."

Despite the headlines suggesting that the different conquering nations have different ideas and policies, all should hold fast to the one word "United." It is the one necessary word of today.
