Joe Johnson of Doris Wheat Is Cisco Promoted Queen of Sheep and Goat Men at Las Vegas

LAS VEGAS, Nev. — Joe D. Johnson, son of Mr. and Mrs. Edgar Johnson, 809 Ramsey street, Cisco, Tex., recently was promoted from private first class to corporal at Las Vegas (Nev.) army air field. LVAAP, oldest flexible gunnery school in the AAF training command, is now training B-29 remote control turret gunners.

Pvt. Johnson, who entered the service Feb. 15, 1944, attended Colorado mechanics school from Aug. to Dec. 1944 and airplane mechanics school at Ford factory, Willow Run, Ypsilanti, Mich., from Dec. 1944 to Feb. 1945. Johnson has two brothers in the service. He and his wife, who are now living in Henderson, Nev., list Cisco as their permanent address.

Doris Wheat Is Queen of Sheep and Goat Men

Miss Doris Wheat, Ranger, daughter of Mr. and Mrs. T. L. Wheat of Morton Valley has been named queen of the Eastland County Sheep and Goat men according to J. F. Donley, Ranger, secretary of the West Cross Timbers Sheep & Goat Raisers association.

Miss Wheat will solicit membership for the association and either she or her alternate will be present at Mineral Wells on July 27 and 28 when a regional queen for the 22 counties of the association area will be crowned during coronation ceremonies. Should Miss Wheat obtain more members than queens from other counties, she will become the regional queen, Donley said.

The coronation ceremonies held during the annual show and sale of the sheep and goat men is a feature of the occasion. Miss Frances Hagaman also of Ranger was county queen at the show and sale last year. County queens will act as maids of honor during the coronation ceremonies.

Martin at Fort Sam Houston; 23 Months Overseas

FT. SAM HOUSTON. — Staff Sgt. Milan T. Martin, husband of Mrs. Ester Martin, 311 east Twenty-first street, Cisco, Texas, and son of W. J. Martin, May, Texas, was among returnees at Brooke convalescent hospital, June 7.

Martin served overseas as squad leader with Troop "H," 1st cavalry division, in the Southwest Pacific theater. He saw action in the Admiralty Islands, Leyte and Luzon, and wears the combat infantry badge and Philippines liberation ribbon. Due to illness, he was returned to the United States May 31, 1945, for further hospitalization and medical treatment. He entered the army November 19, 1940, and was 23 months overseas.

After processing in the receiving company of the Brooke convalescent hospital, patients are assigned to various companies, depending upon the nature of their illness, where a company medical officer personally supervises their return to full health.

Schools to Get Their Greatest Cash Beneficence

AUSTIN, July 4.—As a result of action taken here this week by the State Board of Education the public schools of Texas will receive their greatest cash beneficence, \$47,607,000, and the state tax rate automatically boosted to its legal maximum of 72c on each \$100 of assessed values, compared to 55c this year and 47c the preceding year.

The board fixed the available school fund apportionment for the next scholastic year at \$30 a child and ordered a supplemental payment of \$2 each added to the \$25 for the current year. The final \$2 of this year will be paid this week, it was announced by State School Superintendent Dr. L. A. Woods.

Woods estimated that the \$30 will be paid 1,487,000 scholastics, which is 11,480 less than the final count this year of 1,498,480 school children. Thus the new apportionment will aggregate \$44,610,000 and the supplemental \$2,996,480.

Last year the apportionment was \$25 plus a supplemental of \$4 a child while this year it is \$30 and \$2, respectively, a raise of \$3 per capita.

A total of \$2,250,000 was allocated for the purchase of free textbooks, which doubled last year's allocation.

Closer enumeration to prevent fraud on the state and a shifting wartime population between industrial centers in and out of the state are held responsible for the gradual decline in total scholastic population the last few years.

Two Polio Children Also Have Typhoid Fever

FT. WORTH, July 4. — Two of the first polio patients to be admitted to City-County hospital also are suffering from typhoid fever, laboratory tests had proved today.

They are Horace Smith, 20 months, and Billy Jo Smith, 5, Negroes. The children have been separated from other polio patients since they entered the hospital since it was believed they were suffering from another ailment.

Four-year-old Viola Cantrell, daughter of Mr. and Mrs. Nelson Cantrell, Handley, was under observation at the hospital as a possible sufferer from polio today.

THEY HAVE TIME—New Yorkers gather around to buy war bonds and receive alarm clock at rally in Manhattan. One hundred clocks were given first 100 purchasers of bonds valued at \$200 or more. Luck: buyer Mrs. Mary Roberts is receiving bond and clock from AWVS worker Mary Talisman.

WHERE'S THE PAPA?—After policeman Jack Hanley found Mrs. Possum, she gave birth to four little ones in Chicago. Now she is ready to return to forest preserve life, but Anti-Cruelty director says there must be a man in the house. Other cops are spreading dragnet for Papa Possum.

REST FOR THE WEARY—After rough session with 381st Battalion Aid Station on Okinawa, Lt. Henry Matthews, Newport News, Va., stretches out and tries to relax in foxhole. The U. S. 10th Army medic props bare aching feet on edge of hole. He is assistant battalion surgeon at aid station.

TARRANT GOES OVER

FT. WORTH, July 4. — Tarrant county gave her country a "Fourth of July present" and kept a record for herself today by exceeding an \$8,900,000,000 Series E bond quota in the Seventh War Loan by \$97,341. This county is the first major county in the state to meet its "E" quota. Tarrant also has exceeded the over-all quota for the bond drive.

NASTY LABORITES

LONDON, July 4. — Prime Minister Churchill, ash-faced and apparently exhausted by his strenuous campaign tour, was booed and jeered in East London's Laborite strongholds last night when he predicted that the Labor party in tomorrow's election would "get a thrashing such as it never received since it was born."

FEWER FARMERS

WASHINGTON, July 4. — The nation's farm population has dropped to the lowest point in 35 years. Agriculture Department estimated the number of persons living on farms last Jan. 1 totaled 25,190,000. This represents a decline of 5,079,000 since 1940, or a decrease of nearly 17 per cent.

Senator Recites Glaring Faults of Peace Pact

WASHINGTON, July 4. — Senator Harlan J. Bushfield (Rep.) of South Dakota told the senate the United Nations Charter contains a half-dozen glaring faults, but that he will support it nevertheless.

"I shall support it," he said, "because I dare not face my soldier son, nor the millions of soldier sons throughout the world, if I fail to do what I can to stop the senseless maniacal slaughter and planned murder of my fellow men."

Yet he served notice that "whenever and whenever proposed," he will oppose what he termed delegation of congress' power to declare war. The statement was accepted as notice of his intention to seek reservations when the treaty comes before the Senate for ratification, possibly late this month.

Bushfield listed among others the following as jurisdictional faults in the treaty:

"It delegates our sovereignty in the hands of foreigners because we have only one vote out of a necessary total of seven. This power must be referred to congress in each case as it arises.

"It seeks by implication to delegate power to the American member of the security council to vote us into war without reference to congress. This power must be strictly defined and limited by statute to congressional approval in each case as it arises.

"It grants to the security council power to regulate the size and kind of our armaments for national defense. No power on earth should dictate our defense, except the congress.

"It destroys the Monroe Doctrine, which is the only fixed foreign policy America has ever had and leaves that foreign policy to a council of foreign nations."

Vicksburg Celebrates 4th First Time in 82 Years

VICKSBURG, Miss., July 4. — Once upon a time the streets of Vicksburg ran red with Southern blood, and it took its residents 82 years to forget that it happened on Independence Day.

National unity overcame heartaches and bitterness and tears today as the city's 24,000 population celebrated the Fourth of July for the first time since Vicksburg fell to the Union armies of Gen. U. S. Grant on July 4, 1863.

Army bands alternated on the national anthem and Dixie and pride that had smoldered for more than three-quarters of a century threw off its wraps to produce the grandest day of festivity this section of the South has ever known.

Honor guest was Major Gen. Edward H. Brooks, commanding general of the Fourth Service Command at Atlanta, Ga.

Lawyer Had Defended More Than 160 Murder Cases

SAN ANGELO, July 4. — Judge William A. Wright, 86, who died at a local hospital yesterday, came here 62 years ago from Sherman, Texas, suffering from tuberculosis, and became this section's leading attorney.

When he retired in April 1944, he had defended more than 160 persons charged with murder.

Wright served as Texas legislator from this district in 1889 to 1900.

BIG OIL PORT OF BALIKPAPAN MAY SOON BE IN HANDS OF DETERMINED AUSTRALIAN TROOPS

PEARL HARBOR, July 4. — The softening-up bombardment of Japan thundered through its 29th straight day with mounting fury today while Australian troops on Borneo, cutting away at the enemy's stolen Indies empire, were reported on the verge of taking the big oil port of Balikpapan.

Japanese accounts said 120 American fighters raked shipping and shore targets in the Tokyo area at noon today, following a devastating fire raid by 450 to 500 Super Fortresses on four big industrial cities south of the capital.

Huge fires were stoked in the factory-packed targets — Kochi, Tokushima and Takamatsu on Shikoku Island, and the Honshu port of Himeji — by more than 3000 tons of incendiary bombs. It was the first time Shikoku had felt the weight of the B-29 barrage.

Tokyo also reported an American fleet prowling through the waters north of Japan, asserting that a surface force bombarded two of the Kurile Islands yesterday morning.

The increasingly-heavy aerial attacks apparently provoked a new outbreak of invasion jitters in Tokyo. Enemy broadcasts said all Japan was being ringed by a chain of underground fortresses to cope with the coming Allied landing.

On Borneo, veterans of the Australian Seventh Division fought their way through light Japanese opposition to the last ridge position before Balikpapan, one of the richest oil centers in the Indies. An Australian commander said the fall of the smoldering port, partly burned by the retreating enemy, was imminent.

Chinese troops in southwestern China continued their drive northward from the recaptured American air base at Luichow. A communique said they took Luichow, 15 miles north of Luichow, driving the Japanese back toward Chungtu, 20 miles farther to the northeast.

Defendant Freed as Witness Puts Spot on OPA Man

DALLAS, July 4. — "Do you see in this courtroom the man who posed as an FBI man?" Asst. Dist. Atty. Clyde Hood asked an 18-year-old girl, witness in an impersonation case, in Federal Judge T. W. Davidson's court.

The girl looked carefully around the courtroom. Once she looked straight at the defendant but gave no sign of recognition. She then fastened her gaze on City Detective Clarence Oliver waiting to be called as a witness in another case.

Oliver shifted in his seat as the girl continued to look at him and raised her hand as though she were going to point him out. Several times she looked around but her gaze always came back to him.

Finally, looking around for the last time, she saw another man. Her eyes brightened. "That's him," she said with conviction, "the man in the white shirt."

Judge, jury, prosecution and counsel for the defense smiled. The man she identified was Chester Watson, Office of Price Administration investigator, who also was waiting to testify in another case.

The defendant was acquitted.

"Lonely Hearts" Club Was Snare For Silly Men

CHICAGO, July 4. — Mrs. C. Mildred Hill, 64, had waived examination today for removal to Washington, where she is wanted on charges of using the mails to defraud by conducting a "Lonely Hearts" club.

The stout matron allegedly posed as a girl in her early 20's when writing to men throughout the country, according to Postal Inspector M. L. Goldsmith. He said she enclosed photographs of an attractive girl in her early 20's in her letters.

Mrs. Hill's alleged correspondence was uninterrupted for three years. Her last mail-order suitor, Henry Heislick, 55, a carpenter, became suspicious, however, after giving her \$1000.

MORE CANNING SUGAR

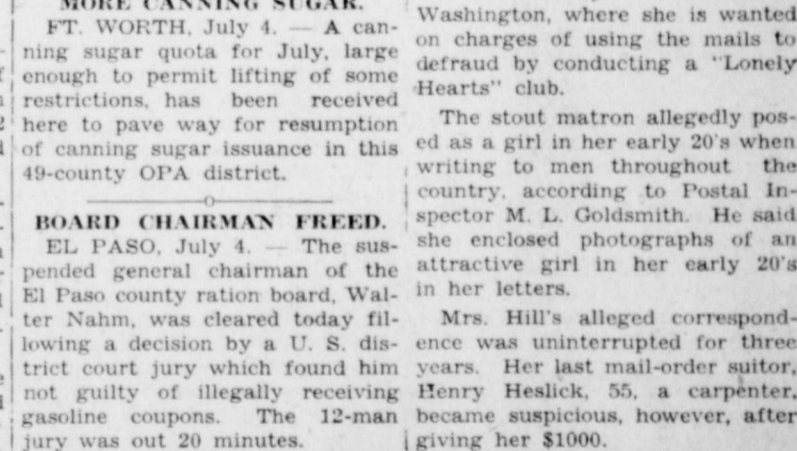

FT. WORTH, July 4. — A canning sugar quota for July, large enough to permit lifting of some restrictions, has been received here to pave way for resumption of canning sugar issuance in this 49-county OPA district.

BOARD CHAIRMAN FREED

EL PASO, July 4. — The suspended general chairman of the El Paso county ration board, Walter Nahn, was cleared today following a decision by a U. S. district court jury which found him not guilty of illegally receiving gasoline coupons. The 12-man jury was out 20 minutes.

LOOSE TALK.

One of our exchanges from a distance makes the following pertinent comment on matters of general interest at this time. The editor says:

Some of the boys coming back from overseas say it makes them sick and tired—all this talk about home folks having to help returned service men rehabilitate themselves and become readjusted to civilian life.

One said: "Just turn me loose and let me get into my civies, and I'll do all the rehabilitating I need without the rest of the folks bothering for me."

Some of the veterans will need careful treatment, patient understanding and kindly tolerance, but such consideration should be as unobtrusive as possible.

None of them like all the talk that is being done about how they must be humored along through their period of readjustment.

Most of them resent the impression being given that they have become psychopathic cases.

PLAGUE ON HORSEBACK.

Radio Luxembourg recently reported 12,000 cases of typhus in 200 German cities. If this be true, it means that the third horseman of the Apocalypse is riding his pale horse again as after every war. War sounds so glorious to people stirred by leaders like Hitler who promise glory and conquest and loot! But famine and pestilence inevitably follow it with death waiting to finish all.

In this modern time, however, there is a hopeful note. Medicine has learned to prevent the spread of typhus by means as simple as soap and hot water. Clean bodies and clean clothing can make individuals immune. If that cleanliness is multiplied into whole cities, the plague can be conquered.

Under war conditions it is not easy to be clean. Often it is not possible. But cessation of the guns and bombs gives armies of occupation a chance to get in their work of sanitary mercy.

All Bowling Alleys, it seems to US, should be given a double dose of air-conditioning during the summer — so Skinny Folks would not be compelled to wear Shorts. It must be very embarrassing for grown-ups with in-turning, undernourished pedal extremities.

FRENCH AND ENGLISH.

"I'm glad to see you." Joseph Paul-Boncour, chief French delegate to the San Francisco conference, managed, with great effort, to achieve that greeting to President Truman. Usually any Eng-

lish at all is too much for Paul-Boncour. The French deficiency in languages is fully as well developed as the British. Common French opinion, content within its own borders, has long held that while a knowledge of English might be nice, so might a knowledge of Chinese.

Georges Clemenceau, premier in the last war, was an outstanding exception. He spoke English perfectly. True, he had lived and taught school in the United States, but not all Frenchmen who do that achieve his mastery. That the differences in opinion between France and the other nations at the Paris Peace conference went no farther than they did was partly due to his language ability. But before Americans put on airs because Paul-Boncour can't speak their language, they might ask themselves how many of them could make even a passable showing in French.

WHY ONE DISTRICT?

If Premier William L. Mackenzie King of Canada lived in the United States, his political career would have ended at the recent election, or at least suffered a serious break, when his Alberta district defeated him for reelection. In Canada that does not matter. Some party member holding a safe seat will obligingly resign, and King will move in.

Is not this a sensible arrangement? Why should a statesman of national repute be lost to our Congress just because one particular district votes against him? A brilliant Louisville congressman of the last generation, Swager Sherley, was permanently lost to the country because John Whalen, Louisville machine boss, switched parties. Nor was he the only man whose Washington career was interrupted by defeat at home.

Part of the trouble is constitutional, part just habit. The constitution requires only that a congressman be elected from his home state, not his home district. Massachusetts has occasionally elected congressmen from other districts than their own. Other states might profitably follow this example.

45 Years Ago.

We note in the marriage license list published in the Dallas News that license to wed was granted R. T. Porter and Miss Rosa L. Weeding. Mr. Porter and bride arrived in the city Monday and have gone to housekeeping at the cottage home on 4th street.

Dr. Manell and Warner Wilson can testify to the fact that the Dallas fair is fair, and that rabbit races were swift and to a finish. Joe Wilson returned Monday from a visit to Dublin and reported a good shower of rain a few miles down the Central.

H. P. Brelsford and wife of Eastland were in the city last Saturday. The congressional fun was incidentally mentioned.

R. F. Weddington says a girl arrived at his home Tuesday, and that mother and babe are doing well.

Cards are out announcing for October, the marriage of Mr. A. M. Douglas and Miss Nina Garner.

Mr. and Mrs. J. M. Griffin, of Cottonwood, were visiting the family of G. B. Everett Sunday and Monday.

The school on Liberty Hill, North Cisco, will commence business October 23, with C. F. Carmack instructor.

Over 100 bales of cotton were in the city yesterday from Elliasville, Young county. Cotton sold in Cisco yesterday for cash as high as 6.75. The receipts were over 200 bales.

Mrs. E. C. Lamb died last Friday and was laid to rest in the Cisco cemetery Saturday. She was seventy-eight years old and left several children and grandchildren to mourn her loss. To the bereaved we extend our sympathy and condolence.

W. L. Harrell has sold his residence property on the town branch, and reinvested on grass-burr ridge. The new home of the J. J. Butts family is nearing completion and is the best arranged residence in

"THAT LITTLE GAME" Inter-nat'l Cartoon Co., N.Y.—By B. Link

the city and a credit to her future interests. Mr. Butts says he will go 300 feet down in the earth for a permanent water supply for his home, and the work has begun. Cards are out announcing the marriage of Mr. George Walter Rose of Sherman, Texas, to Miss Flora E. Robinson, of Cisco, on Wednesday, October 18, at the M. E. church, Cisco.

T. L. Overby of Romney is now with J. W. Smith. Robert Kincaid is now waiting on customers at Fee & Garner's. Miss Lillie Le Veaux is now in the employ of Mrs. J. D. Alexander.

Sheriff Ward of Stephens county returned recently from Arizona where he captured Walter George. Little Joyce Langston entertained her four-year-old friends from four to six o'clock on last Tuesday.

Mrs. Ivan Terrell and little daughter have returned to Fort Worth, after visiting in the home of A. R. Carnes. Sheriff Nobles returned from Albany, Tuesday, with a party

charged with violating the local option law.

A double wedding occurred six miles south of Moran, at the home of Mr. John Dennis last night. Mr. Jim Mashburn to Miss Frances Dennis, and Joe Dennis, Jr., to Miss Malone. We wish both couples much happiness through life, and may they fight life's battles together so that in the end they can say "a glorious victory won."

Richard Gray, our county clerk, was chatting with his many friends on the streets of Cisco last Saturday.

Mr. William Smith and Miss Ora Howe of Pioneer were married Tuesday at 7:30 p. m., at the Broadway hotel, Rev. W. A. Mason officiating.

SPECIAL INVITATION TO ALL LADIES.

Back in the Good Old Days—

... the most of the lawyers compiled their own abstracts. The records were simple and few. But how times have changed! Today, the modern abstract office is a mass of indices, field notes, files, plats, tracings and copy taken from hundreds of records at the Court House — all co-ordinated, assembled and classified in systematic order by trained personnel with years of experience in title work. The abstract has become absolutely essential in every real estate transaction.

LAKEVIEW CLUB
Cisco, Texas.

A toast to the signers of our Declaration of Independence and to our serious-minded men who have kept that love for liberty bright in the minds of men and women of America through the years.

Here's hoping that in celebrating this Holiday Week of July 4, we do not forget the reason for these displays and the waving of our country's flags.

Independence Day carries with it the responsibilities of the men and women who are carrying on at home. We must keep the ideals of liberty and freedom ever bright, and continue to teach the younger generation reverence for what this date means to us and to the world at large for which it seems we are to be greatly responsible.

Especially do we pay tribute to the brave young men of our nation who have kept aloft the banner of freedom in foreign fields of battle in the small as well as the large islands and countries where duty for their country has called.

We congratulate our returning soldiers who are home for a rest and recuperation before again following the commands and needs of the nation.
