JAPANS IGNORE U. S. CHALLENGE

Simon Coplin Is New Head of the American Legion

In a meeting last night at Laguna Hotel John William Butts, president of the American Legion, elected new officers and transacted their routine business. The post expects to continue the progressive program announced by its members some months ago, which includes the ultimate erection of a community home for the Legion and other civic organizations that might want to participate.

The new officers are as follows: Simon Coplin, post commander; F. D. Wright, first vice commander; Charles Stanford, second vice commander; W. Jack Anderson, adjutant; Rev. J. R. Wright, chaplain; Haywood Cabness, service officer.

Ned Starkey, historian.
R. N. Cluck, chairman child welfare.
Ocie Leveridge, sergeant at arms.

Thomas and Humble Teams Winners Last Night

Thomas Funeral Home and Humble Oil company each took two of the three games with Collins Hardware and U. S. Postoffice last night.

All of the four teams again experienced a slump in scoring, with only two men of the 20 participating reaching the 500-mark for the three games.

James Callerman's 214 was high individual score and Guy Morris' 535 was the high three-game score. Callerman posted 532 in his three games.

Next Monday night will wind up the 12-game summer tournament. The teams will play but two games, as follows: Thomas vs. Humble, U. S. Postoffice vs. Collins.

Big Spring Gets Two Million Dollar Vet Hospital

WASHINGTON, July 10.—President Truman has approved creation of a 250-bed veteran's hospital in Big Spring, Texas. As demand increases the institution will be enlarged to 1,000 beds. The hospital will be a permanent one and will be located on a 6-acre site, the gift of Big Spring.

It will cost about \$2,000,000 and will be a general medical and surgical institution.

Groups of virtually every city of 100 in West Texas had visited Washington to put personal pressure on the Veterans administration.

The Veterans administration now has facilities in Texas at Amarillo, Dallas, Waco and Kerrville.

It also is announced that the Veterans administration has authorized its Waco regional office to establish an office in Big Spring, and Rep. George McMahon of Colorado City said the office will be opened as soon as space and personnel are available.

Five Nazi Prisoners Died on Gallows Today

FORT LEAVENWORTH, Kan., July 10.—Five German prisoners of war, sentenced to death for the murder of a fellow prisoner, were hanged this morning at the U. S. disciplinary barracks in a move unprecedented in the annals of United States military history.

The prisoners, termed "fanatical Nazis" by army authorities, were convicted Jan. 25, 1944, at Camp Gruber, Okla., for the murder of Johannes Kunze at the Tonkawa, Okla., branch compound.

They were the first foreign war prisoners ever to be executed in the United States.

IGNORE FEDERAL LAW.

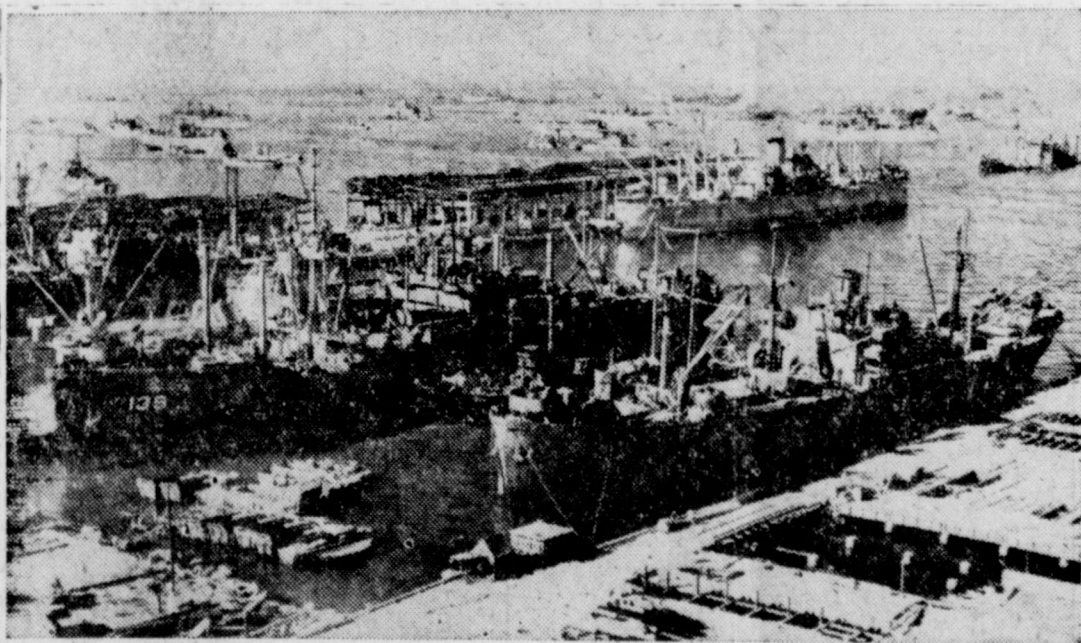

FT. WORTH, July 10.—Ticking of autos found without 1945 federal tax stamps was started this morning by 24 deputies from the internal revenue bureau. In canvass of about 50 percent of the city yesterday, some 4,000 autos were found to be minus the stamp on windshield.

HAIL, HAIL, BUT GANG'S NOT HERE—This scene of broken glass and rubble testifies to the force of hail storm which whipped through Ottawa, Kansas. Pictured here is the Osburn greenhouse, which lost almost all its glass.

LOOKING FOR SOLUTION—President Truman and Acting Secretary of State Joseph Grew, right, confer with Mexican Foreign Minister Ezequiel Padilla, center, on the "Chamizal Question." It involves strip of land in El Paso, Texas, which is claimed by Mexico.

MANILA HARBOR BOOMS—Famous Manila harbor, a graveyard of sunken naval and merchant ships when U.S. forces liberated city in February, is now alive with shipping supporting American advances in Pacific. In this Signal Corps photo of harbor today sunken ships may be seen in rear.

MONUMENT FOR TRUETT.

DALLAS, July 10.—A huge monument to be placed at the grave of the late Dr. George W. Truett of Dallas, world Baptist leader, has been ordered by officials of the First Baptist church. The monument, 11 feet high and eight feet wide, is expected to arrive by December.

MOVIE PIONEER PASSES.

NIAGARA FALLS, N. Y., July 10.—Adam Charles Hayman, 61, who was a cameraman and actor in the first full length movie feature, died in a hospital here today.

ELECTION SATURDAY.

Forward-looking citizens and friends of Cisco Junior College can register their practical interest by going to the polls Saturday and voting for the small amount of expansion money recommended by some 350 petitioners.

Those who may vote include all holders of poll tax receipts and all other bonafide residents who have passed the age of 60 years.

Husband and Wife

AUSTIN, July 10.—The law will determine one possible type of husband and wife argument after Sept. 1.

The statutes appropriating money for state departments and state supported colleges say a husband and wife can not work for the state after that date.

And in case there is disagreement between spouses as to who will retain state work the law says the job will go to the one who has been continuously employed for the longer period of time.

Clifford Thomas Discharged From Army on Points

First Lt. Clifford L. Thomas, recently of the air forces, is now at home after having received a discharge by reason of the number of points with which he was credited. The young man, a pilot, has just returned from the European theater of war where he completed eighty-two missions.

Lieutenant Thomas, 22, son of Mr. and Mrs. Dick Thomas of Cisco, was born in Breckenridge, but was reared in Cisco and graduated from Cisco high school with the class of 1940. His wife, the former Jeffie Jean Robertson, also resides here and is employed by the Nance Motor Co.

The Cisco pilot joined the air forces in June of 1942 and has been overseas since March of 1944. While overseas he was stationed in England, Normandy, France, Belgium and Germany. He was the recipient of the air medal with twelve oak leaf clusters, the distinguished flying cross, the presidential unit citation and seven battle stars.

Plunkett Stage Show Be Here 3 Days next Week

Three nights of vaudeville and variety show are scheduled for Cisco next week—July 16, 17 and 18.

Sponsored by the American Legion, the Plunkett Shows, largely what is termed a family show, has a good road record of long standing and formerly provided most of the vaudeville bill with the Harley Sadler troupe.

There are ten brothers and sisters in the family and most of them will be in the group to be seen here. The company consists of 20 persons and a complete change of program will be offered nightly.

The show will bring its own big tent and a large number of new and comfortable chairs have recently been added to the equipment. The tent will be spread on Tenth street, near the Norvell-Miller grocery.

Allred Will Run For Governor If Johnson Doesn't

GALVESTON, July 10.—James V. Allred, twice governor of Texas, will be a gubernatorial candidate in 1946 unless Congressman Lyndon Johnson runs for the office.

With the announcement here Sunday, Allred became the first of many men who have been discussed as possible candidates to throw his hat provisionally in the ring.

Allred believes it quite likely that Johnson, congressman from Austin who had ready entree to the white house during the occupancy of Franklin D. Roosevelt, will be a candidate for governor.

"Lyndon will make a strong race," Allred said. "At this time I cannot see any one who can defeat him. He has not, of course, announced that he will run. But I believe it quite likely he will. I have no desire to be a candidate in opposition to Lyndon."

MASONS CELEBRATE.

MANSFIELD, July 10.—The Mansfield Masonic lodge today had celebrated its 74th anniversary in ceremonies addressed by Bascom Giles, grand master of the Grand Lodge of Texas. Taking part in the celebration, which was held last night, was Dr. J. N. Thomas, 88, who has been a member of the lodge longer than any other person. He served as worshipful master in 1895.

1,800 US. PLANES WERE OVER JAP HOMELAND TODAY; FIVE HONSHU WAR CENTERS ABLAZE

GUAM, July 10.—More than 1,200 American Army and Navy planes, backed by the greatest naval armada afloat, were still smashing at Tokyo and a broad stretch of the Japanese coast late today after eight hours of sustained bombardment that literally smothered the enemy defenses.

Counting some 500 to 550 Superfortresses that set five Honshu war centers ablaze before dawn, almost 2,000 American warplanes were over Japanese homeland today.

Standing perhaps 200 miles off Tokyo bay throughout the assault were scores of American carriers, battleships, cruisers and the lesser craft of Vice-Admiral John S. McCain's task force 38—the fighting spearhead of Admiral William F. Halsey's U. S. Third fleet.

Tokyo said the American fleet was located southeast of the capital and that it included 10 aircraft carriers.

They broke radio silence continually in a bold challenge to the remnants of Japan's air and sea forces to come out and fight. But fleet dispatches said that thus far not a single enemy plane or ship had been sighted.

Racing westward under forced draft all last night, the carriers pulled within striking distance of Tokyo before daybreak and sent the first of their 1,000 bombers and fighters roaring over the capital a few minutes after 5 a. m. (Tokyo time).

Caught completely by surprise, the startled Japanese offered practically no opposition from the ground or aloft and first reports said the raiders were bombing and strafing at will.

Alarmed Japanese broadcasts said the Navy fliers were ranging up and down the east coast of Honshu on all sides of Tokyo.

And around mid-day, the enemy reported that another 100 Army Mustang fighters, accompanied by "several" B-29 Superfortresses, joined in the Navy strike by attacking shipping and store installations in the Osaka-Kobe area southwest of Tokyo.

The Japanese said a third American striking force comprising 30

New OPA Car Repair Rates Effective Saturday

DALLAS, July 10.—Beginning Saturday the OPA new regulation designed to protect automobile owners from exorbitant repair charges will go in effect, Ralph Crocker, district price executive, announced today.

The regulation, which applied to 57 different standard repair services, limits the amount of labor time the repairman is allowed to charge, and each repairman must present each customer with a complete itemized statement of services rendered, the cost of the material and labor time on the job.

MORE POLIO CASES.

FT. WORTH, July 10.—As three suspects were diagnosed as definite polio cases and two other patients were put under observation in City-County hospital, the total number of verified cases treated here rose to 14 and suspect cases to three.

REUNION—Married in Newbury, England, Mr. and Mrs. Robert Santini of Manhasset, L. I., embrace at Red Cross headquarters in New York. The bride arrived in United States on transport after Santini received discharge papers from Army.

WEDDERS WED—Smiling happily, Miss Helen Worden, former staff writer for the New York World-Telegram, and novelist John Erskine are pictured in Albuquerque, N.M., as they apply for marriage certificate just before recent wedding.

HAPPIEST TIME OF LIFE.

Is the youth the happiest time of life? Modern psychologists and educators say no. President Brown of Denison University puts it this way:

"One dismal platitude that ought to be barred from the commencement platform is that in the past seniors have been playing at life, but henceforth they will see life in all its bare and bitter reality."

"Never, never will you be so happy as you have been this year, the president of a school board prophesied. Damnable lie it was, for adolescence does not have the capacity for happiness that rich maturity does, and that is the encouraging word to be spoken."

This is a true and hopeful doctrine for the world. It encourages youngsters to look ahead, as they should for happiness. It challenges those adults who are inclined to moon over the lost happiness of their youths to make the best of the present years of their lives.

ERA OF COOPERATION.

The United States government and its people probably have a better understanding now with the rest of the world, and are in better position to cooperate with all nations of good will, than ever before. The charter adopted at San Francisco, as President Truman and Senator Connally have pointed out, is backed by "the overwhelming sentiment" of this country. New lessons have been learned and driven home by the experience of the war just ended and the war still in progress. Congress seems more amenable to full cooperation, both the senate and the house of representatives, than it has been before within the memory of living Americans.

It is well to strike while the iron is hot, and to establish beyond any possible doubt the definite and official commitment of this nation to the principles now accepted, before men and nations of ill will — and there are still some, though few — may intrude malevolently to muddy the international waters again.

"We have tested the great principle of cooperation in this war," the President has observed, "and we have found that it works." Moreover, there is now a new charter and a new spirit, which may be made to work in peace as in war.

The world is standing now at one of the turning points of the ages. If the spirit lately shown by all of the Allied Nations and nearly all the civilized world is sustained in this great enterprise, and does what it was not ready to do at the close of the last war, hewing henceforward to the line of enlightened cooperation, the whole world hereafter may rise up and call us blessed.

ern authors, rivalling the famous Goethe himself. Yet he was forced to flee from his fatherland because he would not bow the knee to the ignorant and arrogant Hitler and his criminal gang.

Are the Germans today capable of understanding the quality of such a man, and the moral and cultural values he represents? Doubtless many of them are. But so much muddy water has flowed over the German dam since the rise of Hitlerism that there need be no wonder if German thinking

and German action remain confused. We can control German action, but we cannot control or clarify German thinking. Only in such an occasional voice as that of Mann can the Germans themselves find expression of their lost culture and idealism. They seem now to be lost in a mental fog, and when they will emerge, no man knows.

HAPPIEST TIME OF LIFE.

Is the youth the happiest time of life? Modern psychologists and educators say no. President Brown of Denison University puts it this way:

"One dismal platitude that ought to be barred from the commencement platform is that in the past seniors have been playing at life, but henceforth they will see life in all its bare and bitter reality. "Never, never will you be so happy as you have been this year, the president of a school board prophesied. Damnable lie it was, for adolescence does not have the capacity for happiness that rich maturity does, and that is the encouraging word to be spoken."

This is a true and hopeful doctrine for the world. It encourages youngsters to look ahead, as they should for happiness. It challenges those adults who are inclined to moon over the lost happiness of their youths to make the best of the present years of their lives.

ERA OF COOPERATION.

The United States government and its people probably have a better understanding now with the rest of the world, and are in better position to cooperate with all nations of good will, than ever before. The charter adopted at San Francisco, as President Truman and Senator Connally have pointed out, is backed by "the overwhelming sentiment" of this country. New lessons have been learned and driven home by the experience of the war just ended and the war still in progress. Congress seems more amenable to full cooperation, both the senate and the house of representatives, than it has been before within the memory of living Americans.

It is well to strike while the iron is hot, and to establish beyond any possible doubt the definite and official commitment of this nation to the principles now accepted, before men and nations of ill will — and there are still some, though few — may intrude uninvitedly to muddy the international waters again.

"We have tested the great principle of cooperation in this war," the President has observed, "and we have found that it works." Moreover, there is now a new charter and a new spirit, which may be made to work in peace as in war.

The world is standing now at one of the turning points of the ages. If the spirit lately shown by all of the Allied Nations and nearly all the civilized world is sustained in this great enterprise, and does what it was not ready to do at the close of the last war, heaving henceforward to the line of enlightened cooperation, the whole world hereafter may rise up and call us blessed.

ern authors, rivalling the famous Goethe himself. Yet he was forced to flee from his fatherland because he would not bow the knee to the ignorant and arrogant Hitler and his criminal gang.

Are the Germans today capable of understanding the quality of such a man, and the moral and cultural values he represents? Doubtless many of them are. But so much muddy water has flowed over the German dam since the rise of Hitlerism that there need be no wonder if German thinking

and German action remain confused. We can control German action, but we cannot control or clarify German thinking. Only in such an occasional voice as that of Mann can the Germans themselves find expression of their lost culture and idealism. They seem now to be lost in a mental fog, and when they will emerge, no man knows.

REAL ESTATE SERVICE.

At the close of our first year in the real estate and insurance business in Cisco, we take this opportunity to thank our friends and neighbors for the nice business they have given us. Our business has been beyond our fondest hopes.

It has been our ambition to merit the fullest confidence of all, and since we do not know of a single dissatisfied customer, we believe we have succeeded.

Cisco has some good real estate dealers. Men who will not permit a deal to be closed through them without seeing that the interest of both the buyer and seller is fully protected. Go to your favorite dealer about real estate matters. He is experienced, and knows that he has to protect and maintain his reputation. Deal through him with confidence.

If you are a renter and your home sells, what will you do? Think it over and investigate these homes:

- A large two story house well located on large lot, \$5,000.
- 5 large rooms well located in good condition, \$3,000.
- 5 rooms on pavement, good condition, \$3,000.
- 5 rooms, excellent condition, 2 lots, \$3,500.
- 4 rooms, poor condition, close in, \$1,350.
- 5 rooms, poor condition, close in, \$1,600.
- 5 rooms, fair condition, close in, \$2,250.
- 5 rooms, fair condition, \$1,850.
- 5 rooms, good condition, corner lot, \$2,500.

See us for farms, ranches, fire and tornado insurance, auto insurance, loans, and other matters pertaining to real estate. Don't sleep at the switch. You might wake up "Sold Out and No Place to Go."
