JELLED GAS BURNS EVERYTHING

Vote Early Tomorrow; Then Remind Others

Only three public junior colleges in Texas are now without a local tax for its support — one of them being Cisco Junior college — it was pointed out today in connection with the election which will be held at Cisco city hall tomorrow to determine whether or not a tax of 20 cents on the \$100 valuation will be levied for the support of the Cisco institution.

Ranger Junior college already has such a tax and it has been in effect for more than ten years. A bill which almost passed the Texas legislature at the last session provided that no public junior college should receive any state aid unless it has a local tax, and educators are certain that such a measure will be enacted eventually. In that event the Cisco school could not continue to exist, since the state now pays \$60 per capita for all students attending the college.

If that should happen the large investment which Cisco has in its college property — all free of debt — would become of no value. Moreover, the opportunity for local high school graduates and graduates from the area served by the Cisco schools, to obtain college education at low cost, would vanish.

Nor would it be possible to carry out any expansion program, such as the maintenance of a school for returned war veterans, the conduct of vocational courses for adults and other programs now developing. It would not be possible to employ a separate faculty for the school, thus greatly increasing its value as a school and the prestige the school would exert in building the entire Cisco educational program.

Cisco voters are urged to go to the polls tomorrow and make the decision representative and decisive.

If only a few turn out the result will not be decisive, and it will not impress upon the public the interest which Cisco should have in preserving and improving this asset which it, among all the smaller cities in Texas, possesses. The polls will open at 8 o'clock at city hall. Give the issue a good sendoff by voting early.

Cisco Lad Helped Win Ball Game in Faroff Carolines

ABOARD THE HOSPITAL SHIP, HOPE, IN THE PACIFIC, Edward L. Woodruff, boatswain's mate, second class, 608 east Twelfth street, Cisco, Tex., serving aboard the USS Hope, helped his mates to a 3-0 win over the Hope's army complement baseball team.

The game, played when the Hope docked in the western Carolines, ended weeks of argument about who could muster the better baseball team, and also won for the Navy men a case of cold beer. Though the Hope is a Navy ship, operated by Navy men, it carries a complement of Army doctors, nurses and medical corpsmen.

Woodruff scored the final run in the sixth inning when one of his mates' 10 hits brought him in from third.

Sister of Joe O. Harris Was Buried in Oakwood

The body of Mrs. J. B. Hulsey, 72, who died Tuesday night at the home of her daughter in Stephenville, was laid to rest in the Cisco cemetery Wednesday afternoon. A funeral service was held at East Cisco Baptist church, conducted by Rev. Evan Holmes and Rev. C. S. Moad.

Deceased was born at Jackson, Miss., December 18, 1873, and was married to Mr. Hulsey about 53 years ago, or when she was 18 years of age. She had been a member of the Baptist church for many years.

Survivors include the husband, 11 children, 40 grandchildren and nine great grandchildren. The children are Mrs. Ollie Walker, Mrs. Alma Barnett, Stephenville; Mrs. Nona Fay Walls, Abilene; Mrs. Vada Algood, Breckenridge; Mrs. Lucile McCoy, Orange; Mrs. Alvina Stephens, Megargel; Arthur Hulsey, Clayton Hulsey, Ft. Worth; Paul Hulsey, Edinburg; Austin Hulsey, Odessa; Sgt. J. G. Hulsey, overseas. Joe O. Harris of Cisco is a brother.

Farmers Frown on Federal Aid For the Unemployed

PRINCETON, N. J., July 13.—President Truman's recent proposal to Congress to augment the program of compensation for unemployed workers has the approval of a majority opinion throughout the country. But the average weekly sum favored by the public is more conservative than the top sum proposed by President Truman.

The president suggested \$25 a week as a maximum. The median average sum favored by the public is \$20 a week.

And the farmers of the country would set the figure even lower, or fully half the farm population opposed to the whole idea of government relief for unemployed workers. Any compensation bill Congress is thus likely to meet the greatest criticism from the farm population.

The country's attitude toward government relief for the jobless was ascertained through interviews with men and women in all types of communities, representing a cross-section of the country. A total of 200 reporters and interviewers conducted the questioning of several thousand persons. Each person interviewed by Gallup's Institute of Public Opinion was asked: "Do you think the government should give money to workers who are unemployed for a limited length of time until they can find another job?"

Property of All Nazis and Their Aides Be Taken

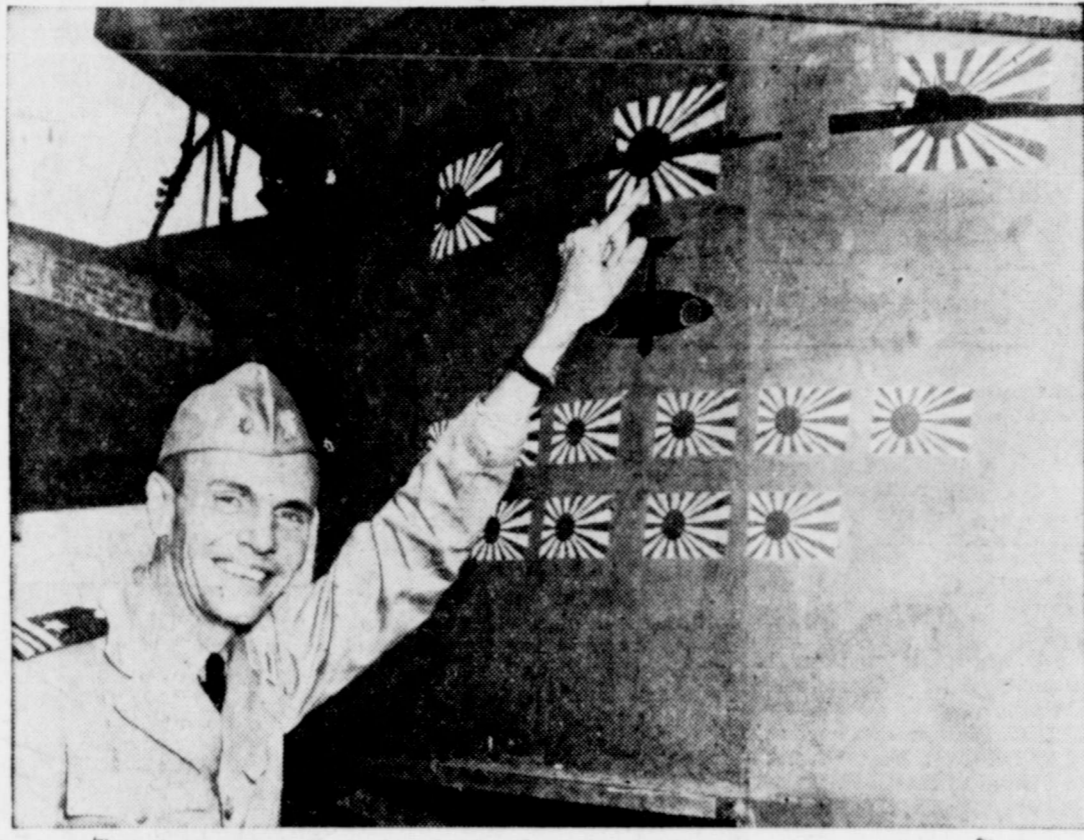

LONDON, July 13.—The Berlin radio said the city council decreed today that the property of all Nazis and everyone who aided them will be confiscated in the German capital.

"The importance of the decree is likely to reach far beyond Berlin, although it applies only to Berlin at present," the broadcast said.

The confiscation was described as reaching beyond the members of the Nazi party and Nazi-created groups to "all other persons who took an active part in the propagation of Nazism, who committed vile acts against others," or who worked for or made profits from the Nazi regime.

The Nazis had acquired by purchase or theft virtually all valuable property in Germany. Every going business concern either profited from or aided Nazism, subsisting on Nazi sufferance.

BLANKETS NEEDED. FT. WORTH, July 13.—With two new positive polio cases and the total steadily rising here, hospital nurses at City-County Hospital today made an appeal to the public for wool blankets, to be cut up as outer packs in furnishing heat applications for victims, which number 17. At least two dozen warm blankets will be needed immediately to replenish the hospital's supply of outer wrappings placed over hot-packs.

DAVID GOT GOLIATH—"All by herself" the destroyer USS Fletcher bagged a Jap heavy cruiser. She's first American "tin can" to chalk up such a one-sided victory. Her skipper, Lt. Comdr. Robert R. Green, of Connersville, Ind., points to the victory sign—one of many—on her bridge.

CHICKEN DINNER—Yanks on Okinawa won't have to depend on C-rations for dinner. They found a fowl running loose and that means a real feast. Seventh Air Force men dressing chicken are from left: Pfc. Melton Frye, Lincoln, Neb.; Sgt. N. Coyle, Carnegie, Pa.; and Pfc. John Rowe.

VISITS OLD COMMAND—Gen. Joseph W. Stilwell (center) lunches with Maj. Frank Hubbard, Los Angeles (left), aide to late Gen. Simon Bolivar Buckner, and Maj. Gen. Frank Heilmann. During flying tour of Okinawa, General Stilwell visited his former command, the 7th Division.

JACKSON HONORED. WITH THE 9TH INF. DIV. IN GERMANY.—Sgt. Wm. L. Jackson has been awarded the bronze star medal for meritorious service in Normandy, northern France and Germany. He is a telephone and telegraph installer and repairman. Mrs. LaRue Jackson,

his wife, resides at 1301 Leggett avenue, Cisco, Texas.

SCRANTON SERVICES. Rev. R. Ernest Little, pastor of the Scranton Methodist church, will occupy the pulpit at 11 a. m. and 8 p. m. Sunday. Sermon subjects will be "Moral Dramatization" and "Life Saving." The public is invited.

FIGHTING TYPHUS. DALLAS, July 13.—Dr. J. M. Pickard, county health officer, announced today the county had been granted the use of the powerful DDT gas weapon in its drive against typhus. State Health Officer Dr. George W. Cox said that 36 Texas counties would participate in rat eradication campaigns.

Raging Gale Hurt 21 Warships; All But 1 Back on Job

GUAM, July 13.—A raging typhoon lashed Admiral Halsey's 3rd Fleet with 138-mile-an-hour winds June 5, tore the bow off the cruiser Pittsburgh and damaged at least 20 other warships, Admiral Nimitz announced today after virtually every damaged ship was back in action.

At least four of the damaged ships—the battleship Massachusetts and Indiana, the carrier San Jacinto, and the destroyer John Rodgers — participated in last Tuesday's 1,000-plane carrier strike at Tokyo.

The typhoon damaged more ships than the Japanese navy has been able to do in action in any single battle. But Nimitz made no mention of anyone being killed or seriously injured. He said no ships were sunk.

Hillman and Murray Seek to Dominate Politics

WASHINGTON, July 13.—The CIO-Political Action Committee have chosen six major legislative issues on which to wage a campaign in opposition to what it called the forces of reaction.

CIO President Philip Murray and CIO-PAC Chairman Sidney Hillman said after a meeting there is danger that these groups may try to prevent full implementation of the United Nations Charter, oppose the Bretton Woods agreement and continue efforts to deprive the peoples of other nations of their opportunity to enjoy economic and political democracy.

Emphasizing it will act as an independent, nonpartisan political force and never as an adjunct to any political party, the statement said the CIO-PAC will intensify its educational campaign to achieve:

1. Wage adjustments to meet increased living costs.
2. Amendment of the fair labor standards act to provide an immediate minimum wage of 65c an hour. This is now fixed at 49c.
3. Legislation providing supplementary federal unemployment compensation benefits and extending such protection to federal and maritime workers and others not now covered.
4. Adequate appropriation for the FEPC and making this agency permanent.
5. Enactment of the Murray-Patman full employment bill and the Wagner-Murray-Dingell social security measure.
6. Prompt approval of the San Francisco charter and the Bretton Woods monetary agreement without reservations.

Labor Board May Decide to Act With Firmness

WASHINGTON, July 13.—The War Labor Board's stiffer attitude toward defiant labor unions, shown in its virtual abolition of a closed-shop contract between truckers and 14 New York City newspapers, has developed in the last two weeks.

In addition to the stoppage of distribution of nearly all the New York newspapers, two daily papers in New Jersey have been unable to publish for a month because of a strike by members of the International Typographical Union.

The New Jersey cases will be given another going-over here tomorrow. The principal union spokesman is expected to be ITU President Woodruff Randolph, who has voiced complete defiance of WLB's authority and has asserted that his organization is not subject to the War Labor Disputes Act.

JAILED BY STIFF GALE, GASOLINE FLAMES FLARED ACROSS 450 MILES OF JAP HOMELAND

PEARL HARBOR, July 13.—Jelled gasoline flames, whipped by a stiff Pacific gale, flared over 450 miles of the Japanese homeland today as Gen. George C. Kenney grimly warned the Japs they can get set for round-the-clock blasting in the near future.

Kenney, commander of the Far Eastern Air Forces under Gen. Douglas MacArthur, revealed that the 7th Air Force, long an aerial spearhead in the Central Pacific, had been shifted from Admiral Chester W. Nimitz' command to join the 5th, 13th, and 20th Bomber Commands in the final phase of the Pacific air war.

Kenney promised to attack Japan, from "10,000 feet to 10 feet" with fires and explosives, with fighters and bombers 24 hours a day.

During the night some 500 to 550 B-29's had paid the first installment by dropping over 3200 tons of incendiaries into five packed war centers on Honshu and Shikoku.

It was the 38th consecutive attack on Japan and raised to 39 the number of enemy home cities gutted by American bombs since the pre-invasion attacks began last March.

Objectives were secondary production centers of Utsunomiya, Ichinomiya, and Tsuruga on Honshu, Uwajima, on the southwest tip of Shikoku, and a cluster of refineries in the Kawasaki area on Tokyo Bay between Tokyo and Yokohama.

Domei, Japanese news agency, said 24-hour attacks were already a reality and that the B-29's had shifted from Japan's major cities and warned the next and probably the final phase before invasion would be attacks on Japanese railway and highway communications.

Japanese broadcasts tacitly admitted the flames were still raging out of control at some points hours after the massive B-29 strike.

Texas Society Is Against Federal Control Schools

AUSTIN, July 13.—Members of congress from Texas have been advised of the Texas Society of Sons of the American Revolution's opposition to pending legislation to place federal control over the public schools, according to Ben B. Hunt, Austin, society secretary.

Hunt made public copies of a resolution which the group's directors adopted. It was signed also by Robert Thompson, Dallas, president.

The resolution says in part: "Be it resolved by the board of directors of the Texas Society, Sons of the American Revolution, that it is unalterably opposed to the passage of Senate bills Nos. 181 and 717 and H.R. No. 1296 on the subject of education for the following reasons:

- "1. They centralize control in Washington.
- "2. They open the way for complete control of the school systems, including parochial schools, by the Federal Government.
- "3. They open the way for diversion of tax money to sectarian and other private schools.
- "4. All temptation to get easy federal money should be resisted and eliminated.
- "5. Any scheme of federal control will necessarily operate through cumbersome federal bureaus which are not responsible to the people of the respective states and will result in an increase of taxes.
- "6. Local communities should administer their own schools and can do it better than federal administrative bodies."

NEGRO RAPIST. FT. WORTH, July 13.—District Attorney Al Clyde and City Detective Lt. Herman Cobb will be witnesses tomorrow at an army court-martial at Camp Howze for Pvt. Ollie Brown, a Negro charged with burglary, burglary by assault after an attack upon a white woman in her home here June 19.

DALLAS, July 13.—Injunction suits were on file here today against three Cleburne meat dealers, Mrs. A. J. Wright, G. O. Stewart and W. S. Stewart. OPA charges violations of regulations for keeping records.

NEARER TO JAPAN.

The war is striking harder and harder upon Japanese territory. Now it is said that Sakhalin has been shelled. And yesterday British planes banged Sabang and the Carnicobar Islands.

Sakhalin is a long narrow island about the size of West Virginia. Its ownership is divided between Russia and Japan, the Jap section being a trophy of victory won in their 1904-5 war with Russia. Its chief merit, aside from the strategic one of an outpost guarding the Eastern Asiatic mainland, is that there is naptha there. The climate is cold, foggy, rainy and snowy, very much like the Aleutians, which those of our men who have been there never want to see again.

But for Sakhalin to be shelled is one more reminder of how close the war has moved to Japan since those seemingly far-off days of two and three years ago, when we struggled to push her armies back from the Mid-Pacific.

THE TRUMAN TREND.

The left wing of the Democratic Party is watching President Truman with critical eyes these days. He is not rated as "one of us" by the CIO labor crowd.

Yet to date, the Truman administration has not indicated any policy trend which is alarming to the New Deal-Leftist wing. On the crucial question of FEPC the president made a strong declaration of support. His statement on unemployment insurance was wholly acceptable to them. His international policy is praised, though that is hardly a test, as the United Nations Charter is gaining support even from conservative Republicans, and so is the Reciprocal Trade Agreements issue.

It is on the question of personalities that New Deal suspicion is focused on President Truman. From Hannegan to Vinson, his appointments have been well to the right. Vinson's appointment as secretary of the treasury is reported to have pleased Jesse Jesse, the conservative of the Roosevelt administration, with whom Henry Wallace tangled and from whom he won an indecisive victory.

Will the Democratic Party come to blows over personalities, perhaps over Wallace or Ickes, who constitute personal symbols of surviving New Dealism in the cabinet? It's a question which is keeping Washington political seers on the alert.

Ultimate Costs, Seen and Unseen - - -

... are all paid for by the consumer. The farmer sells his bale of cotton for \$100.00, and we buy it back in suits of clothes for \$1,000.00. Same old cotton except the looks, design, color, wage, transportation, rent, storage, interest, commission, profits and taxes—many kinds of them. Like the bale of cotton, the abstract, too, must bear its myriad of operating costs but well worth it as it is the basis of your title security and your protection against fraud.

WCS CIRCLE TWO WITH MRS. COLE.
Circle two of First Methodist Women's Society of Christian Service met Tuesday afternoon in the home of Mrs. Wm. H. Cole, with Mrs. John Brown as co-hostess.

Mrs. J. T. Fields, chairman, was in charge and opened the meeting with group singing of "Come Thou Fount of Every Blessing," led by Miss Ella Andres. Mrs. Crigler Paschall was leader of the program in which "The Door of Understanding" was discussed and the devotional, which was in harmony with the topic, was given by the leader.

Mrs. Philip Pettit brought an article "The Closed Door," which was followed by a reading entitled "Nigger," by Mrs. Cole. Mrs. J. T. Fields closed the program with prayer.

A short business session was held and Mrs. Paschall was elected chairman to fill the place made vacant by the resignation of Mrs. J. M. Witten, who is moving away. Routine matters were transacted, after which the meeting was adjourned.

Refreshments of punch and cookies were passed during the social hour to the following visitors and members: Mrs. B. E. Morehart, Mrs. W. A. Flynn, Mrs. W. L. Boyd, Mrs. John Shertzer, Carolyn Ricks, Mary Martha Borner, Mary Ann Morehart, Mrs. J. T. Fields, Mrs. L. H. McCrea, Sr., Mrs. O. L. Stamey, Mrs. Inez Ricks, Mrs. Philip Pettit, Mrs. S. H. GREAT NEWS FOR WOMEN WHO DOUCHE

Many Doctors today recommend the use of douches for women troubled with discharge ("the whites"), offending odor, and minor irritation—for women who want to be and feel refreshingly clean.

And here's a product for the douche—Hospital tested, too, with splendid results—Lydia E. Pinkham's Sanative Wash, made by the same great company that makes Lydia E. Pinkham's Vegetable Compound.

Pinkham's Sanative Wash is gaining great favor today with women. It's mighty effective to cleanse, relieve offending odor, discharge and discomfort of minor irritation, yet it positively won't harm even the most delicate membranes or tissues. Inexpensive, too. Any drug store.

Dominic Rosinski, Fostoria, O., who are responding to a radio call from the Seine section Military Police broadcasting station.

AMUSEMENT PARK—This one, wobbly chimney and the twisted remains of a ferris wheel and high-swing ride are all that remain of this Viennese amusement park. Park was hit by American, Russian and German shells and bombs.

LIQUOR GANG KILLING.
CHICAGO, July 13. — A man was found slain in gangland style today, and police said he was Morris Margolis, 35, who was under indictment in a Michigan liquor racket. The nattily-dressed Italian's body was found slumped over the steering wheel of an automobile on the near-northwest side. The victim had been shot once behind the left ear, apparently by assassins who took him for a one-way ride.

Here's a **SENSIBLE** way to relieve distress of **'periodic' FEMALE WEAKNESS**

(Also a Grand Stomachic Tonic)

Have you at such times noticed yourself feeling nervous, irritable, so tired, a bit blue—due to female functional periodic disturbances? Then don't delay! Try this great medicine—Lydia E. Pinkham's Vegetable Compound—to relieve such symptoms. It's so effective because it has a soothing effect on one of woman's most important organs.

Important to Know!

Pinkham's Compound does more than relieve such monthly cramps, headache, backache. It also relieves accompanying tired, nervous, irritable feelings—due to this cause. Taken regularly—it helps build up resistance against such distress. Pinkham's Compound HELPS NATURE. Also grand stomachic tonic.

DIRECTIONS: Take one tablespoonful 4 times a day before meals and at bedtime. Follow label directions.

In Automatic Refrigerators it is THE MAGIC FLAME that makes the difference!

CONSTANT COLD No stopping and starting of refrigeration cycle!

TROUBLE FREE No moving parts to wear and need replacing!

LOWEST OPERATING COST Takes little natural gas to run!

LONG LIFE Parts that do not move do not wear out!

SILENT No moving parts to make noise!

The gas refrigerator is basically different from all other automatic refrigerators. A tiny gas flame does all the work. Keep this fact in mind when buying that new automatic refrigerator after the war.

With this simpler refrigerating method, there's nothing to wear—nothing to get noisy—nothing to need fixing.

Wartime is proving the value of this silent, trouble-free performance. With repair men hard to get, owners are happy they chose a gas refrigerator.
