Chesley Field to Be Lighted With 40 Modern Lamps

The lights necessary to light the gridiron at Chesley Field have been ordered and are due to be received within four weeks, it was announced Saturday. With the lights now on hand the field will be equipped with 40 such lamps, giving excellent illumination for night games.

Steel poles for the lights are already in place, set in concrete, so that it will be a comparatively simple matter to install the lights.

The most pressing problem facing the school board athletic committee is getting the field in shape. The turf on the gridiron is excellent, but it has grown dangerously high during recent rains, followed by hot weather and will require considerable mowing and watering to put in proper condition.

Repairs to the grandstands and fences and repainting of the field must be done.

Funds for purchasing the lights and for improving the field are being raised by the Cisco Athletic association.

Henry D. Lenz Is in Italy; Wants News From Cisco

Mr. and Mrs. H. A. Lenz of Odessa, Tex., former Cisco residents and regular readers of the Daily Press, write that they have recently heard from their son, Pvt. Henry D. Lenz, stationed in Italy, and that he is well and anxious to hear from more of his Cisco friends.

The Ciscoan went overseas with 441st medical corps from Camp Barkley in April of 1943, and has since served with the 37th and 45th general hospitals in Italy, as well as with a Red Cross unit. Later he was transferred to the 85th mountain infantry of the 10th division.

Private Lenz has the good conduct ribbon, infantry combat medal and two battle stars. The young man wrote that since the European war was over he was arranging to attend school and make the most of his opportunities.

The young man's present address is as follows: Pvt. Henry D. Lenz, 38514426, Co. K, 85th Mountain Infantry, APO 345, care postmaster, New York, N. Y.

OPA Asks Sugar Writ Against 3 Wholesale Firms

DALLAS, July 28. — The OPA has filed injunction suits against three Texas wholesale grocery companies. Asking that they be restrained from disposing of rationed sugar without collecting proper stamps.

Named in petitions filed in the federal district clerk's office, were the Texas Wholesale Grocery Company, Dallas; Southern Wholesale Grocery Company, Corsicana; and T. Walter Erwin, Jr., and L. S. Beasley, doing business as the Erwin-Beasley Company, also of Corsicana.

In each of the complaints it was set out that the defendant permitted his sugar quota to get out of balance.

Geo. Burnette, 20 Completed 61 Air Missions, Europe

Staff Sgt. George Burnette, 20, son of Mr. and Mrs. G. W. Burnette of Cisco, is home from overseas on a 30-day leave.

Sergeant Burnette served eleven months as a gunner with the Twelfth air forces in Italy, completing 61 missions over Germany, France, Po Valley and Italy. Forty-eight of the missions were at night.

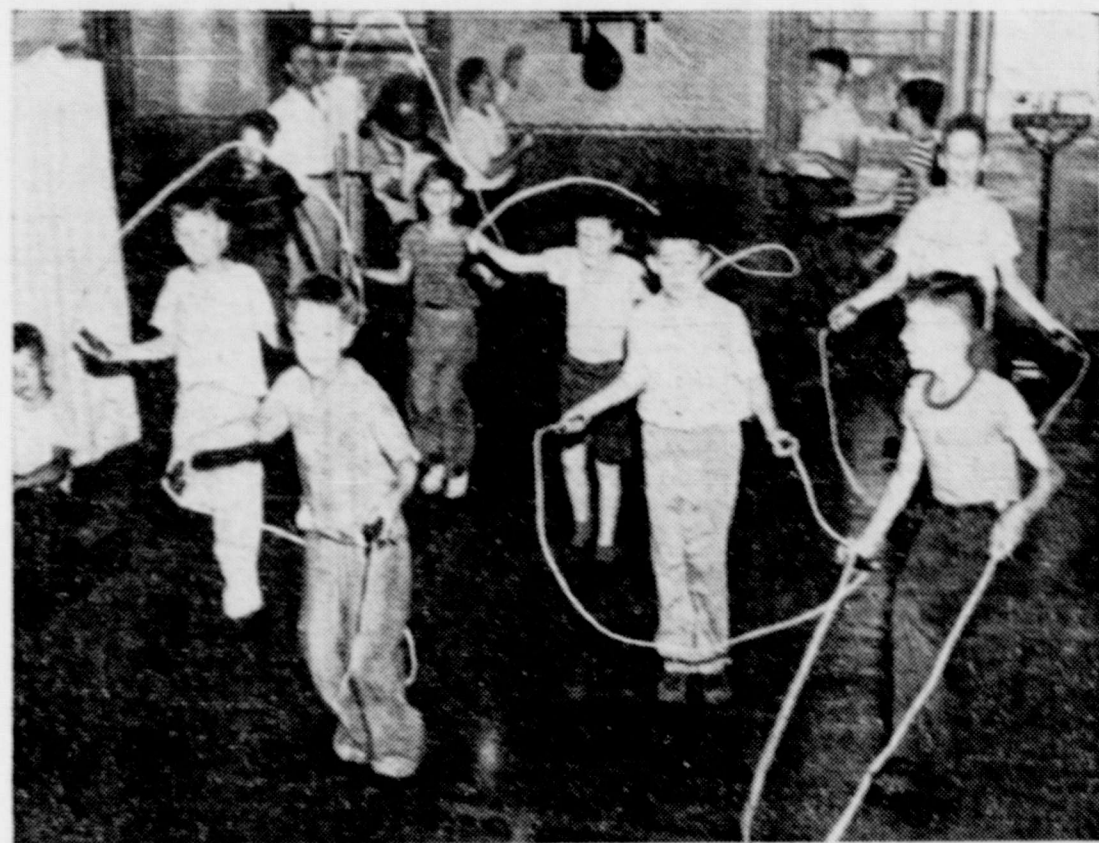

The Cisco boy has the air medal with two oak leaf clusters, the good conduct medal, the European theater ribbon with four major battle stars, a presidential citation with two clusters and has been recommended for the distinguished flying cross.

The sergeant was recently transferred from the A-20 to the A-26 bombers and will return to Goldsboro, N. C., for further training.

CORN TOO TALL

BEARDSTOWN, Ill., July 28. — Forty boys came to the Burrus brothers farm to go to work detasseling the hybrid corn in the 540-acre tract but supervisors had to work out a problem before they started their job. The corn is seven to eight feet high and most of the youngsters couldn't reach the tassels to shake off the pollen. Supervisors of the project built stilts for the boys and they went ahead with their work.

HONOLULU, July 28. — The United States could "sit tight" and eventually bomb Japan out of the war, Lt. Gen. Barney Giles said yesterday in an interview for the Army newspaper Star and

GOOD FUN—Youngsters jump rope in gymnasium opened for them by Philadelphia policemen. Recreation centers like this have been established throughout city in effort to curb juvenile delinquency by keeping children off streets. Program welcoming boys interested in clean, wholesome sport during leisure hours, also features swimming, boxing, tennis and soft ball.

Attlee Took Oath Tall Sailor Had Army Plane Hit of Office, Then Denton in Lap Great Skyscraper Left for Potsdam Till FBI Came, Killing Many

LONDON, July 28. — Prime Minister Clement Attlee took office formally as head of Britain's first full fledged Labor government today and prepared to leave at once for the Big Three conference in Potsdam.

Informed diplomatic quarters said neither Winston Churchill nor his former foreign secretary, Anthony Eden, would return to Potsdam with Attlee, who is expected to resume the Big Three discussions tomorrow.

Attlee and the six key members of his inner cabinet took their oaths of office at a privy council convoked by King George at Buckingham Palace.

Immediately afterward, they were hurried through cheering street crowds to a private meeting in London's Beaver Hall, where Attlee laid down his party's platform to 393 newly-elected Laborite members of Commons.

A special transport plane was waiting to take the Prime Minister and his new foreign secretary, Ernest Bevin, to Potsdam.

Sir Edward Bridges, secretary to the cabinet, and Gen. Sir Hastings Ismay, formerly Churchill's military adviser, accompanied the new prime minister to Potsdam.

DENTON, July 28. — A self-styled war hero, who wormed his way into Denton's social and business circles by virtue of his pleasant personality and trumped up war stories, had a more cynical audience Saturday for his tales — the FBI.

The tall blond sailor, who is AWOL, spent 10 happy days being invited by Denton's best families who believed his stories of battles he had never seen. He told people he was a veteran of almost every campaign in every theater of World War II, and even went into vivid details, according to the FBI.

The 22-year-old sailor even went so far as to make speeches before two of the town's foremost luncheon clubs. During his stay, several prominent citizens were touched for loans, the federal authorities said.

NEW YORK, July 28. — An army bomber crashed through fog into an upper story of the 102-story Empire State building Saturday, set the tower of the building afire and scattered debris over a wide area, killing at least 15 persons in the building.

Fire headquarters reported that in addition to the persons killed in the building, six soldiers, who apparently were members of the plane crew, also were killed.

Eleven floors of the building above and below the 86th floor of the towering structure were in flames and the spire of the building soon was enveloped in a cast smoky, foggy screen.

Flaming gasoline and fumes poured into the building through a huge scar on the 34th street side and a soldier who saw it said "it looked like a flame thrower in action."

Showers of broken glass, masonry and other objects flew into the air, and broken glass splattered into Fifth avenue as far south as 29th street.

When the fog lifted briefly about 45 minutes after the crash the bomber could be seen still wedged amid the flames.

A naval officer on the 80th floor of the structure located at 34th street and Fifth avenue, said he believed part of the plane sheared off when it struck, passing completely around the tower and landing on the south side. A building on 33rd street was set afire and parts of the plane were found there.

DALLAS BULLEING PLAN. DALLAS, July 28. — A \$35,828,180 public improvement program that can be completed in five years by increasing municipal revenues \$1,000,000 annually has been thrown open for public study by city councilmen here. The program, released Friday night, includes early financing plans for a \$3,500,000 downtown auditorium to be completed by 1948, a \$600,000 city hall annex by 1946, a \$1,000,000 downtown library by 1948, a \$1,500,000 livestock building at Fair Park by 1947, and a \$400,000 board of education office building by 1950.

38 K. C. DEGREES. FT WORTH, July 28. — Knights of Columbus degrees will be conferred on 38 candidates, 36 of them from Fort Worth Army Air Field, by the Magr. Robert M. Nolan Council in a day-long program Sunday.

JAPS MAY KNUCKLE UNDER YET

WASHINGTON, July 28. — First reaction from Japan does not mean our surrender terms will not be accepted. Allied proclamation is one step in a series of moves to demand surrender. There will be more. It may take a little time. As we said last week, formation of a new Japanese government to make the surrender is probable Meantime indications are Japan is being torn by same internal conflicts that wrecked Germany just before the end. British election may have effect. Japs have been hoping just as Germans did, for Allied disension to appear. Certainty that British Labor Party will work more smoothly with Russia should weaken this last hope. End of Churchill government may also improve relations between Britain and China. Another factor: Allied statement apparently gave Emperor Hirohito a chance to do what the King of Italy did — desert the war party and save his own skin by working with groups who want to surrender.

British election post-mortems. People here who know Labor Party leaders think Herbert Morrison, commons leader, will be the driving force in the new government. Britons disagree as to whether it was a vote against Churchill's domestic policies or a vote for nationalization of mines, other labor party proposals. Most agree that Churchill's "gestapo" speech was a bad blunder, cost him many votes. Comment from Sidney Hillman, chairman of CIO-PAC: "If any further confidence were needed, the British election results will certainly spur our hopes in this country in 1945-46." Other American labor leaders say British results improve chances for adoption here of Murray "full employment" bill and Wagner-Morray-Dingell proposals for expansion of social security system.

GREATEST CARRIER STRIKE IN ALL HISTORY TURNED NIP IN-LAND SEA INTO A GRAVEYARD

GUAM, July 28. — The greatest carrier strike in history turned Nippon's Inland Sea into a graveyard of wrecked and burning Japanese ships today as some 2000 warplanes of Admiral William F. Halsey's Third Fleet resumed the attack on the Kure naval base.

Slamming in at dawn through a skyful of flak and fighters, Halsey's American and British fliers blazed a new trail of death and ruin across waters still dotted with the hulks of 308 enemy ships smashed in their first onslaught last Tuesday and Wednesday.

The first wave of attacking dive bombers spotted the 30,000-ton battleship Hyuga lying on the sandy bottom of Nasaka line harbor, outside Kure, her decks awash and her superstructure burned out.

The great ship and 22 other warships, the last major fighting force in the Imperial navy, were holed by Allied bombs and rocket fire Tuesday.

Preliminary reports from the great battle fleet maneuvering almost within sight of the Honshu coast said Halsey's fliers had finished today the job they started Tuesday — complete neutralization of the Japanese fleet.

Every single major enemy warship was believed to have been sunk or knocked out of action at least temporarily, if not for the duration of the war.

United Press Correspondent Ernest Hoherecht, aboard the flagship of Vice Admiral John S. McCain off Honshu, reported the sinking of the Hyuga in a dispatch that told of furious Japanese fighter and flak opposition over Kure.

Wild aerial battles swirled across the skies over Kure as the Japanese threw up their hoarded fighter reserves in a desperate bid to chase off the attackers.

Enemy fighters swarmed up to meet the raiders as they thundered in over the Bungo Straits separating Honshu and Kyushu islands, and followed them in through the Kure flak barrage.

As the strike progressed into late afternoon, however, the enemy's fighter opposition appeared to be dwindling. Hoherecht said American and British fighter fleets swept clear across Honshu to the Sea of Japan to strafe the main Japanese airfields with rocket and cannon fire.

Communists Organizing For Better Toehold

NEW YORK, July 28. — A nation-wide program for penetrating the country's trade unions, both CIO and AFL, stands first on the agenda of the Communist's national meeting in secret session here.

During the three-day session, the Communist party will be revamped to concentrate once more on the laboring people, particularly the key industries such as steel, auto, coal and shipbuilding, where they have no foothold now.

The convention will re-establish a net work of Communist clubs, or cells, in shops and unions throughout America. They were dissolved two years ago under Earl Browder's bid for the good will of the American people while Russia was at war.

Anti-Communist labor leaders already listed as intended victims of the campaign include William Green, David Dubinsky, John L. Lewis and two high CIO officials, Walter Reuther, vice-president of the Auto Workers, and Samuel Wolchok, president of the retail and wholesale employees.

It is agreed that Sidney Hillman of the CIO is not to be disturbed.

PIONEER RANCHER DIES. LURBOCK, July 28. — Friends here have been informed of the death of A. L. (Gus) Robertson, 67, member of a pioneer West Texas ranching family, who died Friday of a heart ailment in an Oakland, Calif., hospital. Robertson operated the 16,000-acre V ranch east of Slaton. His father, A. B. Robertson, who died in the 1920's, had ranched in West Texas half a century.

TOWNES DENIES REPORT. HOUSTON, July 28. — Judge E. E. Townes, chairman of the Texas Regulars, has denied a report that the anti-Roosevelt group will dissolve. Some leaders of the organization did hold a meeting in Austin, Townes said, but nothing was done toward dissolving the organization.

JUDD LEWIS BURIED. HOUSTON, July 28. — Judd Mortimer Lewis, from whose facile pen flowed verse and humor that brought cheer to thousands for nearly half a century, was buried here yesterday. "Uncle Judd," the Houston Post's columnist for many years, was Texas' first poet laureate. Lewis died Wednesday night at the age of 77 at the home of his daughter, Mrs. E. J. Perry.

AUGUST TIRES. FT. WORTH, July 28. — Passenger car tires available for rationing in the 49-county Fort Worth OPA district during August will be increased from 34,928 to 36,056, it was announced today by R. O. Isham, district OPA tire rationing officer. Heavy-duty truck tires will be reduced from 2500 to 2227 as a result of recent strikes in Akron, Ohio, OPA officials said.

DEATH OFFICIALLY NOTED. Word has been received in Cisco by L. S. Jenkins and Mrs. E. N. Strickland that the war department has officially announced the death of their nephew, Staff Sgt. George M. Jenkins of Tuscola. He was killed in action December 15, 1944, in the Pacific area, while a prisoner of the Japanese. He was being transferred to Japan by ship on the above stated date, when the Jap vessel was blasted and sunk by an American submarine, the sub commander having no knowledge that the vessel was carrying American prisoners. Some 1,000 Americans lost their lives when the ship went down. The young man's father, a Tuscola newspaper man, died about two months ago. At that time the fate of Sergeant Jenkins was still unknown.

KWEILIN RECAPTURED. CHUNGKING, July 28. — The Chinese communique tonight reported that Kweilin, the former great American airbase city in Kwangsi province has been recaptured by Chinese forces.

VISITS BASE—Col. Ruth Cheney Streeter, director of Marine Corps Women's Reserve, poses with Maj. Harriet C. Wallen, commanding officer of the Women Marines at Parris Island, S.C. Colonel Streeter is on inspection tour of base.

NEWLYWEDS—Navy Lt. John J. Rascob, Jr., son of former chairman of national Democratic committee, and bride, former Marjorie Helen Hawkins, are shown following wedding reception. Ceremony took place in Swedenborgian Church, San Francisco. Marriage was his third and bride's second.

SANE POLITICS.

Something rather new seems to be developing in the field of politics and civic patriotism. A Community Relations Board in Cleveland has set out to temper and control local politics. Not that things have been unusually bad in that quarter; but idealistic citizens think they can be improved. Wherefore, says the Cleveland Plain Dealer, the aforesaid board "has unanimously voted to send to each candidate running this year... mayoralty, councilmanic and judicial... a letter stating that the board would not tolerate the use of prejudicial, divisive arguments."

Vice Chairman D. R. Sharpe and Executive Director Frank W. Baidau "express the board's attitude and call upon all political candidates to keep contests absolutely free from racial and religious issues." They also say they would not hesitate to turn the

spotlight on offenders against this spirit and method. This procedure will not bring political perfection, but should certainly be able to make a good contribution to it in city, county, state or national affairs.

PUPPET MUTINEERS.

For years Chinese troops have been fighting the Japanese on the borders of Indo-China. At first it was a losing battle, but now the tide has turned. They have helped to re-open the Burma supply routes, and in turn are receiving more supplies with which to advance against the enemy. Now that enemy is helping in the job. It is reported that Chinese soldiers have occupied Monca, important seaport on the Japanese life-line to southeast Asia, with the aid of Japanese puppet troops. The puppets rebelled against their conquerors and surrendered to the attacking Chinese, laden with arms and information.

These mutineers, it is hoped and believed, will be only the first of many thousands, who are rapidly being convinced that Japanese "co-prosperity" means slavery for their own people.

THE HANDY MEN.

These war days many a handyman has found himself coming into new social recognition. The relative or neighbor who can fix the automobile ignition, the radio

"THAT LITTLE GAME" Inter-nat'l Cartoon Co., N.Y.—By B. Link

or the kitchen water faucet finds himself enjoying smiles and favor.

Maybe it's progress, or maybe it's just change, but "book learning" has certainly taken a back seat to hands-on tools. It isn't wholly the influence of the war that has wrought this change. Even in peacetime, our world has become so complicated with mechanical and scientific gadgets that the mechanically adapted or educated man has to become the one fitted to cope with this modern material environment.

J. M. Crisman, aged 78, a pioneer of Eastland county, died in Fort Worth Saturday at the home of his daughter, Mrs. Grace Durrill. Deceased came to Eastland county in 1873 and was the first county surveyor of Eastland county. He was a Confederate veteran, and a thirty-second degree Mason. His membership was in the Masonic lodge at Eastland, although he had not been to Eastland county in the last 11 years.

Besides a doe, which has been placed in the deer park at the zoo at Lake Cisco, Dr. Charles Hale reports the addition of four peafowls — three cocks and one hen. These additions will add much to the attraction of the zoo, as there are some who never saw a live peacock, and many who never saw a doe.

The Lions met today and had luncheon at LaCiacco Inn. Lion Guy Dabney served as chairman with his usual business-like punch. The feature of the pro-

gram was the classification talk of Lion J. T. Elliott. Miss Ruth Williamson entertained with vocal selections and instrumental accompaniment on piano and ukulele. She was encored repeatedly. Lion Chapman Williamson announced a golf tournament with Eastland Lions Sunday.

Monday evening Misses Addie and Mary Fee entertained with bridge, complimenting Miss Edith Martin of Fort Worth. Fourteen tables were arranged throughout the house to accommodate the bridge players, each room being decorated with cut flowers and ferns. The guests were met at the door by Mrs. George Fee, Miss Edith Martin and the hostesses. Mrs. Leonard Simon passed tally cards and assisted the guests in finding their places. After four interesting games of bridge, Mrs. Frank Logan was awarded the ladies' prize, a set of mint trays. Everett Sartor received the men's prize, a key-container, and Miss Martin was presented with a vanity. Refreshments of brick ice cream and angel food cake were served, and dainty bouquets of nasturtiums were given as favors. Among those present were Misses Edith Martin of Fort Worth, Anna V. Foy of Baird, Dorothy Jenkins of Dallas, Helen Thomas of Whitewright, Elizabeth Jones, Alla Gene Holmes, Ester Hale, Theresa and Sara Lee, Katherine and Minnie Eleanor Pettit, Helen and Ruth Williamson, Bess Maxwell, Mary Elizabeth O'Flaherty, Mrs. Emma Butler, Mrs. Winnie Mobley, Messrs. A reception was held after the ceremony in the home of Mr. and Mrs. Paul J. Pond, parents of the groom, at which a large group of friends and relatives were present. Lieutenant Pond recently returned from overseas where he has been since last January, serving as first pilot on a B-24 with the Eighth air force. The young man was promoted to first lieutenant in April and wears the presidential citation, the air medal, good conduct ribbon and the European theater of operations ribbon with three battle stars.

GOLDEN WEDDING ANNIVERSARY PICNIC. Mr. and Mrs. W. I. Agnew were honored with visits from all their children Thursday celebrating their wedded life of fifty years. The actual date of the anniversary is July 30, but due to their granddaughter and husband leaving for their home in Kansas City, a picnic supper celebrating the event was held at Lake Cisco a week earlier. The bounteous supper was spread on park tables near the lake and was heartily enjoyed.

Conversation held attention of the group until a late hour when they departed for their various homes. A lovely gift was presented the honored couple by the children and a granddaughter and her husband Mr. and Mrs. Kenney Richardson brought a nice gift for them from Kansas City. Those present were Mr. and Mrs. W. I. Agnew of Cisco, honorees; Mr. and Mrs. Cleaman A. Agnew of Rule, Walter Bob Agnew of Odessa, Mr. and Mrs. Kenney Richardson and children Kenney Lee and Gail of Kansas City, Mr. and Mrs. Richard Turknott and daughter Sandra of Breckenridge, Mr. and Mrs. Adolph Brandon of Putnam, Mr. and Mrs. Ed Huestis, Mr. and Mrs. Paul Huestis, Rev. and Mrs. Mart L. Agnew and daughter Pat, Mr. and Mrs. Arlin Agnew and son Gene Arlin of Cisco. Mr. and Mrs. Agnew were married at Rising Star, July 30, 1895. The ceremony was performed by Rev. Mr. Bowden, a Baptist minister.

GREGORY-COX WEDDING IN DALLAS, JULY 21. Miss Modell Gregory, daughter of Mr. and Mrs. B. E. Gregory of Dallas became the bride of Capt. R. A. Cox of Houston in a ceremony held Saturday, July 21 at 8 p. m. in the home of her parents, 3163 Clarendon Drive. Rev. Mr. Sutton, pastor of Hamilton Missionary Baptist church, officiated with the double ring ceremony. The bride wore an attractive white

jersey frock with white feather hat and corsage of a single orchid. Mrs. Cox, native of Cisco, granddaughter of the late Dr. and Mrs. J. W. Gregory and Mr. and Mrs. R. D. Vanderford, attended the public school in several east Texas towns and graduated from Hawkins high school. She then attended Texas State College for Women at Denton for two years. Captain Cox has lately returned from 15 months overseas where he served as pilot of a Mustang fighter plane. Out-of-town guests included Mrs. Helen Bietenbaugh of Odessa, sister of the groom; Mrs. Gorum Follard of Cisco, aunt of the bride; Miss Edith Northup of Tyler.

REAL ESTATE SERVICE.

At the close of our first year in the real estate and insurance business in Cisco, we take this opportunity to thank our friends and neighbors for the nice business they have given us. Our business has been beyond our fondest hopes. It has been our ambition to merit the fullest confidence of all, and since we do not know of a single dissatisfied customer, we believe we have succeeded. Cisco has some good real estate dealers. Men who will not permit a deal to be closed through them without seeing that the interest of both the buyer and seller is fully protected. Go to your favorite dealer about real estate matters. He is experienced, and knows that he has to protect and maintain his reputation. Deal through him — with confidence.

If you are a renter and your home sells, what will you do? Think it over and investigate these homes: A large two story house well located on large lot, \$5,000. 5 large rooms well located in good condition, \$3,000. 5 rooms on pavement, good condition, \$3,000. 5 rooms, excellent condition, 2 lots, \$3,500. 4 rooms, poor condition, close in, \$1,350. 5 rooms, poor condition, close in, \$1,600. 5 rooms, fair condition, close in, \$2,250. 5 rooms, fair condition, \$1,850. 5 rooms, good condition, corner lot, \$2,500. See us for farms, ranches, fire and tornado insurance, auto insurance, loans, and other matters pertaining to real estate. Don't sleep at the switch. You might wake up "Sold Out and No Place to Go."

... are all paid for by the consumer. The farmer sells his bale of cotton for \$100.00, and we buy it back in suits of clothes for \$1,000.00. Same old cotton except the looks, design, color, wage, transportation, rent, storage, interest, commission, profits and taxes—many kinds of them. Like the bale of cotton, the abstract, too, must bear its myriad of operating costs but well worth it as it is the basis of your title security and your protection against fraud.
