Judge W. P. Leslie Died Suddenly Today, Eastland

Chief Justice William P. Leslie of the 11th court of civil appeals died suddenly in Eastland this morning, about 9:30 o'clock.

The jurist was in his office in the courthouse when he was stricken. An ambulance was summoned and he was taken to the hospital where he succumbed only a few minutes later. Death was attributed to a heart attack.

Justice Leslie, who had many friends in Cisco, where he frequently had visited, was born in Kentucky, 68 years ago. He became a member of the court of civil appeals in Eastland in 1927, coming from Colorado City where he had served as district attorney and district judge. He was a graduate of the University of Texas, class of 1907. He was generally regarded as a capable lawyer and conscientious man. He was a member of the Methodist church and the Masonic lodge.

Survivors are his widow; a daughter, Miss Rosalee, instructor in the University of Maryland; and two sons, Lt. Bob Leslie, serving in the navy in the Pacific, and Capt. William A. Leslie, recently honorably discharged from the army.

Funeral arrangements had not been completed early this afternoon.

720,000 DEATH LIST LEAFLETS DROPPED TO COMBINED POPULATION OF 1,300,000 NIPPONESE

GUAM, Wednesday, Aug. 1. American Superfortresses warned 12 Japanese industrial cities by leaflet today that they were next on the B-29 fire bombing list, as the rampaging Third fleet was revealed to have destroyed or damaged at least 1,023 enemy ships and 1,247 planes in 21 days of unparalleled pre-invasion raids.

A fleet of Superforts, dropping 720,000 "death list" leaflets on the 12 cities with a combined population of 1,300,000, repeated during the night the first bold pre-raid announcement made to the Japanese by the 20th air force four days ago.

Citizens of 11 middle-sized war centers were warned then to flee for their lives, and six of the cities were promptly bombed. Four of the cities were re-visited with leaflets today.

The mounting toll of enemy ships and aircraft was announced by Admiral Chester Nimitz as destroyers of the fleet itself carried the offensive into its 22nd day with a pre-dawn surface bombardment of Shimuzo, only 100 miles southwest of Tokyo.

The new tally included 49 enemy ships and 47 planes previously unreported.

The totals for Saturday showed: Fifty-four Japanese vessels sunk—three destroyers, one destroyer escort, one large freighter, five medium freighters, nine small freighters, 17 junks, one submarine and 17 luggers and other assorted small craft.

At least eighty-five Japanese vessels damaged—thirteen destroyers and destroyer-escorts,

Two Sisters Died When Lake Sweetwater Boat Sank

SWEETWATER, July 31.—Two Sweetwater sisters, Mrs. Trevanell Boone, 16, and Mrs. May Maxine Cheaney, 19, were drowned in Lake Sweetwater about 1 a. m. today.

Sweetwater firemen, using drags, recovered Mrs. Cheaney's body about 3 a. m. and Mrs. Boone's body about 5 a. m.

Double funeral will be conducted at 5 p. m. Wednesday in the Church of Christ here.

According to information obtained by Justice of Peace M. C. Manroe and other investigating officers, the two young women were in a boat with Eulus A. Parker and G. R. Greear. Both men are private fliers at Sweetwater.

The party was in a flat bottomed boat powered by a six and a half horsepower outboard motor, officers reported. According to information, the boat capsized when the motor started.

The mishap took place about 60 to 75 yards off shore on the west side of the lake in water about 15 feet deep.

Greear and Parker swam to shore and called the local fire department.

The call came in at 1:20 a. m. Firemen said a watch worn by Mrs. Cheaney was stopped at 12:55 a. m.

Mrs. Boone was the wife of Wallace Boone, now on sea duty with the United States navy.

Mrs. Cheaney was the wife of Thomas T. Cheaney who is now in a naval hospital in Hawaii.

Mrs. Northup, 95 Witten Retires Died in Statham From Postoffice Home Here Today After 32 Years

Mrs. Mariah Adeline Northup, 95-year-old mother of Mrs. W. B. Statham, died at the home of Mr. and Mrs. Statham, 1003 west Sixth street, at 8:45 this morning after a long illness, which was made critical July 3 when she fell and broke her left leg. Despite her great age, Mrs. Northup had remained active up until that time.

Funeral services will be held tomorrow afternoon at 5 o'clock at the First Methodist church, with Rev. Leslie Seymour, former Cisco pastor now at Ennis, officiating. Mr. Seymour was a very close friend of Mrs. Northup. He will be assisted by Rev. W. A. Flynn, present pastor of the church. Burial will be in Oakwood with the Thomas Funeral home in charge. The body will remain at the funeral home until 3 o'clock tomorrow afternoon and then moved to the church. The casket will be closed preceding the funeral service.

Pallbearers will be E. P. Crawford, LeRoy Huffmyer, Leon Manner, S. H. Nance, W. J. Foxworth and J. T. Anderson. All friends of the family will be honorary pallbearers.

Mrs. Northup was born Miss Adeline Baird, July 9, 1850, in Ohio. She was married to L. D. Northup in Illinois and moved to Kansas where the family lived until the death of Mr. Northup in 1904. Mr. and Mrs. Northup were the parents of nine children, all of whom with the exception of Mrs. Statham were married at the time of their father's death. Mrs. Northup and Mrs. Statham moved to Stillwater, Okla., and made their home there until Mrs. Statham's marriage, after which Mrs. Northup made her home with Mr. and Mrs. Statham, who came to Cisco in 1919.

Besides Mrs. Statham the following children survive: Frank D. Northup, Oklahoma City; Mrs. C. A. Melton, Stillwater, Okla.; L. O. Northup, Wa Keeney, Kan.; Mrs. C. F. Adams, Wichita, Kan. There are 13 grandchildren and 22 great grandchildren.

Mrs. Northup at the time of her death held what is perhaps the record for continuous membership in the Methodist church. She had been a member of that denomination for about 80 years, and was loved and revered as one of its most faithful and conscientious communicants. As long as she was able she was present at all services.

DEAD AT 92.

HASKELL, July 31.—Funeral arrangements for Judge S. A. Hughes, 92, former justice of the peace here, are still incomplete. Mr. Hughes, who died late Monday in the local hospital, was believed to be Haskell's oldest resident. He was a native of Vicksburg, Miss., and had lived in Texas since he was 10.

SENATORS COMING HOME.

WASHINGTON, July 31.—Senators Tom Connally and W. Lee O'Daniel are heading for Texas to make some speeches. Both plan to motor home soon after the senate winds up tomorrow and recesses until October. Connally will address a delayed Jackson Day dinner at Austin, the date of which hasn't been set. O'Daniel plans to go "to the big cities and out to the cross plains and tell the people all about this skull-duggery going on around here." He added that "things have improved, thanks to a kind providence, but there is still a lot of room for improvement."

Bill Nunnally, 77 Farmer and Good Citizen, Is Dead

Bill Nunnally, 77, died at 9 o'clock Sunday morning at his farm home just outside of Rising Star, where he had lived for 53 years.

A native of Arkansas, he was a member of the Methodist church and had the respect of all who knew him.

For several years he and his two sons, both unmarried, had lived alone and carried on the farm in a very successful manner. Last year slightly less than \$12,000 was received from the sale of peanuts and peanut hay.

Mrs. Nunnally died a number of years ago and immediate survivors of Mr. Nunnally are the two

sons and four daughters.

Funeral was held Monday afternoon at Rising Star Methodist church with burial in Rising Star cemetery. Among those present from Cisco were Mr. and Mrs. Walter Agnew, the latter being an aunt of deceased.

CUTTINGS TAKE VACATION.

Mr. and Mrs. C. C. Cutting and Mr. and Mrs. R. H. Cutting will depart tomorrow for a vacation of 17 days at Lake Buchanan, near Burnett. They will occupy the N. G. Gallagher cabin at the lake. The cabin has three large rooms and large sleeping galleries and the Ciscoans anticipate a thoroughly enjoyable rest during the warm weather period. The local bowling alleys will be closed during their absence, but will reopen Saturday, August 18, the Messrs. Cutting stated.

Mr. and Mrs. Ernie Wilson and children of Coleman are spending a few days in Cisco, guests of Mrs. Joe Wilson, his mother.

Boyce House to Be on Lion Program Tomorrow

Boyce House, Fort Worth author and newspaper-radio columnist, will speak at Cisco Lions luncheon tomorrow. His book, "I Give You Texas," over 100,000 copies, has set a record of a Texas writer and his later book, "Talk from Texas," has sold 60,000

copies. Fully half of these have gone to Texans in the service all over the world.

Critics of the north and east declare that House has "made the most authentic contribution to American humor since Mark Twain" and his stories have been quoted in Life Magazine, Coronet, New York Herald Tribune and in the "columns" of Bennett Cerf and Carl Sandburg.

Long-time citizens of Cisco know the visitor however as Boyce, remembering him as editor of the Cisco Daily News in 1924 and as staff writer for the old Fort Worth Record, with headquarters here. The subject of his speech—only House says it will be a "talk"—will be "I Give You West Texas." House, by the way, is a member of the Ft. Worth Lions club.

Farm Equipment Premier Stalin, Quickly Available to Veterans Days, is Better

DALLAS, July 31.—A speedy procedure by which farm veterans of this war may obtain priority preference for the purchase of surplus equipment for use in their agricultural enterprises is now available through AAA and the Smaller War Plants Corporation, Russell Smith, SWPC district manager, Dallas, declared today.

Veterans who have been released from active duty in the armed forces and who need surplus government property for use on their farms should go to the County AAA committee in the county in which they live for certification, Smith said. Following certification, their applications are turned over to the nearest district office of SWPC, and SWPC then acts as the veterans' buying agent.

Applications have already been received in the Southwest Region of SWPC for tractors, trucks, harrows, plows, power pumps, power saws and many similar types of equipment for use on the farm. This equipment is being purchased from the disposal agencies as fast as it is declared surplus.

Those commodities, if available in surplus, may be purchased through Smaller War Plants Corporation for cash or with a minimum cash down payment of 15 percent of the sale price of the items.

Smith explained that a few limitations apply in the case of the farm veteran desiring to purchase surplus property. His capital investment may not exceed \$25,000, he may not purchase in excess of \$2,500 worth of surplus, and the County AAA committee must certify that there is a reasonable probability of the veteran's success in the enterprise.

POTSDAM, July 31.—Premier Stalin has been indisposed for the past two days, it was disclosed today, but is expected to attend a meeting of the Big Three this afternoon. The disclosure apparently explained a two-day lapse in his talks with President Truman and Prime Minister Attlee.

Stalin's indisposition was believed nothing more than a cold, but the 66-year-old premier's physician took every precaution to safeguard his health and ordered him not to leave the house. It was understood that numerous Soviet colleagues saw Stalin.

His condition was reported improved today and it was stated specifically that a meeting of the Big Three was scheduled for the afternoon.

If the Russian leader is fit enough to resume the arduous three-hour discussions which have been typical of the conference to date, it is believed the parley may be completed by Thursday or Friday.

R. J. McCann Is New Manager of the Laguna Hotel

R. J. McCann and wife and daughter Carrie Lea, recently of McAllen, have moved to Cisco and he has been installed as manager of Laguna Hotel, now owned by W. L. Dormand, who also owns the McAllen Hotel in McAllen. Mr. McCann succeeds N. G. Starkey, manager for the past year and a half. The new manager has been in the hotel business for the past ten years, having been connected with the Roosevelt Hotel in New Orleans and the St. Anthony Hotel, San Antonio. Prior to coming to Cisco he was assistant manager of the Casa de Palmas Hotel, McAllen.

Mr. McCann stated that the hotel would undergo considerable physical rehabilitation and that he expects to open the coffee shop within the next sixty days.

TRUMAN TO MEET KING.

LONDON, July 31.—Well informed Whitehall sources said today that President Truman will land on British soil this week and be greeted by King George. Informants said the king will go to some British port, probably Plymouth, to welcome Mr. Truman to Britain in a meeting unprecedented in royal history. Indications were that the meeting would occur Thursday or Friday.

TOMORROW'S EXECUTIVES.

Tomorrow's business and industrial executives will need to be "as familiar with human relations involving public attitudes and customers relations as yesterday were experts in the field of production and sales." Paul Garrett, vice president of the General Motors corporation, declares in an article for the Annual Directory Issue of The Constructor, official publication of the Associated General Contractors of America.

"Leaders of industry who are blazing new trails in industrial management are men of this type," he explains. "And 10 years from now business leaders will have become more expert in this new field, just as they always have learned to become expert in every field on which industrial progress depends."

Recent major problems of business have not stemmed directly from the traditional subdivisions of business at all, he continues. They have had to do with such things as taxes, labor unions, governmental regulations, community relationships, and so forth. These problems bear on business operation today about as much importantly as designing, engineering or production.

"If there is any secret to success in building good public relations," Mr. Garrett asserts, "it is that you must start at home and work from the inside out. Good relations outside grow from good relations inside. If the immediate family is not happy and informed, those whom it meets on the outside will not be. To outsiders those who work for a company are the company — and outsiders judge the company by the folks in the company they know. "The feeling that he is being treated well is almost as important to an employee as to know that he is being well paid."

"Lack of attention to grievances, real or fancied inequalities in treatment, failure to explain why and wherefore of company policies — these are the things that underlie most troubles. "How the employment office hires, what the foreman do, how the paymaster pays, and how the management conducts itself — these are the ABC's in the building of harmony in the company family. "With good relations inside the plant, you have the base for good relations with the public outside. But you can never take those re-

Freedom.
Individual liberty is one of the teachings of Jesus. It goes hand-in-hand with personal responsibilities granted. Living right is not enough. People must know you live right.

"The art of public relations is in the art of multiplication — that is, the art of multiplying endlessly the good impressions of a company."

ally become jealous of their subjects' loyalty to God; covetous too, perhaps, of their free-will of ability. How can a man be held responsible for his acts unless he is free to determine how he shall act? The understanding that certain rights are everybody's rights, and that no man can rightly deprive another man of them, is an idea for which the world is indebted to Christianity.

Compulsion in religion is older than history. Every nation's lore is colored with tales of forced worship. In fact, the history of Christianity is marred with a shameful record of coercion. Just the same, obedience to Christ is voluntary or it is not obedience at all, and (being an every-day thing) Christianity lives and grows best in surroundings of personal liberty.

A Moral Duty.
Opposing dictatorship, resisting infringement by a few upon the liberties of many, is a reverent act of fidelity to the source of all freedom. No government is perfect. For that matter, no church is perfect. All are subject, more or less, to leadership by imperfect people. Nevertheless some principles are right and worthy of vigorous defense.

Harry Emerson Fosdick said, "One of the great hours in history struck when mankind ran into the idea that all the people should unite in making laws, which then all the people should obey. Behind our pitiful fallible experiments with representative government stands the ideal, worth everything our fathers gave for it and all that we can give — the democratic state."

Godless Laws.
One-man governments tradition-

ings, large or small. Rarely do totalitarian states begin at the church when they start cutting off people's liberties. They get around to it in the long-run, however. There are about enough exceptions on record to prove the rule.

Dictators usually start their trespasses on freedom by presuming to say who shall engage in trade. It is the natural way to commence. Never do they find a large class in commercial pursuits, so they can begin grabbing power without antagonizing a majority. The next big strategy is to dominate the news. By this method a dictator can make his people think what he pleases.

Step at a Time.
With buying and selling pinched under government's heel, one emergency follows another, accidentally or by design; either way serves the purpose. Consumers, the class most hurt by govern-

ment in business, never learn the truth if press and radio are under control. Selfish rulers snatch away comforts and dole out confusion and suspicion, the chains of serfdom.

Traditionally tyrants work this way: it has happened all along through history. After business is confiscated and the news agen-

cies seized, the people are poisoned with malice, and malice destroys living souls. Americans who value their religious liberty have no choice but to defend representative government, free enterprise, free speech and free press. They can fight on the front line and win, or wait to fight in the last trench and lose.

Ultimate Costs, Seen and Unseen —

... are all paid for by the consumer. The farmer sells his bale of cotton for \$100.00, and we buy it back in suits of clothes for \$1,000.00. Same old cotton except the looks, design, color, wage, transportation, rent, storage, interest, commission, profits and taxes—many kinds of them. Like the bale of cotton, the abstract, too, must bear its myriad of operating costs but well worth it as it is the basis of your title security and your protection against fraud.

Add 10 to your age... and read, this!

It's funny how time can fool you...

Looking backward, ten years doesn't seem so long.

But looking ahead—

ten years seems like an eternity. And that's the reason why many people never save money... Looking backward, they wish—oh, how they

wish!—they'd started saving ten years ago. Looking ahead, ten years of saving seems like such a long, tiresome program that they never get started.

Look at this!

Suppose you had been able to start just ten years ago to put only \$3.75 each week in United States Government "Series E" Bonds.

Today—right now!—your bonds would be worth \$2,163.45. A tidy sum!

Well—why not start a savings program like that? Why not make the next ten years work for you—the ten years that seem so long now, but that will seem so short, come 1955?

There's a War Bond Timetable on this page.

It shows how regular savings of certain weekly sums accumulate—principal and interest.

Set your goal. Then keep on buying and holding War Bonds until you reach your objective.

Some day you'll say, "It was the smartest thing I ever did!"

EN ROUTE home to Grand View, Mo., Sgt. Harry A. Truman strolls through White House grounds. While sergeant awaited transportation from Scotland, the President arrived in Europe and requested to see his nephew who was flown to conference site.

This is what happens when you pay \$75 for a \$100 Series E Bond

After 2 years it's worth	\$76.50
After 4 years it's worth	\$80.00
After 6 years it's worth	\$84.00
After 8 years it's worth	\$92.00
In 10 years it's worth	\$100.00

And—if you save regularly each week this is what will happen:

Weekly Savings	SAVINGS AND INTEREST ACCUMULATED		
	In 1 Year	In 5 Years	In 10 Years
\$ 3.75	\$195.00	\$1,004.20	\$2,163.45
6.25	325.00	1,674.16	3,607.54
7.50	390.00	2,009.02	4,329.02
