El Paso Visitors Wish to Buy Stock Farm Near Cisco

Mr. and Mrs. Bill Biggerstaff of El Paso, former Eastland county residents, are at the Mobley Hotel for a few days, while Mr. Biggerstaff is endeavoring to buy a suitable stock farm of 200 to 300 acres, near Cisco. So far he has not found what he wants he stated this morning during a visit at the Daily Press office.

The Biggerstuffs, who have two children, and who desire to locate near Cisco because of public school and Junior College advantages, resided ten miles west of Cisco about 1918.

FIGHTERS COME HOME. NEW YORK, Aug. 2.—The huge liner Queen Mary with 14,698 fighting men crowding her decks was given a lusty pre-dawn welcome today as the great ship steamed into the harbor. The great ship led a procession of 10 troop-carrying ships scheduled to dock today with 25,089 soldiers from Europe.

LABOR PARLEY URGED. WASHINGTON, Aug. 2.—Senator Vandenberg (R-Mich.) today proposed a conference of top spokesmen for labor, management and government to seek industrial peace.

DINNER GUEST—Generalissimo Josef Stalin returns salute as he arrives at former residence of ex-Prime Minister Winston Churchill. British leader attended state dinner for Big Three before leaving for England to learn election results.

Cisco Young Man Helped Create and Develop the P-80

Premier showings of the new jet-propelled P-80 "Shooting Star" at Dallas, Los Angeles, New York, Washington, D. C., and Burbank, Calif., Tuesday, of course created much interest at the widely separated unceiling points, although the average American was perhaps unmoved when he read of the event, due to the almost magical and daily development of the airplane in this country since the opening of World War Two.

But many Cisco people will be surprised to learn that Uncle Sam's latest air marvel, which can fly at the speed of 550 miles per hour, or about 10 miles a minute, and able to fight more than eight miles above the earth, is partially the creation of a Ciscoan, Eugene Lankford, 28, a son of Judge and Mrs. Eugene Lankford of this city.

The Cisco young man has been with the Lockheed Aircraft Co. at Burbank, Calif., for the past five years. He is attached to the engineering department of the big plant and was one of the engineers who conceived the plans for P-80 and helped build it. In testing this plane in the air tunnel, the Ciscoan is credited with devising a gadget whereby testing time was reduced from three weeks to three days. The tunnel air test is made by engineers to prove or disprove their theories.

The navy has five mammoth air-testing tunnels near San Francisco, which cost the government 25 million dollars each. They were installed last year and when the first tunnel was finished, the Ciscoan was borrowed from the Lockheed plant at Burbank and went to San Francisco to assist in starting the testing works.

Eugene Lankford is a graduate of Cisco high school, Randolph college and the University of Texas. His last visit here was about two years ago. His two brothers—Livius Lankford, 26, and Charles Lankford, 33—are stationed at Galveston with Galveston medical school. Livius is a naval cadet student, while Charles is a member of the faculty and also does bacterial research work for the government.

IN FLORIDA COMPOUND. MIAMI, Aug. 2.—Fourteen crew members of the Nazi submarine U-530, which was rumored to have put Adolf Hitler and his mistress, Eva Braun, ashore before surrendering to Argentine authorities July 10 today were prisoners of war in a compound here.

Senator Says More Men in Army Now Than Can Be Used

WASHINGTON, Aug. 2.—Senator Johnson of Colorado told the senate yesterday that the army has grown "arrogant" and demanded that it cut down the size of its force to meet the needs of a one-front war.

Johnson, a Military Affairs Committee member, challenged the war department to establish now the maximum number of men it can use by Jan. 1, 1947, consistent with the amount of shipping available for Pacific supply lines.

"I demand," he declared, "that it cut the jacket to fit the cloth."

"One does not need to be an expert on logistics to realize," he added, "that we can never use an army of seven or eight million men. Then why in the name of common sense must we maintain an army of 8,000,000 men?"

"The army has grown callous to the critical necessities of the country," he stated. "It has developed a spirit of unparalleled selfishness and extravagance. Its unsatiable demands have gone far beyond reason and warrant. It is riding a willing horse to death. The time has come for congress to assert itself and demand a more realistic adjustment of the Army's requirements."

Johnson demanded that the army discharge men in the United States classified as "not physically fit" for combat service and the "large forces" in the Canal Zone, Alaska, South America, Africa, and in other scattered places throughout the world "for whom there is no earthly military need."

"These men should be withdrawn and discharged at once," he stated, "so that they might return to civilian pursuits."

The senator said Maj. Gen. Lewis B. Hershey, Selective Service Director, should be given a congressional medal of honor for disclosing in a statement recently at Indianapolis that 100,000 men per month would be drafted after VJ Day.

"Congress has created a monster frankenstein that will crush this nation unless congress itself calls a halt," declared Johnson.

"General Hershey has put congress on notice."

It is time, he added, that congress took action.

Johnson termed the army's point discharge system "a mathematical monstrosity."

"My own opinion is that it was not intended to work," he asserted, "and that it was only created to stall and confuse and to bewilder."

THE WINGS OF PROGRESS—The Army Air Force, formed August 1907, points out streamlined development of aviation during its 38 years. Among most important improvements is the chin turret which protects the Flying Fortress from frontal enemy attacks from above or below. At bottom left Capt. C. DeF. Chandler fires the first "chin turret," an old type machine gun, from an American Army plane in July 1912. In contrast, bombardier at right shows how electrically power-driven gun is operated. Above, chin turrets jut out menacingly from below big plane's bombardier's greenhouse.

Fisher and Over-Big Three World Oil Company Borrows 50 Million Addressed Lions Released Tonight at 1 3-4 Per Cent

E. A. Butler, in charge of the program at the Rotary club today, and Harold Fisher, new football coach, brought messages regarding the need for recreational playgrounds, properly sponsored and supervised, so that education will not be mental only, but caring for the leisure time that will naturally come with shorter work days.

Other visitors and guests were Buck Overall, basketball coach; Wesley Harrell, Houston; Charles Clark, R. A. McDaniel, Eastland; Mrs. Ernest Hittson, substituting for Miss Doris Jamison, away on vacation.

In introducing the two coaches, Mr. Butler complimented them on their work to put the football field in proper condition, saying that it would be well to drive out and see Chesley Field since it has been cleared of weeds and grass. He also stated that Mr. Fisher, who comes from Austin, could tell much about the workings of these recreational programs because that city is well organized and provided with supervised projects.

Mr. Fisher said that Austin had 12 playgrounds and 10 swimming pools, besides one each for negroes and Mexicans. He said that this organized play with proper supervision had resulted in less delinquency on the part of youth and he believed it would be found to be one of the greatest agencies for making useful men and women out of discredited youth.

The speaker said that places of amusement would pay from a commercial standpoint and added that Cisco and its big lake fitted admirably into such programs as horseback riding, boating, swimming and other recreational activities. Fisher said he thought we should build more amusements into our park, such as making a softball field and croquet grounds, to appeal to old and young alike.

STRAY BULLET FATAL. SAN ANTONIO, Aug. 2.—A stray bullet in the heart killed the Rev. Clyde S. Strait, 43, of Sealy, Tex., as he stepped from a bus here yesterday.

PHILADELPHIA FLOOD. PHILADELPHIA, Aug. 2.—Deluging rains and flash floods struck Philadelphia yesterday, leaving dozens of families homeless and cutting a trail of millions of dollars damage.

WITH PRESIDENT TRUMAN. Aug. 2.—President Truman headed back to the United States today, stopping at Plymouth for a 20-minute talk with King George VI, as the Big Three's Berlin declaration was drawn up for release to the world tonight.

Mr. Truman had lunch with the British monarch aboard H. M. S. Renown, lying off of the war-battered port of Plymouth. The king visited the president later aboard the U. S. S. Augusta, the cruiser which brought him to Europe. At 3:55 p. m. the Augusta pulled out of Plymouth.

The British monarch and the first American president to visit Britain since President Wilson's visit after World War I met aboard the British battle cruiser Renown. "Welcome to my country," the king said.

The president and the monarch shook hands with cordiality and stood chatting while clasping hands.

OKLAHOMA'S DEEPEST. PURCELL, Okla., Aug. 2.—A McClain county wildcat has found the deepest production in Oklahoma and opened a new oil pool. The well is the Cities Service Oil et al. No. 1 Lawson. It was washed in and flowed an estimated 75 to 100 barrels an hour from the Wilcox sand at 10,890 feet. Flow was through a 1-inch choke and 2 1/2-inch tubing. Gas was estimated at 7,000,000 to 8,000,000 cubic feet a day.

REMAINS AT 39. FT. WORTH, Aug. 2.—Positive cases of polio here remained at 39 today, with four patients under observation at City-County Hospital to determine if they are victims. Eleven of the 39 cases have returned to their homes after treatment at the hospital.

NEW AIR LINE OPENED. HOUSTON, Aug. 2.—Essair, Inc., first new Texas air line to begin operations since 1934, made its initial round-trip flight between Amarillo and Houston yesterday, carrying mail and express. Regular service is expected to begin within 30 days.

820 SUPERFORTS TODAY STAGED GREATEST AIR RAID IN WORLD HISTORY; ALL HAD BEEN WARNED

SAN FRANCISCO, Aug. 2.—Solid walls of fire swept over four Japanese cities hit today in the world's greatest air raid.

"Incredible" flames raging over three forewarned railway centers and an aluminum-producing city were only part of the day's work of 820 Superforts which unloaded 6,632 tons of destruction in the early morning hours shortly after four American naval bombardment and rescue operations stretched across 3,000 miles of the Pacific.

Mine-laying B-29s reached almost to Soviet Russian territory in their biggest penetration of the Nipponese empire. It was only one phase of the widening campaign which Maj. Gen. Claire Chennault, retiring leader of America's Flying Tigers in China, said would cut off Japan completely from the Asiatic mainland within a month.

Reports from Admiral Nimitz and Tokyo radio said a small naval task force shelled O island 70 miles from Tokyo, a submarine fleet shelled southern Hokkaido island north of Tokyo, a battleship bombarded Wake island, and other fleet units rescued 283 natives from Nipponese-held Jaluit atoll in the Marshall Islands. All actions occurred yesterday.

Superforts, packing 232 tons more bombs than hit Normandy on Europe's D-Day, set fires raging in four Japanese industrial cities, wrecked four oil plants in Tokyo bay, and mined waters, linking Nippon with Asia.

Only a few interceptors and relatively light anti-aircraft fire opposed the greatest air fleet ever mounted. Only one B-29 failed to return. Tokyo, which reported attacks extended over eight cities in Japan and Korea, claimed 11 were shot down.

"General conflagrations" raged through the four announced target cities, all of which were told the attack was coming. It was the initial five raid on each.

Targets were Mitto, rail center 60 miles north of Tokyo; Hachioji, rail center 23 miles west of Tokyo; Nagano, railway on western Honshu island and Toyama, west coast aluminum city. High explosives

were loosed in four Kawasaki oil plants in Tokyo bay with "good effect." These attacks were carried out by 778 B-29s.

The remaining 42 Superforts mined Shimonoseki strait south of Honshu and waters north of Korea.

Tokyo reported 60 Mustang fighters from Iwo Jima struck Honshu again today, adding the Asaka-Kobe area for two hours while Okinawa-based planes struck other points.

Seventh fleet patrol bombers sweeping down the China coast destroyed 28 enemy coastal craft around the ports of Hongkong and Swatow.

Closest to home of all fleet actions was the Japanese-reported bombardment of O island. Tokyo said carrier planes supported the bombing force, which consisted of one cruiser and three destroyers while Okinawa-based planes struck other points.

Admiral Nimitz admitted some American ships were slightly damaged by shore batteries in the bombardment of Wake, 1,985 miles southeast of Tokyo. Carrier planes attacked the island while a battleship shelled it. The bombarding force probably was expending its spare ammunition on the way back to Pearl Harbor.

MILITARY HEADS SILENT. WASHINGTON, Aug. 2.—The war department and selective service met with tight-lipped silence today as a demand of Senator Johnson (D-Col.) that the Army be scaled down from 8,000,000 to 3,000,000 men. Targets of Johnson's caustic criticism in the Senate yesterday, both branches declined comment. Army public relations officers, however, pointed to a War department statement of May 5 which said the general staff had recommended a force of 6,968,000 to crush Japan "in the shortest possible time and with the smallest cost in American lives."

DISCHARGE SCORE STANDS. WASHINGTON, Aug. 2.—The Army announced today the present point score for discharge will be left at 85 while about 800,000 men with that score are being released.

HISTORY REPEATS—Maj. Clement R. Attlee is shown arriving at Buckingham Palace 15 years ago to be received by King George after succeeding Sir Oswald Mosley as Chancellor of the Duchy of Lancaster. Now new Labor Party leader again will visit palace at king's request to form new government.

THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

Per week, by carrier boy..... 12c

ry and restore China to honor and effectiveness. In this procedure America, as always, is glad to help its Chinese friends and allies.

June, 1925.

(Cisco Daily News Files)

Little Crandell Jones, son of Dr. and Mrs. C. C. Jones, entertained with a birthday party to celebrate his fifth birthday anniversary, Tuesday afternoon at the home of his aunt, Mrs. Roscoe St. John. Frozen suckers and candy were served during the progress of the games played on the lawn. Groups were formed and kodak pictures taken of the children. Then the little guests were invited into the dining room of the St. John home, where the large birthday cake, handsomely embossed in roses, held on its surface five pink, burning tapers. The cutting of the cake for the luck cuttings furnished much merriment for the youngsters. Then generous dishes of ice cream were

served with the cake. Twenty-five guests were present, each bringing a small gift for the little host. Cisco Lions defeated Eastland Lions yesterday in a golf match on the Eastland grounds. This makes two defeats for Eastland at the hands of Cisco Lions. Yesterday's match terminated as follows: Statham defeated Owens at 18th hole. Williamson defeated Briggs at 16th hole. Williamson defeated Smith at 18th hole. Barnes defeated Dabney at 16th hole. Collier defeated Chapman at 14th hole.

L. A. Warren who may be classed as the wizard of the shallow field, brought in a nice producer Monday on the Moran section 49, L. A. Lands. The pay was struck at the usual depth oil has been found

in that district — 550 feet — and is making 160 barrels, according to reports reaching this city. This oil is being pushed up by one million feet of gas pressure, and is located just 900 feet south, and one location east of the three big producers of the Texas company recently purchased in their quarter of a million dollar transaction with R. C. McCarter and associates. In the Warren the sand penetrated to a depth of twenty-seven feet, and the oil is high gravity light oil. Two other wells are now going down on the lease.

BRITISH POLICY.

It goes without saying that there will be a rattling of dry bones in Downing Street as a labor cabinet takes over and begins to function in England. Most Americans will view it definitely as the "socialist" cabinet it undoubtedly is. There has been a rather strong trend in that direction for some time.

The new government frankly proposes to consolidate transportation, including the railroads and all commercial carriers, internal or coastal. The coal mines apparently are to be nationalized. There will be more places for women, which means fewer home-making women.

Its general policy may be summed up in Clement Attlee's demand for a new world order including "security that will banish war forever," and "widespread prosperity for the people of all nations."

It is a large order, but there is

no harm in aiming high. "We are embarking," he says, "on a great adventure."

America, herself doing a little more adventuring than may be wise for a nation already more generally prosperous and free than any large area upon which the sun has shone, should carefully watch the procedure — and her own steps.

CHINESE RECOVERY.

The Chinese now seem to be getting more definitely into the war, which they have had to delay for years because of superior Japanese forces and their own lack of fighting materials. This opportunity comes mainly from Japanese withdrawals, which have recently been very great. As the Chinese re-occupy the cities and towns made vacant, they are naturally heartened, even though it is not they themselves who have forced out the enemy. Today they merely take advantage of the opportunity. But from this easement they gather confidence and gain strength to do the big job which remains.

With an increasing flow of supplies and improved communications, the Chinese may be expected to play a far more honorable and useful role from now on. Every gain of this sort helps in the big push which is destined eventually to drive the invaders and despoilers entirely out of Chinese territory.

NO HELP—Mrs. Beatrice Coleman shed no light on Alfred Langford murder case to New York detective Charles Kleber (right) who went to Los Angeles in search of information. He said that her acquaintance with Langford was coincidental.

WHAT CAUSES EPILEPSY?

A booklet containing the opinions of famous doctors on this interesting subject will be sent FREE, while they last, to any reader writing to the Educational Division, 535 Fifth Ave., New York, N.Y., Dept.

LOVELY SHOWER MONDAY HONORED NEWLY WEDS.

The house was made gay with seasonal cut flowers when Mrs. V. H. Bosworth entertained with a miscellaneous shower in her home on west Fourteenth street, honoring Mr. and Mrs. Bill Campbell, a newly wedded couple.

Conversation entertained the guests for a time and Mrs. Bosworth read a clever poem written by a friend of the young couple which expressed many good wishes for them. A large number of pretty and useful gifts were received by the honorees.

After gift packages had been opened and the gifts displayed, refreshments of punch and cake were passed to the guests.

Those present were Mr. and Mrs. Bill Campbell, Mr. and Mrs. Floyd Campbell, Mrs. A. W. Dawson, Mr. and Mrs. J. W. Stevens, Mr. and Mrs. J. D. Hall, Miss Doris Lee Hall, Mrs. J. O. Warren, Mr. and Mrs. R. O. Fenley and daughter, Miss Omalee Fenley, Rev. and Mrs. Evan Holmes, Mrs. J. E. Shirley, Mrs. Emmett Green, Mr. and Mrs. Marshall Erwin, Mr. and Mrs. Howard Carlike, Mr. and Mrs. Herman Barron, Mr. and Mrs. C. R. Hightower, Mrs. Johnnie Theftford, Mrs. J. E. Whisenant and Mrs. Bosworth.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Ultimate Costs, Seen and Unseen - - - . . . are all paid for by the consumer. The farmer sells his bale of cotton for \$100.00, and we buy it back in suits of clothes for \$1,000.00. Same old cotton except the looks, design, color, wage, transportation, rent, storage, interest, commission, profits and taxes—many kinds of them. Like the bale of cotton, the abstract, too, must bear its myriad of operating costs but well worth it as it is the basis of your title security and your protection against fraud.

BRIEFLY TOLD

Luther Edwards, employe of J. C. Penney company, is visiting relatives at Seagraves, Tex., while on vacation. He plans to visit Carlsbad Cavern and other points of interest while away.

Miss Dorothy Pfimmer planned to leave today for her home at Borger after spending the past two weeks here with her aunt and uncle Mr. and Mrs. H. N. Lyle.

Miss Azilee Morris accompanied her cousin Miss Florine Phillips, who has been her guest here, on her return to Odessa this week. She will remain there for two weeks in the home of her uncle and aunt Mr. and Mrs. Dee Phillips.

Corp. J. W. Stevens of Fort Knox, Ky., accompanied by Mrs. Stevens and their baby, arrived here this week for a visit with his grandmother Mrs. W. J. Tickner.

Mr. and Mrs. Marvin Frazier and children of Brownwood visited in the home of her parents Mr. and Mrs. G. C. Flaherty over the past weekend.

James Walker, formerly of Cisco but now of Abilene, was in Cisco today and said he had joined the navy and would leave tonight.

Mrs. M. M. Tabor enjoyed spend-the-day visits of several relatives at her home in Humbletown Wednesday. Among them were Mr. Tabor's mother Mrs. Cora Tabor and his sisters Mrs. Jewell Swanzy and Miss Annabel Tabor of Clyde. The group was joined in the early afternoon by his aunt Mrs. R. M. Brummett and her daughter Mrs. Algie Skiles.

Sgt. John Cummins flew to Cisco Wednesday to visit his parents Mr. and Mrs. L. F. Mendenhall and his brother Jimmy Cummins, while on leave from Denver, Colo., air field. He will spend some time with them and is hoping to be joined by his brother Corp. Bill Cummins of Fampa.

Mr. and Mrs. E. D. Lavender announce the marriage of their daughter Margie to Dennis Music, July 21. The couple will reside in Abilene.

R. N. Chuck is in Austin where he is spending a few days transacting public school business.

Lieut. Fred Mitcham and wife of Wichita Falls are guests here of his parents Mr. and Mrs. G. P. Mitcham and family.

Mrs. G. C. Flaherty was in receipt of word today from Mr. Flaherty who is employed at Vallejo, Calif., in which he said he was called to Los Angeles by the illness of their daughter Miss Pauline Flaherty, who was to undergo appendectomy Tuesday. Miss Flaherty is well known in Cisco where she grew to young womanhood. She has recently been employed by Douglas Aircraft corporation.

Mrs. Daskam Stephens arrived from Williamsburg, Va., Tuesday for a visit with her husband's parents Mr. and Mrs. Mack Stephens while enroute to the west coast to meet her husband, Ensign Stephens.

Lieut. A. Q. Plummer of Liberal, Kan., and Miss Ronald Twentier of Wickett, were recent guests here of their sister and husband Mr. and Mrs. C. C. Crenshaw.

Miss Fairy Lynn Huddleston, daughter of Mr. and Mrs. Glen Huddleston, sustained a badly sprained ankle Tuesday evening which has kept her at home for several days.

Loyal women's class of First Christian church will meet at the church Friday evening at 7 o'clock and go to Lake Cisco for a picnic.

Mrs. Blake Stephens, Mrs. Daskam Stephens and Mrs. Richard Donovan are spending today in Fort Worth.

Mrs. C. W. Guthrie went to Dallas Wednesday to accompany her daughter Miss Bettie Jean Guthrie and her friend Miss Nita Hayes of San Angelo to Cisco. The young ladies are cadet nurses at Baylor hospital.

Rev. Rudolph Weiser came in from Eola the first of the week for a visit with his parents Mr. and Mrs. C. A. Weiser of the Lutheran community. He will be joined here by Weiser and their children who have been visiting her parents in St. Louis.

Mrs. James Moore and son Richard and Mrs. Edward Lee spent Tuesday in Dallas.

Mrs. J. S. Stockard left today for a visit in Houston with her son and wife Mr. and Mrs. Walter Stockard and little daughters Sue and Jan.

Corp. Bill Stevens, accompanied by Mrs. Stevens and their young daughter, have returned to Joplin, Mo., where Stevens is stationed at Camp Crowder. While here they were guests of his parents Mr. and Mrs. C. C. Greenhaw.

Mr. and Mrs. Harold Farquhar and daughters returned to Big Spring today after Mrs. Farquhar and children had spent the past month with their parents Mr. and Mrs. C. A. Farquhar and J. T. Scott.

IMPROVING STROKES—Blind Marines pull on oars as they polish up strokes for regatta with Army veterans on Schuylkill River in Philadelphia. From left are Thomas McQuaid, Buffalo, N. Y.; John Fullerton, Ironton, O.; Leon Houston, Richmond, Va.; Melvin Sharp, Westfield, Pa.; Jack Adams, Fort Pierce, Fla., and George Little, Concord, N. C. All are at Philadelphia Hospital.

Mrs. B. B. Longacre of Fort Worth and son, Seaman Longacre of San Diego, Calif., are visiting her parents Mr. and Mrs. M. R. Surles and other relatives.

Pfc. Roy Hock has returned to Loraine after visiting his sisters Mrs. John Hart of Eastland and Mrs. Myrtice Turner of Cisco. Mrs. Hart and daughter Mrs.

Turner visited with Mrs. Turner Wednesday.

Mrs. J. M. Hooks of Abilene visited relatives in Cisco Wednesday.

GILLETTE HEADS LEAGUE. WASHINGTON, Aug. 2.—Guy M. Gillette, newly appointed president of the American League for

a Free Palestine, asks that the United Nations recognize as a member nation the Hebrews of Europe and Palestine. Appointment of Gillette, former Iowa senator and surplus property board chairman, as president of the league and chief political advisor to the Hebrew Committee of National Liberation was announced earlier Wednesday. He will receive a \$10,000 annual salary.

Home Nursing Hints

THIS CHIMP'S NO CHUMP—Even during present shortage, Peter the Great, puffs his daily cigaret after snack at Washington, D.C., zoo. Furthermore monk also gets a light from keeper Roy Jackson. Not just any smoke will do, for Pete has his favorite brand. He doesn't try to roll his own.

During wartime, many homemakers find that they often have to double as "nurses" when a member of the family is ill but unable to be hospitalized. Homemakers, like professional nurses, have discovered that porcelain enameled utensils for the sick room offer "hospital cleanliness" when sanitation is of the utmost importance.

PAPER SHORTAGE HITS HOME

Drastic Cuts Will Affect Everybody

NO PAPER TOWELS, NAPKINS OR FACIAL TISSUES — that's what your grocer may report to you one of these days soon. And you may have to carry your order unwrapped, your books and publications may be thinner, some paper articles may be gone from the market — all kinds of paper that you're used to may seem much more scarce than today.

Here's why. Essential military paper and paperboard requirements have made it necessary for the War Production Board to cut the use of woodpulp by 82,000 tons for the second quarter of 1945.

MILITARY NEEDS COME FIRST — NATURALLY — because our fighting men must have the essential wrappings for medicines, food, and other vital supplies. Ammunition boxes, shell cases, blood plasma containers — *by the million* — are made of paper.

Even *more* paper may be needed as the war turns to the Pacific. Troops in Europe must continue to be supplied. And goods shipped to the Pacific areas must be double and even triple-wrapped with heavy waterproofed paper to survive the hazardous sea trip, dry rot, dampness, and often poor warehousing.

How to Help Get More Paper Yourself

To avoid further drastic cuts in civilian paper allotments, everyone should turn in waste paper. Waste paper, once reprocessed, is war paper. Paper shipped overseas doesn't come back. But paper for home use can be used again.

Help the American Legion in their campaign to gather your paper each week and each month. Save all kinds of cardboard in separate bundles from your ordinary newsprint. Magazines should be in still separate packages.
